## **FINANCIAL SECTION**

### **INDEPENDENT AUDITOR'S REPORT**

To the Board of Governors, Magnolia Community Services, Inc., Jefferson, Louisiana.

#### Opinion

We have audited the accompanying financial statements of Magnolia Community Services, Inc., (a nonprofit organization) ("Magnolia"), which comprise the statement of financial position as of June 30, 2023, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Magnolia as of June 30, 2023, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Magnolia and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Magnolia's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Magnolia's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Magnolia's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

### **Report on Summarized Comparative Information**

We have previously audited Magnolia's 2022 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated December 20, 2022. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2022, is consistent, in all material respects, with the audited financial statements from which it has been derived.

#### **Supplementary Information**

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information in Schedule 1 is presented for purposes of additional analysis and is required by the Louisiana Revised Statute 24:513(A)(3) and is not a required part of the financial statements. The information in Schedule 1 has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information in Schedule 1 is fairly stated in all material respects in relation to the financial statements as a whole.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 21, 2023, on our consideration of Magnolia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Magnolia's internal control over financial reporting and compliance.

### **NOTES TO FINANCIAL STATEMENTS**

Magnolia Community Services, Inc. Jefferson, Louisiana

June 30, 2023 and 2022

### Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND ORGANIZATION

### a. Organization

Magnolia Community Services, Inc. ("Magnolia") is a non-profit corporation founded in 1935 for the purpose of providing housing, training, and education for adults with developmental disabilities.

As a community of dedicated employees, families, and medical professionals, Magnolia's mission is to provide the highest quality of service, leadership, and advocacy for individuals with developmental disabilities in the Greater New Orleans area.

### b. Basis of Accounting

The financial statements of Magnolia have been prepared on the accrual basis of accounting.

### c. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

### d. Financial Statement Presentation

Magnolia classified its net assets, revenues, and expenses based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

### d. Financial Statement Presentation (Continued)

**Net Assets Without Donor Restrictions -** Support, revenue, and expenses for the general operation of Magnolia.

**Net Assets With Donor Restrictions -** Contributions specifically authorized by the grantor or donor to be used for a certain purpose or to benefit a specific accounting period, or contributions subject to donor-imposed restrictions and that are to be held in perpetuity by Magnolia. As of June 30, 2023 and 2022, Magnolia had no net assets subject to a restriction to be held in perpetuity.

### e. Cash and Cash Equivalents

Magnolia classifies as cash and cash equivalents all highly liquid debt instruments with an initial maturity of three months or less.

Restricted cash consists of amounts credited to Magnolia's bank accounts from deposits held in custody for the clients of Magnolia (see Note 4).

### f. Allowance for Doubtful Accounts

Magnolia uses the reserve method to recognize uncollectible accounts. The reserve is based on certain Medicaid and tuition accounts receivable balances that are greater than 120 days old. Management monitors outstanding receivable balances and charges off to bad debt expense any balances that are determined to be uncollectible. As of June 30, 2023 and 2022, there was a reserve for doubtful accounts totaling \$174,549 and \$346,119, respectively.

### g. Pledges Receivable

Contributions are recognized when the donor makes a promise to give to Magnolia that is, in substance, unconditional. Conditional promises to give are recognized when the conditions on which they depend are substantially met. There were no conditional promises to give as of June 30, 2023 and 2022.

Pledges receivables are recorded net of an allowance for uncollectible amounts estimated by management. There was no allowance for uncollectible pledges receivable as of June 30, 2023 and 2022.

### h. Property and Equipment

Magnolia records purchases of property and equipment at cost at the date of acquisition or fair value at the date of donation in the case of gifts. Repairs and maintenance are charged to expense as incurred; major renewals and replacements and betterments are capitalized. Depreciation is provided using the straight-line method over the estimated useful lives of the respective assets which range from three to thirty-nine years. For the years ended June 30, 2023 and 2022, depreciation expense totaled \$449,318 and \$396,233, respectively.

### i. Investments

Investments in equity securities, debt securities, mutual funds, and other investments are generally carried at fair market value.

### j. Revenue Recognition

*Revenues from Exchange Transactions:* Magnolia recognizes revenue in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) No. 2014-09, "*Revenues from Contracts with Customers*", as amended. ASU No. 2014-09 applies to exchange transactions with customers and donors that are bound by contracts or similar arrangements and establishes a performance obligation approach to revenue recognition. Magnolia records the following exchange transaction revenue in its Statements of Activities for the years ended June 30, 2023 and 2022:

### Fundraising

Magnolia conducts an annual fundraiser in which a portion of the gross proceeds paid by the participant represents payment for the direct cost of the benefits received by the participant at the event-the exchange component, and a portion represents a contribution to Magnolia. The fair value of food and entertainment provided at the event is measured at the actual cost to Magnolia. The contribution component is the excess of the gross proceeds over the fair value of the direct donor benefit. The direct costs, which ultimately benefit the donor rather than Magnolia, are recorded as fundraising expenses in the Statement of Activities. The performance obligation is delivery of the event. FASB ASU No. 2014-09 requires allocation of the transaction price to the performance obligation. Accordingly, Magnolia separately presents in Note 14 the exchange and contribution components of the gross proceeds from special events.

### k. Contributions

Contributions received are recorded as net assets without donor restrictions, or net assets with donor restrictions, depending on the existence and/or nature of any donor restrictions.

Support that is restricted by the donor is reported as an increase in net assets without donor restrictions if the restriction expires in the reporting period in which the support is recognized. All other donor-restricted support is reported as an increase in net assets with donor restrictions, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the Statement of Activities as net assets released from restrictions.

### l. Allocated Expenses

The financial statements report certain categories of expenses that are attributable to more than one program or supporting function. Therefore, these expenses require allocation on a reasonable basis that is consistently applied. Most expenses are specifically identified and recorded in separate accounts by function throughout the year. The expenses that are allocated include utilities and certain repairs and maintenance that are allocated based on square footage.

### m. Tax Matters

Magnolia is exempt from Federal income tax under Section 501(c)(3) of the Internal Revenue Code and qualifies as an organization that is not a private foundation as defined in Section 509(a) of the Code. It is exempt from Louisiana income tax under the authority of R.S. 47:121(5).

Accounting standards provide detailed guidance for financial statement recognition, measurement, and disclosures of uncertain tax positions recognized in an entity's financial statements. It requires an entity to recognize the financial statement impact of a tax position when it is more likely than not that the position will not be sustained upon examination. Tax years ended June 30, 2020 and later remain subject to examination by the taxing authorities. As of June 30, 2023, management of Magnolia believes that it has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements.

### n. New Accounting Pronouncements

In February 2016, the FASB issued ASU No. 2016-02, "Leases" (Topic 842). ASU No. 2016-02 requires that a lease liability and related right-of-use asset representing the lessee's right to use or control the asset be recorded on the Statement of Financial Position upon the commencement of all leases except for short-term leases. Leases will be classified as either finance leases or operating leases, which are substantially similar to the classification criteria for distinguishing between capital leases and operating in existing lease accounting guidance. As a result, the effect of leases in the Statements of Activities and the Statements of Cash Flows will be substantially unchanged from the existing lease accounting guidance. The adoption of this standard did not have a material effect on the financial statements.

### Lease Discount Rate

In November 2021, the FASB issues ASU No. 2021-09, "Leases" (Topic 842) "Lease Discount Rate for Lessees That Are Not Public Business Entities" currently provides lessees that are not public business entities with a practical expedient that allows them to elect, as an accounting policy, to use a risk-free rate as the discount rate for all leases. The amendments in this update allow those lessees to make the risk-free rate election by class of underlying asset, rather than at the entity-wide level. An entity that makes the risk-free rate election is required to disclose which asset classes it has elected to apply a risk-free rate. The amendments require that when the rate implicit in the lease is readily determinable for any individual lease, the lessee uses that rate (rather than a risk-free rate election. The adoption of this standard did not have a material effect on the financial statements.

### o. Reclassifications

Certain amounts in the 2022 financial statements have been reclassified to conform to the 2023 financial statement presentation.

### p. Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through December 21, 2023, which is the date the financial statements were available to be issued.

### Note 2 - CONCENTRATION OF CREDIT RISK

Magnolia maintains cash accounts at several local financial institutions. The Federal Deposit Insurance Corporation insures accounts at each institution up to \$250,000 as of June 30, 2023. Magnolia also has cash equivalent accounts with a brokerage firm. The Securities Investor Protection Corporation insures these accounts up to \$250,000. Uninsured or non-guaranteed cash and cash equivalent balances were approximately \$3,600,000 as of June 30, 2023.

### Note 3 - NET ASSETS WITH DONOR RESTRICTIONS

As of June 30, 2022, \$110,000 of net assets with donor restrictions were restricted by donors for construction. There were no net assets with donor restrictions as of June 30, 2023.

### Note 4 - CUSTODIAL FUNDS

As of June 30, 2023 and 2022, personal funds of the clients totaling \$274,467 and \$364,732, respectively, are reported as deposits held in custody in the accompanying financial statements.

### Note 5 - PLEDGES RECEIVABLE

Promises of donors to make contributions to Magnolia are included in the financial statements of unconditional promises to give after discounting projected future cash flows to the present value. There was no discount required as of June 30, 2023 and 2022, respectively.

Pledges receivable as of June 30, 2023 and 2022 consist of the following:

	20	23	2022

### Note 6 - HURRICANE IDA

Hurricane Ida made landfall on August 29, 2021 near the greater New Orleans area. Magnolia incurred significant damages to its campus. The costs to repair much of the damages and reimburse Magnolia for the interruption of business is expected to be covered by Magnolia's insurance policy less the deductible. Magnolia's campus was closed for two weeks as a result of widespread power outages in the City of New Orleans and the clean-up required to ready Magnolia for clients. Clients were evacuated to emergency shelters per Magnolia's emergency response plan. As of June 30, 2022, insurance proceeds were \$2,272,991. During the years ended June 30, 2023 and 2022, \$398,667 and \$1,868,758, respectively, of insurance proceeds were received. The insurance receivable as of June 30, 2023 and 2022 is \$5,566 and \$404,233, respectively.

During the year ended June 30, 2022, Magnolia recognized realized insurance recoveries which are reported net of impairments. The following table identifies insurance proceeds related to damaged assets as well as the resulting impairment gain.

Asset	Insurance Proceeds	Cost of Assets	Accumulated Depreciation Assets	Book Value Assets	Impairment Gain
Buildings	\$2,272,991	\$2,300,022	\$1,711,314	\$588,708	\$1,684,283

### Note 8 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described on the following page:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that Magnolia has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability: and/or
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of June 30, 2023 and 2022.

- *Equity Securities, Debt Securities, and Certificates of Deposit:* Valued at the closing price reported on the active market on which the investments are traded.
- *Exchange Traded Funds*: Valued at net asset value (NAV). The funds held by Magnolia are deemed to be actively traded.
- *Mutual Funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by Magnolia are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their NAV and to transact at that price. The mutual funds held by Magnolia are deemed to be actively traded.

## SPECIAL REPORTS OF CERTIFIED PUBLIC ACCOUNTANTS

### INDEPENDENT AUDITOR'S REPORTS ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Governors, Magnolia Community Services, Inc., Jefferson, Louisiana.

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Magnolia Community Services, Inc. ("Magnolia") (a nonprofit organization), which comprise the statement of financial position as of June 30, 2023, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated December 21, 2023.

### **Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Magnolia's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Magnolia's internal control. Accordingly, we do not express an opinion on the effectiveness of Magnolia's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Magnolia's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

# INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Directors, Magnolia Community Services, Inc., Jefferson, Louisiana

#### **Report on Compliance for Each Major Federal Program**

#### **Opinion on Each Major Federal Program**

We have audited Magnolia Community Services, Inc.'s (Magnolia) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of Magnolia's major federal programs for the year ended June 30, 2023. Magnolia's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Magnolia complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2023.

### Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Magnolia and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Magnolia's compliance with the compliance requirements referred to above.

## **Responsibilities of Management for Compliance**

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Magnolia's federal programs.

## Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Magnolia's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Magnolia's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Magnolia's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Magnolia's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Magnolia's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Report on Internal Control over Compliance**

A *deficiency in internal control* over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness* in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* in internal control over compliance is a deficiency or a combination of deficiencies and corrected, on a timely basis. A *significant deficiency* in internal control over compliance is a deficiency, or a combination of deficiencies, is a type of compliance of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
