MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the District Attorney of the Fourteenth Judicial District, Calcasieu Parish, Louisiana ("District Attorney"), we offer readers of the District Attorney's financial statements this narrative overview and analysis of the financial activities of the District Attorney for the year ended December 31, 2023. This management discussion and analysis ("MD&A") is designed to provide an objective and easy to read analysis of the District Attorney's financial activities based on currently known facts, decisions, or conditions. It is intended to provide readers with an analysis of the District Attorney's short-term activities based on information presented in the financial report and fiscal policies that have been adopted by the District Attorney. Specifically, this section is designed to assist the reader in focusing on significant financial issues, provide an overview of the District Attorney's financial activity, identify changes in the District Attorney's financial position (its ability to address the subsequent year challenges), identify any material deviations from the financial plan (the approved budget), and identify individual fund issues or concerns.

As with other sections of this financial report, the information contained in this MD&A should be considered only a part of a greater whole. The readers of this statement should take time to read and evaluate all sections of this report, including the footnotes and the other Required Supplemental Information ("RSI") that is provided in addition to this MD&A.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the District Attorney's financial statements. The District Attorney's basic financial statements include: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements. The District Attorney also includes additional information to supplement the basic financial statements.

1. Government-Wide Financial Statements

Government-wide financial statements are designed to provide readers a concise "entity-wide" Statement of Net Position and Statement of Activities, seeking to give the user of the financial statements a broad overview of the District Attorney's financial position and results of operations in a manner similar to a private-sector business.

- A. The Statement of Net Position presents information on all of the District Attorney's assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. The difference between the assets and liabilities is reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District Attorney is improving or weakening.
- B. The Statement of Activities presents information showing how the District Attorney's net assets change during the most recent fiscal year. All changes in assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected fees).

1. Government-Wide Financial Statements – (Continued)

Government-Wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. The District Attorney's assets exceeded its liabilities by \$8,033,582 and \$7,661,196 for the years ended December 31, 2023 and 2022, respectively. Of these amounts, \$7,423,205 and \$6,951,312 are unrestricted.

A portion of the District Attorney's net position (5.7% for 2023 and 3.9% for 2022) reflects the investment in capital assets (e.g., equipment, furniture, vehicles, etc.). The District Attorney uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending.

A portion of the District Attorney's net position (1.9% for 2023 and 5.4% for 2022) is restricted for the use of the special revenue program (Worthless Checks).

The remaining balance of unrestricted net position may be used to meet the District Attorney's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, the District Attorney is reporting a positive balance in net position.

The analysis in Table 1 and Table 2 below focus on the summary of net position and summary of changes in net position for the District Attorney's governmental activities.

Government-Wide Financial Analysis – (Continued)

The results of this year's operations for the District Attorney as a whole are reported in the Statement of Activities. Table 2 details the information from that statement and compares it to fiscal year 2022. As reported in the Statement of Activities, the cost of all governmental activities this year was \$9,768,173 compared to \$9,604,828 in the prior year. The Government Activities of the District Attorney include judicial and prosecution activities. Commissions on fines and forfeitures, license fees and enrollment fees fund these government activities. Table 2 below illustrates the District Attorney's major revenue and expenditures related to those functions typically associated with governments.

2. Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District Attorney, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District Attorney can be divided into two categories: governmental funds and fiduciary funds.

A. Governmental funds are used to account for most of the District Attorney's basic services reported as government activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on how money flows into and out of those funds and the balances remaining at year-end that are available for spending. These funds are reported using modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the District Attorney's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the District Attorney's programs.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for government activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financial decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities. These reconciliations are located on pages 22 and 24.

2. Fund Financial Statements – (Continued)

B. Fiduciary funds are used to account for assets that are received and held in trust for other governmental agencies. These funds are from seizures and programs and are disbursed upon order of the court documents or program documents to the governmental agencies or returned to the defendants.

Financial Analysis of the Governmental Funds

The District Attorney's Governmental Funds reported ending fund balances of \$7,579,266 for the year ending 2023 and \$7,365,938, for the year ending 2022. The District Attorney retains a reasonable surplus in the General Fund for unforeseen future emergencies such as natural disasters, decrease in economic conditions, emergency capital outlay requirements, and other similar conditions. The District Attorney experienced an increase in bond and asset forfeitures. This is resulting from 1) the new administration's focus to obtain bond forfeiture revenue available to them and 2) catching up from the backlog of bond forfeitures due to shutdowns caused by the pandemic and hurricanes.

3. Capital Assets

The District Attorney's investment in capital assets for its governmental activities as of December 31, 2023 and 2022 amounted to \$454,316 and \$295,258, respectively (net of accumulated depreciation). This investment in capital assets includes equipment, automobiles, furniture, leasehold improvements, training facilities, and right of use assets less related debt. These right of use assets are a result of the District Attorney adopting GASB 87 and 96 in 2022.

Capital asset additions totaled \$284,982 and \$464,492 and depreciation expense was \$162,431 and \$153,184 for the years ended 2023 and 2022, respectively.

Additional information on the District Attorney's capital assets can be found in Note 5 of the audit report.

4. Notes to the Financial Statements

The notes to the financial statements provide additional information that is essential for a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 27 through 43 of this report.

5. Other Supplementary Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information. Required supplementary information can be found beginning on page 44 of this report.

- a. Budgetary Comparison Schedules The District Attorney adopts an annual appropriated budget for the General Fund and Other Major Governmental Fund. Budgetary comparison statements have been provided for these funds to demonstrate compliance with the budget beginning on page 45.
- b. Analysis of Significant Budget Variances in the General Fund:

i. Revenues:

- 1. Fines, forfeitures, program fees and intergovernmental revenues are estimated during the budget amendment process, which occurs during the month of November. Information regarding actual General Fund revenues becomes available only upon receipt from the disbursing agencies after year-end. Comparison of final budgetary amounts with actual amounts resulted in a favorable variance of \$394,728 related to these general revenues due to various sources providing more than anticipated during the budget process.
- 2. Other revenues, including interest, intergovernmental revenue, technology grant, and miscellaneous income, provided for an unfavorable final budget variance of \$201,240 due to various sources providing less than anticipated income during the budget process.

ii. Expenditures:

1. Budget variances for expenditures result from differences between anticipated expenditures and unexpected occurrences during the year. Comparison of final budgetary amounts with actual amounts resulted in a favorable variance of \$269,329 due to various expenditures being less than anticipated during the budget process.

6. Economic Factors and Next Year's Budget

The following factors were considered in preparing the District Attorney's budget for the 2024 fiscal year:

It is anticipated that the revenues in the General fund will increase in 2024. Bond forfeiture revenue will continue to increase as we remain focused on collecting from the backlog of bond forfeitures caused by pandemic and hurricane shutdowns. Pre-trial Intervention revenue is expected to increase as a result of the 2023 implementation of the LA Learning program. Intergovernmental revenue is expected to increase as a result of the line appropriation granted to our office for information technology server upgrades from House Bill No. 560's State Aid to Local Government Entities. In addition, an increase in on behalf payments revenue is expected due to the rise in salaries as we have implemented a pay scale for exempt and non-exempt

employees, which defines a certain range of pay based on experience, education and longevity. There is also a plan to provide annual raises to compensate for cost of living/inflation increases.

Management expects expenditures to increase in the General Fund primarily due to the increase in salaries expense as discussed above. An increase in capital outlay will also occur arising from the aid provided in House Bill No. 560, also discussed above.

7. Request for Information

This financial report is designed to provide a general overview of the District Attorney's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Lisa Aguillard, 901 Lakeshore Dr, Lake Charles, Louisiana, 70601.

INDEPENDENT AUDITORS' REPORT

Honorable Stephen C. Dwight District Attorney of the Fourteenth Judicial District Calcasieu Parish, Louisiana

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the District Attorney of the Fourteenth Judicial District, as a component unit of the Calcasieu Parish Police Jury, as of and for the year ended December 31, 2023, and the related notes to the financial statements, which collectively comprise the District Attorney of the Fourteenth Judicial District's, as a component unit of the Calcasieu Parish Police Jury, basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District Attorney of the Fourteenth Judicial District, as a component unit of the Calcasieu Parish Police Jury, as of December 31, 2023, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District Attorney of the Fourteenth Judicial District, as a component unit of the Calcasieu Parish Police Jury, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Honorable Stephen C. Dwight District Attorney of the Fourteenth Judicial District

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District Attorney of the Fourteenth Judicial District's, as a component unit of the Calcasieu Parish Police Jury, ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District Attorney of the Fourteenth Judicial District's, as a component unit of the Calcasieu Parish Police Jury, internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District Attorney of the Fourteenth Judicial District's, as a component unit of the Calcasieu Parish Police Jury, ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of

Honorable Stephen C. Dwight District Attorney of the Fourteenth Judicial District

inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District Attorney of the Fourteenth Judicial District's, as a component unit of the Calcasieu Parish Police Jury, basic financial statements. The schedule of compensation, benefits and other payments to agency head and the justice system funding schedules for collecting/disbursing and for receiving entities are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated May 1, 2024, on our consideration of the District Attorney of the Fourteenth Judicial District's, as a component unit of the Calcasieu Parish Police Jury, internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District Attorney of the Fourteenth Judicial District's, as a component unit of the Calcasieu Parish Police Jury, internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering District Attorney of the Fourteenth Judicial District's, as a component unit of the Calcasieu Parish Police Jury, internal control over financial reporting and compliance.

NOTES TO THE FINANCIAL STATEMENTS

For the Year Ended December 31, 2023

NOTE 1 – INTRODUCTION

As provided by Article V, Section 26 of the Louisiana Constitution of 1974, the District Attorney of the Fourteenth Judicial District ("District Attorney") has charge of every criminal prosecution by the State in his district, is the representative of the State before the grand jury in his district, is the legal advisor to the grand jury, and performs other duties as provided by law. The District Attorney is elected by the qualified electors of the judicial district for a term of six years. The Fourteenth Judicial District encompasses the parish of Calcasieu, Louisiana.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. BASIS OF PRESENTATION

The accompanying basic financial statements of the District Attorney have been prepared in conformity with the United States generally accepted accounting principles ("GAAP") as applied to governmental units. The Governmental Accounting Standards Board ("GASB") is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

B. REPORTING ENTITY

For the financial reporting purposes, in conformance with governmental accounting standards, the District Attorney is a part of the district court system in the State of Louisiana. However, the District Attorney operates autonomously from the State of Louisiana and independently from the district court system. Therefore, the District Attorney reports as an independent reporting entity.

As the governing authority of the Parish, for reporting purposes, the Calcasieu Parish Police Jury ("Police Jury") is the financial reporting entity for Calcasieu Parish. The financial reporting entity consists of (a) the primary government (Police Jury), (b) organizations for which the primary government is financially accountable, (c) fiscally dependent, (d) and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental accounting standards established criteria for determining which component units should be considered part of the Police Jury for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The governmental accounting standards have set forth criteria to be considered in determining financial accountability. These criteria include:

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

B. REPORTING ENTITY – (Continued)

- 1. Appointing a voting majority of an organization's governing body, and
 - a. The ability of the Police Jury to impose its will on the organization and/or
 - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the Police Jury.
- 2. Organizations for which the Police Jury does not appoint a voting majority but are fiscally dependent on the Police Jury and pose a financial benefit or burden to the Police Jury.
- 3. Organizations for which the reporting entity's financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

The Police Jury's financial statements would be misleading if data of the District Attorney were not included because of the nature or significance of the relationship, the District Attorney was determined to be a component unit of the Police Jury, the financial reporting entity. The accompanying financial statements present information only on the funds maintained by the District Attorney and do not present information on the Police Jury, the general government services provided by that government unit, or the other governmental units that comprise the financial reporting entity.

C. BASIS OF ACCOUNTING/MEASUREMENT FOCUS

This District Attorney's basic financial statements include both government-wide and fund financial statements.

A. Government-Wide Financial Statements

The District Attorney's Government-Wide Financial Statements include a Statement of Net Position and a Statement of Activities. These statements present summaries of Governmental Activities for the District Attorney. Separate financial statements are provided for governmental funds and fiduciary funds. However, data from fiduciary funds are not incorporated in the government-wide financial statements.

These statements are presented on an "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all of the District Attorney's assets and liabilities, including capital assets and long-term liabilities, are included in the accompanying Statement of Net Position. The Statement of Activities presents changes in net position.

For the Year Ended December 31, 2023

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

C. BASIS OF ACCOUNTING/MEASUREMENT FOCUS – (Continued)

A. Government-Wide Financial Statements – (Continued)

Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred, regardless of the timing of related cash flows. The types of transactions reported as program revenues for the District Attorney are reported in three categories: 1) charges for services, 2) operating grants and contributions, and 3) capital grants and contributions.

B. Governmental Fund Financial Statements

The District Attorney uses funds to maintain its financial records during the year. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to certain District Attorney's functions and activities. A fund is a separate fiscal and accounting entity with a self-balancing set of accounts. The various funds of the District Attorney are classified into two categories: governmental and fiduciary. The emphasis on fund financial statements is on major funds, each displayed in a separate column. A fund is considered major if it is the primary operating fund of the District Attorney or its total assets, liabilities, revenues, or expenditures of the individual governmental fund is at least ten percent of the corresponding total for all governmental funds.

Governmental fund financial statements include a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balances for all major governmental funds and non-major funds aggregated. An accompanying schedule is presented to reconcile and explain the differences in fund balances and changes in fund balances as presented in these statements to the net position and changes in net position presented in the Government-Wide financial statements. The District Attorney has presented all major funds that met those qualifications.

All governmental funds are accounted for on a spending or "current financial resources" measurement focus and the modified accrual basis of accounting. Accordingly, only current assets and current liabilities are included on the Balance Sheets. The Statement of Revenues, Expenditures and Changes in Fund Balances present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets.

Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current period. Accordingly, revenues are recorded when received in cash, except that revenues subject to accrual are recognized when earned. The primary revenue sources, which have been treated as susceptible to accrual by the District

Attorney, are fines and forfeitures, collection fees, enrollment fees, and other forfeitures. The District Attorney considers all revenue available if they are collected within 60 days after the fiscal year end. Expenditures are recorded in the accounting period in which the related fund liability is incurred. Funds of the District Attorney are as follows:

Governmental Fund Types:

General Fund

The primary operating fund of the District Attorney and it accounts for all financial resources, except those required to be accounted for in other funds. The General Fund is available for any purpose provided it is expended or transferred in accordance with state and federal laws and according to the District Attorney's policy.

Special Revenue Fund

The Special Revenue Fund accounts for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes or designated by the District Attorney to be accounted for separately. The special revenues funds of the District Attorney consist of the following:

Special Revenue Non-Major Governmental Fund

The Worthless Check Collection Fee Fund - consists of fees collected in accordance with Louisiana Revised Statute 16:15, which provides for a specific fee whenever the District Attorney's office collects and processes a worthless check. Expenditures from this fund are at the sole discretion of the District Attorney and may be used to defray the salaries and the expenses of the office of the District Attorney but may not be used to supplement the salary of the District Attorney.

Fiduciary Fund Type:

Custodial Funds

The custodial funds are used to account for assets held by the District Attorney as an agent for other funds and/or other governments. These funds are used to account for bond forfeitures, asset forfeitures for drug money seizures and gambling, restitution and the SWLA Sexual Assault Nurse Examiner ("SANE") program until such time as the court orders disposition of such funds to various agencies as required by law or according to the program documents. Also, from time to time, the drug fund may be used to hold money as evidence until such time as the seizing agency requests the money for its purposes.

D. CASH AND CASH EQUIVALENTS AND INVESTMENTS

Cash includes amounts in demand deposits, interest-bearing demand deposits, and money market accounts. Cash equivalents include amounts in time deposits and those investments with original maturities of 90 days or less. Under state law, the District Attorney may deposit funds in demand deposits, interest-bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

Louisiana Asset Management Pool ("LAMP") is a nonprofit corporation formed by the State Treasurer and organized under the laws of the State of Louisiana, which operated a local governmental investment pool equivalent to a money market fund. LAMP invests in short-term instruments as permitted by statute.

E. INVESTMENTS

Under state law, the District Attorney may invest in United States bonds, treasury notes, or certificates.

The District Attorney's investment program is authorized and limited by state statute to purchases of certificates, securities issued or guaranteed by the U.S. government and its agencies or instrumentalities and participation in the Certificate of Deposit Account Registry Service ("CDARS"). These are classified as investments if their original maturities exceed 90 days; however, if the original maturities are 90 days or less, they are classified as cash equivalents.

NOTES TO THE FINANCIAL STATEMENTS

For the Year Ended December 31, 2023

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

E. INVESTMENTS – (Continued)

CDARS is an investment vehicle providing full FDIC insurance for the purchase of nonnegotiable certificates of deposit.

Investments are reported at fair value except for CDARS which are non-participating interest earning contracts that are reported at cost. Fair value is defined as the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Investments in time deposits are stated at cost, which approximates market.

F. CAPITAL ASSETS

Capital assets are capitalized at historical cost. The District Attorney maintains a threshold level of \$1,000 or more for capitalizing capital assets.

Capital assets are recorded in the Statement of Net Position and Statement of Activities. Since surplus assets are sold for an immaterial amount when declared no longer needed by the District Attorney, no salvage value is taken into consideration for depreciation purposes.

All capital assets are depreciated using the straight-line method over the following useful lives:

Transportation equipment	5 years		
Furniture and fixtures	5-7 years		
Office equipment	3-7 years		
Leasehold improvements	7-10 years		
Right-of-use leased assets	3-7 years		
Subscription based IT arrangements	3-5 years		

Capital assets used in the District Attorney's office (governmental fund type operations) acquired by the Police Jury are accounted for by the Police Jury.

G. ESTIMATES

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenditures, and expenses during the reporting period. Actual results could differ from those estimates.

NOTES TO THE FINANCIAL STATEMENTS

For the Year Ended December 31, 2023

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

H. EQUITY CLASSIFICATION

In government-wide statements, equity is classified as net position and displayed in three components:

- a. Invested in capital assets, net of related debt Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position Consists of net position with constraints placed on the use by either (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position All other net position that do not meet the definition of "restricted" or "invested in capital assets, net of related debt".

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed.

I. FUND EQUITY

The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the District Attorney is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in the governmental fund financial statements are as follows:

- <u>Nonspendable</u>: This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) are legally or contractually required to be maintained intact.
- Restricted: This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation.
- <u>Committed:</u> This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the District Attorney. The District Attorney is the highest level of decision-making authority for the District Attorney's Office. Commitments may be established, modified, or rescinded only through resolutions approved by the District Attorney.

NOTES TO THE FINANCIAL STATEMENTS

For the Year Ended December 31, 2023

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

I. FUND EQUITY – (Continued)

- <u>Assigned:</u> This classification includes amounts that are constrained by the District Attorney's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the District Attorney or through the District Attorney delegating this responsibility to the District Attorney's manager through the budgetary process. This classification also includes the remaining positive fund balance for all governmental funds except for the General Fund.
- <u>Unassigned</u>: This classification includes the residual fund balance for the General Fund

The District Attorney typically use restricted fund balances first, followed by committed, and then assigned resources, as appropriate opportunities arise, but reserves the right to selectively spend unassigned resources first to defer the use of these other classified funds.

J. LEASES – LESSEE

The District Attorney is a lessee for noncancellable lease agreements for equipment used for administrative functions. In accordance with GASB Statement No. 87, Leases, the District Attorney recognizes a lease liability and an intangible right-to-use lease asset (lease asset) in the financial statements for those lease contracts with an initial individual value that is material to the financial statements and whose terms call for a lease period greater than one year. The lease liability is measured at the commencement of the lease at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life. Key estimates and judgments related to leases include (1) the discount rate used to present value the expected lease payment, (2) lease term, and (3) lease payments.

- The District Attorney uses the interest rate charged by the lessor as the discount rate, if provided. When the interest rate charged by the lessor is not provided, the District Attorney uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease terms include the noncancellable period of the lease and optional renewal periods. Lease payments included in the measurement of the lease liability are composed of fixed payments through the noncancellable term of the lease and renewal periods that management considers reasonably certain to be exercised.

NOTES TO THE FINANCIAL STATEMENTS

For the Year Ended December 31, 2023

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

J. LEASES – LESSEE – (Continued)

The District Attorney monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Lease assets are reported with capital assets and lease liabilities are reported with long-term debt on the statement of net position.

NOTE 3 – CASH AND CASH EQUIVALENTS

Cash and cash equivalents include cash on hand, cash on deposit, certificates of deposit and money market accounts. These deposits are stated at cost, which approximates fair value. Under state law, the resulting bank balances of these deposits must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The estimated fair value of the pledged securities plus the federal deposit insurance must at all times equal or exceed the amount on deposit with the fiscal agent.

As of December 31, 2023, the District Attorney has \$3,504,570 in deposits (collected bank balances) in local financial institutions, including certificates of deposit. These deposits are secured from risk by \$1,046,359 of federal deposit insurance and \$5,812,339 of pledged securities held by the custodial bank in the name of the District Attorney. As such, these deposits are not considered subject to custodial credit risk according to GASB Statement No. 3.

The District Attorney periodically invests in the LAMP, a local government investment pool (see Summary of Significant Accounting Policies). In accordance with GASB codification Section I50.165 investments in LAMP are not categorized in the three risk categories provided by GASB Codification Section I50.164 because the investment is in the pool of funds and therefore not evidenced by securities that exist in physical or book entry form. LAMP is administered by LAMP, Inc., a nonprofit corporation organized under the laws of the State of Louisiana, which was formed by an initiative of the State Treasurer in 1993. The corporation is governed by various organizations of local government, the Government Finance Officers Association of Louisiana, and the Society of Louisiana CPAs. Only local governments having contracted to participate in LAMP have an investment interest in its pool of assets. The primary objective of LAMP is to provide a safe environment for the placement of public funds in short-term high-quality investments. The LAMP portfolio includes only securities and other obligations in which local governments in Louisiana are authorized to invest. Accordingly, LAMP investments are restricted to securities issued, guaranteed, or backed by the U.S. Treasury, the U.S. Government, or one of its agencies, enterprises, or instrumentalities,

as well as repurchase agreements collateralized by those securities. The dollar weighted-average portfolio maturity of LAMP assets is restricted to not more than 90 days and consists of no securities with a maturity in excess of 397 days. LAMP is designed to be highly liquid to give its participants immediate access to their account balances. The District Attorney's balance with LAMP at December 31, 2023 is \$404,565.

Credit Risk - LAMP is rated AAAm by Standard & Poor's.

Custodial Credit Risk - Custodial credit risk is the risk that in the event of a bank failure, the District Attorney's deposits may not be recovered. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or similar federal security or the pledge of securities owned by the fiscal agent bank. The fair market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the District Attorney or the pledging fiscal agent bank by a holding or custodial bank that is mutually acceptable to both parties. LAMP participant investments in the pool are evidenced by shares of the pool.

NOTE 4 – INVESTMENTS

Interest rate risk is defined as the risk that changes in interest rates will adversely affect the fair value of the investments. Investments can be highly sensitive to changes in interest rates due to their terms or characteristics. The District Attorney's investment policy with regards to interest rate risk is to match cash flow requirements with cash flows from investments. This matching allows for securities to be held to maturity thereby avoiding realizing losses due to the liquidation of securities prior to maturity, especially in rising interest rate environment. Investing in longer term maturities that contain a "step up" in coupon interest rates will also contribute to the reduction of interest rate risk.

Custodial credit risk for investments is the risk that in the event of the failure of the counterparty to a transaction, the District Attorney will not be able to recover the value of the investment. Investments are exposed to custodial risk if the securities are (a) uninsured and unregistered and held by the counterparty or (b) uninsured, unregistered and held by the counterparty's trust department or agency but not in the name of the District Attorney.

The following chart presents the investment position of the District Attorney as of December 31, 2023. The various types of investments are listed and presented by whether they are exposed to custodial credit risk.

To the extent available, the District Attorney's investments are recorded at fair value as of December 31, 2023. GASB Statement 72, Fair Value Measurement and Application, defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. This statement establishes a hierarchy of valuation inputs based on the extent to which the inputs are observable in the marketplace. Inputs are used in applying the various valuation techniques and take into account the assumptions that market participants use to make valuation decisions. Inputs may include price information, credit data, interest and yield curve data, and other factors specific to the financial instrument. Observable inputs reflect market data obtained from independent sources. In contrast, unobservable inputs reflect the entity's assumptions about how market participants

would value the financial instrument. Valuation techniques should maximize the use of observable inputs to the extent available.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following describes the hierarchy of inputs used to measure fair value and the primary valuation methodologies used for financial instruments measured at fair value on a recurring basis:

- Level 1 Investments whose values are based on quoted prices (unadjusted) for identical assets in active markets that a government can access at the measurement date.
- Level 2 Investments with inputs other than quoted prices included within Level 1 that are observable for an asset, either directly or indirectly. The District Attorney's Level 2 investments are valued using quoted prices for identical or similar securities in active markets or matrix pricing based on the securities' relationship to benchmark quoted prices.
- Level 3 Investments classified as Level 3 have unobservable inputs for an asset and may require a degree of professional judgment. The District Attorney has no investments reported as Level 3.

A summary of the District Attorney's investments, along with the fair value hierarchy levels of each type of investment is as follows:

Investments by Fair Value Level:	
U.S. Treasury Bills (Level 1)	\$ 4,045,931
Certificates of Deposit (Level 1)	546,327
CDARS (Non-participating Interest Earning Contract- Cost)	539,098

NOTE 7 – LEASES

The District Attorney is a lessee for noncancelable lease agreements for equipment used for judicial/prosecution function. The lease terms include the noncancelable period of the lease and the optional renewal period if applicable. The lease payments are fixed payments. In accordance with GASB Statements No. 87, Leases, a liability has been recorded for the present value of lease payments over the lease term for each agreement. The lease agreements have non-appropriation exculpatory clauses that allow lease cancellation if the District Attorney does not make an appropriation for its continuation during any future fiscal period. However, such clauses were disregarded in determining the term of the lease for the purpose of measuring the lease assets and liabilities.

As of December 31, 2023, the combined value of the lease liabilities was \$19,555. In determining the present values, the interest rate charged by the lessor was the discount rate, if provided. When the interest rate charged by the lessor was not provided, the District Attorney used its estimated incremental borrowing rate as the discount rate for leases. The recorded value of the right-of-use assets as of the end of the current fiscal year was \$35,549 and the accumulated amortization of these assets were \$16,830.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Stephen C. Dwight District Attorney of the Fourteenth Judicial District Calcasieu Parish, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, and the aggregate remaining fund information of the District Attorney of the Fourteenth Judicial District, a component unit of the Calcasieu Parish Police Jury, as of and for the year ended December 31, 2023, and the related notes to the financial statements, which collectively comprise the District Attorney's basic financial statements and have issued our report thereon dated May 1, 2024.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District Attorney's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District Attorney's internal control. Accordingly, we do not express an opinion on the effectiveness of the District Attorney's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

District Attorney of the Fourteenth Judicial District Page 2

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We identified certain deficiencies in internal control, described in the accompanying Schedule of Current Year Findings with Corrective Action Plan that we consider to be significant deficiencies.

Item 01 - 23 (IC)

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District Attorney's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

District Attorney of the Fourteenth Judicial District's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the District Attorney's response to the findings identified in our audit and described in the accompanying Schedule of Current Year Findings and Corrective Action Plan. The District Attorney's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose

CURRENT YEAR FINDINGS WITH CORRECTIVE ACTION PLAN

For the Year Ended December 31, 2023

A. Internal Control Over Financial Reporting:

<u>01-23 (IC) – Segregation of Duties</u>

Criteria: Proper internal controls require that accounting duties be performed by separate individuals so that one individual could not perpetrate and conceal errors or irregularities without them being detected by another individual who was performing his or her assigned duties.

Condition: Accounting and financial functions are not adequately segregated.

Cause: Limited number of employees due to the small size of the District.

Effect: Errors or irregularities may not be detected within a timely period.

Recommendation: We recommend that the District Attorney properly segregate accounting processes.

Management's Response and Corrective Action Plan: The District Attorney's management has determined that it is not cost effective to achieve complete segregation of duties in the accounting department. They have, however, segregated as many duties as possible. No plan is considered necessary.

B. Compliance:

There were no findings with regards to compliance.
