## INDEPENDENT AUDITOR'S REPORT

Board of Commissioners  
Recreational District No. 2 of  
Livingston Parish  
Livingston Parish Council  
Watson, Louisiana

### ***Report on the Financial Statements***

#### ***Opinion***

We have audited the accompanying financial statements of the governmental activities, the major fund (the General Fund), and the budgetary comparison statement of the General Fund of the Recreation District No. 2 of Livingston Parish, State of Louisiana, “the District,” a component unit of the Livingston Parish Council, as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the governmental activities and the major fund (the General Fund) of the Recreation District No. 2 of Livingston Parish, State of Louisiana as of December 31, 2021, and the respective changes in financial position and respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Responsibilities of Management for the Financial Statements***

The District's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for one year after the date that the financial statements are issued.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Report on Summarized Comparative Information***

We have previously audited the District's December 31, 2020 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated June 9, 2021. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2020, is consistent, in all material respects, with the audited financial statements from which it has been derived.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis information on pages 4 through 9 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated June 15, 2022, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Respectfully submitted,

*Hannis T. Bourgeois, LLP*

Recreation District No. 2 of Livingston Parish  
Watson, LA  
Management's Discussion and Analysis  
December 31, 2021

This section of the Recreation District No. 2 of Livingston Parish's (the District) annual financial report represents our discussion and analysis of the District's financial activities for the year ended December 31, 2021. This document focuses on the current year's activities, resulting changes, and currently known facts. Please read this document in conjunction with the detailed financial statements.

**FINANCIAL HIGHLIGHTS**

- \* Net Position on December 31, 2021 and 2020 was \$4,188,672 and \$3,875,042 respectively.
- \* The Net Position of the Governmental Activities showed an increase of \$313,630 in 2021, and an increase of \$228,568 in 2020.
- \* The total General Fund balance at December 31, 2021 was \$2,408,948. This reflects an increase in 2021 to the General Fund of \$294,088 or 13.91%. In 2020, the General Fund balance increased \$275,472 or 14.98%.
- \* At the end of 2021, Unassigned General Fund Balance of \$2,408,948 represents 167.47% of total General Fund Expenditures.
- \* The District's 2021 ad valorem tax revenue increased by 2.27%, while experiencing an increase of 5.69% in 2020. The ad valorem tax revenue totaled \$1,172,648 in 2021 and \$1,146,629 in 2020, representing 67.69% and 73.99% of the total revenues in each of the respective years.

**OVERVIEW OF FINANCIAL STATEMENTS**

This discussion and analysis is intended to serve as an introduction to the basic financial statements of the District. The District's basic financial statements are comprised of three components: 1) the government-wide financial statements, 2) the fund financial statements, and 3) the notes to the financial statements.

**Government-wide financial statements** are designed by GASB Statement 34 to change the way in which governmental financial statements are presented. It now provides readers for the first time a concise “entity-wide” Statement of Net Position and Statement of Activities, seeking to give the user of the financial statements a broad overview of the District’s financial position and results of operations in a manner similar to a private-sector business.

The *Statement of Net Position* presents information on all of the District’s assets and liabilities, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The *Statement of Activities* presents information showing how the District’s net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and accrued but unpaid interest).

The government-wide financial statements can be found on pages 10 - 11 of this report.

**Fund financial statements.** A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with financial-related legal requirements. All of the funds of the District are governmental type funds.

*Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government’s near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government’s near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The District adopts an annual appropriated budget for its general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 12-16 of this report.

**Notes to the financial statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 17 - 29 of this report.

**GOVERNMENT-WIDE FINANCIAL ANALYSIS**

**STATEMENT OF NET POSITION**

The following is a schedule of the District’s net position at December 31, 2021 and 2020. Net position is calculated by taking the difference between the total assets and total liabilities. The District’s assets exceeded its liabilities at the close of 2021 by a total of \$4,188,672

	<u>2021</u>	<u>2020</u>	<u>Increases (Decreases)</u>

## STATEMENT OF ACTIVITIES

The District provides recreational facilities, activities and programs for the area citizens. Included in this are both revenue and non-revenue producing activities. Most of the funding for the District's operation and maintenance is provided by property taxes and public based program fees.

Property taxes are the largest source of revenue for the District. The District collects 15 mills for the operation and maintenance of the park system. This money is put into the General Fund and is used to pay for the operation and maintenance of the park system. The operation and maintenance mills must be renewed every ten years. In May 2015, the voters continued the millage for an additional period of 10 years, to the year 2024.

Other sources of revenue for the District include ball field rental fees, concessions, grants, and interest on investments. The following chart shows the major source of revenues and expenses.

### **Condensed Statement of Activities**

	<u>2021</u>	<u>2020</u>	<u>Increases (Decreases)</u>
Revenues:			
Program Revenues	\$ 552,824	\$ 394,033	\$ 158,791
General Revenues	1,179,705	1,155,708	23,997
	<u>1,732,529</u>	<u>1,549,741</u>	182,788
Expenses

Depreciation	95,988	88,687	7,301
	<u>1,418,899</u>	<u>1,321,173</u>	97,726
Change in Net Position	<u>\$ 313,630</u>	<u>\$ 228,568</u>	<u>\$ 85,062</u>

### REVENUES

- 2021 Property tax revenue increased \$26,019 or 2.27% from the previous year.
- In 2021, the District received interest income totaling \$7,057 on cash reserves.
- In 2021, the District received no grant revenue.
- In 2021, the District's program and tournament revenue totaled \$155,231 or a 31.85% increase from the previous year totals, revealing a rising level of receipts due to the end of Covid 19 restrictions and impact on programs. The District is now handling concessions in house versus outsourcing and has planned for a large increase for forecasted tournament revenues.

## EXPENSES

Total expenses increased by \$97,726 or 7.4%. This increase was due to various increases and decreases in expenses as outlined below.

- Salaries and related expenses decreased \$5,352.
- Repairs and maintenance costs decreased by \$4,858 over the prior year.
- Program expenses decreased by \$6,357.
- Concession expense increased by \$83,850 due to a full year of running the concessions.
- Bank charges decreased by \$2,467.
- Utilities increased by \$14,995.
- Legal and Accounting, Miscellaneous, and Assessor's Pension Fund increased by \$11,280.
- Intergovernmental transfer decreased by \$1,379.
- Rentals decreased \$16,527 due to decreased maintenance.

## BUDGETARY HIGHLIGHTS

- The final amended budget for revenues reflects an increase of \$110,100. Ad valorem tax revenues were decreased by \$9,000 and program and tournament revenue were increased by \$3,000. Ball field rental revenue was decreased by \$7,900. Concession revenue was increased by a net of \$119,000.
- In 2021, the District's actual revenues were more than the final budget by \$28,429. Ad valorem taxes remain on an increase and have rebounded after the property valuation adjustments by the assessor regarding the August 2016 flood impact.
- The final amended budget for expenditures in 2021 reflects a decrease of \$22,500. The majority of the budget net decrease was due to capital improvement adjustments as originally planned for resulting in a decrease of \$32,800. In 2021, actual final capital outlay expenditure was less than amended budget by \$39,262, a favorable variance.
- Total actual expenditures along with capital outlay were less than final amended budget expenditures by \$72,759. A decrease in program expenses comprised \$24,883 and a decrease in capital outlay expense of \$39,262 of this favorable variance total.

## CAPITAL ASSETS

**Capital assets.** The District's investment in capital assets as of December 31, 2021 and 2020, amounts to \$1,758,181 and \$1,736,231, respectively (net of accumulated depreciation). The net increase in the District's net investment in capital assets for 2021 was \$21,950 and is composed of a net \$117,938 of additions, less depreciation expense of \$95,988, and with no dispositions.

Major capital asset events during 2021 included the following:

- Purchase of lighting improvement system for \$79,968
- Purchase of lightning detection system \$14,000
- Purchase of parking bumpers for \$14,375
- Purchase of AED heart units and concession equipment for \$9,595

## **FUTURE EXPENSES**

The District is committed to previous years' goals of accomplishing proper maintenance to the existing park facilities for the new population demand being experienced. The extreme growth in the number of homeowners in the District and the additional population wishing to use the park facilities will require continued support facilities and future upgrades for parking, etc. Construction of phase one of the master plan expansion of field complexes was completed in 2012. A Cooperative Endeavor agreement between the District and the Parish Council directs the District to transfer amounts to the Livingston Parish Council which in turn will be used to retire the debt. Additional funding was accomplished through the issuance of bonds in 2017 which allowed the District to purchase new land and to complete construction of a turf surface on many fields. The District also is overseeing the basketball, football, baseball, soccer, competitive tournament play and other innovation recreation programs in 2021 and beyond. The District is responsible for running the programs and providing facilities to the public to achieve recreational goals. Additional park improvements will be addressed in 2022 as capital improvements such as land improvements for soccer program space and facilities on the new land. In 2022-2023 field expansion improvements will be made with cash reserve funds for multiple sports play opportunities.

## **REQUESTS FOR INFORMATION**

The financial report is designed to provide our citizens and creditors with a general overview of the District's finances and reveal the Recreation District's accountability for the money received through its operations. If there are any questions about this report or need of additional financial information, contact Administrative Secretary, Randall Smith, P. O. Box 54, Watson, LA 70786.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021

**(1) Summary of Significant Accounting Policies -**

The Recreation District No. 2 “the District” is a corporate body created by the Livingston Parish Council as provided by Louisiana Revised Statutes. The District is governed by a board of seven commissioners who are appointed by the Livingston Parish Council.

The financial statements of the District have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the standard-setting body for governmental accounting and financial reporting. The GASB periodically updates its codification of the existing Governmental Accounting and Financial Reporting Standards which, along with subsequent GASB pronouncements (Statements and Interpretations), constitutes GAAP for governmental units. The more significant of these accounting policies are described below and, where appropriate, subsequent pronouncements will be referenced.

A. Financial Reporting Entity

This report includes all funds which are controlled by or dependent on the District's Board of Commissioners. Control by or dependence on the board was determined on the basis of taxing authority, authority to issue debt, election or appointment of governing body, and other general oversight responsibility.

In conformance with Governmental Accounting Standards Board, Statement 61, the District is a component unit of the Livingston Parish Council, the governing body of the parish. The accompanying financial statements present information only on the funds maintained by the Recreation District and do not present information on the Council and the general government services provided by that governmental unit.

B. Basis of Presentation

Basic Financial Statements - Government-Wide Statements

The Recreation District’s basic financial statements include both government-wide (reporting the District as a whole) and fund financial statements (reporting the District’s major fund). Both the government-wide and fund financial statements categorize primary activities as either governmental or business-type. There were no activities of the District categorized as a business-type activity.

LIVINGSTON PARISH**

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 2021

In the government-wide Statement of Net Position, the governmental activity column (a) is presented on a consolidated basis by column, (b) and is reported on a full accrual, economic resource basis.

The government-wide Statement of Activities reports both the gross and net cost of the District's functions. The Statement of Activities reduces gross expenses by related program revenues, operating and capital grants. Program revenues must be directly associated with the function. Operating grants include operating-specific and discretionary (either operating or capital) grants while capital grants reflects capital-specific grants.

The net costs (by function) are normally covered by general revenue (taxes, interest and investment earnings, etc.).

The District does not allocate indirect costs.

This government-wide focus is more on the sustainability of the District as an entity and the change in the District's net position resulting from the current year's activities.

Basic Financial Statements - Fund Financial Statements

The financial transactions of the District are reported in an individual fund in the fund financial statements. This fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets, liabilities, reserves, fund equity, revenues and expenditures. This fund is reported by generic classification within the financial statements.

The District uses the following fund type:

Governmental Funds:

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental fund of the District:

The General Fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund. At December 31, 2021, it is the only fund of the District.

C. Basis of Accounting and Measurement Focus

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

**1. Accrual -**

The governmental activities in the government-wide financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

Revenues of the District consist principally of property taxes, charges for services and interest income. Interest income is recorded when earned. Property taxes are recorded as revenues when levied even though a portion of the taxes may be collected in subsequent years.

**2. Modified Accrual -**

The governmental funds financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). "Measurable" means that the amount of the transaction can be determined and "available" means that the amount of the transaction is collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. A sixty day availability period is used for all governmental fund type revenues. Expenditures are recorded when the related fund liability is incurred. Depreciation is not recognized in the Governmental Fund Financial Statements.

D. Capital Assets

Capital assets are reported in the government-wide financial statements at historical cost. Additions, improvements or other capital outlays costing at least \$1,000 and significantly extend the useful life of an asset are capitalized. Costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on a straight line basis over the following estimated useful lives:

Buildings	20 to 40 years
Parking Area	20 years
Fencing, Lighting, Bleachers and Equipment	5 to 30 years
Vehicles	5 years

E. Budgetary Practices

The District utilizes the following budgetary practices:

The Administrative Secretary prepares the annual budget which is based on what is expected to be collected and/or levied during the fiscal year and is approved by the Board. The adopted budget constitutes the authority of the Recreation District No. 2 to incur liabilities and authorize expenditures from the respective budgeted funds. Additionally, certain expenditures are approved monthly by the Board before payment.

All budget amounts presented in the financial statements have been adjusted for legally authorized revisions of the annual budget during the year.

F. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates, particularly given the significant social and economic disruptions and uncertainties associated with the ongoing COVID-19 pandemic and the COVID-19 control responses, and such differences may be material.

G. COVID-19 Pandemic

The COVID-19 outbreak in the United States and globally has caused an economic downturn on a global scale, disrupted global supply chains, and created significant uncertainty, volatility, and disruption across economies and financial markets. Therefore, uncertainty remains regarding the ongoing impact of the COVID-19 outbreak upon the District's financial condition and future results of operations, as well as upon the significant estimates and assumptions that may be utilized in reporting certain assets and liabilities .

H. Summary Financial Information for 2020 and Reclassification

The financial statements include certain prior year summarized information in total. Such information does not include sufficient details to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the District's financial statements for the year ended December 31, 2020, from which the summarized information was derived.

I. Fund Balance

In accordance with the provisions of Governmental Accounting Standards Board Statement No. 54, the District presents the following classification of fund balances in the governmental fund financial statements:

Nonspendable - Amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted - Amounts that can be spent only for specific purposes because of the state or federal laws, or externally imposed conditions by grantors or creditors.

Committed - Amounts that can only be used for specific purposes determined by a formal action of the District. These amounts cannot be used for any other purpose unless the District removes or changes the specified use by taking the same type of action that was employed when the funds were initially committed.

Assigned - Amounts that are designated as committed by the District but are not spendable until a budget resolution is passed.

Unassigned - All amounts not included in other spendable classifications; positive amounts are only in the general fund. The District has not adopted a policy to maintain the general fund's unassigned fund balance above a certain minimum balance.

The details of the fund balances are included in the Balance Sheet - Governmental Funds. Restricted funds are used first as appropriate. Assigned Funds are reduced to the extent that expenditure authority has been budgeted by the District or the Assignment has been changed by the District. Decreases to fund balance first reduce Unassigned Fund balance; in the event that Unassigned becomes zero, then Assigned and Committed Fund Balances are used in that order.

(2) **Cash and Cash Equivalents -**

For reporting purposes, cash and cash equivalents include cash, demand deposits, and time certificates of deposit. Under state law the District may deposit funds within a fiscal agent bank organized under the laws of the State of Louisiana, any other state in the union, or under the laws of the United States. Further, the District may invest in time deposits or certificates of deposit of state banks organized under Louisiana law and national banks having principal offices in Louisiana.

As confirmed by the fiscal agents, the District had cash and cash equivalents totaling \$1,368,759 with a carrying amount of \$1,290,246 at December 31, 2021. Cash and cash equivalents are stated at cost, which approximates market. These deposits must be secured under state law by federal deposit insurance or the pledge of securities owned by the bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the bank. The following is a summary of cash and cash equivalents at December 31, 2021:

**RECREATION DISTRICT NO. 2 OF  
LIVINGSTON PARISH**

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 2021

	Book Balance	Bank Balance
Cash Held	\$ 2,700	\$ -
Demand Deposits and Savings Accounts	1,287,546	1,368,759
	\$ 1,290,246	\$ 1,368,759

**Custodial Credit Risk - Deposits.** In the case of deposits, this is the risk that in the event of a bank failure, the District’s deposits may not be returned to it. To mitigate this risk, state law requires for these deposits (or the resulting bank balances) to be secured by federal deposit insurance or the pledge of securities by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent bank. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. The pledged securities are deemed by Louisiana State Law to be under the control and possession and in the name of the District regardless of its designation by the financial institution in which it is deposited. As of December 31, 2021, none of the District’s bank balance of \$1,368,759 was exposed to custodial credit risk.

**(3) Property Taxes -**

On May 2, 2015, an election was held whereby the voters of Recreation District No. 2 of Livingston Parish approved the renewal of the 10 year 15.00 mill ad valorem tax assessed on all property subject to taxation within the District for the purpose of “constructing, improving, maintaining, and operating the District’s recreational facilities governed by the District.” This assessment began in the year 2015 and will end with the year 2024.

Property taxes attach as an enforceable lien on property as of January 1, of each year. Taxes are levied in September or October and are actually billed to the taxpayers in November. Billed taxes become delinquent on January 1 of the following year.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 2021

33:1321 - 1337, which provides for financing agreements between political subdivisions. On December 17, 2015, the Livingston Parish Council issued \$3,820,000 Local Government Environmental Facilities and Community Development Authority Revenue Refunding Bonds (Livingston Parish, Louisiana – Live Oak Sports Complex Project), Series 2015 for the purpose of refunding a portion of the 2008 Series Bonds maturing in the years 2019-2038 (including all sinking fund payments associated therewith), funding the Reserve Fund for the Bonds, and paying the costs of issuance of the Bonds. The net proceeds of \$3,767,788 were used to purchase U.S. government securities. Those securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the 2008 Series bonds. As a result, \$3,590,000 of the 2008 Series Bonds were considered in-substance defeased and the District no longer has a commitment for the defeased portion of 2008 Series Bonds. During 2018, the defeased bonds were paid off. This advance refunding was undertaken to decrease total debt service payments over the next 23 years by \$360,687 and resulted in an economic gain of \$172,959.

On April 12, 2017, the Board of Commissioners of the District voted to adopt a Resolution requesting for the Parish of Livingston to proceed with a bond issue not to exceed \$2,000,000 through the Louisiana Local Government Environmental Facilities and Community Development Authority in order to provide funds for the District to acquire, design, construct, and develop public parks, playgrounds, and recreational properties and facilities within the District. The Board of Commissioners also voted to authorize entering into a Local Service Agreement between the Parish of Livingston and the District, in accordance with the provisions of Louisiana Revised Statutes 33:1321 – 1337, which provides for financing agreements between political subdivisions. On June 14, 2017, the Board voted to authorize the Parish of Livingston to proceed with a financing amount not to exceed \$2,000,000 in bonds for the facility expansion and other costs related to the issuance of the debt. Bonds in the amount of \$1,860,000 were issued on July 18, 2017 with scheduled maturities through 2044. The bonds were issued in the name of the Livingston Parish Council and are recorded on the books of the Livingston Parish Council. The Livingston Parish Council administered the construction funds as they were spent on the construction of the new recreational facilities and purchases of land. According to the provisions of the Local Service Agreement, the Parish agreed to deposit the proceeds of the bonds into a construction account to enable the District to finance the Projects and pay the cost of issuance of the bonds while the District agreed to pay the payment obligations to the Trustee, on behalf of the Parish, in accordance with the debt covenant requirements of the loan from current ad valorem tax revenues. During 2017, the District purchased land for future expansion and started a park improvement project with the funds.

For the year ended December 31, 2021, a total of \$340,448 was paid by the District to the Livingston Parish Council for sinking fund payments for the Series 2015 and 2017 Bonds. A total of \$9,897,386 is anticipated to be paid to the trustee on behalf of the Livingston Parish Council by the District by the end of 2044 as provided by the Local Service Agreements. As of December 31, 2021, a total of \$7,608,893 is outstanding and due to the Livingston Parish Council.

**(11) Current Year Adoption of New Accounting Standards -**

During the year the District adopted GASB Statement No 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*. The objectives of this Statement are to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and to simplify accounting for interest cost incurred before the end of a construction period. This statement had no effect on the District's financial statements.

**(12) Current Accounting Pronouncements -**

In May 2017, the Governmental Accounting Standards Board issued GASB Statement No 87, *Leases*. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities.

**RECREATION DISTRICT NO. 2 OF  
LIVINGSTON PARISH**

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 2021

The requirements of this Statement are effective for reporting periods beginning after June 15, 2021. Earlier application is encouraged. Leases should be recognized and measured using the facts and circumstances that exist at the beginning of the period of implementation (or, if applied to earlier periods, the beginning of the earliest period restated). However, lessors should not restate the assets underlying their existing sales-type or direct financing leases. Any residual assets for those leases become the carrying values of the underlying assets.

In March 2020, the Governmental Accounting Standards Board issued GASB Statement No 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*. The primary objective of this Statement is to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs). This Statement also provides guidance for accounting and financial reporting for availability payment arrangements (APAs). As defined in this Statement, an APA is an arrangement in which a government compensates an operator for services that may include designing, constructing, financing, maintaining, or operating an underlying nonfinancial asset for a period of time in an exchange or exchange-like transaction. The requirements of this Statement are effective for fiscal years beginning after June 15, 2022, and all reporting periods thereafter. Earlier application is encouraged.

In May 2020, the Governmental Accounting Standards Board issued GASB Statement No 96 *Subscription-Based Information Technology Arrangements*. This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset-an intangible asset-and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. To the extent relevant, the standards for SBITAs are based on the standards established in Statement No. 87, Leases, as amended. The requirements of this Statement are effective for fiscal years beginning after June 15, 2022, and all reporting periods thereafter. Earlier application is encouraged.

In June 2020, the Governmental Accounting Standards Board issued GASB Statement No 97, *Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans*. The primary objectives of this Statement are to (1) increase consistency and comparability related to the reporting of fiduciary component units in circumstances in which a potential component unit does not have a governing board and the primary government performs the duties that a governing board typically would perform; (2) mitigate costs associated with the reporting of certain defined contribution pension plans, defined contribution other postemployment benefit (OPEB) plans, and employee benefit plans other than pension plans or OPEB plans (other employee benefit plans) as fiduciary component units in fiduciary fund financial statements; and (3) enhance the relevance, consistency, and comparability of the accounting and financial reporting for Internal Revenue Code (IRC) Section 457 deferred compensation plans (Section 457 plans) that meet the definition of a pension plan and for benefits provided through those plans. The requirements of this Statement that are related to the accounting

and financial reporting for Section 457 plans are effective for fiscal years beginning after June 15, 2021. For purposes of determining whether a primary government is financially accountable for a potential component unit, the requirements of this Statement that provide that for all other arrangements, the absence of a governing board be treated the same as the appointment of a voting majority of a governing board if the primary government performs the duties that a governing board typically would perform, are effective for reporting periods beginning after June 15, 2021. Earlier application of those requirements is encouraged and permitted by requirement as specified within this Statement.

Management is currently evaluating the effects of the new GASB pronouncements.

**(13) Subsequent Events -**

Management has evaluated subsequent events and transactions for potential recognition or disclosures in the financial statements through June 15, 2022, the date which the financial statements were available to be issued.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL  
OVER FINANCIAL REPORTING AND ON COMPLIANCE  
AND OTHER MATTERS BASED ON AN AUDIT OF COMPONENT  
UNIT FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
*GOVERNMENT AUDITING STANDARDS*

Board of Commissioners  
Recreation District No. 2 of  
Livingston Parish  
Livingston Parish Council  
Watson, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the major fund (the General Fund), and the budgetary comparison statement of the major fund of Recreation District No. 2 of Livingston Parish (the District) a component unit of the Livingston Parish Council, as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated June 15, 2022.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that is required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose; however, under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

Respectfully submitted,

*Hannis T. Bourgeois, LLP*

Finding 2020-01 Bank Account Undercollateralized

Criteria:

Louisiana law requires deposits over \$250,000, the FDIC insured limit, to be secured by collateral (R.S. 39:1218).

Condition:

At December 31, 2020, the District had a bank account with a bank balance of \$419,648 and the balance in excess of \$250,000 was not collateralized in accordance with (R.S. 39:1218).

Cause:

The District opened the bank account in the prior year and inadvertently did not set up an agreement with the bank to collateralize balances in excess of \$250,000, FDIC insured limit.

Effect:

Because there was not a collateral agreement in place to collateralize the account balance in excess of \$250,000 FDIC insured limit, \$169,648 of the District's account balance was exposed to custodial credit risk and the District was not in compliance with R.S. 39:1218.

Recommendation:

We recommended the District implement procedures to monitor their bank account balances more closely and take appropriate steps set up a pledged collateral agreement with the bank for bank account balances in excess of \$250,000.

Management's Response:

Management enacted in May 2021, a transfer of funds policy whereby the transfer of all concessions funds located in the Hancock Whitney account above a \$220,000 level will be transferred back into the Capital One bank account (which is properly collateralized routinely by Capital One's Public Funds section for the FDIC protective levels for funds above \$250,000). Hancock Whitney would not protect the amount in the concession account beyond the routine \$250,000 that FDIC allows. We will continue to use the Hancock account but ensure monthly that no funds surpass the \$250,000 amount.

Corrective Action:

At December 31, 2021, cash funds in the concession account were less than \$250,000 and were fully insured by FDIC. Pledged collateral was not required.

Independent Accountant’s Report  
on Applying Agreed-Upon Procedures

To the Board of Commissioners  
Recreation District No.2 of Livingston Parish  
Denham Springs, Louisiana

We have performed the procedures enumerated below on the control and compliance (C/C) areas identified in the Louisiana Legislative Auditor’s (LLA) Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period January 1, 2021 through December 31, 2021. Recreation District No. 2 of Livingston Parish’s (the District) management is responsible for those C/C areas identified in the SAUPs.

The District has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is to perform specified procedures on the C/C areas identified in LLA’s SAUPs for the fiscal period January 1, 2021 through December 31, 2021. Additionally, LLA has agreed to and acknowledged that the procedures performed are appropriate for its purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated exceptions are as follows:

***Written Policies and Procedures***

---

1. Obtain and inspect the entity’s written policies and procedures and observe whether they address each of the following categories and subcategories if applicable to public funds and the entity’s operations:
  - a) ***Budgeting***, including preparing, adopting, monitoring, and amending the budget. – **No exceptions.**
  - b) ***Purchasing***, including (1) how purchases are initiated; (2) how vendors are added to the vendor list; (3) the preparation and approval process of purchase requisitions and purchase orders; (4) controls to ensure compliance with the Public Bid Law; and (5) documentation required to be maintained for all bids and price quotes.

**Exception** - The District does have written policies and procedures for purchasing that address documentation requirements on quotes and bids, but the procedures do not outline the dollar thresholds requiring quotes and the bids which would assist in compliance with public bid laws.

- c) **Disbursements**, including processing, reviewing, and approving. – **No exceptions.**
- d) **Receipts/Collections**, including receiving, recording, and preparing deposits. Also, policies and procedures should include management’s actions to determine the completeness of all collections for each type of revenue or agency fund additions (e.g., periodic confirmation with outside parties, reconciliation to utility billing after cutoff procedures, reconciliation of traffic ticket number sequences, agency fund forfeiture monies confirmation). – **No exceptions.**
- e) **Payroll/Personnel**, including (1) payroll processing, (2) reviewing and approving time and attendance records, including leave and overtime worked, and (3) approval process for employee(s) rate of pay or approval and maintenance of pay rate schedules. – **No exceptions.**
- f) **Contracting**, including (1) types of services requiring written contracts, (2) standard terms and conditions, (3) legal review, (4) approval process, and (5) monitoring process. – **No exceptions.**
- g) **Credit Cards (and debit cards, fuel cards, P-Cards, if applicable)**, including (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers of statements, and (5) monitoring card usage (e.g., determining the reasonableness of fuel card purchases). – **No exceptions.**
- h) **Travel and Expense Reimbursement**, including (1) allowable expenses, (2) dollar thresholds by category of expense, (3) documentation requirements, and (4) required approvers. – **No exceptions.**
- i) **Ethics**, including (1) the prohibitions as defined in Louisiana Revised Statute (R.S.) 42:1111-1121, (2) actions to be taken if an ethics violation takes place, (3) system to monitor possible ethics violations, and (4) a requirement that documentation is maintained to demonstrate that all employees and officials were notified of any changes to the entity’s ethics policy. – **No exceptions.**
- j) **Debt Service**, including (1) debt issuance approval, (2) continuing disclosure/EMMA reporting requirements, (3) debt reserve requirements, and (4) debt service requirements.

**Exception** – The District does have written policies and procedures for debt service that address debt issuance approval but the policies do not specifically address continuing disclosure/EMMA reporting requirements, debt reserve requirements, and debt service requirements.

- k) **Information Technology Disaster Recovery/Business Continuity**, including (1) identification of critical data and frequency of data backups, (2) storage of backups in a separate physical location isolated from the network, (3) periodic testing/verification that backups can be restored, (4) use of antivirus software on all systems, (5) timely application of all available system and software patches/updates, and (6) identification of personnel, processes, and tools needed to recover operations after a critical event. – **No exceptions.**
- l) **Sexual Harassment**, including R.S. 42:342-344 requirements for (1) agency responsibilities and prohibitions, (2) annual employee training, and (3) annual reporting. – **No exceptions.**

***Board or Finance Committee***

---

- 2. Obtain and inspect the board/finance committee minutes for the fiscal period, as well as the board’s enabling legislation, charter, bylaws, or equivalent document in effect during the fiscal period, and:

- a) Observe that the board/finance committee met with a quorum at least monthly, or on a frequency in accordance with the board's enabling legislation, charter, bylaws, or other equivalent document. – **No exceptions.**
- b) For those entities reporting on the governmental accounting model, observe whether the minutes referenced or included monthly budget-to-actual comparisons on the general fund, quarterly budget-to-actual, at a minimum, on proprietary funds, and semi-annual budget-to-actual, at a minimum, on all special revenue funds. – **No exceptions.**
- c) For governmental entities, obtain the prior year audit report and observe the unassigned fund balance in the general fund. If the general fund had a negative ending unassigned fund balance in the prior year audit report, observe that the minutes for at least one meeting during the fiscal period referenced or included a formal plan to eliminate the negative unassigned fund balance in the general fund. – **No exceptions.**

### ***Bank Reconciliations***

---

- 3. Obtain a listing of entity bank accounts for the fiscal period from management and management's representation that the listing is complete. Ask management to identify the entity's main operating account. Select the entity's main operating account and randomly select 4 additional accounts (or all accounts if less than 5). Randomly select one month from the fiscal period, obtain and inspect the corresponding bank statement and reconciliation for each selected account, and observe that:
  - a) Bank reconciliations include evidence that they were prepared within 2 months of the related statement closing date (e.g., initialed and dated or electronically logged); – **No exceptions.**
  - b) Bank reconciliations include evidence that a member of management/board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation (e.g., initialed and dated, electronically logged); and – **No exceptions.**
  - c) Management has documentation reflecting it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date, if applicable. – **No exceptions.**

### ***Collections (excluding electronic funds transfers)***

---

- 4. Obtain a listing of deposit sites for the fiscal period where deposits for cash/checks/money orders (cash) are prepared and management's representation that the listing is complete. Randomly select 5 deposit sites (or all deposit sites if less than 5).
- 5. For each deposit site selected, obtain a listing of collection locations and management's representation that the listing is complete. Randomly select one collection location for each deposit site (i.e., 5 collection locations for 5 deposit sites), obtain and inspect written policies and procedures relating to employee job duties (if no written policies or procedures, inquire of employees about their job duties) at each collection location, and observe that job duties are properly segregated at each collection location such that:
  - a) Employees responsible for cash collections do not share cash drawers/registers. – **No exceptions.**
  - b) Each employee responsible for collecting cash is not responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g., pre-numbered receipts) to the deposit. – **No exceptions.**

- c) Each employee responsible for collecting cash is not responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit. – **No exceptions.**
  - d) The employee(s) responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or agency fund additions, are not responsible for collecting cash, unless another employee/official verifies the reconciliation. – **No exceptions.**
6. Obtain from management a copy of the bond or insurance policy for theft covering all employees who have access to cash. Observe the bond or insurance policy for theft was enforced during the fiscal period. – **No exceptions.**
7. Randomly select two deposit dates for each of the 5 bank accounts selected for procedure #3 under “Bank Reconciliations” above (select the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly select a deposit if multiple deposits are made on the same day). *Alternately, the practitioner may use a source document other than bank statements when selecting the deposit dates for testing, such as a cash collection log, daily revenue report, receipt book, etc.* Obtain supporting documentation for each of the 10 deposits and:
- a) Observe that receipts are sequentially pre-numbered. – **No exceptions.**
  - b) Trace sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip. – **No exceptions.**
  - c) Trace the deposit slip total to the actual deposit per the bank statement. – **No exceptions.**
  - d) Observe the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100 and the cash is stored securely in a locked safe or drawer).

**Exception** – For two of the deposits tested, we couldn’t determine the number of days from physical receipt to deposit because a date received was not noted on the collection support. For one of the deposits, the checks were dated October 23, 2021 and October 20, 2021 and the deposit was posted to the bank account on November 1, 2021. For the other deposit, the check was dated October 8, 2021 and the deposit was posted to the bank account on November 1, 2021. For these transactions, it appears that the actual deposits were made more than one business day after the physical collection.

- e) Trace the actual deposit per the bank statement to the general ledger. – **No exceptions.**

***Non-Payroll Disbursements (excluding card purchases/payments, travel reimbursements, and petty cash purchases)***

---

8. Obtain a listing of locations that process payments for the fiscal period and management’s representation that the listing is complete. Randomly select 5 locations (or all locations if less than 5). – **No exceptions.**
9. For each location selected under #8 above, obtain a listing of those employees involved with non-payroll purchasing and payment functions. Obtain written policies and procedures relating to employee job duties (if the agency has no written policies and procedures, inquire of employees about their job duties), and observe that job duties are properly segregated such that:
- a) At least two employees are involved in initiating a purchase request, approving a purchase, and placing an order/making the purchase. – **No exceptions.**

- b) At least two employees are involved in processing and approving payments to vendors. – **No exceptions.**
- c) The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files. – **No exceptions.**
- d) Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments. – **No exceptions.**

[Note: Exceptions to controls that constrain the legal authority of certain public officials (e.g., mayor of a Lawrason Act municipality) should not be reported.] – **No exceptions.**

10. For each location selected under #8 above, obtain the entity’s non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtain management’s representation that the population is complete. Randomly select 5 disbursements for each location, obtain supporting documentation for each transaction, and: – **No exceptions.**
  - a) Observe whether the disbursement matched the related original itemized invoice and supporting documentation indicates deliverables included on the invoice were received by the entity. – **No exceptions.**
  - b) Observe whether the disbursement documentation included evidence (e.g., initial/date, electronic logging) of segregation of duties tested under #9, as applicable. – **No exceptions.**

#### ***Credit Cards/Debit Cards/Fuel Cards/P-Cards***

---

11. Obtain from management a listing of all active credit cards, bank debit cards, fuel cards, and P-cards (cards) for the fiscal period, including the card numbers and the names of the persons who maintained possession of the cards. Obtain management’s representation that the listing is complete. – **No exceptions.**
12. Using the listing prepared by management, randomly select 5 cards (or all cards if less than 5) that were used during the fiscal period. Randomly select one monthly statement or combined statement for each card (for a debit card, randomly select one monthly bank statement), obtain supporting documentation, and:
  - a) Observe whether there is evidence that the monthly statement or combined statement and supporting documentation (e.g., original receipts for credit/debit card purchases, exception reports for excessive fuel card usage) were reviewed and approved, in writing (or electronically approved), by someone other than the authorized card holder. [Note: Requiring such approval may constrain the legal authority of certain public officials (e.g., mayor of a Lawrason Act municipality); these instances should not be reported.] – **No exceptions.**
  - b) Observe that finance charges and late fees were not assessed on the selected statements. – **No exceptions.**
13. Using the monthly statements or combined statements selected under #12 above, excluding fuel cards, randomly select 10 transactions (or all transactions if less than 10) from each statement, and obtain supporting documentation for the transactions (i.e., each card should have 10 transactions subject to testing). For each transaction, observe it is supported by (1) an original itemized receipt that identifies precisely what was purchased, (2) written documentation of the business/public purpose, and (3) documentation of the individuals participating in meals (for meal charges only). For missing receipts, the practitioner should describe the nature of the transaction and note whether management had a compensating control to address missing receipts, such as a “missing receipt statement” that is subject to increased scrutiny. – **No exceptions.**

### ***Travel and Travel-Related Expense Reimbursements (excluding card transactions)***

---

14. Obtain from management a listing of all travel and travel-related expense reimbursements during the fiscal period and management's representation that the listing or general ledger is complete. Randomly select 5 reimbursements, obtain the related expense reimbursement forms/prepaid expense documentation of each selected reimbursement, as well as the supporting documentation. For each of the 5 reimbursements selected: – **There were no travel and travel related expense reimbursements during the current fiscal period.**
- a) If reimbursed using a per diem, observe the approved reimbursement rate is no more than those rates established either by the State of Louisiana or the U.S. General Services Administration ([www.gsa.gov](http://www.gsa.gov)). – **See above note.**
  - b) If reimbursed using actual costs, observe the reimbursement is supported by an original itemized receipt that identifies precisely what was purchased. – **See above note.**
  - c) Observe each reimbursement is supported by documentation of the business/public purpose (for meal charges, observe that the documentation includes the names of those individuals participating) and other documentation required by written policy (procedure #1h). – **See above note.**
  - d) Observe each reimbursement was reviewed and approved, in writing, by someone other than the person receiving reimbursement. – **See above note.**

### ***Contracts***

---

15. Obtain from management a listing of all agreements/contracts for professional services, materials and supplies, leases, and construction activities that were initiated or renewed during the fiscal period. *Alternately, the practitioner may use an equivalent selection source, such as an active vendor list.* Obtain management's representation that the listing is complete. Randomly select 5 contracts (or all contracts if less than 5) from the listing, excluding the practitioner's contract, and:
- a) Observe whether the contract was bid in accordance with the Louisiana Public Bid Law (e.g., solicited quotes or bids, advertised), if required by law. – **No exceptions.**
  - b) Observe whether the contract was approved by the governing body/board, if required by policy or law (e.g., Lawrason Act, Home Rule Charter). – **No exceptions.**
  - c) If the contract was amended (e.g., change order), observe the original contract terms provided for such an amendment and that amendments were made in compliance with the contract terms (e.g., if approval is required for any amendment, was approval documented). – **No exceptions.**
  - d) Randomly select one payment from the fiscal period for each of the 5 contracts, obtain the supporting invoice, agree the invoice to the contract terms, and observe the invoice and related payment agreed to the terms and conditions of the contract. – **No exceptions.**

### ***Payroll and Personnel***

---

16. Obtain a listing of employees and officials employed during the fiscal period and management's representation that the listing is complete. Randomly select 5 employees or officials, obtain related paid salaries and personnel files, and agree paid salaries to authorized salaries/pay rates in the personnel files. – **No exceptions.**

17. Randomly select one pay period during the fiscal period. For the 5 employees or officials selected under #16 above, obtain attendance records and leave documentation for the pay period, and:
  - a) Observe all selected employees or officials documented their daily attendance and leave (e.g., vacation, sick, compensatory). (Note: Generally, officials are not eligible to earn leave and do not document their attendance and leave. However, if the official is earning leave according to a policy and/or contract, the official should document his/her daily attendance and leave.) – **No exceptions.**
  - b) Observe whether supervisors approved the attendance and leave of the selected employees or officials. – **No exceptions.**
  - c) Observe any leave accrued or taken during the pay period is reflected in the entity’s cumulative leave records. – **No exceptions.**
18. Observe the rate paid to the employees or officials agree to the authorized salary/pay rate found within the personnel file. – **No exceptions.**
19. Obtain a listing of those employees or officials that received termination payments during the fiscal period and management’s representation that the list is complete. Randomly select two employees or officials, obtain related documentation of the hours and pay rates used in management’s termination payment calculations and the entity’s policy on termination payments. Agree the hours to the employee or officials’ cumulative leave records, agree the pay rates to the employee or officials’ authorized pay rates in the employee or officials’ personnel files, and agree the termination payment to entity policy. – **No exceptions.**
20. Obtain management’s representation that employer and employee portions of third-party payroll related amounts (e.g., payroll taxes, retirement contributions, health insurance premiums, garnishments, workers’ compensation premiums, etc.) have been paid, and any associated forms have been filed, by required deadlines. – **No exceptions.**

### ***Ethics***

---

21. Using the 5 randomly selected employees/officials from procedure #16 under “Payroll and Personnel” above obtain ethics documentation from management, and:
  - a. Observe whether the documentation demonstrates each employee/official completed one hour of ethics training during the fiscal period. – **No exceptions.**
  - b. Observe whether the entity maintains documentation which demonstrates each employee and official were notified of any changes to the entity’s ethics policy during the fiscal period, as applicable. – **No exceptions.**

### ***Debt Service***

---

22. Obtain a listing of bonds/notes and other debt instruments issued during the fiscal period and management’s representation that the listing is complete. Select all debt instruments on the listing, obtain supporting documentation, and observe State Bond Commission approval was obtained for each debt instrument issued. – **No bonds or other debt instruments issued during the fiscal period.**
23. Obtain a listing of bonds/notes outstanding at the end of the fiscal period and management’s representation that the listing is complete. Randomly select one bond/note, inspect debt covenants, obtain supporting documentation for the reserve balance and payments, and agree actual reserve balances and payments to those required by debt covenants (including contingency funds, short-lived asset funds, or other funds required by the debt covenants). – **No exceptions.**

## *Fraud Notice*

---

24. Obtain a listing of misappropriations of public funds and assets during the fiscal period and management's representation that the listing is complete. Select all misappropriations on the listing, obtain supporting documentation, and observe that the entity reported the misappropriation(s) to the legislative auditor and the district attorney of the parish in which the entity is domiciled. – **There were no misappropriations of public funds nor assets noted during the fiscal period.**
25. Observe the entity has posted, on its premises and website, the notice required by R.S. 24:523.1 concerning the reporting of misappropriation, fraud, waste, or abuse of public funds. – **No exceptions.**

## *Information Technology Disaster Recovery/Business Continuity*

---

26. Perform the following procedures, **verbally discuss the results with management, and report “We performed the procedure and discussed the results with management.”**
  - a) Obtain and inspect the entity's most recent documentation that it has backed up its critical data (if no written documentation, inquire of personnel responsible for backing up critical data) and observe that such backup occurred within the past week. If backups are stored on a physical medium (e.g., tapes, CDs), observe evidence that backups are encrypted before being transported. – **We performed the procedure and discussed the results with management.**
  - b) Obtain and inspect the entity's most recent documentation that it has tested/verified that its backups can be restored (if no written documentation, inquire of personnel responsible for testing/verifying backup restoration) and observe evidence that the test/verification was successfully performed within the past 3 months. – **We performed the procedure and discussed the results with management.**
  - c) Obtain a listing of the entity's computers currently in use and their related locations, and management's representation that the listing is complete. Randomly select 5 computers and observe while management demonstrates that the selected computers have current and active antivirus software and that the operating system and accounting system software in use are currently supported by the vendor. – **We performed the procedure and discussed the results with management.**

## *Sexual Harassment*

---

27. Using the 5 randomly selected employees/officials from procedure #16 under “Payroll and Personnel” above, obtain sexual harassment training documentation from management, and observe the documentation demonstrates each employee/official completed at least one hour of sexual harassment training during the calendar year. – **Exception – None of the five employees/officials tested had the training during the calendar year.**
28. Observe the entity has posted its sexual harassment policy and complaint procedure on its website (or in a conspicuous location on the entity's premises if the entity does not have a website). – **No exceptions.**

29. Obtain the entity's annual sexual harassment report for the current fiscal period, observe that the report was dated on or before February 1, and observe it includes the applicable requirements of R.S. 42:344:
- a) Number and percentage of public servants in the agency who have completed the training requirements; **Exception – Only 3 of the District's public servants had the training during the calendar year.**
  - b) Number of sexual harassment complaints received by the agency. **No complaints were received by the District during 2021.**
  - c) Number of complaints which resulted in a finding that sexual harassment occurred. **Not applicable.**
  - d) Number of complaints in which the finding of sexual harassment resulted in discipline or corrective action. **Not applicable.**
  - e) Amount of time it took to resolve each complaint. **Not applicable.**

### **Management's Response/Corrective Action to Exceptions**

The District's responses to the exceptions identified in our performance of the SAUPs are attached. The District's responses were not subjected to any procedures applied in the SAUPs and, accordingly, we express no opinion or any assurance on them.

We were engaged by the District to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

The purpose of this report is solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.

Respectfully submitted,

Management's Response to Agreed-Upon Procedures for 12-31-21 AUP audit:

1-Written Procedures: Purchasing (b)

Manager will revise and secure board approval in 2022 on the revised procedure inclusive of the dollar amount limits regarding securing quotes and committing purchases linked with the current written procedures for purchasing items on quotes and bids.

2-Debt Service item (j)

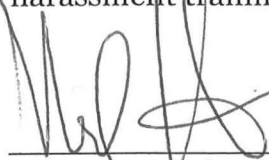

Procedure will be revised in 2022 and board approval secured to authorize Administrative Secretary to obtain the assistance of the banking representative to specifically address the continuing disclosure/EMMA reporting requirements along with debt reserve and debt service requirements.

3-Collections Item 7 (d)

Two exceptions were noted in October 2021, relating to deposits being made past one business day from the date received. The items noted were connected to tournament payments dated in October, but deposited on November 1, 2021. Manager will revise the current procedure to include a documented date stamp on the copy of the received checks to document that some checks issued to the District are pre dated but not received until later. The stamped documentation will verify the adherence to the current deposit policy within one banking day.

4-Training Sexual Harassment item (26) and (27)

Manager will confirm and document that all personnel/officials have completed sexual harassment training by the end of 2022.

Manager, Michael Hansen

Randall Smith, Administrative Secretary
