INDEPENDENT AUDITOR'S REPORT

Board of Directors Jefferson Davis Council on Aging, Inc. Jennings, Louisiana:

I have audited the accompanying general-purpose financial statements of the Jefferson Davis Council on Aging, Inc. as of and for the year ended June 30, 2004, as listed in the table of contents. These general-purpose financial statements are the responsibility of the Jefferson Davis Council on Aging, Inc.'s management. My responsibility is to express an opinion on these general-purpose financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the general-purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the general-purpose financial statements referred to above present fairly, in all material respects, the financial position of the Jefferson Davis Council on Aging, Inc., as of June 30, 2004, and the results of its operations for the year then ended in conformity with generally accepted accounting principles.

In accordance with Government Auditing Standards, I have also issued my report dated November 8, 2004, on my consideration of the Jefferson Davis Council on Aging, Inc.'s internal control over financial reporting and my tests of its compliance with certain provisions of laws, regulations, contracts and grants.

As described in Note 1, the Council has implemented a new financial reporting model, as required by the provisions of GASB Statement No. 34, Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments, as of June 30, 2004.

The Jefferson Davis Council on Aging, Inc. has not presented management's discussion and analysis that accounting principles generally accepted in the United States has determined is necessary to supplement, although not required to be part of, the basic financial statements.

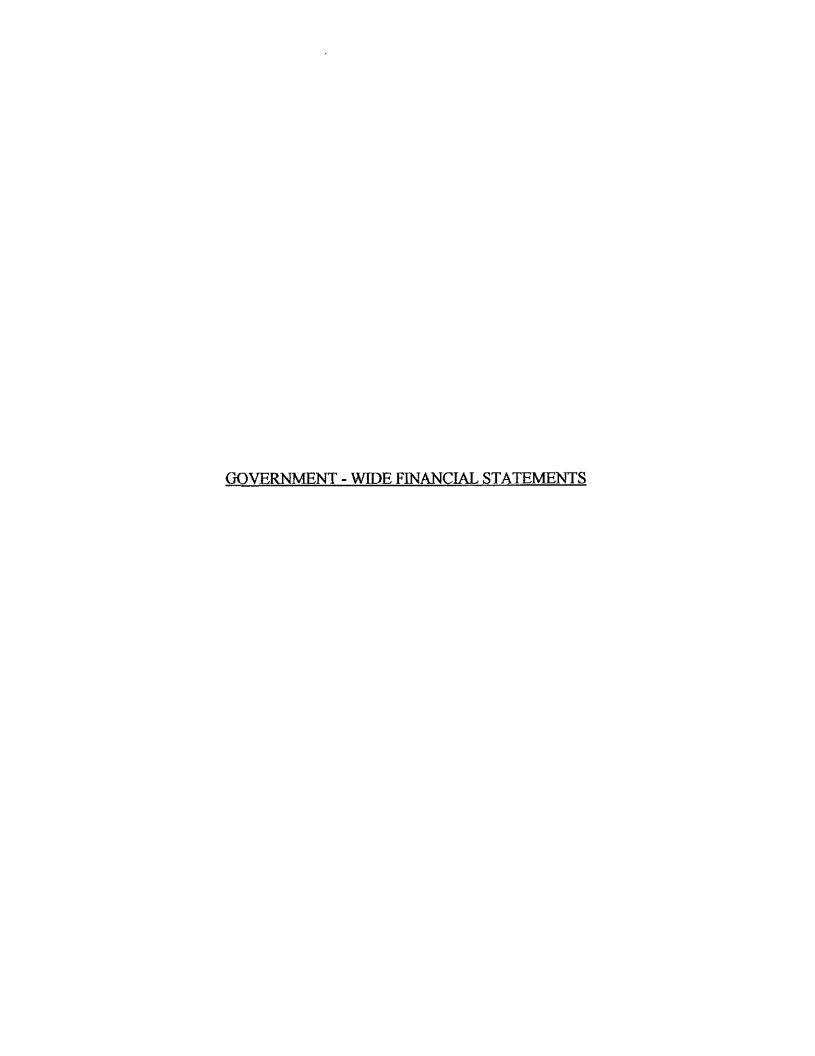

My audit was performed for the purpose of forming an opinion on the general-purpose financial statements of the Jefferson Davis Council on Aging, Inc. taken as a whole. The accompanying combining financial statements and schedules listed in the table of contents are presented for purposes of additional analysis and is not a required part of the general-purpose financial statements. Such information has been subjected to the auditing procedures applied in the audit of the general-purpose financial statements and, in my opinion, is fairly stated, in all material respects, in relation to the general-purpose financial statements taken as a whole.

This report is intended solely for the information of management, the Governor's Office of Elderly Affairs and the Legislative Auditor and is not intended to be and should not be used by anyone other than these specified parties. Under Louisiana Revised Statue 24:516, this report is distributed by the Legislative Auditor as a public document.

JEFFERSON DAVIS COUNCIL ON AGING, INC. JENNINGS, LOUISIANA NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2004

Note 1 - Nature of the Business and Summary of Significant Accounting Policies

The financial statements of the Jefferson Council on Aging, Inc. have been prepared in accordance with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. These statements have also incorporated any applicable requirements set forth by Audits of State and Local Governmental Units, the industry audit guide issued by the American Institute of Certified Public Accountants; Subsection VI-annual Financial Reporting, accounting manual for Governor's Office of Elderly Affairs contractors, and the Louisiana Governmental Audit Guide. The more significant to the Council's accounting policies are described below.

Reporting Entity:

In 1964, the State of Louisiana passed Act 456 which authorized the charter of voluntary councils on aging for the welfare of the aging people in their respective parishes. Charters are issued by the Louisiana Secretary of State upon approval by the Governor's Office of Elderly Affairs. The Jefferson Council on Aging, Inc. is a non-profit, quasi-public corporation which must comply with the policies and regulations established by the Governor's Office of Elderly Affairs, the state agency which provides the Council with most of its revenues. Other entities that provide the Council with federal, state, or local funds may impose some additional requirements.

The primary function of the Jefferson Council on Aging, Inc. is to improve the quality of life for the parish's elderly and to provide services to the elderly as well as coordinate and monitor the services of other local agencies serving the aging people of the parish. Some of the services provided by the Council include congregate and home delivered meals, nutritional education, information services, discount services, material aid, outreach, operating senior centers, and transportation. A Board of Directors, consisting of 15 voluntary members who serve three-year terms, governs the Council.

The Council is not a component unit of another primary government nor does it have any component units which are related to it. Therefore, the Council has presented its financial statements as a separate special-purpose government.

JEFFERSON DAVIS COUNCIL ON AGING, INC. JENNINGS, LOUISIANA NOTES TO FINANCIAL STATEMENTS (Continued) FOR THE YEAR ENDED JUNE 30, 2004

Financial Reporting

The Council follows the provisions of the Government Accounting Standards Board Statement, Nos. 34, Basic Financial Statements - Management's Discussion and Analysis - for State and Local Governments (Statement 34), 37, Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments: Omnibus (Statement 34), and 38, Certain Financial Statement Note Disclosures (Statement 38). Which establish the financial reporting standards for all states and local government entities.

The accompanying government-wide financial statements have been prepared using the economic resources measurement focus and the accrual basis of accounting and reflect transactions of behalf of the Council. The Council accounts for its funds as governmental funds.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collected within the current period or soon enough thereafter to pay liabilities of the current period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

Office of Elderly Affairs Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes. Most of the Council's special revenue funds are provided by GOEA. The Title III funds are provided by the United States Department of Health and Human Services Administration on Aging through the Governor's Office of Elderly Affairs which in turn "passes through" the funds to the Council.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 1 - Nature of the Business and Summary of Significant Accounting Policies (Continued)

Fund Accounting (Contd.):

The Council reports the following major governmental funds:

General Fund

The General Fund is the general operating fund of the Council. It is used to account for all financial resources except those required to be accounted for in another fund. These discretionary funds are accounted for and reported according to the source (federal, state, or local) from which they are derived. The following types of programs comprise the Council's General Fund:

Local Funds

Local funds are received from various local sources; such funds not being restricted to any special use.

PCOA (ACT 735) Funds

PCOA (Act 735) funds are appropriated for the Governor's Office of Elderly Affairs by the Louisiana Legislature for remittance to the Council on Aging. The Council may use these "Act 735" funds at its discretion provided the program is benefitting people who are at least 60.

Section 5311 - Transportation

Section 5311 funds are provided by the United States Department of

Transportation

Through the Louisiana Department and Development. Funds received by the Council are based on actual operating costs of providing transportation services to rural residents within Jennings Parish. The transportation portion of in-kind contributions is an allowed cost for purposes of requesting reimbursement under this program. Because money received under this program is for reimbursement of costs previously incurred, the Council can use these funds for discretionary purposes. This is why these Section 5311 funds are recorded in the Council's general revenue funds.

The Council operates five senior centers in Cameron Parish, Louisiana.

Summer Feeding Program

The USDA, Food and Nutrition Service as a pass through from the Louisiana Department of Education provide Summer Feeding Service Program funds. Funds received by the Council are used to ensure that children in lower-income areas can continue to receive nutritious meals during long school vacation, when they do not have access to school lunch or breakfast.

Supplemental Senior Center Fund

The Louisiana Legislature appropriated additional money for various councils on aging through the state to be used to supplement the primary state grant for senior centers. Cameron Council on Aging, Inc. was one of the parish councils to receive a supplemental grant. These funds are "passed through" the Governor's Office of Elderly Affairs.

Funding Policies and Sources of Funds

The Council receives its monies through various methods of funding. NSIP program funds are provided through the Louisiana Governor's Office of Elderly Affairs to help offset raw food cost in Title III C-1 and C-2 programs. This program is funded under the units of service provided method. The Senior Center program and State Allocation (PCOA) and Supplemental Senior Center funds are received as a monthly allocation of the total budget (grant) in advance of the actual expenditure. The Title III-B. C-1, C-2, D and E programs are funded based on actual operating cost incurred.

Note 1 - Nature of the Business and Summary of Significant Accounting Policies (Continued)

The Council encourages and receives contributions from clients to help offset the costs of the Title III-B, C-1 and C-2 programs. All of the above mentioned funds, including any other miscellaneous income, are recorded as revenue when the cash is received because the Council cannot predict the timing and amount of receipt.

Budget Policy

The Council follows these procedures in establishing the budgetary data reflected in these financial statements:

The Governor's Office of Elderly Affairs (GOEA) notifies the Council each year as to the funding levels for each program's grant award.

The Executive Director prepares a proposed budget based on the funding levels provided by GOEA and then submits the budget to the Board of Directors for approval.

The Board of Directors reviews and adopts the budget before June 30th of the current year for the next year.

The adopted budget is forwarded to the Governor's Office of Elderly Affairs for final approval.

All budgetary appropriations lapse at the end of each fiscal year (June 30).

The budget is prepared on a modified accrual basis, consistent with the basis of accounting, for comparability of budgeted and actual revenues and expenditures.

Actual amounts are compared to budgeted amounts periodically during the fiscal year as a management control device.

Note 1 - Summary of Significant Accounting Policies (continued)

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amount and disclosures. Accordingly, actual results could differ from those estimates.

These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit the fiscal agent.

Note 10 - Board of Directors' Compensation

The Board of Directors is a voluntary board; therefore, no compensation has been paid to any member. However, some board members were reimbursed for expenses incurred in conducting Council related activities.

Note 11 - Income Tax Status

The Council, a non-profit corporation, is exempt from federal income taxes under Section 501 (c) (3) of the Internal Revenue Code of 1986 and as an organization that is not a private foundation as defined in Section 509(a) of the Code. The Council has filed all necessary tax forms through the current fiscal year ended June 30, 2003. It is also exempt from Louisiana income tax.

Note 12 - Economic Dependency

The Council receives the majority of its revenue from funds provided through grants administered by the Louisiana Governor's Office of Elderly Affairs. The grant amounts are appropriated each year by the federal and state governments. If significant budget cuts are made at the federal and/or state level, the amount of the funds the Council receives could be reduced significantly and have an adverse impact on its operations. Management is not aware of any actions that will adversely affect the amount of funds the Council will receive in the next fiscal year.

Note 13 - Judgements, Claims and Similar Contingencies

There is no litigation pending against the Council at June 30, 2004. Furthermore, the Council's management believes that any potential lawsuits would be adequately covered by insurance.

Note 14 - Risk Management

The Council is exposed to various risks of loss related to torts; thefts of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Council has purchased commercial insurance to cover or reduce the risk of loss that might arise should one of these incidents occur. No settlements were made during the year that exceeded the Council's insurance coverage.

Note 15 - Federal Award Programs

The Council received revenues from various federal and state grant programs that are subject to final review and approval as to the allowability of expenditures by the respective grantor agencies. These programs are audited in accordance with the Single Audit Act Amendment of 1996 and OMB Circular A-133, Audits of States, Local Governments and Non-Profit Institutions. Any settlements or expenses arising out of a final review are recognized in the period agreed upon by the agency and the Council. Also, it is management's opinion that any audits by the grantor agencies would not produce disallowed program costs and liabilities to such an extent that they would materially affect the Council's financial position.

Note 16 - Economic Dependency

The Council receives the majority of its revenue from funds provided through grants administered by the Louisiana Governor's Office of Elderly Affairs. The grant amounts are appropriated each year by the federal and state governments. If significant budget cuts are made at the federal and/or state level, the amount of the funds the Council receives could be reduced significantly and have an adverse impact on its operations. Management is not aware of any actions that will adversely affect the amount of funds the Council will receive in the next fiscal year

Note 17 - Risk Management

The Council is exposed to various risks of loss related to torts; thefts of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Council has purchased commercial insurance to cover or reduce the risk of loss that might arise should one of these incidents occur. No settlements were made during the year that exceeded the Councils's insurance coverage.

REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDIT STANDARDS

To the Board of Directors

Jefferson Davis Council on Aging, Inc.

Jennings, Louisiana

We have audited the general purpose financial statements of the Jefferson Davis Council on Aging, Inc., as of and for the year ended June 30, 2004 and have issued our report thereon dated November 10, 2004. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Jefferson Davis Council on Aging, Inc.'s financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our test disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Jefferson Davis Council on Aging, Inc.'s internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatement in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weakness.
