SUNSET, LOUISIANA
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1999 AND 1998

NOTE (1) - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The South St. Landry Community Library District was established in compliance with Louisiana Revised Statutes 25:295-299 to provide and operate a library for the area including Sunset, Grand Coteau and Cankton, Louisiana.

The Library District is governed by a board of commissioners, composed of seven members, one each appointed by the mayors of Sunset, Grand Coteau and Cankton and four appointed by the St. Landry Parish Police Jury. The members of the Board serve without pay.

The accompanying general purpose financial statements of the South St. Landry Community Library District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

A. REPORTING ENTITY

As the governing authority of the parish, for reporting purposes, the St. Landry Parish Police Jury is the financial reporting entity for St. Landry Parish.

The financial reporting entity consists of (a) the primary government (police jury) (b) organizations for which the primary government is financially accountable, and (c) other organizations for which nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental Accounting Standards Board Statement No. 14 established criteria for determining which component units should be considered part of the St. Landry Parish Police Jury for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. This criteria includes:

1. Appointing a voting majority of an organization's governing body, and
 - a. The ability of the police jury to impose its will on that organization and/or
 - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the police jury.
2. Organizations for which the police jury does not appoint a voting majority but are fiscally dependent on the police jury.
3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

NOTE (1) - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

A. REPORTING ENTITY - Continued

The South St. Landry Community Library District is considered to be a component unit of the police jury because the police jury appoints four members of the Library's seven member Board and has the ability to impose its will on the Library. The accompanying financial statements present information only on the funds maintained by the Library and do not present information on the police jury.

B. FUND ACCOUNTING

The Library uses funds and account groups to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions relating to certain governmental functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts. On the other hand, an account group is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable available financial resources.

The general fund of the Library is classified as a governmental fund. Governmental funds account for the Library's general activities, including the collection and disbursement of specific or legally restricted monies, the acquisition or construction of general fixed assets, and the servicing of general long-term debt.

C. BASIS OF ACCOUNTING

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The governmental funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. Operating statements of these funds present increases and decreases in net current assets. The modified accrual basis of accounting is used by the governmental funds. The governmental funds use the following practices in recording revenues and expenditures:

Revenues, including grant revenues, are recognized when they become measurable and available as net current assets. Revenues are recorded as received in cash except at year-end. Accruals are made at year-end for revenues of a material amount that are measurable and collectible soon enough after year-end to be used to pay liabilities of the current period.

Revenues from local sources consist primarily of property taxes. Property tax revenues and revenues received from the State of Louisiana are recognized when susceptible to accrual. Miscellaneous revenues are recorded as revenue when received in cash because they are generally not measurable until actually received. Investment earnings are recorded as earned since they are measurable and available.

NOTE (1) - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

C. BASIS OF ACCOUNTING - Continued

Purchases of various operating supplies are regarded as expenditures at the time purchased. The costs of governmental fund-type inventories are recorded as expenditures when purchased and items on hand at year-end, if any, are not recorded as assets, unless material. Expenditures for insurance and similar services which extend over more than one accounting period are accounted for as expenditures of the period of acquisition.

D. BUDGETS

Budgets are adopted on a cash basis. Operating appropriations lapse at year-end.

The revenues, expenditures and fund balance shown on page 4 are reconciled with the amounts reflected in the budget comparison as follows:

E. ENCUMBRANCES

Encumbrance accounting is not used by the Library District.

F. CASH AND INVESTMENTS

Cash includes amounts in demand deposits. Investments, if any, are stated at cost, which approximates market.

Under state law, the Library may invest in United States bonds, treasury notes, certificates or other obligations of the United States of America, or time certificates of deposit in state banks organized under Louisiana law and national banks having their principal office in Louisiana.

G. FIXED ASSETS

Fixed assets are recorded as expenditures at the time purchased or constructed, and the related assets are capitalized (reported) in the general fixed assets account group. The Library has no public domain or infrastructure outlays. Interest costs incurred during construction are not capitalized. No depreciation has been provided on general fixed assets. Fixed assets are valued at either historical cost or estimated fair market value at the date of acquisition.

H. COMPENSATED ABSENCES

The Library pays full-time employees for vacation and sick leave. There is a written policy on the number of days earned per year which is based on years of employment. Employees are compensated for vacation days upon termination, however, sick days are forfeited upon termination.

I. LONG-TERM DEBT

Long-term obligations expected to be financed from governmental funds are reported in the general long-term debt account group. Expenditures for principal and interest payments for long-term obligations are recognized in the governmental funds when due.

J. RETIREMENT

Employees of the Library contribute to the Social Security Retirement System.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1999 AND 1998

NOTE (2) - PROPERTY TAXES RECEIVABLE

Property taxes receivable at December 31, consist of taxes levied for the calendar year. The tax is collected by an intermediary government and remitted on a monthly basis. The tax is due to the intermediary government on or before December 31st and becomes delinquent on January 1st. The taxes are generally collected in December of the current year and January and February of the ensuing year. The millage rate was 5.75 in 1999 and 1998.

The Library District was required to remit 2.94910 for 1999 and 2.95434 for 1998 of the total ad valorem taxes per the tax roll to the pension fund. This amount is determined by the legislative auditor each year. Since the sheriff collects all taxes for the parish, the tax collected in the first month is reduced by the sheriff for the pension fund amount owed and the remainder is remitted to the taxing district. Therefore, the ad valorem tax receivable and revenue are shown net of pension fund distributions. A breakdown of tax receivable is as follows:

	<u>Total Per</u> <u>Tax Roll</u>	<u>Pension Fund</u> <u>Requirements</u>	<u>Allowance for</u> <u>Uncollectible</u> <u>Taxes</u>	<u>Collected</u> <u>in Current</u> <u>Year</u>	<u>Tax</u> <u>Receivable</u>
1999	\$69,728	\$2,056	\$3,276	\$2,151	\$62,245
1998	66,638	1,969	2,922	6,229	55,518

An estimated allowance for uncollectible property tax has been set up based on prior years' experience.
