#### INDEPENDENT ACCOUNTANT'S REVIEW REPORT

To the Board of Commissioners
Ward Four Fire Protection District of Jackson Parish
Jonesboro, Louisiana

I have reviewed the accompanying financial statements of the governmental activities of the Ward Four Fire Protection District of Jackson Parish, a component unit of the Jackson Parish Police Jury, as of December 31, 2021 which collectively comprise the District's basic financial statements as listed in the table of contents. A review includes primarily applying analytical procedures to management's financial data and making inquiries of the District's management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, I do not express such an opinion.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

#### Accountant's Responsibility

My responsibility is to conduct the review in accordance with Statements on Standards for Accounting and Review Services promulgated by the Services Committee of the AICPA. Those standards require me to perform procedures to obtain limited assurance as a basis for reporting whether I am aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. I believe that the results of my procedures provide a reasonable basis for my conclusion.

I am required to be independent of Ward Four Fire Protection District of Jackson Parish and to meet my other ethical responsibilities, in accordance with the relevant ethical requirements related to my review.

#### **Accountant's Conclusion**

Based on my review, I am not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

To the Board of Commissioners Ward Four Fire Protection District of Jackson Parish Jonesboro, Louisiana Page 2

#### **Other Matters**

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. The information is the representation of management. I have not audited or reviewed such required supplementary information and, accordingly, I do not express an opinion, conclusion, nor provide any assurance on it.

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting and for placing the basic financial statements in an appropriate operational, economic or historical context.

#### Other Information

Act 706 of the Louisiana 2014 Legislative Session requires the Schedule of Compensation, Benefits, and Other Payments to Agency Head, as listed in the table of contents, to supplement the basic financial statements. Such information, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting and for placing the basic financial statements in an appropriate operational, economic, or historical context. The information is the representation of management. I have not audited or reviewed such required supplementary information, and accordingly, I do not express an opinion, a conclusion, nor provide any form of assurance on it.

#### Report on Agreed Upon Procedures

In accordance with the *Louisiana Governmental Audit Guide* and the provisions of state law, I have issued a report, dated June 14, 2022, on the results of the agreed-upon procedures.

David M. Hant, CAA (APAC)

West Monroe, Louisiana June 14, 2022

### STATEMENT OF REVENUES, EXPENSES, AND CHANGES IN FUND BALANCE FOR THE YEAR ENDED DECEMBER 31, 2021 (CONTINUED)

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds
To the Statement of Activities

Amounts reported for governmental activities in the Statement of Activities are different because: Net change in fund balances - total governmental funds \$ 120,531 Governmental funds report capital outlays as expenditures, however, in the statement of activities, the cost of those assets is depreciated over their estimated useful lives. Expenditures for capital assets Less current year depreciation (108,795)(108,795)Governmental funds report current year pension contributions as expenditures. However, in the statement of activities, these contributions are reported as deferred inflows of resources and the District's proportionate share of the plans pension expense is reported as pension expense. 10,638 The District's proportionate share of non-employer contributions to the pension plans do not provide current financial resources and are not reported in the governmental funds. (5,573)Changes in net position of governmental activities 16,801

#### INTRODUCTION

Ward Four Fire Protection District of Jackson Parish (the District) was created by resolution of the Jackson Parish Police Jury in June 1982, for the purpose of purchasing and maintaining fire equipment and providing fire protection for the people included in the district according to the boundaries set by Jackson Parish Police Jury. The District is governed by a board of commissioners consisting of five members. The Commissioners are appointed by the Jackson Parish Police Jury and receive no compensation. The District has one full-time and two part-time employees.

GASB Statement No. 14, *The Reporting Entity*, established criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. Under provisions of this statement, the District is considered a component unit of the Jackson Parish Police Jury. As a component unit, the accompanying financial statements are included within the reporting of the primary government, either blended into those financial statements or separately reported as discrete component units.

#### Note 1 - Summary of Significant Accounting Policies

#### A. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The government-wide financial statements (i.e., the statement of net position and the statement of Activities) report information on all of the nonfiduciary activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

### B. <u>MEASUREMENT FOCUS</u>, <u>BASIS OF ACCOUNTING</u>, <u>AND FINANCIAL STATEMENT PRESENTATION</u>

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

#### Note 1 - Summary of Significant Accounting Policies - Continued

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The General Fund is the entity's primary operating fund. It accounts for all financial resources of the entity, except those required to be accounted for in another fund. The District has no proprietary fund.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The government has elected not to follow subsequent private-sector guidance.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the government enterprise operations. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

When both restricted and unrestricted resources are available for use, it is the entity's policy to use restricted resources first, then unrestricted resources as they are needed.

#### Note 1 - Summary of Significant Accounting Policies - Continued

#### C. CASH AND CASH EQUIVALENTS

The District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. State law and the District's investment policy allow the entity to invest in collateralized certificates of deposits, government backed securities, commercial paper, the state sponsored investment pool, and mutual funds consisting solely of government backed securities.

Investments for the District are reported at fair value. The state investment pool (LAMP) operates in accordance with state laws and regulations. The reported value of the pool is the same as the fair value of the pool shares.

#### D. RECEIVABLES AND PAYABLES

Property taxes are levied on a calendar year basis and become delinquent on January 1 of each year. The following is a summary of authorized and levied Parcel Fees:

	Authorized	Levied	Expiration Date
Property Taxes	10.02 Mills	10.02 Mills	2027

Delinquent property taxes are considered fully collectible and therefore no allowance for uncollectible fees is provided.

#### E. CAPITAL ASSETS

Capital assets, which include property, plant, and equipment, are reported in the government-wide financial statements. Capital assets are capitalized at historical cost or estimated cost if historical cost is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The District maintains a threshold level of \$500 or more for capitalizing capital assets.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. No construction occurred during the current fiscal year.

#### Note 1 - Summary of Significant Accounting Policies - Continued

All capital assets, other than land, are depreciated using the straight-line method over the following useful lives:

	Estimated
Description	<u>Useful Lives</u>
Buildings	7-30 Years
Autos	7-15 Years
Equipment	5-10 Years

#### F. COMPENSATED ABSENCES

The District is operated by volunteers and therefore has no policy for compensated absences.

#### G. LONG-TERM OBLIGATIONS

In the government-wide financial statements, capital leases and other long-term obligations are reported as liabilities in the statement of net position.

#### H. FUND EQUITY

GASB Statement No. 54 establishes standards for five fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of resources reported in government funds. The nonspendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form – prepaid items or inventories; or (b) legally or contractually required to be maintained intact.

The spendable portion of the fund balance comprises the remaining four classifications: restricted, committed, assigned and unassigned.

Restricted Fund Balance — This classification reflects the constraints imposed on resources either (a) externally by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance – These amounts can only be used for specific purposes pursuant to constraints imposed by formal resolutions or ordinances of the Board of Commissioners – the government's highest level of decision making authority. Those committed amounts cannot be used for any other purpose unless the Board of Commissioners removes the specified use by taking the same type of action imposing the commitment. This classification also includes contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

#### Note 1 - Summary of Significant Accounting Policies - Continued

#### H. FUND EQUITY (Continued)

Assigned Fund Balance – This classification reflects the amounts constrained by the District's "intent" to be used for specific purposes, but are neither restricted nor committed. The Board of Commissioners and management have the authority to assign amounts to be used for specific purposes. Assigned fund balances include all remaining amounts (except negative balances) that are reported in governmental funds, other than the general fund, that are not classified as nonspendable and are neither restricted not committed.

Unassigned Fund Balance – This fund balance is the residual classification for the general fund. It is also used to report negative fund balances in other governmental funds.

When both restricted and unrestricted resources are available for use, it is the District's policy to use externally restricted resources first, then unrestricted resources – committed, assigned and unassigned – in order as needed.

#### I. ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenditures, and expenses during the reporting period. Actual results could differ from those estimates.

#### Note 2 - Stewardship, Compliance, and Accountability

Budget Information: Preliminary budgets for the ensuing year are prepared by the secretary-treasurer during November of each year. During November, the Board reviews the proposed budget and makes changes as it deems appropriate. The budget is then adopted during the December meeting. All annual appropriations lapse at year end. Encumbrance accounting is not used by the District. Budgeted amounts included in the accompanying financial statements include the original adopted budget and no amendments for the year ended December 31, 2021.

#### Note 3 - Cash and Cash Equivalents

Custodial Credit Risk – deposits. The custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District's policy to ensure there is no exposure to this risk is to require the financial institution to pledge its own securities to cover any amount in excess of Federal Depository Insurance Coverage. Accordingly, the District had no custodial credit risk related to its deposits at December 31, 2021.

#### Note 3 - <u>Cash and Cash Equivalents (continued)</u>

The District has cash and cash equivalents (book balances) totaling \$412,920 at December 31, 2021 as follows:

Checking \$ 412,920

These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. Cash and cash equivalents (bank balances) at December 31, 2021, are secured as follows:

Bank Balances	\$ 428,579
FDIC Insurance Pledged Collateral	250,000 493,700
Uninsured Amount	\$ -

The accounts are managed by the District's fiscal agent and consist of securities issued or guaranteed by the U.S. government. Investments are in accordance with LRS 33:2955(A)(1)(e) and are not required to be covered by the pledge of securities owned by the fiscal agent bank.

#### Note 4 - Accounts Receivable

At December 31, 2021, the District's accounts receivable consisted of the following:

Fire Assistance Grant Receivable	\$ -
Property Tax Receivable	411,073
Total Accounts Receivable	\$ 411,073

#### Note 5 - Property, Plant and Equipment

Capital asset activity for the year ended December 31, 2021 and 2020 is as follows:

	December 3	•	Dalations	December 31, 2021
NT 10 111 4 4	<u>Balance</u>	<u>Additions</u>	<u>Deletions</u>	<u>Balance</u>
Non-Depreciable Assets:		_	_	
Land	\$ 18,700	\$ -	\$ -	\$ 18,700
Depreciable Assets:				
Trucks	1,289,893	-	-	1,289,893
Equipment	674,633	-	-	674,633
Buildings	400,671	_		<u>400,671</u>
Totals at Historical Cost	2,383,897	-	-	2,383,897
Less Accumulated Depreciation for:				
Trucks	(1,157,777)	( 48,219)	-	(1,205,996)
Equipment	(500,938)	( 48,967)	-	(549,905)
Buildings	( 246,600)	(11,609)	-	( 258,209)
Total Accumulated Depreciation	(1,905,315)	(108,795)		(2,014,111)
CAPITAL ASSETS, NET	<u>\$ 478,582</u>	\$(108,795)	<u> </u>	\$ 369,787

Depreciation expense was \$108,795 in 2021.

#### Note 6 - Long-Term Obligations

The following is a summary of long-term obligations for the year ended December 31, 2021:

Capital Lease/Purchase

Balance at December 31, 2020 Additions Reductions	\$ 62,598 - 62,598)
BALANCE AT DECEMBER 31, 2021	\$

The following is a summary of the current (due in one year or less) and long-term (due in more than one year) portions of long-term obligations as of December 31, 2021:

	Capital Lease/Purchase
Current Portion Long-Term Portion	\$ - 
<u>Total</u>	<u> </u>

Long-term obligations at December 31, 2021 in the amount of \$0 consists of two lease/purchase agreements with Government Capital Corporation that were subsequently sold to local banks and paid off during the year. The agreements were for a new fire/rescue boat and restoration of a boat house for the new boat.

#### Note 6 - <u>Long-Term Obligations (continued)</u>

The obligations have maturities from 2017 until 2021 and have an interest rate of 4.0% and 2.25%, respectively. Interest expense for 2021 was \$1,710 and is included in public safety expenses.

#### Note 7 - Risk Management

The District purchases commercial insurance to reduce the risk of loss resulting from property damage or liability claims. There have been no significant reductions in insurance coverage from coverage in the prior year. Settlements have not exceeded insurance coverage in any of the past three fiscal years.

#### Note 8 - Subsequent Events

Subsequent events have been evaluated through June 14, 2022, which is the day the financial statements were available to be issued, and it has been determined that no significant events other than noted below have occurred for disclosure.

#### Note 9 - Prior Period Adjustment

In prior year, more property tax revenue that was actually received was booked as an accounts receivable. Since these taxes were not collected in the current year, an entry was made to beginning equity which decreased equity \$34,188.

#### Note 10 - Firefighters' Retirement System of Louisiana (System)

#### Plan Description

The Jackson Parish Ward 4 Fire District contributes to the Firefighters' Retirement System of Louisiana (System) which is a cost sharing multiple employer defined benefit pension plan. Membership in the System is mandatory for all full-time firefighters who earn more than \$375 per month and are employed by any municipality, parish, or fire protection district of the State of Louisiana.

Any member of the Plan can retire providing the member meets on of the following criteria:

- 1. Any age with 25 years of creditable service.
- 2. Age 50 with a minimum of 20 or more years of creditable service.
- 3. Age 55 with a minimum of 12 or more years of creditable service.

The monthly amount of benefits are 3 1/3% of their average final compensation multiplied by his total years of service, not to exceed 100% of final salary.

The system also provides death and disability benefits. Benefits are established or amended by state statute.

For the year ended December 31, 2021, the Ward 4 Fire Protection District's total payroll for all employees was \$80,603. Total covered payroll was \$35,247. Covered payroll refers to all compensation paid by the Ward 4 Fire Protection District to active employees covered by the System.

The System issues an annual publicly available financial report that includes financial statements and required supplementary information for the System. The report may be obtained by writing to the Firefighters' Retirement System of Louisiana, 3100 Brentwood Drive, Baton Rouge, Louisiana, or by visiting the System's website www.lafirefightersret.com.

#### Contributions

According to state statute, contribution requirements for all employers are actuarially determined each year. For the year ended December 31, 2021, total contributions due for employers and employees were 37.75% for January-June and 42.25% for July-December, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The employer and contribution rates for all members were 27.75% and 32.25%, and the employee contribution rate was 10.00% for the entire year. In accordance with state statute, the System receives ad valorem taxes and state revenue sharing funds. These additional sources of income are used as employer contributions and are considered support from non-employer contributing entities but are not considered special funding situations.

Pension Liabilities, Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions

At December 31, 2021, the District reported a liability of \$50,599 for its proportionate share of the Net Pension Liability. The Net Pension Liability was measured as of June 30, 2021 and the total pension liability used to calculate the Net Pension Liability was determined by an actuarial valuation as of that date. The Ward 4 Fire Protection District's proportion of the Net Pension Liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2021, the District's proportion was 0.0%.

For the year ended December 31, 2021, the Ward 4 Fire Protection District recognized pension expense of \$4,985 plus the employer's amortization of change in proportionate share and differences between employer contributions and proportionate share of contributions, \$588. Total pension expense was \$5,573.

At December 31, 2021, the District reported deferred outflows of resources and deferred inflows of

resources related to pensions from the following sources:

	Deferred Outflows of	Deferred Inflows of Resources
	Resources	
Differences between expected and actual experience	722	4,544
Changes in assumption	10,964	-
Net difference between	-	30,707
projected and actual earnings		
on pension plan investments		
Changes in employer's portion	72,716	-
of beginning net pension		
liability		
Differences between employer	533	23
contributions and proportionate		
share of employer contributions		
Subsequent measurement	6,002	-
contributions		
Total	90,938	35,274

The \$6,002 reported as deferred outflows of resources related to pensions resulting from the Ward 4 Fire Protection District contributions subsequent to the measurement date will be recognized as a reduction of Net Pension Liability in the year ended December 31, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in pension expense as follows:

Year ended December 31:	
2022	7,435
2023	7,180
2024	5,557
2025	3,459
2026	13,192
2027	12,839

#### Actuarial Assumptions

A summary of the actuarial methods and assumptions used in determining the total pension liability as of June 30, 2021 is as follows:

Valuation Date	June 30, 2021
Actuarial Cost Method	Entry Age Normal Cost
Actuarial Assumptions:	
Investment Rate of Return	6.90% per annum (net of investment expenses,
	including inflation) (decreased from 7.00% in 2020)
Expected Remaining Service Lives	7 years, closed period
Inflation rate	2.50% per annum
Mortality Rate Assumption	-For active members, mortality was set equal to the Pub-2010 Public Retirement Plans Mortality Table
	for Safety Below-Median EmployeesFor annuitants and beneficiaries, mortality was set equal to the Pub-2010 Public Retirement Plans Mortality Table for Safety Below-Median Healthy Retirees.
	-For disabled retirees, mortality was set equal to the Pub-2010 Public Retirement Plans Mortality Table for Safety Disabled RetireesIn all cases the base table was multiplied by 105% for males and 115% for females, each with full generational projection using the appropriate MP-2019 scale.
Salary increases	14.10% in the first two years of service and 5.20% with 3 or more years of service; includes inflation and merit increases (in 2019, salary increases ranged from 14.75% in the first two years of service to 4.50% with 25 or more years of service)
Cost-of-Living Adjustments (COLAs)	For the purpose of determining the present value of benefits, COLAs were deemed not to be substantively automatic and only those previously granted were included.

The estimated long-term expected rate of return on pension plan investments was determined by the System's actuary using the System's target asset allocation and the G.S. Curran & Company Consultant Average study for 2021. The consultants' average study included projected nominal rates of return, standard deviations of returns, and correlations of returns for a list of common asset classes collected from a number of investment consultants and investment management firms. Each consultant's response included nominal expected long term rates of return. In order to arrive at long term expected arithmetic real rates of return, the actuary normalized the data received from the consultant's responses in the following ways. Where nominal returns received were arithmetic, the actuary simply reduced the return assumption by the long term inflation assumption.

Where nominal returns were geometric, the actuary converted the return to arithmetic by adjusting for the long term standard deviation and then reduced the assumption by the long term inflation assumption.

Using the target asset allocation for the System and the average values for expected real rates of return, standard deviation of returns, and correlation of returns, an arithmetic expected nominal rate of return and standard deviation for the portfolio was determined. The System's long-term assumed rate of inflation of 2.50% was used in this process for the fiscal year ended June 30, 2021.

The long-term expected real rate of return is an important input into the actuary's determination of the reasonable range for the discount rate which is used in determining the total pension liability. Prior year's financial reports presented the long-term expected real rate of return provided by the System's investment consultant, whereas this year's report presents this information for both fiscal years 2020 and 2019 from the System's actuary. The actuary's method incorporates information from multiple consultants and investments firms regarding future expected rates of return, variances, and correlation coefficients for each asset class. The actuary's method integrates data from multiple sources to produce average values thereby reducing reliance on a single data source.

Best estimates of arithmetic real rates of return for each major class included in the System's target asset allocation as of June 30, 2021, and June 30, 2020, are summarized in the following tables:

	Asset Type	Target Asset	Long-Term
		Allocation	Expected Real Rate
			of Return
	U.S. Equity	27,50%	5.86%
Fauita	Non-U.S. Equity	11.50%	6.44%
Equity	Global Equity	10.00%	6.40%
	Emerging Market Equity	7.00%	8.64%
	U.S. Core Fixed Income	18.00%	0.97%
Fixed Income	U.S. TIPS	3.00%	0.40%
	Emerging Market Debt	5.00%	2.75%
Multi-Asset	Global Tactical Asset Allocation	0.00%	4.17%
Strategies	Risk Parity	0.00%	4.17%
	Private Equity	9.00%	9.53%
Alternatives	Real Estate	6.00%	5.31
	Real Assets	3.00%	***
		100.00%	

#### Discount Rate

The discount rate used to measure the total pension liability was 6.90%. The projection of cash flows used to determine the discount rate assumes that contributions from plan members will be made at the current contribution rates, and that contributions from participating employers and non-employer contributing entities will be made at the actuarially-determined rates approved by the Board of Trustees and by the Public Retirement Systems' Actuarial Committee taking into consideration the recommendation of the System's actuary.

Based on these assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Ward 4 Fire Protection District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the Ward 4 Fire Protection District's proportionate share of the net pension liability calculated using the discount rate of 6.90%, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage-point lower (5.90%) or one percentage-point higher (7.90%) than the current rate:

	1.0% Decrease	Current Discount Rate	1.0% Increase
Employer's	97,071	50,599	11,842
proportionate share of			
net pension liability			

#### Payables to the Pension Plan

These financial statements include a payable to the pension plan of \$1,017, which is the legally required contribution due at December 31, 2021. This amount is recorded in accrued expenses.

#### Plan Fiduciary Net Position

Detailed information about the System's fiduciary net position is available in the separately issued Firefighters' Retirement System of Louisiana Audit Report at www.lafirefightersret.com.

### WARD FOUR FIRE PROTECTION DISTRICT OF JACKSON PARISH NOTES TO BUDGET COMPARISON SCHEDULE FOR THE YEAR ENDED DECEMBER 31, 2021

Preliminary budgets for the ensuing year are prepared by the secretary-treasurer during November of each year. During November, the Board reviews the proposed budget and makes changes as it deems appropriate. The budget is then adopted during the December meeting. All annual appropriations lapse at year end. Encumbrance accounting is not used by the District. Budgeted amounts included in the accompanying financial statements include the original adopted budget and one amendment for the year ended December 31, 2021.

The accompanying notes are an integral part of this financial statement.

### INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED-UPON PROCEDURES

To The Board of Commissioners of the Ward Four Fire Protection District of Jackson Parish and the Louisiana Legislative Auditor:

I have performed the procedures enumerated below, which were agreed to by the Ward Four Fire Protection District of Jackson Parish and the Louisiana Legislative Auditor (the specified parties), on the District's compliance with certain laws and regulations contained in the accompanying Louisiana Attestation Questionnaire during the fiscal year ended December 31, 2021, as required by Louisiana Revised Statute 24:513 and the *Louisiana Governmental Audit Guide*. The District's management is responsible for its financial records and compliance with applicable laws and regulations. The sufficiency of these procedures is solely the responsibility of the specified parties. Consequently, I make no representation regarding the sufficiency of the procedures enumerated below either for the purpose for which this report has been requested or for any other purpose.

The procedures and associated findings are as follows:

#### Public Bid Law

1. Obtain documentation for all expenditures made during the year for materials and supplies exceeding \$30,000, and public works exceeding \$250,000. Compare the documentation for these expenditures to Louisiana Revised Statute (R.S.) 39:1551-39:1775 (the state procurement code) or R.S. 38:2211-2296 (the public bid law), whichever is applicable; and report whether the expenditures were made in accordance with these laws.

There were no expenditures made during the year for materials and supplies exceeding \$30,000, and no expenditures were made for public works exceeding \$250,000.

#### Code of Ethics for Public Officials and Public Employees

2. Obtain a list of the immediate family members of each board member as defined by R.S. 42:1101-1124 (the ethics law).

Management provided me with the requested information.

3. Obtain a list of all employees paid during the fiscal year.

Management provided me with the requested information.

- 4. Report whether any employees' names appear on both lists obtained in Procedures 2 and 3.
  - None of the employees included on the list provided by management for agreed-upon Procedure 3 appeared on the list provided by management for agreed-upon Procedure 2.
- 5. Obtain a list of all disbursements made during the year; and a list of outside business interests of board members, employees, and board members' and employees' immediate families. Report whether any vendors appear on both lists.

Management provided the requested information. None of the businesses of board members, employees, and board members' and employees' immediate families appeared as vendors on the list of disbursements.

#### Budgeting

- 6. Obtain a copy of the legally adopted budget and all amendments.
  - Management provided me with a copy of the original budget. Management represented that there was no amendment to the budget during the year.
- 7. Trace documentation for the adoption of the budget and approval of any amendments to the minute book, and report whether there are any exceptions.
  - I traced adoption of the original budget to documentation in the minutes of the meeting of the District's commissioners held on December 28, 2020. Management represented that there was no amendment to the budget during the year.
- 8. Compare the revenues and expenditures of the final budget to actual revenues and expenditures. Report whether actual revenues failed to meet budgeted revenues by 5% or more, and whether actual expenditures exceeded budgeted amounts by 5% or more. (For agencies that must comply with the Licensing Agency Budget Act only, compare the expenditures of the final budget to actual expenditures, and report whether actual expenditures exceeded budgeted amounts by 10% or more per category or 5% or more in total).
  - I compared the revenues and expenditures of the final budget to actual revenues and expenditures. Actual revenues exceeded budgeted revenues. Expenditures for the year did not exceed budgeted amounts by more than 5%.

#### Accounting and Reporting

- 9. Obtain the list of all disbursements made during the fiscal year. Randomly select six disbursements, and obtain documentation from management for these disbursements. Compare the selected disbursements to the supporting documentation, and:
  - (a) Report whether the six disbursements agree to the amount and the payee in the supporting documentation.
    - Each of the six selected disbursements agreed with the amount and payee in the supporting documentation.
  - (b) Report whether the six disbursements were coded to the correct fund and general ledger account.
    - All of the disbursements were properly coded to the correct fund and general ledger account.
  - (c) Report whether the six disbursements were approved in accordance with management's policies and procedures.
    - The District's policies and procedures state that the chairman of the District's Board of Commissioners must approve all disbursements, with subsequent approval by the full board. Documentation supporting each of the six selected disbursements included the signature of the chairman of the Board of Commissioners. In addition, approval by the full commission for each of the disbursements was traced to the District's minute book.

#### Meetings

- 10. Obtain evidence from management to support that agendas for meetings recorded in the minute book were posted or advertised as required by R.S. 42:11 through 42:28 (the open meetings law); and report whether there are any exceptions.
  - Management represented that the District is only required to post a notice of each meeting and the accompanying agenda on the door of the District's office building. The District complied with this requirement.

#### Debt

11. Obtain bank deposit slips for the fiscal year, and scan the deposit slips in order to identify and report whether there are any deposits that appear to be proceeds of bank loans, bonds, or like indebtedness. If any such proceeds are identified, obtain from management evidence of approval by the State Bond Commission, and report any exceptions.

I scanned copies of all bank deposit slips for the fiscal year, and noted no deposits which appeared to be proceeds of bank loans, bonds, or like indebtedness.

#### Advances and Bonuses

12. Obtain the list of payroll disbursements and meeting minutes of the governing board, if applicable. Scan these documents to identify and report whether there are any payments or approval of payments to employees that may constitute bonuses, advances, or gifts.

I scanned payroll disbursements and read the meeting minutes of the District's board of commissioners for the fiscal year. I found no payments or approval for payments to employees that would constitute bonuses, advances, or gifts.

#### State Audit Law

13. Report whether the agency provided for a timely report in accordance with R.S. 24:513.

The District's report was submitted timely.

14. Inquire of management and report whether the agency entered into any contracts that utilized state funds as defined in R.S. 39:72.1 A. (2); and that were subject to the public bid law (R.S. 38:2211, et seq.), while the agency was not in compliance with R.S. 24:513 (the audit law).

Management represented that the District entered into no contracts during the fiscal year that was subject to the public bid law.

#### Prior-Year Comments

15. Obtain and report management's representation as to whether any prior-year suggestions, exceptions, recommendations, and/or comments have been resolved.

The prior year report, dated April 19, 2021, did not include suggestions, exceptions, recommendations, and comments.

This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants, and the standards applicable to attestation engagements contained in *Government Auditing Standards*, issued by the United States Comptroller General. I was not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on the District's compliance with the foregoing matters. Accordingly, I do not express such an opinion or conclusion. Had I performed additional procedures, other matters might have come to my attention that would have been reported to you.

The purpose of this report is solely to describe the scope of testing performed on the District's compliance with certain laws and regulations contained in the accompanying Louisiana Attestation Questionnaire, as required by Louisiana Revised Statute 24:513 and the Louisiana Governmental Audit Guide, and the result of that testing, and not to provide an opinion on control or compliance.

Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Louisiana Legislative Auditor as a public document.

### LOUISIANA ATTESTATION QUESTIONNAIRE (For Attestation Engagements of Governmental Agencies)

David M. Hartt, CPA (APAC)
PO Box 1332
West Monroe, LA 71294

In connection with your engagement to apply agreed-upon procedures to the control and compliance matters identified below, as of <u>December 31, 2021</u> and for the year then ended, and as required by Louisiana Revised Statute (R.S.) 24:513 and the *Louisiana Governmental Audit Guide*, we make the following representations to you.

#### **Public Bid Law**

It is true that we have complied with the state procurement code (R.S. 39:1551 – 39:1755); the public bid law (R.S. 38:2211-2296), and, where applicable, the regulations of the Division of Administration and the State Purchasing Office.

Yes [X] No [] N/A []

#### Code of Ethics for Public Officials and Public Employees

It is true that no employees or officials have accepted anything of value, whether in the form of a service, loan, or promise, from anyone that would constitute a violation of R.S. 42:1101-1124.

Yes [X ] No [ ] N/A [ ]

It is true that no member of the immediate family of any member of the governing authority, or the chief executive of the governmental entity, has been employed by the governmental entity after April 1, 1980, under circumstances that would constitute a violation of R.S. 42:1119.

Yes [X] No [] N/A []

#### **Budgeting**

We have complied with the state budgeting requirements of the Local Government Budget Act (R.S. 39:1301-15), R.S. 39:33, or the budget requirements of R.S. 39:1331-1342, as applicable.

Yes [X] No [ ] N/A [ ]

#### Accounting and Reporting

All non-exempt governmental records are available as a public record and have been retained for at least three years, as required by R.S. 44:1, 44:7, 44:31, and 44:36.

Yes [X] No [] N/A []

We have filed our annual financial statements in accordance with R.S. 24:514, and 33:463 where applicable.

Yes [X] No [ ] N/A [ ]

We have had our financial statements reviewed in accordance with R.S. 24:513.

Yes [X] No [] N/A [

We did not enter into any contracts that utilized state funds as defined in R.S. 39:72.1 A. (2); and that were subject to the public bid law (R.S. 38:2211, et seq.), while the agency was not in compliance with R.S. 24:513 (the audit law).

Yes [X] No [] N/A []

We have complied	d with R.S.	24:513 A. (3)	regarding	disclosure of	compens	ation, rei	mburseme	ents,
benefits and other	payments	to the agency	head, poli	tical subdivis	sion head,	or chief	executive (	officer.

Yes [X] No [ ] N/A [ ]

We have complied with R.S. 24:515.2 regarding reporting of pre- and post- adjudication court costs, fines and fees assessed or imposed; the amounts collected; the amounts outstanding; the amounts retained; the amounts disbursed, and the amounts received from disbursements.

Yes [X] No [] N/A []

#### Meetings

We have complied with the provisions of the Open Meetings Law, provided in R.S. 42:11 through 42:28.

Yes [X] No [] N/A []

#### Debt

It is true we have not incurred any indebtedness, other than credit for 90 days or less to make purchases in the ordinary course of administration, nor have we entered into any lease-purchase agreements, without the approval of the State Bond Commission, as provided by Article VII, Section 8 of the 1974 Louisiana Constitution, Article VI, Section 33 of the 1974 Louisiana Constitution, and R.S. 39:1410.60-1410.65.

Yes [X] No [] N/A []

#### **Advances and Bonuses**

It is true we have not advanced wages or salaries to employees or paid bonuses in violation of Article VII, Section 14 of the 1974 Louisiana Constitution, R.S. 14:138, and AG opinion 79-729.

Yes [X ] No [ ] N/A [ ]

#### **Prior-Year Comments**

We have resolved all prior-year recommendations and/or comments.

Yes [X] No [ ] N/A [ ]

#### General

We acknowledge that we are responsible for the Agency's compliance with the foregoing laws and regulations and the internal controls over compliance with such laws and regulations.
