INDEPENDENT AUDITOR'S REPORT

Members of the Board of Commissioners
Evangeline Parish Sales and Use Tax Commission
Ville Platte, Louisiana

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the major fund, and the aggregate remaining fund information of the Evangeline Parish Sales and Use Tax Commission (Tax Commission), as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Tax Commission's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the major fund, and the aggregate remaining fund information of the Tax Commission, as of June 30, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Tax Commission and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Tax Commission's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Tax Commission's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Tax Commission's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the budgetary comparison schedule and schedule of changes in total OPEB liability and related ratios, on pages 27-29, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The Tax Commission has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the other supplementary information section but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated August 10, 2022, on our consideration of the Tax Commission's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Tax Commission's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Tax Commission's internal control over financial reporting and compliance.

Notes to the Basic Financial Statements

(1) Summary of Significant Accounting Policies

The accompanying financial statements of the Evangeline Parish Sales and Use Tax Commission (Tax Commission) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. GAAP includes all relevant Governmental Accounting Standards Board (GASB) pronouncements. The accounting and reporting framework and the more significant accounting policies are discussed in subsequent subsections of this note.

A. Financial Reporting Entity

The Evangeline Parish Sales and Use Tax Commission has been created by and in accordance with the provisions of Article VII, Section 3 of the Louisiana Constitution, and LSA-R.S. 33:2844.1, for the purpose of administering, collecting, and enforcing the collection of the sales and use taxes of the taxing authorities of Evangeline Parish.

The Tax Commission is governed by a Board of Commissioners composed of nine members that consists of one representative from each political subdivision within the parish which levies a sales and use tax.

For financial reporting purposes, the Tax Commission includes all funds and activities which are controlled by or dependent on the Board of Commissioners. The Board of Commissioners is solely responsible for the operations which include the hiring and retention of employees, authority over budgeting, responsibility for deficits, and the receipt and disbursement of funds.

B. Basis of Presentation

Government-Wide Financial Statements (GWFS)

The government-wide financial statements provide operational accountability information for the Tax Commission as an economic unit. The government-wide financial statements report the Tax Commission's ability to maintain service levels and continue to meet its obligations as they become due. Fiduciary funds are not included in the GWFS. Fiduciary funds are reported only in the statement of fiduciary net position at the fund financial statement level.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the Tax Commission's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees and charges paid by the recipients for goods or services offered by the programs, and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

EVANGELINE PARISH SALES AND USE TAX COMMISSION
Ville Platte, Louisiana

Notes to the Basic Financial Statements (Continued)

Fund Financial Statements (FFS)

The accounts of the Tax Commission are organized on the basis of funds, each of which is considered to be an independent fiscal and accounting entity. The operations of each fund are accounted for within separate sets of self-balancing accounts, which comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund balance/net position, revenues, expenditures/expenses, and transfers. The minimum number of funds is maintained consistent with legal and managerial requirements. The funds of the Tax Commission are classified into two categories: governmental and fiduciary. The emphasis of the fund financial statements is on major funds, each displayed in a separate column. A fund is considered major if it is the primary operating fund of the Tax Commission or its total assets and deferred outflows of resources, liabilities and deferred inflows of resources, revenues, or expenditures/expenses of the individual governmental fund are at least ten percent of the corresponding total for all governmental funds. The Tax Commission's General Fund is considered to be a major fund. The funds used by the Tax Commission are described below.

Governmental Fund -

General Fund

The General Fund, as provided by Louisiana Revised Statute 13:781, is the principal fund of the Tax Commission and is used to account for the operations of the Tax Commission's office. The various fees and charges due to the Tax Commission's office are accounted for in this fund. General operating expenditures are paid from this fund.

Fiduciary Fund -

Custodial Fund – The fiduciary fund consists of the custodial fund of the Tax Commission. Custodial funds account for assets held by the Tax Commission for various local governments and others. The Tax Commission's custodial fund is the Sales Tax Collection Fund, which accounts for the collection and distribution of sales taxes for the taxing authority of Evangeline Parish. Fiduciary fund financial statements are prepared using the economic resources measurement focus and full accrual basis of accounting.

C. Measurement Focus and Basis of Accounting

Measurement Focus

The measurement focus determines the accounting and financial reporting treatment applied to a fund.

EVANGELINE PARISH SALES AND USE TAX COMMISSION
Ville Platte, Louisiana

Notes to the Basic Financial Statements (Continued)

The governmental activities within the government-wide statement of net position and statement of activities are presented using the economic resources measurement focus. The economic resources measurement focus meets the accounting objectives of determining net income, net position, and cash flows.

The governmental funds use the current financial resources measurement focus. This measurement focus is based upon the receipt and disbursement of current available financial resources rather than upon net income.

Basis of Accounting

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

In the government-wide statement of net position and statement of activities, the governmental activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred, or economic asset used. Revenues, expenses, gains, losses, assets, deferred outflows of resources, liabilities, and deferred inflows of resources resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

The governmental funds financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual, i.e., both measurable and available. "Available" means collectible within the current period or within 60 days after year end. An exception to this is grant revenue collected on a reimbursement basis. Those reimbursable grants are recognized as revenue when reimbursable expenditures are made. Expenditures are recognized when the related liability is incurred. Exceptions to this general rule include principal and interest on general obligation long-term debt and employee vacation and sick leave, which are recognized when due and payable.

Program revenues included in the statement of activities are derived directly from the program itself or from parties outside the Tax Commission's taxpayers or citizenry, as a whole; program revenues reduce the cost of the function to be financed from the Tax Commission's general revenues.

EVANGELINE PARISH SALES AND USE TAX COMMISSION
Ville Platte, Louisiana

Notes to the Basic Financial Statements (Continued)

Allocation of indirect expenses

The Tax Commission reports all direct expenses by function in the statement of activities. Direct expenses are those that are clearly identifiable with a function. Indirect expenses of other functions are not allocated to those functions but are reported separately in the statement of activities. Depreciation expense is specifically identified by function and is included in the direct expense of each function. Interest on long-term debt is considered an indirect expense and is reported separately on the statement of activities.

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Equity

Cash and interest-bearing deposits

For purposes of the statement of net position, cash and interest-bearing deposits include all demand accounts, savings accounts, and certificates of deposits of the Tax Commission.

Capital Assets

Capital assets, which include property, plant, and equipment, are reported in the governmental activities column in the government-wide financial statements. Capital assets are capitalized at historical cost or estimated cost if historical cost is not available. Donated assets are recorded as capital assets at their acquisition value at the date of donation. The Tax Commission maintains a threshold level of \$5,000 or more for capitalizing capital assets. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Depreciation of all exhaustible capital assets is recorded as an expense in the statement of activities, with accumulated depreciation reflected in the statement of net position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

Furniture and equipment	5-10 years
Buildings and improvements	10-20 years

Compensated Absences

Employees of the Tax Commission's office earn vacation leave of six days during the first year of employment, ten days from the second to the eighth year of service, and fifteen days thereafter, with a carryover of five days allowed. An equal amount of sick pay is allowed with an unlimited carryover. Sick leave does not vest. Any liability the Tax Commission may have regarding this matter at June 30, 2022 is considered immaterial.

EVANGELINE PARISH SALES AND USE TAX COMMISSION
Ville Platte, Louisiana

Notes to the Basic Financial Statements (Continued)

Deferred Outflows of Resources and Deferred Inflows of Resources

Deferred outflows of resources represent a consumption of net position or fund balance that applies to a future period(s) and thus, will not be recognized as an outflow of resources (expense/expenditure) until then. Deferred inflows of resources represent an acquisition of net position or fund balance that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. There are no deferred inflows or outflows of resources as of June 30, 2022.

Postemployment benefits other than pensions (OPEB)

The total OPEB liability and OPEB expense (See Note 5), have been determined using the flow of economic resources measurement focus and full accrual basis of accounting. In the governmental fund financial statements contributions are recognized as expenditures when due.

Equity Classifications

In the government-wide statements, equity is classified as net position and displayed in three components:

- a. Net investment in capital assets consists of net capital assets reduced by outstanding balances of any related debt obligations and deferred inflows of resources attributable to the acquisition, construction, or improvement of those assets and increased by balances of deferred outflows of resources related to those assets.
- b. Restricted net position consists of net position with constraints placed on the use either by external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or law through constitutional provisions or enabling legislation. Restricted net position is reduced by liabilities and deferred inflows of resources related to the restricted assets. It is the Tax Commission's policy to use restricted net position prior to the use of unrestricted net position when both restricted and unrestricted net position are available for an expense which has been incurred.
- c. Unrestricted net position consists of all other net position that does not meet the definition of "restricted" or "net investment in capital assets."

In the fund financial statements, governmental fund equity is classified as fund balance. Fund balance is further classified as follows:

- a. Nonspendable – amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

EVANGELINE PARISH SALES AND USE TAX COMMISSION
Ville Platte, Louisiana

Notes to the Basic Financial Statements (Continued)

- b. Restricted – amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.
- c. Committed – amounts that can be used only for specific purposes determined by a formal decision of the Tax Commission, which is the highest level of decision-making authority for the Evangeline Parish Sales and Use Tax Commission.
- d. Assigned – amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. Under the Tax Commission’s adopted policy, only the Commission may assign amounts for specified purposes.
- e. Unassigned – all other spendable amounts.

It is the Tax Commission’s policy to use restricted amounts first when both restricted and unrestricted fund balance is available unless prohibited by legal or contractual provisions. Additionally, the Tax Commission uses committed, assigned, and lastly unassigned amounts of fund balance in that order when expenditures are made.

E. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities, and deferred inflows of resources and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

(2) Cash and Interest-Bearing Deposits

Under state law, the Tax Commission may deposit funds within a fiscal agent bank organized under the laws of the State of Louisiana, the laws of any other state in the union, or the laws of the United States. The Tax Commission may invest in certificates and time deposits of state banks organized under Louisiana law and national banks having principal offices in Louisiana. At June 30, 2022, the Tax Commission has cash and interest bearing deposits (book balances) as follows:

EVANGELINE PARISH SALES AND USE TAX COMMISSION
Ville Platte, Louisiana

Notes to the Basic Financial Statements (Continued)

	Governmental Activities	Fiduciary Fund	Total
Demand deposits	\$ 212,627	\$ 217,087	\$ 429,714
Time and savings deposits	102,032	-	102,032
Total	\$ 314,659	\$ 217,087	\$ 531,746

Custodial credit risk for deposits is the risk that in the event of the failure of a depository financial institution, the Tax Commission's deposits may not be recovered or the collateral securities that are in the possession of an outside party will not be recovered. These deposits are stated at cost, which approximates market. Under state law these deposits (or the resulting bank balances) must be secured by federal deposit insurance or similar federal security, or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent bank. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. As of June 30, 2022, bank balances were secured as follows:

Bank balances	\$ 2,395,767
Federal deposit insurance	\$ 448,154
Pledged securities	1,947,613
Total	\$ 2,395,767

Deposits in the amount of \$1,947,613 were exposed to custodial credit risk. These deposits are uninsured and collateralized with securities held by the pledging institution trust department or agent, but not in the Tax Commission's name. The Tax Commission does not have a policy for custodial credit risk.

(3) Capital Assets

Capital asset activity for the year ended June 30, 2022 follows:

	Beginning Balance	Additions	Deletions	Ending Balance
Furniture and equipment	\$ 50,499	\$ -	\$ 4,900	\$ 45,599
Building and improvements	30,086	-	-	30,086
Totals	80,585	-	4,900	75,685
Less: Accumulated depreciation	57,101	7,900	4,900	60,101
Net capital assets	\$ 23,484	\$ (7,900)	\$ -	\$ 15,584

Depreciation expense of \$7,900 was charged to the general government function.

Notes to the Basic Financial Statements (Continued)

(4) Pension Plan

Employees of the Evangeline Parish Sales and Use Tax Commission may participate in a "SIMPLE" retirement plan in accordance with Internal Revenue Code Section 401(K)11 and 408 (P). Under this plan, which is treated as an IRA for most purposes, the employer makes payments as a contribution (not exceeding 3% of employee's compensation) to the Simple account. Elective contributions are limited to \$14,000 for any calendar year. The Tax Commission's contribution during the year ended June 30, 2022 amounted to \$4,510.

(5) Other Postemployment Benefits (OPEB)

General Information about the OPEB Plan

Plan description: Employees who retire from the Tax Commission are eligible to continue health care and life insurance coverage upon retirement. The plan provides OPEB for permanent full-time employees of the Tax Commission. The plan is a fully insured, multiple-employer plan provided through and administered by the Louisiana Office of Group Benefits (OGB). The contribution requirements of plan members and the Commission are established and may be amended by LRS 42:801-883. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75 to pay related benefits.

Benefits provided: The Tax Commission provides medical and life insurance benefits for retirees. The monthly premiums for the benefits are paid jointly by the employee and employer. The percentage of the premium paid by the Tax Commission varies depending on choice of coverage. The Tax Commission recognizes the cost of providing these benefits as an expenditure when the monthly premiums are due. The benefits are financed on a pay-as-you-go basis.

Employees covered by benefit terms: There were two active employees and one retired employee covered by the plan.

Total OPEB Liability

The Tax Commission's total OPEB liability of \$59,502 was measured as of June 30, 2022 using the alternative measurement method in place of an actuarial valuation.

Actuarial assumptions and other inputs: The total OPEB liability in the June 30, 2022 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Members of the Board of Commissioners
Evangeline Parish Sales and Use Tax Commission
Ville Platte, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the major fund, and the aggregate remaining fund information of the Evangeline Parish Sales and Use Tax Commission (Tax Commission) as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Tax Commission's basic financial statements, and have issued our report thereon dated August 10, 2022.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Tax Commission's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Tax Commission's internal control. Accordingly, we do not express an opinion on the effectiveness of the Tax Commission's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Tax Commission's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However, under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.
