## INDEPENDENT AUDITOR'S REPORT

The Honorable Donald Landry  
District Attorney of the Fifteenth Judicial District  
Parishes of Acadia, Lafayette, and Vermilion, Louisiana

### Report on the Audit of the Financial Statements

#### *Opinions*

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the District Attorney of the Fifteenth Judicial District (District Attorney), as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the District Attorney's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District Attorney, as of December 31, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### *Basis for Opinions*

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District Attorney and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events considered in the aggregate, that raises substantial doubt about the District Attorney's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we exercise professional judgment and maintain professional skepticism throughout the audit. We identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. We obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District Attorney's internal control. Accordingly, no such opinion is expressed. We evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements. We conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District Attorney's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that budgetary comparison information and the schedules of employer's share of net pension liability and employer contributions on pages 34 through 40 be presented to supplement the basic financial statements. Such information, is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted management’s discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in the appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District Attorney’s basic financial statements. The other supplementary information on pages 42 through 50 is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The comparative statements on pages 42 through 44 and justice system funding schedules on pages 48 through 50 are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, these comparative statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole. The prior year comparative information on the comparative statements has been derived from the District Attorney’s 2021 financial statements, which were subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, was fairly presented in all material respects in relation to the basic financial statements from which they have been derived.

The various schedules on pages 45 through 47 included in other supplementary information have not been subjected to the auditing procedures applied in the audit of the basic financial statements and accordingly, we do not express an opinion or provide any assurance on them.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated June 21, 2023, on our consideration of the District Attorney’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District Attorney’s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District Attorney’s internal control over financial reporting and compliance.

Notes to the Basic Financial Statements

(1) Summary of Significant Accounting Policies

As provided by Article V, Section 26 of the Louisiana Constitution of 1974, the District Attorney of the Fifteenth Judicial District, Parishes of Acadia, Lafayette, and Vermilion, Louisiana (District Attorney), has charge of every criminal prosecution by the state in his district, is the representative of the state before the grand jury in his district, and is the legal advisor to the grand jury. He performs other duties as provided by law. The District Attorney is elected by the qualified electors of the judicial district for a term of six years. The Fifteenth Judicial District encompasses the parishes of Acadia, Lafayette, and Vermilion, Louisiana.

The financial statements of the District Attorney have been prepared in accordance with generally accepted accounting principles (GAAP) as applied to governmental units. GAAP includes all relevant Governmental Accounting Standards Board (GASB) pronouncements. The accounting and reporting framework and the more significant accounting policies are described below.

A. Financial Reporting Entity

These financial statements only include funds, activities, et cetera, that are controlled by the District Attorney as an independently elected parish official. The District Attorney's offices are located in the parish courthouse, the upkeep and maintenance of the courthouse is paid by the parish government and in addition, the parish government also pays certain operating expenditures of the District Attorney.

The District Attorney of the Fifteenth Judicial District is a part of the district court system of the State of Louisiana. However, the state statutes that created the District Attorneys also give the District Attorneys control over all their operations. This includes the hiring and retention of employees, authority over budgeting, responsibility for deficits, and the receipt and disbursement of funds. Other than salaries and certain operating expenditures of the District Attorney's office that are paid by the Parish Government as required by Louisiana law, the District Attorney is financially independent and operates autonomously from the State of Louisiana and independently from the district court system.

B. Basis of Presentation

The District Attorney's basic financial statements consist of the government-wide statements on all of the non-fiduciary activities of the District Attorney and the major fund financial statements. The statements are prepared in accordance with accounting principles generally accepted in the United States of America as applied to governmental units.

Parishes of Acadia, Lafayette, and Vermilion, Louisiana

Notes to the Basic Financial Statements (Continued)

Government-Wide Financial Statements (GWFS)

The statement of net position and statement of activities display information about the reporting entity as a whole. They include all funds of the reporting entity, which are considered governmental activities. Governmental activities are generally financed through taxes, intergovernmental revenues, and other nonexchange revenues.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the District Attorney's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees, fines, and charges paid by the recipients of goods or services offered by the programs, and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues.

Fund Financial Statements (FFS)

The accounts of the District Attorney are organized and operated on the basis of funds. A fund is an independent fiscal and accounting entity with a separate set of self-balancing accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements.

The various funds of the District Attorney are classified as governmental. The emphasis on fund financial statements is on major governmental funds, each displayed in a separate column. A fund is considered to be major if it is the primary operating fund of the entity or the total assets, liabilities, revenues, or expenditures of that individual governmental fund is at least 10 percent of the corresponding total for all governmental funds combined.

The District Attorney reports the following major governmental funds:

General Fund -

The General Fund is the general operating fund of the District Attorney. It is used to account for all financial resources except those required to be accounted for in another fund.

Title IV-D Fund

The Title IV-D Fund consists of incentive payments and reimbursement grants from the Louisiana Department of Social Services, authorized by ACT 117 of 1975, to establish family and child support programs compatible with Title IV-D of the Social Security Act. The purpose of the fund is to enforce the support obligation owed by absent parents to their families and children, to locate absent parents, to establish paternity, and to obtain family and child support.

DISTRICT ATTORNEY OF THE FIFTEENTH JUDICIAL DISTRICT  
Parishes of Acadia, Lafayette, and Vermilion, Louisiana

Notes to the Basic Financial Statements (Continued)

The District Attorney's fiduciary funds are presented in the fiduciary fund financial statement by type. Since by definition these assets are being held for the benefit of a third party (other local governments, private parties, pension participants, etc.) and cannot be used to address activities or obligations of the District Attorney, these funds are not incorporated into the government-wide statements.

C. Measurement Focus/Basis of Accounting

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

Measurement Focus

On the government-wide statement of net position and the statement of activities, governmental activities are presented using the economic resources measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery) and financial position. All assets and liabilities (whether current or non-current) associated with its activities are reported. Government-wide fund equity is classified as net position. In the fund financial statements, the "current financial resources" measurement focus is used. Only current financial assets and liabilities are generally included on its balance sheet. Their operating statement presents sources and uses of available spendable financial resources during a given period. This fund uses fund balance as its measure of available spendable financial resources at the end of the period.

Basis of Accounting

In the government-wide statement of net position and statement of activities the governmental activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, deferred outflows of resources, liabilities, and deferred inflows of resources resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District Attorney considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Revenues are classified by source and expenditures are classified by function and character. Expenditures (including capital outlay) generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

Parishes of Acadia, Lafayette, and Vermilion, Louisiana

Notes to the Basic Financial Statements (Continued)

When both restricted and unrestricted resources are available for use, it is the District Attorney's policy to use restricted resources first, then unrestricted resources as they are needed.

Program revenues

Program revenues included in the statement of activities are derived directly from the program itself or from parties outside the District Attorney's citizenry, as a whole; program revenues reduce the cost of the function to be financed from the District Attorney's general revenues.

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Equity

Cash and Interest-bearing Deposits

For purposes of the statement of net position, cash and interest-bearing deposits include all demand accounts, savings accounts, and certificates of deposits of the District Attorney.

Receivables

In the government-wide statements, receivables consist of all revenues earned at year-end and not yet received. Major receivable balances for the governmental activities include grant revenue, incentive payments, and commissions from fines and interest.

Interfund Receivables and Payables

During the course of operations, occasional transactions occur between individual funds that may result in amounts owed between funds. Short-term cash borrowings between funds are considered temporary in nature. These amounts are reported as "due from/to other funds." Interfund receivables and payables between funds within governmental activities are eliminated in the statement of net position.

Capital Assets

Capital assets, which include property, plant, and equipment, are reported in the governmental activities column in the government-wide financial statements. Capital assets are capitalized at historical cost or estimated cost if historical cost is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The District Attorney maintains a threshold level of \$1,000 or more for capitalizing capital assets.

DISTRICT ATTORNEY OF THE FIFTEENTH JUDICIAL DISTRICT  
Parishes of Acadia, Lafayette, and Vermilion, Louisiana

Notes to the Basic Financial Statements (Continued)

Depreciation of all exhaustible capital assets is recorded as an expense in the statement of activities, with accumulated depreciation reflected in the statement of net position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

Equipment	3-5 years
Furniture and fixtures	7 years
Vehicles	3 years
Courthouse renovations	10 years

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition.

Vacation and Sick Leave

At December 31, 2022, the District Attorney has no accumulated leave benefits required to be reported.

Deferred Outflows of Resources and Deferred Inflows of Resources

In some instances, the GASB requires a government to delay recognition of decreases in net position as expenditures until a future period. In other instances, governments are required to delay recognition of increases in net position as revenues until a future period. In these circumstances, deferred outflows of resources and deferred inflows of resources result from the delayed recognition of expenditures or revenues, respectively.

Equity Classifications

In the government-wide statements, equity is classified as net position and displayed in three components:

1. Net investment in capital assets – consists of net capital assets reduced by outstanding balances of any related debt obligations and deferred inflows of resources attributable to the acquisition, construction, or improvement of those assets and increased by balances of deferred outflows of resources related to those assets.
2. Restricted net position – consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation. Restricted net position is reduced by liabilities and deferred inflows of resources related to the restricted assets. At December 31, 2022, the District Attorney reported \$216,337 of restricted net position, \$48,131 of which was restricted by enabling legislation.

DISTRICT ATTORNEY OF THE FIFTEENTH JUDICIAL DISTRICT  
Parishes of Acadia, Lafayette, and Vermilion, Louisiana

Notes to the Basic Financial Statements (Continued)

3. Unrestricted net position – consist of all other net position that does not meet the definition of “restricted” or “net investment in capital assets.”

In the fund financial statements, governmental fund equity is classified as fund balance. Fund balance is further classified as follows:

1. Nonspendable – amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.
2. Restricted – amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.
3. Committed – amounts that can be used only for specific purposes determined by a formal decision of the District Attorney. The District Attorney is the highest level of decision-making authority for the District Attorney’s office.
4. Assigned – amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. Under the District Attorney’s adopted policy, only the District Attorney may assign amounts for specified purposes.
5. Unassigned – all other spendable amounts.

When an expenditure is incurred for the purposes for which both restricted and unrestricted fund balance is available, the District Attorney considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District Attorney considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the District Attorney has provided otherwise in his commitment or assignment actions.

E. Interfund Transfers

Permanent reallocations of resources between funds of the reporting entity are classified as interfund transfers. For the purposes of the statement of activities, all interfund transfers between individual governmental funds have been eliminated.

F. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

(2) Cash and Interest-Bearing Deposits

Under state law, the District Attorney may deposit funds within a fiscal agent bank organized under the laws of the State of Louisiana, the laws of any other state in the union, or the laws of the United States. The District Attorney may invest in certificates and time deposits of the state banks organized under Louisiana law and national banks having principal offices in Louisiana.

At December 31, 2022, the District Attorney had cash and interest-bearing deposits (book balances) totaling \$4,033,562 as follows:

	Primary Government	Fiduciary Funds	Total
Demand deposits	\$ 1,567,543	\$ 796,291	\$ 2,363,834
Certificates of deposit	1,669,728	-	1,669,728
Total	\$ 3,237,271	\$ 796,291	\$ 4,033,562

Custodial credit risk for deposits is the risk that in the event of the failure of a depository financial institution, the District Attorney's deposits may not be recovered or the collateral securities that are in the possession of an outside party will not be recovered. These deposits are stated at cost, which approximates fair value. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent bank. These securities are held in the name of the pledging fiscal agent bank by a holding or custodial bank that is mutually acceptable to both parties. As of December 31, 2022, bank balances in the amount of \$4,527,480 were as follows:

Bank balances	\$ 4,527,480
Federal deposit insurance	2,701,797
Pledged securities	1,825,683
Total	\$ 4,527,480

Deposits in the amount of \$1,825,683 were exposed to custodial credit risk. These deposits are uninsured and collateralized with securities held by the pledging institutions' trust department or agent, but not in the District Attorney's name. The District Attorney does not have a policy for custodial credit risk.

(5) Employee Retirement Systems

The District Attorney participates in two cost-sharing defined benefit plans, each administered by separate public employee retirement systems. Article X, Section 29(F) of the Louisiana Constitution of 1974 assigns the authority to establish and amend benefit provisions of all plans administered by these public employee retirement systems to the State Legislature. These plans are not closed to new entrants. Substantially all District Attorney employees participate in one of the following retirement systems:

**Plan Descriptions:**

Parochial Employees' Retirement System (PERS) provides retirement, disability, and survivor benefits to eligible employees and their beneficiaries as defined in LRS 11:1901 and 11:1941. The Government participates in Plan A.

District Attorneys' Retirement System (DARS) provides retirement, disability, and survivor benefits to district attorneys, assistant district attorneys, and employees of the Louisiana District Attorneys' Association and their beneficiaries as defined in the Louisiana Revised Statutes. Eligibility for retirement benefits and the computation of retirement benefits are defined in LRS 11:1632-1633.

The systems' financial statements are prepared using the accrual basis of accounting. Employer and employee contributions are recognized in the period in which the employee is compensated for services performed. Benefits and refunds are recognized when due and payable in accordance with the terms of each plan. Interest income is recognized when earned.

A brief summary of eligibility and benefits of the plans are provided in the following table:

	<u>PERS</u>	<u>DARS</u>

**Contributions:**

Article X, Section 29(E)(2)(a) of the Louisiana Constitution of 1974 assigns the Legislature the authority to determine employee contributions. Employer contributions are actuarially determined using statutorily established methods on an annual basis and are constitutionally required to cover the employer's portion of the normal cost and provide for the amortization of the unfunded accrued liability. Employer contributions are adopted by the Legislature annually upon recommendation of the Public Retirement Systems' Actuarial Committee. In addition, PERS and DARS receive a percentage of ad valorem taxes collected by parishes. These entities are not participating employers in the pension systems and are considered to be nonemployer contributing entities. Contributions of employees, employers, and non-employer contributing entities effective for the year ended December 31, 2022 for the defined benefit pension plans in which the primary government is a participating employer were as follows:

<u>Plan</u>	<u>Active Member Contribution Percentage</u>	<u>Employer Contribution Percentage</u>	<u>Amount from Nonemployer Contributing Entities</u>	<u>Amount of Government Contributions</u>
PERS	9.50%	11.50%	\$ 22,584	\$ 210,738
DARS	8.00%	9.50%	264,398	139,607

**Net Pension (Asset) Liability:**

The District Attorney's net pension liability at December 31, 2022 is comprised of its proportionate share of the net pension liability relating to each of the cost-sharing plans in which the District Attorney is a participating employer. The District Attorney's net pension liability for each plan was measured as of the plan's measurement date (December 31, 2021 for PERS and June 30, 2022 for DARS) and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District Attorney's proportionate share of the net pension liability for each of the plans in which it participates was based on the District Attorney's required contributions in proportion to total required contributions for all employers.

As of the most recent measurement date, the District Attorney's proportion for each plan and the change in proportion from the prior measurement date were as follows:

<u>Plan</u>	<u>Proportionate Share of Net Pension (Asset) Liability</u>	<u>Proportionate Share (%) of Net Pension Liability</u>	<u>Increase/(Decrease) from Prior Measurement Date</u>
PERS	\$ (1,577,736)	0.334945%	0.000446%
DARS	2,752,115	2.554849%	-0.090674%

DISTRICT ATTORNEY OF THE FIFTEENTH JUDICIAL DISTRICT  
Parishes of Acadia, Lafayette, and Vermilion, Louisiana

Notes to the Basic Financial Statements (Continued)

Since the measurement date of the net pension liability was December 31, 2021 (June 30, 2022 for DARS), the net pension liability is based upon fiduciary net position for the plan as of those dates. Detailed information about the pension plan's assets, deferred outflows, deferred inflows, and fiduciary net position that was used in the measurement of the District Attorney's net pension liability is available in the separately issued financial report for those fiscal years. The financial report for each plan may be accessed on their website as follows:

**Actuarial Assumptions:**

The following table provides information concerning actuarial assumptions used in the determination of the total pension liability for the defined pension plan in which the District Attorney is a participating employer:

	PERS	DARS

Expected remaining service lives	4	5

- (3) Pub-2010 Public Retirement Plans Mortality Table for General Disabled Retirees.
- (4) Pub-2010 Public Retirement Plans Mortality Table for General Above Median Healthy and General Disabled Retirees

**Cost of Living Adjustments:**

The pension plans in which the District Attorney participates have the authority to grant cost-of-living adjustments (COLAs) on an ad hoc basis. Pursuant to LRS 11:242(B), the power of the Board of Trustees of the statewide systems to grant a COLA is effective in calendar years that the legislature fails to grant a COLA, unless in the legislation granting a COLA, the legislature authorizes the Board of Trustees to provide an additional COLA. The authority to grant a COLA by the Board is subject to the funded status and interest earnings. The effects of the benefit changes made as a result of the COLAs is included in the measurement of the total pension liability as of the measurement date at which the ad hoc COLA was granted and the amount is known and reasonably estimable.

**Discount Rate**

The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that sponsor contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, each of the pension plan's fiduciary net positions was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The discount rate used to measure the total pension liability for DARS was 6.10%, which is unchanged from the prior valuation. The discount rate used to measure the total pension liability for PERS was 6.4%, which is unchanged from the prior valuation.

**Long-term Rate of Return**

For DARS the long-term expected rate of return was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation and an adjustment for the effect of rebalancing/diversification. For PERS the rate was determined using a triangulation method which integrated the Capital Asset Pricing Model (CAPM), a treasury yield curve approach and an equity building block model. Risk return and correlation are projected on a forward-looking basis in equilibrium, in which best-estimates of expected future real rates of return are developed for each major asset class. These rates are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation and an adjustment for the effect of rebalancing/diversification.

The target allocation and best estimates of arithmetic/geometric real rates of return for each major asset class are summarized for each plan in the following table:

Asset Class	PERS*		DARS*	
	Target Allocation	Long-term Expected Real Rate of Return	Target Allocation	Long-term Expected Real Rate of Return
Cash	-	-	0.03%	-
Fixed Income	33%	0.85%	30.19%	2.95%
Equities	51%	3.23%	57.11%	10.57%

**Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions:**

Changes in the net pension liability may either be reported in pension expense in the year the change occurred or recognized as a deferred outflow of resources or a deferred inflow of resources in the year the change occurred and amortized into pension expense over a number of years. For the year ended December 31, 2022, the District Attorney recognized \$338,306 in pension expense related to its participation in PERS and DARS.

At December 31, 2022, the District Attorney reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

	PERS	
	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ 95,325	\$ 114,349
Changes of assumptions	82,282	-
Change in proportion and differences between the employer's contributions and the employer's proportionate share of contributions	12,683	22,086

Contributions subsequent to the measurement date	<u>139,607</u>	<u>-</u>
Total	<u>\$ 1,856,153</u>	<u>\$ 197,427</u>

Deferred outflows of resources of \$414,896 resulting from the employer contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2022.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended <u>December 31</u>	<u>PERS</u>	<u>DARS</u>
2023	\$ (272,413)	\$ 464,308
2024	(531,633)	329,207

**Sensitivity of the Employer’s Proportionate Share of the Net Pension Liability to Changes in the Discount Rate:**

The following presents the Government’s proportionate shares of the net pension liabilities of the plans, calculated using their respective discount rates, as well as what the Government’s proportionate shares of the net pension liabilities would be if they were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

<u>Plan</u>	<u>Current Discount Rate</u>	<u>Net Pension (Asset) Liability</u>

Total		<u>\$ 4,896,824</u>	<u>\$ 1,174,379</u>	<u>\$ (1,945,940)</u>

At December 31, 2022, the District Attorney had contractually required contributions payable of \$48,498 to PERS and \$30,102 to DARS.

(7) Risk Management

The District Attorney is exposed to risks of loss in the areas of auto liability, employee dishonesty and workers' compensation. All of these risks are handled by purchasing commercial insurance coverage. There have been no significant reductions in the insurance coverage during the year, nor have settlements exceeded coverage for the past three years.

(8) Interfund Transactions

Interfund receivables and payables consisted of the following at December 31, 2022:

	Interfund Receivables	Interfund Payables
Major governmental funds:		
General Fund	\$ 640,647	\$ -
Title IV-D	-	4,150
Pretrial Diversion	-	636,497
Total	\$ 640,647	\$ 640,647

These balances resulted from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made. They are expected to be paid within the next fiscal year.

(9) Pending Litigation

The District Attorney is not involved in any material matters of pending or threatened litigation as of December 31, 2022.

(10) On-behalf Payments for Fringe Benefits and Salaries

GASB Statement No. 24, Accounting and Financial Reporting for Certain Grants and Other Financial Assistance, requires the District Attorney to report in the financial statements on-behalf salary and fringe benefit payments made by the State of Louisiana to certain employees of the District Attorney's office.

Supplemental salary payments are made by the state directly to the District Attorney and to the Assistant District Attorneys. The District Attorney's office is not legally responsible for these salaries. Therefore, the basis for recognizing the revenue and expenditure payments is the actual contributions made by the state. On-behalf payments in the amount of \$1,341,534 were recorded as revenue and expenditures in the 2022 financial statements.

Total		<u>\$ 229,146</u>

(12) Subsequent Event

In 2022, the District Attorney placed one employee on administrative leave and terminated the contract of someone working within the Pretrial Intervention Program pending the outcome of an FBI investigation into the program. On March 23, 2023, the former contractor pled guilty in federal court to two counts of conspiracy to commit an offense (18 USC 371) and one count of soliciting a bribe (18 USC 666), aiding and abetting (18 USC 2). The contractor admitted to receiving \$739,498 in bribery payments. The FBI investigation is still being conducted.

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

The Honorable Donald Landry  
District Attorney of the Fifteenth Judicial District  
Parishes of Acadia, Lafayette, and Vermilion, Louisiana  
Lafayette, Louisiana

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the District Attorney of the Fifteenth Judicial District (District Attorney), as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the District Attorney's basic financial statements and have issued our report thereon dated June 21, 2023.

### Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District Attorney's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District Attorney's internal control. Accordingly, we do not express an opinion on the effectiveness of the District Attorney's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. and therefore, material weaknesses or significant deficiencies may exist that were not identified. We identified certain deficiencies in internal control, described in the accompanying schedule of current and prior year audit findings and managements corrective action plan as items 2022-001 and 2022-002 that we considered to be material weaknesses.

## **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District Attorney's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **District Attorney's Response to Findings**

*Government Auditing Standards* requires the auditor to perform limited procedures on the District Attorney's response to the findings identified in our audit is described in the accompanying summary schedule of current and prior year audit findings and managements corrective action plan. The District Attorney's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However, under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

## INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED-UPON PROCEDURES

District Attorney of the Fifteenth Judicial District  
and the Louisiana Legislative Auditor

We have performed the procedures enumerated below on the control and compliance (C/C) areas identified in the Louisiana Legislative Auditor's (LLA's) Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period January 1, 2022 through December 31, 2022. The district's management is responsible for those C/C areas identified in the SAUPs.

The District Attorney of the Fifteenth Judicial District has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is to perform specified procedures on the C/C areas identified in LLA's SAUPs for the fiscal period January 1, 2022 through December 31, 2022. Additionally, LLA has agreed to and acknowledged that the procedures performed are appropriate for its purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are as follows:

### *Written Policies and Procedures*

1. We obtained and inspected the entity's written policies and procedures and observed that they address each of the following categories and subcategories if applicable to public funds and the entity's operations:
  - a) **Budgeting**, including preparing, adopting, monitoring, and amending the budget.
  - b) **Purchasing**, including (1) how purchases are initiated; (2) how vendors are added to the vendor list; (3) the preparation and approval process of purchase requisitions and purchase orders; (4) controls to ensure compliance with the Public Bid Law; and (5) documentation required to be maintained for all bids and price quotes.
  - c) **Disbursements**, including processing, reviewing, and approving.
  - d) **Receipts/Collections**, including receiving, recording, and preparing deposits. Also, policies and procedures should include management's actions to determine the completeness of all collections for each type of revenue or agency fund additions (e.g. periodic confirmation with outside parties, reconciliation to utility billing after cutoff procedures, reconciliation of traffic ticket number sequences, agency fund forfeiture monies confirmation).

- e) ***Payroll/Personnel***, including (1) payroll processing, (2) reviewing and approving time and attendance records, including leave and overtime worked, and (3) approval process for employee(s) rate of pay or approval and maintenance of pay rate schedules.
- f) ***Contracting***, including (1) types of services requiring written contracts, (2) standard terms and conditions, (3) legal review, (4) approval process, and (5) monitoring process.
- g) ***Travel and expense reimbursement***, including (1) allowable expenses, (2) dollar thresholds by category of expense, (3) documentation requirements, and (4) required approvers.
- h) ***Credit Cards (and debit cards, fuel cards, Purchase Cards, if applicable)***, including (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers of statements, and (5) monitoring card usage (e.g., determining the reasonableness of fuel card purchases).
- i) ***Ethics***, including (1) the prohibitions as defined in Louisiana Revised Statute 42:1111-1121, (2) actions to be taken if an ethics violation takes place, (3) system to monitor possible ethics violations, and (4) a requirement that documentation is maintained to demonstrate that all employees and officials were notified of any changes to the entity's ethics policy.
- j) ***Debt Service***, including (1) debt issuance approval, (2) continuing disclosure/EMMA reporting requirements, (3) debt reserve requirements, and (4) debt service requirements.
- k) ***Disaster Recovery/Business Continuity***, including (1) identification of critical data and frequency of data backups, (2) storage of backups in separate physical location isolated from the network, (3) periodic testing/verification that backups can be restored, (4) use of antivirus software on all systems, (5) timely application of all available system and software patches/updates, and (6) identification of personnel, processes, and tools needed to recover operations after a critical event.
- l) ***Prevention of Sexual Harassment***, including R.S. 42:342-344 requirements for (1) agency responsibilities and prohibitions, (2) annual employee training, and (3) annual reporting.

***Board or Finance Committee***

**(The 15<sup>th</sup> District Attorney does not have a Board or Finance Committee; therefore, this procedure is not applicable.)**

2. We obtained the board/finance committee minutes for the fiscal period, as well as the board's enabling legislation, charter, bylaws, or equivalent document in effect during the fiscal period, and:
  - a) Observed that the board/finance committee met with a quorum at least monthly, or on a frequency in accordance with the board's enabling legislation, charter, bylaws, or other equivalent document.
  - b) Observed that the minutes referenced or included monthly budget-to-actual comparisons on the General Fund, quarterly budget-to-actual, at a minimum, on proprietary funds, and semi-annual budget-to-actual, at a minimum, on all special revenue funds.
  - c) We obtained the prior year audit report and observed the unassigned fund balance in the General Fund. If the General Fund had a negative ending unassigned fund balance in the prior year audit report, observe that the minutes for at least one meeting during the fiscal period referenced or included a formal plan to eliminate the negative unassigned fund balance in the General Fund.
  - d) We observed whether the board/finance committee received written updates of the progress of resolving audit finding(s), according to management's corrective action plan at each meeting until the findings are considered fully resolved.

### ***Bank Reconciliations***

---

3. We obtained a listing of bank accounts for the fiscal period from management and management's representation that the listing is complete. We asked management to identify the main operating account. We selected the main operating account and randomly selected 4 additional accounts (or all accounts if less than 5). We randomly selected one month from the fiscal period, obtained and inspected the corresponding bank statement and reconciliation for selected accounts, and observed that:
  - a) Bank reconciliations included evidence that they were prepared within 2 months of the related statement closing date (e.g., initialed and dated, electronically logged);
  - b) Bank reconciliations included written evidence that a member of management/board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation (e.g., initialed and dated, electronically logged); and
  - c) Management has documentation reflecting that it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date, if applicable.

### ***Collections (excluding electronic fund transfers)***

---

4. We obtained a listing of deposit sites for the fiscal period where deposits for cash/checks/money orders (cash) are prepared and management's representation that the listing is complete. We randomly selected 5 deposit sites (or all deposit sites if less than 5).
5. For each deposit site selected, we obtained a listing of collection locations and management's representation that the listing is complete. We randomly selected one collection location for each deposit site (i.e. 5 collection locations for 5 deposit sites), obtained and inspected written policies and procedures relating to employee job duties (if no written policies or procedures, inquired of employees about their job duties) at each collection location, and observed that job duties are properly segregated at each collection location such that:
  - a) Employees that are responsible for cash collections do not share cash drawers/registers.
  - b) Each employee responsible for collecting cash is not responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g. pre-numbered receipts) to the deposit.
  - c) Each employee responsible for collecting cash is not responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit.
  - d) The employee(s) responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or agency fund additions are not responsible for collecting cash, unless another employee verifies the reconciliation.
6. We obtained from management a copy of the bond or insurance policy for theft covering all employees who have access to cash. We observed the bond or insurance policy for theft was enforced during the fiscal period.

7. We randomly selected two deposit dates for each of the 5 bank accounts selected for procedure #3 under "Bank Reconciliations" above (selected the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly selected a deposit if multiple deposits are made on the same day). *Alternately, the practitioner may use a source document other than bank statements when selecting the deposit dates for testing, such as a cash collection log, daily revenue report, receipt book, etc.* We obtained supporting documentation for each of the 10 deposits and:
  - a) Observed that receipts are sequentially pre-numbered.
  - b) Traced sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip.
  - c) Traced the deposit slip total to the actual deposit per the bank statement.
  - d) Observed that the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100 and the cash is stored securely in a locked safe or drawer).
  - e) Traced the actual deposit per the bank statement to the general ledger.

***Non-Payroll Disbursements (excluding card purchases, travel reimbursements, and petty cash purchases)***

---

8. We obtained a listing of locations that process payments for the fiscal period and management's representation that the listing was complete. We randomly selected 5 locations (or all locations if less than 5).
9. For each location selected under #8 above, we obtained a listing of those employees involved with non-payroll purchasing and payment functions. We obtained written policies and procedures relating to employee job duties (if the agency has no written policies and procedures, inquire of employees about their job duties), and we observed that job duties are properly segregated such that:
  - a) At least two employees are involved in initiating a purchase request, approving a purchase, and placing an order/making the purchase.
  - b) At least two employees are involved in processing and approving payments to vendors.
  - c) The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files.
  - d) Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments.
  - e) Only employees/officials authorized to sign checks approve the electronic disbursement (release) of funds, whether through automated clearinghouse (ACH), electronic funds transfer (EFT), wire transfer, or some other electronic means.
10. For each location selected under #8 above, we obtained the entity's non-payroll disbursement transaction population (excluding cards and travel reimbursements) and we obtained management's representation that the population is complete. We randomly selected 5 disbursements for each location, we obtained supporting documentation for each transaction and:
  - a) We observed whether the disbursement, whether by paper or electronic means, matched the related original itemized invoice and supporting documentation indicates deliverables included on the invoice were received by the entity.
  - b) We observed that the disbursement documentation includes evidence (e.g., initial/date, electronic logging) of segregation of duties tested under procedure #9, as applicable.

11. Using the entity's main operating account and the month selected in "Bank Reconciliations" in procedure #3, we randomly selected 5 non-payroll-related electronic disbursements (or all electronic disbursements if less than 5) and observed that each electronic disbursement was:
  - a) Approved by only those persons authorized to disburse funds (e.g., sign checks) per the entity's policy.

***Credit Cards/Debit Cards/Fuel Cards/Purchase Cards (Cards)***

---

12. We obtained from management a listing of all active credit cards, bank debit cards, fuel cards, and purchase cards (cards) for the fiscal period, including the card numbers and the names of the persons who maintained possession of the cards. We obtained management's representation that the listing is complete.
13. Using the listing prepared by management, we randomly selected 5 cards (or all cards if less than 5) that were used during the fiscal period. We randomly selected one monthly statement or combined statement for each card (for a debit card, we randomly selected one monthly bank statement), we obtained supporting documentation, and:
  - a) We observed that there is evidence that the monthly statement or combined statement and supporting documentation (e.g., original receipts for credit/debit card purchases, exception reports for excessive fuel card usage) were reviewed and approved, in writing (or electronically approved), by someone other than the authorized card holder.
  - b) We observed that finance charges and late fees were not assessed on the selected statements.
14. Using the monthly statements or combined statements selected under #13 above, excluding fuel cards, we randomly selected 10 transactions (or all transactions if less than 10) from each statement, and obtain supporting documentation for the transactions (i.e. each card should have 10 transactions subject to testing). For each transaction, we observed that it is supported by (1) an original itemized receipt that identifies precisely what was purchased, (2) written documentation of the business/public purpose, and (3) documentation of the individuals participating in meals (for meal charges only). For missing receipts, we described the nature of the transaction and noted whether management had a compensating control to address missing receipts, such as a "missing receipt statement" that is subject to increased scrutiny.

***Travel and Travel-Related Expense Reimbursements (excluding card transactions)***

---

15. We obtained from management a listing of all travel and travel-related expense reimbursements during the fiscal period and management's representation that the listing or general ledger is complete. For each of the 5 reimbursements selected:

  - b) If reimbursed using actual costs, we observed that the reimbursement is supported by an original itemized receipt that identifies precisely what was purchased.
  - c) We observed that each reimbursement is supported by documentation of the business/public purpose (for meal charges, we observed that the documentation includes the names of those individuals participating) and other documentation required by written policy (procedure #1g).

- d) We observed that each reimbursement was reviewed and approved, in writing, by someone other than the person receiving reimbursement.

  - b) We observed that the contract was approved by the governing body/board, if required by policy or law (e.g., Lawrason Act, Home Rule Charter).
  - c) If the contract was amended (e.g., change order), we observed that the original contract terms provided for such an amendment and that amendments were made in compliance with the contract terms (e.g., if approval is required for any amendment, was approval documented).
