## **INDEPENDENT AUDITORS' REPORT**

Lafitte Area Independent Levee District  
State of Louisiana  
Lafitte, Louisiana

### **Opinions**

We have audited the accompanying financial statements of the governmental activities and the general fund of the Lafitte Area Independent Levee District (“District”), a component unit of the State of Louisiana, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the District’s basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the general fund of the District, as of June 30, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the *Louisiana Governmental Audit Guide*, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Lafitte Area Independent Levee District  
State of Louisiana

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

Lafitte Area Independent Levee District  
State of Louisiana

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, the Schedule of the District's Proportionate Share of the Net Pension Liability and the Schedule of the District's Contributions as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### **Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The Annual Fiscal Report (AFR) is presented for purposes of additional analysis and is not a required part of the basic financial statements but is supplementary information required by Louisiana's Office of Statewide Reporting and Accounting Policy. The Annual Fiscal Report (AFR) is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing procedures generally accepted in the United States of America. In our opinion, the other information is fairly stated in all material respects in relation to the basic financial statements as a whole.

**Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated October 24, 2022, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

**LAFITTE AREA INDEPENDENT LEVEE DISTRICT**  
STATE OF LOUISIANA  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED JUNE 30, 2022

The purpose of this section is to offer Management's Discussion and Analysis of the Lafitte Area Independent Levee District's (the District) financial performance during the year ended June 30, 2022. It should be read in conjunction with the financial report taken as a whole.

**FINANCIAL HIGHLIGHTS**

The District received contributions for flood protection totaling over \$17 million.

The District's net pension liability at June 30, 2022, totaled \$249,991, representing an decrease of \$226,040 from the fiscal year ended June 30, 2021.

In August 2021, Hurricane Ida swept through the area and caused widespread, and in some cases catastrophic damage. The District incurred current year costs of \$14,069,183 related to hurricane preparation, emergency response measures, and debris removal. Jefferson Parish and the State of Louisiana (via the CPRA) reimbursed the District for some of these costs. Reimbursements of \$11,344,689 were received from Jefferson Parish and \$1,910,734 was received from the CPRA. In addition, claims totaling \$3,407,133 are in the process of being filed with FEMA to recoup unreimbursed and uninsured costs. The Town and the District are diligently working towards recovering from this devastating storm.

**OVERVIEW OF THE FINANCIAL STATEMENTS**

These financial statements are comprised of three components: management's discussion and analysis (this section), the basic financial statements, and required supplementary information.

The basic financial statements comprise three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements. This report also contains additional information to supplement the basic financial statements, such as required supplementary information.

**Government-wide Financial Statements**

The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to private-sector business. The Statement of Net Position presents information on all of the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources. The difference between total assets and deferred outflows of resources and liabilities and deferred inflows of resources is net position and may serve as a useful indicator of whether the District's financial position is improving or deteriorating.

The Statement of Activities presents information showing how the District's assets changed during the most recent fiscal year. Regardless of when cash is affected, all changes in net position are reported when the underlying transactions occur. As a result, transactions are included that will not affect cash until future periods.

**LAFITTE AREA INDEPENDENT LEVEE DISTRICT**  
STATE OF LOUISIANA  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED JUNE 30, 2022

**Fund Financial Statements**

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District uses a single fund to ensure and demonstrate compliance with finance related laws and regulations. Within the basic financial statements, fund financial statements focus on the District's only fund, the general fund.

The District uses only one fund type, a governmental fund. The governmental fund is used to account for essentially the same functions reported as governmental activities in the government wide financial statements. However, unlike government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the District's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. Both the governmental fund balance sheet and the statement of governmental fund revenues, expenditures, and changes in fund balance provide a reconciliation to facilitate this comparison between the governmental fund and governmental activities.

**Notes to the Financial Statements**

The notes provide additional information that is essential to a full understanding of the information provided in the government-wide and fund financial statements.

**Other Information**

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the District's proportionate share of the net pension liability and the District's pension contributions.

**FINANCIAL ANALYSIS OF GOVERNMENT-WIDE ACTIVITIES**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the District, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$53,128,805 at June 30, 2022. Included in the District's net position is its investment in capital assets, which consists primarily of levee infrastructure and construction in progress reduced by liabilities payable for levee construction. These assets are not available for future spending.

The District's assets increased by \$3,951,680 primarily from additional funds received for levee construction. Total liabilities increased by \$973,468 primarily from an increase in payables due for levee construction.

**LAFITTE AREA INDEPENDENT LEVEE DISTRICT**  
**STATE OF LOUISIANA**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
**FOR THE YEAR ENDED JUNE 30, 2022**

Program revenues increased by \$16,097,044 primarily due to increased grants and contributions for levee construction. Expenses increased by \$12,835,093 primarily from increases in hurricane related expenditures.

A summary of the District's net position is as follows:

**STATE OF LOUISIANA**  
**MANAGEMENT’S DISCUSSION AND ANALYSIS**  
**FOR THE YEAR ENDED JUNE 30, 2022**

**CAPITAL ASSETS AND DEBT ADMINISTRATION**

**Capital Assets**

The District’s capital assets, net of accumulated depreciation at June 30, 2022, totaled \$54,069,994. Additions during the year included \$5,445,492 for levee construction.

Capital assets net of accumulated depreciation at June 30, 2022 and 2021, are summarized as follows:

	<u>2022</u>	<u>2021</u>
Land	\$ 534,887	\$ 534,887
Construction/development in progress	45,020,731	39,575,239
Infrastructure-levee/drainage system	8,471,552	8,704,486
Machinery and equipment	15,131	19,023
Office furniture and equipment	421	841
Vehicle	27,272	42,371
Total	<u>\$ 54,069,994</u>	<u>\$ 48,876,847</u>

**Debt Administration**

The District has no long-term debt.

**ECONOMIC FACTORS AND NEXT YEAR’S BUDGET**

The District’s appointed officials considered the following factors and indicators when setting next year’s budget, rates, and fees:

- Millage rates for ad valorem taxes
- Projects in progress and under construction
- Intergovernmental agreements

**CONTACTING THE LAFITTE AREA INDEPENDENT LEVEE DISTRICT’S FINANCIAL MANAGEMENT**

This financial report is designed to provide a general overview of the District’s finances, comply with finance-related laws and regulations, and demonstrate the District’s commitment to public accountability. Any questions or requests for additional information can be obtained by contacting Nicole Cooper at 504-689-2208.

End of the year	<u>\$ (593,379)</u>	<u>\$ 53,722,184</u>	<u>\$ 53,128,805</u>

\* Explanations

- A-Expenses of long-term obligations for pension liabilities reported in the Statement of Activities do not require the use of current financial resources; therefore, they are not reported as expenditures in the General Fund.
- B-Governmental funds report capital outlays as expenditures. In the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. The amount of capital outlays not meeting the capitalization threshold is reported as an expense (i.e., supplies).

**See accompanying NOTES TO FINANCIAL STATEMENTS**

**LAFITTE AREA INDEPENDENT LEVEE DISTRICT**  
STATE OF LOUISIANA  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2022

**NATURE OF OPERATIONS**

The Lafitte Area Independent Levee District (“the District”), a component unit of the state of Louisiana, was created under the provisions of Louisiana Revised Statute (R.S.) 38:291.Y. The District is domiciled in the Town of Jean Lafitte, Louisiana, and provides flood protection through the construction/maintenance of levees and drainage for those areas contained within its boundaries – Crown Point, Jean Lafitte, and unincorporated areas of Lafitte and Barataria. The District is managed by a board of commissioners composed of five members who are appointed by the governor of the state of Louisiana.

Commissioners, as authorized by R.S 38:308 receive a per diem to attend meetings or conduct board-approved business not to exceed \$75 per day up to 36 days per year.

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**A. BASIS OF PRESENTATION**

The Governmental Accounting Standards Board (“GASB”) promulgates accounting principles generally accepted in the United States of America and reporting standards for state and local governments. These principles are found in the *Codification of Governmental Accounting and Financial Reporting Standards* published by GASB. The accompanying financial statements have been prepared in accordance with such principles.

**B. REPORTING ENTITY**

GASB Codification Section 2100 has defined the governmental reporting entity to be the state of Louisiana. The District is considered a discrete component unit of the State of Louisiana because the state exercises oversight responsibility in that the governor appoints the board members and can impose his will on the District. The accompanying financial statements present only the activity of the District. Annually, the State of Louisiana issues basic financial statements that include the activity contained in the accompanying financial statements. The State of Louisiana financial statements are audited by the Louisiana Legislative Auditor.

**C. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS**

The District’s basic financial statements consist of the government-wide statements on all activities of the District and the governmental fund financial statements (individual major fund). The government-wide and fund financial statements categorize primary activities as either governmental or business-type. The District’s general fund is classified as governmental activities.

**LAFITTE AREA INDEPENDENT LEVEE DISTRICT**  
STATE OF LOUISIANA  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2022

**C. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (continued)**

The Governmental Fund Balance Sheet/Statement of Net Position is presented on a consolidated basis; however, the General fund includes only current financial resources available to pay for current-period expenditures and liabilities payable in the current period. Noncurrent resources and liabilities (e.g., capital assets, net pension obligations) are not reported in the general fund.

The Statement of Governmental Fund Revenues, Expenditures, and Changes in Fund Balance/Statement of Activities are presented on a consolidated basis. Expenses of long term obligations do not require the use of current financial resources and are not reported as expenditures in the general fund. In addition, the cost of capital outlays is allocated over their estimated useful lives as depreciation expense. The amount of capital outlays not meeting the capitalization threshold is reported as an expense (i.e., supplies). Policies specific to the government-wide statements are as follows:

*Capitalizing Assets*

Tangible and/or intangible assets used in operations with an initial useful life that extends beyond two years and exceed \$1,000 in cost are capitalized. Infrastructure assets such as levees, roads, and bridges are also capitalized along with interest on debt incurred during construction. Capital assets are recorded at their historical cost and are depreciated using the straight-line method of depreciation over their estimated useful lives. They are reported net of accumulated depreciation on the Statement of Net Position.

*Program Revenues*

The Statement of Activities presents two categories of program revenues: operating grants and contributions and capital grants and contributions. Grants and contributions, whether operating or capital in nature, are revenues arising from receipts that are reserved for a specific use.

*Indirect Expenses*

Expenses are reported according to function except for those that meet the definition of special or extraordinary items. Direct expenses are specifically associated with a service or program. Indirect expenses include general government or administration that cannot be specifically traced to a service or program. Governments are not required to allocate indirect expenses to other functions, and the District has chosen not to do so.

**LAFITTE AREA INDEPENDENT LEVEE DISTRICT**  
**STATE OF LOUISIANA**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2022**

**D. FUND ACCOUNTING**

The District uses its general fund to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions relating to certain government functions or activities. A fund is a separate entity with a self-balancing set of accounts. Funds of the District are classified under one category, governmental. Governmental funds account for all of the District's general activities, including the collection and disbursement of specific or legally reserved monies, the acquisition or construction of general fixed assets, and the servicing of general long-term obligations. Governmental funds include the general fund, which accounts for all activities not required to be reported in another fund.

**E. BASIS OF ACCOUNTING**

The accompanying government-wide statements are reported using an economic resources measurement focus and the accrual basis of accounting. With this measurement focus, all assets and liabilities associated with the operation of governmental and business-type activities are included in the Statement of Net Position. Revenues are recognized when earned, and expenses are recognized at the time the liabilities are incurred in the Statement of Activities. In these statements, capital assets are reported and depreciated, and long-term obligations are reported.

The fund statements are reported using a current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. Operating statements present increases and decreases in net current assets. Expenditures for capital assets are reported as current expenses and such assets are not depreciated. Principal and interest paid on long-term debt is reported as current expenses; however, the District has no long-term debt.

**F. BUDGETS AND BUDGETARY ACCOUNTING**

Formal budgetary accounting is employed as a management control. The District prepares and adopts a budget prior to July 1 of each year for its general fund. The operating budget is prepared based on the prior year's revenues and expenditures and the estimated increase therein for the current year, using the full accrual basis of accounting. The District amends its budget when projected revenues are expected to be less than budgeted revenues by 5% or more and/or projected expenditures are expected to be more than budgeted amounts by 5% or more.

**LAFITTE AREA INDEPENDENT LEVEE DISTRICT**  
STATE OF LOUISIANA  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2022

**G. CASH AND INVESTMENTS**

Cash includes amounts in interest-bearing demand deposits. Cash equivalents include amounts in time deposits and those investments with original maturities of 90 days or less. Under state law, the District may deposit funds in demand deposits, interest-bearing demand deposits, money market accounts, or time deposits with state banks organized under the laws of the state of Louisiana, the laws of any other state in the Union, or the laws of the United States. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or similar federal security or the pledge of securities owned by the fiscal agent bank. The fair market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. Currently, the District has no investments with maturities less than 90 days.

Investments are limited by R.S. 33:2955. If the original maturities of investments exceed 90 days, they are classified as investments. Otherwise, the investments are classified as cash and cash equivalents. In addition, the District may invest in certificates of deposit of state banks organized under Louisiana law and national banks having their principal offices in Louisiana. In accordance with GASB Statement No. 31, investments are recorded at fair value, based on quoted market prices, with the corresponding increase or decrease reported in investment earnings. Currently, the District has no investments.

**H. CAPITAL ASSETS**

The District's assets are recorded at historical cost or estimated historical cost if actual is not available. Donated fixed assets are recorded at their estimated fair value on the date of donation. The District's policy is to capitalize assets with an original cost of \$1,000 or more. Depreciation is recorded using the straight-line method over the useful lives of the assets as follows:

	<u>Years</u>
Buildings/improvements	10 - 20
Infrastructure	20 - 50
Machinery/equipment	3 - 10
Furniture/office equipment/vehicles	3 - 10

**I. COMPENSATED ABSENCES AND POSTRETIREMENT HEALTH CARE BENEFITS**

The District does not provide compensated absence or postretirement health care benefits.

**LAFITTE AREA INDEPENDENT LEVEE DISTRICT**  
STATE OF LOUISIANA  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2022

**J. NONCURRENT LIABILITIES**

Noncurrent liabilities consist of amounts for the District's proportionate share of the Louisiana State Employees' Retirement System ("LASERS") actuarially accrued net pension liability. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of LASERS, and additions to/deductions from the LASERS fiduciary net position have been determined on the same basis as they are reported by LASERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**K. FUND BALANCE**

The District reports unassigned and committed fund balance. Unassigned fund balance represents amounts that have not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund. Committed fund balance represents amounts that can be used only for specific purposes determined by a formal decision of the District's board of commissioners. When expenditure is incurred for which committed or unassigned fund balance is available the District considers amounts to have been spent first out of unassigned then committed.

**L. NET POSITION**

Net position comprises the various net earnings from revenues and expenses. Net position is classified in the following components:

- (a) *Net investment in capital assets* consists of the District's total investment in capital assets, net of accumulated depreciation, and reduced by outstanding debt obligations related to acquisition, construction, or improvement of these capital assets.
- (b) *Unrestricted* consists of the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets. Unrestricted net position is used for transactions relating to the general operations of the District and may be used at its discretion to meet current expenses and for any purpose.

**M. PROPERTY TAXES**

Article 6, Section 39 of the Louisiana Constitution of 1974 provides that for the purpose of constructing and maintaining levees, levee drainage, flood protection, hurricane flood protection, and all other purposes incidental thereto, the District may levy annually a tax. Ad valorem taxes attach as an enforceable lien on property as of January 1 of each year. They are levied in November, billed in December, and become delinquent on January 1 of the following year.

**LAFITTE AREA INDEPENDENT LEVEE DISTRICT**  
**STATE OF LOUISIANA**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2022**

**N. USE OF ESTIMATES**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**O. DATE OF MANAGEMENT’S REVIEW**

Management has evaluated subsequent events through October 24, 2022, the date the financial statements were available to be issued.

**2. CASH**

At June 30, 2022, the District has cash (book balances) of \$236,616 in demand deposits. Custodial credit risk is the risk that, in the event of a bank failure, the District’s deposits may not be returned to it. Under state law, the District’s deposits (or the resulting bank balances) must be secured by federal deposit insurance or similar federal security or the pledge of securities owned by the fiscal agent bank. The fair market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the District or the pledging bank by a holding or custodial bank that is mutually acceptable to both parties. At June 30, 2022, the District had collected bank balances totaling \$305,705 which was completely collateralized by federal deposit insurance and pledged securities.

**3. CAPITAL ASSETS**

Capital asset activity for the year ended June 30, 2022, was as follows:

	Balance at June 30, 2021	Additions	Deletions	Balance at June 30, 2022
Capital assets not being depreciated:				
Land	\$ 534,887	\$ -	\$ -	\$ 534,887
Construction in progress	39,575,239	5,445,492	-	45,020,731
Total capital assets not being depreciated	<u>40,110,126</u>	<u>5,445,492</u>	<u>-</u>	<u>45,555,618</u>
Capital assets being depreciated:				
Infrastructure	11,646,798	-	-	11,646,798
Furniture/office equipment/vehicle	77,599	-	-	77,599
Machinery and equipment	94,149	-	-	94,149
Total capital assets being depreciated	<u>11,818,546</u>	<u>-</u>	<u>-</u>	<u>11,818,546</u>
Less accumulated depreciation:				
Infrastructure	(2,942,312)	(232,934)	-	(3,175,246)
Furniture/office equipment/vehicle	(34,387)	(15,519)	-	(49,906)
Machinery and equipment	(75,126)	(3,892)	-	(79,018)
Total accumulated depreciation	<u>(3,051,825)</u>	<u>(252,345)</u>	<u>-</u>	<u>(3,304,170)</u>
Capital assets net	<u>\$ 48,876,847</u>	<u>\$ 5,193,147</u>	<u>\$ -</u>	<u>\$ 54,069,994</u>

**LAFITTE AREA INDEPENDENT LEVEE DISTRICT**  
**STATE OF LOUISIANA**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2022**

**4. PENSIONS**

The District is a participating employer in a statewide, public employee retirement system, the Louisiana State Employees' Retirement System (LASERS). LASERS has a separate board of trustees and administers a cost-sharing, multiple-employer defined benefit pension plan, including classes of employees with different benefits and contribution rates (sub-plans). Article X, Section 29(F) of the Louisiana Constitution of 1974 assigns the authority to establish and amend benefit provisions of all sub-plans administered by LASERS to the state Legislature. LASERS issues a public report that includes financial statements and required supplementary information. A copy of the report may be obtained at [www.lasersonline.org](http://www.lasersonline.org). At June 30, 2022, the District had two active employees and no retirees as members in LASERS.

**General Information about the Pension Plan**

***Plan Descriptions/Benefits Provided:***

LASERS administers a plan to provide retirement, disability, and survivor benefits to eligible state employees and their beneficiaries as defined in R.S. 11:411-414. The age and years of creditable service (service) required in order for a member to receive retirement benefits are established by R.S. 11:441 and vary depending on the member's hire date, employer, and job classification. Act 992 of the 2010 Regular Legislative Session of the Louisiana Legislature closed existing sub-plans for members hired before January 1, 2011, and created new sub-plans for regular members, hazardous duty members, and judges.

The substantial majority of members may retire with full benefits at any age upon completing 30 years of service and at age 60 upon completing 5-10 years of service. Additionally, members may choose to retire with 20 years of service at any age, with an actuarially-reduced benefit. Eligibility for retirement benefits and the computation of retirement benefits are provided for in R.S. 11:444. The basic annual retirement benefit for members is equal to a percentage (between 2.5% and 3.5%) of average compensation multiplied by the number of years of service, generally not to exceed 100% of average compensation. Average compensation is defined as the member's average annual earned compensation for the highest 36 consecutive months of employment for members employed prior to July 1, 2006, or highest 60 consecutive months of employment for members employed after that date. A member leaving service before attaining minimum retirement but after completing certain minimum service requirements, generally 10 years, becomes eligible for a benefit provided the member lives to the minimum service retirement age and does not withdraw the accumulated contributions.

Eligibility requirements and benefit computations for disability benefits are provided for in R.S. 11:461. All members with 10 or more years of service or members aged 60 or older regardless of date of hire who become disabled may receive a maximum disability benefit equivalent to the regular retirement formula without reduction by reason of age.

**LAFITTE AREA INDEPENDENT LEVEE DISTRICT**  
STATE OF LOUISIANA  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2022

**4. PENSIONS (continued)**

Survivor benefits are provided for in R.S. 11:471-478. Under these statutes, the deceased member who was in state service at the time of death must have a minimum of five years of service, at least two of which were earned immediately prior to death, or who had a minimum of 20 years of service regardless of when earned in order for a benefit to be paid to a minor or handicapped child. Benefits are payable to an unmarried child until age 18 or age 23 if the child remains a full-time student. The minimum service requirement is 10 years for a surviving spouse with no minor children, and benefits are to be paid for life to the spouse or qualified handicapped child.

LASERS has established a Deferred Retirement Option Plan (DROP). When members enter DROP, their status changes from active member to retiree even though they continue to work and draw their salaries for a period up to three years. The election is irrevocable once participation begins. During participation, benefits otherwise payable are fixed and deposited in an individual DROP account. Upon leaving DROP, members must choose among available alternatives for the distribution of benefits that have accumulated in their DROP accounts.

***Cost of Living Adjustments***

As fully described in Title 11 of the Louisiana Revised Statutes, LASERS allows for the payment of cost of living adjustments, or COLAs, that are funded through investment earnings when recommended by the board of trustees and approved by the Louisiana Legislature. These ad hoc COLAs are not considered to be substantively automatic.

***Contributions***

Article X, Section 29(E) (2) (a) of the Louisiana Constitution of 1974 assigns the legislature the authority to determine employee contributions. Employer contributions are actuarially determined using statutorily-established methods on an annual basis and are constitutionally required to cover the employer's portion of the normal cost and provide for the amortization of the unfunded accrued liability. Employer contributions are adopted by the legislature annually upon recommendation of the Public Retirement Systems' Actuarial Committee. Employer contributions to LASERS for fiscal year 2022 were \$52,015, with active members contributing 8%, and the District (employer) contributing 39.5%.

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

At June 30, 2022, the District reported a liability of \$249,991 for its proportionate share of the LASERS Net Pension Liability (NPL). The NPL for LASERS was measured as of June 30, 2021, and the total pension liability used to calculate the NPL was determined based on an actuarial valuation as of that date.

**LAFITTE AREA INDEPENDENT LEVEE DISTRICT**  
**STATE OF LOUISIANA**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2022**

**4. PENSIONS (continued)**

The District's proportion of the NPL was based on projections of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. As of June 30, 2021, the most recent measurement date, the District's proportion was 0.00454%, representing a decrease in the proportion from the prior measurement date of 0.00004%. For the year ended June 30, 2022, the District recognized a total pension benefit of \$79,807. The District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 247	\$ -
Changes in assumptions	6,123	-
Net difference between projected and actual earnings on pension plan investments	-	58,299
Changes in proportion and differences between employer contributions and proportionate share of contributions	-	97,905
Employer contributions subsequent to measurement date	52,015	-
Total	<u>\$ 58,385</u>	<u>\$ 156,204</u>

Deferred outflows of resources related to pensions resulting from the District's contributions subsequent to the measurement date will be recognized as a reduction of the LASERS NPL in the year ended June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Fiscal Year Ending</u>	<u>Amount</u>
June 30, 2023	\$ (100,534)
June 30, 2024	\$ (10,102)
June 30, 2025	\$ (13,245)
June 30, 2026	\$ (25,953)

**LAFITTE AREA INDEPENDENT LEVEE DISTRICT**  
**STATE OF LOUISIANA**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2022**

**4. PENSIONS (continued)**

*Actuarial Assumptions*

The total pension liability for LASERS in the June 30, 2021 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurements:

Valuation Date	June 30, 2021
Actuarial Cost Method	Entry Age Normal
Expected Remaining Service Lives	2 years
Investment Rate of Return	7.40% per annum, net of investment expenses
Inflation Rate	2.30% per annum
Mortality - Non-disabled	RP-2014, improvement to 2018
Mortality - Disabled	RP-2000
Termination, Disability, Retirement	2014-2018 experience study
Salary Increases	2014-2018 experience study, ranging from 2.6% to 13.8%
Cost of Living Adjustments	Not substantively automatic

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.3% and an adjustment for the effect of rebalancing/diversification. The resulting expected long-term rate of return is 7.61% for 2021. Best estimates of geometric real rates of return for each major asset class included in the System's target asset allocation as of June 30, 2021 are summarized in the following table.

	<u>Geometric Real Rates of Return</u>
LASERS	
Cash	-0.29%
Domestic equity	4.09%
International equity	5.12%
Domestic fixed income	0.49%
International fixed income	3.94%
Alternative investments	6.93%
Total Fund	<u>5.81%</u>

**LAFITTE AREA INDEPENDENT LEVEE DISTRICT**  
**STATE OF LOUISIANA**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2022**

**4. PENSIONS (continued)**

*Discount Rate*

The discount rate used to measure the total pension liability was 7.40%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that employer contributions from participating employers will be made at contractually required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

*Sensitivity of the proportionate share of the NPL to changes in the discount rate*

The following presents the District's proportionate share of the NPL using the current discount rate as well as what the District's proportionate share of the NPL would be if it were calculated using a discount rate that is one percentage-point lower or one percentage-point higher than the current rate:

	<u>1.0% Decrease</u>	<u>Current Discount Rate</u>	<u>1.0% Increase</u>
LASERS \$	<u>338,718</u>	<u>249,991</u>	<u>174,494</u>

*Pension plan fiduciary net position*

Detailed information about LASERS fiduciary net position is available in the separately-issued financial reports referenced previously.

At June 30, 2022, the District owed LASERS \$29,283 for employee and employer legally-required contributions.

**5. LONG-TERM LIABILITIES**

The following is a summary of long-term debt transactions of the District for the year ended June 30, 2022:

	<u>Balance at June 30, 2021</u>	<u>Deletions</u>	<u>Balance at June 30, 2022</u>	<u>Amounts Due Within One Year</u>
Pension liabilities (note 4) \$	<u>378,548</u>	<u>(128,557)</u>	<u>249,991</u>	<u>-</u>

**LAFITTE AREA INDEPENDENT LEVEE DISTRICT**  
**STATE OF LOUISIANA**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2022**

**6. CLAIMS AND LITIGATION**

The District is exposed to various risks of losses related to general liability: theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. At June 30, 2022, the District was not involved in any threatened or ongoing litigation.

In August 2021, Hurricane Ida swept through the area and caused widespread, and in some cases catastrophic damage. The District incurred current year costs of \$14,069,183 related to hurricane preparation, emergency response measures, and debris removal. Jefferson Parish and the State of Louisiana (via the CPRA) reimbursed the District for some of these costs. Reimbursements of \$11,344,689 were received from Jefferson Parish and \$1,910,734 was received from the CPRA. In addition, claims totaling \$3,407,133 are in the process of being filed with FEMA to recoup unreimbursed and uninsured costs for debris removal, emergency responses, damage to levee structures, and administrative costs. These claims are expected to be obligated in the near future and reimbursed at either 100% or 90%, depending on the category of the claim. All costs filed are expected to be eligible. The Town and the District are diligently working towards recovering from this devastating storm.

**7. RISK MANAGEMENT**

The District is exposed to various risks of loss resulting from personal injury; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. To protect against these risks of loss, the District purchases various types of insurance from commercial carriers. Under these policies, general liability coverage is provided for up to a maximum of \$1,000,000 per occurrence (\$2,000,000 in the aggregate) and worker's compensation is provided at the statutory limits of \$100,000/500,000/100,000. In each policy, the District is responsible for the applicable deductible.

**Notes to Required Supplementary Information**

Changes of Benefit Terms include:

- A. A 1.5% COLA, effective July 1, 2014, provided by Act 102 of the 2014 Louisiana Regular Legislative Session, and
- B. Improved benefits for certain members employed by the Office of Adult Probation and Parole within the Department of Public Safety and Corrections as established by Act 852 of 2014.
- C. A 1.5% COLA, effective July 1, 2016, provided by Acts 93 and 512 of the 2016 Louisiana Regular Legislative Session
- D. Added benefits for members of the Harbor Police Retirement System which was merged with LASERS effective July 1, 2015 by Act 648 of 2014.

Changes of assumptions include:

- A. For the valuation year ended June 30, 2018, the investment rate of return was decreased from 7.70% to 7.65%. The inflation rate was also decreased from 2.75% to 2.5%.
- B. For the valuation year ended June 30, 2019, the investment rate of return was decreased from 7.65% to 7.60%.
- C. For the valuation year ended June 30, 2020, the investment rate of return was decreased from 7.60% to 7.55%.
- D. For the valuation year ended June 30, 2021, the investment rate of return was decreased from 7.55% to 7.40%.

**Other Postemployment Benefits (OPEB)**

If your agency has active or retired employees who are members of the Office of Group Benefits (OGB) Health Plan, please provide the following information: (Note: OGB has a 6/30/2021 measurement date for their OPEB valuation)

Benefit payments made subsequent to the measurement date of the **OGB** Actuarial Valuation Report until the employer's fiscal year end. (Benefit payments are defined as the employer payments for retirees' health and life insurance premiums). For agencies with a 6/30 year end this covers the current fiscal year being reported. For calendar year end agencies, it covers the period 7/1 to 12/31 for the current year being reported. 0.00

Covered Employee Payroll for the **PRIOR** fiscal year (not including related benefits) 0.00

**For calendar year-end agencies only:** Benefit payments or employer payments for retirees' health and life insurance premiums made for the next year's valuation reporting period (7/1/2021 - 6/30/2022). This information will be provided to the actuary for the valuation report early next year. 0.00

For agencies that have employees that participate in the **LSU Health Plan**, provide the following information: (Note: The LSU Health Plan has a measurement date of 6/30/2022 for their OPEB valuation report.)

Covered Employee Payroll for the **CURRENT** fiscal year (not including related benefits) 0.00

**SUBMISSION**

Before submitting, ensure that all data (statements, notes, schedules) have been entered for the agency.

Once submitted no changes can be made to any of the agency data for the specified year.

By clicking 'Submit' below you certify that the financial statements herewith given present fairly the financial position and the results of operations for the year ended in accordance with policies and practices established by the Division of Administration or in accordance with Generally Accepted Accounting Principles as prescribed by the Governmental Accounting Standards Board.

Reminder: You must send Louisiana Legislative Auditors an electronic copy of the AFR report in a pdf, tiff, or some other electronic format to the following e-mail address:  
[LLAFileroom@lla.la.gov](mailto:LLAFileroom@lla.la.gov).

**OTHER REPORTS REQUIRED BY  
*GOVERNMENT AUDITING STANDARDS***

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED  
ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE  
WITH *GOVERNMENT AUDITING STANDARDS***

Lafitte Area Independent Levee District  
State of Louisiana  
Lafitte, Louisiana

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and general fund of the Lafitte Area Independent Levee District (District), a component unit of the state of Louisiana, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated October 24, 2022.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Lafitte Area Independent Levee District  
State of Louisiana

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. Under R.S. 24:513, this report is distributed by the Legislative Auditor as a public document.
