INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of
Downtown Lafayette Economic Development District
Lafayette, Louisiana

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities and the major fund, of the Downtown Lafayette Economic Development District (District), a component unit of Lafayette City-Parish Consolidated Government, as of and for the year ended October 31, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major fund, of the District, as of October 31, 2022, and the respective changes in financial position, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the budgetary comparison information on page 17 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated April 28, 2023 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

DOWNTOWN LAFAYETTE ECONOMIC DEVELOPMENT DISTRICT
Lafayette, Louisiana

Notes to Basic Financial Statements

INTRODUCTION

The Downtown Lafayette Economic Development District (District) is a political subdivision of the State of Louisiana created under Louisiana Revised Statute 33:9038.31-42. The governing authority of the District is the Lafayette City Council. The District was created out of the City's desire to acquire, design, development, and construction of various multi-phased projects designed to encourage economic development, eliminate blighted and vacant property, increase the number of hotel rooms available, generate revenues for infrastructure and other necessary capital expenditures, stimulate job creation by enhancing the feasibility of private sector projects that help to achieve the community's economic goals, and catalyze development in target areas where it might not be otherwise economically feasible, primarily through focusing on projects in the areas of development, rehabilitation, infrastructure improvements, recreations, and beautification on property located within the District.

The economic development district is empowered to levy up to five (5) mills of ad valorem taxes, up to two (2%) percent of sales and use taxes, or up to two (2%) percent of hotel occupancy taxes, or any combination of such taxes, above an in addition to any other ad valorem taxes, sales and use taxes, or hotel occupancy taxes or combination of such taxes, then in existence or permitted to be in existence within the boundaries of such economic development district.

The accounting and reporting policies of the District conform to accounting principles generally accepted in the United States of America as applicable to governments. Such accounting and reporting procedures also conform to the requirements of the industry audit guide, *Audits of State and Local Governmental Units*.

(1) Summary of Significant Accounting Policies

A. Reporting Entity

For financial reporting purposes, the District includes all funds, account groups, and component units, which are controlled by or dependent on the Downtown Lafayette Economic Development District. Control by or dependence on the District was determined on the basis of budget adoption, taxing authority, authority to issue debt, election or appointment of governing body, or other general oversight responsibility. As the Lafayette City-Parish Consolidated Government is the governing body of the District, the District is considered to be a component unit of the Lafayette City-Parish Consolidated Government. At October 31, 2022, there were no entities that met the criteria to be considered a component unit of the District.

B. Basis of Presentation

The accompanying basic financial statements of the District have been prepared in conformity with governmental accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

DOWNTOWN LAFAYETTE ECONOMIC DEVELOPMENT DISTRICT
Lafayette, Louisiana

Notes to Basic Financial Statements (Continued)

Government-Wide Financial Statements (GWFS)

The statement of net position and the statement of activities display information about the District as a whole. These statements include all the financial activities of the District. Information contained in these statements reflects the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets, deferred outflows of resources, liabilities, and deferred inflows of resources resulting from exchange or exchange-like transactions are recognized when the exchange occurs (regardless of when cash is received or disbursed). Revenues, expenses, gains, losses, assets, deferred outflows of resources, liabilities, and deferred inflows of resources resulting from nonexchange transactions are recognized in accordance with professional standards.

The statement of activities presents a comparison between direct expenses and program revenues for the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees and charges paid by the recipients of services offered by the District, and (b) grants and contributions that are restricted to meeting the operational or capital requirement of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements (FFS)

The accounts of the District are organized and operated on the basis of funds. A fund is an independent fiscal and accounting entity with a separate set of self-balancing accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements. The funds of the District are described below:

Governmental Fund –

General Fund – This fund is the primary operating fund of the District and it accounts for the operations of the District. The General Fund is available for any purpose provided it is expended or transferred in accordance with state and federal laws and internal policy.

C. Measurement Focus/Basis of Accounting

The amounts reflected in the governmental funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balance reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach is then reconciled, through adjustment, to a government-wide view of operations.

DOWNTOWN LAFAYETTE ECONOMIC DEVELOPMENT DISTRICT
Lafayette, Louisiana

Notes to Basic Financial Statements (Continued)

The amounts reflected in the governmental funds use the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). Measurable means the amount of the transaction can be determined and available means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The District considers all revenues available if they are collected within 60 days after the fiscal year end. Sales taxes are considered as "measurable" when in the hands of the sales tax collector and are recognized as revenue at that time. Expenditures are recorded when the related fund liability is incurred, except for interest and principal payments on general long-term debt which is recognized when due, and certain compensated absences and claims and judgments which are recognized when the obligations are expected to be liquidated with expendable available financial resources. When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

D. Cash and Interest-Bearing Deposits

Cash and interest-bearing deposits include amounts in demand deposits and interest-bearing demand deposits. They are stated at cost.

E. Equity Classifications

In the government-wide statements, equity is classified as net position and displayed in three components:

1. Net investment in capital assets – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets.
2. Restricted net position – Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation. Restricted net position is restricted assets reduced by liabilities and deferred inflows of resources related to the restricted assets.
3. Unrestricted net position – All other net position that do not meet the definition of "restricted" or "net investment in capital assets."

In the fund financial statements, governmental fund equity is classified as fund balance. As such, fund balance of the governmental fund is classified as follows:

1. Nonspendable – amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

DOWNTOWN LAFAYETTE ECONOMIC DEVELOPMENT DISTRICT
Lafayette, Louisiana

Notes to Basic Financial Statements (Continued)

2. Restricted – amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.
3. Committed – amounts that can be used only for specific purposes determined by a formal decision of the District, which is the highest level of decision-making authority.
4. Assigned – amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. Under the District's adopted policy, only the District may assign amounts for specified purposes.
5. Unassigned – all other spendable amounts.

When an expenditure is incurred for the purposes for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the District has provided otherwise in its commitment or assignment actions.

F. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenditures, and expenses during the reporting period. Actual results could differ from those estimates.

G. Budgets

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In accordance with the Budget Act of the State of Louisiana, the District prepares an operating budget for the General Fund at least fifteen days prior to the commencement of the budgetary year-end. The operating budget includes proposed expenditures and the means of financing them for the upcoming year.
2. A summary of the proposed budget is published and the public notified that the proposed budget is available for public inspection.
3. A public hearing is held on the proposed budget at least ten days after publication of the call for the hearing.

DOWNTOWN LAFAYETTE ECONOMIC DEVELOPMENT DISTRICT
Lafayette, Louisiana

Notes to Basic Financial Statements (Continued)

4. After the holding of the public hearing and completion of all action necessary to finalize and implement the budget, the budget is legally adopted prior to the commencement of the fiscal year for which the budget is being adopted.
5. All budgetary appropriations lapse at the end of each fiscal year.
6. The budget for the General Fund is adopted on a basis consistent with generally accepted accounting principles (GAAP). Budgeted amounts are as originally adopted or as finally amended by the District. Such amendments were not material in relation to the original appropriations.

(2) Cash and Interest-Bearing Deposits

Under state law, the District may deposit funds within a fiscal agent bank organized under the laws of the State of Louisiana, the laws of any other state in the Union, or the laws of the United States. The District may invest in certificates and time deposits of state banks organized under Louisiana law and national banks having principal offices in Louisiana. At October 31, 2022, the District has interest-bearing deposits (book balances) totaling \$1,142,324.

These deposits are stated at cost, which approximates market. Under state law, these deposits, (or the resulting bank balances) must be secured by federal deposit insurance or similar federal security or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent bank. These securities are held in the name of the District or the pledging fiscal agent bank by a holding or custodial bank that is mutually acceptable to both parties. Deposit balances (bank balances) at October 31, 2022, are secured as follows:

Bank balances	<u>\$1,142,324</u>
Federal deposit insurance	\$1,142,324
Pledged securities	<u>-</u>
Total	<u>\$1,142,324</u>

There were no deposits that were exposed to custodial credit risk. The District does not have a policy for custodial credit risk.

(3) Schedule of Compensation, Benefits and Other Payments to Agency Head

There were no compensation, benefits, or other payments to Glenn Lazard, Chairman.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors of
Downtown Lafayette Economic Development District
Lafayette, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and the major fund of the Downtown Lafayette Economic Development District (District), a component unit of Lafayette City-Parish Consolidated Government, as of and for the year ended October 31, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated April 28, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

Downtown Lafayette Economic Development District
and the Louisiana Legislative Auditor

We have performed the procedures enumerated below on the control and compliance (C/C) areas identified in the Louisiana Legislative Auditor's (LLA's) Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period November 1, 2021 through October 31, 2022. The Downtown Lafayette Economic Development District's management is responsible for those C/C areas identified in the SAUPs.

The Downtown Lafayette Economic Development District (District) has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is to perform specified procedures on the C/C areas identified in LLA's SAUPs for the fiscal period November 1, 2021 through October 31, 2022. Additionally, LLA has agreed to and acknowledged that the procedures performed are appropriate for its purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are as follows:

Written Policies and Procedures

1. Obtain and inspect the entity's written policies and procedures and observe that they address each of the following categories and subcategories if applicable to public funds and the entity's operations:
 - a) **Budgeting**, including preparing, adopting, monitoring, and amending the budget.
 - b) **Purchasing**, including (1) how purchases are initiated; (2) how vendors are added to the vendor list; (3) the preparation and approval process of purchase requisitions and purchase orders; (4) controls to ensure compliance with the Public Bid Law; and (5) documentation required to be maintained for all bids and price quotes.
 - c) **Disbursements**, including processing, reviewing, and approving.
 - d) **Receipts/Collections**, including receiving, recording, and preparing deposits. Also, policies and procedures should include management's actions to determine the completeness of all collections for each type of revenue or agency fund additions (e.g. periodic confirmation with outside parties, reconciliation to utility billing after cutoff procedures, reconciliation of traffic ticket number sequences, agency fund forfeiture monies confirmation).

- e) **Payroll/Personnel**, including (1) payroll processing, (2) reviewing and approving time and attendance records, including leave and overtime worked, and (3) approval process for employee(s) rate of pay or approval and maintenance of pay rate schedules.
- f) **Contracting**, including (1) types of services requiring written contracts, (2) standard terms and conditions, (3) legal review, (4) approval process, and (5) monitoring process.
- g) **Credit Cards (and debit cards, fuel cards, P-Cards, if applicable)**, including (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers of statements, and (5) monitoring card usage (e.g., determining the reasonableness of fuel card purchases).
- h) **Travel and expense reimbursement**, including (1) allowable expenses, (2) dollar thresholds by category of expense, (3) documentation requirements, and (4) required approvers.
- i) **Ethics**, including (1) the prohibitions as defined in Louisiana Revised Statute 42:1111-1121, (2) actions to be taken if an ethics violation takes place, (3) system to monitor possible ethics violations, and (4) a requirement that documentation is maintained to demonstrate that all employees and officials were notified of any changes to the entity's ethics policy.
- j) **Debt Service**, including (1) debt issuance approval, (2) continuing disclosure/EMMA reporting requirements, (3) debt reserve requirements, and (4) debt service requirements.
- k) **Information Technology Disaster Recovery/Business Continuity**, including (1) identification of critical data and frequency of data backups, (2) storage of backups in separate physical location isolated from the network, (3) periodic testing/verification that backups can be restored, (4) use of antivirus software on all systems, (5) timely application of all available system and software patches/updates, and (6) identification of personnel, processes, and tools needed to recover operations after a critical event.
- l) **Sexual Harassment**, including R.S. 42:342-344 requirements for (1) agency responsibilities and prohibitions, (2) annual employee training, and (3) annual reporting.

Board or Finance Committee

- 2. Obtain and inspect the board/finance committee minutes for the fiscal period, as well as the board's enabling legislation, charter, bylaws, or equivalent document in effect during the fiscal period, and:
 - a) Observe that the board/finance committee met with a quorum at least monthly, or on a frequency in accordance with the board's enabling legislation, charter, bylaws, or other equivalent document.
 - b) Observe that the minutes referenced or included monthly budget-to-actual comparisons on the General Fund, quarterly budget-to-actual, at a minimum, on proprietary funds, and semi-annual budget-to-actual, at a minimum, on all special revenue funds.
 - c) Obtain the prior year audit report and observed the unassigned fund balance in the General Fund. If the General Fund had a negative ending unassigned fund balance in the prior year audit report, observe that the minutes for at least one meeting during the fiscal period referenced or included a formal plan to eliminate the negative unrestricted fund balance in the General Fund.

Bank Reconciliations

3. Obtain a listing of the entity's bank accounts for the fiscal period from management and management's representation that the listing is complete. Ask management to identify the entity's main operating account. Select the entity's main operating account and randomly select 4 additional accounts (or all accounts if less than 5). Randomly select one month from the fiscal period, obtain and inspect the corresponding bank statement and reconciliation for selected accounts, and observe that:
 - a) Bank reconciliations included evidence that they were prepared within 2 months of the related statement closing date (e.g., initialed and dated, electronically logged);
 - b) Bank reconciliations included evidence that a member of management/board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation (e.g., initialed and dated, electronically logged); and
 - c) Management has documentation reflecting that it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date, if applicable.

Collections (excluding electronic fund transfers)

4. Obtain a listing of deposit sites for the fiscal period where deposits for cash/checks/money orders (cash) are prepared and management's representation that the listing is complete. Randomly select 5 deposit sites (or all deposit sites if less than 5).
5. For each deposit site selected, obtain a listing of collection locations and management's representation that the listing is complete. Randomly select one collection location for each deposit site (i.e. 5 collection locations for 5 deposit sites), obtain and inspect written policies and procedures relating to employee job duties (if no written policies or procedures, inquired of employees about their job duties) at each collection location, and observe that job duties are properly segregated at each collection location such that:
 - a) Employees that are responsible for cash collections do not share cash drawers/registers.
 - b) Each employee responsible for collecting cash is not responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g. pre-numbered receipts) to the deposit.
 - c) Each employee responsible for collecting cash is not responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit.
 - d) The employee(s) responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or agency fund additions are not responsible for collecting cash, unless another employee verifies the reconciliation.
6. Obtain from management a copy of the bond or insurance policy for theft covering all employees who have access to cash. Observe the bond or insurance policy for theft was enforced during the fiscal period.
7. Randomly select two deposit dates for each of the 5 bank accounts selected for procedure #3 under "Bank Reconciliations" above (selected the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly selected a deposit if multiple deposits are made on the same day). *Alternately, the practitioner may use a source document other than bank statements when selecting the deposit dates for testing, such as a cash collection log, daily revenue report, receipt book, etc.* Obtain supporting documentation for each of the 10 deposits and:
 - a) Observe that receipts are sequentially pre-numbered.

- b) Trace sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip.
- c) Trace the deposit slip total to the actual deposit per the bank statement.
- d) Observe that the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100 and the cash is stored securely in a locked safe or drawer).
- e) Trace the actual deposit per the bank statement to the general ledger.

Non-Payroll Disbursements (excluding card purchases/payments, travel reimbursements, and petty cash purchases)

- 8. Obtain a listing of locations that process payments for the fiscal period and management's representation that the listing was complete. Randomly select 5 locations (or all locations if less than 5).
- 9. For each location selected under #8 above, obtain a listing of those employees involved with non-payroll purchasing and payment functions. Obtain written policies and procedures relating to employee job duties (if the agency has no written policies and procedures, inquire of employees about their job duties), and observe that job duties are properly segregated such that:
 - a) At least two employees are involved in initiating a purchase request, approving a purchase, and placing an order/making the purchase.
 - b) At least two employees are involved in processing and approving payments to vendors.
 - c) The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files.
 - d) Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments.
- 10. For each location selected under #8 above, obtain the entity's non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtain management's representation that the population is complete. Randomly selected 5 disbursements for each location, obtain supporting documentation for each transaction and:
 - a) Observe whether the disbursement matched the related original itemized invoice and supporting documentation indicates deliverables included on the invoice were received by the entity.
 - b) Observe that the disbursement documentation includes evidence (e.g., initial/date, electronic logging) of segregation of duties tested under #9, as applicable.

Credit Cards/Debit Cards/Fuel Cards/P-Cards

- 11. Obtain from management a listing of all active credit cards, bank debit cards, fuel cards, and P-cards (cards) for the fiscal period, including the card numbers and the names of the persons who maintained possession of the cards. Obtain management's representation that the listing is complete.
- 12. Using the listing prepared by management, randomly select 5 cards (or all cards if less than 5) that were used during the fiscal period. Randomly select one monthly statement or combined statement for each card (for a debit card, we randomly selected one monthly bank statement), obtain supporting documentation, and:

- a) Observe that there is evidence that the monthly statement or combined statement and supporting documentation (e.g., original receipts for credit/debit card purchases, exception reports for excessive fuel card usage) was reviewed and approved, in writing (or electronically approved), by someone other than the authorized card holder.
 - b) Observe that finance charges and late fees were not assessed on the selected statements.
13. Using the monthly statements or combined statements selected under #12 above, excluding fuel cards, randomly select 10 transactions (or all transactions if less than 10) from each statement, and obtain supporting documentation for the transactions (i.e. each card should have 10 transactions subject to testing). For each transaction, observe that it is supported by (1) an original itemized receipt that identifies precisely what was purchased, (2) written documentation of the business/public purpose, and (3) documentation of the individuals participating in meals (for meal charges only). For missing receipts, describe the nature of the transaction and note whether management had a compensating control to address missing receipts, such as a "missing receipt statement" that is subject to increased scrutiny.

Travel and Travel-Related Expense Reimbursements (excluding card transactions)

14. Obtain from management a listing of all travel and travel-related expense reimbursements during the fiscal period and management's representation that the listing or general ledger is complete. Randomly select 5 reimbursements, obtain the related expense reimbursement forms/prepaid expense documentation of each selected reimbursement, as well as the supporting documentation. For each of the 5 reimbursements selected:
- a) If reimbursed using a per diem, we observed the approved reimbursement rate is no more than those rates established either by the State of Louisiana or the U.S. General Services Administration (www.gsa.gov).
 - b) If reimbursed using actual costs, observe that the reimbursement is supported by an original itemized receipt that identifies precisely what was purchased.
 - c) Observe that each reimbursement is supported by documentation of the business/public purpose (for meal charges, observe that the documentation includes the names of those individuals participating) and other documentation required by written policy (procedure #1h).
 - d) Observe that each reimbursement was reviewed and approved, in writing, by someone other than the person receiving reimbursement.

Contracts

15. Obtain from management a listing of all agreements/contracts for professional services, materials and supplies, leases, and construction activities that were initiated or renewed during the fiscal period. *Alternately, the practitioner may use an equivalent selection source, such as an active vendor list.* Obtain management's representation that the listing is complete. Randomly select 5 contracts (or all contracts if less than 5) from the listing, excluding the practitioner's contract, and:
- a) Observe that the contract was bid in accordance with the Louisiana Public Bid Law (e.g., solicited quotes or bids, advertised), if required by law.
 - b) Observe that the contract was approved by the governing body/board, if required by policy or law (e.g., Lawrason Act, Home Rule Charter).

- c) If the contract was amended (e.g., change order), observe that the original contract terms provided for such an amendment and that amendments were made in compliance with the contract terms (e.g., if approval is required for any amendment, was approval documented).
- d) Randomly select one payment from the fiscal period for each of the 5 contracts, obtain the supporting invoice, agree the invoice to the contract terms, and observe that the invoice and related payment agreed to the terms and conditions of the contract.

Payroll and Personnel

- 16. Obtain a listing of employees/elected officials employed during the fiscal period and management's representation that the listing is complete. Randomly select 5 employees/officials, obtain related paid salaries and personnel files, and we agree paid salaries to authorized salaries/pay rates in the personnel files.
- 17. Randomly select one pay period during the fiscal period. For the 5 employees/officials selected under #16 above, obtain attendance records and leave documentation for the pay period, and:
 - a) Observe that all selected employees/officials documented their daily attendance and leave (e.g., vacation, sick, compensatory). (Note: Generally, an elected official is not eligible to earn leave and does not document his/her attendance and leave. However, if the elected official is earning leave according to policy and/or contract, the official should document his/her daily attendance and leave.)
 - b) Observe that supervisors approved the attendance and leave of the selected employees/officials.
 - c) Observe that any leave accrued or taken during the pay period is reflected in the entity's cumulative leave records.
 - d) Observe the rate paid to the employees or officials agree to the authorized salary/pay rate found within the personnel file.
- 18. Obtain a listing of those employees/officials that received termination payments during the fiscal period and management's representation that the list is complete. Randomly select two employees/officials, obtain related documentation of the hours and pay rates used in management's termination payment calculations and the entity's policy on termination payments. Agree the hours to the employee or officials' cumulate leave records, agree the pay rates to the employee/officials' authorized pay rates in the employee or officials' personnel files, and agree the termination payment to entity policy.
- 19. Obtain management's representation that employer and employee portions of third-party payroll related amounts (e.g., payroll taxes, retirement contributions, health insurance premiums, garnishments, workers' compensation premiums, etc.) have been paid, and any associated forms have been filed, by required deadlines.

Ethics

- 20. Using the 5 randomly selected employees/officials from procedure #16 under "Payroll and Personnel" above, obtain ethics documentation from management, and:
 - a) Observe that the documentation demonstrates each employee/official completed one hour of ethics training during the fiscal period.
 - b) Observe whether the entity maintains documentation which demonstrates each employee and official were notified of any changes to the entity's ethics policy during the fiscal period, as applicable.

Debt Service

21. Obtain a listing of bonds/notes and other debt instruments issued during the fiscal period and management's representation that the listing is complete. Select all debt instruments on the listing, obtain supporting documentation, and observe State Bond Commission approval was obtained for each debt instrument issued.
22. Obtain a listing of bonds/notes outstanding at the end of the fiscal period and management's representation that the listing is complete. Randomly select one bond/note, inspected debt covenants, obtained supporting documentation for the reserve balance and payments, and agreed actual reserve balances and payments to those required by debt covenants (including contingency funds, short-lived asset funds, or other funds required by the debt covenants).

Fraud Notice

23. Obtain a listing of misappropriations of public funds and assets during the fiscal period and management's representation that the listing was complete. Select all misappropriations on the listing, obtain supporting documentation, and observe that the entity reported the misappropriation(s) to the legislative auditor and the district attorney of the parish in which the entity is domiciled.
24. Observe that the entity has posted on its premises and website, the notice required by R.S. 24:523.1 concerning the reporting of misappropriation, fraud, waste, or abuse of public funds.

Information Technology Disaster Recovery/Business Continuity

25. Perform the following procedures, verbally discussed the results with management, and reported "We performed the procedure and discussed the results with management."
 - a) Obtain and inspect the entity's most recent documentation that it has backed up its critical data (if no written documentation, inquire of personnel responsible for backing up critical data) and observe that such backup occurred within the past week. If backups are stored on a physical medium (e.g., tapes, CDs), observe evidence that backups are encrypted before being transported.

We performed the procedure and discussed the results with management.
 - b) Obtain and inspect the entity's most recent documentation that it has tested/verified that its backups can be restored (if no written documentation, inquire of personnel responsible for testing/verifying backup restoration) and observe evidence that the test/verification was successfully performed within the past 3 months.

We performed the procedure and discussed the results with management.
 - c) Obtain a listing of the entity's computers currently in use and their related locations, and management's representation that the listing is complete. Randomly select 5 computers and observe while management demonstrates that the selected computers have current and active antivirus software and that the operating system and accounting system software in use are currently supported by the vendor.

We performed the procedure and discussed the results with management.

Sexual Harassment

26. Using the 5 randomly selected employees/officials from procedure #16 under "Payroll and Personnel" above, obtain sexual harassment training documentation from management, and observe the documentation demonstrates each employee/official completed at least one hour of sexual harassment training during the calendar year. Observe the entity has posted its sexual harassment policy and complaint procedure on its website (or in a conspicuous location on the entity's premises if the entity does not have a website).
27. Observe the entity has posted its sexual harassment policy and complaint procedure on its website (or in a conspicuous location on the entity's premises if the entity does not have a website).
28. Obtain the entity's annual sexual harassment report for the current fiscal period, observe that the report was dated on or before February 1, and observe it includes the applicable requirements of R.S. 42:344:
 - a) Number and percentage of public servants in the agency who have completed the training requirements;
 - b) Number of sexual harassment complaints received by the agency;
 - c) Number of complaints which resulted in a finding that sexual harassment occurred;
 - d) Number of complaints in which the finding of sexual harassment resulted in discipline or corrective action; and
 - e) Amount of time it took to resolve each complaint.

Exceptions:

No exceptions were found as a result of applying the procedures listed above except:

Written Policies and Procedures

1. The District's written policies and procedures do not address the following: (a) Preparing, adopting, monitoring, and amending the budget; (b) Initiating purchases, adding vendors, preparing and approving purchase requisitions and purchase orders, controls to ensure compliance with public bid law, and documentation requirements; (c) Processing, reviewing, and approving disbursements; (d) Receiving, recording, and preparing deposits, management's actions to determine completeness of all collections; (e) Payroll processing, reviewing and approving time and attendance records, including leave and overtime worked, and approval process for employee(s) rate of pay or approval and maintenance of pay rate schedules; (f) Types of services requiring written contracts, standard terms and conditions, legal review, approval and monitoring process for contracts; (g) How credit cards are to be controlled, allowable business uses, documentation requirements, required approvers of statements, and monitoring card usage. (h) Travel allowable expenses, dollar thresholds by category, documentation requirements and required approvers. (i) Ethics including the prohibitions as defined in Louisiana Revised Statute (R.S) 42:1111-1121, actions to be taken if ethics violations take place, system to monitor possible ethics violations, and a requirement that documentation is maintained to demonstrate that all employees and officials were notified of any changes to the entity's ethics policy. (j) Debt service continuing disclosure requirements, reserve requirements, and debt service requirements. (k) Information technology disaster recovery/business continuity including identification of critical data and frequency of data backups, storage of backups in a separate physical location isolated from the network, periodic testing/verification that backups can be restored, use of antivirus software on all systems, timely application of all available system and software patches/updates and identification of personnel, processes and tools needed to recover operations after a critical event. (l) Sexual harassment including R.S. 42:342-344 requirements for agency responsibilities and prohibitions, annual employee training and annual reporting.

Management's response:

The District will adopt written policies and procedures to include the required information for the exceptions noted.

We were engaged by the District to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent from the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.
