## INDEPENDENT AUDITOR'S REPORT

\* A Professional Accounting Corporation

The Board of Commissioners  
East Allen Parish Waterworks District  
Oberlin, Louisiana

### Report on the Audit of the Financial Statements

#### *Opinions*

We have audited the accompanying financial statements of the business-type activities of the East Allen Parish Waterworks District (the District), a component unit of the Allen Parish Police Jury, as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the District as of December 31, 2022, and the respective changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### *Basis for Opinions*

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

The District has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated May 25, 2002, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

EAST ALLEN PARISH WATERWORKS DISTRICT  
Oberlin, Louisiana

Notes to Basic Financial Statements

(1) Summary of Significant Accounting Policies

The financial statements of East Allen Parish Waterworks District (the “District”) have been prepared in conformity with generally accepted accounting principles (GAAP). GAAP includes all relevant Governmental Accounting Standards Board (GASB) pronouncements. The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The more significant of the District’s accounting policies are described below.

A. Financial Reporting Entity

The East Allen Parish Waterworks District, which is a component unit of the Allen Parish Police Jury, was created under the provisions of Louisiana Revised Statutes 33:3811, for the purpose of providing water to the rural areas of east Allen Parish. The District is governed by a board of commissioners composed of seven members appointed by the Allen Parish Police Jury.

The financial reporting entity for East Allen Parish Waterworks District consists of the Allen Parish Police Jury (Police Jury), which, as governing authority of the parish, has oversight responsibility over other governmental units (component units) within the parish. Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards (GASB Codification) established criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. Oversight responsibility by the Police Jury is determined on the basis of the following criteria: appointment of governing board, designation of management, ability to significantly influence operations, accountability for fiscal matters, scope of public service. Because the Police Jury created the District and appoints its board of commissioners, the District was determined to be a component unit of the Allen Parish Police Jury, the governing body of the parish and the governmental body with oversight responsibility. The accompanying financial statements present information only on the fund maintained by the District and do not present information on the Police Jury, the general government services provided by that governmental unit, or the other governmental units that comprise the governmental reporting entity.

B. Basis of Presentation

The accompanying basic financial statements of the District have been prepared in accordance with accounting principles generally accepted in the United States of America as applied to governmental entities and as a governmental entity provides certain disclosures required by the Governmental Accounting Standards Board.

EAST ALLEN PARISH WATERWORKS DISTRICT  
Oberlin, Louisiana

Notes to Basic Financial Statements (Continued)

C. Fund Accounting

The accounts of the District are organized and operated on the basis of funds. A fund is an independent fiscal and accounting entity with a separate set of self-balancing accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements.

The District maintains only one fund, and it is described below:

Proprietary Fund –

Enterprise Fund

The Enterprise fund is used to account for operations (a) that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

D. Measurement Focus/Basis of Accounting

Measurement focus is a term used to describe “which” transactions are recorded within the various financial statements. Basis of accounting refers to “when” transactions are recorded regardless of the measurement focus applied.

Measurement Focus

The enterprise fund utilizes an “economic resources” measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets and liabilities (whether current or noncurrent) associated with their activities are reported. Proprietary fund equity is classified as net position.

Basis of Accounting

The proprietary fund statements are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recognized when the liability is incurred, or economic asset used. Revenues, expenses, gains, losses, assets, deferred outflows of resources, liabilities, and deferred inflows of resources resulting from exchange and exchange-like transactions are recognized in accordance with the requirements of GASB Statement No. 33 “Accounting and Financial Reporting for Nonexchange Transactions.”

Notes to Basic Financial Statements (Continued)

E. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Equity

Cash and cash equivalents

For purposes of the statement of net position, cash and cash equivalents include all demand, savings accounts, and certificates of deposit of the District. For the purposes of the statement of cash flows, cash and cash equivalents include all demand and savings accounts, and certificates of deposit or short-term investments with an original maturity of three months or less when purchased.

Receivables

Receivables consist of all revenues earned at year-end and not yet received. Enterprise fund activities report customer's utility service receivables as their major receivables. This receivable is reported net of an allowance for doubtful accounts, if any.

Capital Assets

Capital assets include property, plant, equipment, and infrastructure assets. They are reported at historical cost or estimated cost if historical is not available. Donated assets are recorded as capital assets at their acquisition value at the date of donation. The District maintains a threshold level of \$500 or more for capitalizing capital assets.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets is included as part of the capitalized value of the assets constructed. Depreciation of all exhaustible fixed assets used by the proprietary fund is charged as an expense against its operations. Depreciation has been provided over the estimated useful lives using the straight-line method. The estimated useful lives are as follows:

Utility System and Improvements	25-50 years
Equipment	5 years

Long-term Debt

All long-term debt to be repaid from business-type resources is reported as liabilities. The long-term debt consists of bonds payable.

EAST ALLEN PARISH WATERWORKS DISTRICT  
Oberlin, Louisiana

Notes to Basic Financial Statements (Continued)

Compensated Absences

Vacation leave is earned on a calendar year basis at an amount dependent upon years of service. Accumulated vacation time is payable at termination of employment. Sick leave is earned at the rate of 4 hours each pay period. Sick leave can be accumulated but is not payable at termination of employment. Employees are also allowed to accumulate up to 80 hours of comp time for overtime hours worked. Compensated absence liabilities are computed using the regular pay rates in effect at the statement of net position date plus an additional amount for compensation-related payments such as social security and medicare taxes using rates in effect at that date. All compensated absences liabilities are accrued when incurred. Compensated absences payable at December 31, 2022 totaled \$8,585.

Deferred Outflows of Resources and Deferred Inflows of Resources

In addition to assets, the statement of net position and or balance sheet will sometimes report a separate section for deferred outflows of resources. This separate section represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then. The District has one item that qualifies for reporting in this category, the deferred outflow of resources attributable to organization costs, net of accumulated amortization. The District reported deferred outflows of resources of \$2,639 at December 31, 2022.

In addition to liabilities, the statement of net position and or balance sheet will sometimes report a separate section for deferred inflows of resources. This separate section represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until then. The District has no deferred inflows of resources.

Equity Classifications

Equity is classified as net position and displayed in three components:

- a. Net investment in capital assets consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowing that are attributable to the acquisition, construction, or improvements of those assets.

EAST ALLEN PARISH WATERWORKS DISTRICT  
Oberlin, Louisiana

Notes to Basic Financial Statements (Continued)

- b. Restricted net position consists of net position with constraints placed on the use either by external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or law through constitutional provisions or enabling legislation. It is the District's policy to use restricted net position prior to the use of unrestricted net position when both restricted and unrestricted net position are available for an expense which has been. At December 31, 2022, the District reported \$329,898 of restricted net position, none of which was restricted by enabling legislation.
- c. Unrestricted net position consists of all other assets, deferred outflows or resources, liabilities, and deferred inflows of resources that do not meet the definition of "restricted" or "net investment in capital assets."

F. Revenues and Expenses

Operating Revenues and Expenses

Operating revenues and expenses for proprietary funds generally are those that result from providing services and producing and delivering goods and/or services in connection with a proprietary fund's principle ongoing operations. The principal operating revenues of the District's enterprise fund are charges to customers for sales and services. The District also recognizes as operating revenue the portion of new installation and tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets.

Nonoperating revenues are funds primarily provided by investing activities, such as financial institution interest income, gains on disposal of assets, and insurance recoveries on property loss. Nonoperating expenses are those expenses not directly related to the production of revenue and include items such as interest expense and losses on disposal of assets.

G. Bad Debts

Through the establishment of an allowance account, uncollectible amounts due from customers' utility receivables are recognized as bad debts at the time information becomes available, which would indicate the uncollectibility of the particular receivable. The allowance for uncollectible customer utility receivables at December 31, 2022 was \$19,393.

EAST ALLEN PARISH WATERWORKS DISTRICT  
Oberlin, Louisiana

Notes to Basic Financial Statements (Continued)

H. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and revenues and expenses during the reporting period. Estimates and assumptions are reviewed periodically, and the effects of revisions are reflected in the financial statements in the period they are determined to be necessary. Actual results could differ from those estimates.

(2) Cash and Cash Equivalents

Under state law, the District may deposit funds within a fiscal agent bank organized under the laws of the State of Louisiana, the laws of any other state in the Union, or the laws of the United States. The District may invest in certificates and time deposits of state banks organized under Louisiana law and national banks having principal offices in Louisiana. At December 31, 2022, the District had cash and interest-bearing deposits (book balances) totaling \$717,863 as follows:

Demand deposits	\$ 179,224
Interest-bearing accounts	354,529
Certificates of deposit	<u>184,110</u>
	<u>\$ 717,863</u>

Custodial credit risk for deposits is the risk that in the event of the failure of a depository financial institution, the District's deposits may not be recovered or the collateral securities that are in the possession of an outside party will not be recovered. These deposits are stated at cost, which approximates market. Under state law, these deposits, (or the resulting bank balances) must be secured by federal deposit insurance or similar federal security or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent bank. These securities are held in the name of District or the pledging fiscal agent bank by a holding or custodial bank that is mutually acceptable to both parties. Deposit balances (bank balances) at December 31, 2022 are secured as follows:

Bank balances	<u>\$ 722,997</u>
At December 31, 2022, the deposits are secured as follows:	
Federal deposit insurance	\$ 434,110
Pledged securities	<u>288,887</u>
Total	<u>\$ 722,997</u>

EAST ALLEN PARISH WATERWORKS DISTRICT  
Oberlin, Louisiana

Notes to Basic Financial Statements (Continued)

Deposits in the amount of \$288,887 were exposed to custodial credit risk. These deposits are uninsured and collateralized with securities held by the pledging institution's trust department or agent, but not in the District's name. The District does not have a policy for custodial credit risk.

(6) Flow of Funds; Restrictions on Use - Utility Revenues

Under the terms of the bond indenture on the \$900,000 drinking water revolving loan utility bonds, Series 2010B, all income and revenues (hereinafter referred to as revenue) of every nature, earned or derived from operations of the Water Utility System are pledged and dedicated to the retirement of said bonds and are to be set aside into the following special funds.

Each month there will be set aside into a "Revenue Bond Debt Service Fund" an amount sufficient to accumulate the amount needed to assure the prompt payment of the principal and interest installments as they become due, by transferring from the operating account on or before the 20<sup>th</sup> day of each month of each year, a sum equal to 1/6<sup>th</sup> of the interest and administrative fee, if any, falling due on the Bonds on the next interest payment date and a sum equal to 1/12<sup>th</sup> of the principal falling due on the Bonds on any principal payment date that occurs within the next ensuing twelve months, together with such additional proportionate monthly sum as may be required to pay said principal, interest and administrative fee as the same become due. Payments to the paying agent must be made not less than three days prior to each interest payment date to pay promptly the principal, interest, and administrative fee of the bonds.

Funds will also be set aside into a "Revenue Bond Debt Service Reserve Fund" to be retained solely for the purpose of paying the principal of and interest on the bonds payable from the "Revenue Bond Debt Service Fund" as to which there would otherwise be default. Payments into this fund must be made monthly or annually, until a sum equal to at least one-half of the highest principal and interest requirements, \$30,986, and accumulated within five years from the delivery date of the bonds.

Funds will also be set aside into a "Depreciation and Contingency Fund" to care for extensions, additions, improvements, renewals, and replacements necessary to properly operate the system, by transferring from the operating account on or before the 20<sup>th</sup> day of each month of each year, a sum equal to five percent of the net revenues for the preceding month until there has been accumulated the sum of \$100,000, whereupon such payments may cease and need be resumed thereafter only if the total amount of money on deposit is reduced below the sum of \$100,000, in which event such payments shall be resumed and continue until said maximum amount is again accumulated. The "Depreciation and Contingency Fund" may also be used to pay the principal and interest on the bonds for the payment of which there is not sufficient money in the Debt Service and Reserve Funds. A minimum of \$10,000 must be maintained in the "Depreciation and Contingency Fund".

All of the revenues received in any fiscal year and that are not required to be paid into any of the above noted funds in such fiscal year shall be regarded as surplus and may be used for any lawful purpose.

The East Allen Parish Waterworks District was in compliance with all significant limitations and restrictions in the bond indenture at December 31, 2022.

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Board of Commissioners  
East Allen Parish Waterworks District  
Oberlin, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of the East Allen Parish Waterworks District (the District), a component unit of the Allen Parish Police Jury, as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated May 22, 2023

### Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We identified certain deficiencies in internal control, described in the accompanying schedule of current and prior year audit findings and management's corrective action plan as 2022-001 and 2022-002 that we consider to be significant deficiencies.

## **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District’s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed one instances of noncompliance or other matters that is required to be reported under *Government Auditing Standards* and which is described in the accompanying schedule of current and prior year audit findings and management’s corrective action plan as 2022-003.

## **East Allen Parish Waterworks District’s Response to Findings**

*Government Auditing Standards* requires the auditor to perform limited procedures on the District’s response to the findings identified in our audit and described in the accompanying schedule of current and prior year audit findings and management’s correction action plan. The District’s response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District’s internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District’s internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However, under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

Schedule of Current and Prior Year Audit Findings  
and Management's Corrective Action Plan  
Year Ended December 31, 2022

Part I: Current Year Findings and Management's Corrective Action Plan

A. Internal Control Over Financial Reporting

2022-001 Inadequate Segregation of Accounting Functions

Fiscal year finding initially occurred: 1988

CONDITION: The District did not have adequate segregation of functions within the accounting system.

CRITERIA: AU-C§315.04, *Understanding the Entity and its Environment and Assessing the Risks of Material Misstatement*, defines internal control as follows:

“Internal control is a process, effected by those charged with governance, management, and other personnel, designed to provide reasonable assurance about the achievement of objectives with regard to reliability of financial reporting, effectiveness and efficiency of operations, and compliance with applicable laws and regulations.”

CAUSE: The cause of the condition is the fact that the District does not have a sufficient number of staff performing administrative and financial duties so as to provide adequate segregation of accounting and financial duties.

EFFECT: Failure to adequately segregate accounting and financial functions increases the risk that errors and/or irregularities including fraud and/or defalcations may occur and not be prevented and/or detected.

RECOMMENDATION: Management should evaluate the cost vs. benefit of complete segregation and whenever possible, reassign incompatible duties among different employees to ensure that a single employee does not have a control of more than one of the following responsibilities: (1) authorization; (2) custody; (3) recording keeping; and (4) reconciliation.

MANAGEMENT'S CORRECTIVE ACTION PLAN: The District has determined that it is not cost effective to achieve complete segregation of duties within the accounting department.

and Management's Corrective Action Plan (Continued)  
Year Ended December 31, 2022

2022-002      Utility bill collections

Fiscal year finding initially occurred: 2018

CONDITION: During a test of utility accounts of the District's customers, it was noted that some accounts are not being paid in full or timely, and the customers, including District officials, continue to receive service in violation of the District's utility cut-off policy.

CRITERIA: The utility cut-off policy requires the District assess a penalty fee if the bill is not paid by the 10<sup>th</sup> of the month and then terminate services to customers who have not paid by the 20<sup>th</sup> of the month when a delinquent balance remains.

CAUSE: The District has not properly followed its written policies and procedures regarding past due accounts and the proper cut-off procedures to disconnect services relating to nonpayment by customers.

EFFECT: Failure to follow written policies and procedure increases the risk of not having continuity of operations and the risk of long outstanding collections of utilities.

RECOMMENDATION: Management should consistently comply with its written policies and procedures in the future and cut-off utility services of customers, including District officials, who do not pay within the time limit stated in the policy.

MANAGEMENT'S CORRECTIVE ACTION PLAN: The District will establish policies and procedures to ensure that the District's cutoff policy is consistently adhered to.

B.      Compliance

2022-003      Untimely Reporting of Theft

Fiscal year finding initially occurred: 2022

CONDITION: The District learned of third-party theft of funds using cloned checks in August 2022 and did not notify the Legislative Auditor or the District Attorney in writing as required by state law; however, the incident was verbally communicated to the District Attorney.

EAST ALLEN PARISH WATERWORKS DISTRICT  
Oberlin, Louisiana

Schedule of Current and Prior Year Audit Findings  
and Management's Corrective Action Plan (Continued)  
Year Ended December 31, 2022

CRITERIA: State law [Louisiana Revised Statute (R.S. 24:523 A)] states that an agency head of an auditee who has actual knowledge of or reasonable cause to believe that there has been a misappropriation of public funds or assets shall immediately notify, in writing, the legislative auditor and the district attorney of the parish in which the agency is domiciled.

CAUSE: The cause of the condition is the fact that management misinterpreted the requirements of LA R.S. 24:523 A since all funds stolen were recovered.

EFFECT: The failure to notify the Legislative Auditor and District Attorney of the third-party fraud violates LA R.S. 24:523 A.

RECOMMENDATION: Management should notify the Legislative Auditor and the District Attorney immediately in writing when a misappropriation is identified.

MANAGEMENT'S CORRECTIVE ACTION PLAN: The District will timely notify the Legislative Auditor and the District Attorney in writing of any misappropriations in the future.

Part II: Prior Year Findings:

A. Internal Control Over Financial Reporting

2021-001 Inadequate Segregation of duties

CONDITION: The District did not have adequate segregation of functions within the accounting system.

RECOMMENDATION: Management should evaluate the cost vs. benefit of complete segregation and whenever possible, reassign incompatible duties among different employees to ensure that a single employee does not have a control of more than one of the following responsibilities: (1) authorization; (2) custody; (3) recording keeping; and (4) reconciliation..
