FINANCIAL SECTION

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors,
Louisiana National Guard Foundation and Subsidiaries,
New Orleans, Louisiana.

Opinion

We have audited the accompanying consolidated financial statements of Louisiana National Guard Foundation and Subsidiaries (the "Organization") which comprise the consolidated statements of financial position as of June 30, 2022 and 2021, and the related consolidated statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Louisiana National Guard Foundation and Subsidiaries as of June 30, 2022 and 2021, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Organization and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern within one year after the date that the consolidated financial statements are available to be issued.

Auditor's Responsibilities for the Audits of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern for a reasonable period of time.

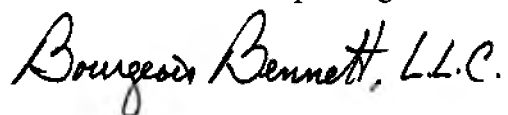

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The supplementary information in Schedule 1 is presented for purposes of additional analysis, as required by Louisiana Revised Statute 24:513(A)(3) and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. Such information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information in Schedule 1 is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report, dated November 9, 2022, on our consideration of the Organization's internal control over financial reporting and on our test of its compliance with certain provisions of laws, regulations, contracts and grant agreement, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control over financial reporting and compliance.

Certified Public Accountants.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**Louisiana National Guard Foundation and Subsidiaries**
New Orleans, Louisiana

June 30, 2022 and 2021

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**a. Organization**

The Louisiana National Guard Foundation and Subsidiaries is a 501(c)(3) non-profit corporation incorporated on November 15, 2016 under the laws of the State of Louisiana. The mission of the Louisiana National Guard Foundation and Subsidiaries and its wholly owned subsidiaries (LANG Foundation - Camp Minden, LLC; LANG Foundation - Camp Minden Rail, LLC; LANG Foundation - Camp Villere, LLC; LANG Foundation - Esler Field, LLC; LANG Foundation - Family Resiliency and Social Welfare, LLC; LANG Foundation - Gillis W. Long Center, LLC; LANG Foundation - Jackson Barracks, LLC, LANG Foundation - Range Program, LLC; LANG Foundation - Solar Power, LLC; LANG Foundation - Solar Power AFRC, LLC; LANG Foundation - Solar Power Chennault, LLC; LANG Foundation - Solar Power Gillis Long, LLC; and LANG Foundation - Solar Power Hammond, LLC) (collectively, the "Organization") is to exclusively support the educational programs and the museums of the Louisiana National Guard as well as the Louisiana National Guard's mission, its members, veterans and their families.

In order to increase the Military Department of Louisiana's (LMD) capabilities to accomplish its mission, LMD has a Billeting Program (the "Program") for transient housing for soldiers, airmen, employees and other first responders at its major installations (Camp Beauregard, Camp Minden, Jackson Barracks, and the Gillis W. Long Center). In February of 2017, the LMD and the Organization entered into a cooperative endeavor agreement to operate and maintain the Program.

b. Principles of Consolidation

The accompanying consolidated financial statements include the accounts of the Louisiana National Guard Foundation and its wholly owned subsidiaries (LANG Foundation - Camp Minden, LLC; LANG Foundation - Camp Minden Rail, LLC; LANG Foundation - Camp Villere, LLC; LANG Foundation - Esler Field, LLC; LANG Foundation - Family Resiliency and Social Welfare, LLC; LANG Foundation - Gillis W. Long Center, LLC; LANG Foundation - Jackson Barracks, LLC, LANG Foundation - Range Program, LLC; LANG Foundation - Solar Power, LLC; LANG

b. Principles of Consolidation (Continued)

Foundation - Solar Power AFRC, LLC; LANG Foundation - Solar Power Chennault, LLC; LANG Foundation - Solar Power Gillis Long, LLC; and LANG Foundation - Solar Power Hammond, LLC). All significant intercompany balances and transactions have been eliminated in consolidation.

c. Basis of Accounting

The financial statements of the Organization are prepared on the accrual basis of accounting, and accordingly, reflect all significant receivables, payables, and other liabilities.

d. Basis of Presentation

The Organization reports information regarding financial position and activities according to two classes of net assets: net assets without donor restrictions and net assets with donor restrictions, based on donor stipulations and restrictions placed on contributions, if any. Accordingly, net assets of the Organization and changes therein are classified and reported as follows:

Net Assets without Donor Restrictions - Support, revenue, and expenses for general operations. Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Organization. These net assets may be used at the discretion of the Organization's management and board of directors.

Net Assets with Donor Restrictions - Contributions and grants specifically authorized by the grantor or donor to be used for a certain purpose, to benefit a specific accounting period or are to be held in perpetuity by the Organization.

Donor restricted contributions are reported as increase in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the Consolidated Statements of Activities.

e. Use of Estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

f. Cash and Cash Equivalents

The Organization considers all highly liquid investments with an initial maturity of three months or less, excluding those to be held for long term purposes and reported as investments, to be cash equivalents. Cash equivalents set aside for long term purposes as of June 30, 2022 and 2021 were \$638,998 and \$917,879, respectively, and are included in investments in the Consolidated Statements of Financial Position.

g. Accounts Receivable

Accounts receivable consists primarily of unsecured amounts due from various customers. Management closely monitors outstanding receivable and estimates an allowance for uncollectible receivables based on prior experience. Balances that are determined to be uncollectible are written off. All accounts are considered fully collectible by management. Accordingly, no provision for doubtful accounts is considered necessary.

h. Notes Receivable

Notes receivables are recorded at their outstanding balance, net of any allowance for doubtful accounts, if determined necessary.

i. Allowance for Doubtful Accounts

An allowance for doubtful accounts is estimated based on management's analysis of other receivables. As of June 30, 2022 and 2021, the allowance for doubtful accounts was \$75,000, and is included in Burn System receivable, net on the Consolidated Statements of Financial Position.

j. Investments

Investments are valued at their fair values in the Consolidated Statements of Financial Position. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements. Donated securities are recorded at their fair value at the date of donation. Purchases and sales of securities are recorded on a trade-date basis. Unrealized gains and losses on investments recorded at fair value are included in the Consolidated Statements of Activities as increases or decreases in net assets without donor restrictions unless their use is restricted by explicit donor stipulations or by law.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

k. Property and Equipment

The Organization has adopted a policy of capitalizing all expenditures for depreciable assets where the unit cost exceeds \$5,000. Property and equipment are recorded at cost. Donated property is recorded at its fair market value at the date of donation. Repairs and maintenance are charged to expense as incurred; major renewals and replacements and betterments are capitalized. Depreciation is computed using the straight-line method over the estimated useful life of each asset which range from three to five years.

l. Burn System Receivable

The Burn System receivable is recorded at the outstanding balance, net of the allowance of \$75,000.

m. Revenue Recognition

Revenues from Exchange Transactions: The Organization recognizes revenue in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) No. 2014-09, "Revenues from Contracts with Customers", as amended. ASU No. 2014-09 applies to exchange transactions with customers and donors that are bound by contracts or similar arrangements and establishes a performance obligation approach to revenue recognition. The Organization records the following exchange transaction revenue in its Consolidated Statements of Activities for the years ended June 30, 2022 and 2021:

Billeting Revenue

The Organization recognizes billeting revenue at the time the service is performed. The performance obligations are generally satisfied over time. Revenue from room sales is recorded on a daily basis, as the rooms are occupied.

n. Contributions

Contributions are recorded as assets with donor restrictions or assets without donor restrictions, depending on the existence or nature of any donor restrictions. Support that is restricted by a donor is reported as an increase in net assets with donor restrictions, depending on the nature of the restrictions. When a restriction expires (that is, when a stipulated time restriction ends or a purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the Consolidated Statements of Activities as net assets released from restrictions. Donor restricted contributions whose restrictions are met in the same reporting periods are reported as unrestricted support.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

n. Contributions (Continued)

Donated marketable securities and other non-cash donations are recorded as contributions at their estimated fair values at the date of donation. There were no donated marketable securities or other non-cash donations for the years ended June 30, 2022 and 2021.

o. Contributed Services

Members of the Organization's board of directors have made significant contributions of their time to assist in the Organization's operations and related charitable programs. The value of this contributed time is not recorded in these consolidated financial statements as it does not meet the criteria for recognition.

p. Methods Used for Allocation of Expenses

The costs of providing various programs and other activities have been summarized on a functional basis in the Consolidated Statements of Activities and are reconciled to the natural classifications in the Consolidated Statements of Functional Expenses. Costs are charged directly to the appropriate program or functional area. Certain costs which benefit more than one functional area have been allocated to the Organization's programs or supporting services benefited. Such allocations are determined by management on an equitable basis as estimated by management.

q. Income Taxes

The Organization is a nonprofit corporation organized under the laws of the State of Louisiana. It is exempt from Federal income tax under Section 501(c)(3) of the Internal Revenue Code.

Accounting standards provide detailed guidance for financial statement recognition, measurement, and disclosure of uncertain tax positions recognized in an entity's financial statements. These standards require an entity to recognize the financial statement impact of a tax position when it is more likely than not that the position will not be sustained upon examination. As of June 30, 2022, management of the Organization believes that it has no uncertain tax positions that qualify for either recognition or disclosure in the consolidated financial statements. Tax years ending June 30, 2019 and later remain subject to examination by the taxing authorities.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

r. Recently Issued Accounting Standards

Leases

In February 2016, the FASB issued ASU No. 2016-02, "*Leases*" (Topic 842). ASU No. 2016-02 requires that a lease liability and related right-of-use-asset representing the lessee's right to use or control the asset be recorded on the Consolidated Statement of Financial Position upon the commencement of all leases except for short-term leases. Leases will be classified as either finance leases or operating leases, which are substantially similar to the classification criteria for distinguishing between capital leases and operating in existing lease accounting guidance. As a result, the effect of leases in the Consolidated Statements of Activities and the Consolidated Statements of Cash Flows will be substantially unchanged from the existing lease accounting guidance. The ASU No. 2016-02 is effective for fiscal years beginning after December 15, 2021. Early adoption is permitted. The Organization is currently evaluating the full impact that the adoption of this standard will have on the consolidated financial statements.

Lease Discount Rate

In November 2021, The FASB issued ASU No. 2021-09, "*Leases*" (Topic 842) "*Lease Discount Rate for Lessees That Are Not Public Business Entities*" currently provides lessees that are not public business entities with a practical expedient that allows them to elect, as an accounting policy, to use a risk-free rate as the discount rate for all leases. The amendments in this update allow those lessees to make the risk-free rate election by class of underlying asset, rather than at the entity-wide level. An entity that makes the risk-free rate election is required to disclose which asset classes it has elected to apply a risk-free rate. The amendments require that when the rate implicit in the lease is readily determinable for any individual lease, the lessee use that rate (rather than a risk-free rate or an incremental borrowing rate), regardless of whether it has made the risk-free rate election. Entities that have not yet adopted Topic 842 are required to adopt the amendments in this update at the same time that they adopt Topic 842.

Contributed Nonfinancial Assets

In September 2020, the FASB issued ASU No. 2020-07, "*Not-For-Profit Entities*" (Topic 958) "*Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets*" the amendments in this update apply to nonprofit organizations that receive contributed nonfinancial assets. Contribution revenue may be presented in the financial statements using different terms (for example, gifts, donations, grants, gifts-in-kind, donated services, or other terms). The amendments address presentation

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

r. Recently Issued Accounting Standards (Continued)

Contributed Nonfinancial Assets (Continued)

and disclosure of contributed nonfinancial assets. The term nonfinancial asset includes property and equipment (such as land, buildings, and equipment), use of property and equipment or utilities, materials and supplies, intangible assets, services, and unconditional promises of those assets. The ASU is effective for fiscal years beginning after June 15, 2022. The Organization is currently evaluating the effect that the adoption of this standard will have on its consolidated financial statements.

s. Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through November 9, 2022, which is the date the consolidated financial statements were available to be issued.

Note 2 - CONCENTRATION OF CREDIT RISK

The Organization maintains its cash balances with several financial institutions where the balances are insured by Federal Deposit Insurance Corporation up to \$250,000. As of June 30, 2022, cash deposits in excess of Federal Deposit Insurance Corporation limits approximated \$317,000.

Note 3 - NOTE RECEIVABLE

In conjunction with the Burn System, the Organization received a note receivable with a face amount of \$100,000 bearing interest at 6% (see Note 8). The note was originally to be paid to the Organization in full with accrued interest in March 2021. During the year ended June 30, 2021, the maturity date of the note receivable was extended to March 22, 2023. All unpaid principal and interest is due on that date. During the year ended June 30, 2022, \$6,000 of interest was accrued but was not received by the Organization related to the note receivable. This amount is included in accrued interest on the Consolidated Statement of Financial Position as of June 30, 2022. During the year ended June 30, 2021, 12,000 of accrued interest was received by the Organization related to the note receivable.

Note 5 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Note 5 - FAIR VALUE MEASUREMENTS (Continued)

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Organization has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Asset-backed securities, collateralized mortgage obligations, corporate fixed income, government sponsored enterprise fixed income, mortgage-backed securities, preferred securities, real estate investment trusts/tangibles - Valued by independent pricing vendors used by the custodians of the investments. The pricing vendor uses various pricing models for each asset class that are consistent with what other market participants would use. The inputs and assumptions to the models used by the pricing vendors are derived from market-observable sources, including benchmark yields, reported trades, broker/dealer quotes, and other market-related data. Since many of these fixed income securities do not trade on a daily basis, the methodology of the pricing vendor uses available information, including benchmark curves, benchmarking of like securities, and matrix pricing. These investments are included in level 2 of the fair value hierarchy.

Certificates of Deposit: Valued at the closing price as reported by the issuer. These are included in level 1 of the fair value hierarchy.

Note 5 - FAIR VALUE MEASUREMENTS (Continued)

Money market funds and exchange-traded funds: Valued at quoted market prices, which represent the net asset value per unit. These are included in level 1 of the fair value hierarchy.

U.S. Treasury fixed income and equity securities: Valued at the closing price reported on the active market on which the individual securities are traded. These are included in level 1 of the fair value hierarchy.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Organization believes its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of June 30, 2022 and 2021, assets measured at fair value on a recurring basis are comprised of and determined as follows:

Description	Total Assets Measured At Fair Value	2022		
		Based on		
		Quoted Prices In Active Markets (Level 1)	Other Observable Inputs (Level 2)	Unobservable Inputs (Level 3)

Note 7 - RAIL CAR STORAGE AND LEASE REVENUE

During September and October of 2017, the Organization, through the creation of subsidiary special purpose entities, LANG Foundation - Camp Minden, LLC, and LANG Foundation Camp Minden Rail, LLC, entered into two cooperative endeavor agreements (CEA) with the LMD to operate as the master subtenant that will sublease a rail line and a ground lease to private entities. The CEA has no termination date. As per an amendment to the CEA effective August 1, 2020, the lease payment will be \$13,331 on or before the 5th day each month the CEA is in effect, which is deemed rent under the Master Lease. During the years ended June 30, 2022 and 2021, the Organization earned \$378,000 and \$403,635 respectively, related to these two CEAs.

Minimum lease payments to be received under these agreements are as follows at June 30, 2022:

<u>Year Ending June 30,</u>	
2023	\$ 378,000
2024	378,000

The Organization also leases other assets through which it acquired the right to lease the assets through other cooperative endeavor agreements with the LMD. These leases expire between the 2024 and 2087 fiscal years. Some of the leases contain automatic increases of either the Consumer Price Index or 3% if the lease extension option is exercised by the tenant.

Minimum lease payments to be received under these agreements are as follows as of June 30, 2022:

<u>Year Ending June 30,</u>

During the years ended June 30, 2022 and 2021, the Organization earned other lease revenue of \$183,498 and \$175,875, respectively.

Note 8 - BURN SYSTEM

In response to a need to safely dispose of surplus military munitions stored at Camp Minden, Louisiana, LMD constructed a contained burn chamber (the "Burn System") for the destruction of the munitions.

LMD and LANG Foundation - Camp Minden, LLC entered into a cooperative endeavor agreement in April 2018 to remediate, clean, and disassemble the Burn System and relocate the Burn System to a temporary location on Camp Minden, and after a period not to exceed one year after the transfer closing requirements are met, to relocate the Burn System outside the state of Louisiana. The CEA was updated in March 2019.

In return for assistance with certain tasks and consideration, on March 22, 2019 LMD conveyed all of its rights, title and interest in the cleaned Burn System to the Organization after relocation to the temporary storage site and the completion of the EPA requirements. Immediately upon receipt of the interest in the Burn System, the Organization conveyed all of its rights in and obligations related to the asset to a third party for consideration totaling \$3,586,924. The Act of Sale and an Assignment and Assumption Agreement were executed on March 22, 2019.

The Organization also received cash totaling \$83,000 and a note receivable in the amount of \$100,000, due on March 22, 2023. (See Note 3).

The Organization is scheduled to receive monthly payments of \$5,000 related to the Burn System receivable.

The future payments on the Burn System receivable, net of the unamortized discount and allowance for doubtful accounts is as follows as of June 30, 2022 and 2021:

	2022	2021

Less allowance for doubtful accounts	(75,000)	(75,000)
Burn System receivable, net	\$2,330,760	\$2,304,262

Note 8 - BURN SYSTEM (Continued)

The CEA stated that the proceeds from the sale of the Burn System were to be restricted for the establishment of the Louisiana National Guard Relief Fund to be established by the Organization. Based on this, the contribution was reflected as a donor restricted contribution in accordance with U.S. generally accepted auditing procedures (GAAP).

Note 9 - SOLAR PROJECTS

In response to a need to collect solar energy and generate electricity compliant with existing or anticipated renewable portfolio standards at LMD installations, the Organization plans to develop utility-scale solar microgrid energy systems at LMD installations.

LMD, the Organization, and a developer entered into a memorandum of understanding in September 2017 to allow the developer to develop solar energy on LMD installations.

The State of Louisiana and the Organization entered into a cooperative endeavor agreement in October 2021 to facilitate the receipt of an appropriation of \$5 million as part of Act 119 of the 2021 Louisiana Legislative Regular Session related to the solar projects.

The Organization and LANG Foundation - Solar Power, LLC entered into a master development agreement with a developer in June 2022 for each Phase I solar project to be subject to the agreement. The agreement provides the developer the exclusive right to develop solar projects at LMD installations for ten years. The exclusivity period can be extended by an additional three years for each additional twenty megawatts of a solar project that the developer begins.

LMD and LANG Foundation - Solar Power Gillis Long, LLC entered into a ground lease agreement in June 2022 for the solar project at the Gillis W. Long Center. The lease provides that the Organization shall expend within twelve months after the close of each fiscal year, an amount equal to the net rental income received from the ground sublease, on one or more projects to support the mission of the LMD or the annual rent income shall be turned over or granted to the LMD, which is deemed rent under the ground lease. The term of the lease is for ninety-nine years.

Note 9 - SOLAR PROJECTS (Continued)

LANG Foundation - Solar Power Gillis Long, LLC and a developer special purpose entity (SPE) entered into a ground sublease agreement in June 2022 for the solar project at the Gillis W. Long Center. The lease calls for rent of \$3,000 annually until the earlier of the commencement of commercial operations or June 2023. The rent increases to \$5,500 annually, subject to an increase every five years of 2% per annum, compounding annually. The rent is not subject to the 2% increase for any periods that the developer SPE prepays the rent. The lease term is for twenty-five years from the earlier of the commencement of commercial operations or June 2023. The lease can be extended by three option periods of twenty years each. The first and second option shall be automatically exercised unless the developer SPE delivers notice to LANG Foundation - Solar Power Gillis Long, LLC at least twelve months prior to the next lease term beginning. All immovable property constructed by the developer SPE and movable property at the solar project site shall be the property of the developer SPE. The terms of this lease is included in the minimum lease payments to be received in Note 7.

Another appropriation of \$5 million was made by the State of Louisiana related to the solar projects for the year ending June 30, 2023 (see Note 12).

SPECIAL REPORTS OF CERTIFIED PUBLIC ACCOUNTANTS

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL
CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED
ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Directors,
Louisiana National Guard Foundation and Subsidiaries,
New Orleans, Louisiana.

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the consolidated financial statements of the Louisiana National Guard Foundation and Subsidiaries (the "Organization"), which comprise the consolidated statement of financial position as of June 30, 2022, and the related consolidated statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the consolidated financial statements, and have issued our report thereon dated November 9, 2022.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the consolidated financial statements, we considered the Organization's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Organization's consolidated financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Organization's consolidated financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
