## INDEPENDENT AUDITORS' REPORT

### **Opinion**

We have audited the financial statements of the Jefferson Federation of Teachers Health & Welfare Fund (the "Fund"), an employee benefit plan, which comprise the statement of net assets available for benefits and benefit obligations as of August 31, 2022, the related statement of changes in net assets available for benefits and changes in benefit obligations for the year ended August 31, 2022, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial status of Jefferson Federation of Teachers Health & Welfare Fund as of August 31, 2022, and the changes in its financial status for the year ended August 31, 2022 in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Jefferson Federation of Teachers Health & Welfare Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Jefferson Federation of Teachers Health & Welfare Fund's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Fund's transactions that are presented and disclosed in the financial statements are in conformity with the Fund's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditors' Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Jefferson Federation of Teachers Health & Welfare Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Jefferson Federation of Teachers Health & Welfare Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## Supplemental Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of administrative expenses and compensation, benefits and other payments to agency head or chief executive officer are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole.

## Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated October 31, 2022 on our consideration of Jefferson Federation of Teachers Health & Welfare Fund's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Jefferson Federation of Teachers Health & Welfare Fund's internal control over financial reporting and compliance.

Respectfully submitted,

LeGlue & Company, CPAs, L.L.C.

## NOTES TO FINANCIAL STATEMENTS

### Jefferson Federation of Teachers Health & Welfare Fund

August 31, 2022

#### Note 1

##### Fund Description

The Jefferson Federation of Teachers Health & Welfare Fund (the "Fund") was established May 9, 1983 pursuant to a collective bargaining agreement entered into by and between the Jefferson Parish School Board ("Employer") and the Jefferson Federation of Teachers ("Union"), for and on behalf of teachers and other employees engaged in covered employment under the collective bargaining agreement.

The Fund is a voluntary employee beneficiary association ("VEBA") qualified under Section 501 (c) (9) of the Internal Revenue Code and organized and administered under Louisiana State law. Consequently, a trust agreement was adopted May 9, 1983 governing the Fund's administration and a plan of benefits was adopted subsequently thereto specifying the eligibility rules for employee and dependent participation and the benefits extended by the Fund.

Because the Fund has been established for the exclusive benefit of public employees and is funded pursuant to the collective bargaining agreement by contributions of a governmental agency, the Fund is a "governmental plan" exempt from the coverage of ERISA (the Employee Retirement Income Security Act of 1974). The Fund is not regulated by Section 302(c)(5) of the Labor Management Relations Act, despite its collectively bargained status, since the Act exempts from its purview employers and unions in the public sector.

The Fund is administered by ten Trustees, five of whom are appointed by and represented by the Employer, and five of whom are appointed by and represented by the Union. In the event of an Employer-Union deadlock in the Trustee votes, the Trust Agreement requires the parties to arbitrate any question concerning the Fund's administration. Although authorized by law to offer any benefit sanctioned by Section 501(c)(9) of the Internal Revenue Code, the Fund paid only dental and vision benefits and does not offer major medical benefits of any kind because the Fund's participants are also eligible participants in the State Employees Group Benefit Program. The Trustees of the Jefferson Federation of Teachers Health & Welfare Fund limit benefit coverage to those excess or non-core benefits not offered by the statewide fund.

Dental and vision benefits were fully insured.

The Fund is self-administered by an Administrative Manager employed directly by the Board of Trustees.

## Note 2

### Summary of Significant Accounting Policies

#### Basis of Accounting

The financial statements of the Fund have been prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

#### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

#### Contributions

All contributions submitted to the Fund are administered by the Board of Trustees pursuant to the Plan of Benefits, as amended from time to time.

#### Payment of Benefits

Insurance premiums paid by the Plan for dental and vision benefits are recorded as benefit premiums paid in the accompanying statement of changes in net assets available for benefits and changes in benefit obligations.

#### Depreciation

The Fund depreciates its furniture and equipment over useful lives of three to seven years using the straight-line method. Depreciation expense for the year ended August 31, 2022 was \$5,575.

#### Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are reported on a trade basis. Interest income is recorded on the accrual basis.

#### Uninsured Deposits

The Fund maintains cash on deposit with adequately capitalized financial institutions located in southeast Louisiana. At times, deposits may exceed Federal Deposit Insurance Corporation ("FDIC") maximum coverage (\$250,000 per institution). Management monitors the financial condition of the financial institution on a regular basis, along with their balances in cash to minimize the potential risk. At August 31, 2022, the Fund had no uninsured deposits.

## Note 2

(Continued)

### Accounting Guidance Not Yet Adopted

In February 2016, the FASB issued ASU 2016-02, *Leases* (Topic 842). The guidance in this ASU and its amendments supersedes the leasing guidance in Topic 840, entitled *Leases*. Under this guidance, lessees and lessors are required to recognize a right of use asset and lease liability on the statement of net assets available for benefits and benefit obligations for all leases with terms longer than 12 months. Leases will be classified as either finance or operating, with classification affecting the pattern of expense recognition in the statement of changes in net assets available for benefits and benefit obligations. For nonpublic entities, the standard is effective for fiscal years beginning after December 15, 2021. Early adoption is permitted. The Fund is currently evaluating the impact of the guidance on its financial statements.

## Note 3

### Funding Policy

The Jefferson Parish School Board contributed \$1,619,299 to the Fund for the year ended August 31, 2022. An employee may voluntarily contribute additional amounts, determined by the Trustees to purchase coverage for the employee's eligible dependents. Employees contributed \$1,392,279 during the year ended August 31, 2022, to obtain dependent coverage.

If eligibility is terminated due to cessation of employment or a reduction in hours, a former employee may pay for extended coverage pursuant to COBRA, state law and Fund rules for limited terms and under the limitations specified in the law and the Fund. In addition, an employee who retires is eligible to continue coverage on a self-pay basis subject to Fund rules. COBRA and retiree self-pay contributions totaled \$812,432 for the year ended August 31, 2022.

## Note 4

### Investments

The Fund's assets are held by a bank custodian and are invested by a professional investment manager pursuant to investment guidelines issued by the Trustees and pursuant to the bank's written contract with the Board. During the year the Fund's investments (including investments bought, sold, and held during the year) decreased in value by \$147,320.

## Note 5

### Fair Value Measurements

ASC Section 820, Fair Value Measurements and Disclosures, issued by the FASB, establishes a framework of measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC Section 820 are described below:

Note 5

(Continued)

- Level 1      Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Fund has the ability to access.
- Level 2      Inputs to the valuation methodology include: (1) quoted market prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for an asset or liability; and (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3      Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at August 31, 2022:

*Corporate Bonds:* Valued at the closing price reported on the active market on which the individual bonds are traded.

*Mutual Funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Fund are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and transact at that price. The mutual funds held by the Fund are deemed to be actively traded.

*Money Market Funds:* Valued at the closing price reported on the active market on which the funds are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Fund believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5

(Continued)

The following table sets forth by level, within the fair value hierarchy, the Fund's assets at fair value as of August 31, 2022:

	Investment Assets at Fair Value			
	As of August 31, 2022			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments:				
Money market funds	\$ 287,245	\$ -	\$ -	\$ 287,245
Mutual funds	921,563	-	-	921,563
Corporate bonds and notes	887,476	-	-	887,476
Total assets at Fair Value	<u>\$2,096,284</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$2,096,284</u>

Note 6

Tax Status

The Fund is tax-exempt under provisions of Section 501 (c)(9) of the U.S. Internal Revenue Code (IRC). The Fund and the trust are required to operate in conformity with IRC to maintain the tax-exempt status of the trust. The Fund Administrator believes that the Fund is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Fund and recognize a tax liability (or asset) if it has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service ("IRS"). Management has reviewed all tax positions taken in filings with the taxing authorities and believes that there would be no resulting adjustments to taxes paid should these positions be examined.

Note 7

Retirement Plan

Employees of the Fund participate in the Louisiana Teachers' Retirement System and therefore, accrue credits in that Fund's defined benefit plan in accordance with its own eligibility rules. No information is available concerning the Louisiana Teachers' Retirement System's actuarial soundness, net assets, or actuarial present value of accumulated vested and non-vested benefits.

Note 8

Leases

The Fund's office facilities were rented under a non-cancelable operating lease through May 31, 2023. Net rent expense for the year ended August 31, 2022 totaled \$16,323.

Note 8  
(Continued)

The future minimum lease payments under the non-cancelable operating lease are as follows:

Year ending	Amount
<u>August 31,</u>	
2023	<u>11,067</u>
Total	<u>\$ 11,067</u>

Note 9  
Related Party Activities

When the Fund extended their lease in 2014, they entered in agreement with the Jefferson Federation of Teachers (the "Union") to share adjoining space. The Union agreed to reimburse the Fund \$295 per month for one-half of the common space. The Union also agreed to reimburse the Fund \$90 per month for internet access. Total reimbursement for the year ended August 31, 2022 amounted to \$5,275.

Note 10  
Risks and Uncertainties

The Fund invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statement of net assets available for benefits and benefit obligations.

Note 11  
Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were issued, October 31, 2022, and determined that no events occurred that require disclosure. No other subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

## INDEPENDENT AUDITORS' REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENTAL AUDITING STANDARDS

To the Trustees  
Jefferson Federation of Teachers  
Health & Welfare Fund  
Metairie, Louisiana

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Governmental Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of Jefferson Federation of Teachers Health & Welfare Fund, which comprise the statement of net assets available for benefits and benefit obligations as of August 31, 2022, and the related statement of changes in net assets available for benefits and changes in benefit obligations for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated October 31, 2022.

### Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Jefferson Federation of Teachers Health & Welfare Fund's internal control over financial reporting to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Jefferson Federation of Teachers Health & Welfare Fund's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Fund's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above. However, material weaknesses may exist that have not been identified.

## Compliance and Other Matters

As part of obtaining reasonable assurance about whether Jefferson Federation of Teachers Health & Welfare Fund's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations and contracts, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The result of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

## Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Respectfully submitted,

LeGlue & Company, CPAs, L.L.C.
