The Honorable Patrick Page Cortez,
President of the Senate
The Honorable Clay Schexnayder,
Speaker of the House of Representatives

Dear Senator Cortez and Representative Schexnayder:

This informational report provides the results of our analysis of the state's capital outlay budget for the fiscal year ending June 30, 2024, as contained in Act 465 of 2023 (House Bill 2). This report is intended to provide timely information related to an area of interest to the legislature or based on a legislative request. I hope this report will benefit you in your legislative decision-making process.

We would like to express our appreciation to the Office of Facility Planning and Control, State Bond Commission, and House and Senate fiscal staffs for their assistance during this project.

Respectfully submitted,

Michael J. "Mike" Waguespack, CPA

Capital Outlay Budget for the Fiscal Year Ending June 30, 2024

September 2023

Audit Control # 42240001

Overview

This report provides the results of our analysis of the state's capital outlay budget for fiscal year 2024 provided in Act 465 (House Bill 2) of the 2023 Regular Session. Overall, capital outlay funding in Act 465, net of line-item vetoes, totaled \$11.6 billion across all means of finance. The largest source of funding was general obligation bonds, which accounted for \$7.7 billion of capital outlay funding. The largest recipient of funding was state government entities, which were appropriated \$8.4 billion. Exhibit 1 provides an overview of funding by means of finance and type of recipient.

The data contained in this report are also available as a Tableau dashboard that can be accessed using the following link:

Lines of Credit

For projects receiving appropriations of general obligation bond proceeds (Priority 1, 2, and 5), the enactment of this appropriation in the capital outlay act is not the last step needed for the project to receive capital outlay funding. General obligation bond appropriations are not funded until they receive lines of credit. Lines of credit must be approved by the State Bond Commission before recipient entities can let contracts and pay project expenses from their general obligation bond appropriations. There are two types of lines of credit:

- **Cash lines of credit** allow the recipient entity to spend appropriated funds in the current fiscal year. Cash lines of credit are generally only granted for Priority 1 and Priority 2 appropriations.

- **Non-cash lines of credit** enable the recipient entity to let construction contracts that will not require cash expenditures during the current fiscal year. Non-cash lines of credit are generally only granted for Priority 5 appropriations.

Lines of credit are not granted automatically, and Act 465 of 2023 limits the amount that the State Bond Commission can approve in cash lines of credit in fiscal year 2023-24 to \$1,451,887,938. Since the Act 465 appropriated \$1,734,570,408 in Priority 1 general obligation bond funds, this means that not all Priority 1 appropriations can be funded with cash lines of credit in fiscal year 2023-24. Exhibit 2 below shows the amount of cash and non-cash lines of credit approved as of August 17, 2023, in comparison to the amounts of Priority 1, 2 and 5 funding appropriated in Act 465.

Priority 2	\$101,741,000	Cash	\$0	
Priority 5	\$5,878,095,597	Non-cash	\$2,653,243,809	No limit on non-cash lines of credit
Grand Total	\$7,714,407,005	Cash and Non-cash	\$3,672,911,839	
Note: Act 465 did not appropriate general obligation bonds at the Priority 3 or 4 levels. Source: Prepared by legislative auditor's staff using information from Act 465 (HB 2) of 2023, the State Bond Commission, and the Office of Facility Planning and Control.				

Appendix A contains definitions of terms used throughout this report, and Appendix B contains detailed appropriation and line of credit amounts by recipient entity, project, and means of financing. APPENDIX A: DEFINITIONS

BDS Number. An identification number assigned to each project included in the capital outlay bill. The same project may have a different BDS number from one year to the next.

General Obligation Bonds. Bonds or other evidences of indebtedness secured by the full faith and credit of the state, payable from the state Bond Security and Redemption Fund.

Line of Credit. An approval for funding by the State Bond Commission to a capital outlay recipient agency for a specific project and dollar amount. Lines of credit come in two forms:

- **Cash Line of Credit.** This allows the capital outlay recipient agency to spend appropriated funds in the current fiscal year. Cash lines of credit are generally only granted for Priority 1 and Priority 2 appropriations. See also Louisiana Administrative Code 71:III.103(P).
- **Non-Cash Line of Credit.** This allows the capital outlay recipient agency to let contracts that will not require spending of appropriated funds during the current fiscal year. Non-cash lines of credit are generally only granted for Priority 5 appropriations.

Null Projects. Projects that were deemed null by the Division of Administration because they did not fully submit a capital outlay request by June 15, 2023. For FY 2024, the two projects deemed null were:

- 50/MT8, Turkey Creek, Elevated Water Tank at Leisure Lane and Connecting Water Main, Planning and Construction, \$2,125,000 total (see pp. B.485-486).
- 50/N41, East Baton Rouge Metropolitan Airport, Wildlife Hazard Mitigation, Planning, Environmental, Design, and Phases I and II, Planning and Construction, \$2,313,000 total (see p. B.523-524).

Priority 1, 2, and 5. General Obligation Bond funding appropriated in the Capital Outlay Act (Act 465 of 2023, or House Bill 2). No Priority 3 or 4 funds were appropriated in FY 2024.

State Bond Commission. 14-member panel comprised of 13 elected executive and legislative officials serving ex-officio or their designees, as well as the Commissioner of Administration. Commission approval is required for all state and local bond issuances in Louisiana, and for the authorization of lines of credit for capital outlay projects with appropriations of general obligation bonds.

APPENDIX B: FISCAL YEAR 2024 CAPITAL OUTLAY APPROPRIATIONS AND LINES OF CREDIT AUTHORIZED AS OF AUGUST 17, 2023

Note: The following information is also available as a Tableau dashboard using the following link: <https://LLA.La.gov/go/CapitalOutlayDashboard>

Additional Note: Lines of credit refer to cash lines of credit for priority 1 and priority 2 appropriations, and non-cash lines of credit for priority 5 appropriations. BDS numbers are shown in parentheses next to each project title.
