Why We Conducted This Audit

We conducted a financial statement audit of the Drinking Water Revolving Loan Fund (DWRLF) as of and for the year ended June 30, 2022, to determine whether the financial statements are fairly stated. We also conducted procedures as required by the Environmental Protection Agency to determine state compliance with its grants.

What We Found

- DWRLF's financial statements, as adjusted, are fairly presented, and we found no weaknesses or instances of noncompliance that require reporting in the DWRLF report.
- Net position increased by approximately \$11.9 million, from \$326 million in FY 2021 to \$337.9 million in fiscal year 2022.
