Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the business-type activities of Lake Providence Port Commission, a component unit of the East Carroll Parish Police Jury, as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the Port Commission's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of Lake Providence Port Commission, as of December 31, 2022, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Lake Providence Port Commission and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Lake Providence Port Commission's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

To the Board of Commissioners
Lake Providence Port Commission
Delhi, Louisiana

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion of the effectiveness of Lake Providence Port Commission's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Lake Providence Port Commission's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

To the Board of Commissioners
Lake Providence Port Commission
Delhi, Louisiana

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, Schedule of Proportionate Share of the Net Pension Liability, and the Schedule of Employer Contributions to Pension Plan be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during the audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurances.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Lake Providence Port Commission's basic financial statements. The schedule of compensation, reimbursements, benefits and other payments to agency head, political subdivision head or chief executive officer is the responsibility of management and was derived directly from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of compensation, reimbursements, benefits and other payments to agency head, political subdivision head or chief executive officer are fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 15, 2023 on our consideration of the Port Commission's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Port Commission's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Governmental Auditing Standards* in considering the Port Commission's internal control over financial reporting and compliance.

MANAGEMENT’S DISCUSSION AND ANALYSIS
DECEMBER 31, 2022

As management of the Lake Providence Port Commission, we offer readers of the Lake Providence Port Commission’s financial statements this narrative overview and analysis of the financial activities of the Lake Providence Port Commission for the fiscal year ended December 31, 2022. Please read it in conjunction with the basic financial statements and the accompanying notes to the financial statements.

Overview of the Financial Statements

This Management Discussion and Analysis document introduces the Port Commission’s basic financial statements. The annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities (Government-Wide Financial Statements) provide information about the financial activities as a whole and illustrate a longer-term view of the Port Commission’s finances. The Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balance – Governmental Fund (Fund Financial Statements) tell how these services were financed in the short term as well as what remains for future spending. Fund Financial Statements also report the operations in more detail than the Government-Wide Financial Statements by providing information about the most significant funds. This report also contains other supplementary information in addition to the basic financial statements themselves.

Our auditor has provided assurance in his independent auditor’s report that the Basic Financial Statements are fairly stated. The auditor, regarding the Required Supplemental Information and the Supplemental Information is providing varying degrees of assurance. A user of this report should read the independent auditor’s report carefully to ascertain the level of assurance being provided for each of the other parts in the Financial Section.

Government-Wide financial statements. The *government-wide financial statements* are designed to provide readers with a road overview of the Lake Providence Port Commission’s finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the Lake Providence Port Commission’s assets and liabilities, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Lake Providence Port Commission is improving or deteriorating.

The *statement of activities* presents information showing how the government’s net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (for example, earned, but unused, sick leave).

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Lake Providence Port Commission, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

MANAGEMENT'S DISCUSSION AND ANALYSIS
DECEMBER 31, 2022

Proprietary funds. The Port Commission maintains one type of proprietary fund. Enterprise funds are used to report the same functions presented as business-type activities. The Enterprise Fund financial statements present information on the Port Commission's general operations.

The Lake Providence Port Commission adopts an annual appropriated budget for the general fund. A budgetary comparison statement is provided for the major fund to demonstrate compliance with this budget.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other Information. In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* concerning the Lake Providence Port Commission's performance.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. At the close of the most recent fiscal year, assets of the Lake Providence Port Commission exceeded liabilities by \$25,089,974. The largest portion of the Lake Providence Port Commission's net position reflects its investment in capital assets (e.g. equipment). These assets are not available for future spending. The balance in unrestricted net position is affected by two factors: 1) resources expended, over time, by the Lake Providence Port Commission to acquire capital assets from sources other than internally generated funds (i.e. debt), and 2) required depreciation on assets.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2022

INTRODUCTION

The Lake Providence Port Commission (Port Commission) was created by Act 450 of the 1958 Session of the Louisiana Legislature as the governing authority of the Lake Providence Parish Port, Harbor, and Terminal District. The board of commissioners consist of seven members who serve four-year staggered terms; four appointed by the East Carroll Parish Police Jury, two by the Town of Lake Providence, and one selected by the six appointed members. Commissioners serve without compensation.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. BASIS OF PRESENTATION

The accompanying financial statements of the Lake Providence Port Commission have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. In June 1999, the Governmental Accounting Standards Board (GASB) unanimously approved Statement No. 34, Basic Financial Statements and Management’s Discussion and Analysis – for State and Local Governments.

B. REPORTING ENTITY

As the governing authority of the parish, for reporting purposes, the East Carrol Parish Police Jury is the financial reporting entity for East Carroll Parish. The financial reporting entity consists of (a) the primary government (police jury), (b) organizations for which the primary government is financially accountable, and (c) other organizations for which nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental Accounting Standards Board established criteria for determining which component units should be considered part of the East Carroll Parish Police Jury for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. This criteria includes:

1. Appointing a voting majority of an organization's governing body, and
 - a. The ability of the police jury to impose its will on that organization and/or
 - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the police jury.
2. Organizations for which the police jury does not appoint a voting majority but are fiscally dependent on the police jury and the potential for the organization to provide specific financial benefits to or impose specific financial burdens on the police jury exists.

LAKE PROVIDENCE PORT COMMISSION
Lake Providence, Louisiana
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. REPORTING ENTITY (CONTINUED)

3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Because the police jury appoints the Port Commission's governing body, the Port Commission was determined to be a component unit of the East Carroll Parish Police Jury, the financial reporting entity. The accompanying financial statements present information only on the funds maintained by the Port Commission and do not present information on the police jury, the general government services provided by that governmental unit, or the other governmental units that comprise the financial reporting entity.

C. BASIC FINANCIAL STATEMENTS – GOVERNMENT WIDE STATEMENTS

The Port Commission is organized and operated on a fund basis whereby a self-balancing set of accounts (Enterprise Fund) is maintained that comprises its assets, liabilities, fund equity, revenues, and expenses. The operations are financed and operated in a manner similar to a private business enterprise, where the intent of the governing body is that the cost (expenses, including depreciation) of providing services on a continuing basis be financed primarily through user charges.

The Statement of Net Position and the Statement of Activities display information about the reporting government as a whole. These statements include all the financial activities of the Port Commission.

In the Statement of Net Position, governmental activities are presented on a consolidated basis and are presented on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term obligations. Net position is reported in three parts; invested in capital assets, net of any related debt; restricted net position; and unrestricted net position. The Port Commission first uses restricted resources to finance qualifying activities.

The financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange or exchange-like transactions are recognized when the exchange occurs (regardless of when cash is received or disbursed). Revenues, expenses, gains, losses, assets and liabilities resulting from nonexchange transactions are recognized in accordance with the requirements of GASB No.33, *Accounting and Financial Reporting for Nonexchange Transactions*.

Program Revenues – Program revenues included in the Statement of Activities are derived directly from parties outside the Port Commission's taxpayers or citizenry. Program revenues reduce the cost of the function to be financed from the Port Commission's general revenues.

Expenses – The Port Commission reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. Depreciation expense, which can be specifically identified by function, is included in the direct expenses of each function. Depreciation on buildings is assigned to the "general administration" function due to the fact that buildings serve multiple purposes. Interest on general long-term debt is considered an indirect expense and is reported separately on the Statement of Activities.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. BASIC FINANCIAL STATEMENTS – FUND FINANCIAL STATEMENTS

The financial transactions of the Port Commission are reported in individual funds in the fund financial statements. Fund accounting is designed to demonstrated legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

Fund financial statements report detailed information about the Port Commission. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column.

Funds are classified into three categories; governmental, proprietary and fiduciary. Each category, in turn, is divided into separate “fund types”. Governmental funds are used to account for a government’s general activities, where the focus of attention is on the providing of services to the public as opposed to proprietary funds where the focus of attention is on recovering the cost of providing services to the public or other agencies through service charges or user fees. Fiduciary funds are used to account for assets held for others. Revenues of the General Fund include ad valorem taxes, state revenue sharing, fees, fines and forfeitures. General operating expenses are paid from this fund.

E. BASIS OF ACCOUNTING

Basis of accounting refers to when revenues and expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied. The Enterprise Fund is reported in the accompanying financial statements on the accrual basis of accounting. Revenues are recognized when they are earned, and expenses are recognized when they are incurred.

F. CASH AND CASH EQUIVALENTS

Cash includes amounts in demand deposits, interest-bearing demand deposits, and time deposits. The Port Commission considers all short-term, highly liquid investments with original maturities of 90 days or less to be treated as cash equivalents. Under state law, the Port Commission may deposit funds in demand deposits, interest-bearing demand deposits, or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

G. INVESTMENTS

Investments are limited by Louisiana Revised Statute (R.S.) 33:2955 and the Port Commission’s investment policy. If the original maturities of investments exceed 90 days, they are classified as investments; however, if the original maturities are 90 days or less, they are classified as cash equivalents. Investments in non-participating interest-earning contracts, such as non-negotiable certificates of deposit with redemption terms that do not consider market rates, are reported using a cost-based measure.

H. CAPITAL ASSETS

Capital assets are capitalized at historical cost or estimated historical costs for assets where actual cost is not available. Donated assets, if any, are recorded as capital assets at their estimated fair market value at the date of donation. The Port Commission maintains a threshold level of \$500 or more for capitalizing capital assets.

<u>Description</u>	<u>Estimated Lives</u>
Buildings and building improvements	20-40 years
Furniture and fixtures	5-10 years
Vehicles	5-15 years
Equipment	5-20 years

I. ANNUAL AND SICK LEAVE

The Director of the Port Commission earns from 14 to 24 days of vacation and sick leave each year, depending on length of service.

J. RISK MANAGEMENT

The Port Commission is exposed to various risk of loss related to torts: theft of, damage to, and destruction of assets; errors and omissions, and injuries to employees. To handle such risk of loss, the Port Commission maintains a commercial insurance policy covering property, general liability, employee fidelity and worker's compensation. No claims were paid on any of the policies during the past three years which exceeded the policies' coverage amounts. There were no significant reductions in insurance coverage during the year ended December 31, 2022.

K. PENSION PLANS

The Port Commission is a participating employer in a cost-sharing, multiple-employer defined benefit pension plan as described in Note 5. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of each of the plans, and additions to/deductions for the plan's fiduciary net position have been determined on the same basis as they are reported by the plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments have been reported at fair value within the plan.

L. CONTRIBUTED CAPITAL

Grants received by the Port Commission that are restricted for the acquisition or construction of capital assets are recorded as contributed capital. Contributed capital is not amortized based on the depreciation recognized on that portion of the assets acquired from such contributions.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

M. EQUITY CLASSIFICATIONS

In the government-wide statements, equity is classified as net position and displayed in three components:

- a. Net investment in capital assets – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowing that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position – Consists of net position with constraints placed on the use either by (1) external groups, such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position – All other net position that does not meet the definition of “restricted” or “net investment in capital assets”.

When an expense is incurred for the purposes for which both restricted and unrestricted net position is available, management applies unrestricted resources first, unless a determination is made to use restricted resources. The policy concerning which to apply first varies with the intended use and legal requirements. This decision is typically made by management at the incurrence of the expense.

N. ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenditures, and expenses during the reporting period. Actual results could differ from those estimates.

O. DEFERRED OUTFLOWS/INFLOWS OF RESOURCES

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow or resources (expense/expenditure) until then. The Port Commission has one item, deferred outflows related to pensions that qualifies in this category and is reported only in the governmental activities.

In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources until that time. The Port Commission has one item, deferred inflows related to pensions that qualifies in this category and is reported only in the governmental activities.

O. DEFERRED OUTFLOWS/INFLOWS OF RESOURCES (CONTINUED)

For purposes measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the retirement systems and additions to/deductions from the retirements systems fiduciary net position have been determined on the same basis as they are reported by the retirement systems.

For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

NOTE 2 – CASH AND CASH EQUIVALENTS

Deposits are stated at cost, which approximate fair value. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent bank. These securities are held in the name of the pledging fiscal agent bank in the holding or custodial bank that is mutually acceptable to both parties.

Interest Rate Risk: The Port Commission's policy does not address interest rate risk.

Credit Risk: The Port Commission's investments are in Certificates of Deposits which do not have credit ratings; however, the Port Commission's policy does not address credit rate risk.

Custodial Credit Risk: At year-end the Port Commission's carrying amount of deposits was \$3,344,002 and the bank balance was \$3,416,683, which includes \$22,628 in certificate of deposits classified as investments.

Of the bank balance, \$500,000 was covered by federal depository insurance. The remaining balance was collateralized with securities held by the pledging financial institution's trust department or agent but not in the Port Commission's name in the amount of \$2,680,005. The Port Commission's policy does not address custodial credit risk. Even though the pledged securities are considered uncollateralized under the provisions of GASB Statement No. 3, Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the Port Commission that the fiscal agent has failed to pay deposited funds upon demand.

Retirement Systems

Louisiana State Employees' Retirement System (LASERS)

Pensions

For purposes of measuring the Net Pension Liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Louisiana State Employees' Retirement System (LASERS) and additions to/deductions from LASERS' fiduciary net position have been determined on the same basis as they are reported by LASERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Plan Description

Employees of Lake Providence Port Commission are provided with pensions through a cost-sharing multiple-employer defined benefit plan administered by the Louisiana State Employees' Retirement System (LASERS). The System was established for the purpose of providing retirement allowances and other benefits as stated under the provisions of La. R.S. 11:401, as amended, for eligible state officers, employees, and their beneficiaries. The projection of benefit payments in the calculation of the total pension liability includes **all** benefits to be provided to current active and inactive employees through the System in accordance with the benefit terms and any additional legal agreements to provide benefits that are in force at the measurement date.

LAKE PROVIDENCE PORT COMMISSION
Lake Providence, Louisiana
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2022

The following is a description of the plan and its benefits and is provided for general information purposes only. Participants should refer to the appropriate statutes for more complete information.

1. Retirement Benefits

The age and years of creditable service required in order for a member to retire with full benefits are established by statute, and vary depending on the member's hire date, employer, and job classification. The LASERS rank-and-file members hired prior to July 1, 2006 may either retire with full benefits at any age upon completing 30 years of creditable service, at age 55 upon completing 25 years of creditable service, and at age 60 upon completing ten years of creditable service depending on their plan. Those members hired between July 1, 2006 and June 30, 2015, may retire at age 60 upon completing five years of creditable service and those hired on or after July 1, 2015, may retire at age 62 upon completing five years of creditable service. The basic annual retirement benefit for members is equal to 2.5% to 3.5% of average compensation multiplied by the number of years of creditable service. Additionally, members may choose to retire with 20 years of service at any age, with an actuarially reduced benefit.

Average compensation is defined as the member's average annual earned compensation for the highest 36 consecutive months of employment for members employed prior to July 1, 2006. For members hired July 1, 2006 or later, average compensation is based on the member's average annual earned compensation for the highest 60 consecutive months of employment. The maximum annual retirement benefit cannot exceed the lesser of 100% of average compensation or a certain specified dollar amount of actuarially determined monetary limits, which vary depending upon the member's age at retirement. Judges, court officers, and certain elected officials receive an additional annual retirement benefit equal to 1.0% of average compensation multiplied by the number of years of creditable service in their respective capacity. As an alternative to the basic retirement benefits, a member may elect to receive their retirement throughout their life, with certain benefits being paid to their designated beneficiary after their death.

Act 992 of the 2010 Louisiana Regular Legislative Session, changed the benefit structure for LASERS members hired on or after January 1, 2011. This resulted in three new plans: regular, hazardous duty, and judges. The new regular plan includes regular members and those members who were formerly eligible to participate in specialty plans, excluding hazardous duty and judges. Regular members and judges are eligible to retire at age 60 after five years of creditable service and, may also retire at any age, with a reduced benefit, after 20 years of creditable service. Hazardous duty members are eligible to retire with twelve years of creditable service at age 55, 25 years of creditable service at any age or with a reduced benefit after 20 years of creditable service. Average compensation will be based on the member's average annual earned compensation for the highest 60 consecutive months of employment for all three new plans. Members in the regular plan will receive a 2.5% accrual rate, hazardous duty plan a 3.33% accrual rate, and judges a 3.5% accrual rate. The extra 1.0% accrual rate for each year of service for court officers, the governor, lieutenant governor, legislators, House clerk, sergeants at arms, or Senate secretary, employed after January 1, 2011, was eliminated by Act 992. Specialty plan and regular members, hired prior to January 1, 2011, who are hazardous duty employees have the option to transition to the new hazardous duty plan.

Act 226 of the 2014 Louisiana Regular Legislative Session established new retirement eligibility for members of LASERS hired on or after July 1, 2015, excluding hazardous duty plan members.

LAKE PROVIDENCE PORT COMMISSION
Lake Providence, Louisiana
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2022

Regular members and judges under the new plan are eligible to retire at age 62 after five years of creditable service and, may also retire at any age, with a reduced benefit, after 20 years of creditable service. Average compensation will be based on the member's average annual earned compensation for the highest 60 consecutive months of employment. Members in the regular plan will receive a 2.5% accrual rate, and judges a 3.5% accrual rate, with the extra 1.0% accrual rate based on all years of service as a judge.

Members of the Harbor Police Retirement System who were members prior to July 1, 2014, may retire after 25 years of creditable service at any age, 12 years of creditable service at age 55, 20 years of creditable service at age 45, and 10 years of creditable service at age 60. Average compensation for the plan is the member's average annual earned compensation for the highest 36 consecutive months of employment, with a 3.33% accrual rate.

A member leaving employment before attaining minimum retirement age, but after completing certain minimum service requirements, becomes eligible for a benefit provided the member lives to the minimum service retirement age, and does not withdraw their accumulated contributions. The minimum service requirement for benefits varies depending upon the member's employer and service classification but generally is ten years of service.

2. Deferred Benefits

The State Legislature authorized LASERS to establish a Deferred Retirement Option Plan (DROP). When a member enters DROP, their status changes from active member to retiree even though they continue to work and draw their salary for a period of up to three years. The election is irrevocable once participation begins. During DROP participation, accumulated retirement benefits that would have been paid to each retiree are separately tracked. For members who entered DROP prior to January 1, 2004, interest at a rate of one-half percent less than the System's realized return on its portfolio (not to be less than zero) will be credited to the retiree after participation ends. At that time, the member must choose among available alternatives for the distribution of benefits that have accumulated in the DROP account. Members who enter DROP on or after January 1, 2004, are required to participate in LASERS Self-Directed Plan (SDP) which is administered by a third-party provider. The SDP allows DROP participants to choose from a menu of investment options for the allocation of their DROP balances. Participants may diversify their investments by choosing from an approved list of mutual funds with different holdings, management styles, and risk factors.

Members eligible to retire and who do not choose to participate in DROP may elect to receive at the time of retirement an initial benefit option (IBO) in an amount up to 36 months of benefits, with an actuarial reduction of their future benefits. For members who selected the IBO option prior to January 1, 2004, such amount may be withdrawn or remain in the IBO account earning interest at a rate of one-half percent less than the System's realized return on its portfolio (not to be less than zero). Those members who select the IBO on or after January 1, 2004, are required to enter the SDP as described above.

For members who are in the Harbor Police Plan, the annual DROP Interest Rate is the three-year average (calculated as the compound average of 36 months) investment return of the plan assets for the period ending the June 30th immediately preceding that given date. The average rate so determined is to be reduced by a "contingency" adjustment of 0.5%, but not to below zero. DROP interest is forfeited if member does not cease employment after DROP participation.

3. Disability Benefits

Generally, active members with ten or more years of credited service who become disabled may receive a maximum disability retirement benefit equivalent to the regular retirement formula without reduction by reason of age.

Upon reaching retirement age, the disability retiree may receive a regular retirement benefit by making application to the Board of Trustees.

For injuries sustained in the line of duty, hazardous duty personnel in the Hazardous Duty Services Plan will receive a disability benefit equal to 75% of final average compensation or 100% of final average compensation if the injury was the result of an intentional act of violence.

Members of the Harbor Police Retirement System who become disabled may receive a non-line of duty disability benefit after five years or more of credited service. Members age 55 or older may receive a disability benefit equivalent to the regular retirement benefit. Under age 55, the disability benefit is equal to 40% of final average compensation. Line of duty disability benefits are equal to 60% of final average compensation, regardless of years of credited service or 100% of final average compensation if the injury was the result of an intentional act of violence. If the disability benefit retiree is permanently confined to a wheelchair, or, is an amputee incapable of serving as a law enforcement officer, or the benefit is permanently legally binding, there is no reduction to the benefit if the retiree becomes gainfully employed.

4. Survivor's Benefits

Certain eligible surviving dependents receive benefits based on the deceased member's compensation and their relationship to the deceased. The deceased member hired before January 1, 2011, who was in state service at the time of death, must have a minimum of five years of service credit, at least two of which were earned immediately prior to death, or who had a minimum of twenty years of service credit, regardless of when earned, in order for a benefit to be paid to a minor or handicapped child. Benefits are payable to an unmarried child until age 18, or age 23 if the child remains a full-time student. The aforementioned minimum service credit requirement is ten years for a surviving spouse with no minor children and benefits are to be paid for life to the spouse or qualified handicapped child.

The deceased regular member hired on or after January 1, 2011, must have a minimum of five years of service credit regardless of when earned in order for a benefit to be paid to a minor child. The aforementioned minimum service credit requirements for a surviving spouse are 10 years, 2 years being earned immediately prior to death, and in active state service at the time of death, or a minimum of 20 years of service credit regardless of when earned. A deceased member's spouse must have been married for at least one year before death.

A Hazardous Duty Services Plan member's surviving spouse and minor or handicapped or mentally incapacitated child or children are entitled to survivor benefits of 80% of the member's final average compensation if the member was killed in the line of duty. If the member dies in the line of duty as a result of an intentional act of violence, survivor benefits may be increased to 100% of the members final average compensation.

Non-line of duty survivor benefits of the Harbor Police Retirement System may be received after a minimum of five years of credited service. Survivor benefits paid to a surviving spouse without children are equal to 40% of final average compensation and cease upon remarriage. Surviving spouse with children under 18 benefits are equal to 60% of final average compensation, and cease upon remarriage, and children turning 18.

LAKE PROVIDENCE PORT COMMISSION
Lake Providence, Louisiana
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2022

No minimum service credit is required for line of duty survivor benefits which are equal to 60% of final average compensation to surviving spouse, or 100% of final average compensation if the injury was the result of an intentional act of violence regardless of children. Line of duty survivor benefits cease upon remarriage, and then benefit is paid to children under 18.

5. Permanent Benefit Increases/Cost-of-Living Adjustments

As fully described in Title 11 of the Louisiana Revised Statutes, the System allows for the payment of permanent benefit increases, also known as cost-of-living adjustments (COLAs) that are funded through investment earnings when recommended by the Board of Trustees and approved by the State Legislature.

Contributions

The employer contribution rate is established annually under La. R.S. 11:101-11:104 by the Public Retirement Systems' Actuarial Committee (PRSAC), taking into consideration the recommendation of the System's Actuary. Each plan pays a separate actuarially-determined employer contribution rate. However, all assets of LASERS are used for the payment of benefits for all classes of members, regardless of their plan membership. Rates for the year ended June 30, 2022 are as follows:

<u>Plan</u>	<u>Plan Status</u>	<u>2022 Employer Rate</u>
Regular Employees hired before 7/01/06	Closed	39.50%
Regular Employees hired on or after 7/01/06	Closed	39.50%
Regular Employees hired on or after 1/01/11	Closed	39.50%
Regular Employees hired on or after 7/1/15	Open	39.50%

The Lake Providence Port Commission's contractually required composite contribution rate for the year ended December 31, 2022 was 39.50% of annual payroll (January-June) and 40.40% of annual payroll (July-December), actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any Unfunded Actuarial Accrued Liability. Contributions to the pension plan from the Commission were \$95,803 for the year ended December 31, 2022.

Pension Liabilities, Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions

At December 31, 2022, the Employer reported a liability of \$853,041 for its proportionate share of the Net Pension Liability. The Net Pension Liability was measured as of June 30, 2022 and the total pension liability used to calculate the Net Pension Liability was determined by an actuarial valuation as of that date. The Commission's proportion of the Net Pension Liability was based on a projection of the Commission's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2022, the Agency's proportion was 0.01128%, which was an increase of 0.00124% from its proportion measured as of June 30, 2021.

For the year ended December 31, 2022, the Lake Providence Port Commission recognized pension expense of \$112,988 plus employer's amortization of change in proportionate share and differences between employer contributions and proportionate share of contribution, which was \$4,776. Total pension expense for the Lake Providence Port Commission for the year ended December 31, 2022 was \$117,764.

At December 31, 2022, the Lake Providence Port Commission reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Cost of Living Adjustments	The present value of future retirement benefits is based on benefits currently being paid by the System and includes previously granted cost of living increases. The projected benefit payments do not include provisions for potential future increases not yet authorized by the Board of Trustees as they were deemed not to be substantively automatic.						

* The investment rate of return used in the actuarial valuation for funding purposes was 7.60%, recognizing an additional 35 basis points for gain-sharing. The net return available to fund regular plan benefits is 7.25%, which is the same as the discount rate. Therefore, the System's management concludes that the 7.25% discount is reasonable.

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.3% and an adjustment for the effect of rebalancing/diversification. The resulting expected long-term rate of return is 8.34% for 2022. Best estimates of geometric real rates of return for each major asset class included in the System's target asset allocation as of June 30, 2022 are summarized in the following table:

Asset Class	Long-Term Expected Real Rate of Return
Cash	0.39%
Domestic Equity	4.57%
International Equity	5.76%
Domestic Fixed Income	1.48%
International Fixed Income	5.04%
Alternative Investments	8.30%
Totals	5.91%

The discount rate used to measure the total pension liability was 7.25%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from participating employers will be made at actuarially determined rates approved by PRSAC taking into consideration the recommendation of the System's actuary. Based on those assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payment to determine the total pension liability.

NOTE 8 – PORT LEASE RENTALS (AS LESSOR)

The Commission’s lessor lease activity consists primarily of leasing infrastructure and dockspace to maritime enterprises, and other uses. The terms of these leases are for periods ranging from 5 to 40 years at various payment frequencies and amounts. In accordance with GASB Statement No. 87, *Leases*, a receivable has been recorded for the present value of lease payments to be received over the lease term for each agreement. As of December 31, 2022, the combined value of the lease receivables was \$11,732,117. In determining the present value, a discount rate of 3.5% was generally applied to reflect a reasonable rate of return of the lease investments to the Commission. Also, deferred inflows associated with these lease payments have been recorded that will be recognized as revenue over the lease terms. The balance of the deferred inflows at December 31, 2022 is \$11,695,810.

LAKE PROVIDENCE PORT COMMISSION
Lake Providence, Louisiana
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2022

Inflows recognized during the year ended December 31, 2022 consisted of amortization of deferred inflow of \$460,777 and interest income of \$390,511. Additionally, approximately \$255,965 of rental income was recognized on those leases which were not included in the lease receivable, either because of the variable nature of the payments or the short-term features of the contract.

The future lease collections including principal and interest as of December 31, 2022, are as follows:

OTHER REPORTS REQUIRED BY *GOVERNMENT AUDITING*
STANDARDS

**Independent Auditors' Report on Internal Control Over Financial
Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with *Government Auditing Standards***

Lake Providence Port Commission
Lake Providence, Louisiana

We have audited in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of the Lake Providence Port Commission (Port Commission), a component unit of East Carroll Parish Police Jury, as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the Port Commission's basic financial statements, and have issued our report thereon dated June 15, 2023.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Port Commission's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Port Commission's internal control. Accordingly, we do not express an opinion on the effectiveness of the Port Commission's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

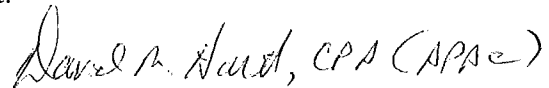

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during my audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Port Commission's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Office of the Louisiana Legislative Auditor as a public document.

INDEPENDENT ACCOUNTANT'S REPORT
ON APPLYING AGREED-UPON PROCEDURES

To the Lake Providence Port Commission and the Louisiana Legislative Auditor:

We have performed the procedures enumerated below, which were agreed to by the Lake Providence Port Commission (the Entity) and the Louisiana Legislative Auditor (LLA), on the control and compliance (C/C) areas identified in the LLA's Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period January 1, 2022 through December 31, 2022. The Entity's management is responsible for those C/C areas identified in the SAUPs.

The Lake Providence Port Commission has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is to perform specified procedures on the C/C areas identified in LLA's SAUPs for the fiscal period January 1, 2022 through December 31, 2022. Additionally, LLA has agreed to and acknowledged that the procedures performed are appropriate for its purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and related exceptions obtained are described in the attachment to this report.

We were engaged by the Lake Providence Port Commission to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the Lake Providence Port Commission and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.

1) *Written Policies and Procedures*

- A. Obtain and inspect the entity's written policies and procedures and observe whether they address each of the following categories and subcategories if applicable to public funds and the entity's operations:
- i. ***Budgeting***, including preparing, adopting, monitoring, and amending the budget.
 - ii. ***Purchasing***, including (1) how purchases are initiated, (2) how vendors are added to the vendor list, (3) the preparation and approval process of purchase requisitions and purchase orders, (4) controls to ensure compliance with the Public Bid Law, and (5) documentation required to be maintained for all bids and price quotes.
 - iii. ***Disbursements***, including processing, reviewing, and approving.
 - iv. ***Receipts/Collections***, including receiving, recording, and preparing deposits. Also, policies and procedures should include management's actions to determine the completeness of all collections for each type of revenue or agency fund additions (e.g., periodic confirmation with outside parties, reconciliation to utility billing after cutoff procedures, reconciliation of traffic ticket number sequences, agency fund forfeiture monies confirmation).
 - v. ***Payroll/Personnel***, including (1) payroll processing, (2) reviewing and approving time and attendance records, including leave and overtime worked, and (3) approval process for employee rates of pay or approval and maintenance of pay rate schedules.
 - vi. ***Contracting***, including (1) types of services requiring written contracts, (2) standard terms and conditions, (3) legal review, (4) approval process, and (5) monitoring process.
 - vii. ***Travel and Expense Reimbursement***, including (1) allowable expenses, (2) dollar thresholds by category of expense, (3) documentation requirements, and (4) required approvers.
 - viii. ***Credit Cards (and debit cards, fuel cards, purchase cards, if applicable)***, including (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers of statements, and (5) monitoring card usage (e.g., determining the reasonableness of fuel card purchases).
 - ix. ***Ethics***, including (1) the prohibitions as defined in Louisiana Revised Statute (R.S.) 42:1111-1121, (2) actions to be taken if an ethics violation takes place, (3) system to monitor possible ethics violations, and (4) a requirement that documentation is maintained to demonstrate that all employees and officials were notified of any changes to the entity's ethics policy.
 - x. ***Debt Service***, including (1) debt issuance approval, (2) continuing disclosure/EMMA reporting requirements, (3) debt reserve requirements, and (4) debt service requirements.
 - xi. ***Information Technology Disaster Recovery/Business Continuity***, including (1) identification of critical data and frequency of data backups, (2) storage of backups in a separate physical location isolated from the network, (3) periodic testing/verification that backups can be restored, (4) use of antivirus software on all systems, (5) timely application of all available system and software patches/updates, and (6) identification of personnel, processes, and tools needed to recover operations after a critical event.
 - xii. ***Prevention of Sexual Harassment***, including R.S. 42:342-344 requirements for (1) agency responsibilities and prohibitions, (2) annual employee training, and (3) annual reporting.

No exceptions noted.

2) Board or Finance Committee

- A. Obtain and inspect the board/finance committee minutes for the fiscal period, as well as the board's enabling legislation, charter, bylaws, or equivalent document in effect during the fiscal period, and
- i. Observe that the board/finance committee met with a quorum at least monthly, or on a frequency in accordance with the board's enabling legislation, charter, bylaws, or other equivalent document.
 - ii. For those entities reporting on the governmental accounting model, observe whether the minutes referenced or included monthly budget-to-actual comparisons on the general fund, quarterly budget-to-actual, at a minimum, on proprietary funds, and semi-annual budget-to-actual, at a minimum, on all special revenue funds. *Alternatively, for those entities reporting on the not-for-profit accounting model, observe that the minutes referenced or included financial activity relating to public funds if those public funds comprised more than 10% of the entity's collections during the fiscal period.*
 - iii. For governmental entities, obtain the prior year audit report and observe the unassigned fund balance in the general fund. If the general fund had a negative ending unassigned fund balance in the prior year audit report, observe that the minutes for at least one meeting during the fiscal period referenced or included a formal plan to eliminate the negative unassigned fund balance in the general fund.
 - iv. Observe whether the board/finance committee received written updates of the progress of resolving audit finding(s), according to management's corrective action plan at each meeting until the findings are considered fully resolved.

This section not applicable.

3) Bank Reconciliations

- A. Obtain a listing of entity bank accounts for the fiscal period from management and management's representation that the listing is complete. Ask management to identify the entity's main operating account. Select the entity's main operating account and randomly select 4 additional accounts (or all accounts if less than 5). Randomly select one month from the fiscal period, obtain and inspect the corresponding bank statement and reconciliation for each selected account, and observe that:
- i. Bank reconciliations include evidence that they were prepared within 2 months of the related statement closing date (e.g., initialed and dated or electronically logged);
 - ii. Bank reconciliations include written evidence that a member of management or a board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation (e.g., initialed and dated, electronically logged); and
 - iii. Management has documentation reflecting it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date, if applicable.

No exceptions noted.

4) Collections (excluding electronic funds transfers)

- A. Obtain a listing of deposit sites for the fiscal period where deposits for cash/checks/money orders (cash) are prepared and management's representation that the listing is complete. Randomly select 5 deposit sites (or all deposit sites if less than 5).
- B. For each deposit site selected, obtain a listing of collection locations and management's representation that the listing is complete. Randomly select one collection location for each deposit site (e.g., 5 collection locations for 5 deposit sites), obtain and inspect written policies and procedures relating to employee job duties (if there are no written policies or procedures, then inquire of employees about their job duties) at each collection location, and observe that job duties are properly segregated at each collection location such that
 - i. Employees responsible for cash collections do not share cash drawers/registers;
 - ii. Each employee responsible for collecting cash is not also responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g., pre-numbered receipts) to the deposit;
 - iii. Each employee responsible for collecting cash is not also responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit; and
 - iv. The employee(s) responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or agency fund additions, is (are) not also responsible for collecting cash, unless another employee/official verifies the reconciliation.
- C. Obtain from management a copy of the bond or insurance policy for theft covering all employees who have access to cash. Observe that the bond or insurance policy for theft was in force during the fiscal period.
- D. Randomly select two deposit dates for each of the 5 bank accounts selected for Bank Reconciliations procedure #3A (select the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly select a deposit if multiple deposits are made on the same day). *Alternatively, the practitioner may use a source document other than bank statements when selecting the deposit dates for testing, such as a cash collection log, daily revenue report, receipt book, etc.* Obtain supporting documentation for each of the 10 deposits and:
 - i. Observe that receipts are sequentially pre-numbered.
 - ii. Trace sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip.
 - iii. Trace the deposit slip total to the actual deposit per the bank statement.
 - iv. Observe that the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100 and the cash is stored securely in a locked safe or drawer).
 - v. Trace the actual deposit per the bank statement to the general ledger.

No exceptions noted.

5) *Non-Payroll Disbursements (excluding card purchases, travel reimbursements, and petty cash purchases)*

- A. Obtain a listing of locations that process payments for the fiscal period and management's representation that the listing is complete. Randomly select 5 locations (or all locations if less than 5).
- B. For each location selected under procedure #5A above, obtain a listing of those employees involved with non-payroll purchasing and payment functions. Obtain written policies and procedures relating to employee job duties (if the agency has no written policies and procedures, then inquire of employees about their job duties), and observe that job duties are properly segregated such that
 - i. At least two employees are involved in initiating a purchase request, approving a purchase, and placing an order or making the purchase;
 - ii. At least two employees are involved in processing and approving payments to vendors;
 - iii. The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files;
 - iv. Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments; and
 - v. Only employees/officials authorized to sign checks approve the electronic disbursement (release) of funds, whether through automated clearinghouse (ACH), electronic funds transfer (EFT), wire transfer, or some other electronic means.

[Note: Findings related to controls that constrain the legal authority of certain public officials (e.g., mayor of a Lawrason Act municipality) should not be reported.]

- C. For each location selected under procedure #5A above, obtain the entity's non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtain management's representation that the population is complete. Randomly select 5 disbursements for each location, obtain supporting documentation for each transaction, and
 - i. Observe whether the disbursement, whether by paper or electronic means, matched the related original itemized invoice and supporting documentation indicates that deliverables included on the invoice were received by the entity, and
 - ii. Observe whether the disbursement documentation included evidence (e.g., initial/date, electronic logging) of segregation of duties tested under procedure #5B above, as applicable.
- D. Using the entity's main operating account and the month selected in Bank Reconciliations procedure #3A, randomly select 5 non-payroll-related electronic disbursements (or all electronic disbursements if less than 5) and observe that each electronic disbursement was (a) approved by only those persons authorized to disburse funds (e.g., sign checks) per the entity's policy, and (b) approved by the required number of authorized signers per the entity's policy. Note: If no electronic payments were made from the main operating account during the month selected the practitioner should select an alternative month and/or account for testing that does include electronic disbursements.

No exceptions noted.

6) Credit Cards/Debit Cards/Fuel Cards/Purchase Cards (Cards)

- A. Obtain from management a listing of all active credit cards, bank debit cards, fuel cards, and purchase cards (cards) for the fiscal period, including the card numbers and the names of the persons who maintained possession of the cards. Obtain management's representation that the listing is complete.
- B. Using the listing prepared by management, randomly select 5 cards (or all cards if less than 5) that were used during the fiscal period. Randomly select one monthly statement or combined statement for each card (for a debit card, randomly select one monthly bank statement). Obtain supporting documentation, and
 - i. Observe whether there is evidence that the monthly statement or combined statement and supporting documentation (e.g., original receipts for credit/debit card purchases, exception reports for excessive fuel card usage) were reviewed and approved, in writing (or electronically approved) by someone other than the authorized card holder (those instances requiring such approval that may constrain the legal authority of certain public officials, such as the mayor of a Lawrason Act municipality, should not be reported); and
 - ii. Observe that finance charges and late fees were not assessed on the selected statements.
- C. Using the monthly statements or combined statements selected under procedure #7B above, excluding fuel cards, randomly select 10 transactions (or all transactions if less than 10) from each statement, and obtain supporting documentation for the transactions (e.g., each card should have 10 transactions subject to inspection). For each transaction, observe that it is supported by (1) an original itemized receipt that identifies precisely what was purchased, (2) written documentation of the business/public purpose, and (3) documentation of the individuals participating in meals (for meal charges only). For missing receipts, the practitioner should describe the nature of the transaction and observe whether management had a compensating control to address missing receipts, such as a "missing receipt statement" that is subject to increased scrutiny.

The Port has no credit cards.

7) Travel and Travel-Related Expense Reimbursements (excluding card transactions)

- A. Obtain from management a listing of all travel and travel-related expense reimbursements during the fiscal period and management's representation that the listing or general ledger is complete. Randomly select 5 reimbursements and obtain the related expense reimbursement forms/prepaid expense documentation of each selected reimbursement, as well as the supporting documentation. For each of the 5 reimbursements selected
 - i. If reimbursed using a per diem, observe that the approved reimbursement rate is no more than those rates established either by the State of Louisiana or the U.S. General Services Administration (www.gsa.gov);
 - ii. If reimbursed using actual costs, observe that the reimbursement is supported by an original itemized receipt that identifies precisely what was purchased;
 - iii. Observe that each reimbursement is supported by documentation of the business/public purpose (for meal charges, observe that the documentation includes the names of those individuals participating) and other documentation required by Written Policies and Procedures procedure #1A(vii); and

- iv. Observe that each reimbursement was reviewed and approved, in writing, by someone other than the person receiving reimbursement.

No exceptions noted.

8) Contracts

- A. Obtain from management a listing of all agreements/contracts for professional services, materials and supplies, leases, and construction activities that were initiated or renewed during the fiscal period. *Alternatively, the practitioner may use an equivalent selection source, such as an active vendor list.* Obtain management's representation that the listing is complete. Randomly select 5 contracts (or all contracts if less than 5) from the listing, excluding the practitioner's contract, and
 - i. Observe whether the contract was bid in accordance with the Louisiana Public Bid Law (e.g., solicited quotes or bids, advertised), if required by law;
 - ii. Observe whether the contract was approved by the governing body/board, if required by policy or law (e.g., Lawrason Act, Home Rule Charter);
 - iii. If the contract was amended (e.g., change order), observe that the original contract terms provided for such an amendment and that amendments were made in compliance with the contract terms (e.g., if approval is required for any amendment, the documented approval); and
 - iv. Randomly select one payment from the fiscal period for each of the 5 contracts, obtain the supporting invoice, agree the invoice to the contract terms, and observe that the invoice and related payment agreed to the terms and conditions of the contract.

No exceptions noted.

9) Payroll and Personnel

- A. Obtain a listing of employees and officials employed during the fiscal period and management's representation that the listing is complete. Randomly select 5 employees or officials, obtain related paid salaries and personnel files, and agree paid salaries to authorized salaries/pay rates in the personnel files.
- B. Randomly select one pay period during the fiscal period. For the 5 employees or officials selected under procedure #9A above, obtain attendance records and leave documentation for the pay period, and
 - i. Observe that all selected employees or officials documented their daily attendance and leave (e.g., vacation, sick, compensatory);
 - ii. Observe whether supervisors approved the attendance and leave of the selected employees or officials;
 - iii. Observe that any leave accrued or taken during the pay period is reflected in the entity's cumulative leave records; and
 - iv. Observe the rate paid to the employees or officials agrees to the authorized salary/pay rate found within the personnel file.

- C. Obtain a listing of those employees or officials that received termination payments during the fiscal period and management's representation that the list is complete. Randomly select two employees or officials and obtain related documentation of the hours and pay rates used in management's termination payment calculations and the entity's policy on termination payments. Agree the hours to the employee's or official's cumulative leave records, agree the pay rates to the employee's or official's authorized pay rates in the employee's or official's personnel files, and agree the termination payment to entity policy.
- D. Obtain management's representation that employer and employee portions of third-party payroll related amounts (e.g., payroll taxes, retirement contributions, health insurance premiums, garnishments, workers' compensation premiums, etc.) have been paid, and any associated forms have been filed, by required deadlines.

No exceptions noted.

10) Ethics

- A. Using the 5 randomly selected employees/officials from Payroll and Personnel procedure #9A obtain ethics documentation from management, and
 - i. Observe whether the documentation demonstrates that each employee/official completed one hour of ethics training during the calendar year as required by R.S. 42:1170; and
 - ii. Observe whether the entity maintains documentation which demonstrates that each employee and official were notified of any changes to the entity's ethics policy during the fiscal period, as applicable.
- B. Inquire and/or observe whether the agency has appointed an ethics designee as required by R.S. 42:1170.

No exceptions noted.

11) Debt Service

- A. Obtain a listing of bonds/notes and other debt instruments issued during the fiscal period and management's representation that the listing is complete. Select all debt instruments on the listing, obtain supporting documentation, and observe that State Bond Commission approval was obtained for each debt instrument issued as required by Article VII, Section 8 of the Louisiana Constitution.
- B. Obtain a listing of bonds/notes outstanding at the end of the fiscal period and management's representation that the listing is complete. Randomly select one bond/note, inspect debt covenants, obtain supporting documentation for the reserve balance and payments, and agree actual reserve balances and payments to those required by debt covenants (including contingency funds, short-lived asset funds, or other funds required by the debt covenants).

No exceptions noted.

12) Fraud Notice

- A. Obtain a listing of misappropriations of public funds and assets during the fiscal period and management's representation that the listing is complete. Select all misappropriations on the listing, obtain supporting documentation, and observe that the entity reported the misappropriation(s) to the legislative auditor and the district attorney of the parish in which the entity is domiciled as required by R.S. 24:523.
- B. Observe that the entity has posted, on its premises and website, the notice required by R.S. 24:523.1 concerning the reporting of misappropriation, fraud, waste, or abuse of public funds.

No exceptions noted.

13) Information Technology Disaster Recovery/Business Continuity

- A. Perform the following procedures, **verbally discuss the results with management, and report "We performed the procedure and discussed the results with management."**
 - i. Obtain and inspect the entity's most recent documentation that it has backed up its critical data (if there is no written documentation, then inquire of personnel responsible for backing up critical data) and observe evidence that such backup (a) occurred within the past week, (b) was not stored on the government's local server or network, and (c) was encrypted.
 - ii. Obtain and inspect the entity's most recent documentation that it has tested/verified that its backups can be restored (if there is no written documentation, then inquire of personnel responsible for testing/verifying backup restoration) and observe evidence that the test/verification was successfully performed within the past 3 months.
 - iii. Obtain a listing of the entity's computers currently in use and their related locations, and management's representation that the listing is complete. Randomly select 5 computers and observe while management demonstrates that the selected computers have current and active antivirus software and that the operating system and accounting system software in use are currently supported by the vendor.
- B. Randomly select 5 terminated employees (or all terminated employees if less than 5) using the list of terminated employees obtained in procedure #9C. Observe evidence that the selected terminated employees have been removed or disabled from the network.

We performed the procedures and discussed the results with management.

14) Prevention of Sexual Harassment

- A. Using the 5 randomly selected employees/officials from Payroll and Personnel procedure #9A, obtain sexual harassment training documentation from management, and observe that the documentation demonstrates each employee/official completed at least one hour of sexual harassment training during the calendar year as required by R.S. 42:343.
- B. Observe that the entity has posted its sexual harassment policy and complaint procedure on its website (or in a conspicuous location on the entity's premises if the entity does not have a website).

- C. Obtain the entity's annual sexual harassment report for the current fiscal period, observe that the report was dated on or before February 1, and observe that the report includes the applicable requirements of R.S. 42:344:
- i. Number and percentage of public servants in the agency who have completed the training requirements;
 - ii. Number of sexual harassment complaints received by the agency;
 - iii. Number of complaints which resulted in a finding that sexual harassment occurred;
 - iv. Number of complaints in which the finding of sexual harassment resulted in discipline or corrective action; and
 - v. Amount of time it took to resolve each complaint.

No exceptions noted.
