INDEPENDENT AUDITOR'S REPORT

To the Honorable Bob Robinson Claiborne Parish Assessor Homer, Louisiana

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities and the General Fund of the Claiborne Parish Assessor, a component unit of Claiborne Parish Police Jury, as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the Claiborne Parish Assessor's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the General Fund of the Claiborne Parish Assessor, as of December 31, 2022, and the respective changes in financial position, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Claiborne Parish Assessor and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Claiborne Parish Assessor's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Claiborne Parish Assessor Independent Auditor's Report December 31, 2022

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and Government Auditing Standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Claiborne Parish Assessor's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Claiborne Parish Assessor's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the budgetary comparison information (page 32); Employee Health Care Plan – Schedule of Funding Progress (page 33); the Schedule of Employer's Proportionate Share of Net Pension Liability (page 34); and the Schedule of Employer Contributions to the Retirement System (page 35) be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Claiborne Parish Assessor Independent Auditor's Report December 31, 2022

Management has omitted Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Claiborne Parish Assessor's basic financial statements. The accompanying Schedule of Compensation, Benefits, Reimbursements, and Other Payments to or on Behalf of the Agency Head is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Compensation, Benefits, Reimbursements, and Other Payments to or on Behalf of the Agency Head is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated September 22, 2023, on our consideration of the Claiborne Parish Assessor's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Claiborne Parish Assessor's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Claiborne Parish Assessor's internal control over financial reporting and compliance.

NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

As provided by Article VII, Section 24 of the Louisiana Constitution of 1974, Claiborne Parish Assessor (the Assessor) is elected by the voters of the parish and serves a term of four years. The Assessor assesses all real and movable property in the parish subject to ad valorem taxation, prepares tax rolls, and submits the rolls to the Louisiana Tax Commission and other governmental bodies as prescribed by law. The Assessor is authorized to appoint as many deputies as necessary for the efficient operation of the office and to provide assistance to the taxpayers of the parish. The deputies are authorized to perform all functions of the office, but the Assessor is officially and pecuniarily responsible for the actions of the deputies.

GASB Statement No. 14, *The Financial Reporting Entity*, as amended by GASB Statement No. 39, *Determining Whether Certain Organizations are Component* Units, established criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. Under provisions of this Statement, the Assessor is considered a component unit of the Claiborne Parish Police Jury since it is fiscally dependent on the Claiborne Parish Police Jury for office space and related utility costs. For the purposes of this financial report, this component unit serves as the nucleus for its own financial reporting entity and issues separate financial statements.

At December 31, 2022, there are approximately 35,000 real, movable, and public service assessment listings.

The accompanying financial statements of the Claiborne Parish Assessor have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The accompanying basic financial statements have been prepared in conformity with GASB Statement 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, issued in June 1999.

Government-wide and fund financial statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities which rely to a significant extent on fees and charges for support. The Assessor has only one fund, the General Fund, a governmental fund.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues. Separate financial statements are provided for governmental funds.

NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Measurement focus, basis of accounting, and financial statement presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Ad valorem taxes are recognized as revenues in the year for which they are levied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Assessor considers revenues to be available if they are collected within sixty days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Ad valorem taxes and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the Assessor.

The Assessor reports one governmental fund, the General Fund, which is the Assessor's primary operating fund. It accounts for all of the Assessor's financial resources.

Amounts reported as program revenues include charges to customers or applicants for goods, services, or privileges provided. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

When both restricted and unrestricted resources are available for use, it is the Assessor's policy to use restricted resources first, then unrestricted resources as they are needed.

Receivables and payables

All trade and ad valorem tax receivables are shown net of an allowance for uncollectibles, when material.

Ad valorem taxes are recorded in the year the taxes are due and payable. Ad valorem taxes are assessed on a calendar year basis, attach as an enforceable lien, and become due and payable on the date the tax rolls are filed with the recorder of mortgages. Louisiana Revised Statute 47:1993 requires that the tax roll be filed on or before November 15 of each year. Ad valorem taxes become delinquent if not paid by December 31. The taxes are normally collected in December of the current year and January and February of the ensuing year.

NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Receivables and payables (continued)

As provided by Louisiana Revised Statute 47:1925, the Assessor is authorized to levy an ad valorem tax in lieu of pro rata deductions from ad valorem taxing authorities. For the year ended December 31, 2022, the Assessor levied 4.50 mills to provide funding for the office.

Ad valorem tax revenues that are not expected to be collected within sixty days of year end are presented as "unavailable ad valorem tax revenue", a deferred inflow, in accordance with paragraph 30 of GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*.

The following are the principal taxpayers and related property tax revenue for the Assessor:

Budgets

The Assessor uses the following budget practices:

The Assessor adopted an operating budget on a basis consistent with generally accepted accounting principles on his governmental fund for the year ended December 31, 2022, as required by generally accepted accounting principles as applicable to governmental units and as required by Louisiana law. Budgetary data is prepared based on prior-year actual operating revenues and expenditures and expected differences between actual and anticipated revenues and expenditures. The budget is monitored by management and amended throughout the year as necessary.

NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Budgets (continued)

The 2022 budget for the general fund was authorized by the Assessor, made available for public inspection at the Assessor's office, and adopted by the Assessor. The Assessor amended the budget prior to the end of the year.

The budget is established and controlled by the Assessor at the object level of expenditure. Appropriations lapse at the end of the year and must be appropriated for the following year to be expended.

Cash and cash equivalents

Cash includes amounts in interest-bearing demand deposits and time deposits. Cash equivalents include amounts in time deposits and those investments with original maturities of 90 days or less. Under state law, the Assessor may deposit funds in demand deposits, interest-bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana. Cash deposits are reported at carrying amounts, which reasonably approximate fair value.

Investments

Under state law, the Assessor may invest in United States bonds, notes, or certificates. If the original maturities of investments exceed 90 days, they are classified as investments. However, if the original maturities are 90 days or less, they are classified as cash equivalents. Investments are stated at cost.

Inventories

Inventories are accounted for using the consumption method, where expenditures are recognized as the inventory is used. All purchased inventory items are valued at cost using the first-in/first-out method.

Capital assets

Capital assets are recorded at either historical cost or estimated historical cost and depreciated over their estimated useful lives (excluding salvage value). Donated capital assets are recorded at their estimated fair value at the date of donation. The capitalization threshold for equipment is \$1,000. Estimated useful life is management's estimate of how long the asset is expected to meet service demands. Straight-line depreciation is used based on the following estimated useful lives:

Furniture and fixtures	5-10
Vehicles	5-15
Equipment	5-20

NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Deferred inflows

GASB Concepts Statement No. 4 defines a deferred inflow of resources as an acquisition of net assets by the government that is applicable to a future reporting period. GASB Statement No. 65 requires amounts that are not available to be presented as deferred inflows. As discussed above, ad valorem tax revenue is not considered available and is therefore not recognized as revenue if it is not collected within sixty days after year end. Therefore, the amount that is collected or estimated to be collected more than sixty days after year end is presented as unavailable ad valorem tax revenue, a deferred inflow.

Compensated absences

All employees receive from ten to twenty days of noncumulative vacation leave each year, depending on length of service. Employees earn eighteen days of noncumulative sick leave each year. At December 31, 2022, there are no accumulated and vested benefits relating to vacation and sick leave that require accrual or disclosure.

Fund Balance Classifications and Net Position

Fund balances are reported under the following fund balance classifications:

Non-spendable	Includes fund balance amounts that cannot be spent either because it is not in spendable form or are legally or contractually required to be maintained intact.
Restricted	Includes amounts that are constrained for specific purposes which are externally imposed by providers, such as creditors or amounts constrained due to constitutional provisions or enabling legislation.
Committed	Includes amounts that can only be used for specific purposes pursuant to constraints that are internally imposed by the government through formal action of the Assessor and does not lapse at year-end.
Assigned	Includes amounts that are constrained by the Assessor's intent to be used for specific purposes that are neither considered restricted or committed.
Unassigned	Includes amounts that have not been assigned to other funds and that have not been restricted, committed or assigned to specific purposes within the General Fund. Negative fund balances in other governmental funds can also be classified as unassigned.

NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fund Balance Classifications and Net Position (Continued)

The Assessor has a general policy to first use restricted resources for expenditures incurred for which both restricted and unrestricted (committed, assigned, and unassigned) resources are available. When expenditures are incurred for which only unrestricted resources are available, the general policy of the Assessor is to use committed resources first, followed by assigned, and then unassigned. The use of restricted/committed resources may be deferred based on a review of the specific transaction.

The difference between assets and liabilities is "net position" on the government-wide, proprietary, and fiduciary fund statements. Net position is segregated into three categories on the government-wide statement of net position:

Net investment in capital assets - Consists of capital assets including restricted capital assets net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction or improvement of those assets.

Restricted net position - Consists of net position with constraints placed on the use either by (1) external groups, such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislations. The Assessor first uses restricted net position for expenses incurred when both restricted and unrestricted net position are available for use. The use of restricted net position may be deferred based on a review of the specific transaction.

Unrestricted net position – The balance of net position that does not meet the definition of "restricted" or "net investment in capital assets."

Reconciliation of Government-wide and Fund Financial Statements

The governmental fund balance sheet includes a reconciliation of the government-wide statements to the governmental fund financial statements. This reconciliation is necessary to bring the financial statements from the current financial resources measurement focus and modified accrual basis of accounting to the economic measurement focus and full accrual basis of accounting. Major items included in the reconciliation are capital assets, inventories and prepaid expenses, long-term debt, accrued interest, long-term liabilities, and deferred revenue, which are shown on the government-wide but not the governmental fund statements.

NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NOTE 2 – CASH AND CASH EQUIVALENTS

Custodial credit risk is the risk that, in the event of a bank failure, deposits of the Assessor's office may not be returned to the Assessor. The Assessor's policy to ensure that there is no exposure to this risk is to require each financial institution to pledge its own securities to cover any amount in excess of Federal Depository Insurance Coverage. Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within ten days of being notified by the Assessor that the fiscal agent bank has failed to pay deposited funds upon demand.

At December 31, 2022, the Assessor has cash and cash equivalents (book balances) totaling \$2,531,972 as follows:

Cash and cash equivalents:

Demand deposits	\$ 185,144
Time deposits	2,346,828
Total	\$ 2,531,972

These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent.

These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. As of December 31, 2022, all of the Assessor's bank balances of \$2,543,738 were covered by federal deposit insurance and pledged securities as follows:

Insured by FDIC	_\$_	446,910
Uninsured and uncollateralized		-
Collateralized by pledged securities not in the Assessor's name		2,096,828
Total balances exposed to custodial credit risk		2,096,828
Total bank balances	\$	2,543,738

NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 3 – RECEIVABLES

As of December 31, 2022, receivables for ad valorem taxes, state revenue sharing, and others were \$517,182, \$14,395, and \$1,859, respectively. No allowance has been recorded as the Assessor expects to collect the receivables.

NOTE 4 – CAPITAL ASSETS

A schedule of changes in capital assets for the year ended December 31, 2022, follows:

	Beginning	Imamagag	Dagwagag	Ending
Governmental activities:	Balance	Increases	Decreases	Balance

NOTE 6 – LOUISIANA ASSESSORS' RETIREMENT SYSTEM

Louisiana Assessors' Retirement Fund (Fund)

The Claiborne Parish Assessor contributes to the Louisiana Assessors' Retirement Fund which is a cost-sharing, multiple-employer, defined benefit pension plan. Substantially, all employees participate in the Plan. The Louisiana Assessors' Retirement Fund was created by Act 91 Section 1 of the 1950 regular Legislative Session. The Fund was created by Act 91 Section 1 of the 1950 regular Legislative Session, and it functions under the provisions of Louisiana Revised Statutes 11:1401 through 1494. The plan is a qualified plan as defined by the Internal Revenue Code Section 401(a), effective January 1, 1998. Membership in the Fund is a condition of employment for Assessors and their full-time employees.

Members who were hired before October 1, 2013, will be eligible for pension benefits once they have either reached the age of fifty-five and have at least twelve years of service or have at least thirty years of service, regardless of age. Members who were hired on or after October 1, 2013 will be eligible for pension benefits once they have either reached the age of sixty and have at least twelve years of service or have reached the age of fifty-five and have at least thirty years of service.

Members whose first employment making them eligible for membership began prior to October 1, 2006, are entitled to annual pension benefits equal to three and one-third percent of their highest monthly average final compensation received during any 36 consecutive months, multiplied by their total years of service, not to exceed 100% of monthly average final compensation.

Members whose first employment making them eligible for membership began on or after October 1, 2006 but before October 1, 2013, are entitled to annual pension benefits equal to three and one-third percent of their highest monthly average final compensation received during any 60 consecutive months, multiplied by their total years of service, not to exceed 100% of monthly average final compensation.

Members whose first employment making them eligible for membership began on or after October 1, 2013 but who have less than thirty years of service, are entitled to annual pension benefits equal to three percent of their highest monthly average final compensation received during any 60 consecutive months, multiplied by their total years of service, not to exceed 100% of monthly average final compensation. Members whose first employment making them eligible for membership began on or after October 1, 2013 and have thirty or more years of service, are entitled to annual pension benefits equal to three and one-third percent of their highest monthly average final compensation received during any 60 consecutive months, multiplied by their total years of service, not to exceed 100% of monthly average final compensation. Members may elect to receive their pension benefits in the form of a joint and survivor annuity.

NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 6 – LOUISIANA ASSESSORS' RETIREMENT SYSTEM (CONTINUED)

If members terminate before rendering 12 years of service, they forfeit the right to receive the portion of their accumulated plan benefits attributable to the employer's contributions. Benefits are payable over the employee's lives in the form of a monthly annuity. Members may elect to receive the actuarial equivalent of their retirement allowance in a reduced retirement payable throughout life with the following options:

- 1. If the member dies before he has received in retirement payments purchased by his contributions the amount he had contributed to the fund before his retirement, the balance shall be paid to his legal representatives or to such person as he shall nominated by written designation.
- 2. Upon the member's death, his reduced retirement allowance shall be continued throughout the life of and paid to his surviving spouse.
- 3. Upon the member's death, one-half of his reduced retirement allowance shall be continued throughout the life of and paid to his surviving spouse.
- 4. The member may elect to receive some other board-approved benefit or benefits that together with the reduced retirement allowance shall be of equivalent actuarial value to his retirement alone.

Survivor Benefits

The Fund provides benefits for surviving spouses and minor children under certain conditions which are outlined in the Louisiana Revised Statute.

Disability Benefits

The Board of Trustees shall award disability benefits to eligible members who have been officially certified as disabled by the State Medical Disability Board. The disability benefit shall be the lesser of (1) or (2) as set forth below:

- 1. A sum equal to the greater of forty-five percent (45%) of final average compensation, or the member's accrued retirement benefit at the time of termination of employment due to disability; or
- 2. The retirement benefit which would be payable assuming accrued creditable service plus additional accrued service, if any, to the earliest normal retirement age based on final average compensation at the time of termination of employment due to disability.

Upon approval for disability benefits, the member shall exercise an optional retirement allowance as provided in R.S. 11:1423 and no change in the option selected shall be permitted after it has been filed with the board. The retirement option factors shall be the same as those utilized for regular retirement based on the age of the retiree and that of the spouse, had the retiree continued in active service until the earliest normal retirement date.

For the year ended December 31, 2022, the Claiborne Parish Assessor's total payroll for all employees was \$256,692. Total covered payroll was \$256,692. Covered payroll refers to all compensation paid by the Claiborne Parish Assessor to active employees covered by the Plan.

NOTE 6 – LOUISIANA ASSESSORS' RETIREMENT SYSTEM (CONTINUED)

Contributions

According to state statute, contribution requirements for all employers are actuarially determined each year. For the year ended December 31, 2022, the actual employer contribution rate was 8.00%, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. In accordance with state statute, the Fund receives ad valorem taxes and state revenue sharing funds. These additional sources of income are used as employer contributions and are considered support from non-employer contributing entities but are not considered special funding situations. The Claiborne Parish Assessor's contributions to the Fund for the year ending December 31, 2022 were \$11,872.

Members are required by state statute to contribute 8.00% of their annual covered salary. The contributions are deducted from the employee's wages or salary and remitted by the Claiborne Parish Assessor to the Fund monthly.

Pension Liabilities, Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions

At December 31, 2022, the Assessor reported a liability of \$354,260 for its proportionate share of the Net Pension Liability/Asset. The Net Pension Liability/Asset was measured as of September 30, 2022 and the total pension liability/asset used to calculate the Net Pension Liability/Asset was determined by an actuarial valuation as of that date. The Claiborne Parish Assessor's proportion of the Net Pension Liability/Asset was based on a projection of the Claiborne Parish Assessor's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At September 30, 2022, the Assessor's proportion was 0.534786%, which was a decrease of .005667% from its proportion measured as of September 30, 2021.

For the year ended December 31, 2022, the Claiborne Parish Assessor recognized pension expense of \$134,727 plus the employer's amortization of change in proportionate share and differences between employer contributions and proportionate share of contributions, which was (\$14,401). Total pension expense for the Claiborne Parish Assessor for the year ended December 31, 2022 was \$120,326.

Actuarial Assumptions

A summary of the actuarial methods and assumptions used in determining the total pension liability as of September 30, 2022, are as follows:

Actuarial Cost Method	Entry Age Normal
Investment Rate of Return	5.50%, net of pension plan investment expense, including inflation.
Inflation Rate	2.10%
Salary Increases	5.25%
Annuitant and Beneficiary Mortality	Pub-2010 Public Retirement Plans Mortality Table for General Healthy Retirees multiplied by 120% with full generational projection using the appropriate MP-2019 improvement scale.
Active Members Mortality	Pub-2010 Public Retirement Plans Mortality Table for General Employees multiplied by 120% with full generational projection using the appropriate MP-2019 improvement scale.
Disabled Annuitant Mortality	Pub-2010 Public Retirement Plans Mortality Table for General Disabled Retirees multiplied by 120% with full generational projection using the appropriate MP-2019 improvement scale.

Discount Rate

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation, of 2.5%, and an adjustment for the effect of rebalancing/diversification. The resulting long-term expected arithmetic nominal return was 8.37% as of September 30, 2022.

NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 6 – LOUISIANA ASSESSORS' RETIREMENT SYSTEM (CONTINUED)

Best estimates of arithmetic real rates of return for each major asset class included in the Fund's target asset allocation as of September 30, 2022, are summarized in the following table:

	Long-Term Expected
Asset Class	Real Rate of Return
Domestic equity	7.50%
International equity	8.50%
Domestic bonds	2.50%
International bonds	3.50%
Real estate	4.50%
Alternative Assets	5.87%

The projection of cash flows used to determine the discount rate assumes that contributions from plan members will be made at the current contribution rates and that contributions from participating employers will be made at the actuarially determined contribution rates, which are calculated in accordance with relevant statutes and approved by the Board of Trustees and the Public Retirement Systems' Actuarial Committee. Based on these assumptions, the Fund's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Claiborne Parish Assessor's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the Claiborne Parish Assessor's proportionate share of the net pension liability calculated using the discount rate of 5.50 %, as well as what the Fund's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage-point lower (4.50%) or one percentage-point higher (6.50%) than the current rate:

	Changes in Discount Rate			
	1% Current			
	Decrease (4.50%)	Discount Rate (5.50%)	Increase <u>(6.50%)</u>

NOTE 7 - POSTEMPLOYMENT HEALTH CARE AND LIFE INSURANCE BENEFITS

General Information about the OPEB Plan

Plan description – The Claiborne Parish Assessor (the Assessor) provides certain continuing health care and life insurance benefits for its retired employees. The Claiborne Parish Assessor's OPEB Plan (the OPEB Plan) is a single-employer defined benefit OPEB plan administered by the Assessor. The authority to establish and/or amend the obligation of the employer, employees and retirees rests with the Assessor. No assets are accumulated in a trust that meets the criteria in Governmental Accounting Standards Board (GASB).

Benefits Provided – Medical, dental, vision, and life benefits are provided through comprehensive plans and are made available to employees upon actual retirement. Employees are covered by the Louisiana Assessors' Retirement Fund, whose retirement eligibility (D.R.O.P. entry) provisions are as follows: Attainment of age 55 and 12 years of service; or, any age and 30 years of service; employees hired on and after October 1, 2013 are not able to retire or enter DROP until age 60 with 12 years of service; or, age 55 with 30 years of service. The retiree must also have 20 years of service for the retiree to receive employer contributions.

NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 7 - POSTEMPLOYMENT HEALTH CARE AND LIFE INSURANCE BENEFITS (CONTINUED)

Life insurance coverage is provided to retirees and 100% of the blended rate (active and retired) is paid by the employer. The amount of insurance coverage while active is continued after retirement, but insurance coverage amounts are reduced to 50% of the previous amount at age 70, and additionally by 50% upon retirement if before age 70.

Employees covered by benefit terms – At December 31, 2022, the following employees were covered by the benefit terms:

Inactive employees or beneficaries currently receiving benefit payments	3
Inactive employees entitled to but not year receiving benefit payments	-
Active employees	3
Total	6

Total OPEB Liability

The Assessor's total OPEB liability of \$691,505 was measured as of December 31, 2022 and was determined by an actuarial valuation as of that date.

Actuarial Assumptions and other inputs – The total OPEB liability in the December 31, 2022 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation 3.0%

Salary increases 3.0%, including inflation

Discount rate 3.72% annually

Healthcare cost trend rates Medical: 5.5% annually for 5 years; then 4.14% after 52 years

Administrative: 3%

Dental: 4%

Mortality PUB-2010/2021

The discount rate was based on the Bond Buyers' 20 Year General Obligation municipal bond index as of December 31, 2022, the end of the applicable measurement period.

The actuarial assumptions used in the December 31, 2022 valuation were based on the results of ongoing evaluations of the assumptions from January 1, 2009 to December 31, 2022.

NOTE 8 – NEW ACCOUNTING STANDARDS

The following summaries of recently issued Statements include the Statements' original effective dates. In response to the COVID-19 global pandemic, GASB issued Statement Number 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*, which changes effective dates for Statements 83 through 93 to June 15, 2019 through December 31, 2022.

NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 8 – NEW ACCOUNTING STANDARDS (CONTINUED)

GASB Statement No. 91, Conduit Debt Obligations, The primary objectives of this Statement are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. This Statement achieves those objectives by clarifying the existing definition of a conduit debt obligation; establishing that a conduit debt obligation is not a liability of the issuer; establishing standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations; and improving required note disclosures. The requirements of this Statement are effective for reporting periods beginning after December 15, 2021. Earlier application is encouraged.

GASB Statement No. 92, *Omnibus 2020*, was issued January 2020. The objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements. This Statement addresses a variety of topics and includes specific provisions about the effective date of Statement No. 87, Leases, and Implementation Guide No. 2019-3, Leases, for interim financial reports, reporting of intra-entity transfers of assets between a primary government employer and a component unit defined benefit pension plan or defined benefit other postemployment benefit (OPEB) plan, the applicability of Statements No. 73, 74, and 84, measurement of liabilities (and assets, if any) related to asset retirement obligations in a government acquisition, reporting by public entity risk pools for amounts that are recoverable from reinsurers or excess insurers, reference to nonrecurring fair value measurements of assets or liabilities in authoritative literature, and terminology used to refer to derivative instruments. The requirements of this Statement are effective for reporting periods beginning after December 15, 2019. Earlier application is encouraged.

GASB Statement No. 93, Replacement of Interbank Offered Rates, was issued March 2020. Some governments have entered into agreements in which variable payments made or received depend on an interbank offered rate (IBOR)—most notably, the London Interbank Offered Rate (LIBOR). As a result of global reference rate reform, LIBOR is expected to cease to exist in its current form at the end of2021, prompting governments to amend or replace financial instruments for the purpose of replacing LIBOR with other reference rates, by either changing the reference rate or adding or changing fallback provisions related to the reference rate. The requirements of this Statement, except for paragraphs 11b, 13, and 14 are effective for reporting periods beginning after June 15,2020.

GASB Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*, was issued March 2020. The primary objective of this Statement is to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs). This Statement also provides guidance for accounting and financial reporting for availability payment arrangements (APAs). The requirements of this Statement are effective for fiscal years beginning after June 15, 2022, and all reporting periods thereafter.

NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 8 – NEW ACCOUNTING STANDARDS (CONTINUED)

GASB Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*, was issued May 2020. The primary objective of this Statement is to provide temporary relief to governments and other stakeholders in light of the COVID-19 pandemic. That objective is accomplished by postponing the effective dates of certain provisions in Statements and Implementation Guides that first became effective or are scheduled to become effective for periods beginning after June 15, 2018, and later.

GASB Statement No. 96, Subscription-Based Information Technology Arrangements, was issued May 2020. The primary objective of this Statement is to provide guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments).

GASB Statement No. 97, Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans—an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32, was issued June 2020. The primary objectives of this Statement are to (1) increase consistency and comparability related to the reporting of fiduciary component units in circumstances in which a potential component unit does not have a governing board and the primary government performs the duties that a governing board typically would perform; (2) mitigate costs associated with the reporting of certain defined contribution pension plans, defined contribution other postemployment benefit (OPEB) plans, and employee benefit plans other than pension plans or OPEB plans (other employee benefit plans) as fiduciary component units in fiduciary fund financial statements; and (3) enhance the relevance, consistency, and comparability of the accounting and financial reporting for Internal Revenue Code (IRC) Section 457 deferred compensation plans (Section 457 plans) that meet the definition of a pension plan and for benefits provided through those plans.

GASB Statement No. 98, *The Annual Comprehensive Financial Report was issued October 2021*. This Statement establishes the term annual comprehensive financial report and its acronym ACFR. That new term and acronym replace instances of comprehensive annual financial report and its acronym in generally accepted accounting principles for state and local governments. This Statement was developed in response to concerns raised by stakeholders that the common pronunciation of the acronym for comprehensive annual financial report sounds like a profoundly objectionable racial slur. This Statement's introduction of the new term is founded on a commitment to promoting inclusiveness. The requirements of this Statement are effective for fiscal years ending after December 15, 2021. Earlier application is encouraged.

NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 8 – NEW ACCOUNTING STANDARDS (CONTINUED)

GASB Statement No. 99, *Omnibus 2022*, was issued April 2022. The objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements. This Statement addresses a variety of topics and includes the requirements related to extension of the use of LIBOR, accounting for SNAP distributions, disclosures of nonmonetary transactions, pledges of future revenues by pledging governments, clarification of certain provisions in Statement 34, as amended, and terminology updates related to Statement 53 and Statement 63 are effective upon issuance; The requirements related to leases, PPPs, and SBITAs are effective for fiscal years beginning after June 15, 2022, and all reporting periods thereafter; and the requirements related to financial guarantees and the classification and reporting of derivative instruments within the scope of Statement 53 are effective for fiscal years beginning after June 15, 2023, and all reporting periods thereafter.

GASB Statement No. 100, Accounting Changes And Error Corrections—An Amendment Of GASB Statement No. 62 - The requirements of this Statement will improve the clarity of the accounting and financial reporting requirements for accounting changes and error corrections, which will result in greater consistency in application in practice. In turn, more understandable, reliable, relevant, consistent, and comparable information will be provided to financial statement users for making decisions or assessing accountability. In addition, the display and note disclosure requirements will result in more consistent, decision useful, understandable, and comprehensive information for users about accounting changes and error corrections. The requirements of this Statement are effective for accounting changes and error corrections made in fiscal years beginning after June 15, 2023, and all reporting periods thereafter. Earlier application is encouraged.

GASB Statement No. 101, Compensated Absences - The unified recognition and measurement model in this Statement will result in a liability for compensated absences that more appropriately reflects when a government incurs an obligation. In addition, the model can be applied consistently to any type of compensated absence and will eliminate potential comparability issues between governments that offer different types of leave. The model also will result in a more robust estimate of the amount of compensated absences that a government will pay or settle, which will enhance the relevance and reliability of information about the liability for compensated absences. The requirements of this Statement are effective for fiscal years beginning after December 15, 2023, and all reporting periods thereafter. Earlier application is encouraged.

NOTE 9 – CONTINGENCIES

There was no litigation pending at December 31, 2022.

NOTE 10 – RISK MANAGEMENT

The Assessor is exposed to various risks of loss relating to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by commercial insurance purchased from independent third parties.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Bob Robinson Claiborne Parish Assessor Homer, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States; and the Louisiana Governmental Audit Guide, issued by the Louisiana Legislative Auditor, the financial statements of the governmental activities and the General Fund of Claiborne Parish Assessor, a component unit of the Claiborne Parish Police Jury, as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the Claiborne Parish Assessor's basic financial statements and have issued our report thereon dated September 22, 2023.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Claiborne Parish Assessor's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Claiborne Parish Assessor's internal control. Accordingly, we do not express an opinion on the effectiveness of Claiborne Parish Assessor's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We identified a certain deficiency in internal control, described in the accompanying schedule of findings and responses as item 2022-001 that we consider to be a significant deficiency.

Claiborne Parish Assessor Homer, Louisiana Independent Auditor's Report - GAGAS December 31, 2022

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Claiborne Parish Assessor's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Claiborne Parish Assessor's Response to Finding

Government Auditing Standards requires the auditor to perform limited procedures on the Claiborne Parish Assessor's response to the finding identified in our audit and described in the accompanying schedule of findings and responses. The Claiborne Parish Assessor's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. Although the intended use of this report may be limited, under Louisiana Revised Statute 24:513, it is issued by the Legislative Auditor as a public document.

SCHEDULE OF FINDINGS AND RESPONSES FOR THE YEAR ENDED DECEMBER 31, 2022

A. SUMMARY OF AUDIT RESULTS

- 1. The auditor's report expresses unqualified opinions on the financial statements of the governmental activities and the General Fund of the Claiborne Parish Assessor.
- 2. No material weaknesses are reported in the Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*.
- 3. One significant deficiency relating to the audit of the financial statements are reported in the Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*.
- 4. No instances of noncompliance material to the financial statements of the Claiborne Parish Assessor were disclosed during the audit.

B. FINDINGS - FINANCIAL STATEMENTS AUDIT

2022-001 Inadequate Segregation of Duties

Year First Reported

2018

Criteria

A proper internal control system segregates the duties of authorization, custody, and recording.

Condition

During 2022, the Assessor performed many functions including:

- Opening mail
- Preparing deposits
- Recording deposits
- Preparing vendor checks
- Processing payroll
- Signing checks
- Issuing checks

As the Assessor is the only elected official, there is no one to provide oversight.

Cause

The Assessor has concluded that it is not feasible for employees to be assigned any of the above duties or to hire additional personnel.

Effect

Lack of proper segregation of duties increases the risk that assets could be misappropriated, or misstatements recorded and that such actions could go undetected.

SCHEDULE OF FINDINGS AND RESPONSES FOR THE YEAR ENDED DECEMBER 31, 2022

Recommendation

We have no recommendation.

Management's Response

See the Assessor's Corrective Action Plan.

STATUS OF PRIOR YEAR FINDINGS FOR THE YEAR ENDED DECEMBER 31, 2022

2021-001 Inadequate Segregation of Duties

This finding is repeated as 2022-001.

Independent Accountant's Report on Applying Agreed-Upon Procedures

To the Claiborne Parish Assessor and the Louisiana Legislative Auditor

We have performed the procedures enumerated below, which were agreed to by the Claiborne Parish Assessor (the Entity) and the Louisiana Legislative Auditor (LLA), on the control and compliance (C/C) areas identified in the LLA's Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period January 1, 2022 through December 31, 2022. The Entity's management is responsible for those C/C areas identified in the SAUPs.

Claiborne Parish Assessor has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is to perform specified procedures on the C/C areas identified in LLA's SAUPs for the fiscal period January 1, 2022 through December 31, 2022. Additionally, LLA has agreed to and acknowledged that the procedures performed are appropriate for its purposes. This report may not suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and related exceptions obtained are described in the attachment to this report:

1) Written Policies and Procedures

A. Obtain and inspect the entity's written policies and procedures and observe whether they address each of the following categories and subcategories if applicable to public funds and the entity's operations:

We obtained and inspected the written policies.

i) **Budgeting**, including preparing, adopting, monitoring, and amending the budget.

The policy includes all required elements.

Exceptions: None

ii) *Purchasing*, including (1) how purchases are initiated; (2) how vendors are added to the vendor list; (3) the preparation and approval process of purchase requisitions and purchase orders; (4) controls to ensure compliance with the Public Bid Law; and (5) documentation required to be maintained for all bids and price quotes.

The policy did not include (2).

Exceptions: See above.

Management's Response: See Management's Corrective Action Plan

iii) Disbursements, including processing, reviewing, and approving.

The policy includes all required elements.

Exceptions: None

iv) *Receipts/Collections*, including receiving, recording, and preparing deposits. Also, policies and procedures should include management's actions to determine the completeness of all collections for each type of revenue or agency fund additions (e.g., periodic confirmation with outside parties, reconciliation to utility billing after cutoff procedures, reconciliation of traffic ticket number sequences, agency fund forfeiture monies confirmation).

The policy did not include the recording of deposits or management's actions to determine the completeness.

Exceptions: See above.

Management's Response: See Management's Corrective Action Plan

v) **Payroll/Personnel**, including (1) payroll processing, (2) reviewing and approving time and attendance records, including leave and overtime worked, and (3) approval process for employee(s) rate of pay or approval and maintenance of pay rate schedules.

The policy did not include (1) and (3).

Exceptions: See above.

Management's Response: See Management's Corrective Action Plan

vi) *Contracting*, including (1) types of services requiring written contracts, (2) standard terms and conditions, (3) legal review, (4) approval process, and (5) monitoring process.

The policy includes all required elements.

Exceptions: None

vii) *Travel and Expense Reimbursement*, including (1) allowable expenses, (2) dollar thresholds by category of expense, (3) documentation requirements, and (4) required approvers.

The policy includes all required elements.

Exceptions: None

viii) *Credit Cards (and debit cards, fuel cards, P-Cards, if applicable)*, including (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers of statements, and (5) monitoring card usage (e.g., determining the reasonableness of fuel card purchases).

The policy includes all required elements.

Exceptions: None

ix) *Ethics*, including (1) the prohibitions as defined in Louisiana Revised Statute (R.S.) 42:1111-1121, (2) actions to be taken if an ethics violation takes place, (3) system to monitor possible ethics violations, and (4) a requirement that documentation is maintained to demonstrate that all employees and officials were notified of any changes to the entity's ethics policy.

The policy did not include elements (2),(3), and (4).

Exceptions: See above.

Management's Response: See Management's Corrective Action Plan

x) **Debt Service**, including (1) debt issuance approval, (2) continuing disclosure/EMMA reporting requirements, (3) debt reserve requirements, and (4) debt service requirements.

No policy noted.

Exceptions: See above.

Management's Response: See Management's Corrective Action Plan

xi) Information Technology Disaster Recovery/Business Continuity, including (1) identification of critical data and frequency of data backups, (2) storage of backups in a separate physical location isolated from the network, (3) periodic testing/verification that backups can be restored, (4) use of antivirus software on all systems, (5) timely application of all available system and software patches/updates, and (6) identification of personnel, processes, and tools needed to recover operations after a critical event.

The policy did not include any of the required elements.

Exceptions: See above.

Management's Response: See Management's Corrective Action Plan

xii) **Sexual Harassment**, including R.S. 42:342-344 requirements for (1) agency responsibilities and prohibitions, (2) annual employee training, and (3) annual reporting.

The policy did not include any of the required elements.

Exceptions: See above.

Management's Response: See Management's Corrective Action Plan

2) Board or Finance Committee

A. Obtain and inspect the board/finance committee minutes for the fiscal period, as well as the board's enabling legislation, charter, bylaws, or equivalent document in effect during the fiscal period, and:

Not applicable.

- i) Observe that the board/finance committee met with a quorum at least monthly, or on a frequency in accordance with the board's enabling legislation, charter, bylaws, or other equivalent document.
- ii) For those entities reporting on the governmental accounting model, observe whether the minutes referenced or included monthly budget-to-actual comparisons on the general fund, quarterly budget-to-actual, at a minimum, on proprietary funds, and semi-annual budget-to-actual, at a minimum, on all special revenue funds. Alternately, for those entities reporting on the nonprofit accounting model, observe that the minutes referenced or included financial activity relating to public funds if those public funds comprised more than 10% of the entity's collections during the fiscal period.
- iii) For governmental entities, obtain the prior year audit report and observe the unassigned fund balance in the general fund. If the general fund had a negative ending unassigned fund balance in the prior year audit report, observe that the minutes for at least one meeting during the fiscal period referenced or included a formal plan to eliminate the negative unassigned fund balance in the general fund.
- iv) Observe whether the board/finance committee received written updates of the progress of resolving audit finding(s), according to management's corrective action plan at each meeting until the findings are considered fully resolved.

3) Bank Reconciliations

A. Obtain a listing of entity bank accounts for the fiscal period from management and management's representation that the listing is complete. Ask management to identify the entity's main operating account. Select the entity's main operating account and randomly select 4 additional accounts (or all accounts if less than 5). Randomly select one month from the fiscal period, obtain and inspect the corresponding bank statement and reconciliation for each selected account, and observe that:

We obtained a listing from management.

i) Bank reconciliations include evidence that they were prepared within 2 months of the related statement closing date (e.g., initialed and dated or electronically logged);

The bank reconciliation was prepared within two months of the statement closing date.

Exceptions: None

ii) Bank reconciliations include evidence that a member of management/board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation (e.g., initialed and dated, electronically logged); and

No evidence of review was noted.

Exceptions: See above.

Management's Response: See Management's Corrective Action Plan

iii) Management has documentation reflecting it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date, if applicable.

We noted no evidence of the review of stale items.

Exceptions: See above.

Management's Response: See Management's Corrective Action Plan

4) Collections

A. Obtain a listing of deposit sites for the fiscal period where deposits for cash/checks/money orders (cash) are prepared and management's representation that the listing is complete. Randomly select 5 deposit sites (or all deposit sites if less than 5).

We obtained a listing of deposit sites for the fiscal period and management's representation that the listing is complete. There is only one location.

B. For each deposit site selected, obtain a listing of collection locations and management's representation that the listing is complete. Randomly select one collection location for each deposit site (i.e., 5 collection locations for 5 deposit sites), obtain and inspect written policies and procedures relating to employee job duties (if no written policies or procedures, inquire of employees about their job duties) at each collection location, and observe that job duties are properly segregated at each collection location such that:

We obtained a listing of collection locations and management's representation that the listing is complete. Only one location was noted. We inquired of employees about their job duties to determine how duties are segregated.

i) Employees responsible for cash collections do not share cash drawers/registers.

Employees responsible for cash collections do share a cash drawer. The cash drawer is counted down every Friday by the Assessor.

Exceptions: See above.

Management's Response: See Management's Corrective Action Plan

ii) Each employee responsible for collecting cash is not responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g., prenumbered receipts) to the deposit.

Employees responsible for cash collections do not prepare or make bank deposits.

Exceptions: None

iii) Each employee responsible for collecting cash is not responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit.

Employees responsible for collecting cash do not post collection entries to the general ledger.

Exceptions: None

iv) The employee(s) responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or agency fund additions, are not responsible for collecting cash, unless another employee/official verifies the reconciliation.

We noted no employee responsible for reconciling cash collections to the general ledger.

Exceptions: See above.

Management's Response: See Management's Corrective Action Plan

C. Obtain from management a copy of the bond or insurance policy for theft covering all employees who have access to cash. Observe the bond or insurance policy for theft was enforced during the fiscal period.

Management asserted all employees are covered by a bond or insurance policy for theft. The copy of the insurance policy provided by management was for a prior period.

Exceptions: See above.

Management's Response: See Management's Corrective Action Plan

D. Randomly select two deposit dates for each of the 5 bank accounts selected for procedure #3A above (select the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly select a deposit if multiple deposits are made on the same day). Alternately, the practitioner may use a source document other than bank statements when selecting the deposit dates for testing, such as a cash collection log, daily revenue report, receipt book, etc. Obtain supporting documentation for each of the 10 deposits and:

We randomly selected two deposit dates for the one bank account listed in Procedure #3A. Management did not provide the deposit documentation.

- i) Observe that receipts are sequentially pre-numbered.
- ii) Trace sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip.
- iii) Trace the deposit slip total to the actual deposit per the bank statement.
- iv) Observe the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100 and the cash is stored securely in a locked safe or drawer).
- v) Trace the actual deposit per the bank statement to the general ledger.

5) Non-Payroll Disbursements (excluding card purchases, travel reimbursements, and petty cash purchases)

A. Obtain a listing of locations that process payments for the fiscal period and management's representation that the listing is complete. Randomly select 5 locations (or all locations if less than 5).

We obtained a listing of locations that process payments for the fiscal period and management's representation that the listing is complete. There was one location listed.

B. For each location selected under procedure #5A above, obtain a listing of those employees involved with non-payroll purchasing and payment functions. Obtain written policies and procedures relating to employee job duties (if the agency has no written policies and procedures, inquire of employees about their job duties), and observe that job duties are properly segregated such that:

For the location listed, we obtained a listing of employees involved with non-payroll purchasing and payment functions. We inquired of employees about their job duties.

i) At least two employees are involved in initiating a purchase request, approving a purchase, and placing an order/making the purchase.

We noted the Assessor is the only individual involved in initiating a purchase request, approving the purchase, and placing the order/making the purchase.

Exceptions: See above.

Management's Response: See Management's Corrective Action Plan

ii) At least two employees are involved in processing and approving payments to vendors.

The Assessor processes and approves all payments to vendors.

Exceptions: See above.

Management's Response: See Management's Corrective Action Plan

iii) The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files.

The employee responsible for processing payments is also allowed to add/modify vendor files, and we noted no other employee is responsible for periodically reviewing changes to vendor files.

Exceptions: See above.

Management's Response: See Management's Corrective Action Plan

iv) Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments.

The Assessor is responsible for signing checks and mailing checks.

Exceptions: See above.

Management's Response: See Management's Corrective Action Plan

v) Only employees/officials authorized to sign checks approve the electronic disbursement (release) of funds, whether through automated clearinghouse (ACH), electronic funds transfer (EFT), wire transfer, or some other electronic means.

Per policy, online payments to include payroll withholdings are approved by the Assessor.

Exceptions: None.

[Note: Findings related to controls that constrain the legal authority of certain public officials (e.g., mayor of a Lawrason Act municipality) should not be reported.]

C. For each location selected under #5A above, obtain the entity's non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtain management's representation that the population is complete. Randomly select 5 disbursements for each location, obtain supporting documentation for each transaction, and:

For the location listed, we obtained the entity's non-payroll disbursement transaction population, and management's representation that the listing is complete. We haphazardly selected 5 disbursements, as random selection was difficult because of payroll checks. We obtained the supporting documentation for each transaction.

i) Observe whether the disbursement matched the related original itemized invoice and supporting documentation indicates deliverables included on the invoice were received by the entity.

We noted no exceptions.

ii) Observe whether the disbursement documentation included evidence (e.g., initial/date, electronic logging) of segregation of duties tested under #9, as applicable.

We noted no exceptions.

D. Using the entity's main operating account and the month selected in Bank Reconciliations procedure #3A, randomly select 5 non-payroll-related electronic disbursements (or all electronic disbursements if less than 5) and observe that each electronic disbursement was (a) approved by only those persons authorized to disburse funds (e.g., sign checks) per the entity's policy, and (b) approved by the required number of authorized signers per the entity's policy. Note: If no electronic payments were made from the main operating account during the month selected the practitioner should select an alternative month and/or account for testing that does include electronic disbursements.

Using the main operating account under Procedure #3A, we noted only payroll related electronic disbursements.

Exceptions: None

6) Credit Cards/Debit Cards/Fuel Cards/Purchase Cards (Cards)

A. Obtain from management a listing of all active credit cards, bank debit cards, fuel cards, and P-cards (cards) for the fiscal period, including the card numbers and the names of the persons who maintained possession of the cards. Obtain management's representation that the listing is complete.

We obtained a listing of all active credit cards for the fiscal period and management's representation that the listing is complete.

B. Using the listing prepared by management, randomly select 5 cards (or all cards if less than 5) that were used during the fiscal period. Randomly select one monthly statement or combined statement for each card (for a debit card, randomly select one monthly bank statement), obtain supporting documentation, and:

We noted two cards on the listing. We selected one monthly statement for one card. However, based on transactions in the general ledger, it is unclear if the second card selected was active during the tested period.

i) Observe whether there is evidence that the monthly statement or combined statement and supporting documentation (e.g., original receipts for credit/debit card purchases, exception reports for excessive fuel card usage) were reviewed and approved, in writing (or electronically approved) by someone other than the authorized card holder (those instances requiring such approval that may constrain the legal authority of certain public officials, such as the mayor of a Lawrason Act municipality, should not be reported); and

The agency head is the cardholder and is also responsible for reviewing and approving monthly credit card statements.

Exceptions: See above.

Management's Response: See Management's Corrective Action Plan

ii) Observe that finance charges and late fees were not assessed on the selected statements.

We noted no finance charges or late fees for the selected statements.

Exceptions: None

C. Using the monthly statements or combined statements selected under procedure #7B above, excluding fuel cards, randomly select 10 transactions (or all transactions if less than 10) from each statement, and obtain supporting documentation for the transactions (e.g., each card should have 10 transactions subject to inspection)17. For each transaction, observe that it is supported by (1) an original itemized receipt that identifies precisely what was purchased, (2) written documentation of the business/public purpose, and (3) documentation of the individuals participating in meals (for meal charges only). For missing receipts, the practitioner should describe the nature of the transaction and observe whether management had a compensating control to address missing receipts, such as a "missing receipt statement" that is subject to increased scrutiny.

We randomly selected 10 transactions for the credit card statement tested.

- 1 Two of the ten transactions did not include original itemized receipts or documentation of any kind.
- 2 See procedure 6C (1).
- 3 Seven of the charges were food related with none showing the individuals participating in the meal.

See procedure 6C(1).

Exceptions: See above.

Management's Response: See Management's Corrective Action Plan

7) Travel and Travel-Related Expense Reimbursements (excluding card transactions)

A. Obtain from management a listing of all travel and travel-related expense reimbursements during the fiscal period and management's representation that the listing or general ledger is complete. Randomly select 5 reimbursements and obtain the related expense reimbursement forms/prepaid expense documentation of each selected reimbursement, as well as the supporting documentation. For each of the 5 reimbursements selected:

We exported travel and travel-related expense accounts from the auditee's general ledger to serve as our list. We obtained management's representation that the general ledger is complete. We noted three reimbursements. Management provided the support for one of the three reimbursements.

i) If reimbursed using a per diem, observe the approved reimbursement rate is no more than those rates established either by the State of Louisiana or the U.S. General Services Administration (www.gsa.gov).

We noted one exception.

Exceptions: See above.

Management's Response: See Management's Corrective Action Plan

ii) If reimbursed using actual costs, observe the reimbursement is supported by an original itemized receipt that identifies precisely what was purchased.

We noted one exception.

Exceptions: See above.

Management's Response: See Management's Corrective Action Plan

iii) Observe that each reimbursement is supported by documentation of the business/public purpose (for meal charges, observe that the documentation includes the names of those individuals participating) and other documentation required by Written Policies and Procedures procedure #1A(vii); and.

We noted one exception.

Exceptions: See above.

Management's Response: See Management's Corrective Action Plan

iv) Observe each reimbursement was reviewed and approved, in writing, by someone other than the person receiving reimbursement.

We noted review of the reimbursement.

8) Contracts

A. Obtain from management a listing of all agreements/contracts for professional services, materials and supplies, leases, and construction activities that were initiated or renewed during the fiscal period. Alternatively, the practitioner may use an equivalent selection source, such as an active vendor list. Obtain management's representation that the listing is complete. Randomly select 5 contracts (or all contracts if less than 5) from the listing, excluding the practitioner's contract, and

We obtained a listing of agreements/contracts from management, and management's representation the listing was complete. Management did not provide the contracts covering the current year.

i) Observe whether the contract was bid in accordance with the Louisiana Public Bid Law (e.g., solicited quotes or bids, advertised), if required by law;

The contracts were not subject to the bid law.

Exceptions: None

ii) Observe whether the contract was approved by the governing body/board, if required by policy or law (e.g., Lawrason Act, Home Rule Charter);

The Assessor, the sole elected official, approves contracts.

Exceptions: None

iii) If the contract was amended (e.g., change order), observe that the original contract terms provided for such an amendment and that amendments were made in compliance with the contract terms (e.g., if approval is required for any amendment, the documented approval); and

We noted no amendments.

Exceptions: None

iv) Randomly select one payment from the fiscal period for each of the 5 contracts, obtain the supporting invoice, agree the invoice to the contract terms, and observe that the invoice and related payment agreed to the terms and conditions of the contract.

Management did not provide the contracts covering the current year.

9) Payroll and Personnel

A. Obtain a listing of employees and officials employed during the fiscal period and management's representation that the listing is complete. Randomly select 5 employees or officials, obtain related paid salaries and personnel files, and agree paid salaries to authorized salaries/pay rates in the personnel files.

We obtained a listing of employees/elected officials. We selected all employees and agreed paid salaries to the authorized salaries.

Exceptions: None

B. Randomly select one pay period during the fiscal period. For the 5 employees or officials selected under procedure #9A above, obtain attendance records and leave documentation for the pay period, and

We selected one pay period and obtained the relevant information.

i) Observe all selected employees or officials documented their daily attendance and leave (e.g., vacation, sick, compensatory);

We did not observe documentation of attendance. We noted no leave was taken during the testing period.

Exceptions: See above.

Management's Response: See Management's Corrective Action Plan

- ii) Observe whether supervisors approved the attendance and leave of the selected employees or officials;
 See procedure #9B (i).
- iii) Observe that any leave accrued or taken during the pay period is reflected in the entity's cumulative leave records; and

We noted no exceptions.

iv) Observe the rate paid to the employees or officials agrees to the authorized salary/pay rate found within the personnel file.

We noted no exceptions.

C. Obtain a listing of those employees or officials that received termination payments during the fiscal period and management's representation that the list is complete. Randomly select two employees or officials and obtain related documentation of the hours and pay rates used in management's termination payment calculations and the entity's policy on termination payments. Agree the hours to the employee's or official's cumulative leave records, agree the pay rates to the employee's or official's authorized pay rates in the employee's or official's personnel files, and agree the termination payment to entity policy.

None noted.

D. Obtain management's representation that employer and employee portions of third-party payroll related amounts (e.g., payroll taxes, retirement contributions, health insurance premiums, garnishments, workers' compensation premiums, etc.) have been paid, and any associated forms have been filed, by required deadlines.

We obtained management's representation that employer and employee portions of payroll taxes, retirement contributions, health insurance premiums, and workers' compensation premiums have been paid, and associated forms have been filed, by required deadlines.

Exceptions: None

10) Ethics

A. Using the 5 randomly selected employees/officials from Payroll and Personnel procedure #9A obtain ethics documentation from management, and

Using the employees selected in procedure #9A, we obtained the related ethics documentation.

 Observe whether the documentation demonstrates that each employee/official completed one hour of ethics training during the calendar year as required by R.S. 42:1170; and

We noted no exceptions.

- ii) Observe whether the entity maintains documentation which demonstrates that each employee and official were notified of any changes to the entity's ethics policy during the fiscal period, as applicable.
 - Management asserted no changes were made to the policy.
- B. Inquire and/or observe whether the agency has appointed an ethics designee as required by R.S. 42:1170

We inquired of management and noted an ethics designee had been appointed.

11) Debt Service

A. Obtain a listing of bonds/notes and other debt instruments issued during the fiscal period and management's representation that the listing is complete. Select all debt instruments on the listing, obtain supporting documentation, and observe that State Bond Commission approval was obtained for each debt instrument issued as required by Article VII, Section 8 of the Louisiana Constitution.

Management listed none.

B. Obtain a listing of bonds/notes outstanding at the end of the fiscal period and management's representation that the listing is complete. Randomly select one bond/note, inspect debt covenants, obtain supporting documentation for the reserve balance and payments, and agree actual reserve balances and payments to those required by debt covenants (including contingency funds, short-lived asset funds, or other funds required by the debt covenants).

Management listed none.

12) Fraud Notice

A. Obtain a listing of misappropriations of public funds and assets during the fiscal period and management's representation that the listing is complete. Select all misappropriations on the listing, obtain supporting documentation, and observe that the entity reported the misappropriation(s) to the legislative auditor and the district attorney of the parish in which the entity is domiciled as required by R.S. 24:523.

Management listed none.

B. Observe that the entity has posted, on its premises and website, the notice required by R.S. 24:523.1 concerning the reporting of misappropriation, fraud, waste, or abuse of public funds.

We observed the required notice on the website and posted within the Assessor's office.

Exceptions: None

13) Information Technology Disaster Recovery/Business Continuity

A. Perform the following procedures, verbally discuss the results with management, and report "We performed the procedure and discussed the results with management."

We performed the procedure and discussed the results with management.

- i) Obtain and inspect the entity's most recent documentation that it has backed up its critical data (if there is no written documentation, then inquire of personnel responsible for backing up critical data) and observe evidence that such backup (a) occurred within the past week, (b) was not stored on the government's local server or network, and (c) was encrypted.
- ii) Obtain and inspect the entity's most recent documentation that it has tested/verified that its backups can be restored (if there is no written documentation, then inquire of personnel responsible for testing/verifying backup restoration) and observe evidence that the test/verification was successfully performed within the past 3 months.
- iii) Obtain a listing of the entity's computers currently in use and their related locations, and management's representation that the listing is complete. Randomly select 5 computers and observe while management demonstrates that the selected computers have current and active antivirus software and that the operating system and accounting system software in use are currently supported by the vendor.
- B. Randomly select 5 terminated employees (or all terminated employees if less than 5) using the list of terminated employees obtained in procedure #9C. Observe evidence that the selected terminated employees have been removed or disabled from the network.

No terminated employees noted.

14) Prevention of Sexual Harassment

A. Using the 5 randomly selected employees/officials from Payroll and Personnel procedure #9A, obtain sexual harassment training documentation from management, and observe that the documentation demonstrates each employee/official completed at least one hour of sexual harassment training during the calendar year as required by R.S. 42:343.

Using the employees/officials from procedure #9A, we obtained the sexual harassment documentation and noted no exceptions.

B. Observe that the entity has posted its sexual harassment policy and complaint procedure on its website (or in a conspicuous location on the entity's premises if the entity does not have a website).

We observed the sexual harassment policy posted on the Assessor's website. Exceptions: None.

- C. Obtain the entity's annual sexual harassment report for the current fiscal period, observe that the report was dated on or before February 1, and observe that the report includes the applicable requirements of R.S. 42:344:
 - i) Number and percentage of public servants in the agency who have completed the training requirements;
 - ii) Number of sexual harassment complaints received by the agency;
 - iii) Number of complaints which resulted in a finding that sexual harassment occurred;
 - iv) Number of complaints in which the finding of sexual harassment resulted in discipline or corrective action;
 and
 - v) Amount of time it took to resolve each complaint.

We did not obtain the entity's sexual harassment report.

Exceptions: See above.
