Winn Parish Council on Aging

Management's Discussion and Analysis For the Year Ended June 30, 2022

This section of The Winn Parish Council on Aging, Inc.'s annual financial report presents our discussion and analysis of the Winn Parish Council on Aging's financial performance during the year ended June 30, 2022.

OVERVIEW OF FINANCIAL STATEMENTS

The basic financial statements include government-wide financial statements and fund financial statements. These two types of financial statements present The Winn Parish Council on Aging, Inc.'s financial position and results of operations from differing perspectives, which are described as follows:

Government –Wide Financial Statements

The government-wide financial statements report information about The Winn Parish Council on Aging as a whole using accounting methods similar to those used by private-sector companies. These report all revenues and expenses regardless of when cash is received or paid. Furthermore, the government-wide statements include all of The Winn Parish Council on Aging's assets and all of its liabilities (including long-term debt). Expenses incurred in connection with the operation of The Winn Parish Council on Aging's programs are reported as governmental activities. The governmental activities are financed by grants, fees and membership dues.

Fund Financial Statements

Fund financial statements provide detailed information regarding The Winn Parish Council on Aging's most significant activities and are not intended to provide information for The Winn Parish Council on Aging as a whole. Funds are accounting devices that are used to account for specific sources of funds. The Winn Parish Council on Aging's funds are all classified as governmental funds. These funds are used to account for essentially the same functions that are reported as governmental activities in the government-wide financial statements. However, unlike government-wide financial statements, the governmental funds use a modified accrual basis of accounting that provides a short-term view of The Winn Parish Council on Aging's finances. Assets reported by governmental funds are limited to amounts that are available for current needs. In addition, liabilities are limited to amounts that are expected to be paid from currently available assets.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Winn Parish Council on Aging, Inc. is a non-profit organization organized under the Laws of the State of Louisiana. The Winn Parish Council on Aging represents a portion of Central Louisiana that includes eight (8) parishes. The Winn Parish Council on Aging is governed by a Board of Directors and members of the Board are appointed by the governing bodies of various political subdivisions that lie within the boundaries of the Winn Parish Council on Aging.

The Winn Parish Council on Aging was organized in order to promote economic development and alleviate unemployment. Its activities are financed by Federal and State grants, as well as support from local governmental units. Since The Winn Parish Council on Aging is financed by governmental sources and, since its Board of Directors is appointed by various local governments, The Winn Parish Council on Aging is considered to be a quasi-governmental unit for financial reporting purposes. The accompanying financial statements were prepared in conformity with generally accepted accounting principles for governmental units.

The following is a summary of certain significant accounting policies and practices:

Financial Reporting Entity

The Winn Parish Council on Aging is considered a legally separate stand-alone government as defined by Generally Accepted Accounting Standards. The reporting entity is composed of the activities that are under the direct control of the Board of Directors. The Winn Parish Council on Aging is not financially accountable for any organizations that maintain separate legal standing; therefore, it has no component units.

Basic Financial Statements

All of The Winn Parish Council on Aging's operations are classified as governmental activities. Governmental activities involve government services that are normally supported by intergovernmental revenues and certain fees. The basic financial statements include both government-wide and fund financial statements. The government-wide and fund financial statements present the Winn Parish Council on Aging's financial position and results of operations from differing perspectives which are described as follows:

Government-Wide Financial Statements

The Statement of Net Position and the Statement of Activities display information about The Winn Parish Council on Aging as a whole. The effect of interfund activity is eliminated from these financial statements. Furthermore, government-wide financial statements exclude any fiduciary activities which are reported in the fund financial statements.

Program revenues reported in the Statement of Activities consist of amounts that are directly associated with a governmental service. Program revenues include charges for services, fees, contributions associated with a particular function and most grants.

Winn Parish Council on Aging

Notes to Financial Statements

June 30, 2022

Fund Financial Statements

Funds are separate accounting entities that are designed to assist with demonstrating legal compliance and segregating transactions by activity. Major individual funds are reported as separate columns in the fund financial statements. The Winn Parish Council on Aging’s major funds are described as follows:

- General Fund – The general fund is the primary operating fund and is used to account for all governmental activities that are not required to be presented elsewhere.
- Title III B – Accounts for funds dedicated to providing supportive services for seniors.
- Title C-1 – Reports activity associated with providing nutrition services at congregate meal sites.
- Title C-2 – Reports activity associated with providing nutrition services consisting of home delivered meals.
- Title III E – Accounts for funds dedicated to providing support services for caregivers.

Typically restricted resources are used for qualifying expenditures when both restricted and unrestricted funds are available.

Basis of Accounting and Measurement Focus

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied. The basis of accounting and measurement focus used for various financial statement presentations are described as follows:

<u>Financial Statement Presentation</u>	<u>Basis of Accounting</u>	<u>Measurement Focus</u>
Government-Wide Financial Statements	Accrual Basis	Economic Resources
Fund Financial Statements	Modified Accrual Basis	Current Financial Resources

Under the accrual basis of accounting and the economic resources measurement focus, revenues are recorded when earned and expenses are recorded when a liability is incurred.

Under the modified accrual basis of accounting and the current financial resources measurement focus revenue is recognized when it is considered measurable and available. Revenue is considered available if it is collected within 60 days of year end. In addition, expenses are generally recorded when a liability has been incurred. Furthermore, when the current financial resources measurement focus is used, amounts recorded as assets exclude capital assets and the acquisition of capital assets is treated as an expenditure of funds. In addition, long-term debts are excluded from amounts reported as liabilities. Proceeds from issuing long-term debt are reported as other financing sources and repayment of long-term debt is reported as an expenditure of funds.

Winn Parish Council on Aging

Notes to Financial Statements

June 30, 2022

Accumulated Unpaid Vacation

Annual leave is earned by employees at varying rates based on length of service. The amount of accumulated annual leave which can be carried forward at the end of the year is limited to a maximum of 45 days. Accrued leave is typically liquidated by the general fund.

Capital Assets

Capital assets include significant acquisitions of facilities and equipment that are expected to remain in service for a period of years. Capital assets are reported in the government-wide financial statements but are excluded from the fund financial statements. Instead, the funds report the acquisition of capital assets as expenditures rather than asset acquisitions. Capital assets are depreciated using the straight-line method and useful lives ranging from 3 years to 39 years.

Interfund Receivables and Payables

Amounts of cash held or disbursed by the General Fund on behalf of other funds are recorded as Interfund Payables and Receivables. These Interfund Payables and Receivables are eliminated from the government-wide financial statement presentation.

Cash and Cash Equivalents

Cash includes amounts in demand deposits, interest-bearing demand deposits, and money market accounts. Cash equivalents include amounts in time deposits and those investments with original maturities of 90 days or less. Under state law, the Winn Parish Council on Aging may deposit funds in demand deposits, interest-bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

Credit risk associated with bank deposits is limited by requiring fiscal agent banks to pledge securities as required by State Law. Furthermore, interest rate risk associated with certificates of deposits is typically mitigated by purchasing instruments that mature in one year or less.

Use of Estimates

The preparation of financial statement in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Budgets

Budgets are adopted and occasionally amended by the Board of Directors in the manner prescribed by Louisiana Law and the Governor's Office of Elderly Affairs.

Fund Balances

Portions of the fund balance are reported as restricted or committed. Restrictions that effect fund balance are imposed by external sources such as grantors or lenders. Commitments apply when the governing body sets aside resources for a particular purpose.

Winn Parish Council on Aging

Notes to Financial Statements

June 30, 2022

Allocation of Indirect Expenses

The Council reports all direct expenses by function and programs of functions in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function or program. Indirect expenses are recorded as direct costs of the Administration function. Indirect costs, including travel, operating services, operating supplies, and other administrative costs are allocated using a budget tool provided by the Governor's Office of Elderly Affairs which is based primarily on the relationship of direct costs a program bears to the total direct costs of all programs.

PUBLIC BID LAW:

1. Obtain documentation for all expenditures made during the year for materials and supplies exceeding \$30,000, and public works exceeding \$250,000. Compare the documentation for these expenditures to Louisiana Revised Statute (R.S.) 39:1551-39:1775 (the state procurement code) or R.S. 38:2211-2296 (the public bid law), whichever is applicable; and report whether the expenditures were made in accordance with these laws.

Transactions subject to Public Bid Law were limited to the acquisition of a vehicle. Based on information furnished by management, bids were solicited by advertisement but no responses were received due to supply shortages attributable to the COVID 19 pandemic. In response, a purchase was made from dealer stock based on quotes received by phone.
