#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED:

**KEDILA** has adopted the provisions of FASB Accounting Standards Codification, Topic 958, "Accounting for Not-for-Profit Entities", and reports its financial position and activities according to two classes of net assets according to externally (donor) imposed restrictions. The description of the two net asset categories is as follows:

**Net assets without donor restrictions**: Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the organization. These net assets may be used at the discretion of KEDILAs management and the board of directors.

**Net assets with donor restrictions**: Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of KEDILA or by the passage of time. Other donor restrictions are perpetual in nature, where by the donor has stipulated the funds be maintained in perpetuity.

Donor restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statements of activities

#### Cash and Cash Equivalents

#### NOTES TO THE FINANCIAL STATEMENTS, CONTINUED

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED:

#### Promises to Give

Contributions are recognized when the donor makes a promise to give to KEDILA that is, in substance, unconditional. Contributions that are restricted by the donor are reported as increases in unrestricted net assets if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets.

#### Property and Equipment

Improvements which significantly extend the useful life of an asset and purchases of buildings, land and equipment at a cost of \$1,000 or greater are capitalized. The straight-line method of depreciation is used for the assets owned by KEDILA. The estimated useful lives of these assets range from 3 to 40 years.

#### Support and Revenues

Revenues received under grant programs are recognized when earned. Contributions are considered to be available for unrestricted use unless specifically restricted by the donor or the board of directors.

#### Fair Value

**KEDILA** has adopted certain provisions of FASB Accounting Standards Codification Topic 820, "Fair Value Measurements and Disclosures." ASC Topic 820 refines the definition of fair value, establishes specific

ASC Topic 820 requires **KEDILA** to maximize the use of observable market inputs, minimize the use of unobservable market inputs, and disclose in the form of an outlined hierarchy, the details of such fair value measurement

#### Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

#### New Accounting Pronouncements – Adopted

On August 18, 2016 the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2016-14, Not-for-Profit Entities(Topic 958) – Presentation of Financial Statements of Not-for-Profit Entities. The update addresses the complexity and understandability of net asset classification, deficiencies in information about liquidity and availability of resources, and the lack of consistency in the type of information provided about expenses and investment return. KEDILA has adjusted the presentation of these statements accordingly. The ASU has been applied retrospectively to all periods presented. The preparation of financial statements in conformity with generally accepted

In June 2018 the FASB issued ASU No. 2018-08 Not-for-Profit Entities (Topic 958), "Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made" to clarify and improve the scope and the accounting guidance for contributions received and contributions made. The amendments in this ASU should assist entities in (1) evaluating whether transactions should be accounted for as contributions (nonreciprocal transactions) within the scope of Topic 958, Not-for-Profit Entities, or as exchange (reciprocal) transactions subject to other guidance and (2) determining whether a contribution is conditional. This ASU will be effective for KEDILA for annual periods beginning after December 15, 2018. KEDILA is currently assessing the impact of the pronouncement on

The FASB has issued ASU 2014-09 Revenue from Contracts with Customers (Topic 606), to update its revenue recognition standard to clarify the principles of recognizing revenue and eliminate industry specific guidance as well as help financial statement users better understand the

nature, amount, timing and uncertainty of revenue that is recognized. The standard may be applied either retrospectively to each period presented or as a cumulative-effect adjustment as of the date of adoption. This ASU will be effective for KEDILA for annual periods beginning after December 15, 2018. KEDILA is currently assessing the impact of this pronouncement on the financial statements.

In January 2016, the FASB has issued ASU 2016-02, Leases (Topic 842). ASU 2016-02 requires that a lease recognize the assets and liabilities that arise from leases classified as finance or operating. A lessee should recognize in the statement of financial position a liability to make lease payments (the lease liability) and a right-of-use asset representing its right to use the underlying asset for the lease term. For leases with a term of 12 months or less, a lessee is permitted to make an accounting policy election by class of underlying asset not to recognize lease assets and lease liabilities. In transition, leases and lessors are required to recognize and measure leases at the beginning of the earliest period presented using a modified This ASU will be effective for financial statements retrospective approach. issued for annual periods beginning after December 15, 2019. KEDILA is currently assessing the impact of this pronouncement on its financial statements.

#### NOTE 3 - ECONOMIC DEPENDENCY:

The primary sources of revenue for **KEDILA** are grants provided through various funding agencies. The continued success of **KEDILA** is dependent upon the renewal of these grants and obtaining other grants from the funding sources.

NOTES TO THE FINANCIAL STATEMENTS

#### NOTE 4 - INCOME TAXES:

**KEDILA** is a tax-exempt organization under section 501(C)(3) of the Internal Revenue Code. Accordingly, no provisions for federal or state income taxes have been recorded in the accompanying financial statements. Should **KEDILA's** tax status be challenged in the future 2018, 2019 and 2020 tax years are open for examination by the IRS.

#### NOTE 5 - <u>COMMITMENTS AND CONTINGENCIES</u>:

#### Participation in Grant Programs

**KEDILA** is a recipient of grant funds from various funding sources. The administration of the program and activities funded by the grants are under the control and administration of **KEDILA** and are subject to audit and/or review by the applicable funding source. Any grant funds found not to be properly spent in accordance with the terms, conditions, and regulations of the funding source may be subject to recapture.

## NOTE 6 - FAIR VALUE MEASUREMENTS OF FINANCIAL ASSETS AND LIABILITIES:

In accordance with FASB ASC Topic 820, fair value is defined as the price that **KEDILA** would receive to sell an asset or pay to transfer a liability in a timely transaction with an independent buyer in the principal market, or in the absence of a principal market the most advantageous market for the asset or liability. ASC Topic 820 established a three-tier hierarchy to distinguish between (1) inputs that reflect the assumptions market participants would use in pricing an asset or liability developed based on market data obtained from sources independent of the reporting entity (observable inputs) and (2) inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in

pricing an asset or liability developed based on the best information available in the circumstances (unobservable inputs) and to established classification of fair value measurements for disclosure purposes.

Various inputs are used in determining the value of **KEDILA** assets or liabilities. The inputs are summarized in the three broad levels listed below:

#### NOTES TO THE FINANCIAL STATEMENTS

\_\_\_\_\_

#### NOTE 6 -FAIR VALUE MEASUREMENTS OF

#### FINANCIAL ASSETS AND LIABILITIES: CONTINUED

Level 1 - Quoted prices are available in active markets for identical investments as of the reporting date.

- Level 2 -Pricing inputs are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value is determined through the use of models or other valuation methodologies.
- Level 3 Pricing inputs are unobservable for the investment and include situations where there is little, if any market activity. The inputs into the determination of fair value require significant management judgment or estimation.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, an investment's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. **KEDILA's** assessment of the

significance of a particular input to the fair value measurement in its entirety requires judgment, and considers factors specific to the investment. All investments are considered level 1 investments.

The carrying value and the estimated fair values of **KEDILA's** financial instruments at December 31, 2021 are as follows:

	Carrying	Fair
<u>Description</u>	Value	Value
