**Independent Accountant's Report**

To the Board of Commissioners  
Fire Protection District No. 1  
of Grant Parish

I have reviewed the accompanying basic financial statements of Fire Protection District No. 1 of Grant Parish ( a governmental entity ) as of and for the year ended December 31, 2021, as listed in the table of contents, in accordance with U.S. Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. The financial statements present only Fire Protection District No. 1 of Grant Parish, which is a component unit of the Grant Parish Police Jury and do not purport to present fairly the financial position of the Police Jury as of December 31, 2021, and changes in financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

A review includes primarily applying analytical procedures to management's financial data and making inquiries of company management. A review is substantially less in scope than an audit in accordance with generally accepted auditing standards, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, I do not express an opinion.

**Management's Responsibility For The Financial Statements**

The management of the Fire Protection District No. 1 of Grant Parish is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement due to fraud or error.

**Accountant's Responsibility**

My responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require me to perform procedures to obtain limited assurance as a basis for reporting whether I am aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. I believe that the results of my procedures provide a reasonable basis for my conclusion.

**Accountant's Conclusion**

Based on my review, I am not aware of any material modifications that should be made to the accompanying basic financial statements in order for them to be in conformity with generally accepted accounting principles generally accepted in the United States of America.

**Other Reporting**

In accordance with the Louisiana Governmental Audit Guide and the provisions of state law, I have issued a report dated June 12, 2022 on the results of our agreed-upon procedures.

**Required Supplementary Information**

My review was made for the purpose of expressing limited assurance that there are no material modifications that should be made to the basic financial statements in order to conform with generally accepted accounting principles. The Management's discussion and analysis, budgetary comparison information and schedule of compensation, benefits and other reimbursement to the agency head or chief executive officer is not a required part of the financial statements but is supplementary information required by the Governmental Accounting Standards Board and the Louisiana Legislative Auditor. I have applied certain limited procedures, which consisted principally of inquires of management regarding the methods of measurement and presentation of the required supplemental information, without audit or review. Accordingly, I do not express any opinion or any other form of assurance on the supplementary information.

## **Management's Discussion And Analysis** **December 31, 2021**

---

This section of the annual financial report presents our discussion and analysis of the Fire District's financial performance during the fiscal year ended December 31, 2021, with comparable information for the previous year.

### **OVERVIEW OF FINANCIAL STATEMENTS**

The basic financial statements include government-wide financial statements and fund financial statements. These two types of financial statements present the Fire District's financial position and results of operations from differing perspectives which are described as follows:

#### **Government –Wide Financial Statements**

The government-wide financial statements report information about the Fire District as a whole using accounting methods similar to those used by private-sector companies. These report all revenues and expenses regardless of when cash is received or paid. Furthermore, the government-wide statements include all of the Fire District's assets and all of the Fire District's liabilities. All of the Fire District's activities are classified as governmental activities in the government-wide financial statements. The governmental activities are financed primarily by grants, fines and various fees.

#### **Fund Financial Statements**

Fund financial statements provide detailed information regarding the Fire District's most significant activities and are not intended to provide information for the Fire District as a whole. Funds are accounting devices that are used to account for specific sources of funds. All of the Fire District's funds are Governmental Funds. These funds are used to account for essentially the same functions that are reported as governmental activities in the government-wide financial statements. However, unlike government-wide financial statements, the governmental funds use a modified accrual basis of accounting that provides a short-term view of the Fire District's finances. Assets reported by governmental funds are limited to amounts that are available for current needs. In addition, liabilities are limited to amounts that are expected to be paid from currently available assets.

### **FINANCIAL ANALYSIS OF THE FIRE DISTRICT AS A WHOLE**

An analysis of the government-wide Statement of Net Position is presented as follows:

	<u>December</u> <u>31, 2021</u>	<u>December</u> <u>31, 2020</u>
<b><u>Assets:</u></b>

Unrestricted	746,194	713,061
<b>Total Net Position</b>	<b>\$ 1,233,452</b>	<b>\$ 1,214,030</b>

As the presentation appearing above demonstrates, a substantial portion of the Fire District's net position (39.5%) is invested in capital assets. Net position invested in capital assets consist of land, buildings, and equipment, less any debts used to acquire the assets that remain outstanding. The Fire District uses these capital assets to provide fire protection and other services to local residents; consequently, these amounts are not available for future spending.

The remaining net position (60.5%) is unrestricted and may be used to meet the Fire District's ongoing obligations.

An analysis of the government-wide Statement of Activities is presented as follows:

	<u>For the Year Ended</u>	
	<u>December 31, 2021</u>	<u>December 31, 2020</u>
<b><u>Revenues:</u></b>

Net Position Beginning	1,214,030	1,164,029
<b>Net Position Ending</b>	<b>\$ 1,233,452</b>	<b>\$ 1,214,030</b>

As the accompanying presentation demonstrates the Fire District's net position increased by 1.6%, as a result of current operations. The increase is attributable to careful management of the Fire District's resources.

## **Fire Protection District No. 1 of Grant Parish**

### **Management's Discussion And Analysis** **December 31, 2021**

---

#### **FINANCIAL ANALYSIS OF THE FIRE DISTRICT'S FUNDS**

For the year ended December 31, 2021, fund balances increased by \$6,035. Variation between net position and fund balances is due to difference in methods of accounting for capital assets and repayment of debt principal.

#### **BUDGET HIGHLIGHTS**

No budget was adopted.

#### **CAPITAL ASSET ADMINISTRATION**

For the year ended December, 31, 2021, capital assets activity was limited to depreciating assets acquired during previous years.

#### **DEBT ADMINISTRATION**

For the year ended December 31, 2021, debt activity was limited to repaying existing obligations as required by the terms of agreements with the debt holders.

#### **FACTORS EXPECTED TO EFFECT FUTURE OPERATIONS**

At the present time, no known issues are expected to have a significant impact on future operations.

### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Fire Protection District No. 1 of Grant Parish (the Fire District) was created to provide fire protection for portions of Grant Parish. It is governed by a Board consisting of five members and the majority of the members are appointed by the Grant Parish Police Jury. The Fire District is a component unit of the Grant Parish Police Jury, the primary governing body of the Parish and the governmental body with oversight responsibility. The accompanying financial statements present information only on the funds maintained by the Fire District and do not present financial information on the primary government, the general government services provided by that entity, or the other governmental units that are accountable to the primary government.

The accompanying policies conform to generally accepted accounting principles for governmental units.

#### **Financial Reporting Entity**

The Governmental Accounting Standards Board (GASB) established criteria for determining which component units should be considered part of a financial reporting entity. The basic criterion for including a potential component unit within a reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. These criteria include:

1. Appointing a voting majority of an organization's governing body, and
  - a. The ability of the reporting entity to impose its will on that organization and/or
  - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the reporting entity.
2. Organizations for which the reporting entity does not appoint a voting majority but are fiscally dependent on the reporting entity.
3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Based on the previous criteria, the Fire District is a component unit of the Grant Parish Police Jury. The accompanying component unit financial statements present information only on the funds maintained by Fire Protection District No. 1 and do not present information on the police jury, the general government service provided by that governmental unit, or other governmental units that comprise the financial reporting entity.

#### **Basic Financial Statements**

The basic financial statements include both government-wide and fund financial statements. Both government-wide and fund financial statements categorize all of the Fire District's operations as

# **Fire Protection District No. 1 of Grant Parish**

## **Notes to the Financial Statements**

**December 31, 2021**

---

governmental activities. Governmental activities involve government services that are normally supported by taxes and intergovernmental revenues.

The government-wide and fund financial statements present the Fire District's financial position and results of operations from differing perspectives which are described as follows:

### **Government-Wide Financial Statements**

The Statement of Net Position and the Statement of Activities display information about the Fire District as a whole. The effect of most interfund activity is eliminated from these financial statements. Furthermore, government-wide financial statements exclude any fiduciary activities which are reported in the fund financial statements.

Program revenues reported in the Statement of Activities consist of amounts that are directly associated with a governmental service. Program revenues include any charges for services and most grants.

### **Fund Financial Statements**

Funds are separate accounting entities that are designed to assist with demonstrating legal compliance and segregating transactions by activity. Major individual funds are reported as separate columns in the fund financial statements. The Fire District's major funds are described as follows:

- **General Fund** – This fund is the primary operating fund of the Fire District is used to account for all resources, except those required to be accounted for in other funds.
- **Debt Service** – This fund is used to account for proceeds from a special tax dedicated to paying principal and interest on general obligation bonds.

### **Basis of Accounting and Measurement Focus**

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied. The basis of accounting and measurement focus used for various financial statement presentations are described as follows:

<b><u>Financial Statement Presentation</u></b>	<b><u>Basis of Accounting</u></b>	<b><u>Measurement Focus</u></b>
Government-Wide Financial Statements	Accrual Basis	Economic Resources
Fund Financial Statements	Modified Accrual Basis	Current Financial Resources

Under the accrual basis of accounting and the economic resources measurement focus, revenues are recorded when earned and expenses are recorded when a liability is incurred.

Under the modified accrual basis of account and the current financial resources measurement focus revenue is recognized when it is considered measurable and available. Revenue is considered available if it is collected within 60 days of year end. In addition, expenses are generally recorded when a liability has been incurred. Furthermore, when the current financial resources measure focus is used, amounts recorded as assets exclude capital assets and the acquisition of capital assets is treated as an expenditure of funds. In

**December 31, 2021**

---

addition, long-term debts are excluded from amounts reported as liabilities. Proceeds from issuing long-term debt are reported as other financing sources and repayment of long-term debt is reported as an expenditure of funds.

### **Use of Estimates**

The preparation of financial statement in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

### **Budget Practices**

Budgets of the General Fund are prepared on the modified accrual basis of accounting. Unexpended appropriations of this fund lapse at the end of each fiscal year. Budgets of the General Fund and all changes and amendments to these budgets are approved by the Board of Commissioners as a whole.

### **Capital Assets**

Capital assets include significant acquisitions of equipment that are expected to remain in service for a period of years. Capital assets are reported in the government-wide financial statements but are excluded from the fund financial statements. Instead, the funds report the acquisition of capital assets as expenditures rather than asset acquisitions.

All capital assets are reported at historical cost less accumulated depreciation. Depreciation is computed using the straight-line method and estimated useful lives that are based on the expected durability of the particular asset. Useful lives typically range from five to forty years.

### **Cash**

Amounts reported as cash and cash equivalents (restricted and unrestricted) include all cash on hand, cash in bank accounts, certificates of deposit and highly liquid investments.

### **Internal Balances**

Internal balances arise from transactions between funds are provided without expectation of repayment, the transaction is reported as a transfer. Transfers are treated as a source of income by the recipient and as an expense or expenditure by the provider. If repayment is eventually expected to occur, interfund receivables and payables are recorded. Internal balances are eliminated in preparing government-wide financial statements.

### **NOTE 2 - CASH**

Deposits are stated at cost, which approximates market. Under state law, these deposits must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

At December 31, 2021, the Fire District had \$505,776 in deposits (collected bank balance). These deposits are secured from risk by \$335,046 of federal deposit insurance and \$435,350 of pledged securities held

by the custodial bank in the name of the fiscal agent bank. State law imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified that the fiscal agent has failed to pay deposited funds upon demand.

#### **NOTE 3 - RECEIVABLES**

At December 31, 2021, receivables were limited to ad valorem taxes and related revenue sharing collected by other governmental units on behalf of the Fire District. These amounts are considered fully collectible and there is no allowance for doubtful accounts.

#### **NOTE 4 – CAPITAL ASSETS**

A summary of the Fire District's capital assets is provided as follows:

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Disposals</u>	<u>Ending Balance</u>
<u>Non Depreciable Capital Assets</u>				
Land	\$ 33,264	\$ ----	\$ ----	\$ 33,264

Total Capital Assets	\$ 509,206	\$ (21,948)	----	\$ 487,258

For the year ended December 31, 2021, depreciation expense totaled \$21,948. This total included \$15,544 reported as fire protection and \$6,404 reported as building operations.

#### **NOTE 5 – INTERFUND BALANCES AND TRANSFERS**

Outstanding debt was fully repaid during the current year. In order to facilitate the final payment, the General Fund transferred \$9,243 to eliminate the deficit in the debt service fund and eliminate the fund.

#### **NOTE 6 - RISK MANAGEMENT**

The Fire District is exposed to various risks of loss related to torts; theft, damage or destruction of assets; errors and omissions; injuries to employees; and natural disasters.

The Fire District insures against these risks by participating in a public entity risk pool that operates as a common insurance program and by purchasing commercial insurance. Settled claims resulting from these risks have not exceeded insurance coverage in any of the past three fiscal years.

#### **NOTE 7 – LONG-TERM DEBT**

Long-term debt outstanding at year end is described as follows:

APPLYING AGREED-UPON PROCEDURES**

To the Board of Directors  
Fire Protection District No. 1  
of Grant Parish

I have performed the procedures included in the *Louisiana Government Audit Guide* and enumerated below, which were agreed to by the management of Fire Protection District No. 1 and the Legislative Auditor, State of Louisiana, solely to assist the users in evaluating management's assertions about the Fire District's compliance with certain laws and regulations during the year ended December 31, 2021, included in the *Louisiana Attestation Questionnaire*. Management of Fire District No. 1 is responsible for its financial records and compliance with applicable laws and regulations. This agreed-upon procedures engagement was performed in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. The sufficiency of these procedures is solely the responsibility of the specified users of the report. Consequently, I make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

**PUBLIC BID LAW:**

1. Select all expenditures made during the year for material and supplies exceeding \$ 30,000, or public works exceeding \$ 150,000, and determine whether such purchases were made in accordance with LSA-RS 38:2211-2296 ( the public bid law ).

*There were no transactions meeting this scope of bid law.*

**CODE OF ETHICS FOR PUBLIC OFFICIALS AND PUBLIC EMPLOYEES**

2. Obtain from management a list of the immediate family members of the Board Members as defined by LSA-RS 42:1101-1124 ( code of ethics ), and a list of outside business interests of the Board Members and employees, as well as their immediate families.

*Management provided me with the required list including the information noted.*

3. Obtain from management a listing of all employees paid during the period under examination.

*There were no employees during the fiscal year.*

4. Determine whether any of those employees included in the records obtained from management in agreed-upon procedure (3) were also included on the listing obtained from management in agreed-upon procedure (2) as immediate family members.

*Not applicable.*

## **BUDGETING**

5. Obtain a copy of the legally adopted budget and all amendments.

*The Fire District did not adopt a budget for year 2021.*

6. Trace the budget adoption and amendments to the minute book.

*The budget was not approved by the board of commissioners and recorded in the minutes.*

7. Compare the revenues and expenditures of the final budget to actual revenues and expenditures to determine if actual revenues or expenditures exceeded budgeted amounts by more than 5%.

*not applicable*

## **ACCOUNTING AND REPORTING**

8. Randomly select six disbursements made during the period under examination and:

**(a)** Trace payments to supporting documentation as to proper amount and payee.

*I examined supporting documentation and found that payment was for the proper amount and made to the correct payee.*

**(b)** Determine if payments were properly recorded to the correct fund and general ledger account.

*All payments selected were properly recorded to the correct fund and general ledger account.*

**(c)** Determine whether payments received approval from proper authorities.

*Inspection of the documentation for items selected indicated that the checks were signed by the proper official. No further approval was required.*

**(d)** Determine that the schedule of compensation, benefits, and other payments to the agency head or chief executive officer is reported accurately.

*Inspection of the records indicated that the schedule of compensation, benefits and other payments to the agency head is accurately presented.*

## **MEETINGS**

9. Examine evidence indicating that agendas for meetings recorded in the minute book were posted or advertised as required by LSA-RS 42:1 through 42:12 ( open meetings law ).

*The District complied with this requirement.*

**DEBT**

10. Examine bank deposits for the period under examination and determine whether any such deposits appear to be proceeds of bank loans, bonds or like indebtedness.

*I inspected deposits for the period and noted no deposits that appeared to be such proceeds.*

**ADVANCES AND BONUSES**

11. Examine payroll records and minutes for the year to determine whether any payments have been made to employees which may constitute bonuses, advances, or gifts.

*I inspected the records for the year and noted no employees or instances that indicated payments to any District personnel which would constitute bonuses, advances, or gifts.*

I was engaged to, and did not, perform an examination, the objective of which would be the expression of an opinion on management's assertions. Accordingly, I do not express such an opinion. Had I performed additional procedures, other matters might have come to my attention that would have been reported.

This report is intended solely for the use of management of Fire Protection District No. 1 and the Legislative Auditor, State of Louisiana, and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes. However, this report is a matter of public record and its distribution is not limited.
