Accountant's Compilation Report

East Feliciana Parish Economic Development District
Governing Board
5122 Airport Lane
Jackson, Louisiana 70748

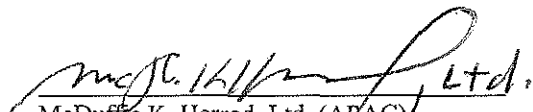

Management is responsible for the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the East Feliciana Parish Economic Development District (District), a component unit of the East Feliciana Parish Police Jury, as of and for the year ended June 30, 2022, which collectively comprise the District's basic financial statements as listed in the table of contents, in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the American Institute of Certified Public Accountants. We did not audit or review the financial statements nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on these financial statements.

Management has elected to omit substantially all of the disclosures required by accounting principles generally accepted in the United States of America. If the omitted disclosures were included in the financial statements, they might influence the user's conclusions about the District's financial position, results of operations, and cash flows. Accordingly, the financial statements are not designed for those who are not informed about such matters.

Management has omitted the Management Discussion and Analysis and budgetary comparison information that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for and for placing the basic financial statements in an appropriate operational, economic, or historical content.

Other Supplementary Information

The accompanying schedule of compensation, benefits, and other payments to the agency head and the schedule of board members are presented for purposes of additional analysis and are not a required part of the basic financial statements. The information is the representation of management. The information was subject to our compilation engagement, but we have not audited or reviewed the supplementary information and, accordingly, do not express an opinion, a conclusion, nor provide any assurance on such information.

TO THE STATEMENT OF ACTIVITIES

Net Change in Fund Balances - Total Governmental Funds \$ -

Amounts reported for governmental activities in the
Statement of Activities are different because:

Governmental funds report capital outlays as expenditures.
However, in the Statement of Activities, the cost of those
assets is allocated over their estimated useful life as
depreciation expense. This is the amount by which depreciation
differed from capital outlay charged in the current period.
