# **Transmittal Letter**

December 28, 2022

Tony Nations, President Caddo Parish School Board Members and Citizens of Caddo Parish

Louisiana law requires that an annual sworn financial statement be furnished to the Legislative Auditor within six months of the close of each fiscal year in accordance with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards (GAAS) by a certified public accountant. Pursuant to that requirement, we hereby issue the Annual Comprehensive Financial Report of the Caddo Parish School Board for the year ended June 30, 2022.

This report consists of management's representations concerning the finances of the Caddo Parish School Board. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the Caddo Parish School Board (School Board) has established a comprehensive internal control framework that is designed both to protect the School Board's assets from loss, theft or misuse and to compile sufficient reliable information for the preparation of the Caddo Parish School Board's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the Caddo Parish School Board's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

Carr, Riggs & Ingram, LLC, a firm of licensed certified public accountants, has audited the Caddo Parish School Board's financial statements. The goal of the independent audit was to provide reasonable assurance that the financial statements of the Caddo Parish School Board for the fiscal year ended June 30, 2022, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the Caddo Parish School Board's financial statements for the fiscal year ended June 30, 2022, are fairly presented in conformity with accounting principles generally accepted in the United States of America (GAAP). The independent auditors' report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the Caddo Parish School Board was part of a broader, federally mandated Single Audit designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are available in the Caddo Parish School Board's separately issued Single Audit Report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The Caddo Parish School Board's MD&A can be found immediately after the report of the independent auditor.

# PROFILE OF THE CADDO PARISH SCHOOL BOARD

Purpose and operations. The Caddo Parish School Board was created by Louisiana Revised Statute (LSA-R.S.) 17:51 to provide public education for the children within Caddo Parish. The School Board is authorized by LSA-R.S. 17:81 to establish policies and regulations for its own government consistent with the laws of the state of Louisiana and the regulations of the Louisiana Board of Elementary and Secondary Education. The School Board is comprised of 12 members who are elected from 12 districts for concurrent terms of 4 years.

The School Board operates 58 schools within the parish with a total enrollment of approximately 35,000 pupils. The School Board provides a full range of educational services appropriate to grade levels Pre-K through 12. These include regular and enriched academic education, special education, occupational education, and many individualized programs such as specialized instruction for disadvantaged students and those with limited English proficiency. These basic programs are supplemented by a wide variety of offerings in the fine arts and athletics. In conjunction with the regular educational programs, some of these schools offer pre-kindergarten, and/or special education programs. In addition, the School Board provides transportation and school food services for the students.

Reporting entity. The report includes all entities or organizations that are required to be included in the School Board's reporting entity. The basic criteria for determining whether a governmental department, agency, institution, commission, public authority, or other governmental organization should be included in a governmental unit's reporting entity is financial accountability. Financial accountability includes the appointment of a voting majority of the organization's governing body and either the ability of the primary government to impose its will on the organization or if there is a financial benefit/burden relationship. In addition, an organization which is fiscally dependent on the primary government should be included in its reporting entity.

The financial statements present the Caddo Parish School Board (the primary government) and three component units, the Shreveport Charter Foundation, Inc. ("Magnolia" or "Magnolia School of Excellence"), Pathways in Education – Louisiana, Inc. ("Pathways"), and AMIkids Caddo, Inc. ("AMIkids"). Magnolia, Pathways, and AMIkids are presented as discretely presented component units. Each of these charter schools is included in the reporting entity because it is fiscally dependent on the School Board for the majority of its revenue, and because exclusion would render the School System's financial statements incomplete or misleading.

The Superintendent submits an annual operating budget to the School Board at its regular meeting in May or June of each year. The operating budget serves as the foundation for the School Board's financial planning and control. The proposed budget is made available for public inspection at least 15 days prior to the date of a public hearing and at least one public hearing is held, as required by Louisiana law, prior to its adoption by the School Board. Budget-to-actual comparisons are provided in this report.

# FACTORS AFFECTING FINANCIAL CONDITION

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the School Board operates.

Economic Outlook. Northwest Louisiana is a region of nearly 800,000 residents and is the hub of a tristate region known as the Ark-La-Tex. The economy in this region continues to remain flat.

The district continues to see declines in enrollment, which has a negative effect on our state funding. Enrollment for the 2021-22 school year is approximately 35,000 which is a decrease of approximately 1,500 students from the previous year. The district operates 58 schools within the parish. Every area of the budget is being reviewed for possible reductions and increased efficiencies that can be gained without impacting the educational programs of the schools.

New construction of single-family housing continues in southeast Shreveport and the northern part of Caddo Parish, and we anticipate continued development as Interstate 49 continues to expand.

Sales tax revenue showed an increase last year because of the large amounts of funds injected into the economy by the federal government and that trend is continuing into the current fiscal year. Also, we continue to see an increase in collections from online retailers. Property tax assessments for 2021 increased by approximately three percent. Receipts from these two taxes are helping to offset the reduction in MFP revenue received because of the reduction in students.

Financial Policies. Financial stresses at the state level continue to put more of a burden on all of the local school districts. State educational funding remained flat again this year. The district is still financing state mandated programs with no additional funding.

Long-term financial planning. The mission of the School Board is to improve the academic achievement of students and overall district effectiveness. We have high expectations for everyone – students, teachers, administrators, parents, community volunteers and support groups. While acknowledging that Caddo has many successful schools, the state's accountability plan is driving fundamental changes in instruction by demanding that schools show annual academic growth. These measures will require that elected officials and administrators provide effective leadership for the wisest use of all available resources. The School Board has adopted goals and objectives to improve its fund balance, increase grant revenues and reduce costs of support functions while addressing critical instructional needs.

Facilities. The school system operates buildings at 59 school and auxiliary sites. Buildings on these sites range in age from 33 years to 105 years old.

Pension and other postemployment benefits. The School Board provides a defined benefit pension plan for its employees through three cost-sharing multiple-employer statewide plans.

The School Board also provides post-retirement healthcare and life insurance benefits for its retired employees. As of the end of the current fiscal year, there were approximately 4,700 retired employees receiving these benefits.

Additional information on the School Board's pension arrangements and postemployment benefits can be found in notes 6 and 7 in the notes to the basic financial statements.

# ACKNOWLEDGEMENTS

The preparation of this report could not have been accomplished without the efficient and dedicated services of the entire staff of the Finance Department. We want to express our appreciation to all members of the department who assisted and contributed to the preparation of this report. We also thank the members of the School Board for their interest and support in planning and conducting the financial operations of the school system in a responsible and progressive manner.

# **Independent Auditors' Report**

Board Members Caddo Parish School Board Shreveport, Louisiana

### **Report on the Audit of the Financial Statements**

### **Opinions**

We have audited the accompanying financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Caddo Parish School Board as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Caddo Parish School Board's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Caddo Parish School Board, as of June 30, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of Pathways in Educations, Inc., which represent 14.3 percent, 48.7 percent, and 15.3 percent, respectively, of the assets, net position, and revenues of the aggregate discretely presented component units as of June 30, 2022, and the respective changes in financial position, and where applicable, cash flows thereof for the year then ended. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for Pathways in Educations, Inc., is based solely on the report of the other auditors.

### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Caddo Parish School Board and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

# Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Caddo Parish School Board's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

# Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Caddo Parish School Board's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Caddo Parish School Board's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

# **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, Other Required Post-employment Benefits and Pensions Schedules, and the Budgetary Comparison Schedules, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

# Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Caddo Parish School Board's basic financial statements. The accompanying combining and individual nonmajor fund financial statements, schedule of revenues, expenditures, and changes in fund balances - budget (GAAP Basis) and actual, general- schedule of compensation paid to board members, and schedule of compensation, benefits, and other payments to agency head, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements, schedule of revenues, expenditures, and changes in fund balances - budget (GAAP Basis) and actual, general- schedule of compensation paid to board members, and schedule of compensation, benefits, and other payments to agency head are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

# **Other Information**

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

# Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 28, 2022, on our consideration of the Caddo Parish School Board's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Caddo Parish School Board's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Caddo Parish School Board's internal control over financial reporting and compliance.

# **REQUIRED SUPPLEMENTAL INFORMATION:**

# MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)

The discussion and analysis of Caddo Parish School Board's (School Board) financial performance provides an overall review of the School Board's financial activities for the fiscal year ended June 30, 2022. The intent of this discussion and analysis is to look at the School Board's financial performance as a whole. Readers should also review the transmittal letter, financial statements, and notes to the basic financial statements to enhance their understanding of the School Board's financial performance.

# **Financial Highlights**

Key financial highlights for the fiscal year ended June 30, 2022, are as follows:

# • Statement of Net Position:

The liabilities and deferred inflows of resources of the Caddo Parish School Board exceeded its assets and deferred outflows of resources at the close of the most recent fiscal year by \$0.948 billion (net deficit). Of this amount, approximately \$1.1 billion is the deficit in unrestricted net position.

# • Statement of Activities:

The School Board's total net deficit decreased by \$126 million for the year ended June 30, 2022.

# • Governmental Funds Balance Sheet:

As of the close of the fiscal year 2021-22, the Caddo Parish School Board's governmental funds reported combined ending fund balance of \$180.5 million, a total increase of \$49.9 million in comparison with the prior fiscal year. The majority of the fund balance is comprised of approximately (1) \$89.4 million which is unassigned and available for spending within the General Fund, (2) \$21.7 million which is either nonspendable or committed in the General Fund, (3) \$16.6 million which is nonspendable, committed, or restricted within the Capital Projects Fund, (4) \$22.1 million which is nonspendable within the Caddo Educational Excellence (CEEF) Permanent Fund, (5) \$11.7 million which is restricted for debt service, (6) \$7.7 million restricted for the School Activity Fund, and (7) \$10.3 million restricted for the Child Nutrition Program.

• Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances:

Total revenues for the year ended June 30, 2022, for the governmental funds of the Caddo Parish School Board amounted to \$594.2 million. Approximately 70% of this amount was received from three major revenue sources: (1) \$175 million from Louisiana's Minimum Foundation Program, (2) \$142.2 million from local ad valorem taxes, and (3) \$100.9 million from local sales and use taxes.

# • <u>General Fund's Ending Fund Balance:</u>

At the end of the current fiscal year, fund balance for the General Fund, a major fund, was \$111.1 million or 29.5% of total General Fund expenditures. \$.5 million was non-spendable, \$21.2 million (committed) is set aside for future claims and contingencies and equipment replacement, while \$89.4 million (unassigned) is available for spending at the School Board's discretion. This unassigned balance represents 23.7% of General Fund expenditures.

# • Capital Assets:

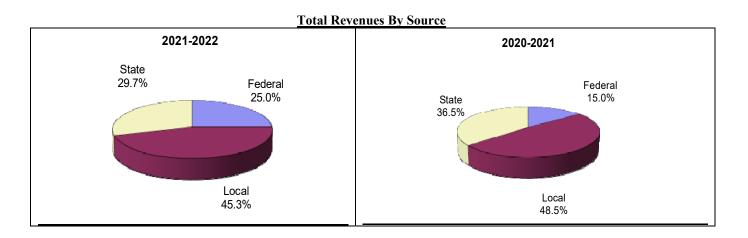

Total capital assets (net of depreciation) were \$226.5 million or 41.6% of the total assets. The School Board uses these assets to provide educational services to children and adults; consequently, these assets are not available for future spending.

# Long-Term Liabilities:

The Caddo Parish School Board's total long-term debt increased \$2.8 million during the current fiscal year. Debt on general obligation bonds increased by \$4.8 million (net of current year debt service) due to the issuance of General Obligation Bonds for series 2022. Debt on Qualified School Construction Bonds decreased \$2 million.

Other long-term liabilities decreased by \$476 million during the current fiscal year. The majority of this decrease was due to the change in assumptions causing a large decreases in the net pension liability and net OPEB liability.

This year, primary resources available to the school system are local revenues, primarily tax receipts, which total \$269.3 million or 45.3% of the total; state revenues, primarily Minimum Foundation Program funding (equalization) and special grants, totaling \$176.7 million or 29.7% of the total; and federal funds, totaling \$148.6 million or 25% of the total. Last year, local revenues were \$250.2 million or 48.5%, while state revenues were \$188.3 million or 36.5%, and federal revenues were \$77.5 million or 15%.

# **Overview of the Financial Statements**

This MD&A is intended to serve as an introduction to the Caddo Parish School Board's basic financial statements. The Caddo Parish School Board's basic financial statements comprise three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

- Government-wide Financial Statements. The government-wide financial statements are designed to provide readers with a broad overview of the Caddo Parish School Board's finances, in a manner similar to a private sector business.
  - The **Statement of Net Position** presents the difference between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources is reported as the Caddo Parish School Board's net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Caddo Parish School Board is improving or deteriorating.

- The **Statement of Activities** presents information showing how the Caddo Parish School Board's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).
- The government-wide financial statements include not only the Caddo Parish School Board (known as the "primary government") but three legally separate charter schools, the Shreveport Charter Foundation, Inc., Pathways in Education Louisiana, Inc., and AMIkids Caddo Inc., for which the School Board is financially accountable. Financial information for these component units are reported separately from the financial information presented for the primary government itself. Complete financial statements of the component units can be obtained from Shreveport Charter Foundation, Inc., 2290 Clyde Fant Parkway, Shreveport, Louisiana 71104, Pathways in Education Louisiana, Inc., 8999 Mansfield Road, Shreveport, Louisiana 71118, and AMIkids Caddo, 3860 Hutchinson Street, Shreveport, Louisiana 71109.
- The governmental-wide financial statements can be found following the MD&A.
- Fund Financial Statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Caddo Parish School Board, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance related legal requirements. All of the funds of the Caddo Parish School Board can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.
  - Governmental funds. Governmental funds are used to account for essentially the same functions reported
    as governmental activities in the government-wide financial statements. However, unlike the governmentwide financial statements, governmental fund financial statements focus on near-term inflows and outflows
    of spendable resources, as well as on balances of spendable resources at the end of the fiscal year. Such
    information may be useful in evaluating the Caddo Parish School Board's near-term financing requirements.
  - Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the Caddo Parish School Board's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.
  - The Caddo Parish School Board maintains twenty-two individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General Fund, Capital Projects Fund and Permanent Fund CEEF which are considered to be major funds. The permanent fund, CEEF, is used to account for the Caddo Educational Excellence Fund. These monies are held by the School Board in trust and the principal cannot be expended. Data for the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements in this report. The debt service fund is used to account for the accumulation of resources for, and the payment of, long term debt principal, interest, and related costs.

- The Caddo Parish School Board adopts an annual appropriated budget for its General Fund and required Special Revenue Funds. Budgetary comparison schedules have been provided to demonstrate compliance with these budgets.
- The governmental fund financial statements can be found following the government-wide financial statements.
- Proprietary fund. Internal service funds are an accounting device used to accumulate and allocate costs internally among the School Boards various functions. The School Board uses an internal service fund to account for the accumulation of resources for and the payment of employee health insurance. Because this service predominantly benefits governmental functions, it has been included with governmental activities in the government-wide financial statements.
- Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the Caddo Parish School Board. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Caddo Parish School Board's own programs. The Caddo Parish School Board maintains a trust fund, Other Post-employment Benefits Trust Fund.
- Notes to the Basic Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.
- Other Information. In addition to the basic financial statements and accompanying notes, this report also
  presents certain required supplemental information concerning the Caddo Parish School Board's compliance with
  budgets for its major funds. The combining statements for nonmajor governmental funds are presented
  immediately following the required supplemental information.

# **Financial Analysis of Government-wide Activities**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the Caddo Parish School Board, liabilities and deferred inflows of resources exceed assets and deferred outflows of resources by \$947.7 million at the close of the most recent fiscal year (FY).

The Caddo Parish School Board's net position (deficit) reflects \$127.0 million as investment in capital assets (e.g. land, buildings, machinery, and equipment) less any related debt used to acquire those assets that are still outstanding. The Caddo Parish School Board uses these capital assets to provide educational services to children and adults; consequently, these assets are not available for future spending. Although the Caddo Parish School Board's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

**The School Board as a Whole.** The School Board's net position (deficit) was \$(947.7) million at June 30, 2022. Of this amount; \$(1.1) billion was unrestricted, \$54.7 million was restricted, and \$127.0 million was invested in capital assets.

The following analysis focuses on the net position (Table 1) and change in net position (Table 2) of the School Board's governmental activities:

Restricted net position of \$54.7 million is reported separately to show legal constraints for the payment of outstanding long-term debt obligations and to limit the Caddo Parish School Board from using these funds for day-today operations. Restrictions for debt service accounts for \$11.8 million, capital projects accounts for \$10 million, and child nutrition accounts for \$10.3 million. The remaining balance is restricted for instructional enhancement and is generated from the school board's share of gaming receipts that are collected from area riverboat casinos. State law requires the gaming receipts to be held in perpetuity; however, the investment earnings may be spent for purposes of instructional enhancement. As of June 30, 2022, the nonexpendable portion of the balance restricted for instructional enhancement was \$22.1 million. The remaining balance of (\$1.1) billion is a deficit in the unrestricted net position (deficit).

Overall net deficit decreased 11.8% from the prior year. Revenue exceeded expenses by \$126.6 million for the fiscal year 2021-2022. Revenue increased approximately 14.7% in fiscal year 2021-22. This mostly resulted from an increase in sales tax revenue, operating grants, and other general revenues. The district's expenses decreased \$56.1 million in fiscal year 2021-22. This resulted mostly from large decreases in net pension liability and net other post-employment liability and related expenses.

**Governmental Activities.** Governmental Activities decreased the School Board's net deficit by \$126.6 million. Key elements of this decrease are as follows:

# **Governmental Activities Total and Net Costs**

As reported in the Statement of Activities, the total cost of all governmental activities this year was \$468.3 million.

The table below presents the cost of each of the School Board's largest functions – as well as each program's *net* cost (total cost less revenues generated by the activities). As discussed above, net cost shows the financial burden that was placed on the School Board's taxpayers by each of these functions. Providing this information allows the analysis of the cost of each function in comparison to the benefits provided by that function.

# **Program Expenses and Revenues Governmental Activities**

Expenses are classified by functions/programs. The related revenues are comprised of specific charges for the services and operating grants and contributions received to offset the expenses for the specific program.

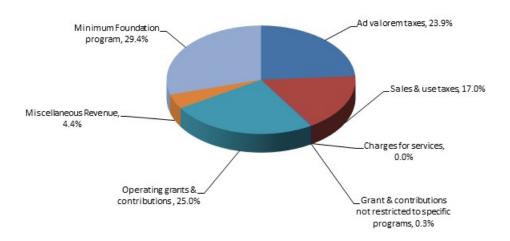

Instructional services (regular programs, special programs, and other instructional programs) for fiscal 2022 totaling \$242.7 million or 51.8% of total expenses, decreased \$49.1 million or 16.84% from fiscal year 2021 primarily because of the allocation of large decreases in the actuarially determined net pension liability and net OPEB liability. The decrease is allocated to the various functions based on budgeted salaries and benefits percentages.

Services that support the instructional services including student services, instructional staff support, general administration, school administration, business services, plant services, student transportation services and central services are support services. Support services for fiscal 2022 totaling \$204.2 million or 43.6% of total expenses, decreased \$8.5 million or 4.0% from fiscal 2021, primarily because of a large decreases in the actuarially determined net pension liability and net OPEB liability which is allocated to the various functions based on budgeted salaries and benefits percentages.

The remaining expenses (food services, community service programs, and interest on long term debt) of \$21.4 million or 4.6% of total expenses, increased \$1.6 million or 8.1% from fiscal 2021.

The program revenues for fiscal 2022 directly related to these expenses totaled \$148.7 million, which along with \$12 thousand in charges for services, resulted in net program expenses of \$319.5 million. These net program expenses are funded by general revenues of the Caddo Parish School Board.

# **Revenues by Source - Governmental Activities**

 <u>Minimum Foundation Program</u>: The single largest source of revenue to the Caddo Parish School Board for grants and contributions not restricted to a specific program is the State Equalization or commonly called the Minimum Foundation Program (MFP). The MFP distribution is based on a formula adopted by the Louisiana Board of Elementary and Secondary Education and approved by the Louisiana Legislature. The chart below lists the actual increases or decreases in MFP funds for the past three years.

|             |         | Child                |           |          |            |
|-------------|---------|----------------------|-----------|----------|------------|
| Fiscal Year | General | Nutrition<br>Program | Total MFP | Increase | (Decrease) |
| 2019-2020   | 187.5   | <u> </u>             | 188.5     | (0.5)    | (.3%)      |
| 2020-2021   | 182.2   | 1.0                  | 183.2     | (5.3)    | (2.8%)     |
| 2021-2022   | 174.0   | 1.0                  | 175.0     | (8.2)    | (4.5%)     |

In FY 2021-2022 the School Board received \$175.0 million or 29.4% of its total revenue from the MFP. These revenues are deposited in the General Fund and the Child Nutrition Program Fund only. This amount is net of MFP revenue paid by the School Board to the charter schools. Due to the decline in enrollment, total MFP funding received in 2021-2022 decreased \$8.2 million.

Ad Valorem Tax Revenues: Ad valorem tax revenues, also called property tax revenues, are the second largest source of revenue for the School Board. Ad valorem collections are based upon the number of mills (approved annually by the School Board) and the taxable assessed value (established by the Caddo Parish Tax Assessor), subject to the limitations approved by the voters and the Louisiana Legislature. The following chart lists the ad valorem tax deposits for the past three years.

|             |         | Nonmajor    |          |            |           |            |
|-------------|---------|-------------|----------|------------|-----------|------------|
|             |         | Parish-Wide | Nonmajor | Total      |           |            |
|             |         | Capital     | Debt     | Ad Valorem |           |            |
| Fiscal Year | General | Projects    | Service  | Taxes      | Increase/ | (Decrease) |
| 2019-2020   | 106.3   | 21.7        | 9.1      | 137.1      | 2.6       | 2.0%       |
| 2020-2021   | 108.9   | 22.2        | 9.2      | 140.2      | 3.1       | 2.3%       |
| 2021-2022   | 110.4   | 22.5        | 9.3      | 142.2      | 2.0       | 1.4%       |

In FY 2021-2022, the School Board recognized \$142.2 million of ad valorem tax revenues for the General Fund, the Parish-Wide Capital Projects Fund, and the Debt Service Fund. This represents 23.9% of the total revenues received. Ad valorem tax revenues in FY 2021-2022 increased by 1.0% as a result of increases in property values.

• <u>Sales and Use Tax Revenues</u>: Sales and use tax revenues are the third largest source of revenues for the Caddo Parish School Board. A 1.5% sales tax rate is levied upon the sale and consumption of goods and services within the parish. The chart below lists the sales and use tax revenues for the past three years.

| Fiscal Year | General Fund | Increase/ | (Decrease) |
|-------------|--------------|-----------|------------|
| 2019-2020   | 79.5         | (0.1)     | (0.1%)     |
| 2020-2021   | 89.4         | 9.9       | 12.0%      |
| 2021-2022   | 101.0        | 11.6      | 13.0%      |

All sales and use tax revenues are deposited into the General Fund. This represents 17.0% of the total revenues received. Sales tax revenue increased substantially in FY 2021-2022 as a result of increased spending due to incentive funding received from the government due to the nationwide pandemic and an increase in prices.

<u>Operating Grants and Contributions</u>: Operating grants and contributions are the fourth largest source of revenues for the School Board. This revenue type is primarily comprised of federal grants with some state grants included. These grants and contributions are specifically restricted to certain programs, and therefore, are netted against the costs of these programs to show a true net cost. The chart below, stated in millions of dollars, shows the operating grants, and contributions by fund source.

| 2019-2020   | 5.4     | 21.2    | -            | -                                 | 32.2                | 58.8         | (1.9)     | (3.1%)     |
| 2020-2021   | 20.0    | 24.8    | 0.8          | -                                 | 35.2                | 80.8         | 22.0      | 37.4%      |
| 2021-2022   | 18.2    | 18.6    | 70.2         | -                                 | 38.5                | 145.5        | 64.7      | 80.0%      |

In FY 2020-2021 the School Board received \$145.5 million in operating grants and contributions. The \$64.7 million increase from FY 2021-2022 is primarily due to an increase in federal grants related to COVID-19 and ESSER.

# Financial Analysis of the Government's Funds

As noted earlier, the Caddo Parish School Board uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The focus of the Caddo Parish School Board's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Caddo Parish School Board's financing requirements. In particular, unrestricted fund balance may serve as a useful measure of a School Board's net resources available for spending at the end of the fiscal year.

The General Fund is the main operating fund of the Caddo Parish School Board. At the end of the current fiscal year, spendable fund balance of the General Fund was \$110.6 million. The Caddo Parish School Board has committed \$21.2 million of the spendable fund balance for future claims and contingencies and for equipment replacement. The remaining \$89.5 million (unassigned) is available for spending at the Caddo Parish School Board's discretion. The fund balance of the general fund increased \$45.1 million for the fiscal year. The main reason for having more revenue than expenses was due to large increases in sales tax revenue, Medicaid reimbursements, and additional federal funding due to the pandemic.

**General Fund Budgetary Highlights.** The Caddo Parish School Board recognizes the importance of sound fiscal planning, as well as the technical relationship of the financial structure to the teaching of students. Formal budgetary integration is employed as a management control device during the fiscal year. The budget policy of the Caddo Parish School Board complies with state law, as amended, and as set forth in Louisiana Revised Statutes Title 39, Chapter 9, Louisiana Local Government Budget Act (LSA-R.S. 39:1301 et seq.).

The original budget for the Caddo Parish School Board was adopted in June 2021. There were no budget amendments for the General Fund in 2022.

# **Actual Results**

- Actual revenues and other financing sources were more than the final budget by \$34.9 million due to increases in sales taxes, federal grants and Medicaid reimbursements over anticipated amounts. The variance percentage was 8.67%.
- Total expenditures and other financing uses were less than final budget with a variance of \$10.2 million. The variance percentage was 2.52%.

#### Caddo Parish School Board Management's Discussion and Analysis (MD&A) June 30, 2022

**Long-Term Debt.** At the end of the current fiscal year, the Caddo Parish School Board had total debt outstanding of \$99.6 million. Of the amount, \$88.7 million comprises debt backed by the full faith and credit of the government. The following table summarizes bonds outstanding at June 30, 2022 and 2021.

## **Outstanding Debt (in millions)**

The Caddo Parish School Board did not enter into any additional capital lease agreements for vehicles (buses). These agreements were paid off during the current year; therefore, no lease payable for the bus leases at June 30, 2022, was recorded.

For additional information regarding capital assets and long-term debt, see notes 5 and 8 to the basic financial statements.

## Economic Factors and Next Year's Budgets and Rates

The following economic factors were considered when the budget for FY 2022-2023 was presented to the Board:

- Property taxes were budgeted flat. No millages are scheduled to be renewed until 2023.
- Sales taxes were budgeted higher than fiscal year 2021-2022 because of the effect of the federal government's stimulus programs.
- State MFP funding reflects the Department of Education's model.
- School staffing was based on the current staffing formula.
- Step increases were included.

| Total fund balances - Governmental Funds at June 30, 2022  |     |  | \$       | 180,550,645    |
| The cost of capital assets (land, buildings, furniture and equipment) purchased<br>or constructed is reported as an expenditure in governmental funds. The Statement of<br>Net Position includes those capital assets among the assets of the School Board as a<br>whole. The cost of those capital assets allocated over their estimated useful lives (as<br>depreciation expense) to the various programs is reported as governmental activities in<br>the Statement of Activities. Because depreciation expense does not affect financial<br>resources, it is not reported in governmental funds. |     |  |          |                |

# NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements of the Caddo Parish School Board have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

# A. REPORTING ENTITY

The Caddo Parish School Board ("School Board") was created by Louisiana Revised Statute LSA-R.S. 17:51 to provide public education for the children within Caddo Parish. The School Board is authorized by LSA-R.S. 17:81 to establish policies and regulations for its own government consistent with the laws of the state of Louisiana and the regulations of the Louisiana Board of Elementary and Secondary Education. The School Board is comprised of twelve members who are elected from twelve districts for terms of four years.

The School Board operates 58 schools within the parish with a total enrollment of approximately 35,000 pupils in the 2021-2022 school year. In conjunction with the regular educational programs, some of these schools offer prekindergarten and/or special education programs. In addition, the School Board provides transportation and school food services for the students.

The School Board is considered a primary government, since it is a special-purpose government that has a separately elected governing body, is legally separate, and is fiscally independent of other state or local governments. Fiscally independent means that the School Board may, without the approval or consent of another governmental entity, determine or modify its own budget, levy its own taxes or set rates or charges, and issue bonded debt.

The School Board has three component units, the Shreveport Charter Foundation, Inc. ("Magnolia" or "Magnolia School of Excellence"), Pathways in Education - Louisiana, Inc. ("Pathways"), and AMIkids Caddo Inc. ("AMIkids"). These charter schools are presented as discretely presented component units. Component units are defined as legally separate organizations for which the elected officials of the primary government are financially accountable. The criteria used in determining whether financial accountability exists include the appointment of a voting majority of an organization's governing board, the ability of the primary government to impose its will on that organization or whether there is a potential for the organization to provide specific financial benefits or burdens to the primary government. Fiscal dependency may also play a part in determining financial accountability. In addition, a component unit can be another organization for which the nature and significance of its relationship with a primary government is such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Magnolia, Pathways, and AMIkids are included in the reporting entity because they are fiscally dependent on the School Board for the majority of their revenue, and because exclusion would render the School System's financial statements incomplete or misleading. However, the charter schools are legally separate entities and, as such, each appoints its own Board. Magnolia is a Type I Charter School that opened in the fall of 2014. It has a June 30 year end. Complete financial statements of this component unit can be obtained from Shreveport Charter Foundation, Inc., 2290 Clyde Fant Parkway, Shreveport, Louisiana 71104. Pathways is a Type I Charter School that opened in the Fall of 2015. It has a June 30 year end. Complete financial statements of this component unit can be obtained from Pathways in Education - Louisiana, Inc., 8999 Mansfield Road, Shreveport, Louisiana 71118. AMIkids is a Type I Charter School that opened in the Fall of 2016. It has a June 30 year end. Complete financial statements of this component unit can be obtained from AMIkids Caddo, Inc., 3860 Hutchinson Street, Shreveport, Louisiana 71109.

The School Board and its component units represent the reporting entity. Additionally, the School Board is a legally separate elected governing body and does not meet the definition of a component unit of any other entity.

# **B. FUNDS**

The accounts of the School Board are organized and operated on the basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements.

The funds of the School Board are classified into three categories: governmental, proprietary and fiduciary.

<u>Governmental Funds</u>: Governmental funds are used to account for the School Board's general government activities, including the collection and disbursement of specific or legally restricted monies, the acquisition or construction of capital assets, and the servicing of long-term debt. The emphasis on fund financial statements is on major funds, each displayed in a separate column. A fund is considered major if it is the primary operating fund of the School Board or its total assets, liabilities, revenues, or expenditures of the individual governmental fund is at least ten (10%) percent of the corresponding total for all governmental funds. The School Board reports the following major governmental funds:

<u>General Fund</u> - the primary operating fund of the School Board accounts for all financial resources, except those accounted for in other funds.

**ESSER** - used to account for the funds received through the Elementary and Secondary School Emergency Relief Fund.

**Proprietary Funds:** Proprietary funds account for activities similar to those found in the private sector, where the determination of net income is necessary or useful to sound financial administration. Proprietary funds differ from governmental funds in that their focus is on measurement, which, together with the maintenance of equity is an important financial indicator. The School Board reports the following proprietary fund:

**Internal Service Fund** - used to account for health insurance for employees of the School Board on a cost reimbursement basis.

**Fiduciary Funds:** Fiduciary funds account for assets held by the government in a trustee capacity or as an agent on behalf of outside parties, including other governments, or on behalf of other funds within the School Board.

*Pension (and Other Post-employment Benefits) Trust Funds* are used to report resources that are required to be held in trust for the members and beneficiaries of defined benefit pension plans, defined contributions plans, other postemployment benefit plans, or other employee benefit plans.

<u>Other Post-employment Benefits Trust Fund</u> - accounts for the assets held in an irrevocable trust for payment of retirees' health insurance premiums and costs.

# C. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

<u>Government-Wide Financial Statements (GWFS)</u> The Statement of Net Position and the Statement of Activities displays information about the reporting government as a whole. Fiduciary funds are not included in the GWFS. Fiduciary funds are reported only in the Statement of Fiduciary Net Position and Statement of Changes in Fiduciary Net Position at the fund financial statement level.

The Statement of Net Position and the Statement of Activities were prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets, and liabilities resulting from non-exchange transactions are recognized in accordance with the requirements of GASB Statement No. 33, *Accounting, and Financial Reporting for Non-exchange Transactions*. The effect of Interfund Activity has been eliminated from the government-wide financial statements.

**Internal activities:** The employees' medical insurance internal service fund provides services to the governmental funds. Accordingly, the employees' insurance fund activity was rolled up into the governmental activities. Pursuant to GASB Statement No. 34 *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, as much as possible, the internal activities have been eliminated in order to avoid the "grossing-up" effect of a straight inclusion. The interfund services provided and used are not eliminated in the process of consolidation.

**Program revenues:** Program revenues include charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

<u>Allocation of indirect expenses</u>: The School Board reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. Depreciation expense is included in the direct expense of each function. Interest on general long-term debt is considered an indirect expense and is reported separately on the Statement of Activities.

#### Fund Financial Statements (FFS)

**Governmental Funds:** The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. Governmental fund types use the flow of current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting revenues are recognized when susceptible to accrual (i.e., when they are "measurable and available"). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The government considers all revenues available if they are collected within 60 days after year-end. Expenditures are recorded when the related fund liability is incurred, except for unmatured principal and interest on general long-term debt which is recognized when due. Compensated absences and claims and judgments are reported in a governmental fund only if the claims are due and payable. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. Operating statements of these funds present increases and decreases in net current assets.

The governmental funds use the following practices in recording revenues and expenditures:

#### Revenues

<u>Ad valorem taxes</u> are recognized when all applicable eligibility requirements are met and the resources are available.

Sales taxes are recognized when underlying exchange transaction occurs and the resources are available.

**Entitlements and shared revenues** (which include state equalization and state revenue sharing) are recorded as unrestricted grants-in-aid at the time of receipt or earlier if the susceptible to accrual criteria are met. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met and the susceptible to accrual criteria have been met.

<u>Other receipts</u> become measurable and available when cash is received by the School Board and are recognized as revenue at that time.

#### **Expenditures**

Salaries are recorded as paid. Salaries for nine-month employees are accrued at June 30.

<u>Other financing sources (uses)</u> include transfers between funds that are not expected to be repaid (and other transactions, such as capital lease transactions, sale of fixed assets, debt extinguishments, long-term debt proceeds, et cetera, and are accounted as other financing sources (uses). These other financing sources (uses) are recognized at the time the underlying events occur.

**Proprietary Fund:** The proprietary fund is accounted for on the flow of economic resources measurement focus and uses the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time the liabilities are incurred. With this measurement focus, all assets and all liabilities associated with the operation of this fund are included on the balance sheet.

**Operating revenues and expenses:** Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services in connection with the fund's principal ongoing operations. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

**Fiduciary Funds:** Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and custodial funds. The School Board has only one type of fiduciary funds: a trust fund.

#### **D. BUDGETS**

<u>General Budget Policies</u> The School Board follows these procedures in establishing the budgetary data reflected in the combined financial statements:

State statute requires budgets be adopted for the general fund and all special revenue funds. Each year prior to September 15, the Superintendent submits to the Board members the proposed annual budgets for the general fund and all special revenue funds. Public hearings are conducted, prior to the Board members' approval, to obtain citizens' comments. The operating budgets include proposed expenditures and the means of financing them.

Appropriations (unexpended budget balances) lapse at year end.

Formal budget integration (within the accounting records) is employed as a management control device. All budgets are controlled at the division, departmental or project level. School Board policy prescribes that the level of budgetary control is at the functional level for the general fund and at the fund level for the special revenue funds.

**Encumbrances** Encumbrance accounting is employed in governmental funds. Outstanding encumbrances lapse at year end. To the extent the School Board intends to honor the purchase orders and commitments, they are reported as restricted or committed fund balances in the fund financial statements. Authorization for the eventual expenditure will be included in the following year's budget appropriations.

**Budget Basis of Accounting** All governmental funds' budgets are prepared on the modified accrual basis of accounting. Budgeted amounts are as originally adopted or as amended by the School Board. Legally, the School Board must adopt a balanced budget; that is, total budgeted revenues and other financing sources including fund balance must equal or exceed total budgeted expenditures and other financing uses. State statutes require the School Board to amend its budgets when revenues plus projected revenues within a fund are expected to be less than budgeted revenues by five percent or more and/or expenditures plus projected expenditures within a fund are functional level and management can transfer amounts between line items within a function.

# E. CASH AND CASH EQUIVALENTS

Cash includes amounts in demand deposits and interest-bearing demand deposits, and time deposit accounts. Cash equivalents include amounts in time deposits and those investments with original maturities of 90 days or less. Under state law, the School Board may deposit funds in demand deposits, interest-bearing demand deposits, or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

# F. INVESTMENTS

Investments are limited by R.S. 33:2955 and the School Board's investment policy. If the original maturities of investments exceed 90 days, they are classified as investments; however, if the original maturities are 90 days or less, they are classified as cash equivalents.

The investments are reflected at fair value except for the following which are required/permitted as per GASB Statement No. 31:

- 1. Investments in *nonparticipating* interest-earning contracts, such as nonnegotiable certificates of deposit with redemption terms that do not consider market rates, are reported using a cost-based measure.
- 2. The School Board reported at amortized cost money market investments and *participating* interest-earning investment contracts that have a remaining maturity at time of purchase of one year or less.

#### Definitions:

Interest-earning investment contracts include time deposits with financial institutions (such as certificates of deposit), repurchase agreements, and guaranteed investment contracts.

Money market investments are short-term, highly liquid debt instruments that include U. S. Treasury obligations.

# G. SHORT-TERM INTERFUND RECEIVABLES/PAYABLES

During the course of operations, numerous transactions occur between individual funds for services rendered. These receivables and payables are classified as due from other funds or due to other funds on the fund financial statements balance sheet. Short-term interfund loans are classified as interfund receivables/payables.

# H. ELIMINATION AND RECLASSIFICATIONS

In the process of aggregating data for the statement of net position and the statement of activities, some amounts reported as interfund activity and balances in the funds were eliminated or reclassified. Interfund receivables and payables were eliminated to minimize the "grossing up" effect on assets and liabilities within the governmental activities column. Interfund services provided or used are not eliminated in the process of consolidation.

## I. INVENTORY AND PREPAID ITEMS

Inventory is recorded as expenses when consumed on the government-wide financial statements and as expenditures when purchased on the fund financial statements.

Inventory of the child nutrition program special revenue fund consists of food purchased by the School Board and commodities granted by the United States Department of Agriculture through the Louisiana Department of Agriculture and Forestry. Unused commodities at June 30 are reported as unearned revenue. All purchased inventory items are valued at cost (first-in, first-out) and commodities are assigned values based on information provided by the United States Department of Agriculture. During the year ended June 30, 2022, the School Board received cash in lieu of commodities.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. Prepaid items are accounted for using the consumption method.

#### J. CAPITAL ASSETS

Capital assets are recorded at historical cost and depreciated over their estimated useful lives (excluding salvage value). The School Board maintains a threshold level for capitalization of the following: \$100,000 for buildings, building improvements and intangibles, \$50,000 for land and land improvements, \$100,000 for intangibles and \$5,000 for equipment and vehicles. Donated capital assets are recorded at their acquisition value at the time of acquisition.

Estimated useful life is management's estimate of how long the asset is expected to meet service demands. Vehicles and trailers are assigned a salvage value of ten percent of historical costs. Straight line depreciation is used based on the following estimated useful lives:

| Buildings               | 25 – 45 years |
|-------------------------|---------------|
| Land improvements       | 10-25 years   |
| Building improvements   | 10-30 years   |
| Furniture and equipment | 5-20 years    |
| Vehicles                | 5-8 years     |
| Intangibles - software  | 10 years      |
| Intangibles - other     | 10 years      |

Land and construction in progress are not depreciated.

# **K. UNEARNED REVENUES**

The School Board reports unearned revenues on its Statement of Net Position and fund balance sheet. Unearned revenues arise when resources are received by the School Board before it has a legal claim to them, as when grant monies are received prior to the occurrence of qualifying expenditures. In subsequent periods, when the School Board has a legal claim to the resources, the liability for deferred revenue is removed and the revenue is recognized.

# L. COMPENSATED ABSENCES

All 12-month employees earn ten to twenty days of vacation leave each year depending upon length of service. Vacation leave may be accumulated up to one hundred and fifty percent of their annual allotment. Upon termination, employees may be paid for their accumulated balance.

All School Board employees earn twelve to sixteen days of sick leave each year depending upon length of service. Sick leave may be accumulated without limitation. Upon retirement or death unused accumulated sick leave of up to 25 days is paid to employees per Louisiana Revised Statute 17:425 at the employees current rate of pay and all unused sick leave is used in the retirement computation as earned service.

Sabbatical leave may be granted for medical reasons and for professional and cultural improvement. Any employee with a teaching certificate is entitled, subject to approval by the School Board, to one semester of sabbatical leave after three years of continuous service or two semesters of sabbatical leave after six or more years of continuous service.

The School Board's recognition and measurement criteria for compensated absences follow:

Vacation leave and other compensated absences with similar characteristics should be accrued as a liability as the benefits are earned by the employees if both of the following conditions are met:

- 1. The employees' right to receive compensation is attributable to services already rendered.
- 2. It is probable that the employer will compensate the employees for the benefits through paid time off or some other means, such as cash payments at termination or retirement.

A liability for sick leave should be accrued using one of the following termination approaches:

- 1. An accrual for earned sick leave should be made only to the extent it is probable that the benefits will result in termination payments, rather than be taken as absences due to illness or other contingencies, such as medical appointments and funerals.
- 2. Alternatively, a governmental entity should estimate its accrued sick leave liability based on the sick leave accumulated at the balance sheet date by those employees who currently are eligible to receive termination payments as well as other employees who are expected to become eligible in the future to receive such payments. The School Board uses the latter approach to accrue the liability for sick leave which includes salary-related payments. Employees with ten years or more of experience are included.

Sabbatical leave benefits are accrued in the government-wide financial statements if they are based on past service, will be used as unrestricted time off, and are probable of being paid. In the fund financial statements, sabbatical leave benefits are recorded in the governmental fund only if the benefits are due and payable.

All School Board employees earn 90 days of extended sick leave that can be used over a 6 year period. It is paid at a rate of 65% of their daily rate of pay. At the end of each 6 year period, the available days is reset to 90 days. All School Board employees earn 30 days catastrophic sick days that can be used over a 6 year period. It is paid at 50% of their daily rate of pay. At the end of each 6 year period, the available days are reset to 30 days.

# **M. PENSIONS**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Teacher's Retirement System of Louisiana (TRSL), State of Louisiana School Employees' Retirement System (LSERS), and Louisiana State Employees' Retirement System (LASERS) (collectively the "Retirement Plans") and additions to/deductions from the Retirement Plans' fiduciary net position have been determined on the same basis as they are reported by the Retirement Plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

# N. OTHER POST-EMPLOYMENT BENEFITS

The fiduciary net position of the Caddo Parish Public School Board Retiree Benefits Plan (the OPEB Plan) has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to other post-employment benefits, OPEB expense, and information about assets, liabilities and additions to/deductions from the OPEB Plan's fiduciary net position. Benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

# **0. DEFERRED OUTFLOWS/INFLOWS OF RESOURCES**

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of* resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The School Board has deferred outflows related to unamortized loss from refunding bonds, net pension liability, and net OPEB liability.

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenues) until that time. The School Board has deferred inflows related to unamortized gain from refunding bond, net pension liability, and net OPEB liability.

# P. LONG-TERM LIABILITIES

For government-wide reporting, the costs associated with the bonds are recognized over the life of the bond. For fund financial reporting, bond premiums and discounts, as well as issuance costs are recognized in the period the bonds are issued. Bond proceeds are reported as other financing source net of the applicable premium or discount. Issuance costs, even if withheld from the actual net proceeds received, are reported as debt service expenditures.

# **Q. RESTRICTED NET POSITION**

For the government-wide statement of net position, net position is reported as restricted when constraints placed on net asset use are either:

Externally imposed by creditors (such as debt covenants), grantors, contributors, or laws or regulations of other governments; or, imposed by law through constitutional provisions or enabling legislation.

Net Position as of June 30, 2022, restricted by enabling legislation, is \$54,749,125.

# **R. FUND BALANCES OF FUND FINANCIAL STATEMENTS**

GASB 54 requires the fund balance amounts to be reported within the fund balance categories as follows:

**Non-spendable:** Fund balance that is not in spendable form or legally or contractually required to be maintained intact. This category includes items that are not easily converted to cash such as inventories.

**<u>Restricted</u>**: Fund balance that can be spent only for the specific purposes stipulated by constitution, external resource providers, or through enabling legislation.

**<u>Committed</u>**: Fund balance that can only be used for specific purposes determined by the School Board's highest level of decision making authority. Committed amounts cannot be used for any other purpose unless the Board removes or changes the specified use by taking the same type of action it employed to previously commit the funds. Committed fund balance is the result of resolutions that were passed at a School Board meeting committing the funds.

**Assigned:** Fund balance that is constrained by the School Board's intent to be used for specific purposes, but are neither restricted nor committed. The School Board currently does not have a policy authorizing the assignment of fund balance.

**Unassigned:** Fund balance that is the residual classification for the general fund. A negative unassigned fund balance may be reported in other governmental funds if expenditures incurred for specific purposes exceed the amounts restricted, committed, or assigned to those purposes.

When both restricted and unrestricted resources are available for use, it is the government's policy to use unrestricted resources first, then restricted resources as necessary. The School Board reduces committed amounts, followed by assigned amounts and then unassigned amounts when an expenditure is incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

#### S. INTERFUND ACTIVITY

Interfund activity is reported as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market, or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund, and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental funds are netted as part of the reconciliation to the government-wide financial statements.

#### T. SALES TAXES

The Caddo Parish School Board has the following three sales tax ordinances:

The voters of Caddo Parish approved on June 6, 1967, a one-half of one percent (1/2%) parish-wide sales tax to be used to supplement salaries of teachers of Caddo Parish and for the operation of public schools in Caddo Parish.

The voters of Caddo Parish approved on May 27, 1969, a one-half of one percent (1/2%) parish-wide sales tax to be used to supplement salaries of teachers of Caddo Parish and for the operation of public schools in Caddo Parish.

The voters of Caddo Parish approved on May 4, 1985, a one-half of one percent (1/2%) parish-wide sales tax to be used to supplement salaries of teachers of Caddo Parish and other School Board employees and for the operation of public schools in Caddo Parish.

# **U. USE OF ESTIMATES**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statement and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

## **V. SUBSEQUENT EVENTS**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statement and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates. Management has evaluated subsequent events through the date that the financial statements were available to be issued, December 28, 2022, and noted that the School Board issued \$9,250,000 of General Obligation Bonds in December 2022.

# W. ADOPTION OF NEW FINANCIAL STANDARDS

The School Board adopted the following Governmental Accounting Standards Board (GASB Statements) in the current fiscal year ended June 30, 2022:

GASB Statement No. 87, *Leases* - In June 2017, the GASB issued Statement No. 87, *Leases*. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right to use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. There was no impact to the financial statements upon adoption.

GASB Statement No. 93, *Replacement of Interbank Offered Rates* - This Statement establishes accounting and reporting requirements related to the replacement of Interbank Offered Rates such as the London Interbank Offered Rate (LIBOR) for hedging derivative instruments. As a result of global reference rate reform, LIBOR is expected to cease to exist in its current form. The requirements are effective for reporting periods beginning after June 15, 2021. There was no impact to the financial statements upon adoption.

GASB Statement No. 97, Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans—an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32 - The requirements related to the accounting and financial reporting for Section 457 plans are effective for fiscal years beginning after June 15, 2021. There was no impact to the financial statements upon adoption.

#### X. FUTURE ACCOUNTING PRONOUNCEMENTS

The Governmental Accounting Standards Board has issued statements that will become effective in future years. The School Board is evaluating the requirements of the statements below and the impact on reporting. These statements are as follows:

GASB Statement No. 96, *Subscription-Based Information Technology Arrangements* - This Statement provides guidance on accounting for Subscription-Based Information Technology Arrangements (SBITA) where the government contracts for the right to use another party's software. The requirements are effective for fiscal years beginning after June 15, 2022. There was no impact to the financial statements upon adoption.

GASB Statement No. 91, *Conduit Debt Obligations* - This Statement clarifies the existing definition of a conduit debt obligation; establishing that a conduit debt obligation is not a liability of the issuer; establishing standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations; and improving required note disclosures. The requirements are effective for reporting periods beginning after December 15, 2021.

#### **NOTE 2 - LEVIED TAXES**

The School Board levies taxes on real and business personal property located within Caddo Parish's boundaries. Property taxes are levied by the School Board on property values assessed by the Caddo Parish Tax Assessor and approved by the State of Louisiana Tax Commission.

The Caddo Parish Sheriff's Office bills and collects property taxes for the School board. Collections are remitted to the School Board monthly.

| Tax sales - 2021 delinquent property | On or about May 15      |  |  |  |  |  |  |  |

Assessed values are established by the Caddo Parish Tax Assessor each year on a uniform basis at the following ratios of assessed value to fair market value.

| 10% land                     | 15% machinery                                 |
|------------------------------|---|
| 10% residential improvements | 15% commercial improvements                   |
| 15% industrial improvements  | 25% public service properties, excluding land |

A revaluation of all property is required after 1978 to be completed no less than every four years. The last revaluation was completed for the roll of January 1, 2021. Total assessed value was \$2,197,777,142 in calendar year 2021. Louisiana state law exempts the first \$75,000 of assessed value of a taxpayer's primary residence from parish property taxes. The homestead exemption was \$336,189,347 of the assessed value in calendar year 2021.

State law requires the Sheriff to collect property taxes in the calendar year in which the assessment is made. Property taxes become delinquent January 1 of the following year. If taxes are not paid by the due date, taxes bear interest at the rate of 1.00% per month until the taxes are paid. After notice is given to the delinquent taxpayers, the Sheriff is required by the *Constitution of the State of Louisiana* to sell the least quantity of property necessary to settle the taxes and interest owed.

All property taxes are recorded in the general fund, parish-wide capital projects fund, and debt service fund. Revenues in such funds are recognized in the accounting period in which an enforceable legal claim arises. Estimated uncollectible taxes are those taxes based on past experience which will not be collected in the subsequent year and are primarily due to subsequent adjustments to the tax roll. The School Board uses the lien date to establish the enforceable legal claim date.

The tax roll is prepared by the parish tax assessor in November of each year; therefore, the bulk of property taxes are collected by the Sheriff in December, January, and February.

Historically, virtually all ad valorem taxes receivable were collected since they are secured by property; therefore, there is no allowance for uncollectible taxes.

The following is a summary of authorized and levied (tax rate per \$1,000 assessed value) ad valorem taxes:

#### NOTE 3 - DEPOSITS AND INVESTMENTS

#### Governmental and Fiduciary Funds

Deposits are stated at cost, which approximates fair value. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The fair value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

**Custodial credit risk**: At year-end, the School Board's carrying amount of deposits was \$ 122,594,615 and the bank balance was \$101,226,488. The deposits are reported as follows: Statement A-cash and cash equivalents, \$118,475,987; Statement A-restricted cash and cash equivalents, \$3,209,857; and Statement J-cash and cash equivalents, \$908,771. Of the bank balance, \$40,342,449 was uninsured and collateralized with securities held by the pledging financial institution's trust department or agent but not in the School Board's name. There were no unsecured funds as of June 30, 2022. Even though the pledged securities are considered uncollateralized under the provisions of GASB Statement No. 40, Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the School Board that the fiscal agent has failed to pay deposited funds upon demand. The School Board's investment policy does not specifically address custodial credit risk.

The deposits include balance of \$33,164,978 in two sweep accounts. Funds in this account are invested in U. S. Government securities at night and swept back to the bank account the next morning. The agreement with the bank specifies that all purchased securities in the possession of the bank shall be segregated from other securities in its possession and shall be identified as subject to the terms of the agreement.

# Investments

Fair Value Measurements: The School Board categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The implementation of this new statement did not change the method of measuring the fair value of the School Board's assets. These guidelines recognize a three-tiered fair value hierarchy.

- Level 1—Investments reflect prices quoted in active markets.
- Level 2—Investments reflect prices that are based on a similar observable asset either directly or indirectly, which may include inputs in markets that are not considered to be active.
- Level 3—Investments reflect prices based upon unobservable sources.

The categorization of investments within the hierarchy is based upon the pricing transparency of the instrument and should not be perceived as the particular investment's risk. Debt and equity securities classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. Debt securities classified in Level 2 of the fair value hierarchy are valued using a matrix and market-corroborate pricing and inputs such as yield curves and indices. Matrix pricing is used to value securities based on the securities' relationship to benchmark quote prices.

Interest Rate Risk: The School Board's policy does not address specific policies for managing interest rate risk.

Credit Risk: The School Board's policy does not address credit rate risk.

Custodial Credit Risk: The School Board's policy regarding custodial credit risk is that funds on deposit shall be collateralized an amount at all times equal to 100% by pledged "approved securities" as specified by La. R.S 39:1225 as amended to adequately protect the funds of the School Board.

At June 30, 2022, the Statement of Net Position had unrestricted investments of \$118,548,324. This consists of General Fund investments of \$43,417,926 and Internal Service investments of \$75,130,398. Information regarding these investments are described in the tables below.

#### **Other Post-employment Benefits Trust Fund**

The School Board follows the state law regarding investments in postemployment benefits funds by political subdivisions, R.S. 33:5161 and R.S. 33:5162. In summary, funds may be invested in direct U.S. Treasury Obligations, debt which is issued or guaranteed by federal agencies and backed by the full faith and credit of the U.S., direct security repurchase agreements of any federal book-entry only securities, debt issued by Corporations of the U.S. which are rated Baa or better by Moody's, Inc. or BBB or better by Fitch or Standard and Poor's Corporation, money market mutual funds or Louisiana Asset Management Pool.

Concentration of Credit Risk: R.S. 33:5162 provides that all fixed income investments shall be appropriately diversified by maturity, security, sector, and credit quality. At June 30, 2022, no more than 5 percent of the other postemployment benefits trust fund's total investments were invested in any single issuer.

The Other Post-employment Benefits Trust Fund at June 30, 2022, consisted of cash of \$908,771 and investments of \$22,066,878. Information regarding these investments are described in the tables below.

# Caddo Educational Excellence Fund (CEEF)

Restricted cash and investments are reported on the statement of net position. These are restricted for the Caddo Educational Excellence Fund (CEEF) permanent fund. Funds collected pursuant to R.S. 4:552(A) and allocated pursuant to R.S. 4:552(A)(2)(d) shall be periodically transferred to the official repository of the Caddo Parish School Board. Louisiana R.S. 17:408.1B states that the funds are to be invested in the same manner as the post-employment benefit trusts are permitted to be invested pursuant to R.S. 33:5162. Earnings on principal may also be invested. However, the amount of earnings shall be kept account of separately from fund principal and shall be available for the school board to withdraw solely for the purposes of instructional enhancement.

CEEF at June 30, 2022, consisted of restricted cash of \$2,725,266 and restricted investments of \$19,243,094. Information regarding these investments are described in the tables below.

## NOTE 6 - RETIREMENT SYSTEMS

Substantially all employees of the School Board are provided with pensions through cost-sharing multiple-employer defined benefit pension plans administered by the Teachers' Retirement System Louisiana ("TRSL"), the Louisiana School Employees' Retirement System ("LSERS"), or the Louisiana State Employees' Retirement System ("LASERS"), all of which are administered on a statewide basis. The authority to establish and amend the benefit terms of TRSL, LSERS, and LASERS was granted to the respective Board of Trustees and the Louisiana Legislature by Title 11 of the Louisiana Revised Statutes.

TRSL, LSERS, and LASERS each issue publicly available financial reports that can be obtained at www.trsl.org, www.lsers.net, and www.lasersonline.org, respectively. Disclosures relating to these plans follow:

### **Plan Descriptions**

### TRSL

### Plan Description

TRSL was established for the purpose of providing retirement allowances and other benefits as stated under the provisions of La. R.S. 11:700-999, as amended for eligible teachers, employees, and their beneficiaries. The projection of benefit payments in the calculation of the total pension liability includes all benefits to be provided to current active and inactive employees through the System in accordance with the benefit terms and any additional legal agreements to provide benefits that are in force at the measurement date.

The following is a description of the plan and its benefits, and is provided for general information purposes only. Participants should refer to the appropriate statutes for more complete information.

## Eligibility Requirements and Retirement Benefits

Regular Plan - Members whose first employment makes them eligible for membership in a Louisiana state retirement system on or after January 1, 2011 may retire with a 2.5% accrual rate after attaining age sixty with at least 5 years of service credit and are eligible for an actuarially reduced benefit with 20 years of service at any age. All other members, if initially hired on or after July 1, 1999, are eligible for a 2.5% accrual rate at the earliest of age 60 with 5

years of service, age 55 with 25 years of service, or at any age with 30 years of service. Members may retire with an actuarially reduced benefit with 20 years of service at any age. If hired before July 1, 1999, members are eligible for a 2% accrual rate at the earliest of age 60 with 5 years of service, or at any age with 20 years of service and are eligible for a 2.5% accrual rate at the earliest of age 65 with 20 years of service, age 55 with 25 years of service, or at any age with 30 years of service. Plan A - Members may retire with a 3.0% annual accrual rate at age 55 with 25 years of service, regardless of age. Plan A is closed to new entrants. Plan B - Members may retire with a 2.0% annual accrual rate at age 55 with 30 years of service, or age 60 with 5 years of service.

For all plans, retirement benefits are based on a formula which multiplies the final average compensation by the applicable accrual rate, and by the years of creditable service. For Regular Plan and Lunch Plan B members whose first employment makes them eligible for membership in a Louisiana state retirement system on or after January 1, 2011, final average compensation is defined as the highest average 60-month period. For all other members, final average compensation is defined as the highest average 36-month period.

A retiring member is entitled to receive the maximum benefit payable until the member's death. In lieu of the maximum benefit, the member may elect to receive a reduced benefit payable in the form of a Joint and Survivor Option, or as a lump sum that can't exceed 36 months of the members' maximum monthly benefit amount.

Effective July 1, 2009, members may make an irrevocable election at retirement to receive an actuarially reduced benefit which increases 2.5% annually, beginning on the first retirement anniversary date, but not before age 55 or before the retiree would have attained age 55 in the case of a surviving spouse. This option can be chosen in combination with the above options.

## Deferred Retirement Option Program (DROP)

In lieu of terminating employment and accepting a service retirement, an eligible member can begin participation in the Deferred Retirement Option Program (DROP) on the first retirement eligibility date for a period not to exceed the 3rd anniversary of retirement eligibility. Delayed participation reduces the three year participation period. During participation, benefits otherwise payable are fixed, and deposited in an individual DROP account. Upon termination of DROP, the member can continue employment and earn additional accruals to be added to the fixed pre-DROP benefit. Upon termination of employment, the member is entitled to the fixed benefit, an additional benefit based on post -DROP service (if any), and the individual DROP account balance which can be paid in a lump sum or an additional annuity based on the account balance.

### Disability Retirement Benefits

Active members whose first employment makes them eligible for membership in a Louisiana state retirement system before January 1, 2011, and who have five or more years of service credit are eligible for disability retirement benefits if certified by the State Medical Disability Board (SMDB) to be disabled from performing their job. All other members must have at least 10 years of service to be eligible for a disability benefit. Calculation of the disability benefit as well as the availability of a minor child benefit is determined by the plan to which the member belongs and the date on which the member's first employment made them eligible for membership in a Louisiana state retirement system.

### Survivor Benefits

A surviving spouse with minor children of an active member with five years of creditable service (2 years immediately prior to death) or 20 years of creditable service is entitled to a benefit equal to the greater of (a) \$600 per month, or (b) 50% of the member's benefit calculated at the 2.5% accrual rate for all creditable service. When a minor child(ren) is no longer eligible to receive survivor benefits, the spouse's benefit reverts to a survivor benefit in accordance with the provisions for a surviving spouse with no minor child(ren). Benefits for the minor child(ren) cease when he/she is no longer eligible. Each minor child (maximum of 2) shall receive an amount equal to the greater of (a) 50% of the spouse's benefit or (b) \$300 (up to 2 eligible children). Benefits to minors cease at

attainment of age 18, marriage, or age 23 if enrolled in an approved institution of higher education. A surviving spouse without minor children of an active member with 10 years of creditable service (2 years immediately prior to death) or 20 years of creditable service is entitled to a benefit equal to the greater of (a) \$600 per month, or (b) the option 2 equivalent of the benefit calculated at the 2.5% accrual rate for all creditable service.

### Permanent Benefit Increases/Cost of Living Adjustments

As fully described in Title 11 of the Louisiana Revised Statutes, the System allows for the payment of permanent benefit increases, also known as cost-of-living adjustments (COLAs) that are funded through investment earnings when recommended by the Board of Trustees and approved by the State Legislature.

## **Optional Retirement Plan (ORP)**

ORP was established for academic employees of public institutions of higher education who are eligible for membership in TRSL. This plan was designed to provide certain academic and unclassified employees of public institutions of higher education an optional method of funding for their retirement. The ORP is a defined contribution pension plan which provides for portability of assets and full and immediate vesting of all contributions submitted on behalf of the affected employees to the approved providers. These providers are selected by the TRSL Board of Trustees. Monthly employer and employee contributions are invested as directed by the employee to provide the employee with future retirement benefits. The amount of these benefits is entirely dependent upon the total contributions and investment returns accumulated during the employee's working lifetime. Employees in eligible positions of higher education can make an irrevocable election to participate in the ORP rather than TRSL and purchase annuity contracts—fixed, variable, or both—for benefits payable at retirement.

## LSERS

### Plan Description

The State of Louisiana School Employees' Retirement System is the administrator of a cost-sharing multipleemployer defined benefit pension plan and is a component unit of the State of Louisiana and is included in the State's CAFR as a Pension Trust Fund. The System was established and provided for by R.S.11:1001 of the Louisiana Revised Statutes (LRS). The accompanying statements present information only as to transactions of the System as authorized by Louisiana Revised Statutes. The following is a description of the Plan and its benefits and is provided for general information purposes only. Participants should refer to the appropriate statutes for more complete information.

## Eligibility Requirements

Membership is mandatory for all persons employed by a Louisiana Parish or City School Board or by the Lafourche Special Education District #1 who work more than twenty hours per week as a school bus driver, school janitor, school custodian, school maintenance employee, or school bus aide, a monitor or attendant, or any other regular school employee who actually works on a school bus helping with the transportation of school children. If a person is employed by and is eligible to be a member of more than one public agency within the state, he must be a member of each such retirement system. Members are vested after 10 years of service or 5 years if enrolled after June 30, 2010. All temporary, seasonal and part-time employees as defined in federal Regulations 26 CFR 31:3121(b)(7)-2 are not eligible for membership in the Plan. Any part-time employees who work 20 hours or less per week and who are not vested will be refunded their contributions.

### Benefits

Benefit provisions are authorized and amended under Louisiana Revised Statutes. Benefit provisions are dictated by LA R.S. 11:1141 - 11:1153. A member who joined the system on or before June 30, 2010 is eligible for normal retirement if he has at least 30 years of creditable service regardless of age, 25 years of creditable service and is at least age 55, 20 years of creditable service regardless of age with an actuarially reduced benefit, or 10 years of creditable service and is at least age 60. A member who joined the system on or after July 1, 2010 is eligible for normal retirement if he has at least 5 years of creditable service and is at least age 60, or 20 years of creditable service regardless of age with an actuarially reduced benefit. For members who joined the system prior to July 1,

2006, the maximum retirement benefit is an amount equal to 3 1/3% of the average compensation for the three highest consecutive years of membership service, subject to the 10% salary limitation, multiplied by the number of years of service limited to 100% of final average compensation plus a supplementary allowance of \$2.00 per month for each year of service. For members who joined the system on or after July 1, 2006 through June 30, 2010, 3 1/3% of the average compensation is used to calculate benefits; however, the calculation consists of the five highest consecutive years of membership service, subject to the 10% salary limitation. For members who join the system on or after July 1, 2010, 2 1/2% of the average compensation is used to calculate benefits and consists of the five highest consecutive years' average salary, subject to the 15% salary limitation. The supplemental allowance was eliminated for members entering the Plan on or after July 1, 1986. Effective January 1, 1992, the supplemental allowance was reinstated to all members whose service retirement became effective after July 1, 1971.

#### Disability

A member is eligible to retire and receive disability benefits if he has at least five years of creditable service, is not eligible for normal retirement and has become totally and permanently disabled and is certified as disabled by the Medical Board. A member who joins the system on or after July 1, 2006, must have at least ten years of service to qualify for disability benefits. Upon the death of a member with five or more years of creditable service, the Plan provides benefits for surviving spouses and minor children. Under certain conditions outlined in the statutes, a spouse is entitled to 75% of the member's benefit.

#### Deferred Retirement Option Plan (DROP)

Members of the Plan may elect to participate in DROP and defer the receipt of benefits. The election may be made only one time and the duration is limited to three years. Once an option has been selected, no change is permitted. Upon the effective date of the commencement of participation in the DROP Plan, active membership in the regular retirement plan of the system terminates. Average compensation and creditable service remain as they existed on the effective date of commencement of participation in the Plan. The monthly retirement benefits, that would have been payable had the person elected to cease employment and receive a service retirement allowance, are paid into the Deferred Retirement Option Plan Fund Account. The Plan maintains subaccounts within this account reflecting the credits attributed to each participant in the Plan. Interest credited and payments from the DROP account are made in accordance with LA R.S. 11:1152(E)(3). Upon termination of participation in both the Plan and employment, a participant may receive his DROP monies either in a lump sum payment from the account or systematic disbursements. The Plan also provides for deferred benefits for vested members who terminate before being eligible for retirement. Once the member reaches the appropriate age for retirement, benefits become payable.

### Initial Benefit Retirement Plan (IBRP)

Effective January 1, 1996, the state legislature authorized the Plan to establish an IBRP program. IBRP is available to members who have not participated in DROP and who select the maximum benefit, Option 2 benefit, Option 3 benefit or Option 4 benefit. Thereafter, these members are ineligible to participate in the DROP. The IBRP program provides both a one-time single sum payment of up to 36 months of a regular monthly retirement benefit, plus a reduced monthly retirement benefit for life. Interest credited and payments from IBRP account are made in accordance with LA R.S. 11:1152(F)(3).

#### **LASERS**

#### Plan Description

The System was established for the purpose of providing retirement allowances and other benefits as stated under the provisions of La. R.S. 11:401, as amended, for eligible state officers, employees and their beneficiaries. The projection of benefit payments in the calculation of the total pension liability includes all benefits to be provided to current active and inactive employees through the System in accordance with the benefit terms and any additional legal agreements to provide benefits that are in force at the measurement date.

The following is a description of the plan and its benefits and is provided for general information purposes only. Participants should refer to the appropriate statutes for more complete information.

## Eligibility Requirements and Retirement Benefits

The age and years of creditable service required in order for a member to retire with full benefits are established by statute, and vary depending on the member's hire date, employer, and job classification. The majority of LASERS rank and file members may either retire with full benefits at any age upon completing 30 years of creditable service or at age 60 upon completing five to ten years of creditable service depending on their plan. Additionally, members may choose to retire with 20 years of service at any age, with an actuarially reduced benefit. The basic annual retirement benefit for members is equal to 2.5% to 3.5% of average compensation multiplied by the number of years of creditable service.

Average compensation is defined as the member's average annual earned compensation for the highest 36 consecutive months of employment for members employed prior to July 1, 2006. For members hired July 1, 2006 or later, average compensation is based on the member's average annual earned compensation for the highest 60 consecutive months of employment. The maximum annual retirement benefit cannot exceed the lesser of 100% of average compensation or a certain specified dollar amount of actuarially determined monetary limits, which vary depending upon the member's age at retirement. Judges, court officers, and certain elected officials receive an additional annual retirement benefit equal to 1.0% of average compensation multiplied by the number of years of creditable service in their respective capacity. As an alternative to the basic retirement benefits, a member may elect to receive their retirement benefits under any one of six different options providing for reduced retirement benefits payable throughout their life, with certain benefits being paid to their designated beneficiary after their death.

Act 992 of the 2010 Louisiana Regular Legislative Session, changed the benefit structure for LASERS members hired on or after January 1, 2011. This resulted in three new plans: regular, hazardous duty, and judges. The new regular plan includes regular members and those members who were formerly eligible to participate in specialty plans, excluding hazardous duty and judges. Regular members and judges are eligible to retire at age 60 after five years of creditable service and, may also retire at any age, with a reduced benefit, after 20 years of creditable service. Hazardous duty members are eligible to retire with twelve years of creditable service at age 55, 25 years of creditable service at any age or with a reduced benefit after 20 years of creditable service. Average compensation will be based on the member's average annual earned compensation for the highest 60 consecutive months of employment for all three new plans. Members in the regular plan will receive a 2.5% accrual rate, hazardous duty plan a 3.33% accrual rate, and judges a 3.5% accrual rate. The extra 1.0% accrual rate for each year of service for court officers, the governor, lieutenant governor, legislators, House clerk, sergeants at arms, or Senate secretary, employed after January 1, 2011, was eliminated by Act 992. Specialty plan and regular members, hired prior to January 1, 2011, who are hazardous duty employees have the option to transition to the new hazardous duty plan.

A member leaving employment before attaining minimum retirement age, but after completing certain minimum service requirements, becomes eligible for a benefit provided the member lives to the minimum service retirement age, and does not withdraw their accumulated contributions. The minimum service requirement for benefits varies depending upon the member's employer and service classification but generally is ten years of service.

### Deferred Benefits

The State Legislature authorized LASERS to establish DROP. When a member enters DROP, their status changes from active member to retiree even though they continue to work and draw their salary for a period of up to three years. The election is irrevocable once participation begins. During DROP participation, accumulated retirement benefits that would have been paid to each retiree are separately tracked. For members who entered DROP prior to January 1, 2004, interest at a rate of one-half percent less than LASER's realized return on its portfolio (not to be less than zero) will be credited to the retiree after participation ends. At that time, the member must choose among available alternatives for the distribution of benefits that have accumulated in the DROP account. Members who enter DROP on or after January 1, 2004, are required to participate in LASERS Self-Directed Plan (SDP) which is administered by a third-party provider. The SDP allows DROP participants to choose from a menu of investment options for the allocation of their DROP balances. Participants may diversify their investments by choosing from an

approved list of mutual funds with different holdings, management styles, and risk factors.

Members eligible to retire and who do not choose to participate in DROP may elect to receive at the time of retirement an initial benefit option (IBO) in an amount up to 36 months of benefits, with an actuarial reduction of their future benefits. For members who selected the IBO option prior to January 1, 2004, such amount may be withdrawn or remain in the IBO account earning interest at a rate of one-half percent less than the System's realized return on its portfolio (not to be less than zero). Those members who select the IBO on or after January 1, 2004, are required to enter the SDP as described above.

## Disability Benefits

All members with ten or more years of credited service who become disabled may receive a maximum disability retirement benefit equivalent to the regular retirement formula without reduction by reason of age. Upon reaching age 60, the disability retiree may receive a regular retirement benefit by making application to the Board of Trustees. For injuries sustained in the line of duty, hazardous duty personnel in the Hazardous Duty Services Plan will receive a disability benefit equal to 75% of final average compensation.

## Survivor's Benefits

Certain eligible surviving dependents receive benefits based on the deceased member's compensation and their relationship to the deceased. The deceased member who was in state service at the time of death must have a minimum of five years of service credit, at least two of which were earned immediately prior to death, or who had a minimum of twenty years of service credit regardless of when earned in order for a benefit to be paid to a minor or handicapped child. Benefits are payable to an unmarried child until age 18, or age 23 if the child remains a full-time student. The aforementioned minimum service credit requirement is ten years for a surviving spouse with no minor children, and benefits are to be paid for life to the spouse or qualified handicapped child.

## Permanent Benefit Increases/Cost-of-Living Adjustments

As fully described in Title 11 of the Louisiana Revised Statutes, LASERS allows for the payment of ad hoc permanent benefit increases, also known as cost-of-living adjustments (COLAs), which are funded through investment earnings when recommended by the Board of Trustees and approved by the State Legislature.

## **Employer Contributions**

## TRSL

The employer contribution rate is established annually under LA R.S. 11:101 - 11:104 by the Public Retirement Systems Actuarial Committee (PRSACX) taking into consideration the recommendation of the System's actuary. Each sub plan pays a separate actuarially determined employer contribution rate. However, all assets of TRSL are used for the payment of benefits for all classes of members, regardless of their plan.

The normal cost portion of each plan's employer contribution rate varies based upon that plan's benefits, member demographics, and the rate contributed by employees. The Unfunded Accrued Liability (UAL) contribution rate is determined in aggregate for all plans. The UAL established due to a specific plan or group of plans because of legislation will be allocated entirely to that plan or those plans.

For ORP, only the UAL portion of the employer contribution is retained by the plan. Therefore, only the UAL projected rates were used in the projection of future contributions in determining an employer's proportionate share.

*Contributions Required and Made-* Covered employees and the School System are required by State statute to contribute fixed percentages of employees' gross earnings to the pension plans. Current contribution rates for the plans are as follows:

|                   | Employee | Employer |
|-------------------|----------|----------|
| Teachers' Regular | 8.00%    | 25.8%    |
| Lunch Plan B      | 5.00%    | 25.8%    |

The School Board's contributions to TRSL for the years ended June 30, 2022, 2021, and 2020, were \$53,050,921, \$50,914,786, and \$51,522,666, respectively, equal to the required contributions for each year.

## LSERS

### Employer Contributions

Contributions for all participating school boards are actuarially determined as required by Act 81 of 1988 but cannot be less than the rate required by the Constitution. The actuarial required contribution rate and actual contribution rate for June 30, 2021, was 28.7%.

### Contributions Required and Made

Covered employees and the School System are required by State statute to contribute fixed percentages of employees' gross earning to the plan. Current contribution rates for the plans are 7.5% for participating employees hired on or before June 30, 2006, 8% for participating employees hired on or after July 1, 2006, and 30.4% for the School System.

The School Board's contributions to LSERS for the years ended June 30, 2022, 2021, and 2020, were \$5,890,830, \$5,390,246, and \$5,348,505, respectively, equal to the required contributions for each year.

### **LASERS**

The employer contribution rate is established annually under La. R.S. 11:101-11:104 by the Public Retirement Systems' Actuarial Committee (PRSAC), taking into consideration the recommendation of the System's Actuary. Each plan pays a separate actuarially-determined employer contribution rate. However, all assets of LASERS are used for the payment of benefits for all classes of members, regardless of their plan membership.

### Contributions Required and Made

Covered employees and the School System are required by State statute to contribute fixed percentages of employees' gross earnings to the pension plans. Current contribution rates for the plans are 7.5% for participating employees hired on or before June 30, 2006, 8% for employees hired on or after July 1, 2006, and 40.1% for the School System.

The School Board's contributions to LASERS for the years ended June 30, 2022, 2021, and 2020, were \$102,089, \$111,259, and \$170,017, respectively, equal to the required contributions for each year.

# Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liabilities were measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The School Board's proportion of the net pension liability for TRSL and LASERS was based on a projection of the School Board's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. The Schools Board's proportion of the net pension liability of LSERS was based on the School Board's historical contributions.

|        | Net | Pension Liability at | <b>Proportion</b> at | Increase (Decrease) to   |
|--------|-----|----------------------|----------------------|--------------------------|
|        |     | June 30, 2022        | June 30, 2021        | June 30, 2021 Proportion |

The following table reflects the School Board's proportionate share of the Net Pension Liability for each of the pension plans, the proportion at June 30, 2022, and the change compared to the June 30, 2021, proportion.

The following table reflects the School Board's recognized pension expense plus the School Board's amortization of change in proportionate share and difference between employer contributions and proportionate share of contributions for each of the pension plans for the year ended June 30, 2022.

|        | <b>Pension Expense</b> | Amortization   | Total          |

The following table provides a summary of the best estimates of arithmetic real rates of return for each major asset class included in each of the pension plans' target asset allocation as of June 30, 2021:

### **Discount Rates**

The discount rates used to measure the total pension liability for TRSL, LSERS, and LASERS were 7.40%, 6.90%, and 7.40%, respectively, for the year ended June 30, 2022.

The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that sponsor contributions will be made at rates equal to the difference between actuarially determined contribution rates and member rate. Based on those assumptions, each of the pension plans' fiduciary net positions were projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

# Sensitivity of the School Board's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following table presents the School Board's proportionate share of the Net Pension Liability (NPL) using the discount rate of each pension plan as well as what the School Board's proportionate share of the Net Pension Liability would be if it were calculated using a discount rate that is one percentage-point lower or one percentage-point higher than the current rate:

## Support of Non-employer Contributing Entities

Contributions received by a pension plan from non-employer contributing entities that are not in a special funding situation are recorded as revenue by the respective pension plan. The School Board recognizes revenue in an amount equal to their proportionate share of the total contributions to the pension plan from these non-employer contributing entities. During the year ended June 30, 2022, the School Board recognized revenue as a result of support received from non-employer contributing entities of \$1,722,233 for its participation in TRSL. LSERS and LASERS do not receive support from non-employer contributing entities and, as a result, no revenue was recorded for LSERS or LASERS for the year ended June 30, 2022.

### **Pension Plans Fiduciary Net Position**

Detailed information about the pension plans' fiduciary net position is available in the separately issued financial reports for TRSL, LSERS, and LASERS and can be obtained on the pension plans' respective websites or on the Louisiana Legislative Auditor's website: <u>www.lla.la.gov</u>.

### Payables to the Pension Plan

As of June 30, 2022, the School Board had pension payables to the pension plans totaling \$13,591,588. Payables are the School Board's legally required contributions to the pension plans. Outstanding balances will be applied to the School Board's required monthly contributions. The balance due to each of the pension plans is as follows:

|        | <br>Payables     |  |  |

### NOTE 7 - OTHER POST-EMPLOYMENT BENEFITS

### General Information about the OPEB Plan

*Plan Description and Administration* – The Caddo Parish Public School Board administers the Caddo Parish Public School Board Retiree Benefits Plan (the Plan) - a single-employer defined benefit plan that is used to provide postemployment benefits other than pensions (OPEB) for all permanent full-time employees of the School Board. The Plan was established in January 2012.

*Management of the Plan* – Management of the plan is vested in the Board, which consists of management and the Board of Directors, who may vary from time to time.

*Plan Membership* – At June 30, 2022, the Plan's membership consisted of the following:

| Inactive plan members or beneficiaries currently receiving | 4,202 |
|--|-------|
| benefit payments   |       |
| Inactive plan members entitled to but not yet receiving    | -     |
| benefit payments   |       |
| Active plan members  | 3,476 |
|  |       |
|  | 7,678 |

*Benefits Provided* – Medical benefits are provided through a comprehensive medical plan and are made available to employees upon actual retirement. Employees are covered by the Teachers' Retirement System of Louisiana (TRSL), the Louisiana State Employees' Retirement System (LASERS) and the Louisiana School Employees' Retirement System (LSERS). All three systems have similar retirement (D.R.O.P. entry) eligibility provisions. Accordingly, we have assumed the following eligibility for retirement (D.R.O.P. entry): 30 years of service at any age; age 55 and 25 years of service; or, age 60 and 10 years of service. In addition, employees hired on and after January 1, 2011 may not retire prior to age 60 without actuarial reduction in benefits.

Life insurance coverage is available to retirees by election and based on a modified unblended rate (active and retired). The retiree pays 75% of this modified unblended premium. Insurance coverage amounts are reduced to 75% of the original level at age 65 and again to 50% of the original level age 70 according to plan provisions.

*Contributions* – The School Board has the authority to establish and amend the contribution requirements of the School Board and the plan members. Plan members are not required to contribute to their post employment benefits costs.

### Investments

*Investment policy* – The Board's management meets with the Trust's investment advisor on an annual basis to review the asset allocation and make any changes deemed necessary. The following was the asset allocation policy as of June 30, 2022:

| Asset Class  | <b>Target Allocation</b> |
|--------------|--------------------------|
| Fixed Income | 75.0%                    |
| Equity       | 25.0%                    |

*Concentrations* – The Trust has over 5% invested in the following funds; Federal National Mortgage Assoc, 15.06%, US Treasury, 5.22%, SPDR S&P 500 Index ETF, 18.38%.

*Rate of Return* – For the year ended June 30, 2022, the annual money-weighted rate of return on investments, net of investment expense, was -7.01%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

## Net OPEB Liability

The components of the net OPEB liability of the School Board at June 30, 2022, were as follows:

| Total OPEB liability<br>Plan fiduciary net position                     | \$<br>863,558,343<br>23,071,478 |
|---|---------------------------------|
| School Board's net OPEB liability                                       | \$<br>840,486,865               |
| Plan fiduciary net position as a percentage of the total OPEB liability | 2.67%                           |

The School Board's net OPEB liability was measured as of June 30, 2022, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date.

Actuarial Assumptions – The total OPEB liability in the June 30, 2022 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

| Inflation                   | 2.5%  |
|-----------------------------|---|
| Salary increases            | 4.0%, including inflation                           |
| Discount Rate               | 2.16% annually (beginning of year to determine ADC) |
|                             | 3.54% annually (at end of year measurement date)    |
| Healthcare cost trend rates | 5.5% annual trend for 10 years, 4.5% thereafter     |
| Mortality                   | SOA RP-2000 Table                                   |

The actuarial assumptions used in the June 30, 2022 valuation were based on the results of ongoing evaluations of the assumptions from July 1, 2008 to June 30, 2021.

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the target asset allocation as of June 30, 2022 are summarized in the following table:

|                 | Long-Term                 |  |
|-----------------|---------------------------|--|
|                 | <b>Expected Real Rate</b> |  |
| Asset Class     | of Return                 |  |
| Corporate Bonds | 4.0%                      |  |
| Agency Bonds    | 2.2%                      |  |
| Cash            | 2.0%                      |  |

*Discount Rate* – Although this plan is a defined benefit OPEB plan which meets the requirements of paragraph 4 of GASB Statement No. 75, the funded ratio is only 1.1% and the total actual and deemed employer contributions are well below the actuarially determined contribution. We have therefore used a discount rate which would be applicable had the requirements of paragraph 4 not been met. That discount rate is 2.54%, which is the value of the Bond Buyers' 20 Year General obligation municipal bond index as of June 30, 2022, the end of the applicable measurement period.

### Payable to the OPEB Plan

The School Board reported no payables for any outstanding contributions to the OPEB Plan required for the year ended June 30, 2022.

### NOTE 8 - LONG-TERM LIABILITIES

The School Board has issued the following types of long-term liabilities, all which pertain to the School Board's governmental activities.

**General Obligation Bonds:** The School Board issues general obligation bonds to provide funds for the acquisition of land for schools, to build new facilities and to improve capital assets. General obligation bonds are direct obligations and pledge the full faith and credit of the School Board. These bonds generally are issued as 20- or 25-year serial bonds with varying amounts of principal maturing each year.

**Qualified School Construction Bond:** The School Board received authority under the American Recovery and Reinvestment Act of 2009 (ARRA) to issue taxable bonds for construction, rehabilitation or repair of public school facilities. The bonds are interest free and bond holders receive a tax credit in lieu of interest. In June 2009, the School Board issued revenue bonds of \$17,359,000 to be paid from the constitutional tax of 7.96 mills collected annually. In 2011 the School Board issued revenue bonds of \$20,707,000 to be paid from the constitutional tax of 7.96 mills collected annually.

**Summary of Transactions and Balances**: The following is a summary of the long-term liabilities transactions and balances for the year ended June 30, 2022:

Payments on the general obligation bonds payable that pertain to the School Board's governmental activities are made by the debt service fund. The Qualified School Construction Bonds payments are made by the parish-wide capital projects fund. The compensated absences liability attributable to the governmental activities will be liquidated by several of the School Board's governmental funds. In the past, approximately 92.9% was paid by the general fund and the remaining 7.1% by other governmental funds. Claims and judgments payable have typically been liquidated by the general fund. Each governmental fund with payroll expense is also used to liquidate pension liabilities.

In February 2022, the School Board issued \$9,500,000 in General Obligation Bonds, Series 2022. The Bonds were issued for the purpose of acquiring and/or improving lands for building sites and playgrounds, if necessary, including construction of necessary sidewalks and streets adjacent thereto; purchasing, erecting, and/or improving school buildings and other school related facilities and acquiring the necessary equipment and furnishings, and specifically for those projects in the Capital Improvement Plan approved in January 2019, and paying the costs of issuance of the bonds, including the premium for a bond insurance policy.

In October 2021, the School Board issued \$5,800,000 in General Obligation School Refunding Bonds, Series 2021. The Bonds were issued for the purpose of refunding the School Board's General Obligation School Refunding Bonds, Series 2012 scheduled to mature in 2023, 2024, 2026, and 2029 and paying the costs of issuance of the bonds.

All principal and interest requirements are funded in accordance with Louisiana law by the annual ad valorem tax levy on taxable property within the parish. At June 30, 2022, the School Board had accumulated \$11,790,242 in the debt service funds for future debt requirements. The bonds are due as follows:

In accordance with Louisiana Revised Statute 39:562, the School Board is legally restricted from incurring longterm bonded debt in excess of 35 percent of the assessed value of taxable property. At June 30, 2022, the statutory limit is \$795,327,765 and outstanding net bonded debt totals \$76,861,263.

The School Board defeased certain general obligation bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the School Board's financial statements. At June 30, 2022, \$27,132,931 of bonds outstanding is considered defeased.

### NOTE 9 - INTERFUND ASSETS/LIABILITIES (FFS LEVEL ONLY)

The composition of interfund balances as of June 30, 2022, is as follows:

| Receivable Fund | Amount        | Payable Fund           | Amount        |
|-----------------|---------------|------------------------|---------------|
| General         | \$ 40,764,496 | ESSER Fund             | \$ 16,846,946 |
|                 | -             | Non Major Governmental | 5,355,467     |
|                 |               | Internal Service Funds | 18,562,083    |
| Total           | \$ 40,764,496 |                        | \$ 40,764,496 |

The interfund balances between the General Fund and Internal Service Fund are related to shared investments that were not transferred before year end. The General Fund also has an interfund receivable from the ESSER and Non

Major Governmental Funds due to covering current year expenditures on cost reimbursement programs until the payments between funds are made.

## NOTE 10 - INTERFUND TRANSFERS (FFS LEVEL ONLY)

Transfers for the year ended June 30, 2022, were as follows:

| Fund                  | Tr | ansfers In | Tr | ansfers Out |
|-----------------------|----|------------|----|-------------|
| CEEF Operarating      | \$ | 430,000    | \$ | -           |

| Totals                | \$ | 430,000    | \$ | (430,000)   |

The transfer was a transfer of interest earned on the permanent fund, Caddo Educational Excellence Fund, to the operating fund for Caddo Educational Excellence Fund. approved

Transfers are used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them. A transfer of interest earned of \$430,000 on the permanent fund - Caddo Educational Excellence Fund (CEEF), was moved to the nonmajor governmental fund, CEEF operating fund.

### NOTE 11 - ENCUMBRANCES (FFS LEVEL ONLY)

Encumbrances are not liabilities and, therefore, are not recorded as expenditures until receipt of material or service. For budgetary purposes, appropriations lapse at fiscal year-end and outstanding encumbrances are re-appropriated in the next year. At June 30, 2022, the School Board had entered into purchase orders and commitments as follows:

|   |              | Non Major Governmental |           |     |                    |    |           |   |              |  |  |  |

## NOTE 12 - RISK MANAGEMENT

The School Board is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are handled by the School Board through the purchase of various commercial insurance policies with varying coverage limits, deductibles, and premiums based on the type of policy.

The School Board is self-insured for workers' compensation. Claims expenditures and liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. These losses include an estimate of claims that have been incurred but not reported. This liability is the School Board's best estimate based on available information. This liability does not include incremental costs, if any. The current amounts due and payable are recorded in the respective funds at June 30, 2022, and the remaining liability is included in the government-wide financial statements and paid through each fund.

Claims and judgments payable, listed in the table in Note 8, includes long-term liabilities for both worker's compensation claims of \$2,775,865 and litigation claims of \$2,242,000 (as described in Note 13 below) totaling \$5,017,868. These amounts are recorded as long-term liabilities in the government-wide financial statements.

Changes in the worker's comp claims payable in the current year and previous fiscal years were as follows:

#### Claims and Judgments Payable - Worker's comp

The School Board is self-insured for health insurance coverage. Claims are funded through operating funds of the School Board. All known claims filed and an estimate of incurred but not reported claims based on experience of the School Board are made and accrued as necessary in the internal service fund. This liability is the School Board's best estimate based on available information.

Changes in the medical and prescription claims amount in the current year and previous fiscal years were as follows:

### Medical and Prescription Claims Payable

The internal service fund for group health insurance benefits incurred a decrease in net position of \$2,103,066 for the fiscal year. The large decrease was mostly attributed to a reduction in premiums of approximately \$1,300,000. The OPEB expense decreased by approximately \$53M due to actuarial calculations relating to the OPEB liability and related deferred outflows and inflows. The fund had a net deficit of (\$472,311,316) at June 30, 2022.

The School Board continues to carry commercial insurance for all other risks of loss. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

### NOTE 13 - LITIGATION AND CLAIMS

**Litigation** At June 30, 2022, the School Board is involved in various litigation. A claims liability for \$2,242,000 is included in claims and judgments payable in the government-wide financial statements. There are certain suits, which are in the early stages of discovery and estimates of the ultimate liability of the School Board cannot be determined. Resolution of some of these cases could involve liability to the School Board if the courts find in favor of the various plaintiffs. The School Board evaluates the existing litigation and accrues appropriate amounts in accordance with Financial Accounting Standards Board Statement (FASB) ASC Topic 450 as liabilities become probable and can be estimated. In the opinion of legal counsel, the School Board's ultimate exposure is unknown at this time.

<u>Construction Projects</u> There are construction projects in progress at June 30, 2022. Construction in progress on these various projects at June 30, 2022, was \$14,770,930. These projects are funded by property tax receipts and general obligation bonds. The expected completion date is prior to June 30, 2023. The outstanding construction commitment at June 30, 2022, was \$14,900,789.

<u>**Grant Disallowances**</u> The School Board participates in a number of state and federally assisted grant programs. The programs are subject to compliance audits under the single audit approach. Such audits could lead to requests for reimbursement by the grantor agency for expenditures disallowed under terms of the grants. School Board management believes that the amount of disallowances, if any, which may arise from future audits will not be material.

**Federal Arbitrage Regulations** The School Board's bonded indebtedness is subject to the Internal Revenue Code's provisions applicable to arbitrage earnings. In government finance, these earnings result from the temporary investment of the proceeds of a government entity's tax exempt securities in materially higher yielding taxable securities. Under the Tax Reform Act of 1986, interest earned on the debt proceeds in excess of interest expense prior to the disbursement of the proceeds must be rebated to the Internal Revenue Service (IRS). Management believes there is no tax arbitrage liability at year end.

## NOTE 14 - ON-BEHALF PAYMENTS FOR FRINGE BENEFITS AND SALARIES

On-behalf payments for fringe benefits and salaries are direct payments made by an entity (the paying agent) to a third-party recipient for the employees of another, legally separate entity (the employer entity). GASB Statement No. 24 requires employer governments to recognize revenue and expenditures or expenses for these on-behalf payments.

The State of Louisiana made pension contributions (regarding Professional Improvement Program) directly to the Teachers' Retirement System of Louisiana on behalf of the School Board in the amount of \$8,031. This amount was recognized as revenue and a corresponding expenditure in the applicable fund from which the salary was paid.

## NOTE 15 - ECONOMIC DEPENDENCY

Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) 280-10-50-42 requires disclosure in financial statements of a situation where one entity provides more than 10% of the audited entity's revenue. The Minimum Foundation (MFP) funding provided by the state to all public school systems in Louisiana is primarily based on October 1 student count. The Caddo Parish School Board received \$175,016,779 of MFP funding from the state along with state revenue sharing and other state grants for grand total of \$176,724,080, which represents approximately 30% of the School Board's total revenues for the year.

## NOTE 16 - JOINTLY GOVERNED ORGANIZATION

The Caddo – Shreveport Sales and Use Tax Commission serves as the collector of sales and use taxes for the parish. The commission is comprised of four members, two each selected from the Caddo Parish School Board and the City of Shreveport, in accordance with the joint agreement of the agencies. Sales taxes of \$100,981,165 were collected by the Commission and distributed to the School Board.

## **NOTE B - BUDGETS**

<u>General Budget Policies</u> The School Board follows these procedures in establishing the budgetary data reflected in the combined financial statements:

State statute requires budgets be adopted for the general fund and all special revenue funds. The School Activity Fund is not required to have an adopted budget. Each year prior to September 15, the Superintendent submits to the School Board members the proposed annual budgets for the general fund and all special revenue funds. Public hearings are conducted, prior to the School Board's approval, to obtain citizens' comments. The operating budgets include proposed expenditures and the means of financing them. Appropriations (unexpended budget balances) lapse at year-end.

Formal budget integration (within the accounting records) is employed as a management control device. All budgets are controlled at the division, departmental or project level. School Board policy prescribes that the level of budgetary control is at the functional level for the general fund and at the fund level for the special revenue funds.

**Budget Basis of Accounting** All governmental funds' budgets are prepared on the modified accrual basis of accounting. Budgeted amounts are as originally adopted or as amended by the School Board members. Legally, the Board must adopt a balanced budget; that is, total budgeted revenues and other financing sources including fund balance must equal or exceed total budgeted expenditures and other financing uses. State statutes require the School Board to amend its budgets when revenues plus projected revenues within a fund are expected to be less than budgeted revenues by five percent or more and/or expenditures plus projected expenditures within a fund are fund are the function level and management can transfer amounts between line items within a function. The effects of budget revisions to the general fund passed during the year were insignificant.

### Nonmajor Special Revenue Funds

#### **Special Education**

**State Grants** To provide grants to states to assist them in providing a free appropriate public education to all children with disabilities.

**Preschool Grants** To provide grants to states to assist them in providing a free appropriate public education to preschool disabled children aged three through five years.

**Title II** To improve the skills of teachers and the quality of instruction in mathematics and science. To increase the accessibility of such instruction to all students.

**Title III** To ensure that limited English proficient children (LEP) and youth, including immigrant children and youth, attain English proficiency and meet the same challenging state academic content and student academic achievement standards as all children and youth are expected to meet.

**Safe and Drug Free** To establish state and local programs of alcohol and drug abuse education and prevention coordinated with related community efforts and resources.

**TANF/JAG** Provides assistance and work opportunities to needy families by granting states the federal funds and wide flexibility to develop and implement their own welfare programs.

**Tobacco Settlement** This fund was established to account for monies received from the state Education Excellence Fund. The funds are to be expended in accordance with the School Board's plan submitted and approved by the State Department of Education.

**8(g) State Fund** The 8g state fund is a program to provide enhancement to elementary, secondary and vocational programs funded through the State Minimum Foundation Program.

**Title I** To improve the teaching and learning of children who are at risk of not meeting challenging academic standards and who reside in areas of high concentrations of children from low-income families.

**School Improvement** Federal grants that directly support and empower local educational agencies to pursue highquality initiatives that will transform educational opportunities for students attending Louisiana's lowest performing schools.

**Vocational Education** To make the United States more competitive in the world economy by developing more fully the academic and occupational skills of all segments of the population, principally through concentrating resources on improving educational programs leading to academic and occupational skills needed to work in a technologically advanced society.

**Title IV** To provide a well-rounded education, create safe learning environments for students, and improve technology use.

**Homeless** This fund is designed to ensure that homeless children and youth have access to a free, appropriate public education.

**Child Nutrition Program** This program was designed to assist through cash grants and food donations in providing a nutritious breakfast and lunch service for school students and to encourage the domestic consumption of nutritious agricultural commodities.

**Behavioral Health** To provide mental health services to children with a serious emotional disturbance.

#### Nonmajor Special Revenue Funds

**CEEF Operating** This fund was established to account for the expenditures of the earnings from the Caddo Educational Excellence Permanent Fund.

**CEEF Permanent** This fund is used to account for the Caddo Educational Excellence Fund. These monies are held by the School Board in trust and the principal cannot be expended.

**School Activities Fund** The activities of the various individual school accounts are accounted for in the school activities fund.

#### **General**

#### Schedule of Compensation Paid Board Members For the Year Ended June 30, 2022

The schedule of compensation paid to the School Board members is presented in compliance with House Concurrent Resolution No. 54 of the 1979 Session of the Louisiana Legislature. Compensation of the School Board members is included in the general administrative expenditures of the General Fund and represents the amounts paid for the year ended June 30, 2021, and the office held at that time. In accordance with Louisiana Revised Statute 17:56, the School Board members have elected the monthly payment method of compensation. Under this method, each member of the School Board receives \$800 per month, the vice presidents receive \$850 per month, and the president receives \$900 per month for performing the duties of office. The extra \$50 and \$100 per month for the vice presidents and the president is paid to each only in the event each attends the monthly executive committee meeting.

#### Notes:

- (1) Property in the parish is reassessed every four years.
- (2) Assessed values are established by the Assessor each year on a uniform basis at the following ratios of assessed value to actual value:
  - 10% land
  - 10% residential improvements
  - 15% industrial improvements
  - 15% machinery
  - 15% commercial improvements
  - 25% public service properties, excluding land
- (3) Tax rates are per \$1,000 of assessed value.
- (4) Real property calculations were based on information provided by Assessor's office.

#### Notes:

- (1) Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the School Board. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the School Board.
- (2) Various tax districts exist within Caddo Parish that involve a small percentage of parish taxpayers. These districts' debt is not included as the amounts and impact on this schedule is not significant.
- (3) Debt outstanding includes only general bonded debt.
- (4) The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining a portion of another governmental units taxable assessed value that is within the parish' boundaries and dividing it by each unit's total taxable assessed value.

Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed In Accordance With *Government Auditing Standards* 

Board Members Caddo Parish School Board Shreveport, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to the financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the Caddo Parish School Board (the School Board), as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the School Board's basic financial statements and have issued our report thereon dated December 28, 2022. Our report includes a reference to other auditors who audited the financial statements of Pathways in Education, Inc., a discretely presented component unit of Caddo Parish School Board. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on by those auditors.

## **Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the School Board's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School Board's internal control. Accordingly, we do not express an opinion on the effectiveness of the School Board's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

#### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Caddo Parish School Board's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. Although the intended use of these reports may be limited, under Louisiana Revised Statute 24:513, this report is distributed by the Office of the Louisiana Legislative Auditor as a public document.

Independent Auditors' Report on Compliance for Each Major Program and on Internal Control over Compliance Required by the *Uniform Guidance* 

Board Members Caddo Parish School Board Shreveport, Louisiana

## **Report on Compliance for Each Major Federal Program**

## **Opinion on Each Major Federal Program**

We have audited Caddo Parish School Board's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of Caddo Parish School Board's major federal programs for the year ended June 30, 2022. Caddo Parish School Board's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, Caddo Parish School Board complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

## Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Caddo Parish School Board and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Caddo Parish School Board's compliance with the compliance requirements referred to above.

## Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Caddo Parish School Board's federal programs.

## Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Caddo Parish School Board's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Caddo Parish School Board's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Caddo Parish School Board's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Caddo Parish School Board's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Caddo Parish School Board's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

## **Report on Internal Control over Compliance**

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance requirement of a federal program with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control other compliance with a type of compliance control over compliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies

in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose. Although the intended use of these reports may be limited, under Louisiana Revised Statute 24:513, this report is distributed by the Office of the Louisiana Legislative Auditor as a public document.

## Report on the Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the School Board as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the School Board's basic financial statements. We issued our report thereon dated December 28, 2022, which contained unmodified opinions on those financial statements. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the School Board's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

## Caddo Parish School Board Notes to Schedule of Expenditures of Federal Awards For the year ended June 30, 2022

#### Note 1– BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards includes the federal spending of the Caddo Parish School Board, Shreveport, Louisiana (the "School Board"), and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of the Uniform Guidance. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in preparation of, the basic financial statements. Because the schedule presents only a selected portion of the operations of the School Board, it is not intended to and does not represent the financial position of the School Board.

#### Note 2 – INDIRECT COST RATE

The School Board has elected not to use the 10 percent *de minimis* indirect cost rate as allowed under the Uniform Guidance.

#### Note 3 – LOANS AND LOAN GUARANTEES

The School Board did not expend federal awards related to loans or loan guarantees during the year.

#### Note 4 – SUBRECIPIENTS

During the year ended June 30, 2022, the School Board had two subrecipients, the Caddo Juvenile Detention Center and AMI Kids (component unit of the School Board).

#### Note 5– NONCASH ASSISTANCE AND OTHER

The School Board did not receive any noncash assistance or federally funded insurance during the year ended June 30, 2022. The School Board received cash in lieu of commodities.

#### Note 6 – CONTINGENCIES

Grant monies received and disbursed by the School Board are for specific purposes and are subject to review by the grantor agencies. Such audits may result in requests for reimbursement due to disallowed expenditures. Based upon experience, the School Board does not believe that such disallowance, if any, would have a material effect on the financial position of the School Board.

#### Note 7 – FEDERAL PASS-THROUGH FUNDS

The School Board is also the subrecipient of federal funds that have been subjected to testing and are reported as expenditures and listed as federal pass-through funds. Federal awards other than those indicated as pass-through are considered to be direct.

#### **Note 8– RELATIONSHIP TO FINANCIAL STATEMENTS**

Amounts reported in the accompanying schedule agree with the amounts reported in the federal financial reports except for changes made to reflect amounts in accordance with accounting principles generally accepted in the United States of America.

Federal awards revenues are reported in the School Board's fund financial statements as follows:

| <u>Funds</u>               | Federal Sources |

Board Members Caddo Parish School Board Shreveport, Louisiana

We have audited the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Caddo Parish School Board (the School Board) for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the School Board's basic financial statements, and have issued our report thereon dated December 28, 2022. Our report includes a reference to other auditors who audited the financial statements of the discretely presented component units, as described in our report on the School Board's financial statements. The report does not include the results of the other auditors' testing of internal control over financial reporting and compliance and other matters that are reported on separately by those auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and the provisions of the Uniform Guidance.

As a part of our examination, we have issued our report on the financial statements, dated December 28, 2022, and our reports on internal control and compliance with laws, regulations, contracts, and grants, and on compliance for each major program and internal control over compliance required the Uniform Guidance dated December 28, 2022.

During the course of our examination, we became aware of the following matters which represent immaterial deviations of compliance or suggestions for improved internal controls.

#### MLC 2022-001 Budgets

Year of Origination – June 30, 2014

Observation:

During review over budget compliance, we noted that budgeted revenues for the special revenue fund Child Nutrition exceeded the actual amount causing an unfavorable variance of more than 5%. An amended budget was not presented for approval and therefore the School Board was not in compliance with the state Budget Law.

#### Recommendation:

We recommend that the School Board implement procedures to ensure that special revenue fund budgets are prepared and, if necessary, amended according to the state budget law.

We recommend that the Finance Committee review budget-to-actual for special revenue fund financial statements and present any significant variances to the Board and amend unfavorable variances that exceed the state budget law's guidelines.

This report is intended solely for the information and use of the Members of the School Board, management, others within the School Board, the Louisiana Legislative Auditor, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. Although the intended use of these reports may be limited, under Louisiana Revised Statute 24:513, this report is distributed by the Office of the Louisiana Legislative Auditor as a public document.

## MLC 2022-001 Budgets

Observation:

During review over budget compliance, we noted that budgeted revenues for the special revenue fund Child Nutrition exceeded the actual amount causing an unfavorable variance of more than 5%. An amended budget was not presented for approval and therefore the School Board was not in compliance with the state Budget Law.

## Views of responsible officials and corrective actions:

The Child Nutrition budget was amended in March as stated. Circumstances occurred later in the fiscal year causing the unfavorable variance to exceed 5%. In the future budget amendments will be prepared in May or later to allow for the most accurate estimates possible.

Anticipated completion date: December 2022

#### Independent Accountants' Report On Applying Agreed-Upon Procedures

Board Members Caddo Parish School Board Shreveport, Louisiana

We have performed the procedures included in the Louisiana Governmental Audit Guide and enumerated below, which were agreed to by the management of Caddo Parish School Board (the "School Board") and the Legislative Auditor, State of Louisiana, solely to assist users in evaluating management's assertions about the performance and statistical data accompanying the annual financial statements of the School Board and to determine whether the specified schedules are free of obvious errors and omissions as provided by the Board of Elementary and Secondary Education. Management of the School Board is responsible for its performance and statistical data. This agreed-upon procedures engagement was performed in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. The sufficiency of these procedures is solely the responsibility of the specified users of this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

Our procedures and findings relate to the accompanying schedules of supplemental information and are as follows:

#### General Fund Instructional and Support Expenditures and Certain Local Revenue Sources (Schedule 1)

- 1. We selected a sample of 25 transactions, reviewed supporting documentation, and observed that the sampled expenditures/revenues are classified correctly and are reported in the proper amounts among the following amounts reported on the schedule:
  - Total General Fund Instructional Expenditures,
  - Total General Fund Equipment Expenditures,
  - Total Local Taxation Revenue,
  - Total Local Earnings on Investment in Real Property,
  - Total State Revenue in Lieu of Taxes,
  - Nonpublic Textbook Revenue, and
  - Nonpublic Transportation Revenue.

**Comment:** No exceptions were found as a result of applying the agreed-upon procedure.

#### Class Size Characteristics (Schedule 2)

2. We obtained a list of classes by school, school type, and class size as reported on the schedule. We then traced a sample of 10 classes to the October 1 roll books for those classes and observed that the class was properly classified on the schedule.

**Comment:** We found one instances where the class size on the October 1 roll books did not fall into the same class range as reported in the schedule.

#### Education Levels/Experience of Public School Staff (NO SCHEDULE)

3. We obtained October 1st PEP data submitted to the Department of Education (or equivalent listing prepared by management), including full-time teachers, principals, and assistant principals by classification, as well as their level of education and experience, and obtained management's representation that the data/listing was complete. We then selected a sample of 25 individuals, traced to each individual's personnel file, and observed that each individual's education level and experience was properly classified on the PEP data or equivalent listing prepared by management.

**Comment:** There was one instance where an individual's experience level per PEP did not agree to the experience level in the personnel file.

#### Public School Staff Data: Average Salaries (NO SCHEDULE)

4. We obtained June 30<sup>th</sup> PEP data submitted to the Department of Education (or equivalent listing provided by management) of all classroom teachers, including base salary, extra compensation, and ROTC or rehired retiree status, as well as full-time equivalents, and obtained management's representation that the data/listing was complete. We then selected a sample of 25 individuals, traced to each individual's personnel file, and observed that each individual's salary, extra compensation, and full-time equivalents were properly included on the PEP data (or equivalent listing prepared by management).

**Comment:** No exceptions were found as a result of applying the agreed-upon procedure.

We were not engaged to perform, and did not perform, an audit, the objective of which would be the expression of an opinion on management's assertions. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the use of management of Caddo Parish School Board, the Louisiana Department of Education, the Louisiana Legislature, and the Legislative Auditor, State of Louisiana, and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

**Note:** The Board of Elementary and Secondary Education has set specific limits on the maximum size of classes at various grade levels. The maximum enrollment in grades K-3 is 26 students and maximum enrollment in grades 4-12 is 33 students. These limits do not apply to activity classes such as physical education, chorus, band, and other classes without maximum enrollment standards. Therefore, these classes are included only as separate line items.

Caddo Educational Excellence Fund Independent Accountants' Report On Applying Agreed-Upon Procedures

#### Independent Accountants' Report On Applying Agreed-Upon Procedures

Board Members Caddo Parish School Board Shreveport, Louisiana

We have performed the procedures enumerated below on compliance with Louisiana RS 17:408.1 (Acts 1995, No. 743 and amended by Acts 2021, No. 295) concerning the Caddo Educational Excellence Fund (CEEF) (a permanent fund of the Caddo Parish School Board) of Caddo Parish School Board ("School Board") for the year ended June 30, 2022. The School Board's management is responsible for compliance with those requirements.

The School Board has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of compliance with Louisiana RS 17:408.1 (Acts 1995, No. 743 and amended by Acts 2021, No. 295). This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

Our procedures and findings are as follows:

1. Obtained the balances and a summary of the activity of the CEEF funds from the School Board as of and for the year ended June 30, 2022.

**Comment:** See Attachment I and II.

- 2. We selected all of the deposits from the two riverboats from the CEEF general ledger covering all twelve months during the fiscal year ended June 30, 2022, totaling \$384,132, or 100% of total fees collected, and compared the amounts received to the amounts that should be received per the written agreements and the revenue reported by the casinos to the Louisiana Gaming Control Board. LSA-R.S. 27:93 requires that:
  - a. The School Board is receiving the correct amount from the respective casinos per written agreement.

Comment: See Attachment II

- 3. Agreed and recalculated the amount of interest removed from the CEEF general ledger and the School Board's CEEF bank account to the amount deposited into the CEEF Operating Special Revenue Fund general ledger and the School Board's sweep bank account, from which disbursements are made. Determined whether following requirements of LSA-R.S. 17:408.1(A) were met:
  - a. The CEEF was established and is a permanent trust fund.
  - b. The bank account for the CEEF is in the official repository of the Caddo Parish School Board and the monies were held and invested on behalf of the Caddo Parish School Board.
  - c. After the end of each fiscal year, the School Board may (on its own warrant) withdraw money from the fund as authorized below:
    - In the fiscal year following a year that the earnings of the fund were greater than 5 percent, withdrawals from the fund shall not exceed 5 percent of the fund.
    - In the fiscal year following a year that the earnings of the fund were between 3 and 5 percent, withdrawals from the fund shall not exceed the rate of earnings from the previous year.
    - In the fiscal year following a year that the earnings of the fund were less than 3 percent, withdrawals from the fund shall not exceed 3 percent of the fund.

**Comment:** No exceptions were found in the procedures performed.

4. Reviewed CEEF investment types to see if they were in compliance with Louisiana R.S. 17:408.1B which states that the funds are to be invested in the same manner as the postemployment benefit trusts are permitted to be invested pursuant to R.S. 33:5162.

Comment: No exceptions were found in the procedures performed.

5. Obtained a general ledger detail of the CEEF fund expenditure activity. From this, we selected 25 expenditures which made up 31% of total CEEF disbursements, and agreed the expenditure amount to the invoice. We reviewed the invoices to ensure all disbursements were approved based on the School Board's required policy and expended solely for the purposes of instructional enhancement as defined below:

#### Enhancement may include:

- Provision for materials and supplies, including computers and other technological upgrades;
- Training for students, faculty and administrators on the use of materials;
- Professional development of teachers;
- Establishment of exemplary programs of instruction.

Enhancement may not include:

- Costs of additional administrators;
- Increases in salaries of benefits for employees, or maintenance or custodial costs

Comment: No exceptions were found in the procedures performed.

6. Compared approval of expenditures tested in step 5 to the School Board's required policy.

**Comment:** No exceptions were found in the procedures performed.

We were engaged by the School Board to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the AICPA. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on School Board's compliance with Act 743 of 1995 and Act 295 of 2021 concerning the Caddo Educational Excellence Fund (a permanent fund of the Caddo Parish School Board). Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of Caddo Parish School Board and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely for the information and use of management of Caddo Parish School Board, the Louisiana Department of Education, the Louisiana Legislature, and the Legislative Auditor, State of Louisiana, and is not intended to be and should not be used by anyone other than those specified parties. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

#### INDEPENDENT ACCOUNTANTS' REPORT ON APPLYING AGREED-UPON PROCEDURES

To the Caddo Parish School Board and the Louisiana Legislative Auditor:

We have performed the procedures enumerated below on the control and compliance (C/C) areas identified in the Louisiana Legislative Auditor's (LLA's) Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period July 1, 2021 through June 30, 2022. Caddo Parish School Board's management is responsible for those C/C areas identified in the SAUPs.

Caddo Parish School Board has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is to perform specified procedures on the C/C areas identified in LLA's SAUPs for the fiscal period July 1, 2021 through June 30, 2022. Additionally, LLA has agreed to and acknowledged that the procedures performed are appropriate for its purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated results are as follows:

#### Written Policies and Procedures

- 1. Obtained and inspected the entity's written policies and procedures and observed whether they addressed each of the following categories and subcategories if applicable to public funds and the entity's operations:
  - a) **Budgeting**, including preparing, adopting, monitoring, and amending the budget.

#### Results: No exceptions were identified as a result of applying the procedure.

b) Purchasing, including (1) how purchases are initiated; (2) how vendors are added to the vendor list; (3) the preparation and approval process of purchase requisitions and purchase orders; (4) controls to ensure compliance with the Public Bid Law; and (5) documentation required to be maintained for all bids and price quotes.

Results: CRI observed that policy does not address (3) the preparation and approval process of purchase requisitions and purchase orders.

c) *Disbursements*, including processing, reviewing, and approving.

#### Results: No exceptions were identified as a result of applying the procedure.

d) **Receipts/Collections**, including receiving, recording, and preparing deposits. Also, policies and procedures should include management's actions to determine the completeness of all collections for each type of revenue or agency fund additions (e.g., periodic confirmation with outside parties, reconciliation to utility billing after cutoff procedures, reconciliation of traffic ticket number sequences, agency fund forfeiture monies confirmation).

# Results: CRI observed that policy does not address the management's actions to determine the completeness of all collections for each type of revenue or agency fund additions.

e) **Payroll/Personnel**, including (1) payroll processing, (2) reviewing and approving time and attendance records, including leave and overtime worked, and (3) approval process for employee(s) rate of pay or approval and maintenance of pay rate schedules.

#### Results: No exceptions were identified as a result of applying the procedure.

f) **Contracting**, including (1) types of services requiring written contracts, (2) standard terms and conditions, (3) legal review, (4) approval process, and (5) monitoring process.

Results: CRI observed that the policy does not address (2) standard terms and conditions (3) legal review or (5) monitoring process.

g) *Credit Cards (and debit cards, fuel cards, P-Cards, if applicable)*, including (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers of statements, and (5) monitoring card usage (e.g., determining the reasonableness of fuel card purchases).

#### Results: No exceptions were identified as a result of applying the procedure.

h) **Travel and Expense Reimbursement**, including (1) allowable expenses, (2) dollar thresholds by category of expense, (3) documentation requirements, and (4) required approvers.

#### Results: No exceptions were identified as a result of applying the procedure.

*Ethics*, including (1) the prohibitions as defined in Louisiana Revised Statute (R.S.) 42:1111-1121, (2) actions to be taken if an ethics violation takes place, (3) system to monitor possible ethics violations, and (4) a requirement that documentation is maintained to demonstrate that all employees and officials were notified of any changes to the entity's ethics policy.

#### Results: No exceptions were identified as a result of applying the procedure.

j) **Debt Service**, including (1) debt issuance approval, (2) continuing disclosure/EMMA reporting requirements, (3) debt reserve requirements, and (4) debt service requirements.

k) Information Technology Disaster Recovery/Business Continuity, including (1) identification of critical data and frequency of data backups, (2) storage of backups in a separate physical location isolated from the network, (3) periodic testing/verification that backups can be restored, (4) use of antivirus software on all systems, (5) timely application of all available system and software patches/updates, and (6) identification of personnel, processes, and tools needed to recover operations after a critical event.

#### Results: No exceptions were identified as a result of applying the procedure.

I) **Sexual Harassment**, including R.S. 42:342-344 requirements for (1) agency responsibilities and prohibitions, (2) annual employee training, and (3) annual reporting.

Results: CRI observed that the policy does not address (3) annual reporting.

#### Board or Finance Committee

- 2. Obtained and inspected the board/finance committee minutes for the fiscal period, as well as the board's enabling legislation, charter, bylaws, or equivalent document in effect during the fiscal period, and:
  - a) Observed that the board/finance committee met with a quorum at least monthly, or on a frequency in accordance with the board's enabling legislation, charter, bylaws, or other equivalent document.

#### Results: No exceptions were identified as a result of applying the procedure.

b) For those entities reporting on the governmental accounting model, observed whether the minutes referenced or included monthly budget-to-actual comparisons on the general fund, quarterly budget-to-actual, at a minimum, on proprietary funds, and semi-annual budget-to-actual, at a minimum, on all special revenue funds. Alternately, for those entities reporting on the nonprofit accounting model, observed that the minutes referenced or included financial activity relating to public funds if those public funds comprised more than 10% of the entity's collections during the fiscal period.

Results: The Caddo Parish School Board finance committee referenced budget-to-actual comparisons for the general fund and major funds for the month of August, November, February, May and June, but not for the other months during the fiscal year. The Finance Committee meets every two months.

c) For governmental entities, obtained the prior year audit report and observed the unassigned fund balance in the general fund. If the general fund had a negative ending unassigned fund balance in the prior year audit report, observed that the minutes for at least one meeting during the fiscal period referenced or included a formal plan to eliminate the negative unassigned fund balance in the general fund.

#### Bank Reconciliations

- 3. Obtained a listing of entity bank accounts for the fiscal period from management and management's representation that the listing was complete. Asked management to identify the entity's main operating account. Selected the entity's main operating account and randomly selected 4 additional accounts (or all accounts if less than 5). Randomly selected one month from the fiscal period, obtained and inspected the corresponding bank statement and reconciliation for each selected account, and observed that:
  - a) Bank reconciliations included evidence that they were prepared within 2 months of the related statement closing date (e.g., initialed and dated or electronically logged);

Results: No exceptions were identified as a result of applying the procedure.

 Bank reconciliations included evidence that a member of management/board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation (e.g., initialed and dated, electronically logged); and

#### Results: CRI identified issues with segregation of duties where management that approves bank reconciliations are also those that handle cash or post ledgers for 4 of 5 bank accounts selected for this procedure.

c) Management has documentation reflecting it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date, if applicable.

#### Results: No exceptions were identified as a result of applying the procedure

#### Collections (excluding electronic funds transfers)

4. Obtained a listing of deposit sites for the fiscal period where deposits for cash/checks/money orders (cash) are prepared and management's representation that the listing was complete. Randomly selected 5 deposit sites (or all deposit sites if less than 5).

#### Results: No exceptions were identified as a result of applying the procedure.

- 5. For each deposit site selected, obtained a listing of collection locations and management's representation that the listing was complete. Randomly selected one collection location for each deposit site (i.e., 5 collection locations for 5 deposit sites), obtained and inspected written policies and procedures relating to employee job duties (if no written policies or procedures, inquired of employees about their job duties) at each collection location, and observed that job duties are properly segregated at each collection location such that:
  - a) Employees responsible for cash collections do not share cash drawers/registers.

b) Each employee responsible for collecting cash is not responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g., pre-numbered receipts) to the deposit.

Results: CRI observed that at all five deposit sites selected for this procedure, the bookkeeper is responsible for preparing and making bank deposits and also responsible for collecting cash.

c) Each employee responsible for collecting cash is not responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit.

Results: CRI observed that at all five deposit sites selected for this procedure, the bookkeeper is responsible for posting collection entries to the general ledger and also responsible for collecting cash.

d) The employee(s) responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or agency fund additions, are not responsible for collecting cash, unless another employee/official verifies the reconciliation.

#### Results: No exceptions were identified as a result of applying the procedure.

6. Obtained from management a copy of the bond or insurance policy for theft covering all employees who have access to cash. Observed the bond or insurance policy for theft was enforced during the fiscal period.

#### Results: No exceptions were identified as a result of applying the procedure.

- 7. Randomly selected two deposit dates for each of the 5 bank accounts selected for procedure #3 under "Bank Reconciliations" above (selected the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly selected a deposit if multiple deposits are made on the same day). Alternately, the practitioner may use a source document other than bank statements when selecting the deposit dates for testing, such as a cash collection log, daily revenue report, receipt book, etc. Obtained supporting documentation for each of the 10 deposits and:
  - a) Observed that receipts are sequentially pre-numbered.

#### Results: No exceptions were identified as a result of applying the procedure.

b) Traced sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip.

#### Results: No exceptions were identified as a result of applying the procedure.

c) Traced the deposit slip total to the actual deposit per the bank statement.

d) Observed the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100 and the cash is stored securely in a locked safe or drawer).

#### Results: No exceptions were identified as a result of applying the procedure.

e) Traced the actual deposit per the bank statement to the general ledger.

Results: No exceptions were identified as a result of applying the procedure.

### Non-Payroll Disbursements (excluding card purchases/payments, travel reimbursements, and petty cash purchases)

8. Obtained a listing of locations that process payments for the fiscal period and management's representation that the listing was complete. Randomly selected 5 locations (or all locations if less than 5).

#### Results: No exceptions were identified as a result of applying the procedure.

- 9. For each location selected under #8 above, obtained a listing of those employees involved with non-payroll purchasing and payment functions. Obtained written policies and procedures relating to employee job duties (if the agency has no written policies and procedures, inquired of employees about their job duties), and observed that job duties are properly segregated such that:
  - a) At least two employees were involved in initiating a purchase request, approving a purchase, and placing an order/making the purchase.

#### Results: No exceptions were identified as a result of applying the procedure.

b) At least two employees were involved in processing and approving payments to vendors.

#### Results: No exceptions were identified as a result of applying the procedure.

c) The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files.

Results: CRI observed that at all five payment processing locations selected for this procedure, the employee responsible for processing payments is also responsible for adding/modifying vendor files. There is no indication another employee periodically reviews changes to vendor files.

d) Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments.

[Note: Exceptions to controls that constrain the legal authority of certain public officials (e.g., mayor of a Lawrason Act municipality) should not be reported.]

Results: CRI observed that at all five payment processing locations selected for this procedure, the employee responsible for processing payments is also responsible for mailing checks.

- 10. For each location selected under #8 above, obtained the entity's non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtained management's representation that the population was complete. Randomly selected 5 disbursements for each location, obtained supporting documentation for each transaction, and:
  - a) Observed whether the disbursement matched the related original itemized invoice and supporting documentation indicates deliverables included on the invoice were received by the entity.

#### Results: CRI identified one instance where the original receipt was missing.

b) Observed whether the disbursement documentation included evidence (e.g., initial/date, electronic logging) of segregation of duties tested under #9, as applicable.

#### Results: CRI identified exceptions of segregation of duties at all five locations.

At all five locations, for 24 disbursements selected, segregation of duties were not identified where the employee/official responsible for signing checks mails the payment or gives the signed check to an employee to mail who is not responsible for processing payments. Further, for all 25 disbursements selected, the person who processed the payment was not prohibited from accessing, reviewing, or modifying the vendor files.

At Queensborough Elementary School, for 4 disbursements selected, segregation of duties were not identified where the employee/official responsible for initiating the purchase request is not responsible for approving the purchase and placing the order.

At E. B. Williams Stoner Hill Elementary School, for 1 disbursement selected, segregation of duties were not identified where the employee/official responsible for initiating the purchase request is not responsible for approving the purchase and placing the order.

At Caddo Heights Math/Science Elementary School, for 1 disbursement selected, segregation of duties were not identified where the employee/official responsible for initiating the purchase request is not responsible for approving the purchase and placing the order. Also, for 1 disbursement CRI was only provided the receipt which did not indicate who initiated, approved or processed the payment.

#### Credit Cards/Debit Cards/Fuel Cards/P-Cards

11. Obtained from management a listing of all active credit cards, bank debit cards, fuel cards, and P-cards (cards) for the fiscal period, including the card numbers and the names of the persons who maintained possession of the cards. Obtained management's representation that the listing was complete.

#### Results: No exceptions were identified as a result of applying the procedure.

- 12. Using the listing prepared by management, randomly selected 5 cards (or all cards if less than 5) that were used during the fiscal period. Randomly selected one monthly statement or combined statement for each card (for a debit card, randomly selected one monthly bank statement), obtained supporting documentation, and:
  - a) Observed whether there is evidence that the monthly statement or combined statement and supporting documentation (e.g., original receipts for credit/debit card purchases, exception reports for excessive fuel card usage) were reviewed and approved, in writing (or electronically approved), by someone other than the authorized card holder. [Note: Requiring such approval may constrain the legal authority of certain public officials (e.g., mayor of a Lawrason Act municipality); these instances should not be reported.]

#### Results: No exceptions were identified as a result of applying the procedure.

b) Observed that finance charges and late fees were not assessed on the selected statements.

#### Results: No exceptions were identified as a result of applying the procedure.

13. Using the monthly statements or combined statements selected under #12 above, <u>excluding fuel cards</u>, randomly selected 10 transactions (or all transactions if less than 10) from each statement, and obtained supporting documentation for the transactions (i.e., each card should have 10 transactions subject to testing). For each transaction, observed it is supported by (1) an original itemized receipt that identifies precisely what was purchased, (2) written documentation of the business/public purpose, and (3) documentation of the individuals participating in meals (for meal charges only). For missing receipts, the practitioner should describe the nature of the transaction and note whether management had a compensating control to address missing receipts, such as a "missing receipt statement" that is subject to increased scrutiny.

Results: Statement transaction testing is not applicable as all cards selected were fuel cards and per procedure above, fuel cards are excluded.

#### Travel and Travel-Related Expense Reimbursements (excluding card transactions)

- 14. Obtained from management a listing of all travel and travel-related expense reimbursements during the fiscal period and management's representation that the listing or general ledger was complete. Randomly selected 5 reimbursements, obtained the related expense reimbursement forms/prepaid expense documentation of each selected reimbursement, as well as the supporting documentation. For each of the 5 reimbursements selected:
  - a) If reimbursed using a per diem, observed the approved reimbursement rate is no more than those rates established either by the State of Louisiana or the U.S. General Services Administration (<u>www.gsa.gov</u>).

#### Results: No exceptions were identified as a result of applying the procedure.

b) If reimbursed using actual costs, observed the reimbursement is supported by an original itemized receipt that identifies precisely what was purchased.

#### Results: No exceptions were identified as a result of applying the procedure.

c) Observed each reimbursement is supported by documentation of the business/public purpose (for meal charges, observed that the documentation includes the names of those individuals participating) and other documentation required by written policy (procedure #1h).

#### Results: No exceptions were identified as a result of applying the procedure.

d) Observed each reimbursement was reviewed and approved, in writing, by someone other than the person receiving reimbursement.

#### Results: No exceptions were identified as a result of applying the procedure.

#### Contracts

- 15. Obtained from management a listing of all agreements/contracts for professional services, materials and supplies, leases, and construction activities that were initiated or renewed during the fiscal period. *Alternately, the practitioner may use an equivalent selection source, such as an active vendor list.* Obtained management's representation that the listing was complete. Randomly selected 5 contracts (or all contracts if less than 5) from the listing, <u>excluding the practitioner's contract</u>, and:
  - a) Observed whether the contract was bid in accordance with the Louisiana Public Bid Law (e.g., solicited quotes or bids, advertised), if required by law.

#### Results: No exceptions were identified as a result of applying the procedure.

b) Observed whether the contract was approved by the governing body/board, if required by policy or law (e.g., Lawrason Act, Home Rule Charter).

c) If the contract was amended (e.g., change order), observed the original contract terms provided for such an amendment and that amendments were made in compliance with the contract terms (e.g., if approval is required for any amendment, was approval documented).

#### Results: No exceptions were identified as a result of applying the procedure.

d) Randomly selected one payment from the fiscal period for each of the 5 contracts, obtained the supporting invoice, agreed the invoice to the contract terms, and observed the invoice and related payment agreed to the terms and conditions of the contract.

#### Results: No exceptions were identified as a result of applying the procedure.

#### Payroll and Personnel

16. Obtained a listing of employees and officials employed during the fiscal period and management's representation that the listing was complete. Randomly selected 5 employees or officials, obtained related paid salaries and personnel files, and agreed paid salaries to authorized salaries/pay rates in the personnel files.

#### Results: No exceptions were identified as a result of applying the procedure.

- 17. Randomly selected one pay period during the fiscal period. For the 5 employees or officials selected under #16 above, obtained attendance records and leave documentation for the pay period, and:
  - a) Observed all selected employees or officials documented their daily attendance and leave (e.g., vacation, sick, compensatory). (Note: Generally, officials are not eligible to earn leave and do not document their attendance and leave. However, if the official is earning leave according to a policy and/or contract, the official should document his/her daily attendance and leave.)

#### Results: No exceptions were identified as a result of applying the procedure.

b) Observed whether supervisors approved the attendance and leave of the selected employees or officials.

#### Results: No exceptions were identified as a result of applying the procedure.

c) Observed any leave accrued or taken during the pay period is reflected in the entity's cumulative leave records.

#### Results: No exceptions were identified as a result of applying the procedure.

d) Observed the rate paid to the employees or officials agreed to the authorized salary/pay rate found within the personnel file.

18. Obtained a listing of those employees or officials that received termination payments during the fiscal period and management's representation that the list was complete. Randomly selected two employees or officials, obtained related documentation of the hours and pay rates used in management's termination payment calculations and the entity's policy on termination payments. Agreed the hours to the employee or officials' cumulative leave records, agreed the pay rates to the employee or officials' authorized pay rates in the employee or officials' personnel files, and agreed the termination payment to entity policy.

#### Results: No exceptions were identified as a result of applying the procedure.

19. Obtained management's representation that employer and employee portions of third-party payroll related amounts (e.g., payroll taxes, retirement contributions, health insurance premiums, garnishments, workers' compensation premiums, etc.) have been paid, and any associated forms have been filed, by required deadlines.

#### Results: No exceptions were identified as a result of applying the procedure.

#### Ethics

- 20. Using the 5 randomly selected employees/officials from procedure #16 under "Payroll and Personnel" above obtained ethics documentation from management, and:
  - a) Observed whether the documentation demonstrates each employee/official completed one hour of ethics training during the fiscal period.

Results: CRI identified 2 employees selected for this procedure where evidence of training was not available.

b) Observed whether the entity maintains documentation which demonstrates each employee and official were notified of any changes to the entity's ethics policy during the fiscal period, as applicable.

Results: Not applicable as there were no changes to the entity's ethics policy during the fiscal period.

#### Debt Service

21. Obtained a listing of bonds/notes and other debt instruments issued during the fiscal period and management's representation that the listing was complete. Selected all debt instruments on the listing, obtained supporting documentation, and observed State Bond Commission approval was obtained for each debt instrument issued.

#### Results: No exceptions were identified as a result of applying the procedure.

22. Obtained a listing of bonds/notes outstanding at the end of the fiscal period and management's representation that the listing was complete. Randomly selected one bond/note, inspected debt covenants, obtained supporting documentation for the reserve balance and payments, and

agreed actual reserve balances and payments to those required by debt covenants (including contingency funds, short-lived asset funds, or other funds required by the debt covenants).

Results: No exceptions were identified as a result of applying the procedure.

#### Fraud Notice

23. Obtained a listing of misappropriations of public funds and assets during the fiscal period and management's representation that the listing was complete. Selected all misappropriations on the listing, obtained supporting documentation, and observed that the entity reported the misappropriation(s) to the legislative auditor and the district attorney of the parish in which the entity is domiciled.

Results: Management represented no misappropriation of public funds or assets occurred during the fiscal period.

24. Observed the entity has posted, on its premises and website, the notice required by R.S. 24:523.1 concerning the reporting of misappropriation, fraud, waste, or abuse of public funds.

Results: No exceptions were identified as a result of applying the procedure.

#### Information Technology Disaster Recovery/Business Continuity

- 25. Performed the following procedures, verbally discussed the results with management, and reported "We performed the procedure and discussed the results with management."
  - a) Obtained and inspected the entity's most recent documentation that it has backed up its critical data (if no written documentation, inquired of personnel responsible for backing up critical data) and observed that such backup occurred within the past week. If backups are stored on a physical medium (e.g., tapes, CDs), observed evidence that backups are encrypted before being transported.

#### Results: We performed the procedure and discussed the results with management.

b) Obtained and inspected the entity's most recent documentation that it has tested/verified that its backups can be restored (if no written documentation, inquired of personnel responsible for testing/verifying backup restoration) and observed evidence that the test/verification was successfully performed within the past 3 months.

#### Results: We performed the procedures and discussed the results with management.

c) Obtained a listing of the entity's computers currently in use and their related locations, and management's representation that the listing was complete. Randomly selected 5 computers and observed while management demonstrated that the selected computers had current and active antivirus software and that the operating system and accounting system software in use was currently supported by the vendor.

#### Results: We performed the procedure and discussed the results with management.

#### Sexual Harassment

26. Using the 5 randomly selected employees/officials from procedure #16 under "Payroll and Personnel" above, obtained sexual harassment training documentation from management, and observed the documentation demonstrates each employee/official completed at least one hour of sexual harassment training during the calendar year.

#### Results: No exceptions were identified as a result of applying the procedure.

27. Observed the entity has posted its sexual harassment policy and complaint procedure on its website (or in a conspicuous location on the entity's premises if the entity does not have a website).

#### Results: No exceptions were identified as a result of applying the procedure.

- 28. Obtained the entity's annual sexual harassment report for the current fiscal period, observed that the report was dated on or before February 1, and observed it includes the applicable requirements of R.S. 42:344:
  - a) Number and percentage of public servants in the agency who have completed the training requirements;
  - b) Number of sexual harassment complaints received by the agency;
  - c) Number of complaints which resulted in a finding that sexual harassment occurred;
  - d) Number of complaints in which the finding of sexual harassment resulted in discipline or corrective action; and
  - e) Amount of time it took to resolve each complaint.

### Results: The Caddo Parish School Board prepared and retained this report; however, it was not completed by the February 1, 2022 deadline.

We were engaged by the Caddo Parish School Board to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the Caddo Parish School Board and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.
