INDEPENDENT ACCOUNTANTS' REVIEW REPORT

The Board of Commissioners
Webster Parish Fire Protection District No. 7
Dixie Inn, Louisiana

We have reviewed the accompanying financial statements of the governmental activities and the major fund of the Webster Parish Fire Protection District No. 7, a component unit of the Webster Parish Policy Jury, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents. A review includes primarily applying analytical procedures to management's financial data and making inquiries of management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

Accountant's Responsibility

Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the American Institute of Certified Public Accountants, and the standards applicable to review engagements contained in *Government Auditing Standards*, issued by the United States Comptroller General. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

We are required to be independent of the Webster Parish Fire Protection District No. 7, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our review.

Accountant's Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

Supplementary Information

The accompanying Schedule of Compensation Paid Board Members and Schedule of Compensation, Benefits, and Other Payments to Agency Head are presented for purposes of additional analysis and are not a required part of the basic financial statements. This information is the representation of management. We have reviewed the information and, based on our review, we are not aware of any material modifications that should be made to the information in order for it to be in accordance with accounting principles generally accepted in the United States of America. We have not audited the supplementary information and, accordingly, do not express an opinion on such information.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the following supplementary information on page 23 be presented to supplement the basic financial statements:

Budgetary Comparison Schedule

Such information, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board who consider it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. This information is the responsibility of management. We have reviewed the information and, based on our review, we are not aware of any material modifications that should be made to the information in order for it to be in accordance with accounting principles generally accepted in the United States of America. We have not audited the information, and accordingly, do not express an opinion on such information.

Management has omitted the Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of the financial reporting for placing the basic statements in an appropriate operational, economic, or historical context.

Reconciliation of the Statement of Revenues, Expenditures, and
Changes in Fund Balance of the Governmental Fund to the
Statement of Activities

For the Year Ended June 30, 2022

Amounts reported for governmental activities in the Statement of Activities are different because:

Net Change in Fund Balance, Governmental Fund (Statement E)	\$	29,426
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the net amount of additions \$4,500 and depreciation (\$118,680).		(114,180)
Revenues in the Statement of Activities that do not provide current resources and are not reported as revenues in the fund financial statements		7,019

Interest expense in the Statement of Activities differs from the amount reported in governmental funds because interest is recognized as an expenditure in the funds when it is due, and requires use of current financial resources. In the Statement of Activities, interest expense is recognized as interest is due, regardless of when paid.		<u>1,518</u>

INTRODUCTION

The Webster Parish Fire Protection District No. 7 (the District) was created by resolution of the Webster Parish Police Jury in 1988. The District began collecting ad valorem taxes in January 1990. The District board consists of five members. Two members are appointed by the Webster Parish Police Jury, two members are appointed by the Village of Dixie Inn and the fifth member is appointed by the other four members and is the chairman of the District.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements of the District are prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The significant accounting policies used by the District are discussed below.

A. Reporting Entity

Governmental Accounting Standards Board (GASB) established criteria for determining the governmental reporting entity and component units which should be included within the reporting entity. Under the provisions of this statement, the District is considered a component unit of the Webster Parish Police Jury. The police jury is financially accountable for the District because it appoints a voting majority of the board and has the ability to impose its will on them.

The District has no component units for which the District is financially accountable.

The accompanying financial statements present information only on the funds maintained by the District and do not present information on the police jury, the general government services provided by that governmental unit, or the other governmental units that comprise that financial reporting entity.

B. Basic Financial Statements

The District's basic financial statements include both government-wide (reporting the District as a whole) and fund financial statements (reporting the District's major fund). Both the government-wide and fund financial statements categorize primary activities as either governmental or business-type. The District's General fund is classified as governmental activities. The District has no business-type activities.

Government-wide Financial Statements

The government-wide financial statements (i.e. the Statement of Net Position and the Statement of Activities) report information on all the nonfiduciary activities of the District. In the

WEBSTER PARISH FIRE PROTECTION DISTRICT No. 7
Dixie Inn, Louisiana

Notes to Financial Statements
As of and for the year ended June 30, 2022

government-wide Statement of Net Position, the governmental activities column is presented on a consolidated basis by column and is reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations.

The government-wide Statement of Activities reports both the gross and net cost of each of the district's functions. The functions are supported by general government revenues (property taxes and intergovernmental revenues such as fire insurance rebates). The Statement of Activities reduces gross expenses (including depreciation) by any related program revenues, operating and capital grants, which must be directly associated with the public safety function.

Program revenues Program revenues included in the Statement of Activities include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Allocation of indirect expenses The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Depreciation expense is specifically identified by function and is included in the direct expense of each function. Interest on long-term debt is considered an indirect expense and is reported separately on the Statement of Activities.

The government wide focus is more on the sustainability of the District as an entity and the change in the District's net position resulting from the current year's activities.

Separate financial statements are provided for governmental funds. The major individual governmental fund, which is the General fund, is reported in the fund financial statements.

Fund Financial Statements

The financial transactions of the District are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund equity, revenues and expenditures/expenses. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

The emphasis in fund financial statements is on the major funds in the governmental and business-type activities categories. Nonmajor funds by category are summarized into a single column.

The District only uses governmental fund types.

WEBSTER PARISH FIRE PROTECTION DISTRICT No. 7
Dixie Inn, Louisiana

Notes to Financial Statements
As of and for the year ended June 30, 2022

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The District reports the following governmental fund:

- General fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

The District's General fund was determined to be a major fund.

C. Basis of Accounting

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

1. Accrual

The governmental activities in the government-wide financial statements are presented on the accrual basis of accounting. Property taxes are reported in the period for which levied. Other nonexchange revenues, including intergovernmental revenues and grants, are reported when all eligibility requirements have been met. Fees and charges and other revenues are recognized when earned, and expenses are recognized when incurred.

2. Modified Accrual

The governmental fund financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 30 days of the end of the current fiscal period. Expenditures are recorded when a liability is incurred, as under accrual accounting. Exceptions to this general rule include principal and interest on general obligation long-term debt, which are recognized when due and payable.

Revenues

- Ad valorem taxes (property) are recorded in the year they are assessed. Property taxes are assessed on a calendar-year basis and become due on the date November 15 of each year and become delinquent on December 31. The taxes are normally collected in December of the current year and January and February of the ensuing year.

WEBSTER PARISH FIRE PROTECTION DISTRICT No. 7
Dixie Inn, Louisiana

Notes to Financial Statements
As of and for the year ended June 30, 2022

Property taxes and interest associated with the current fiscal period are all considered susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessment receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when the government receives cash.

D. Cash and investments

Cash includes amounts in demand deposits, interest-bearing demand deposits, and money market accounts. Cash equivalents include amounts in time deposits and those investments with original maturities of 90 days or less. Under state law, the district may deposit funds in demand deposits, interest-bearing demand deposits, and money market accounts with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

Under state law, the District may invest in United States bonds, treasury notes, or certificates. These are classified as investments if their original maturities exceed 90 days; however, if the original maturities are 90 days or less, they are classified as cash equivalents.

The District has no investments.

E. Receivables

Receivables consist of all revenue earned at year-end and not yet received. Major receivable balances for the governmental activities are property taxes and fire insurance rebate passed through from the Parish.

F. Capital assets

Capital assets, which include property, plant and equipment, are reported in the governmental activities in the government-wide financial statements. Capital assets are capitalized at historical cost or estimated cost if historical cost is not available. Donated assets are recorded as capital assets at acquisition value at the date of donation. The District maintains a threshold level of \$2,500 or more for capitalizing capital assets. Major outlays for capital assets and improvements are capitalized as projects are constructed.

The costs of normal maintenance and repairs that do not add to the value of fixed assets or materially extend useful lives are not capitalized.

WEBSTER PARISH FIRE PROTECTION DISTRICT No. 7
Dixie Inn, Louisiana

Notes to Financial Statements
As of and for the year ended June 30, 2022

All capital assets, other than land, are depreciated using the straight-line method over the following useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Buildings and improvements	40 years
Machinery and equipment	10 years
Vehicles	5-15 years

G. Long-Term Obligations

In the government-wide financial statements, long-term debt is reported as liabilities in the governmental activities Statement of Net Position. Bond premium and discounts are deferred and amortized over the life of the bonds using the straight-line method.

Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed as incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures. Payment of principal and interest are reported as debt service expenditures.

H. Restricted net position

For the government-wide Statement of Net Position, net position is reported as restricted if either of the following conditions exists:

- Restrictions are externally imposed by creditors (such as debt covenants), grantors, contributors, or laws or regulations of other governments;
- Restrictions are imposed by law through constitutional provision or enabling legislation.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources when expenses are incurred for purpose for which both restricted and unrestricted net position are available.

WEBSTER PARISH FIRE PROTECTION DISTRICT No. 7
Dixie Inn, Louisiana

Notes to Financial Statements
As of and for the year ended June 30, 2022

I. Fund Equity of Fund Financial Statements

The following classifications describe the relative strength of the spending constraints placed on the purposes for which the resources can be used. In the fund financial statements, fund balances are classified as follows:

- a. Nonspendable fund balance - amounts that are not in a spendable form or legally or contractually required to be maintained intact. This category includes items that are not easily converted to cash such as inventories.
- b. Restricted fund balance - amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.
- c. Committed fund balance - amounts constrained to specific purposes determined by the Board of Commissioners, the District's highest level of decision-making authority, to be reported as committed, amounts cannot be used for any other purpose unless the District takes the same highest-level action to remove or change the constraint. The Board establishes (and modified or rescinds) fund balance commitments by passage of an ordinance or resolution.
- d. Assigned fund balance - amounts that the District intends to use for a specific purpose, intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority. The District's policy does not address assignment of fund balance. Assigned fund balance is established by Board of Commissioners through adoption or amendment of the budget as intended for specific purpose.
- e. Unassigned fund balance - amounts that are available for any purpose, positive amounts are reported only in the General fund. The District has not adopted a policy to maintain the General fund's unassigned fund balance above a certain minimum level.

The District reduces committed amounts, followed by assigned amounts, and then unassigned amounts when an expenditure is incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used. The District considers restricted amounts to have been spent when an expenditure has incurred for purposes for which both restricted and unrestricted fund balance are available.

J. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues,

WEBSTER PARISH FIRE PROTECTION DISTRICT No. 7
Dixie Inn, Louisiana

Notes to Financial Statements
As of and for the year ended June 30, 2022

expenditures, and expenses during the reporting period. Actual results could differ from those estimates.

K. Deferred Outflows of Resources and Deferred Inflows of Resources

In addition to assets, the financial statements will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The District has no items that qualify for reporting in this category.

In addition to liabilities, financial statements will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will be recognized as an inflow of resources (revenue) until then. The District has one item that qualifies for reporting in this category. The governmental funds balance sheet reports unavailable revenues from amounts which are deferred and will be recognized as an inflow of resources in the period in which the amounts become available.

2. BUDGETS

The District uses the following budget practices:

- a) The District prepares a proposed budget and submits it to the Board of Commissioners in May prior to the beginning of each fiscal year.
- b) A summary of the proposed budget is presented and the public notified that the proposed budget is available for public inspection (if required). At the same time, a public hearing is called.
- c) A public meeting is held on the proposed budget as noted in the public meeting postings.
- d) After the holding of the public meeting and completion of all action necessary to finalize and implement the budget, the budget is adopted by the Board of Commissioners prior to the commencement of the fiscal year for which the budget is being adopted.
- e) Budgetary amendments involving the transfer of funds from one department, program or function to another as a result of expenditures exceeding budgeted amounts and revenues lower than budgeted amounts require the approval of the board of commissioners.
- f) Budgetary appropriations lapse at the end of the fiscal year.
- g) The budget for the General fund was adopted on a cash basis.

WEBSTER PARISH FIRE PROTECTION DISTRICT No. 7
Dixie Inn, Louisiana

Notes to Financial Statements
As of and for the year ended June 30, 2022

The following individual funds had an excess of expenditures over appropriations:

<u>Fund</u>	<u>Budget</u>	<u>Actual</u>	<u>Variance</u>
General fund	\$ 271,200	\$ 282,384	\$ (11,184)

3. CASH AND CASH EQUIVALENTS

At June 30, 2022, the District had cash and cash equivalents (book balances) totaling \$467,059.

These deposits are stated at cost, which approximates market. Under state law, these bank balances must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of pledged securities plus the federal deposit insurance must always at least equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

At June 30, 2022, the District has \$468,195 in collected bank balances. The deposits are secured from risk by \$260,165 of federal deposit insurance and \$293,373 of pledged securities held by the custodial bank in the name of the fiscal agent bank (GASB Category 3).

Even though pledged securities are considered uncollateralized (Category 3) under the provisions of GASB statement No. 3, Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the district that the fiscal agent has failed to pay deposited funds upon demand.

The District's policy does not address custodial credit risk.

4. LEVIED TAXES

The District levies tax on all property subject to taxation in the District. The total taxable assessed value was \$14,729,634 in calendar year 2021. The following is a summary of authorized and levied ad valorem taxes:

	2021 Levied <u>Millage</u>	Expiration <u>Date</u>
Bond	4.50	2023
Operations and maintenance	15.21	2028

6. RESTRICTED FUND BALANCE

At June 30, 2022, the District recognized restricted fund balance of \$28,393, representing the bank balance of an account used to hold amounts set aside monthly to pay the District's annual bond obligation.

7. ACCOUNTS AND OTHER PAYABLES

The District had accounts payables of \$3,158 at June 30, 2022.

BONDS PAYABLE

On March 21, 2014, the District issued \$600,000 of 10-year general obligation bonds. Principal of the bonds is payable at the principal corporate trust office of Sabine State Bank & Trust Company. Interest on the Bond is payable semiannually on March 1st and September 1st of each year, commencing September 1, 2014, by check mailed to the registered owner. Interest is variable between .35% and 3.5%. The Bond is in varying denominations.

The General Obligation Bonds, Series 2014 bonds are secured by and payable from unlimited *ad valorem* taxation. The Bonds are being issued for the purpose of acquiring, constructing and improving buildings, machinery and equipment, including both real and personal property, title to which shall be in the public, to be used in giving fire protection to the property in the Issuer, said bond having been authorized at an election held on November 16, 2013.

Total interest expense paid on long-term debt as of June 30, 2022 was \$9,368. The annual requirements to amortize bonds outstanding as of June 30, 2022, including interest payments of \$13,363, are as follows:

Year ending	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
<u>June 30</u>

9. CONTINGENT LIABILITIES

At June 30, 2022, there was no litigation pending against the District.

10. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District attempts to minimize risk from significant losses through the purchase of insurance.

11. TAX ABATEMENTS

The State of Louisiana offers several programs that provide tax abatements within the City including the Industrial Tax Exemption Program (ITEP). Louisiana's ITEP has a ten-year industrial exemption law that provides any manufacturing establishment entering Louisiana, or any manufacturing establishment expanding its Louisiana facilities is eligible to receive exemption on buildings and equipment from state, parish and local property taxes for a period of ten years. The exemption is for the "contract" value of buildings or equipment used by the business. When the exemption expires, the property is to be placed on the tax roll at 15% of its current market value. The amount of tax abatement under this program during the fiscal year ended June 30, 2022 by authorized millage is as follows:

<u>Tax code</u>	<u>Millage</u>	<u>Assessed value lost to ITEP</u>	<u>Estimated tax \$ lost to ITEP</u>
General corporate purposes	15.21 mills	424,619	\$ 6,458
Bond	4.50 mills	424,619	<u>1,911</u>
Total			<u>\$ 8,369</u>

12. SUBSEQUENT EVENTS

Subsequent events have been evaluated through December 31, 2022. This date represents the date the financial statements were available to be issued.

13. PRIOR PERIOD ADJUSTMENT

The government-wide and fund financial statements include a prior period adjustment to recognize a receivable for fire insurance rebate proceeds of \$8,225 that was not reported in the prior year. The fund financials were corrected to recognize the receivable of \$8,225 for the fire insurance rebate and reducing the fund balance by \$6,606, for the amount of prior year ad valorem revenue which was not available to cover current expenditures.

Net position:

Net position, as originally stated	\$ 1,061,862

14. NEW GASB STANDARDS

GASB Statement No. 87 – Leases. This statement addresses financial reporting for leases by governments. This statement increases the usefulness of governments' financial statements by requiring recognition of certain leased assets and liabilities for leases that were classified as operating leases and recognized as inflows/outflows of resources based on the payment provision of the contract. It establishes a single model for lease accounting based on the foundation principle that leases are financings of the right to use an underlying asset. The implementation of the standard had no effect on the District's financial statements.

The District had no leases to be recognized as of the implementation of *GASB Statement No. 87*.

**INDEPENDENT ACCOUNTANTS' REPORT
ON APPLYING AGREED-UPON PROCEDURES**

To the Webster Parish Fire Protection District No. 7
and the Louisiana Legislative Auditor

We have performed the procedures enumerated below on the District's compliance with certain laws and regulations contained in the accompanying Louisiana Attestation Questionnaire during the fiscal year ended June 30, 2022, as required by Louisiana Revised Statute 24:513 and the *Louisiana Governmental Audit Guide*. The District's management is responsible for its financial records and compliance with applicable laws and regulations.

The District has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is to perform specified procedures on the District's compliance with the laws and regulations contained in the accompanying Louisiana Attestation Questionnaire during the fiscal year ended June 30, 2022. Additionally, the Louisiana Legislative Auditor has agreed to and acknowledged that the procedures performed are appropriate for its purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are as follows:

Public Bid Law

1. Obtain documentation for all expenditures made during the year for material and supplies exceeding \$30,000, and public works exceeding \$250,000. Compare the documentation for these expenditures to Louisiana Revised Statute (R.S.) 39:1551-39:1755 (the state procurement code) or R.S. 38:2211-2296 (the public bid law), whichever is applicable; and report whether the expenditures were made in accordance with these laws.

For the year ended June 30, 2022, we noted no expenditures exceeding \$30,000 for materials and supplies or for public works exceeding the public works limit in effect during the fiscal year.

Code of Ethics for Public Officials and Public Employees

2. Obtain a list of the immediate family members of each board member as defined by R.S. 42:1101-1124 (the ethics law).

Management provided us with the requested information.

3. Obtain a list of all employees paid during the fiscal year.

This procedure does not apply since the District has no employees.

4. Report whether any employees' names appear on both lists obtained in Procedures 2 and 3.

This procedure does not apply since the District has no employees.

5. Obtain a list of all disbursements made during the year; and a list of all outside business interests of board members' and employees and board members' and employees' immediate families. Report whether any vendors appear on both lists.

Management provided the requested information. None of the businesses of the board members, and board members' immediate families appeared as vendors on the list of disbursements.

Budgeting

6. Obtain a copy of the legally adopted budget and all amendments.

Management provided us with a copy of the original and amended budget for June 30, 2022.

7. Trace documentation for the adoption of the budget and approval of any amendments to the minute book, and report whether there are any exceptions.

We traced adoption of the original and amended budget to documentation in the minutes of the meetings of the District's board held on July 29, 2021 and June, 23, 2022 respectively.

Exception: *The original budget was not adopted before the fiscal year began. The original and amended budget did not include budgeted fund balance.*

Management response: *Management has not been instructed previously to include budgeted fund balance in our yearly adopted budget, only revenues and expenditures. This will be corrected with the current budget and will do so going forward. Management will also make sure future budgets are adopted before the fiscal year begins.*

8. Compare the revenues and expenditures of the final budget to actual revenues and expenditures. Report whether actual revenues failed to meet budgeted revenues by 5% or more, and whether actual expenditures exceeded budgeted amounts by 5% or more.

No exceptions noted

Accounting and Reporting

9. Obtain the list of all disbursements made during the fiscal year. Randomly select six disbursements, and obtain documentation from management for these disbursements. Compare the selected disbursements to the supporting documentation, and:

- (a) Report whether the six disbursements agree to the amount and the payee in the supporting documentation.

Each of the six selected disbursements agreed to the amount and the payee in the supporting documentation.

- (b) Report whether the six disbursements were coded to the correct fund and general ledger account.

Each of the six selected disbursements were coded to the correct fund and general ledger account.

- (c) Report whether the six disbursements were approved in accordance with management's policies and procedures.

Four of the six selected disbursements were approved in accordance with management's policies and procedures.

Exception: *One of the six disbursements was not approved in accordance with management's policies and procedure.*

Management's response: *Management was unable to locate the documentation for approval of disbursement as we only retain hard copies for the current year with the exception of minutes and agendas.*

Meetings

10. Obtain evidence from management to support that agenda for meetings recorded in the minute book were posted or advertised as required by R.S. 42:11 through 42:28 (the open meetings law); and report whether there are any exceptions.

Management represented that the District is only required to post a notice of each meeting and the accompanying agenda on the door of the District's office building. Although management has asserted that such documents were properly posted, no evidence was provided to support management's assertion other than copies of the notices and agendas.

Debt

11. Obtain bank deposit slips for the fiscal year and scan the deposit slips in order to identify and report whether there are any deposits that appear to be proceeds of bank loans, bonds, or like indebtedness. If any such proceeds are identified, obtain from management evidence of approval by the State Bond Commission, and report any exceptions.

We scanned copies of all bank deposit slips for the fiscal year, and noted no deposits, which appeared to be proceeds of bank loans, bonds, or like indebtedness.

Advances and Bonuses

12. Obtain the list of payroll disbursements and meeting minutes of the governing board, if applicable. Scan these documents to identify and report whether there are any payments or approval of payments to employees that may constitute bonuses, advances, or gifts.

This procedure does not apply since the District has no employees.

State Audit Law

13. Report whether the agency provided for a timely report in accordance with R.S. 24:513.

The District provided for a timely report in accordance with R.S. 24:513.

14. Inquire of management and report whether the agency entered into any contracts that utilized state funds as defined in R.S. 39:72.1 A. (2); and that were subject to the public bid law (R.S. 38:2211, et seq.), while the agency was not in compliance with R.S. 24:513 (the audit law).

The District did not enter into any contracts that utilized state funds and were subject to public bid law. This procedure does not apply since the agency is in compliance with R.S. 24:513 (the audit law).

Prior-Year Comments

15. Obtain and report management's representation as to whether any prior-year suggestions, exceptions, recommendations, and/or comments have been resolved.

Our prior year report, dated March 29, 2022 included two exceptions related to budget. One of those comments was not resolved for procedures performed for the year ended June 30, 2022.

We were engaged by the District to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants, and the standards applicable to attestation engagements contained in Government Auditing Standards, issued by the United States Comptroller General. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on the District's compliance with the foregoing matters. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely to describe the scope of testing performed on the District's compliance with certain laws and regulations contained in the accompanying Louisiana Attestation Questionnaire, as required by Louisiana Revised Statute 24:513 and the Louisiana Governmental Audit Guide, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Louisiana Legislative Auditor as a public document.
