To Board of Commissioners  
Tangipahoa Parish Gravity Drainage District No. 5  
Kentwood, Louisiana

Management is responsible for the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Tangipahoa Parish Gravity Drainage District No. 5 (a component unit of the Tangipahoa Parish Government), as of and for the year ended December 31, 2022, which collectively comprise the District's basic financial statements as listed in the table of contents in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statements, nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. We do not express an opinion, a conclusion, nor provide any form of assurance on these financial statements.

Management has elected to omit substantially all of the disclosures required by accounting principles generally accepted in the United States of America. If the omitted disclosures were included in the financial statements, they might influence the user's conclusions about the District's financial position, results of operations, and cash flows. Accordingly, the financial statements are not designed for those who are not informed about such matters

Accounting principles generally accepted in the United States of America require that the budgetary comparison information on page 9 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting and for placing the basic financial statements in an appropriate operational, economic, or historical context. Such information is the responsibility of management. Such information was subjected to our compilation engagement; however, we have not audited or reviewed the information and do not express an opinion, a conclusion, nor provide any assurance on such information.

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America requires to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by Governmental Accounting Standards Board who considers it to be an essential part of financial reporting and for placing the basic financial statements in an appropriate operational, economic, or historical context.

The accompanying supplementary information contained in the Other Supplementary Information as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management. The supplementary information was subject to our compilation engagement. We have not audited or reviewed the supplementary information and do not express an opinion, a conclusion, nor provide any assurance on such information.

We are not independent with respect to the Tangipahoa Parish Gravity Drainage District No. 5.

Respectfully submitted,

## SCHEDULE OF FINDINGS AND RESPONSES

FOR THE YEAR ENDED DECEMBER 31, 2022

### **Finding Number: 2022-001 Local Budget Act (Noncompliance)**

**Criteria:** The Local Budget Act, specifically LRS 39:1305, requires a comprehensive budget be presented for the general fund. The budget document must include a message and a statement. The statement must show estimated fund balances at the beginning of the year; estimates of all receipts and revenues to be received; revenues itemized by source; recommended expenditures itemized by agency, department, function, and character; other financing sources and uses by source and use; and the estimated fund balance at the end of the fiscal year. Such statements shall also include a clearly presented side-by-side detailed comparison of such information for the current year, including the fund balances at the beginning of the year, year-to-date actual receipts and revenues received and estimates of all receipts and revenues to be received the remainder of the year; estimated and actual revenues itemized by source; year-to-date actual expenditures and estimates of all expenditures to be made the remainder of the year itemized by agency, department, function, and character; other financing sources and uses by source and use, both year-to-date actual and estimates for the remainder of the year; the year-to-date actual and estimated fund balances as of the end of the fiscal year; and the percentage change for each item of information. Additionally, it requires that the total of proposed expenditures not exceed the total of estimated funds available for the ensuing fiscal year.

**Condition:** The District's budget does not conform to the prescribed format and does not include the budget of beginning fund balance or ending fund balance. Cash carried forward is shown on the District's budget and is adequate to cover the amount that budgeted expenditures exceed budgeted revenues, but fund balance is not budgeted. As such, it is undeterminable if the total of proposed expenditures exceeds the total of estimated funds available with no fund balance budgeted.

**Cause:** The District's budget does not conform to the prescribed format.

**Effect:** Apparent noncompliance with the above referenced statutes.

**Recommendations:** The District should adjust its budget statement format to conform to the above referenced statute.

**Response by Management:** We will discuss implementation of the above recommendation.
