### INDEPENDENT AUDITORS' REPORT

Honorable Kenneth W. Darmstad  
Calcasieu Parish Tax Assessment District  
Lake Charles, LA

We have audited the accompanying general purpose financial statements of the Calcasieu Parish Tax Assessment District, a component unit of the Calcasieu Parish Police Jury, as of December 31, 1995, and for the year then ended. These component unit financial statements are the responsibility of the Calcasieu Parish Tax Assessment District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Calcasieu Parish Tax Assessment District as of December 31, 1995, and the results of its operations for the year then ended in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The financial information listed as a supporting schedule in the table of contents is presented for purposes of additional analysis and is not a required part of the general purpose financial statements of the Calcasieu Parish Tax Assessment District. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

CALCASIEU PARISH TAX ASSESSMENT DISTRICT  
Lake Charles, Louisiana

NOTES TO THE FINANCIAL STATEMENTS

For the Year Ended December 31, 1985

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

As provided by Article VII, Section 24 of the Louisiana Constitution of 1974, the assessor is elected by the voters of the parish and serves a term of four years beginning January 1 following the year in which elected. A vacancy occurring in the office, in which the unexpired term is one year or more, is filled by a special election to be held within 60 days of the occurrence of the vacancy; a vacancy in which the unexpired term is less than one year is filled by an appointment by the governor.

The Calcasieu Parish Tax Assessment District assesses property, prepares tax rolls, and submits the rolls to the Louisiana Tax Commission and other governmental bodies as prescribed by law. The Calcasieu Parish Tax Assessment District is authorized to appoint as many deputies as may be necessary for efficient operation of the office and provide assistance to the taxpayers of the parish. The deputies are authorized to perform all functions of the office, but the assessor is officially and primarily responsible for the actions of the deputies.

The accompanying financial statements substantially conform to generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the government's accounting policies are described below.

A. REPORTING ENTITY

As the governing authority of the parish, for reporting purposes, the Calcasieu Parish Police Jury is the financial reporting entity for Calcasieu Parish. The financial reporting entity consists of (a) the primary government (police jury), (b) organizations for which the primary government is financially accountable, and (c) other organizations for which nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental Accounting Standards Board Statement No. 14 established criteria for determining which component units should be considered part of the Calcasieu Parish Police Jury for financial reporting purposes. The basic criteria for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. This criteria includes:

CALCASIEU PARISH TAX ASSESSMENT DISTRICT  
Lake Charles, Louisiana

NOTES TO THE FINANCIAL STATEMENTS - Continued

For the Year Ended December 31, 1995

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

1. Appointing a voting majority of an organization's governing body, and
  - a. The ability of the police jury to impose its will on that organization and/or
  - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the police jury.
2. Organizations for which the police jury does not appoint a voting majority but are financially dependent on the police jury.
3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Because of the nature and significance of the relationship with the police jury, the assessor was determined to be a component unit of the Calcasieu Parish Police Jury, the financial reporting entity. The accompanying financial statements present information only on the funds maintained by the assessor and do not present information on the police jury, the general government services provided by that governmental unit, or the other governmental units that comprise the financial reporting entity.

B. FUND ACCOUNTING

The accounts of the assessment district are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprises its assets, liabilities, fund equity, revenues, and expenditures. The following fund type is used by the assessment district.

GENERAL FUND TYPE:

The General Fund, as provided by Louisiana Revised Statute 47:1906, is the principal fund of the assessment district and is used to account for the operations of the Calcasieu Parish Tax Assessment District's office. Compensation received from the various taxing bodies, prescribed by formula in Louisiana Revised Statutes 47:1907-1908, is accounted for in this fund. General operating expenditures are paid from this fund.

CALCASIEU PARISH TAX ASSESSMENT DISTRICT  
Lake Charles, Louisiana

NOTES TO THE FINANCIAL STATEMENTS - Continued

For the year ended December 31, 1993

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

C. FIXED ASSETS

Fixed assets used in governmental fund type operations (general fixed assets) are accounted for in the general fixed assets account group rather than in the general fund. General fixed assets provided by the parish police jury are recorded within the general fixed assets account group of the Calcasieu Parish Police Jury. Fixed assets are valued at historical cost. No depreciation has been provided on fixed assets.

D. BASIS OF ACCOUNTING

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of measurement made, regardless of the measurement focus applied.

All governmental funds are accounted for using the modified accrual basis of accounting. Their revenues are recognized when they become measurable and available as net current assets. All major revenues are susceptible to accrual.

Expenditures are generally recognized under the modified accrual basis of accounting, when the related fund liability is incurred. Exceptions to this general rule include: (1) accumulated unpaid vacation, sick pay, and other employee amounts which are not accrued, and (2) principal and interest on general long-term debt which is recognized when due.

E. BUDGETARY PRACTICES

Annually, the Calcasieu Parish Tax Assessment District adopts a budget for the General Fund on a modified accrual basis of accounting. The budgetary practices include public notice of the proposed budget, public inspection of the proposed budget, and a public hearing on the budget. Formal budgetary integration is not employed as a management control device during the year. Budgeted amounts included in the accompanying financial statements include the original adopted budget amounts and all subsequent amendments. All budgetary appropriations lapse at year end.

CALCASIEU PARISH TAX ASSESSMENT DISTRICT  
Lake Charles, Louisiana

NOTES TO THE FINANCIAL STATEMENTS - Continued

For the year ended December 31, 1995

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

F. CASH

For reporting purposes, cash includes cash, demand deposits, time deposits, and certificates of deposit. Under state law, the Calcasieu Parish Tax Assessment District may deposit funds within a fiscal agent bank organized under the laws of the State of Louisiana, any other state in the union, or under the laws of the United States. Further, the assessment district may invest in time deposits or certificates of deposit of state banks organized under Louisiana law and national banks having principal offices in Louisiana.

At December 31, 1995, the district has cash and cash equivalents (book balances) totaling \$24,442, as follows:

Interest-bearing demand deposits	\$24,442
----------------------------------	----------

These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or collateral bank that is mutually acceptable to both parties. At December 31, 1995, the district has 24,422 in deposits (collected bank balances). These deposits are secured from risk by \$100,000 of federal deposit insurance.

G. VACATION AND SICK LEAVE

The Calcasieu Parish Tax Assessment District's office has a furlough leave policy in which the employees of the assessment district's office earn from 10 to 20 days of annual leave each year, depending on length of service with the assessment district. Annual leave must be used in the year following the year earned. In addition, employees earn 12 days of sick leave each year. Sick leave not used in the year earned may be carried forward into the following year. Upon resignation or retirement unused annual leave of up to 20 days is paid to employees at the employee's current rate of pay. Accumulated sick leave cannot be used for early retirement and will compensation be given for unused sick leave. At December 31, 1995, there was no unaccrued accumulated annual leave.

CALCASIEU PARISH TAX ASSESSMENT DISTRICT  
Lake Charles, Louisiana

NOTES TO THE FINANCIAL STATEMENTS - Continued

For the year ended December 31, 1995

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

II. TOTAL COLUMNS ON STATEMENTS - OVERVIEW

The total columns on the statements - overview are captioned memorandum only to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position or results of operations, in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation.

2. PROPERTY TAXES

For the year ended December 31, 1995, the assessment district levied 1.44 mills on property subject to taxation to be used for the operations of the assessment office. Total taxes levied for the year was \$907,189 on property with assessed valuation totaling \$629,994,770. Subsequent to the tax levy, net supplemental reductions over additions of \$9,189 reduced estimated taxes to be collected for 1995 to \$898,000. An allowance for bad debt has been established at \$8,980.

Property tax rollage rates are adopted in July for the calendar year in which the taxes are levied and recorded. All taxes are due and collectible when the assessment rolls are filed on or before November 15 of the current year, and become delinquent after December 31. Property taxes not paid by the end of February are subject to lien.

3. CHANGES IN GENERAL FIXED ASSETS

The following is an analysis of the changes in general fixed assets:

Balance of fixed assets, January 1, 1995	\$ 793,260
Fixed asset additions	4,724
Fixed assets scrapped/dismantled	( 8,322)
Balance of fixed assets, December 31, 1995	\$ 789,662

CALCASIEU PARISH TAX ASSESSMENT DISTRICT  
Lake Charles, Louisiana

NOTES TO THE FINANCIAL STATEMENTS - Continued

For the year ended December 31, 1985

4. PENSION PLAN

*Plan Description.* Substantially all employees of the Calcasieu Parish Tax Assessor's office are members of the Louisiana Assessors Retirement System (System), a cost-sharing, multiple-employer defined benefit pension plan administered by a separate board of trustees.

*All Full-time employees who are under the age of 60 at the time of original employment and are not drawing retirement benefits from any other public retirement system in Louisiana are required to participate in the System. Employees who retire at or after age 55 with at least 12 years of credited service or at or after age 58 with at least 38 years of credited service are entitled to a retirement benefit, payable monthly for life, equal to 3 percent of their final-average salary for each year of credited service, not to exceed 180 percent of their final-average salary. Final-average salary is the employee's average salary over the 35 consecutive or joined months that produce the highest average. Employees who terminate with at least 12 years of service and do not withdraw their employee contributions may retire at or after age 55 and receive the benefit accrued to their date of termination. The System also provides death and disability benefits. Benefits are established or amended by state statute.*

*The System issues an annual publicly available financial report that includes financial statements and required supplementary information for the System. That report may be obtained by writing to the Louisiana Assessors Retirement System, Post Office Box 1788, Shreveport, Louisiana 71168-1788, or by calling (337)425-4445.*

*Funding Policy.* Plan members are required by state statute to contribute 7.8 percent of their annual covered salary and the Calcasieu Parish Assessor is required to contribute at an actuarially determined rate. The current rate is 5.8 percent of annual covered payroll. Contributions to the System also include one-fourth of one percent of the taxes shown to be collectible by the tax rolls of each parish, plus revenue sharing funds appropriated by the legislature. The contribution requirement of plan members and the Calcasieu Parish Assessor are established and may be amended by state statute. As provided by Louisiana Revised Statute 11:103, the employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior fiscal year. The Calcasieu Parish Assessor's contributions to the System for the years ending December 31, 1983, 1984, and 1985, were \$31,534, \$35,721, and \$35,782, respectively, equal to the required contributions for each year.

CALCASIEU PARISH TAX ASSESSMENT DISTRICT  
Lake Charles, Louisiana

NOTES TO THE FINANCIAL STATEMENTS - Continued

For the year ended December 31, 1995

5. POST RETIREMENT HEALTH CARE AND LIFE INSURANCE

The Calcasieu Parish Tax Assessment District provides certain cost sharing health care and life insurance benefits for its retired employees. Substantially all employees become eligible for these benefits if they progress to normal retirement age while working for the assessment district. These benefits for retirees and similar benefits for active employees are provided through an insurance company whose monthly premiums are paid jointly by the employees and the assessment district.

6. EXPENSES OF THE ASSESSOR NOT INCLUDED IN THE FINANCIAL STATEMENTS

The Calcasieu Parish Tax Assessment District's office is located in the Magnolia Life Building owned by the Calcasieu Police Jury. The upkeep and maintenance of the building is paid by the Calcasieu Parish Police Jury.

7. NOTE PAYABLE

Note payable consist of the following at December 31, 1995:

Note payable to Calcasieu Marine National Bank,  
dated August 22, 1995, in the original amount of  
\$180,000, accruing interest at 5.68%, to be repaid  
on January 15, 1996, secured by and payable from  
property tax revenues.

### INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL STRUCTURE BASED ON AN AUDIT OF GENERAL PURPOSE FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Kenneth W. Demasick  
Calcasieu Parish Tax Assessment District  
Lake Charles, Louisiana

We have audited the general purpose financial statements of the Calcasieu Parish Tax Assessment District, Lake Charles, Louisiana, for the year ended December 31, 1995, and have issued our report thereon dated June 30, 1996.

We conducted our audit in accordance with generally accepted auditing standards and Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

In planning and performing our audit of the general purpose financial statements of the Calcasieu Parish Tax Assessment District for the year ended December 31, 1995, we considered its internal control structure in order to determine our auditing procedures for the purpose of expressing our opinion on the general purpose financial statements and not to provide assurance on the internal control structure.

The management of the Calcasieu Parish Tax Assessment District is responsible for establishing and maintaining a system of internal accounting control. In fulfilling that responsibility, estimates and judgements by management are required to assess the expected benefits and related costs of internal control structure policies and procedures. The objectives of an internal control structure are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Because of inherent limitations in any system of internal control structure, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the system of internal periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the effectiveness of the design and operation of policies and procedures may deteriorate.

Honorable Kenneth W. Darrinault

June 10, 1996

Page 2

For the purpose of this report, we have classified the significant internal control structure policies and procedures in the following categories: cash and cash equivalents, receivables, property and equipment, payables and accrued liabilities, debt, and fund balance.

For all of the control categories listed above, we obtained an understanding of the design of relevant policies and procedures and whether they have been placed in operation, and we assessed control risk.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a reportable condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the general purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control structure and its operation that we consider to be material weaknesses as defined above.

This report is intended solely for the use of management and the Legislative Auditor of the State of Louisiana and should not be used for any other purpose. This restriction is not intended to limit the distribution of this report which, upon acceptance by the Calcasieu Parish Tax Assessment District, is a matter of public record.

## INDEPENDENT AUDITORS REPORT ON COMPLIANCE BASED ON AN AUDIT OF GENERAL PURPOSE FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Kenneth W. Dornseadt  
 Calcasieu Parish Tax Assessment District  
 Lake Charles, Louisiana

We have audited the general purpose financial statements of the Calcasieu Parish Tax Assessment District as of and for the year ended December 31, 1979, and have issued our report thereon dated June 10, 1980.

We conducted our audit in accordance with generally accepted auditing standards and Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement.

Compliance with laws, regulations, contracts, and grants applicable to the Calcasieu Parish Tax Assessment District is the responsibility of the Calcasieu Parish Tax Assessment District's management. As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we performed tests of the Calcasieu Parish Assessment District's compliance with certain provisions of laws, regulations, contracts, and grants. However, it should be noted that our objective was not to provide an opinion on overall compliance with such provisions.

The results of our tests of compliance indicate that, with respect to the items tested, the Calcasieu Parish Tax Assessment District complied, in all material respects, with the provisions referred to in the preceding paragraph. With respect to items not tested, nothing came to our attention that caused us to believe that the Calcasieu Parish Tax Assessment District had not complied, in all material respects, with these provisions.

This report is intended solely for the use of management and the Legislative Auditor of the State of Louisiana and should not be used for any other purpose. This restriction is not intended to limit the distribution of this report which, upon acceptance by the Calcasieu Parish Assessor, is a matter of public record.

June 10, 1980
