## Accountant's Compilation Report

To the Board of Commissioners  
Duralde Gravity Drainage District No. 4  
of Evangeline Parish, Louisiana  
Ville Platte, Louisiana

Management is responsible for the accompanying financial statements of the governmental activities of the Duralde Gravity Drainage District No. 4 of Evangeline Parish, Louisiana, a component unit of the Evangeline Parish Police Jury, as of and for the year ended December 31, 2022, which collectively comprise the District's basic financial statements as listed in the table of contents, in accordance with accounting principles generally accepted in the United States of America. I have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the American Institute of Certified Public Accountants. I did not audit or review the financial statements nor was I required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, I do not express an opinion, a conclusion, nor provide any form of assurance on these financial statements.

Management did not adopt the provisions of GASB Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments* for the year ended December 31, 2022. The effects of this departure from generally accepted accounting principles have not been determined.

Management has elected to omit substantially all of the disclosures required by accounting principles generally accepted in the United States of America. If the omitted disclosures were included in the financial statements, they might influence the user's conclusions about the District's financial position, results of operations, and cash flows. Accordingly, these financial statements are not designed for those who are not informed about such matters.

Accounting principles generally accepted in the United States of America require that the accompanying schedule of per diem and expenses paid to board members and the schedule of compensation, benefits, and other payments to the agency head, political subdivision head, or chief executive officer on page 5 through page 6 be presented to supplement the basic financial statements. Such information is presented for purposes of additional analysis and, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Such information is the responsibility of management. The required supplementary information was subject to my compilation engagement. I have not audited or reviewed the required supplementary information and do not express an opinion, a conclusion, nor provide any assurance on such information.

I am not independent with respect to Duralde Gravity Drainage District No. 4.

Michael W. Johnson
