Report on the Audit of the Financial Statements

Independent Auditor's Report

Board of Directors Mothers Against Drunk Driving Irving, Texas

Opinion

We have audited the financial statements of Mothers Against Drunk Driving (MADD), which comprise the statement of financial position as of December 31, 2022, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of MADD as of December 31, 2022, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of MADD and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter

As described in Note 8 to the financial statements, in 2022, MADD adopted Accounting Standards Update 2016-02, *Leases (Topic 842)*. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about MADD's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to
 fraud or error, and design and perform audit procedures responsive to those risks. Such procedures
 include examining, on a test basis, evidence regarding the amounts and disclosures in the financial
 statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures
 that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
 effectiveness of MADD's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about MADD's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 30, 2023, on our consideration of MADD's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of MADD's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Stan*dards in considering MADD's internal control over financial reporting and compliance.

Notes to Financial Statements December 31, 2022

Note 1: Organization and Summary of Significant Accounting Policies

Organization

Mothers Against Drunk Driving (MADD) is a national not-for-profit organization whose mission is to end drunk driving, help fight drugged driving, support the victims of these violent crimes, and prevent underage drinking.

MADD is a Washington, D.C. not-for-profit corporation. The 37 field locations (as of December 31, 2022) throughout the United States are integral parts of the corporation and have no separate legal status. Moreover, they function under the auspices of the MADD National Office, which in addition to directly administering various nationwide programs, provides organizational, technical, and other support services to these community-based groups.

Community programs consist of prevention and awareness programs and campaigns that are administered by the National Office and field locations to achieve the mission of MADD. These include programs to promote greater awareness about the problems of substance-impaired driving and underage drinking, programs to mobilize communities in eliminating these problems, support and advocacy services to drunk and drugged driving victims and their families, and other related programs. The following is a list of some of these programs, campaigns, and activities:

Community Outreach, Public Awareness, and Public Policy

- * Campaign to Eliminate Drunk Driving®
- * Public Policy/Government Relations
 - Legislative Updates and Alerts
 - Advocacy
 - e-Newsletter
- Discussion Forum
- Statistics
- * Law Enforcement Recognition Events
- * Law Enforcement Support/Collaboration
- * Court Monitoring Program
- * Tie One On for Safety®
- * Community Awareness Events

- * madd.org
- * Media Awards
- * Walk Like MADD®
- * MADD National Conference
- * Public Service Announcements
- * Media Communications/Press Events
- * Direct Mail Education/Awareness Programs
- * Telephone Education/Awareness Programs
- * General Educational materials & Brochures
- * Volunteer Management: Driven to Save Lives
- * MADD Victim Impact Panels®
- * Community Partner Support and Collaboration

Underage Drinking Prevention

- * Power of Parents® Program
- * PowerTalk 21® day

- * Power of Community® program
- * *Power of You(th)*® program
- * Power of Parents Start Making a Right Turn (SMARTTM) parent program
- * Power of You(th) Start Making a Right Turn (SMARTTM) teen program

Notes to Financial Statements December 31, 2022

Victim Services

- * Victim Assistance 24 Hour 877-MADD-HELP helpline * Beginning and Advanced Victim
- * Crisis Intervention for Victims
- * Court Accompaniment
- * Victim Assistance Support, Advocacy & Education
- * Victim Services How-to Manuals
- * Online Victim Support Groups in English and Spanish
- * Child Endangerment Assistance
- * Concerned Citizens Assistance
- * Death Notification Seminars
- * Victim Support Groups
- * Victim Service Public Service Announcements
- * Victim Tributes
- * National Day of Remembrance
- * Peer Support Connections

- * Beginning and Advanced Victin Assistance Training Institutes
- * Training of Allied Professionals
- * Trauma Tips
- * Crime Victim Rights Week
- * Victim Assistance Literature
- * MADDvocate® Magazine
- * MADD Victim Impact Panels®
- * Victim Photo Board Wall of Honor
- * Candlelight Victim/Survivor Tributes
- * Live Online Chat Support
- * Facebook Victim Support Group
- * Portraits of Healing Program

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenses, gains, losses and other changes in net assets during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

MADD considers all liquid investments with original maturities of three months or less to be cash equivalents. At December 31, 2022, cash equivalents consisted primarily of money market accounts with brokers. Uninvested cash and cash equivalents included in investment accounts are not considered to be cash and cash equivalents. At December 31, 2022, MADD's cash accounts exceeded federally insured limits by approximately \$2,300,000.

Investments and Net Investment Return

Investments in equity securities having a readily determinable fair value and in all debt securities are carried at fair value. Investment return includes dividend, interest and other investment income; realized and unrealized gains and losses on investments carried at fair value; less external and direct internal investment expenses.

Notes to Financial Statements December 31, 2022

Investment return that is initially restricted by donor stipulation and for which the restriction will be satisfied in the same year is included in net assets with donor restrictions and then released from restriction. Other investment return is reflected in the statement of activities with or without donor restrictions based upon the existence and nature of any donor or legally imposed restrictions.

Trade Accounts Receivable and Grants Receivable

Trade accounts receivable are stated at the amount of consideration from customers or participants, of which MADD has an unconditional right to receive. MADD provides an allowance for doubtful accounts, which is based upon a review of outstanding receivables, historical collection information and existing economic conditions. No allowance was deemed necessary as of December 31, 2022.

Grants receivable consists of amounts due from government agencies and represent amounts due to MADD in accordance with cost-reimbursement contracts. Government grant receivables are fully collectible.

Prepaid Expenses and Other Assets

Prepaid expenses and other assets consist of deposits, prepaid insurance, and other similar amounts that relate to future periods.

Literature and Supplies Inventory

Supplies of literature and other program-related materials are stated at the lower of cost or net realizable value, with cost being determined using the actual cost method.

Property and Equipment

Property and equipment acquisitions are stated at cost, less accumulated depreciation and amortization. MADD capitalizes items in excess of \$5,000 which have a useful life greater than one year. Depreciation and amortization is charged to expense on the straight-line basis over the estimated useful life of each asset. Assets under leasehold improvements are amortized over the shorter of the lease term or respective estimated useful lives.

The estimated useful lives for each major depreciable classification of property and equipment are as follows:

Furniture and fixtures 3 - 5 years
Office equipment 3 - 5 years
Copier equipment 3 - 5 years
Leasehold improvements Shorter of useful life or life of the lease

Notes to Financial Statements December 31, 2022

Long-Lived Asset Impairment

MADD evaluates the recoverability of the carrying value of long-lived assets whenever events or circumstances indicate the carrying amount may not be recoverable. If a long-lived asset is tested for recoverability and the undiscounted estimated future cash flows expected to result from the use and eventual disposition of the asset are less than the carrying amount of the asset, the asset cost is adjusted to fair value and an impairment loss is recognized as the amount by which the carrying amount of a long-lived asset exceeds its fair value. No asset impairment was recognized during the year ended December 31, 2022.

Deferred Revenue

Deferred revenue for MADD primarily consists of advance payments from granting agencies or future events to be held and are recognized when the underlying conditions or event occurs.

Net Assets

Net assets, revenues, gains and losses are classified based on the existence or absence of donor or grantor restrictions.

Net assets without donor restrictions are available for use in general operations and not subject to donor or certain grantor restrictions.

Net assets with donor restrictions are subject to donor or certain grantor restrictions. Some restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other restrictions are perpetual in nature, where the donor or grantor stipulates that resources be maintained in perpetuity.

Revenue Recognition

Performance Obligations

Revenue from victim impact panel and court ordered revenue and licenses, registration and other revenue is measured as the amount of consideration MADD expects to receive in exchange for transferring distinct goods or providing benefit to event attendees. MADD's revenue generated from exchange transactions consists substantially of registration revenue for *MADD Victim Impact Panels*® and Law Enforcement Recognition Events, court ordered revenue, and licensing agreements. MADD recognizes revenue when performance obligations under the terms of contracts with its customers or attendees are satisfied, which occurs over the course of the related event or panel.

Revenue from exchange transactions under government contracts is measured at the amount of consideration MADD expects to receive in exchange for transferring services to the governmental entity. MADD's revenue generated from such exchange transactions consists of monitoring, gathering information, and reporting back to the government related to impaired driving court cases over a given time period. MADD recognizes revenue when performance obligations under the terms of contracts are satisfied, which occurs as related allowable expenditures are incurred.

Notes to Financial Statements December 31, 2022

All revenues were recognized over time for the year ended December 31, 2022, with the exception of mailing list revenues of \$35,929, which is included in licenses, registration and other revenue in the accompanying statement of activities.

Contributions

Contributions are provided to MADD either with or without restrictions placed on the gift by the donor. Revenues and net assets are separately reported to reflect the nature of those gifts – with or without donor restrictions. The value recorded for each contribution is recognized as follows:

Nature of the Gift

Value Recognized

Conditional gifts, with or without restriction

Gifts that depend on MADD overcoming a donor-imposed barrier to be entitled to the funds

Not recognized until the gift becomes unconditional, *i.e.* the donor-imposed barrier is met

Unconditional gifts, with or without restriction

Received at date of gift – cash and other

assets

Fair value

Received at date of gift – property, equipment and long-lived assets

Estimated fair value

Expected to be collected within one year

Net realizable value

Collected in future years

Initially reported at fair value determined using the discounted present value of estimated future cash

flows technique

In addition to the amount initially recognized, revenue for unconditional gifts to be collected in future years is also recognized each year as the present-value discount is amortized using the level-yield method. Contributions receivable are primarily from organizations or individuals and are stated at the amount that management expects to collect from outstanding balances.

When a donor stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions. Absent explicit donor stipulations for the period of time that long-lived assets must be held, expirations of restrictions for gifts of land, buildings, equipment and other long-lived assets are reported when those assets are placed in service.

Gifts and investment income that are originally restricted by the donor and for which the restriction is met in the same time period are recorded as revenue with donor restrictions and then released from restriction.

Conditional contributions having donor stipulations which are satisfied in the period the gift is received are recorded as revenue and net assets without donor restrictions.

Notes to Financial Statements December 31, 2022

Government Grants

Support funded by grants is recognized as MADD meets the conditions prescribed by the grant agreement, performs the contracted services or incurs outlays eligible for reimbursement under the grant agreements. Grant activities and outlays are subject to audit and acceptance by the granting agency and, as a result of such audit, adjustments could be required.

Special Events

MADD conducts special fundraising events, including golf tournaments, dinners, auctions and breakfasts. However, only events where there is a registration or participation fee are included in special events revenue; contributions raised in conjunction with events are included as contribution revenue. The cost of the direct benefit to donors that the participant receives at such events is presented on the statement of activities to result in net special events revenue. All other expenses related to special events are allocated to fundraising expense.

Victim Impact Panels

Revenue from victim impact panels is recognized as MADD satisfies their performance obligations, which is as the panels occur.

Licenses, Registration and Other

Licenses, promotions, and other revenue are recognized as MADD satisfies their performance obligations, which is over the course of the agreement. MADD has entered into royalty agreements with various third parties relating to use of the MADD name and brand. Revenue recognized under these royalty agreements is included in licenses, promotions, and other revenue in the accompanying statement of activities.

Conditional Grants

MADD has approximately \$12,200,000 in conditional government grants from various federal and state agencies at December 31, 2022 that are not recognized in the financial statements.

Advertising

Advertising costs are expensed as incurred. Total advertising costs for the year ended December 31, 2022, was \$2,279,082. In-kind advertising costs were \$1,011,274. It is the policy of MADD to record the estimated fair value of certain in-kind donations as an expense in its financial statements, and similarly increase contribution revenue by same amount.

Functional Allocation of Expenses

The costs of supporting the various programs and other activities have been summarized on a functional basis in the statement of activities. The statement of functional expenses presents the natural classification detail of expenses by function. Certain costs have been allocated among the program, management and general and fundraising categories based on employee time studies, specific identification and other methods.

Notes to Financial Statements December 31, 2022

Income Taxes

MADD is exempt from income taxes under Section 501 of the Internal Revenue Code and a similar provision of state law. However, MADD is subject to federal income tax on any unrelated business taxable income. For the year ended December 31, 2022, MADD had no unrelated business income.

MADD files tax returns in the U.S. federal jurisdiction.

General Litigation

MADD is subject to a claim that arose primarily in the ordinary course of its activities. It is the opinion of management the disposition or ultimate resolution of such claim will not have a material adverse effect on the financial position, change in net assets and cash flows of MADD. Events could occur that would change this estimate materially in the near term.

Note 2: Investments

Investments at December 31, 2022 consisted of the following:

Cash and cash equivalents Certificates of deposit, negotiable	\$ 97,629 1,193,388
Mutual funds:	
Fixed income	6,469,776
Domestic stock equities	2,419,868
International stock equities	 1,680,506
Total investments	\$ 11,861,167

Total net investment return is comprised of the following:

Interest and dividend income	\$ 258,296
Net realized gains on sales of investments	963
Net unrealized losses on investments	(2,168,083)
Investment fees	 (30,384)
Total net investment return	\$ (1,939,208)

Notes to Financial Statements December 31, 2022

Note 3: Disclosures About Fair Value

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- **Level 1** Quoted prices in active markets for identical assets
- Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets
- **Level 3** Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets

Recurring Measurements

The following table presents the fair value measurements of investments recognized in the accompanying statement of financial position measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2022:

			Fair Value Measurements Using					
	Fair Value		fo	tive Markets r Identical Assets (Level 1)	0	ignificant bservable Inputs (Level 2)	Inp	ervable outs rel 3)
Investments								
Cash and cash equivalents	\$	97,629	\$	97.629	\$	_	\$	_
Certificates of deposit	Ψ	1,193,388	Ψ	-	Ψ	1,193,388	Ψ	_
Mutual funds:		-,-,-,-,-				-,-,-,-		
Fixed income		6,469,776		6,469,776		_		_
Domestic stock		2,419,868		2,419,868		_		_
International stock		1,680,506		1,680,506				
Total investments	\$	11,861,167	\$	10,667,779	\$	1,193,388	\$	

The following is a description of the inputs and valuation methodologies used for assets measured at fair value on a recurring basis and recognized in the accompanying statement of financial position, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2022.

Notes to Financial Statements December 31, 2022

Investments

Where quoted market prices are available in an active market, investments are classified within Level 1 of the valuation hierarchy. Level 1 investments include mutual funds. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows and are classified as Level 2. In certain cases where Level 1 or Level 2 inputs are not available, investments are classified within Level 3 of the hierarchy.

Note 4: Contributions Receivable

MADD has entered into various sponsorships agreements with third parties. The terms of the agreements range from one to fifteen years. Included in contributions receivable are the following unconditional promises to give at December 31, 2022:

Pledges and charitable lead trust receivable before unamortized di	\$ 1,524,621
Less unamortized discount	(33,520)
Contributions receivable, net	\$ 1,491,101

Contributions receivable are discounted using rates ranging from 1% to 3%.

Contributions receivable are expected to be collected in:

Less than one year	\$ 926,037
One to five years	514,419
Greater than five years	 84,165
	 _
	\$ 1,524,621

MADD is a beneficiary of a charitable lead trust from which MADD is to receive over a period of 15 years, an amount each year equal to the value of the remaining income and principal of the trust fund divided by the number of years remaining in the term of the trust fund. The present value of future cash receipts from this trust fund was approximately \$131,773 as of December 31, 2022 and is recorded in contributions receivable.

Notes to Financial Statements December 31, 2022

Note 5: Property and Equipment

Property and equipment consist of the following at December 31, 2022:

Furniture and fixtures	\$ 227,138
Office equipment	663,060
Copier equipment	190,121
Leasehold improvements	450,087
	1,530,406
Less accumulated depreciation and amortization	(1,175,564)
Property and equipment, net	\$ 354,842

Depreciation and amortization expense for the year ended December 31, 2022 was \$3,134 and \$37,751, respectively.

Note 6: Accrued Liabilities

Accrued liabilities consist of the following at December 31, 2022:

Ψ	1,224,054
	145,367
	186,378
\$	1,555,799
	\$

Notes to Financial Statements December 31, 2022

Note 7: Net Assets With Donor Restriction

Net assets with donor restrictions at December 31, 2022 are restricted for the following purposes or periods:

Subject to expenditure for specified purpose	
Underage drinking prevention	\$ 101,709
Campaign To Eliminate Drunk Driving	45,612
Other	 10,000
	157,321
Subject to the maggaca of time	107,021
Subject to the passage of time	147.070

Power of Youth	16,648
Victim services	21,171
Walk	 4,600
	 116,327
	\$ 823,524

Note 8: Leases (ASC 842)

Change in Accounting Principle

In February 2016, the FASB issued ASU 2016-02, *Leases (Topic 842)*. This ASU requires lessees to recognize a lease liability and a right-of-use (ROU) asset on a discounted basis, for substantially all leases, as well as additional disclosures regarding leasing arrangements. Disclosures are required to enable users of financial statements to assess the amount, timing and uncertainty of cash flows arising from leases. In July 2018, the FASB issued ASU 2018-11, *Leases (Topic 842): Targeted Improvements*, which provides an optional transition method of applying the new lease standard.

Notes to Financial Statements December 31, 2022

MADD adopted Topic 842 on January 1, 2022 (the effective date). MADD elected the package of practical expedients under the new standard, which permits entities to not reassess lease classification, lease identification or initial direct costs for existing or expired leases prior to the effective date. MADD has lease agreements with nonlease components that relate to the lease components. MADD elected the practical expedient to account for nonlease components and the lease components to which they relate as a single lease component for all. Also, MADD elected to keep short-term leases with an initial term of 12 months or less off the statement of financial position. MADD did not elect the hindsight practical expedient in determining the lease term for existing leases as of January 1, 2022.

The most significant impact of adoption was the recognition of operating lease ROU assets and operating lease liabilities of \$3,021,790 and \$3,498,581, respectively. As part of adopting the standard, previously recognized liabilities for deferred rent and lease incentives were reclassified as a component of the ROU assets. The standard did not significantly affect the statements of activities or cash flows.

Accounting Policies

MADD determines if an arrangement is a lease or contains a lease at inception. MADD capitalizes leased assets in excess of \$10,000. Leases result in the recognition of ROU assets and lease liabilities on the statement of financial position. ROU assets represent the right to use an underlying asset for the lease term, and lease liabilities represent the obligation to make lease payments arising from the lease, measured on a discounted basis. MADD determines lease classification as operating or finance at the lease commencement date.

MADD combines lease and nonlease components, such as common area and other maintenance costs, and accounts for them as a single lease component in calculating the ROU assets and lease liabilities for its office space.

At lease commencement, the lease liability is measured at the present value of the lease payments over the lease term. The ROU asset equals the lease liability adjusted for any initial direct costs, prepaid or deferred rent, and lease incentives. MADD has made a policy election to use a risk-free rate (the rate of a zero-coupon U.S. Treasury instrument) for the initial and subsequent measurement of all lease liabilities. The risk-free rate is determined using a period comparable with the lease term.

The lease term may include options to extend or to terminate the lease that MADD is reasonably certain to exercise. Lease expense is generally recognized on a straight-line basis over the lease term.

MADD has elected not to record leases with an initial term of 12 months or less on the statement of financial position. Lease expense on such leases is recognized on a straight-line basis over the lease term.

Notes to Financial Statements December 31, 2022

Nature of Leases

MADD has entered into the following lease arrangements:

Operating Leases

MADD leases office space for the branch offices that expire in various years through 2033. These leases generally contain renewal options for periods ranging from 1 to 5 years and require MADD to pay all executory costs (property taxes, maintenance and insurance). Lease payments have escalating fee schedules on various timelines, which range from 1 to 27 percent increases in various years. Termination of the leases is generally prohibited unless there is a violation under the lease agreement.

MADD leases copiers for office use. Under the terms of the lease agreements, MADD has purchase options which are not reasonably certain to be exercised that are not included in the future minimum lease payments.

All Leases

MADD has no material related-party leases. MADD's lease agreements do not contain any material residual value guarantees or material restrictive covenants.

Quantitative Disclosures

The lease cost and other required information for the year ended December 31, 2022 are:

Lease cost	
Operating lease cost	\$ 950,809
Variable lease cost	52,254
Total lease cost	\$ 1,003,063
Other information	
Cash paid for amounts included in the measurement of	
lease liabilities	
Operating cash flows from operating leases	\$ 1,234,518
Right-of-use assets obtained in exchange for new	
operating lease liabilities	3,300,569
Weighted-average remaining lease term	
Operating leases	4.86 years
Weighted-average discount rate	
Operating leases	3.0%

Notes to Financial Statements December 31, 2022

Future minimum lease payments and reconciliation to the statement of financial position at December 31, 2022, are as follows:

2023	\$ 876,624
2024	564,663
2025	356,214
2026	307,074
2027	231,451
Thereafter	499,284
Total future undiscounted lease payments	2,835,310
Less imputed interest	 (215,145)
Lease liabilities	\$ 2,620,165

Note 9: Liquidity and Availability

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of December 31, 2022, comprise the following:

Cash and cash equivalents	\$ 2,630,245
Investments	11,861,167
Trade accounts receivable	177,708
Grants receivable	1,981,743
Contributions receivable	 1,491,101
Total financial assets	 18,141,964
Less donor imposed restrictions not expected to be used in next year	
Donor imposed restrictions	
Restricted funds	 1,261,422
Total donor imposed restrictions	 1,261,422
Financial assets available to meet cash needs for	
general expenditures within one year	\$ 16,880,542

Notes to Financial Statements December 31, 2022

MADD receives significant contributions restricted by donors and considers contributions restricted for programs which are ongoing, major and central to its annual operations to be available to meet cash needs for general expenditures. For the year ended December 31, 2022, restricted contributions of \$387,000 were included in financial assets available to meet cash needs for general expenditures within one year.

MADD manages its liquidity and reserves following three guiding principles: operating within a prudent range of financial soundness and stability, maintaining adequate liquid assets to fund near-term operating needs and maintaining sufficient reserves to provide reasonable assurance that long-term obligations will be discharged. MADD has a liquidity goal to maintain current financial assets less current liabilities at a minimum of six months operating expenses, excluding in-kind expenses. To achieve these targets, MADD forecasts its future cash flows and monitors its liquidity and reserves, and monitors its reserves daily.

Note 10: Employee Benefit Plans

MADD has two employee benefit plans. A defined contribution retirement plan (the 401(a) Plan) and a tax-deferred retirement plan (the 403(b) Plan). The 401(a) Plan covers all eligible employees of MADD who are at least 21 years of age, have completed one year of service, and have worked at least 1,000 hours. Employee contributions are not allowed under the 401(a) Plan. Employees are fully vested after five years of service or, if hired prior to July 1989 are fully vested after three years of service. Employer contributions are discretionary and determined annually by MADD. There were no discretionary contributions for the year ended December 31, 2022.

MADD allows eligible employees to contribute to the 403(b) Plan, which is subject to Sections 403 and 501 of the Code. All eligible employees may contribute to the 403(b) Plan any whole percentage of their eligible salary not to exceed the maximum allowed by the Code. The total value of the participant's contribution is fully and immediately vested. MADD matches eligible employee contributions up to 3percent of compensation. MADD's contributions to the 403(b) Plan, which are included in salaries, benefits, and taxes on the statement of functional expenses, was \$268,906 for the year ended December 31, 2022.

Note 11: Allocation of Joint Costs

MADD conducted activities that included requests for contributions, as well as program components. Those activities included direct mail marketing activities. The costs of conducting those activities included a total of \$3,196,740 in 2022 of joint costs, which are not specifically attributable to particular components of the activities. These joint costs were allocated as follows:

Notes to Financial Statements December 31, 2022

Fundraising	\$ 1,570,654
Campaign to eliminate drunk driving	1,477,225
Underage drinking prevention	21,877
Victim services	126,984
	\$ 3,196,740

Note 12: Contributed Nonfinancial Assets

For the year ended December 31, 2022, contributed nonfinancial assets recognized within the statement of activities included contributed advertising services in the amount of \$1,011,274. Such nonfinancial assets were recognized within revenue. No amounts of contributed nonfinancial assets had donor-imposed restrictions.

MADD does not sell contributed advertising services, rather all services are utilized as they are contributed. Advertising services are included within advertising expense on the statement of functional expenses within the program such advertising is most closely related to.

Contributed advertising services is recorded at the estimated value of such services. Estimated values are provided by the contributors of services based on amounts that would otherwise be charged for services, which includes factors such as amount of time and space utilized and the overall reach of the advertising. Advertising services are contributed and utilized within the United States (that is, the principal market).

Contributions of services are recognized as revenue at their estimated fair value only when the services received create or enhance nonfinancial assets or require specialized skills possessed by the individuals providing the service and the service would typically need to be purchased if not donated. Contributions of services also include services received from personnel of an affiliate.

Note 13: Related Party Transactions

MADD is the recipient of contributions from several members of the board of directors and organizations related to these individuals. During 2022, MADD received approximately \$150,000 of contributions from related parties.

During 2022, MADD paid \$30,824 in payroll processing fees to a payroll provider, of which a member of the board of directors was a member of management.

Notes to Financial Statements December 31, 2022

Note 14: Commitments, Concentrations and Uncertainties

Contributions and Government Grants

At December 31, 2022, four donors comprised approximately 71% of contributions receivable.

For the year ended December 31, 2022, approximately 27% of total revenue was related to federal awards, and approximately 97% of total federal awards were related to two federal agencies.

Investments

MADD invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the accompanying statement of financial position.

Note 15: CARES Act

Paycheck Protection Program

MADD received a second Payroll Protection Program (PPP) loan established by the *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act) in January 2021 totaling \$2,000,000, which was subject to forgiveness if certain conditions were satisfied. MADD elected to account for the funding as a conditional contribution by applying ASC Topic 958-605, *Revenue Recognition*. Revenue is recognized when conditions are met, which include meeting full-time equivalent employee and salary reduction requirements, incurring eligible expenditures, and receiving forgiveness notification from the U.S. Small Business Administration. During 2022, MADD received notification that the PPP loan had been forgiven and recognized contribution revenue in the accompanying statement of activities.

Employee Retention Credit

On March 27, 2020, President Trump signed into law the Coronavirus Aid, Relief, and Economic Security Act (CARES Act). One provision of this law is the Employee Retention Credit, which permits a payroll tax credit each calendar quarter. During 2020, if an employer met certain qualifications, they are able to take a credit equal to 50 percent of qualified wages limited to \$10,000 per employee with a maximum credit of \$5,000 per employee for all eligible quarters of 2020 in the aggregate. During 2021, if an employer met certain qualifications, they are able to take a credit equal to 70 percent of qualified wages limited to \$10,000 per quarter per employee with a maximum credit of \$7,000 per employee per quarter. In order to qualify for and receive the credit against payroll taxes (in the form of a payroll tax refund), MADD must meet the eligibility criteria and file for the tax credit with the IRS.

Notes to Financial Statements December 31, 2022

Management filed for the employee retention credit in 2022, in the amount of \$1,225,669 for the 4th quarter of 2020, and accounts for it under the conditional contribution provisions of ASC 958 *Not-for-Profit Entities*. Management considers the employee retention credit a contribution that is conditional until notice is received from the IRS indicating acknowledgement of the credit and MADD's related eligibility for it. As of December 31, 2022, this acknowledgement had not been received from the IRS and the amount of the credit has not been recorded as grant revenue in the statement of activities. The amount is included within the conditional grants amount disclosed in Note 1. In 2023, the IRS approved the Employee Retention Credit in full and payment was received in full.

Note 16: Revenue from Contracts with Customers

Victim Impact Panel Revenue

Revenue is measured as the amount of consideration MADD expects to receive in exchange for providing benefit to victim impact panel attendees. These amounts are due from attendees and include variable consideration for in person victim impact panel rescheduling fees. Revenue is recognized as performance obligations are satisfied, which is ratably over the victim impact panel, or upon expiration of the time frame for the completion of the panel, whichever occurs first.

Victim impact panel revenue for 2022 was \$9,874,930, and is included in victim impact panels and court ordered revenue in the accompanying statement of activities.

Registration Revenue

Revenue is measured as the amount of consideration MADD expects to receive in exchange for providing benefit to event attendees. These amounts are due from attendees and does not include variable consideration. Revenue is recognized as performance obligations are satisfied, which is ratably over the event.

Registration revenue for 2021 was \$547,220, and is included in licenses, registration and other revenue in the accompanying statement of activities.

Government Contracts Revenue

Revenue is measured as the amount of consideration MADD expects to receive in exchange for performing services for a governmental entity. These amounts are based on MADD incurring qualifying expenditures and includes variable consideration based on the amount of costs incurred by MADD. Revenue is recognized as performance obligations are satisfied, which is as qualifying expenditures are incurred.

Government contracts revenue for 2022 was \$428,754 and is included in government grants and contracts in the accompanying statement of activities.

Notes to Financial Statements December 31, 2022

Transaction Price and Recognition

MADD determines the transaction price based on standard charges for goods and services provided. Payment is typically due at the time the contract is entered into, or in accordance with the terms of the specific agreement.

Subsequent changes to the estimate of the transaction price are generally recorded as adjustments to revenue in the period of the change. Subsequent changes that are determined to be the result of an adverse change in the customer's ability to pay are recorded as bad debt expense.

MADD has determined that the nature, amount, timing and uncertainty of revenue and cash flows are affected by the following factors:

- Payors (for example, customer, event attendees, etc.) that have different reimbursement and payment methodologies
- Geography of the service location
- MADD's line of business that provided the service

For the year ended December 31, 2022, MADD recognized revenue of \$11,094,619 from services that transfer to the customer or attendee over time and \$35,929 from goods that transfer to the customer at a point in time.

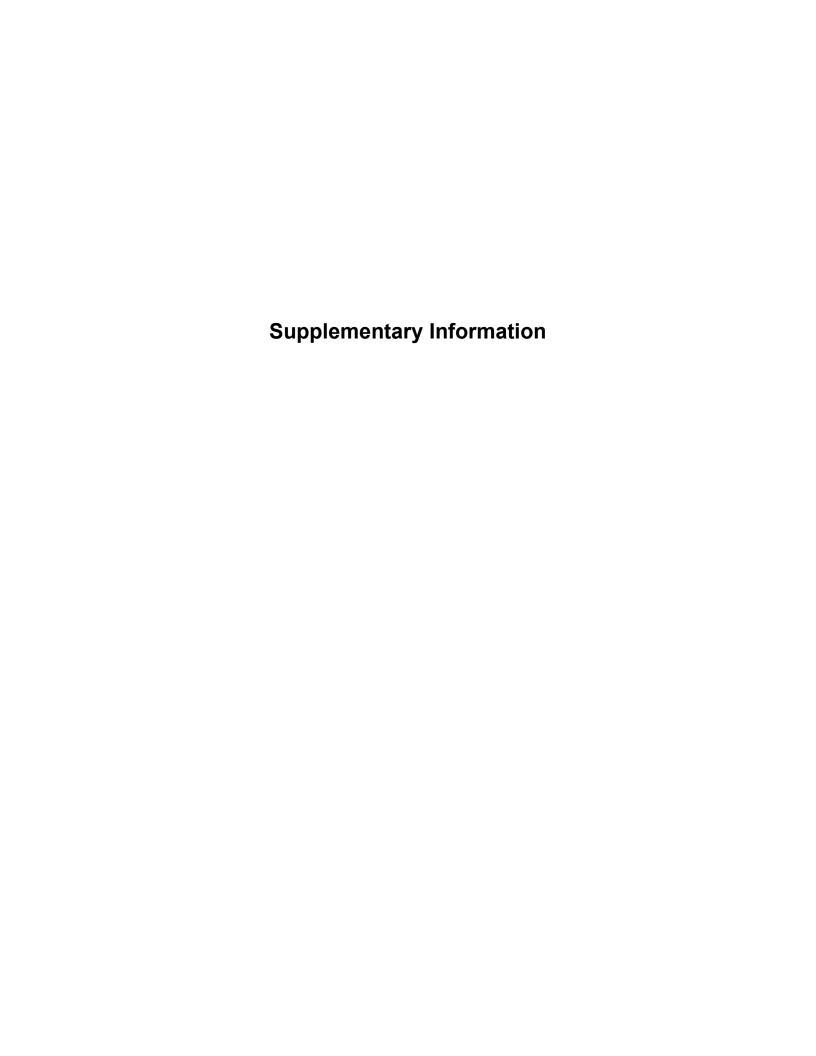

Contract Balances

The following table provides information about MADD's accounts receivable and contract liabilities, which are included within trade accounts receivable and deferred revenue, respectively, in the accompanying statement of financial position, from contracts with customers:

Accounts receivable, beginning of year	\$ 231,426
Accounts receivable, end of year	177,708
·	
Contract liabilities, beginning of year	\$ 77,950
Contract liabilities, end of year	82,641

Note 17: Subsequent Events

Subsequent events have been evaluated through June 30, 2023, which is the date the financial statements were available to be issued.

Schedule of Expenditures of Federal Awards (Continued) Year Ended December 31, 2022

Note 1: Note 1: Basis of Presentation

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal award activity of MADD under programs of the federal government for the year ended December 31, 2022. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of MADD, it is not intended to and does not present the financial position, changes in net assets or cash flows of MADD.

Note 2: Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule, if any, represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

Note 3: Indirect Cost Rate

MADD has elected to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.

Note 4: Federal Loan Programs

MADD did not have any federal loans outstanding as of December 31, 2022.

Note 5: Subrecipients

MADD did not pass any of its federal grants to subrecipients during the year ended December 31, 2022.

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

Independent Auditor's Report

Board of Directors Mothers Against Drunk Driving Irving, Texas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of Mothers Against Drunk Driving (MADD), which comprise MADD's statement of financial position as of December 31, 2022, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated June 30, 2023, which contained an "Emphasis of Matter" paragraph regarding a change in accounting principle.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered MADD's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of MADD's internal control. Accordingly, we do not express an opinion on the effectiveness of MADD's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether MADD's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

FORVIS, LLP

Dallas, Texas June 30, 2023

14241 Dallas Parkway, Suite 1100 / Dallas, TX 75254 **P** 972.702.8262 / **F** 972.702.0673 **forvis.com**

Report on Compliance for Each Major Federal Program and Report on Internal Control Over Compliance

Independent Auditor's Report

Board of Directors Mothers Against Drunk Driving Irving, Texas

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Mothers Against Drunk Driving's (MADD) compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of MADD's major federal programs for the year ended December 31, 2022. MADD's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, MADD complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the "Auditor's Responsibilities for the Audit of Compliance" section of our report.

We are required to be independent of MADD and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of MADD's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to MADD's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on MADD's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, Government Auditing Standards, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about MADD's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, Government Auditing Standards, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design
 and perform audit procedures responsive to those risks. Such procedures include examining, on
 a test basis, evidence regarding MADD's compliance with the compliance requirements referred to
 above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of MADD's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of MADD's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the "Auditor's Responsibilities for the Audit of Compliance" section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
