Management is responsible for the accompanying financial statements of the **SEVENTH DISTRICT VOLUNTEER FIRE DEPARTMENT** (a nonprofit organization) (Department), which comprise the statement of financial position - cash basis as of December 31, 2023, the related statement of activities - cash basis, and the statement of functional expenses - cash basis for the year then ended, in accordance with the cash basis of accounting, and for determining that the cash basis of accounting is an acceptable financial reporting framework. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statements nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on these financial statements.

Management has elected to omit substantially all disclosures and the statement of cash flows required by accounting principles generally accepted in the United States. If the omitted disclosures and statement of cash flows were included in the financial statements, they might influence the user's conclusions about the Department's financial position, changes in net assets, and cash flows. Accordingly, the financial statements are not designed for those who are not informed about such matters.

The supplementary information contained in Schedule 1 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management. The supplementary information was subject to our compilation engagement. We have not audited or reviewed the supplementary information and, accordingly, do not express an opinion, a conclusion, nor provide any form of assurance on such supplementary information.
