President and Members of the  
East Baton Rouge Parish School Board

Dear Board Members:

The Annual Comprehensive Financial Report of the East Baton Rouge Parish School System for the fiscal year ended June 30, 2025, is presented herewith. This financial report represents a comprehensive portrait of the School System's financial condition. It is structured in such a manner as to make it a very useful management instrument as well as an informative public document.

The Annual Comprehensive Financial Report, along with internal audit activities and other budgetary reports, combine to provide for an effective internal fiscal management control system. This combination of accounting and financial reporting serves the purpose of satisfying our responsibility to provide the public with complete and accurate financial data.

This fiscal year 2024 Annual Comprehensive Financial Report received the Certificate of Achievement for Excellence in Financial Reporting from the Government Finance Officers Association and the Certificate of Excellence in Financial Reporting from the Association of School Business Officials. This was the thirty-sixth consecutive year that the School Board received both of these prestigious awards.

The staff members of the Operations and Budget Management and Finance Departments are to be commended for the attainment of such high standards for their financial reporting and their efforts in the preparation of this report on a timely basis. In addition, EisnerAmper LLP, our independent auditors, are to be commended for the professional, thorough, and timely manner in which the audit was conducted.

Respectfully submitted,

LaMont Cole  
EBRPSS Superintendent of Schools

President and Members of the East Baton Rouge Parish School Board and  
Residents of East Baton Rouge Parish:

We are pleased to submit to you the Annual Comprehensive Financial Report (ACFR) of the East Baton Rouge Parish School System (District), for the fiscal year ended June 30, 2025, which provides full disclosure of the financial operations of the District. The basic financial statements within this ACFR, which have been audited by EISNERAMPER, LLP, a firm of licensed certified public accountants, conforms to the Generally Accepted Accounting Principles (GAAP) as applicable to governmental entities. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with management and with the School Board. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of various funds and account groups of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

This letter of transmittal is designed to complement the Management Discussion and Analysis (MD&A) and should be read in conjunction with it. The MD&A is located immediately following the report of the independent auditors and provides an objective, easy to understand narrative overview and analysis of the basic financial statements. The MD&A explains the financial position and results of operations of the District for the past fiscal year.

### **REPORTING ENTITY**

This report includes all funds of the District. The District is a political subdivision of the State of Louisiana created under the Constitution of Louisiana. As such, it has the power to sue and be sued. The District has the power to make rules and regulations for its own government consistent with the laws of the State of Louisiana and the regulations of the State Board of Elementary and Secondary Education (BESE). It is the responsibility of the School Board to make public education available to the residents of East Baton Rouge Parish.

The elected Board is chosen from nine (9) single-member districts with each member serving a concurrent four-year term. The School Board is authorized to formulate policy, to establish public schools as it deems necessary, to provide adequate school facilities for the children of East Baton

Rouge Parish, to determine the number of teachers to be employed and to determine their salaries. Additionally, the School Board selects the Superintendent of Schools to serve as the District's Chief Executive Officer.

The District provides a full range of public education services at all grade levels ranging from pre-kindergarten through grade twelve to approximately 38,000 students and employs approximately 5,500 people. Total enrollment includes students participating in regular and enriched academic education, alternative education, exceptional student services education for the handicapped from ages four to twenty-two, career and technical education and thirteen (13) charter schools (three elementary, two middle, three K-8, four K-12, and one high). Services provided to students include instructional staff, instructional materials, instructional facilities, administrative support, business services, food services, system operations, facility maintenance, student health services and bus transportation. In addition, the District serves approximately 2,600 adult education students annually.

The public is invited to attend regular meetings of the School Board which are held the third Thursday of each month at 5:00 p.m. in the Board Room of the District's Central Office, located at 1050 South Foster Drive. Meetings are live streamed on YouTube and are also televised live on Cox Cable Channel 21 and replayed at various times during the following weeks.

### **ECONOMIC CONDITION AND OUTLOOK**

The District is located in Baton Rouge, Louisiana, in the southeastern section of the State, along the Mississippi River. In addition to being the second largest city in the State, Baton Rouge is also the capital of Louisiana and the principal home of two major state universities: Southern University (SU) and Louisiana State University (LSU).

Baton Rouge is the home of one of the largest oil refining and petrochemical centers in the nation and is the hub of the industrial region that stretches eighty (80) miles to New Orleans. Located 230 river miles (434 kilometers) above the mouth of the Mississippi River, with a 45-foot channel, Baton Rouge is the furthest inland deep-water port on the Gulf of Mexico via the Mississippi River. The expanding Port of Greater Baton Rouge ranks ninth among the major ports of the nation. The Port of Greater Baton Rouge is a strategic gateway for the handling of international and domestic commerce. The Greater Baton Rouge area is designated as a U.S. Customs Port of Entry.

According to “The Louisiana Outlook: 2025-2026, prepared by Loren C. Scott, Professor Emeritus in Economics published by Division of Economic Development, Ourso College of Business, Louisiana State University, Baton Rouge, Louisiana:

*The Louisiana Economic Forecast projects statewide gains of 58,300 jobs in 2024 and 2025. Baton Rouge is expected to be the third fastest growing area in Louisiana, with over 21,600 new jobs projected over the next two years. The region has \$20 billion in ongoing projects, including a 17,000 acre RiverPlex Mega Park mixed use development.*

Baton Rouge is the home for several high-technology research facilities such as Louisiana State University’s C. B. Pennington Biomedical Research Center and its Center for Advanced Microstructure and Devices. Opened in 1988, the Pennington Center now houses 44 research laboratories situated on 222 acres that span the Center’s three programs – Basic Research, Clinical Research, and Population Science (thirteen core service laboratories). There are ten (10) research areas which include obesity, diabetes, epidemiology & prevention, genomics & molecular genetics, neurobiology, neurodegeneration, nutrient sensing, cancer, physical activity & health, and developmental biology. The center also includes inpatient and outpatient clinics, a research kitchen, and an administrative area. Sixty-five (65) faculty members, twenty (20) postdoctoral researchers, and approximately 450 research associates, research technicians, and support personnel focus their research efforts on ten (10) research program areas: Epidemiology and Prevention, Physical Activity and Health, Cancer, Diabetes, Obesity, Neurodegeneration, Genomics and Molecular Genetics, Stem Cell and Developmental Biology, Neurobiology, and Nutrient Sensing and Signaling.

The Baton Rouge Community College (BRCC), a two-year institution of higher education, opened in the fall of 1998. When classes began at BRCC in 1998, enrollment was just under 1,900 students. Enrollment has steadily grown and more locations were founded. There are now eight (8) locations which cover six (6) parishes, East and West Baton Rouge, Iberville, Point Coupee, and West and East Feliciana with a current enrollment of 8,500. The community college system builds a system of higher education that is more affordable for young people and provides opportunities for training and certification in a number of skills. BRCC is jointly under the control, supervision, and management of the Board of Supervisors of Southern University and Louisiana State University.

## **LOCAL SALES TAX AND MINIMUM FOUNDATION PROGRAM**

Actual sales tax collections through June 2025 were finalized and received from the City Parish Government in August 2025. Actual collections increased by 1.9% for the fiscal year ended June 30, 2025. Sales tax collections represent a major component or 21% of general operating revenue for the District. In 2024, the East Baton Rouge Tax Assessor placed a value of \$7.9 billion on all taxable property located within the District's boundaries, up from \$210.9 million the previous year. Ad valorem tax collections represent a major component or 39% of general fund operating revenue for the District. The effect of the national recovery has impacted the local economy by an increase in available jobs.

The Minimum Foundation Program (MFP) provides funding from the State of Louisiana based on per-pupil allocations and additional funding for weighted areas including career and technical, at-risk, or special education. The base per-pupil allocation for 2024-2025 was \$4,427. State Minimum Foundation Program (MFP) funding increased by approximately \$6.6 million when compared to the prior year. This increase in MFP funding was due to the wealth factor decrease from 2023-2024 that ended in the 2024-2025 fiscal year.

The June 2025 unemployment rate for Louisiana was 4.5%, an increase from the June 2024 rate of 4.4%. The national unemployment rate for June 2025 was 4.1%.

Student enrollment had declined with the increase in enrollment in private, parochial, and charter schools. Approximately 12,393 students were enrolled in a Type I, Type II, or Type V charters in the District as of February 2025. This decline in student enrollment has resulted in State funding to the District being reduced by millions of dollars. The October 1, 2024 enrollment approved for the purpose of funding by the State was 38,264 students, which was 798 students less than the October 1, 2023 state enrollment count due to the growth of charters within the District.

Currently the district maintains eighty-eight facilities which range in age from three to eighty-nine years old. These locations rest on 1,299 acres of land throughout East Baton Rouge Parish and have the capacity to accommodate 58,330 students. See pages table of contents for the statistical section for further details.

## **MAJOR INITIATIVES**

**Current Year** - During the 2024-2025 year, the District continued its efforts to improve student performance and community support through various programs.

### **Strategic Plan**

In January of 2025, the Board formally updated the district's strategic plan. The District's Strategic Plan identifies three key commitments to cement our dedication and children of our community. The plan has a set of strategic initiatives and goals that will be used to guide the staff in pursuit of our desired outcomes.

The Three Key Commitments include the following:

- Student Achievement: We will ensure every child maximizes their education and personal potential by offering robust academic, vocational, and extracurricular programs.
- Operational Excellences: We will provide safe, secure and well-maintained learning environments by conducting regular assessments and proactive improvements.
- Employee Development: We will cultivate a culture of continuous growth and collaboration by fostering leadership and professional development pathways for all employees.

### **Tax Plan – Phase I**

All projects in the first five (5) year phase of the 1998 One-Cent Sales Tax Plan were completed in the 2004-2005 fiscal year at a total cost of \$168.5 million. All projects were completed on time and within budget constraints with this pay-as-you-go plan.

### **Tax Plan - Phase II**

In May 2003, the community continued to support the District by voting to continue the five (5) year one-cent sales tax. The continuation was again in the form of three propositions, mirroring the form it took in 1998 with collections to begin April 1, 2004, and continue through 2010. Proposition 1 called for the construction of six new schools (4 new, 2 rebuilt), major renovations at another four (3 high schools, 1 middle) and much needed repairs at another forty (7 high schools, 9 middle schools, 24 elementary schools). Both the new and renovated schools have provided appropriate educational spaces that are more conducive to teaching and learning, provided adequate special program and laboratory facilities, improved safety and security, and increased technology implementation and accessibility.

### **Tax Plan - Phase III**

In March 2008, the community continued to support the District by voting to continue the one-cent sales tax for an additional ten years. The continuation was again in the form of three propositions, mirroring the form it took in 1998 with collections to begin April 1, 2009 and continue through 2019. Proposition 1 calls for the construction of eight new schools (3 new, 5 rebuilt), major renovations and additions at one high school, two middle schools, ten elementary schools, and much needed repairs at another forty-five schools. Both the new and renovated schools will provide appropriate educational spaces that are more conducive to teaching and learning, provide adequate special program and laboratory facilities; improve safety and security, and increase technology implementation and accessibility. Propositions 2 and 3 have continued to fund the continuation of discipline programs and employee compensation at current levels for each Tax Plan phase. A Community Oversight Committee continues to ensure that the money approved by the voters is spent appropriately. The final Phase 3 project was completed in October 2022 for the demolition of the Old Jefferson Terrace Elementary School.

## **Tax Plan – Phase IV**

In April 2018, the community continued to support the District by voting to continue the one-cent sales tax for an additional ten years. The continuation was again in the form of three propositions, mirroring the form it took in 1998 and 2008 with collections to begin July 1, 2019, and continue through June 30, 2029. Proposition 1 called for the construction of eight new schools (2 new, 6 rebuilt), major renovations and additions at six (6) high schools, three (3) middle schools, and five (5) elementary schools. Both the new and renovated schools have provided appropriate educational spaces that are more conducive to teaching and learning, provided adequate special program and laboratory facilities, improved safety and security, and increased technology implementation and accessibility. The continuance of the technology component of Proposition 1 will provide funding to allow the District to purchase computer devices to both replace obsolete equipment and to provide additional computer access to students (7,000 computer devices annually or 70,000 units over the ten-year period for students and 240 computer devices annually or 2,400 units over the ten-year period for faculty/staff). It will provide funding for the salaries and benefits of 30 technology support staff to maintain and support the operation of the District's wide area computer network. Propositions 2 and 3 have continued to fund discipline programs and employee compensation at current levels for each Tax Plan phase. A Community Oversight Committee continues to ensure that the money approved by the voters is spent appropriately.

## **FACILITIES UPDATE 2024-2025 SCHOOL YEAR**

- **Glen Oaks Middle School Demolition** – The former middle school was demolished due to a fire. The project is substantially complete.
- **Baton Rouge Center for Visual and Performing Arts** – The existing BRCVPA was replaced at its current site. The newly built school will house grades Pre-K through Fifth grades. The school is being designed to encourage collaboration and foster arts integrated instruction. The project is completed and the new school is opened for the 2025-2026 school year.
- **Broadmoor Middle School Renovation** – The existing 86,455-sq. ft. facility, consisting of seven (7) on-site buildings, will be fully abated of hazardous materials and demolished. In its place, a new facility of approximately 30,000 sq. ft. will be constructed to mainly accommodate district elementary athletic programs, including E-sports, along with the necessary support spaces. The site development will also include football, soccer, and track & field infrastructure.
- **New Elementary School in the Southern Part of the District** – The new elementary school project in partnership with BREC is known currently as “School in the Park.” It is planned to house Pre-k to 5th grade for a population of approximately 500 scholars. The Construction Manager at Risk (CMAR) project is in the Design Development phase, with a solution that meets all Educational specifications for the East Baton Rouge Parish School System, while also incorporating recreational and environmental site elements that will meet BREC requirements. CMAR projects are when a Construction Manager is hired to oversee the project from design through construction. The goal of this project is an

innovative approach to education within an environment that promotes indoor and outdoor learning, exploration, and active play. The anticipated opening date is August 2027.

- **Woodlawn High School Classroom Addition** – The Woodlawn High School Addition project included creating a secured vestibule at the front entrance of the school and (4) new classrooms. The addition was outfitted with new collaborative style furniture that provides varied seating heights and easy mobility.
- **McKinley Senior High School** – The McKinley Senior High School project is planned for a major renovation. The goal of the project aims to focus on enhanced street appeal while addressing various aspects such as updating building systems, operational flow, ADA accessibility, and facility upgrades. The anticipated completion date is August 2027.

## **TECHNOLOGY INITIATIVE AND ONLINE TESTING**

The East Baton Rouge Parish School System supports online testing for grades 3-12 through the Louisiana Department of Education’s LEAP 2025 state-mandated assessments. To enhance readiness efforts, the District has implemented several key technology initiatives, including establishing a 1:1 Student-to-Chromebook device ratio with a sustainable refresh model to maintain an optimal ecosystem of devices.

In support of the 1:1 Learning Environment, the District developed several important resources: the 1:1 Handbook and Administrative Guidelines, the Strategic Plan for Technology Integration, and the Principal’s Guide to Computer-Based Testing (CBT). Additionally, district-wide professional development focused on technology integration includes initial 1:1 Chromebook Training, Digital Literacy Guidelines, LDOE Technology Standards, and more, ensuring educators are equipped to maximize the benefits of technology in the classroom.

## **EBR Workforce Development Department**

The EBRPSS Office of Workforce Development supports the Career and Technical Education Department, the Career and Technical Education Center (CTEC), Work-Based Learning Experiences (Internships), and JROTC, collectively focusing on equipping students with practical skills, industry-based credentials, and leadership abilities through internships and work-based learning. These programs ensure students are prepared for high-demand careers, higher education, and personal growth while aligning with the Capital Region's workforce needs and providing equitable access to LDOE-aligned College & Career Diploma Pathways. The Office of Workforce Development partners with BRAC and GBRIA to establish strong connections and provide seamless support for graduation pathways. This includes helping students earn industry-based credentials and gain work-based learning experiences that align with the demands of high-wage sectors.

## **CAREER & TECHNICAL EDUCATION**

Career and Technical Education (CTE) Programs (Workforce Development): The East Baton Rouge Parish CTE Programs aim to equip students with essential skills, knowledge, and experiences for various careers and technical fields. These programs support College & Career Pathways at each high school within the District and internship experience in partnership with community businesses.

### **CTE Focus:**

- **Skill Development:** Hands-on training aligned with LDOE career pathways such as Agriculture, Business Management, Health Sciences, and more.
- **Career Exploration:** Provides students insights into various industries, helping them make informed career decisions and improving graduation rates.
- **Industry-Relevant Education:** Collaborates with local businesses to keep the curriculum updated with current industry standards.
- **Certification and Credentials:** Offers industry-based credentials (IBCs) to enhance employability.
- **Work-Based Learning:** Includes internships and apprenticeships for real-world experience.
- **College and Career Readiness:** Prepares students for both higher education and immediate workforce entry.
- **Economic Development:** Contributes to local economic growth by training a skilled workforce.
- **Personal Growth:** Focuses on building self-confidence, leadership, and a strong work ethic.

Work-Based Learning Partnership: We work in partnership with Baton Rouge Area Chamber (BRAC), Baton Rouge Community College, and the Mayor’s Office to align the educational needs of business and industry. This initiative allows business and industry to steer education to the specific industry’s needs while training their future employees and ensuring we retain our talent. The network will bring workforce and education together to be solution oriented.

College and Career Pathways Supported are all tied to ensuring students are ready for the transition from high school to a high-wage career, a community college or vocational school experience, or university.

## **CAREER & TECHNICAL EDUCATION CENTER, CTEC**

CTEC (Career and Technical Education Center) is a specialized educational facility that focuses on providing students with hands-on, career-focused training in various Pathways in technical and vocational fields NOT offered at their home school site.

**EBR Career & Technical Education Center (CTEC):** Arts, AV Technology, & Communication (TV & Film) | Architecture & Construction | Health Sciences (EMT, CNA-Pre LPN, Patient Care, Certified Medical Assist) | Hospitality & Tourism (ProStart) | Information Technology (Computer Networking or Programing) | Manufacturing (HVAC, NCCER Electrical, NCCER Instrumentation, Process Technology Oil & Gas) | Transportation (Automotive Technician)

The EBR Career & Technical Education Center (CTEC) serves as a vital regional hub aimed at enhancing career readiness and technical skills among high school students in the District. These programs ensure that all students throughout the District have equitable access to all [LDOE Career Diploma Jump Start Pathways](#) and [TOPS University Diploma](#) career courses regardless of which high school they attend. CTEC has a business-led advisory board to ensure programs are aligned to community and industry needs.

### **Purpose of CTEC:**

- **High-Demand Job Training:** CTEC focuses on preparing students for high-demand, high-paying jobs by providing specialized training in various fields. This helps address local workforce needs and ensures students are equipped with skills that are sought after by employers.
- **Rigorous, Project-Based Instruction:** The center offers rigorous, project-based learning that provides practical experience and real-world application of skills. This approach helps students develop a deep understanding of their chosen field and enhances their problem-solving abilities.
- **Industry-Based Credentials (IBC):** CTEC provides opportunities for students to earn industry-recognized certifications and credentials. These credentials validate the students' skills and qualifications, improving their employability and career prospects.
- **Dual Enrollment Opportunities:** Students at CTEC can earn credits that count toward an associate degree while still in high school. This dual enrollment pathway accelerates their educational progress and provides a head start on higher education
- **Equitable Access:** CTEC ensures that all students, regardless of their home high school, have access to high-level career pathways. This central program provides opportunities that might not be available at their individual schools, promoting equity in career education.

- **Partnerships and Collaboration:** CTEC programs are developed in partnership with local business and industry organizations, including the Baton Rouge Area Chamber (BRAC), Baton Rouge Area Foundation (BRAAF), and a business advisory board. These collaborations ensure that the training is relevant and aligns with current industry standards.
- **Work-Based Learning Experiences:** Internships and apprenticeships provide students with hands-on experience in real-world job environments, allowing them to apply classroom knowledge, develop professional skills, and gain valuable industry insights.
- **Impact on School Performance Scores:** Credentials earned through CTEC contribute to improving the School Performance Scores (SPS) of the students' home high schools, reflecting positively on both the individual students and their schools.

### **Student Experience:**

Students enrolled in CTEC remain registered at their home high schools but attend CTEC for half a day every other day. This arrangement allows them to benefit from specialized training while maintaining their connection to their home school.

CTEC is designed to provide comprehensive career and technical education that aligns with regional industry needs, promotes equitable access to career pathways, and enhances both student outcomes and local economic development.

### **JROTC**

EBRPSS Junior Reserve Officers' Training Corps (JROTC) Programs are educational programs offered at high schools that focus on developing leadership, citizenship, and personal responsibility through military-style training.

#### **The following lists the purpose of JROTC Programs:**

- **Leadership Development:** JROTC programs emphasize leadership skills, including decision-making, teamwork, and communication. Students learn how to lead and motivate others, both in and out of uniform.
- **Citizenship and Character Building:** The programs aim to instill a strong sense of civic responsibility and ethical behavior. They teach respect for others, the importance of community service, and the value of contributing positively to society.
- **Personal Growth:** JROTC helps students develop self-discipline, confidence, and time management skills. These attributes are crucial for success in both academic and professional settings.
- **Career Exploration:** While JROTC is affiliated with the military, it is not a recruitment program. Instead, it offers students insights into military careers and other career paths that benefit from military-style training and skills.
- **Academic Enhancement:** The program supports academic achievement through its structured environment, goal setting, and emphasis on responsibility. JROTC participants often develop better study habits and improved academic performance.
- **Physical Fitness:** Regular physical training is a component of JROTC, promoting health and wellness. Students engage in exercises and activities that build physical strength and endurance.

**The program components and activities of the JROTC include:**

- **Curriculum:** The JROTC Curriculum includes subjects such as leadership theory, military history, drill and ceremony, first aid, and navigation. The curriculum is designed to be engaging and relevant to students' lives.
- **Uniforms and Inspections:** Students wear uniforms and participate in regular inspections. This fosters a sense of discipline and helps students learn the importance of appearance and attention to detail.
- **Drill and Ceremony:** JROTC Programs incorporate drill and ceremony training, which involves precision marching and ceremonial practices. This training develops coordination, teamwork, and a sense of pride.
- **Community Service:** JROTC cadets are encouraged to participate in community service projects. These projects can range from volunteering at local events to organizing charitable drives, reinforcing the program's focus on civic duty.
- **Leadership Positions:** Students can take on leadership roles within the JROTC unit, such as squad leader or company commander. These positions provide hands-on leadership experience and responsibilities.
- **Extracurricular Activities:** The JROTC Programs offer extracurricular activities like color guard, marksmanship, and competitive drill teams. These activities allow students to apply their skills in different contexts and build camaraderie.

**The benefits of JROTC Programs include:**

- **College and Career Preparation:** JROTC helps students build a strong foundation for college and career success through leadership skills, discipline, and a sense of responsibility.
- **Scholarship Opportunities:** Students in JROTC may be eligible for scholarships and other educational benefits, particularly if they choose to pursue a career in the military.
- **Improved Academic Performance:** The structure and discipline of JROTC can lead to better academic performance and increased engagement in school.
- **Enhanced Social Skills:** Participation in JROTC helps students develop strong interpersonal skills and the ability to work effectively in teams.

District schools with JROTC Programs include Belaire High School, Broadmoor High School, Glen Oaks High School, Istrouma High School, Liberty Magnet High School, McKinley High School, Northeast High School, Scotlandville High School, Tara High School, and Woodlawn High School.

District JROTC Programs provide students with valuable life skills, a sense of purpose, and opportunities for personal and professional growth. They are designed to prepare students for success both in their future careers and as responsible, engaged citizens.

These programs bridge the gap between education and employment, providing students with the tools needed for successful careers while addressing regional workforce needs.

These programs are funded through a Carl Perkins Grant, Career Development Funds (CDF) apportioned by the LDOE through MFP funding, Federal Grants, and general fund vocational allotment.

## **Workforce Development Accomplishments for the 2024-2025 School Year**

- Students took 8108 Career Development courses at middle and high schools across the district. These are courses that are aligned to progressions leading to successful completion of LDOE graduation pathways and preparation for high wage, high demand careers.
- **Industry-Based Credential Data**
  - 5139 state basic and state advanced (defined by the Louisiana Workforce Commission) Industry-Based Credentials (IBCs) were earned 2024-2025. 4415 of these credentials were at the state basic level and 730 were at the state advanced level.
  - Advanced Credential Gains = 458%
  - Basic Credential Gains = 61.45%
  - Schools that Increased Basic and Advanced Credentials = 81%
  - Schools that increased Advanced Credentials = 100%
- **Internship Data**
  - 210 CDF Internship during the 2024-2025 SY
  - 301 CDF Internship during the Summer of 2025
  - Summer Internship Participation increased by 629%
- **JROTC Data**
  - During the 2024-2025 school year the JROTC Enrollment was 1395 at 10 area high school sites.
- **ACT WorkKeys Data**
  - ACT WorkKeys Silver increased 21.01% from 2024 to 2025
  - ACT WorkKeys Gold increased 43.41% from 2024 to 2025
  - ACT WorkKeys Platinum increased 8.33% from 2024 to 2025
  - ACT WorkKeys Testers increased 15.44% from 2024 to 2025
- **CTEC Data**

  - Increase in Industry-Based Credentials Earned at CTEC
- **Summer 2025**
  - 564 Students participated in Workforce Development summer programs and gained valuable college, career, and life skills. These students interned, earned high school credits, earned industry-based credentials, and participated in career awareness classes
  - 222 Students earned a high school credit, an Industry Based Credential, and \$1000 this summer from schools across the district
  - 70 Students earned an hourly wage through MYWE and an Industry Based Credential at BRCC this summer
  - Hundreds of student interned within EBR Departments, the LDOE, Exxon, and businesses across the Capital City this summer - Partnership with EBR, MYWE, & BRCC
  - ExxonMobil hosted a Career Awareness Camp at CTEC for students across the district this summer

## **TEACH BATON ROUGE**

The Teach Baton Rouge (TBR) Alternative Certification Program currently lives under the auspices of the Unlock Your Potential- Educator Pathway Program. TBR wholly supports degreed District employees in attaining teacher certification.

The focus of the program includes:

- Providing financial assistance and comprehensive training to aspiring teachers
- Building the educator pipeline
- Increasing student achievement
- Improving employee morale and organizational culture
- Diversifying our workforce

The Teach Baton Rouge Program is in its twenty-fifth year of operation and has been responsible for bringing over four hundred teachers into the District's classrooms.

Teach Baton Rouge Members teach in critical shortage areas and enjoy success in the classroom including:

- Teacher of the Year at the school site and district level
- National Board Certification
- Mentor Teacher Certification
- Leadership positions within the District

## **TEST SCORES AND AWARDS**

### **LEAP 2025 & Other Performance Scores**

Third through eighth graders in the East Baton Rouge Parish School System participate in the state-mandated LEAP 2025 summative assessments in all four core content areas.. High school students also participate in the LEAP 2025 End of Course Testing. Statewide assessments and other metrics are tracked for their impact on school and district performance scores. At the conclusion of SY 24-25 the district remains a C earning its highest district performance score to date and ranking as a top ten statewide school system for growth because of statewide assessment calculations.

### **Elementary and Middle Schools**

As a whole in grades 3-8, the state's overall averages of Mastery & Above remained constant while the district decreased by -1% percentage point. ELA assessment data decreased by an average of -2%, and math scores grew by 1% in mastery and above across all grade levels. Overall science assessments across all grade levels declined by -1percentage point as well. Social Studies data experienced a lag after a pause in operational assessments with an overall 25% proficiency rating for grades 3-8. While Asian and African American subgroups did not demonstrate one year proficiency growth, both subgroups earned greater rates than their statewide peers. Hispanic/Latino and Students with Disabilities were the only two subgroups to demonstrate

gains. District level, school level, content level and subgroup data as well as school and district level participation rates for statewide assessments are posted publicly in the Louisiana Department of Education's online data library. In middle schools, the district earned an 'A' letter grade in the DCAI index.

### **High Schools**

High school students participate in the LEAP 2025 High School Assessments and ACT assessments annually. When including high school testers, the percent scoring Mastery of Above in High School ELA assessment data decreased by -1 percentage point. Algebra proficiency levels also increased bringing the district's math content proficiency levels (inclusive of high school) to +3 percentage points. Biology data resulted in relatively no change in science proficiency rates. Social Studies data lagged in the statewide release of public data and is not comparable to previous year as there was no operational assessments for comparison. The last state reported composite average for District ACT participation (Class of 2025) is 17.9 average composite score as compared to the Louisiana average of 18.4 for statewide participants. Other state level data provides additional evidence of the District's efforts to promote college and career readiness. The most recently released graduation rate for the Class of 2025 is 76.3%, an increase and the district's highest graduation rate to date. Additionally, the district earned a letter grade of 'A' for the strength of diploma index for the first time in its history with 61.7% of graduates earning Basic+ Advanced credentials, a 15.6% increase from the previous year. School and District level high school assessment data and participation rates, ACT data and participation numbers and other forms of college and career readiness indicators may be found online in the Louisiana Department of Education's online data library.

### **RECOGNITIONS FOR THE DISTRICT'S SCHOOLS DURING 2024-2025 INCLUDED:**

- Twenty-one Baton Rouge Magnet High School students were recently announced as semifinalists in the prestigious 2026 National Merit Scholarship Program. It is the most of any school in Louisiana.
- Eighteen students from Glen Oaks High School graduated with both their high school diploma and an associate degree from Baton Rouge Community College.
- Seventeen Baton Rouge Magnet High School students were selected as Presidential Scholars candidates by the U.S. Department of Education.
- Dufrocq School student Tiffany Prout publishes her first book, "Tiffany, the Dancer: A Magical Surprise!"
- Broadmoor High Student Abby Alvarado won first place at the Regional and National Marshall-Brennan Moot Court Competitions.
- Northeast High School began growing and selling food in a brand new greenhouse for the agriculture program

## **EDUCATIONAL PROGRAMS/AWARDS**

Magnet programs are specialized, accelerated programs which offer students an opportunity to explore an enhanced curriculum in the visual and performing arts, the Montessori Method, Foreign Language Immersion, engineering, medical, and academic models with a strong focus on science, technology, and math. Gifted classes provide a high degree of complexity and extend beyond the prescribed curriculum offered in regular classes. Classes are taught by teachers certified in Gifted Education and have a reduced class size in order to individualize each student's educational program.

The District is committed to providing diverse educational opportunities that empower our students for success in the 21st century. As part of our ongoing efforts to enhance the quality of education within our District, we have initiated several major improvement projects, focusing on expanding choice school options. The Office of Innovative and Specialized Programs has played a pivotal role in these endeavors, phasing in each program to ensure that resources are firmly embedded based on its specialized focus.

The District has expanded its portfolio of schools that offer students non-academic admission into the cohort of Focus Choice Schools, a model designed to provide competitive and engaging theme-based programs for students across the District.

The Focus Choice Schools Model provides opportunities for students who are interested in defined thematic programs that are aligned with the five career fields of the Pathways to Bright Futures Program: Technology, Construction and Manufacturing, Medical and Pre-Med, Transportation and Logistics, and Liberal Arts and Management. In addition, each school is supported by a community partner, who, in turn, assists the District with specialized expertise for each model. Students are required to apply for non-academic admission for each school in the Focus Choice network; however, depending on the post-secondary requirements of the program, the retention requirement ranges between 2.0 and 3.00.

Focus Choice Schools is a model concentrating on implementing choice schools that are innovative and provide a stimulating and challenging curriculum while capitalizing on integrating a postsecondary partnership. A centralized goal of the program recognizes that school choice is a critical and essential aspect of every urban school system; therefore, the purpose of this plan is to provide innovative programs and enhanced opportunities throughout the school district to implement themed-based programs systematically.

Programs are aligned with the District's Strategic Plan to increase available seats, add or enhance innovative programs, promote systemic recruitment strategies, and increase seats at schools with capacity. In alignment with the Pathways to Bright Futures academic programming design, Focus Choice Schools' specialized programs provide students with the opportunity to participate in dual enrollment programs that will allow them to graduate from high school with an associate degree.

Currently, there are four Focus Choice Schools. Park Medical Academy serves students in Grades PreK-7, with 8th grade being added in the 2024-2025 school year. The dedicated Focus Choice Program is in partnership with Baton Rouge General Medical and provides students with exposure

to the medical field. Capitol High School Medical Academy is a program within a school also in partnership with Baton Rouge General. The programs are aligned with the medical programs offered at Baton Rouge General.

The District operates as the Lead Agency for one of the largest Early Childhood Networks in the state of which we just celebrated our 10-year anniversary as a network in December 2024. All public-funded birth to five-year-old seats receive an accountability rating published by the Louisiana Department of Education (LDOE) where we had a 5.60 High Proficient rating, above the state's overall average of 5.49 for the school year 2023-2024. Additionally, birth to pre-k 4-year-old classes in the network are required to implement a highly rated curriculum. The SmartTeach Assessment tool, mandated by the LDOE, is used to track student achievement for all children in the network. Some schools also offer a before and after-care program. Transportation is only provided to students residing in their attendance zones.

The District continues to work with community stakeholders to develop strategic plans to expand high-quality seats to families with children aged five and younger. With the collaboration of our Early Childhood Office and the EBR Foundation, we conducted tours for community stakeholders to provide an understanding of funding high-quality instructional settings for children aged four and under.

The District continues to expand partnerships in the network with Head Start, Early Head Start, childcare centers, charter schools, and private schools. Selected partners offer "Diverse Delivery" seats or "Microcenter" seats as another way to expand high-quality seats. The District uses state grant funds to cover additional PreK3 and PreK4 seats in childcare centers with a high-quality rating. Conversely, the microcenter concept allows childcare centers with high quality ratings to occupy available space in a District school. This expansion strategy also increases retention rates at the school. There are currently five microcenter locations - London Bridge at Baton Rouge Center for the Visual and Performing Arts (BRCVPA), Kidz Karousel at Crestworth and Baton Rouge Foreign Language Acquisition & Immersion Magnet (BRFLAIM), Little Dreamers at Northeast Elementary, and YWCA Early Head Start at Melrose Elementary.

Additional programming and support are provided to children with exceptionalities. This includes a range of services based on the abilities of children, including gifted pre-k and pre-k classes offered through the Exceptional Student Services (ESS) Department. Pre-K students with an IEP have a variety of options for placement including traditional pre-kindergarten classes, itinerant services in the home, or non-categorical classes that often provide smaller numbers and lower ratios. Supplementary support offered to all pre-k families includes family engagement opportunities, family workshops, and support with the transition from pre-k to kindergarten.

A range of services are offered based on mentally and/or physically disabled children. Exceptional students can be placed in the following settings: the regular education classroom with extra support available, resource classrooms, or the self-contained and community-based classes.

Enrolling into high-quality pre-kindergarten programs provides students with the foundational skills required to enter kindergarten. For example, during the first assessment period of the 2024-2025 school year, 32% of pre-k students meet grade-level expectations in literacy and 18% of pre-k students meet grade-level expectations in math. However, at the end of the school year, 89% of pre-k students met expectations in literacy and 80% of children met expectations in math.

### **CHILD NUTRITION PROGRAM**

One goal of the District’s Child Nutrition Program (CNP) is to serve students and staff nutritious, delicious, wholesome, affordable meals and offer exemplary customer service. The administration believes that good nutrition is a key to learning and that every child has the right to a nutritious breakfast and lunch at the lowest possible price. The School Food Service Department would provide 55,000 meals daily, including breakfast, lunch, snacks, and supper in most schools. Fresh fruit and vegetable snacks are available in 26 economically disadvantaged schools. The U.S. Department of Agriculture (USDA) Community Eligibility Provision enables the Child Nutrition Program to offer students one free breakfast and one lunch at no charge to parents.

### **FACILITIES MANAGEMENT PARTNERSHIP CONTRACT**

In June 2022, the District approved a contract with HES Facilities Management to replace the contract with ARAMARK. The new contract provides services in the following areas: maintenance, custodial, grounds, materials management/warehousing, and workforce management. In response to concerns expressed by the District’s Business Partners and School Board members, the contract language requires HES to maintain a minimum of 50% participation by minority and women business enterprises in the value of services contracted by HES. Along with a significant decrease in cost to the District, HES agreed to fund a community action plan in the amount of \$50,000 and annual facility improvement investments in the amount of \$100,000 annually. For the 2025-2026 fiscal year, HES requested additional funding for a cost-of-living increase for employees along with an additional custodial staff.

### **CHARTER SCHOOL DEMONSTRATION PROGRAMS**

The Louisiana Legislature passed Senate Bill 1305 (Act 192 of 1995) which established a Charter School Demonstration (pilot) program and gave parents, teachers, and citizens an opportunity to create independent public schools. The School Board received the Board of Elementary and Secondary Education’s (BESE) approval to be one of the eight demonstration Districts and in the fall of 1997 began operation of three charter schools each with approximately 54 students. Since that time twelve more charter schools have been created. Funding for enrollment increases have been approved by the School Board.

Presently, the charter schools are:

Grade Level	School	Date of Operation	February 2024 Enrollment Number
K-10	BASIS Baton Rouge	2018	881
K-6	BASIS Mid City	2021	401
K-5	CSAL Elementary	2020	282
6-8	Community School for Apprenticeship	1997	283
K-3	Emerge School for Autism	2018	46
K-12	Helix Aviation	2021	376
6-8	Helix Legal	2021	114
K-12	IDEA – Bridge	2018	1,134
K-12	IDEA – Innovation	2018	776
K-8	Inspire Charter Academy	2010	634
K-8	Great Hearts Harveston	2023	539
9-12	Mentorship STEAM	2010	465
K-8	South Baton Rouge Charter Academy	2014	806
	Total		6,737

The total General Fund appropriation to the Type I charter schools for the 2024-2025 fiscal year was \$97,771,597 million.

**Truancy Initiative**

As school systems work to ensure that all students are on-track to graduate on time, it is critically important to identify students who are struggling with attendance issues and address the barriers that are preventing regular school attendance. Part of this effort is engaging with parents to ensure that they are aware of the Compulsory School Attendance Law, the definition of Chronic Absenteeism, Truancy and how each impacts their child’s academic success.

The District has chosen to work with EveryDay Labs to provide attendance support. EveryDay Labs uses data-driven professional learning with evidence-based strategies to improve attendance and engagement. The program provides an end-to-end attendance improvement platform with easy-to-understand attendance data, support coordination, and case management in one user-friendly platform. EveryDay Labs generates and disseminates periodic text nudges and chronic absence letters to parents for ongoing engagement. A resource support bot is also available to parents who have identified barriers to regular attendance. The EBR District will continue to partner with EveryDay Labs to provide support in middle and high schools for the 25-26 school year.

The EBR Child Welfare & Attendance Department implements the following strategies to address truancy and chronic absenteeism at the district level:

- School Based Attendance Teams (SBAT) are established at each school site. SBAT meetings are held monthly, at a minimum, to review attendance/truancy data, review resource options to address or mitigate attendance barriers for identified students and review discipline data and trends for continued support.
- Designated attendance clerks are assigned to all high schools. Attendance points of contact are designated for elementary and middle schools to address attendance matters.
- Attendance thresholds with targeted responses are monitored at the 3,5,7,10 and 20 day marks to include (but not limited to) robo calls and letter notifications of current attendance status, early intervention warning letters, truancy notifications, truancy workshop notifications and consecutive absence letters.
- Student attendance plans are generated for identified students.
- Quarterly Truancy Workshops are held to support parents of truant students as a pretrial diversion process. This process allows the parent to provide information regarding the students attendance barriers and assist with resolution.
- Weekly monitoring and review of attendance and truancy data to support students through attendance protocols.
- Interventions and parental engagement through telephone calls, home visits, school visits, letter notification, referral to school counselors, social workers and applicable resource options.
- Referral to EBR Truancy Court and Juvenile court Truancy Docket after all due diligence efforts have been exhausted and vetted.
- Providing school level attendance suggestions and incentives to promote attendance.
- Working with the ESL Department to remove language barriers for ESL students when addressing attendance matters (parent conferences, truancy workshops and departmental paperwork).
- Providing multiregional clerk training, and district in-services on attendance procedures with support materials and links.
- Providing office hours support for attendance clerks to ensure fidelity of attendance data entry.

## **OTHER INFORMATION**

### **Internal Control**

Management of the District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft, or misuse. Management also ensures that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: 1) the costs of a control should not exceed the benefits likely to be derived; and 2) the valuation of costs and benefits requires estimates and judgments by management. The District utilizes a fully automated accounting

system as well as an automated system of control for fixed assets and payroll. It is believed that the District's internal control adequately safeguards assets and provides reasonable and proper recording of financial transactions.

### **Single Audit**

As a recipient of Federal and State financial assistance, the District is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to these programs. This internal control structure is subject to periodic evaluation by management and the internal audit staff of the District. As a part of the District's single audit described earlier, tests are made to determine the extent of audit work to be performed, including that portion related to Federal financial assistance programs, additional testing and observation of evidence is performed to determine that the District has complied with applicable laws, regulations, and grant agreements.

### **Budgeting Controls and Policy**

The District maintains budgetary controls. The objective of this system control is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the District's governing body. Activities of the General Fund and Special Revenue Funds are included in the annual appropriated budget. The level of budgetary control (the level at which expenditures cannot exceed the appropriated amount) is established at the individual fund level for all funds.

The District also maintains an encumbrance accounting system as one technique of accomplishing budgetary control. Remaining encumbered amounts in the General Fund at year-end are re-appropriated as part of the next year's budget. The approved budget presents revenues by source and expenditures by function as defined by the Louisiana Board of Elementary and Secondary Education's Bulletin #1929. The Superintendent is authorized to transfer amounts between line items in accordance with budget policy established by the District's governing body. However, budget amendments are required when total revenues drop 5% or more below expectations, total expenditures exceed budget estimates by 5% or more, and when beginning fund balance is less than 5% or more of its projected amount. Budget to actual comparisons are provided in this report for the General Fund and each Special Revenue Fund.

### **Financial Policies**

The School Board adopted a Fund Balance policy for the General Fund in 2009-2010. A fund balance goal of 15% of total revenues was established. The primary reasons for this policy are to provide adequate resources for: 1) Cash Flow; 2) Unforeseen Events; 3) Financial Security; 4) Daily Operations; and 5) Compliance. For the year ending June 30, 2025, the total General Fund balance was approximately \$143.5 million or 24% of total revenues. For the year ending June 30, 2024, the total General Fund balance was approximately \$140.7 million or 25% of total revenues.

## **OTHER INFORMATION**

### **Independent Audit**

State statutes require an annual audit by independent certified public accountants. The public accounting firm of EISNERAMPER,LLP, formerly Postlethwaite & Netterville, APAC was selected by the District several years ago to perform its annual financial audit. In addition to meeting the requirements set forth in State statutes, this audit was designed to comply with requirements of the Federal Single Audit Act Amendments of 1996 and related OMB Uniform Guidance. The auditors' reports on the basic financial statements are included in the financial section of this report. The auditors' reports related specifically to the single audit, internal control, and compliance with laws, regulations, contracts, and grant agreements are included in a separate report and are available for review at the District.

### **AWARDS**

#### **Government Finance Officers Association**

The Government Finance Officers Association (GFOA) of the United States and Canada awarded a Certificate of Achievement for Excellence in Financial Reporting to the District for its Annual Comprehensive Financial Annual Report (ACFR) for the fiscal year ended June 30, 2024. This was the thirty-ninth consecutive year that the District has received this prestigious award. In order to be awarded a Certificate of Achievement, the District published an easily readable and efficiently organized ACFR. This report satisfies both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. Management believes that the 2024-2025 ACFR continues to meet the Certificate of Achievement program's requirements and will submit it to the GFOA for review in determining eligibility for another certificate.

#### **Association of School Business Officials**

The District has received the Association of School Business Officials (ASBO) Certificate of Excellence in Financial Reporting for the fiscal year ended June 30, 2024. This was the thirty-ninth consecutive year that the District has received this prestigious award. This award certifies that the ACFR, for the fiscal year ended June 30, 2024, substantially conforms to the principles and standards of financial reporting as recommended and adopted by ASBO International. The award is granted only after an intensive technical review of financial reports by an expert panel of certified public accountants and practicing school business officials has been made. The Certificate of Excellence is the highest form of recognition in school financial reporting issued by ASBO International.

A Certificate of Achievement is valid for a period of one year only. Management believes that the ACFR, for the fiscal year ended June 30, 2024, which will be submitted to ASBO for review, also conforms to its principles and standards.

## **ACKNOWLEDGEMENTS**

It is desired that this report contains the necessary information and data that will provide a better understanding of the operations of the District. It is further hoped that this report has been designed in such a manner as to be used as an administrative tool and general source of information to enhance the District 's accountability to the public.

The preparation of this report in a timely manner could not have been achieved without a dedicated and highly qualified staff. I would like to take this opportunity to express my sincere appreciation to the entire Budget Management and Finance Department staff, whose extraordinary efforts and dedication contributed significantly in the timely, accurate preparation of this report. The professional, thorough, and timely manner in which our independent auditors, EISNERAMPER, LLP, conducted the audit is also appreciated. Additionally, members of the School Board are to be thanked for their interest and support in planning and conducting the financial operations of the District in a responsible and progressive manner.

Sincerely,

## INDEPENDENT AUDITORS' REPORT

To the Board of  
The East Baton Rouge Parish School System  
Baton Rouge, Louisiana

### Report on the Audit of the Financial Statements

#### Opinion

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the East Baton Rouge Parish School System (School System) as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the School System's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the School System as of June 30, 2025, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### *Basis for Opinions*

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the School System and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### *Change in Accounting Principle*

As discussed in Note 2 to the financial statements, the School System adopted new accounting guidance in 2025, Governmental Accounting Standards Board (GASB) No. 101, *Compensated Absences*. Our opinions are not modified with respect to this matter.

#### *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the School System's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School System's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the School System's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis, the schedule of changes in total other post-employment liability and related ratios, the schedule of the School System's proportionate share of the net pension liability for the retirement systems, the schedule of employer contributions to the retirement systems, budgetary comparison information, and the related notes to the required supplementary information, as referenced in the table of contents, be presented to supplement the basic financial statements.

Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the School System’s basic financial statements. The accompanying combining non-major fund financial statements and schedules, schedules of revenue, expenditures and changes in fund balance – budget and actual for non-major governmental funds, the schedule of compensation, benefits, and other payments to the superintendent, the schedule of board members’ compensation are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying combining non-major fund financial statements and schedules, schedules of revenue, expenditures and changes in fund balance – budget and actual for non-major governmental funds, the schedule of compensation, benefits, and other payments to the superintendent, and the schedule of board members’ compensation are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### ***Other Information***

Management is responsible for the other information included in the annual report. The other information comprises the introductory section and the statistical section, as referenced in the table of contents, but does not include the basic financial statements and our auditor’s report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated January 14, 2026 on our consideration of the East Baton Rouge Parish School System’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School System’s internal control over financial reporting and compliance.

**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
**June 30, 2025**

The Management's Discussion and Analysis (MD&A) of the East Baton Rouge Parish School System's (District) financial performance provides an overall review, objective and easily readable analysis of the District's financial activities for the fiscal year-ended June 30, 2025. The intent of the MD&A is to look at the District's overall financial performance as a whole and to assist readers in assessing the financial position as a result of the year's operations in comparison to the prior year. Therefore, readers should read the MD&A in conjunction with the Annual Comprehensive Financial Report's (ACFR) Letter of Transmittal (beginning on page viii) of the Introductory Section, the District's Basic Financial Statements (Financial Section, beginning on page 1), and the Notes to the Basic Financial Statements.

**FINANCIAL HIGHLIGHTS**

1. Total liabilities and deferred inflows of resources was less than total assets and deferred outflows of resources at June 30, 2025 by \$165.2 million (net position). The unrestricted portion of net position was \$(540.4) million. Total net position is largely due to increased financial growth over several years. With the unrestricted indirect costs provided by the ESSERF funding, continued higher than average sales tax collections and increased property taxes, and reductions in pension liabilities, financial growth was possible.
2. Net position increased \$32.8 million during the year ended June 30, 2025, primarily because of increases in tax revenues and grant revenue and reduced pension liabilities.
3. Restricted net position increased by a net amount of \$24.6 million primarily from an increase in amounts held for capital improvements of \$21.9 million and compensation of \$4.5 million. Restricted net position for discipline decreased by \$1.4 million. The restricted net position for federal, state, and local grant programs decreased by \$0.8 million. The restricted net position for student activities increased by \$0.5 million.

**USING THE BASIC FINANCIAL STATEMENTS**

The District's basic financial statements consist of the government-wide financial statements, the fund financial statements, and the associated notes to those statements. The District adopted GASB 101 in the audited statements. GASB 101 establishes recognition and measurement guidance for compensated absences, including vacation, sick leave, and other paid time off. Alongside the basic financial statements, this report includes capital asset schedules, statistical schedules, required supplementary information such as the MD&A and budgetary comparison schedules for both major and non-major funds, as well as combining statements and administrative compensation details. The statements are organized so the reader can understand the operations of the District as a financial whole, i.e., an entire operating entity, its funds, and its fiduciary responsibilities. The government-wide financial statements, consisting of the Statement of Net Position and the Statement of Activities (pages 1-3), provide highly consolidated financial information and render a government-wide perspective of the District's financial position and results of operations for the year. The Fund Financial Statements (pages 4-5, 7-10, and 12-16) provide the next level of detail and look at the District's most major funds and a total of all other non-major funds.

***Reporting the District as a Whole***

*Comparative Statement of Net Position and Statement of Activities*

The Statement of Net Position and the Statement of Activities present an aggregate view of the District’s finances and a long-term view of those finances. These statements seek to answer the question, “How did the District as a whole do financially during the 2024-2025 fiscal year?” These statements include *all non-fiduciary assets and liabilities* using the *accrual basis* of accounting used by most private-sector enterprises. The *accrual basis* recognizes all of the District’s current year revenues when earned and expenses when incurred regardless of when they are received or paid. These two statements report the District’s net position and changes in net position. By showing the change in net position for the year, the reader may ascertain whether the District’s financial condition has improved or deteriorated. The causes of the change may be the result of many factors, both financial and non-financial in nature. Non-financial factors which may have an impact on the District’s financial condition include the District’s property and sales tax base, student enrollment, facility conditions, required educational programs for which little or no funding is provided or other external factors.

**June 30, 2025**

The following table reflects an overview of Net Position for the year-ended June 30, 2025:

*For more detailed information, refer to pages 1-2.*

Total assets and deferred outflows of resources decreased by \$3.2 million from the previous fiscal year. Deferred outflows of resources decreased by \$31.3 from the previous year due to the changes in the pension and OPEB liabilities that are not yet recognized through revenue or expense. Cash and cash equivalents increased \$31.8 million, while receivables decreased \$0.7 million. Sales tax receivable increased by \$1.7 million. Accounts and miscellaneous receivables decreased by \$2.4 million. Due from governments decreased by \$13.5 million mainly from fluctuations in outstanding grant reimbursement claims from ESSERF. The ESSERF funding ended September 30, 2024 and the District ensured that all funds were expended by that date.

Total liabilities and deferred inflows of resources decreased by a net amount of \$30.4 million from the previous fiscal year. The net pension liability decreased by \$14.9 million and related deferred inflows and outflows of resources had a net decrease of \$16.5 million. Additionally, the long-term obligation for retiree benefits other than pensions decreased by \$42.7 million and related deferred inflows and outflows of resources had a net increase of \$2.3 million due to changes in assumptions and other actuarial inputs.

As a result of debt service payments, a decrease of \$1.8 million in the long-term obligation of the Qualified School Construction Bonds (QSCB) occurred. The current portion of claims payable increased \$2.7 million, which was a result of additional claims in the Medical, Worker’s Compensation and Risk Management Funds. Further, the long-term portion of claims payable increased \$2.2 million. Both the current portion of claims payable and long-term portion of claims payable have increased due to higher medical costs and the settling of worker’s compensation cases.

*Governmental Activities*

The Comparative Statement of Changes in Net Position presented in Table II presents the revenue and the cost of the District’s governmental activities for the year-ended June 30, 2025, of \$854.0 million and \$821.3 million, which is a 2.4% decrease in revenues and a 0.4% increase in expenses from the prior year. This statement portrays the activity in a traditional revenue over expense format and the numbers are derived from those presented in the Statement of Activities on page 3. The Statement of Activities shows the detailed cost of program services and the charges for services, grants, and contributions offsetting some of the costs of those program expenses. Operating grants and contributions totaling \$141.2 million subsidized certain programs of the District.

Title I is the largest federally funded program with \$34.1 million in federal revenue compared to the ESSERF program with \$10.8 million and the Child Nutrition Program with \$31.3 million. In addition, Charges for Services - such as fees from other governmental agencies, school systems, and students, for transportation services, school lunches, extended day tuition, summer school tuition, and student activity fees totaling \$14.0 million – were collected to help cover the costs of certain programs of the District.

The net decrease of \$49.6 million in operating grants and contributions is primarily attributable to federal grant reimbursements to the District through the ESSERF grants and Title I grant. Due to the COVID-19 Pandemic, the District received ESSERF funding in order to begin reopening the schools safely for all employees and students. The ESSERF funding was also used to combat learning loss due to the COVID-19 pandemic. The District was awarded \$243.7 million in ESSERF funding for 2021-2024. These funds were to be available to all schools, inclusive of all charter schools, and were able to be used over a three-year period. As with Title I funding, the ESSERF grant is on a reimbursement basis. For the 2024-2025 fiscal year, the District had ESSERF grant expenditures totaling \$8.7 million and indirect costs to the General Fund of \$2.1 million. This is a decrease of \$53.7 million in ESSERF grant expenditures from the 2023-2024 fiscal year as the District worked to spend all funding by the deadline of September 30, 2024.

The District’s expenses were also funded by the taxpayers in East Baton Rouge Parish through ad- valorem and sales and use taxes totaling \$476.1 million. The MFP revenue from the State of Louisiana was \$194.1 million, interest and investment earnings was \$13.3 million. E-Rate revenue, Medicaid reimbursement, and other general revenues contributed \$8.8 million. Ad valorem taxes increased by approximately \$26.0 million or 12.1% as compared to prior year collections, which reflects growth in both commercial and residential properties for the parish. The Board rolled forward the 2024 property reassessment in August 2024 which caused a significant increase in property taxes collected. Sales tax collections increased as compared to prior year’s collections by \$4.5 million or 1.9%. Sales tax collections continue to be higher than collections prior to the pandemic. However, the growth has slowed and begun to flatten while not returning to pre pandemic levels.

State revenue sources from unrestricted grants-in-aid MFP, reflect a increase of \$6.6 million or 3.5%. This increase in MFP funding was due to the wealth factor decrease from 2023-2024 from sales tax collection in the 2021-2022 fiscal year and the continued decrease in school enrollment during the fiscal year. This is evident in the difference by the \$0.2 million difference. Earnings on investments decreased \$2.5 million or 15.8% compared to prior year due to changes in the Treasury bond rate. While the District continues investing in Insured Cash Sweep (ICS) accounts to receive higher interest rates on funds, the ending of ESSERF funding increased the use of the District’s general fund.

Expenses, or costs of services, experienced a slight increase of \$1.9 million for 2025. Total instructional expenses decreased by \$1.5 million in 2024-2025, while total support service and appropriations expenses increased by a net of \$0.4 million. Instructional and support expense fluctuations were largely attributable to; 1) Decreased ESSERF funding for instructional costs increased and shifted the expenses to the general fund; 2) Increased population in the Type II charter schools and continued grade level growth within the Type I Charter schools decreases MFP funding for the traditional schools; and 3) Decreased general fund expenditures in facilities with no new schools returning to the District.

***Reporting the District’s Most Significant Funds***

*Fund Financial Statements*

The presentation of the District’s major funds begins on page 4. Fund Financial Statements provide more in-depth reporting of the District’s short-term financial position and the results of operations. Fund basis financial information is presented in the “Fund Financial Statements” Section. The District uses many funds to account for the numerous funding sources provided annually. However, the Fund Financial Statements look at the District’s most major funds with all non-major funds presented in total in one column. These statements report governmental activities on a more current basis rather than a long-term basis, indicating sources and uses of funding, and resources available for spending in future periods.

Fund Financial Statements provide more in-depth data on the District’s most major funds, such as its General Fund, Title I Fund, Proposition 1 “Capital Projects Fund,” Proposition 2 “Discipline Fund,” Proposition 3 “Compensation Fund,” Flood Relief Capital Projects Fund, ESSERF, and the Child Nutrition Fund. These funds are considered “major funds” under GASB Statement No. 34.

*Governmental Funds* – Most of the District’s activities are reported in governmental funds, which generally focus on how money flows in and out of those funds, the balances that are left at year-end, and the amount available for spending in future periods. These funds are reported using the modified accrual basis of accounting, which measures cash and all other financial assets that can readily be converted to cash.

The relationship between governmental activities reported in the Basic Financial Statements and the governmental funds reported in the Fund Financial Statements are reconciled to provide a more comprehensive picture of the District’s financial position.

*Proprietary Funds* – Proprietary funds use the accrual basis of accounting which is the same basis used by the private sector. Proprietary funds attempt to recover costs through charges to the user. The District uses the Internal Services Funds (proprietary funds) to account for activities for workers’ compensation, risk management, and medical insurance.

*Fiduciary Funds* – Fiduciary Funds are custodial funds that follow the accrual basis of accounting. These funds contain resources held by the government in a temporary, purely custodial capacity for others.

**THE DISTRICT’S FUNDS**

The District uses governmental funds to control and permit measurement in the short-term of revenues and expenditures of a particular activity or purpose (e.g., dedicated taxes and grant programs). The Governmental Fund Financial Statements allow the District to demonstrate its stewardship over and accountability for resources provided by taxpayers and other entities. These statements also allow the reader to obtain more insight into the financial management of the District and assess further the District’s overall financial stability.

The fund balances for all major governmental funds, non-major governmental funds (in the aggregate) and internal service funds for the fiscal year-ended June 30, 2025, are as follows:

- As the District completed the fiscal year-ended June 30, 2025, its governmental funds report fund balances of \$377.3 million as compared to \$348.8 million as of June 30, 2024. The fund balances include the General Fund at \$143.5 million, Propositions 1, 2, and 3 at \$163.8 million, \$10.4 million and \$37.4 million, respectively, as of June 30, 2025. The Child Nutrition Fund reported a zero-fund balance as of June 30, 2025. The Flood Relief Capital Projects Fund reported a fund balance as of June 30, 2025, of \$3.2 million including all expenditures related to flood recovery, FEMA reimbursements, and insurance proceeds. The fund balance for all other non-major

**MANAGEMENT’S DISCUSSION AND ANALYSIS**  
**June 30, 2025**

governmental funds as of June 30, 2025, is \$19.0 million. The fund balance for the Proposition 1, “Capital Projects Fund,” increased by \$21.9 million when compared to the prior year, which is primarily a result of the increase in sales taxes for the fiscal year. However, encumbrances of \$27.5 million remain for the completion of Baton Rouge Center for Visual and Performing Arts in August 2025. The fund balance for the Child Nutrition Fund has a zero-fund balance due to a \$7.7 million transfer from the general fund to clear a negative fund balance. The fund balance for the Proposition 3, “Compensation Fund,” increased by \$4.5 million, which is primarily attributable to the increases in sales taxes. The fund balance for the Proposition 2, “Discipline Fund,” decreased by \$1.4 million due to an increase in alternative education expenditures.

- General Fund revenues increased \$34.2 million when compared to the prior year.
  - Ad valorem tax revenue increased \$25.6 million over last year with a 2025 assessment roll increase of approximately 12.1% and an overall collection rate of 99%. The parish has seen larger percentage increases in property taxes over the past several years. The Board did roll forward the 2024 reassessment in August 2024. This rolling forward to the full millage rate approved by voters allowed for a significant increase for the District by collecting both the full millage rate, as well as yearly increases in property taxes.
  - Sales tax collections increased as compared to prior year’s collections by \$2.6 million. Sales and use tax collection continue to increase with growth throughout the area and an increased cost of goods due to inflation.
  - State Minimum Foundation Program (MFP) funding increased of \$6.8 million. This increase in MFP funding was due to the 2023-2024 decrease in MFP due to the wealth factor decrease from sales tax collection in the 2021-2022 fiscal year. The wealth factor did not apply during the 2024-2025 fiscal year. The continued decrease in enrollment was also a contributing factor.
  - Restricted state revenues decreased by \$0.9 million. The state stipends for certificated and non-certificated staff and the differentiated stipend approved by the Legislature were provided as restricted state revenues rather than as a part of the MFP formula. The MFP formula only contains the three consecutive year raises provided permanently by the Louisiana Department of Education.
  - Earnings on investments decreased \$0.9 million due to the decrease in earnings by the District from lower cash values in interest earning accounts due to lower indirect costs from ESSERF funds and a lower Treasury bond rate. During the 2024-2025 fiscal year, the District continued investing in Insured Cash Sweep (ICS) accounts to receive higher interest rates on funds.
- General Fund expenditures increased by \$19.9 million from the prior year. The most significant reasons for the increase in expenditures were:
  - Regular education, special education, and other education costs increased approximately \$21.8 million with the \$2,200 raise provided to all staff on the teacher salary schedule.
  - Charter school and RSD charter school appropriations increased approximately \$8.2 million.
- The General Fund’s unassigned fund balance of \$108.0 million is approximately 18.13% of annual expenditures. This fund balance will be necessary to support increased retirement costs and other unforeseen emergencies.
- Non-major governmental fund balances were \$19.0 million for the fiscal year-ended June 30, 2025 as compared to \$19.2 million as of June 30, 2024. The increase is primarily because of the LA Public Charter Schools Program grant for Great Hearts at Harveston Type I charter school. As the LEA, all grants provided to the Type I charters must flow through the District.
- The Internal Service Funds ended the year with a combined net position at June 30, 2025 of \$35.5 million. The Worker’s Compensation, Risk Management, and Medical Insurance Funds net position balances were \$3.3 million, \$12.7 million, and \$19.5 million, respectively.

***General Fund Budgetary Highlights***

The District's budget is prepared according to Louisiana law. During the course of the year, the District revises its budget to take into consideration significant changes in revenues or expenditures. Louisiana Revised Statute 39:1311 requires a budget amendment if either expected revenues are less or anticipated expenditures are in excess of budgetary goals by five percent (5%) or more. The original budget for the District was adopted on June 20, 2024 and the final revised budget was adopted on May 15, 2025. A statement showing the District's original and final budget compared with actual operating results is provided in this ACFR beginning on page 56. The District's year-end actual results were improved when compared to the original budget, as conservative budgetary practices are customary. Revenues are forecasted conservatively, and expenditures are budgeted in anticipation of all possible costs and projects.

The General Fund's actual revenues of \$591.8 million failed to meet projections of \$592.3 million by \$0.5 million but increased \$34.2 million when compared to the prior year.

Sales tax collections of \$127.0 million increased as compared to prior year's collections by \$2.6 million or 2.1% and fell short of projections of \$127.3 million by \$0.3 million or 0.3%. Sales tax continues to increase due to continued growth in the region.

Earnings on Investments decreased by \$70,913, when compared to the prior year, due to decrease in the Treasury bond rate. Other local revenue decreased by approximately \$1.2 million when compared to the prior year, which mainly represents decreases in administrative fees from charter schools and other miscellaneous revenues.

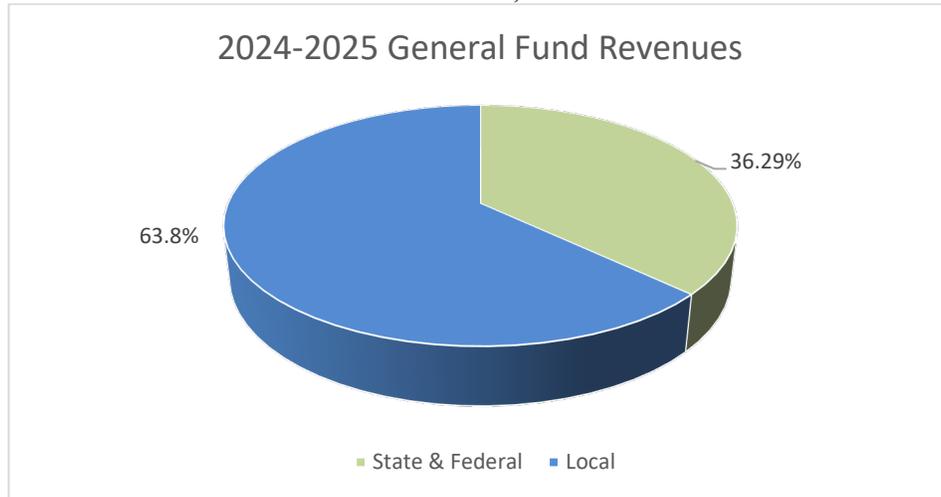

One of the more significant costs to the General Fund and to the School System as a whole are health benefits to current and retired employees. The District is constantly reviewing its health plan for cost avoidance and cost reduction measures, such as, the implementation of the Medicare Advantage Program effective January 1, 2014 for Medicare eligible retirees. The District transitioned to UnitedHealthcare for Medicare Advantage retirees under a single PPO plan in January 2023. Effective January 2025, the monthly rate per member increased from \$81 to \$213. To help offset this impact, the District implemented a \$50 per retiree member payment. The projected financial impact of this rate adjustment is approximately \$3.9 million in additional annual costs. In January 2025, the District also introduced alternative funding for specialty medications, resulting in an estimated \$4.1 million impact in the first year and projected savings of \$16.6 million over three years.

An analysis of the General Fund expenditures by function indicates actual expenditures were less than the revised budget expenditures by \$1.6 million. In keeping with the purpose of ESSERF dollars, the District worked to ensure that additional support was provided to all students to ensure that literacy initiatives were a top priority. Regular education and special education instruction costs were less than budgeted amounts by approximately \$1.9 and \$0.8 million respectively due to difficulties in staffing. Other education programs were less than budgeted amounts by \$0.8 million as ESSERF funding was used for several instructional contracts prior to the September 2024 end date. Plant operations and maintenance was less than budgeted amounts by approximately \$4.7 million. While the District realigned several school locations, no major repairs were completed during the fiscal year.

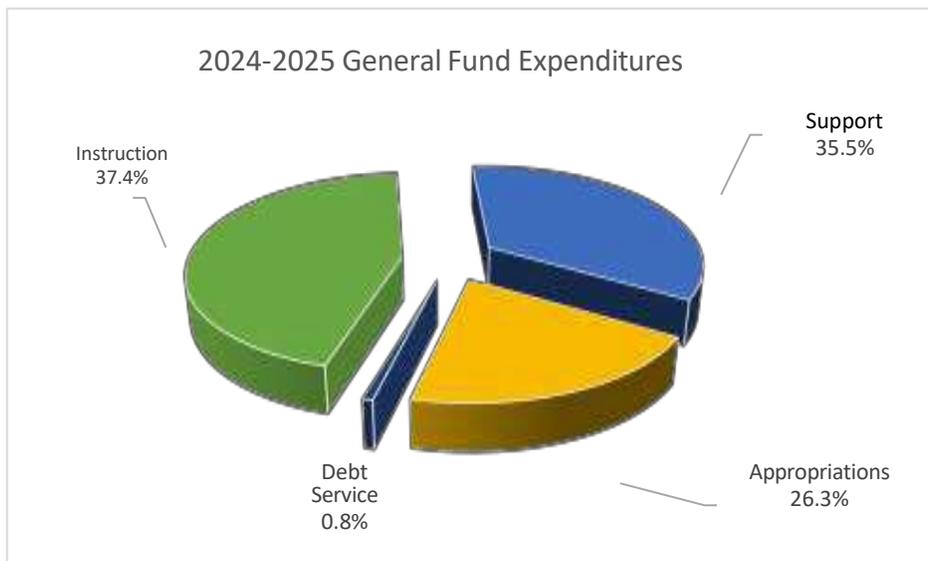

The appropriation – Type I charter schools' expenditures increased by \$2.2 million as compared to the prior year. This increase is largely attributable to the growth of grade levels at two IDEA charter schools, BASIS Mid-City charter school, two Helix charter schools, CSAL elementary and Great Hearts at Harveston. The appropriation – Type II charter schools' expenditures increased by \$4.8 million. The Type II charter model has become the preferred model by local and national authorizers as it allows the ability to enroll students beyond the District boundaries. The appropriation – Recovery School District expenditures increased by \$1.2 million due to increased enrollment at the Third Futures Charter school in the formerly Prescott Middle location.

**CAPITAL ASSETS AND DEBT ADMINISTRATION**

***Capital Assets***

At June 30, 2025, the District had approximately \$484.7 million invested in a broad range of capital assets, including land, buildings, furniture, vehicles, computers, and other equipment. This amount is net of accumulated depreciation to date. Changes during the year represent additional purchases and capital outlays for construction, the effect of depreciable assets and retirements of assets. During the 2024-2025 fiscal year, two major construction projects were occurring; The School in the Park Elementary began and Baton Rouge Center for Visual and Performing Arts Elementary was completed in August 2025.

**Table III**  
Capital Assets  
Years ended June 30, 2025 and June 30, 2024  
(In Millions)

	<u>2025</u>	<u>2024</u>	<u>Increase (Decrease)</u>
Land	\$ 22.9	\$ 22.9	\$ -
Buildings and Improvements	406.6	398.9	7.7
Furniture and Equipment	23.0	23.8	(0.8)
Right of Use Leased Assets	4.5	-	4.5
Construction in Progress	<u>27.7</u>	<u>26.5</u>	<u>1.2</u>
 TOTALS	 <u>\$ 484.7</u>	 <u>\$ 472.1</u>	 <u>\$ 12.6</u>

*For more detailed information, refer to footnote 5 to the financial statements.*

Accumulated depreciation as of June 30, 2025 was \$481.1 million for buildings and improvements, \$54.0 million for furniture and equipment, and \$2.5 million for right-of-use leased assets. Major construction and renovation projects will continue for the 2025-2026 fiscal year and will be funded with the Proposition 1 “pay-as-you-go” sales tax.

***Debt Administration***

As a part of the American Recovery and Reinvestment Act (ARRA), school boards were authorized to issue Qualified School Construction Bonds (QSCB). A direct allocation was made to the District for the authority to issue \$21.4 million in QSCBs that were issued in December 2009 and another \$21.7 million issued in August 2010. At June 30, 2025, the District had outstanding \$2.2 million and \$2.3 million for the 2009 QSCBs and the 2010 QSCBs, respectively.

In accordance with LA-R.S.39: 554 (D), the District is legally restricted from incurring long-term bonded debt in excess of 50% of the assessed value of the taxable property (including homestead exempt and nonexempt property) within the parish.

The District applies Governmental Accounting Standards Board (GASB) Statement Number 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions* requiring the recording of a total other post-employment benefit liability. This results in a total OPEB liability of \$317.0 million as of the end of the fiscal year. More detailed information is available in Note 7 to the financial statements.

Government Accounting Standards Board (GASB) Statement Number 68, “Accounting and Financial Reporting for Pensions”, an amendment of GASB Statement No. 27 and Statement Number 71, “Pension Transition for Contributions Made Subsequent to the Measurement Date”, an amendment of GASB Statement No. 68 was adopted

in previous fiscal years and continues to significantly impact the District's net position. The standards require recognition of the District's proportionate share of state-wide pension plan liabilities, which resulted in a net pension liability of \$450.3 million for the year. More detailed information is available in Note 6 to the financial statements.

Other long-term obligations include accrued sick leave and annual leave. The balance at June 30, 2025, of both current and long-term portions of these accrued benefits was \$36.5 million. More detailed information is available in Note 8.

**ECONOMIC FACTORS AND NEXT YEAR'S BUDGET**

The financial well-being of the District is tied in large measure to the State funding formula and the sales and property tax base, which represents the majority of general revenues.

Actual October 1, 2024, student enrollment approved for the purpose of funding by the State was 38,264 students as compared to October 1, 2023, enrollment of 38,728 or 464 students below the prior year. Additionally, student funding adjustments were made for District schools that remain under the jurisdiction of the Recovery School District and charter schools – Type II. The initial unassigned fund balance projected for the General Fund for the fiscal year- ending June 30, 2025 is \$108.0 million. The 2025-2026 budgeted revenues are projected to decrease by \$11.1 million as compared to the actual prior year. This is largely attributable to decreases in State MFP revenue with continued decreased enrollment, lower interest on investments, and decreases in Medicaid revenue. The 2025-2026 budgeted expenditures are projected to decrease by \$13.2 million as compared to the prior year, which is largely attributable to decreases in staffing with lower enrollment in the 2025-2026 fiscal year.

The Teachers' Retirement System's rate decreased from 21.51% to 20.95% effective July 1, 2025. The Louisiana School Employees' Retirement System provided notification that the employer contribution rate decreased from 25.8% to 22.0% for the 2025- 2026 fiscal year. The change in retirement contribution rate effective July 1, 2025 will result in lower contributions.

All of the factors and conditions cited above are encompassed in the 2025-2026 budget, which projects an operating balance of approximately \$1.9 million. The general fund balance of \$143.5 million for fiscal year-ended 2024-2025 will be imperative for future budgets to support retirement costs, health care premiums, and other unforeseen emergencies.

**NOTES TO BASIC FINANCIAL STATEMENTS**

1. **GENERAL INFORMATION**

The East Baton Rouge Parish School System (the School System) is a corporate body created under Louisiana Revised Statutes 17:51. A board consisting of 9 members (the Board) elected from legally established districts is charged with the management and operation of the School System.

The School System is composed of a central office, 84 schools, including Type I Charters in district buildings, and several support facilities. Student enrollment for the year ended June 30, 2025 was approximately 38,000 students in pre-kindergarten through Grade 12. The School System employs approximately 5,800 persons, approximately 4,000 of whom are directly involved in the instructional process. The remainder provides ancillary support such as general administration, bus transportation, and food service. The regular school term normally begins during the first half of August and is completed by the end of May.

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The School System's basic financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units and promulgated by the Governmental Accounting Standards Board (GASB) Codification of Accounting and Financial Reporting Standards. Both the government-wide financial statements and the proprietary fund financial statements follow the guidance included in GASB Statement No. 62 – *Codification of Accounting and Financial Reporting Guidance Contained In Pre-November 30, 1989 FASB and AICPA Pronouncements*.

A. **Financial Reporting Entity**

The basic criterion established by GASB Codification Section 2100 for determining whether a governmental department, agency, institution, commission, public authority, or other governmental organization should be included in a primary government unit's reporting entity for basic financial statements is financial accountability. Financial accountability includes the appointment of a voting majority of the organization's governing body and either the ability of the primary government to impose its will on the organization and if there is a financial benefit/burden relationship. In addition, an organization which is fiscally dependent on the primary government should be included in its reporting entity. The financial statements present the East Baton Rouge Parish School System (the primary government). Based on the aforementioned criteria, there are no component units included in the School System's reporting entity.

B. **Basis of Presentation**

The School System's *Basic Financial Statements* consist of the government-wide statements on all of the non-fiduciary activities and the fund financial statements (individual major funds and combined non-major funds). The statements are prepared in accordance with accounting principles generally accepted in the United States of America as applied to governmental units.

**Government-Wide Financial Statements**

The government-wide financial statements include the statement of net position and the statement of activities for all non-fiduciary activities. Interfund activity consists of interfund advances, transfers, and charges from the internal service funds to the governmental funds. As a general rule, the effect of interfund activity has been eliminated from both the statement of net position and the statement of activities. Exceptions to the general rule are advances between fiduciary funds and the various functions of the School System and interfund services provided and used, which are not eliminated in the process of consolidation. Charges from the internal service funds to the governmental funds are eliminated in consolidation. The government-wide presentation focuses primarily on the long-term sustainability of the School System as an entity and the change in aggregate financial position resulting from the activities of the fiscal period.

**NOTES TO BASIC FINANCIAL STATEMENTS**

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

B. **Basis of Presentation** (continued)

**Government-Wide Financial Statements** (continued)

All programs of the School System are considered *Governmental Activities* which are normally supported by taxes and intergovernmental revenues.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Program revenues included in the Statement of Activities are derived from parties outside the School System's taxpayers or citizenry as a whole. Program revenues reduce the cost of the function to be financed from the School System's general revenues.

The School System reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. Indirect expenses of other functions are not allocated to those functions but are reported separately in the Statement of Activities. Depreciation expense, which can be specifically identified by function, is included in the direct expenses of each function. Interest on general long-term debt is considered an indirect expense and is reported separately on the Statement of Activities.

**Fund Financial Statements**

The report includes all funds of the School System, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, equity, revenues, and expenditures or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled.

The funds of the School System are classified into three broad categories: Governmental, Proprietary and Fiduciary.

**Governmental Fund Types:**

The School System reports the following governmental funds as major funds:

*General Fund* - The General Fund is the primary operating fund of the School System. It is used to account for all financial resources except those required to be accounted for in another fund.

*Title I Fund* - *Title I* includes programs in the areas of language development, reading, and math. These programs strive to meet the special needs of economically and educationally deprived children through federal funds for teachers, aides, instructional materials, equipment, and parental involvement. This program is federally funded.

B. **Basis of Presentation** (continued)

**Governmental Fund Types:** (continued)

*Proposition 1 – Capital Projects Fund – The Proposition 1 Fund* accounts for the proceeds of a \$0.51 cent sales tax approved as part of a plan to improve and construct school facilities, as well as enhance technology in the public school system in East Baton Rouge Parish Educational Facilities Improvement District.

*Proposition 2 – Discipline Funds – The Proposition 2 Fund* accounts for the proceeds of a \$0.08 cent sales tax approved as part of a plan to improve discipline in the schools. The intent of the plan is to remove disruptive and academically deficient students from the regular education classroom, reduce truancy, and provide more effective alternative education.

*Proposition 3 – Compensation Fund – The Proposition 3 Fund* accounts for the proceeds of a \$0.41 cent sales tax approved as part of a plan to improve compensation. The intent of the plan is to improve ability to recruit and retain certified and qualified teachers, assistant principals and principals; to have more productive support employees; and to have the ability to reward performance that meets and/or exceeds standards.

*Child Nutrition Fund – The Child Nutrition Fund* is used to account for the operations of the school food service program that operates during the regular school term and during the summer break. The majority of the child nutrition program is federally funded; state minimum foundation program (MFP) funding and local funding also support the program. The basic goals of the school food service program are to serve nutritionally adequate, attractive, and moderately priced meals to help children grow socially and emotionally, to extend educational influences to the homes of school children, and to provide learning experiences that will improve children's eating habits with the ultimate goal of physically fit adults.

*ESSERF Fund* – Through the Coronavirus Aid, Relief, and Economic Security Act, also known as the CARES Act, the Elementary and Secondary School Emergency Relief Fund (ESSER Fund) is federally awarded by the Department of Education to State educational agencies for the purpose of providing local educational agencies, including charter schools, with emergency relief funds to address the impact that Novel Coronavirus Disease 2019 (COVID-19) has had, and continues to have on elementary and secondary schools across the nation.

Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSA), was signed into law on December 27, 2020, and provides an additional \$54.3 billion for the Elementary and Secondary School Emergency Relief Fund (ESSER II Fund). Additionally, the American Rescue Plan Elementary and Secondary School Emergency Relief (ARP ESSER) Fund under the American Rescue Plan (ARP) Act of 2021, Public Law 117-2, enacted on March 11, 2021.

These Federal emergency resources are available for a wide range of activities to address diverse needs arising from or exacerbated by the COVID-19 pandemic, or to emerge stronger post-pandemic, including responding to students' social, emotional, mental health, and academic needs and continuing to provide educational services as States, LEAs, and schools respond to and recover from the pandemic. Some uses of these funds may be directly focused on health and safety—such as improving ventilation and implementing prevention strategies that are, to the extent practicable, consistent with the Centers for Disease Control and Prevention (CDC) guidance. Other allowable uses may be focused on meeting the social, emotional, mental health, and academic needs of students. That could be through preventing teacher layoffs; providing accelerated learning opportunities; implementing rigorous curricula; funding additional school counselors, school nurses, and school psychologists; increasing the number of full-service community schools; conducting any activities allowed under a number of Federal education programs. The funding for school boards ended on September 30, 2024, which was the final obligation deadline for districts to commit their remaining funds.

**Governmental Fund Types:** (continued)

*Flood Relief Capital Projects Fund* – *The Flood Relief Capital Projects Fund* accounts for the proceeds of funds received from FEMA and insurance as part of a plan to rebuild school facilities damaged in the Flood of 2016.

**Proprietary Fund Type:**

*Internal Service Funds* – Internal Service Funds are used to account for the financing of services provided by one department or agency to other departments or agencies of the governmental unit, or to other governmental units, on a cost-reimbursement basis. The Workers' Compensation Fund, the Risk Management Fund, and the Medical Insurance Fund are reported as Internal Service Funds on a combined basis.

**Fiduciary Fund Type:**

*Custodial Funds* – Custodial funds contain resources held by the government in a temporary, purely custodial capacity for others. The School System's custodial fund accounts for bridge funding for the Truancy Assessment and Service Center (TASC fund). The activities of the *TASC Fund* reflect the cooperative endeavor agreement between the School System and TASC. The agreement provides that the School System will serve as fiscal agent and provide bridge funding.

C. **Basis of Accounting/Measurement Focus**

**Government-Wide Financial Statements (GWFS)**

The GWFS are prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability has been incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Sales taxes are recognized when the underlying sales transactions occur. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

**Fund Financial Statements (FFS)**

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The Proprietary Fund type is accounted for on a flow of economic resources measurement focus (accrual basis). With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the balance sheet. The Proprietary Fund type's operating statement presents increases (e.g., revenues) and decreases (e.g., expenses) in net total assets.

Custodial Funds use the economic resources measurement focus and follow the accrual basis of accounting.

**EAST BATON ROUGE PARISH SCHOOL SYSTEM**  
**Baton Rouge, Louisiana**

**NOTES TO BASIC FINANCIAL STATEMENTS**

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

C. **Basis of Accounting/Measurement Focus** (continued)

**Fund Financial Statements (FFS)** (continued)

Governmental Funds are accounted for using a current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financial sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

The following paragraphs describe the revenue recognition practices under the modified accrual basis of accounting:

**Revenues**

Governmental Fund revenues resulting from exchange transactions are recognized in the fiscal year in which the exchange takes place and meets the government's availability criteria (susceptible to accrual). Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. Charges for services, fines and forfeits, and most governmental miscellaneous revenues, including investment earnings, are recorded as earned since they are measurable and available. The School System's definition of available means expected to be received within six months of the end of the fiscal year, except for property taxes, for which the period is sixty days of the end of the fiscal year.

Non-exchange transactions in which the School System received value without directly giving value in return includes sales tax, property tax, grants, entitlements, and donations. Property taxes are considered measurable in the calendar year of the tax levy and are recognized as revenue if collected soon enough to meet the availability criteria. Sales taxes are considered measurable when the underlying transaction occurs and are recognized as revenue if collected soon enough to meet the availability criteria. Anticipated refunds of such taxes are recorded as fund liabilities and reductions of revenue when they are measurable and valid. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied subject to the availability criteria. Eligibility requirements include timing requirements, which specify the year when the resources can be used.

Internal Service Funds consist solely of those established to account for self-insurance programs. Premium revenues are considered operating revenues while all other revenues are non-operating.

**Expenditures**

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Costs of accumulated unpaid vacation, sick leave and other employee benefit amounts are reported in the period due and payable rather than the period earned by employees, and general long-term obligations principal and interest payments are recognized only when due.

D. **Encumbrances**

Encumbrances represent commitments related to unperformed contracts for goods or services. These outstanding encumbrances are added to the budget in the subsequent year and are reported as expenditures when incurred.

E. Cash and Cash Equivalents

Cash and cash equivalents include interest-bearing demand deposits and short-term investments (usually time certificates of deposit with a maturity date within three (3) months of the date of acquisition).

State statutes authorize the School System to invest in United States bonds, treasury notes, or certificates and time deposits of state banks organized under Louisiana law and national banks having principal offices in Louisiana.

The School System maintains three checking accounts, exclusive of the individual schools' bank accounts, with the School System's fiscal agent bank. These three accounts are the consolidated cash account and two interest bearing imprest accounts for disbursements of payrolls and disbursements to vendors.

Interest earned on investments is distributed to the individual funds based on the invested balance of the participating fund during the year.

F. Inventory

Government-Wide Level

Inventory is stated at average cost and consists of food products and expendable supplies held for consumption. The costs of inventory items are recognized as expenses when used.

Fund Level

Inventory of the general fund is stated at average cost and consists of expendable supplies held for consumption. The costs of inventory items are recognized as expenditures when used. The reportable inventories are equally offset by a non-spendable fund balance which indicates that they do not constitute "available spendable resources" even though they are a component of total assets.

Inventory of the Child Nutrition Special Revenue Fund consists of food purchased by the School System and commodities granted by the United States Department of Agriculture (USDA) through the Louisiana Department of Agriculture and Forestry. Inventory items purchased are valued at average cost. Costs are recorded as expenditures at the time individual items are consumed (consumption method). Commodities are assigned values based on information provided by the USDA, also on average cost basis.

G. Capital Assets

All capital assets are capitalized at historical cost or estimated historical cost for assets where actual historical cost is not available. Donated assets are recorded as capital assets at their acquisition value at the date of donation. The School System maintains threshold levels for capitalizing capital assets as follows:

Movable capital assets with a cost of \$5,000 or more per unit.

All land and land improvements with a cost of \$25,000 or more.

Buildings and building improvements that extend the useful life of a building with a cost of \$25,000 or more.

Capital assets are recorded in the GWFS, but are not reported in the FFS. All capital assets are depreciated using the straight-line method over their estimated useful lives. Since surplus assets are sold for an immaterial amount when declared as no longer needed for public school purposes by the School System, no salvage value is taken into consideration for depreciation purposes. Useful lives vary from 5 to 20 years for machinery and equipment and 10 to 50 years for buildings and improvements.

H. **Restricted Net Position**

For the government-wide statement of net position, net positions are reported as restricted when constraints placed on assets use are either:

Externally imposed by creditors (such as debt covenants), grants, contributors, laws, or regulations of other governments; or

Imposed by law through constitutional provisions or enabling legislation.

When both restricted and unrestricted resources are available for use, it is the School System's policy to use restricted resources first, then unrestricted resources as they are needed.

I. **Fund Equity of Fund Financial Statements**

Accounting standards require governmental fund balances to be reported in as many as five classifications as listed below:

**Non-spendable** – Represents amounts that are not expected to be converted to cash because they are either not in spendable form or legally or contractually required to be maintained intact.

**Restricted** – Represents balances where constraints have been established by parties outside the School System or imposed by law through constitutional provisions or enabling legislation.

**Committed** – Represents balances that can only be used for specific purposes pursuant to constraints imposed by formal action of the School System's highest level of decision-making authority (the School Board).

**Assigned** – Represents balances that are constrained by the School System's intent to be used for specific purposes, but are not restricted nor committed. The procedure within the School System is for the Chief Business Operations Officer to assign fund balance based on needs of the School System or approved budget line items.

**Unassigned** – Represents balances that have not been assigned to other funds and that have not been restricted, committed, or assigned to specific purposes within the General Fund. The General fund is the only fund that reports a positive unassigned fund balance amount. In other governmental funds, if expenditures incurred for specific purposes exceeded the amounts restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance in that fund.

**Minimum fund balance** – The School System has an internal policy that sets forth a minimum fund balance goal in the general fund of equal to fifteen percent of the current year's total revenues. The School System's fund balance at June 30, 2025 was approximately twenty four percent of total revenue and therefore the System has met this goal.

When expenditures are incurred for the purposes for which both restricted and unrestricted amounts are available, the School System reduces restricted amounts first, followed by unrestricted amounts. When expenditures are incurred for purposes for which committed, assigned, and unassigned amounts are available, the School System reduces committed amounts first, followed by assigned amounts and then unassigned amounts.

J. **Interfund Transactions**

During the course of normal operations, the School System has numerous transactions between funds, including expenditures and transfers of resources to provide services, construct assets, and service debt. The accompanying fund financial statements generally reflect such transactions as transfers.

K. **Compensated Absences**

GASB Statement No. 101, Compensated Absences, requires governments to accrue a liability for compensated absences leave that has not been used if all of the following are true (1) The leave attributable to services already rendered; (2) The leave accumulates; and (3) the leave is more likely than not to be used for time off or otherwise paid in cash or settled through non-cash means.

The School System has recorded the following liabilities, including the salary-related benefits associated with the payment of compensated absences as of June 30, 2025:

- Sick leave that is expected to be used based on average of hours taken from what is earned over three year average multiplied by current year pay rates
- Vacation leave based on maximum vested amount multiplied by current year pay rates
- Sabbatical Leave and Extended sick leave is considered immaterial to the statements

In the Government Wide Financial Statements, the total compensated absences liability is recorded as an expense and a long-term obligation and allocated on a functional basis.

Teachers and other school employees accrue from 10 to 12 days of sick leave per year depending upon the number of months worked. Sick leave may be accumulated without limitation. Upon employees' death or retirement, unused accumulated sick leave of up to 25 days is paid to employees or their heirs at the employees' current rate of pay. The accrual for earned sick leave is calculated based on a 25-day maximum per employee. Sick leave is not payable upon discharge or termination (non-retirement). Upon retirement, accumulated sick leave may be used in the retirement benefit computation as earned service. Extended sick leave will be paid at 65% of salary with a maximum of 90 days allowed every six years for all employees.

All 12-month employees earn from 10 to 20 days of annual vacation leave per year depending on length of service with the School System. Such leave is credited on a pro rata basis at the end of each payroll reporting period and accumulates. A maximum of 400 hours of unused annual leave is carried over to future periods and may be paid to the employee upon termination of employment.

All amounts reported are salary related and include fringe benefits.

Sabbatical leave may be granted for medical/professional purposes. Any employee with a professional teaching certificate is entitled, subject to approval by the School System, to one (1) semester of sabbatical leave after three (3) years of continuous service, or two (2) semesters of sabbatical leave after six (6) or more years of continuous service. Continuous service must be as an employee of the School System. Sabbatical leave will be paid at 65% of salary. Sabbatical leave, which involves professional and cultural improvement, provides a continuing benefit to the employer and should not be accrued. Since sabbatical leave for medical purposes requires a doctor's certificate prior to being granted, it is similar to an extended sick leave benefit and should not be accrued as sabbatical leave benefits. Consequently, sabbatical leave benefits are recorded as current expenditures (in the FFS) in the period paid.

L. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities as of the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

M. Non-Operating and Operating Revenues – Proprietary Funds

Premium revenues, claims expenses, and administrative costs customarily associated with self-insurance programs are accounted for as operating revenues and expenses. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses. Interest income and grant income are reported as non-operating revenues.

N. Pension Plans

The East Baton Rouge Parish School System is a participating employer in three defined benefit pension plans (plans) as described in Note 6. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of each of the plans, and additions to/deductions from each plans' fiduciary net position have been determined on the same basis as they are reported by each of the plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments have been reported at fair value within each plan.

O. Leases

The School System enters into noncancellable lease agreements and records them in accordance with GASB Statement No. 87, *Leases*.

The School System recognizes a liability and intangible right-to-use asset in the financial statements for leased property for contracts with an initial individual value that is material to the financial statements and with periods greater than one year. At the commencement of a lease or contract, the School Board initially measures the liability at the present value of payments expected to be made during the lease or contract term. Subsequently, the liability is reduced by the principal portion of payments made. The right-to-use asset is initially measured as the initial amount of the lease, adjusted for payments made at or before the commencement date, plus certain initial direct costs. Key estimates and judgments related to leases include (1) the discount rate used to present value the expected lease payment, (2) lease or contract term, and (3) payments.

The School System uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the School Board uses its estimated incremental borrowing rate as the discount rate for leases.

The lease terms include the noncancellable period of the lease and optional renewal periods. Lease payments included in the measurement of the lease liability are composed of fixed payments through the noncancellable term of the lease and renewal periods that management considers reasonably certain to be exercised.

The School System monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the asset and liability if certain changes occur that are expected to significantly affect the amount of the liability.

Lease right-to-use assets are reported with capital assets and lease liabilities are reported with long-term debt on the statement of net position

3. **CASH AND CASH EQUIVALENTS**

Under Louisiana R.S. 33:2955, as amended, the School System may invest in obligations of the U.S. Treasury, U.S. Agencies and instrumentalities, repurchase agreements, certificates of deposit, and other investments as provided in the statute. However, the School System's only investments consist of bank demand deposits and certificates of deposit.

The carrying amount of the deposits at June 30, 2025 were as follows:

Governmental Funds:	
General Fund	\$ 139,826,811
Proposition 1 Fund	160,607,631
Proposition 2 Fund	9,216,160
Proposition 3 Fund	31,709,721
Child Nutrition Fund	4,258
Flood Relief Capital Projects	2,637,528
Other Non-Major Governmental Funds	<u>18,458,249</u>
Subtotal – Governmental Funds	<u>362,460,358</u>
Proprietary Fund Types:	
Workers' Compensation Fund	14,199,824
Medical Insurance Fund	22,566,597
Risk Management Fund	<u>17,649,563</u>
Subtotal – Proprietary Funds	<u>54,415,984</u>
 TOTAL	 <u>\$ 416,876,342</u>

Deposits

Custodial credit risk for deposits is the risk that in the event of financial institution failure, the School System's deposits may not be returned to them. To mitigate this risk, state law requires deposits to be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent financial institution. The School System has a written policy for custodial credit risk. In accordance with the policy, funds on deposit shall be collateralized in an amount at all times equal to 100% by pledged approved securities in accordance with state law to adequately protect the funds of the School System. The policy also calls for the School Board to periodically monitor the custodial credit risk. The School System had no custodial credit risk as of June 30, 2025.

Securities that may be pledged as collateral consist of obligations of the U.S. Government and its agencies, and obligations of the State of Louisiana and its municipalities and school districts.

Interest Rate Risk – The School System's investment policy does not limit investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. No investments currently are held that require interest rate risk disclosures.

Credit Risk – Under Louisiana R.S. 33:2955, as amended, the School System may invest in obligations of the U.S. Treasury, U.S. Agencies and instrumentalities, repurchase agreements, certificates of deposits, Louisiana Asset Management Pool (LAMP), and other investments as provided in the statute. The System's investment policy does not further limit its investment choices. No investments are currently held requiring credit risk disclosure.

Concentration of Credit Risk – The School System's investment policy does not limit the amount the School System may invest in any one issuer.

4. **AD VALOREM TAXES**

Ad valorem taxes were levied by the School System on March 20, 2025, for the calendar year 2025, based on the assessed valuation of property as of January 1 of the calendar year. The taxes become due on December 1 of each year, and become delinquent on December 31. However, before the taxes can be collected, the assessment list (tax roll) must be submitted to the Louisiana Tax Commission for approval. From the day the tax roll is filed in the parish Clerk of Court's Office, it shall act as a lien on each specific piece of real estate thereon assessed, which shall be subject to a legal mortgage after the 31<sup>st</sup> day of December of the current year for the payment of the tax due on it. The taxes are generally collected in December, January, and February of the fiscal year. A list of property on which taxes have not been paid is published in the official journal by the East Baton Rouge Parish Tax Collector Office, which is a division of the East Baton Rouge Parish Sheriff's Department. If taxes are not paid within the period stipulated in the public notice, the property is sold for taxes due at a tax sale, usually held prior to the end of the School System's fiscal year.

The following is a summary of authorized and levied ad valorem taxes:

	<u>Authorized Millage</u>	<u>Levied Millage</u>	<u>Expires</u>
Parish-wide taxes:			
Constitutional tax	5.25	5.25	Not applicable
Special maintenance tax	1.04	1.04	2036
Special tax – additional aid to public schools	6.50	6.50	2033
Special tax – additional teachers	2.78	2.78	2034
Special tax – employee salaries and benefits	1.86	1.86	2034
Special tax – employee salaries and benefits	7.14	7.14	2038
Special tax – replacing reduced state and local receipts	4.98	4.98	2037
Special tax – employee salaries and benefits	5.99	5.99	2036
Special tax – employee salaries and benefits	7.19	7.19	2033
Special tax – support ADAPP	0.72	0.72	2036

Under the Louisiana Constitution, ad valorem taxes other than Constitutional and Bond taxes must be renewed by popular vote every ten (10) years.

All property taxes are recorded in the General and Alcohol and Drug Abuse Funds on the basis explained in Note 2C. Revenues in such funds are recognized in the accounting period in which they become measurable and available. Property taxes are considered measurable in the calendar year of the tax levy. Estimated uncollectible taxes are those taxes based on past experience which will not be collected in the subsequent year and are primarily due to subsequent adjustments to the tax roll. Available means due, or past due, and receivable within the current period and collected within the current period or expected to be collected soon enough thereafter to pay liabilities of the current period. The remaining property taxes receivable are considered available because they are substantially collected within 60 days subsequent to year end.

Historically, virtually all ad valorem taxes receivable were collected since they are secured by property; therefore, there is no allowance for uncollectible taxes.

**6. DEFINED BENEFIT PENSION PLANS**

The East Baton Rouge Parish School System (the School System) is a participating employer in several cost-sharing defined benefit pension plans. These plans are administered by three public employee retirement systems, the Teachers' Retirement System of Louisiana (TRSL), the Louisiana School Employees' Retirement System (LSERS) and the Louisiana State Employees' Retirement System (LASERS). Article X, Section 29(F) of the Louisiana Constitution of 1974 assigns the authority to establish and amend benefit provisions of these plans to the State Legislature. Each system is administered by a separate board of trustees and all Systems are component units of the State of Louisiana.

**Plan Descriptions:**

**Teachers' Retirement System of Louisiana (TRSL)** is the administrator of a cost-sharing defined benefit pension plan. The plan provides retirement, disability, and survivor benefits to employees who meet the legal definition of a “teacher” as provided for in LRS 11:701. Eligibility for retirement benefits and the calculation of retirement benefits are provided for in LRS 11:761.

**Louisiana State Employees' Retirement System (LASERS)** administers a cost-sharing defined benefit pension plan to provide retirement, disability, and survivor benefits to eligible state employees and their beneficiaries as defined in LRS 11:411-414. The age and years of creditable service required in order for a member to receive retirement benefits are established by LRS 11:441 and vary depending on the member’s hire date, employer, and job classification.

**Louisiana School Employees' Retirement System (LSERS)** is the administrator of a cost-sharing defined benefit pension plan. The plan provides retirement, disability, and survivor benefits to school employees as defined in LRS 11:1002. Eligibility for retirement benefits and the computation of retirement benefits are provided for in LRS 11:1141.

A brief summary of eligibility and benefits of the plans are provided in the following table:

**Cost of Living Adjustments**

The pension plans in which the School System participates have the authority to grant cost-of-living adjustments (COLAs) on an ad hoc basis. COLAs may be granted to these systems (TRSL, LSERS, and LASERS) if approved with a two-thirds vote of both houses of the Legislature, provided the plan meets certain statutory criteria related to funded status and interest earnings.

**Contributions**

Article X, Section 29(E)(2)(a) of the Louisiana Constitution of 1974 assigns the Legislature the authority to determine employee contributions. Employer contributions are actuarially determined using statutorily established methods on an annual basis and are constitutionally required to cover the employer's portion of the normal cost and provide for the amortization of the unfunded accrued liability. Employer contributions are adopted by the Legislature annually upon recommendation of the Public Retirement Systems' Actuarial Committee. In accordance with state statute, TRSL receives ad valorem taxes and state revenue sharing funds. These additional sources of income are used as employer contributions and are considered support from non-employer contributing entities, but are not considered special funding situations.

Contributions to the plans are required and determined by State statute (which may be amended) and are expressed as a percentage of covered payroll. The contribution rates in effect for the year ended June 30, 2025, for the School System and covered employees were as follows:

	School System	Employees
Teachers' Retirement System:		
Regular Plan	21.51%	8.00%
Plan A	21.51%	9.10%
School Employees' Retirement System	25.80%	7.50% - 8.00%
State Employees' Retirement System	34.74%	7.50% - 8.00% <sup>1</sup>

<sup>1</sup> Varies by employee

The contributions made to the Systems for the past three fiscal years, which equaled the required contributions for each of these years, were as follows:

	2025	2024	2023
Teachers' Retirement System:			
Regular Plan	\$ 62,771,119	\$ 68,963,028	\$ 70,609,565

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

The following schedule lists the School System's proportionate share of the Net Pension Liability allocated by each of the pension plans based on the June 30, 2024 measurement date. The School System uses this measurement to record its Net Pension Liability and associated amounts as of June 30, 2025 in accordance with GASB Statement 68. The schedule also includes the proportionate share allocation rate used at June 30, 2024 along with the change compared to the June 30, 2023 rate. The School System's proportion of the Net Pension Liability was based on a projection of the Agency's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined.

	Net Pension Liability at June 30, 2024	Allocation Rate at June 30, 2024	Increase (Decrease) to June 30, 2023 Rate

**Discount Rate**

The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that sponsor contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, each of the pension plan's fiduciary net positions was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The discount rate used to measure the total pension liability for TRSL, LSERS and LASERS was 7.25%, 6.80% and 7.25%, respectively for the year ended June 30, 2025. The discount rates for TRSL, LSERS and LASERS remained the same since the prior measurement date, respectively.

7. **POSTEMPLOYMENT HEALTH CARE AND LIFE INSURANCE BENEFITS**

**General Information about the OPEB Plan**

*Plan description* – The East Baton Rouge Parish School System (the School System) provides certain continuing health care and life insurance benefits for its retirees, disabled retirees and their eligible beneficiaries. Current employees are eligible for these plan benefits if they retire as members of one of three School System sponsored retirement systems. These benefits are provided through an Other Post Employment Benefit Plan (the OPEB Plan) categorized as a single-employer defined benefit plan that the School System administers. The School System’s board has the authority to establish and/or amend the obligation of the employer, employees and retirees as provided by Louisiana Revised Statute Title 17 Sections 1221 through 1224. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Governmental Accounting Standards Board (GASB) Statement No. 75.

**NOTES TO BASIC FINANCIAL STATEMENTS**

7. **POSTEMPLOYMENT HEALTH CARE AND LIFE INSURANCE BENEFITS** (continued)

**General Information about the OPEB Plan** (continued)

*Benefits Provided* – Medical and life insurance post-employment benefits are provided to employees who retire under one of the systems sponsored retirement systems. The benefits include claims subsidies and member contributions. The eligible retirees are offered multiple plan options for pre-Medicare and additional Medicare options.

Retiree claims provided directly from the School System were used to determine retiree cost projections. The "value of benefits" has been assumed to be the portion of the premium after the retirement date expected to be paid by the employer for each retiree and has been used as the basis for calculating the actuarial present value of OPEB benefits to be paid. The active employees and pre-Medicare and Medicare rates are offered multiples and were actuarially determined and were unblended.

Life insurance coverage is available to retirees in the same amount as before retirement up to a maximum of \$25,000. The premium is based on a blended rate (based on age specific rates) for active and a separate blended rate for retirees. The employer pays the cost of the retiree life insurance based on the blended rates. Since GASB 75 requires the use of "unblended" rates, we have used the Employee/Healthy Annuitant RP-2014 Table modified according to the most recent TRSL experience study, including allowance for future mortality improvement. All of the assumptions used for the valuation of the medical benefits have been used except for the trend assumption; zero trend was used for life insurance.

*Employees covered by benefit terms* – The June 30, 2025 total OPEB liability was determined using the July 1, 2024 actuarial valuation that included the following employees covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	5,501
Inactive employees entitled to but not yet receiving benefit payments	-
Active employees	5,684
Total	11,185

**Total OPEB Liability**

The School System's total OPEB liability of \$316,957,364 was measured as of June 30, 2025 and was determined by an actuarial valuation as of July 1, 2024, a rolled forward to June 30, 2025 using standard actuarial techniques.

*Actuarial Assumptions and other inputs* – The total OPEB liability as of June 30, 2025 was based on an actuarial valuation dated July 1, 2024 using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.7%
Salary increases	2.86% TRSL, 3.75% Other
Discount rate	3.93% annually (beginning of year to determine ADC) 5.20% (as of end of year measurement date)
Health care cost trend rates	The health care cost trend assumptions are used to project the cost of health care in future years. The following annual trends are based on the current HCA Consulting trend study and are applied on a select and ultimate basis. Select trends are reduced 0.30% each year for ten years and 0.10% thereafter until reaching the ultimate trend rate.

Expense Type	Select	Ultimate
Pre-Medicare Medical and Rx Benefits	7.75%	4.0%
Medicare Benefits	6.75%	4.0%

The discount rate was based on the Bond Buyers' 20 Year General Obligation municipal bond index on the applicable measurement dates.

Mortality rates were based on the PUB-2010 headcount weighted base mortality table, projected generationally using Scale MP-2021, applied on a gender-specific and job class basis (teacher, safety, or general, as applicable).

The actuarial assumptions used in the July 1, 2024 valuation were based on the results of ongoing evaluations of the assumptions from July 1, 2008 to June 30, 2025.

The actuarial assumptions did not assume any sharing of benefits with inactive employees.

8. **LONG-TERM OBLIGATIONS** (continued)

The net change in compensated absences during the fiscal year is included in additions to long-term liabilities in the schedule shown above. The majority of the compensated absence liability is liquidated through the General Fund, Title I, Child Nutrition, Proposition 2 funds, and Proposition 3 funds, as these funds expend a majority of the payroll. The outstanding bonds payable, the OPEB, and the net pension liability will be liquidated mostly through the General Fund as current yearly amounts come due.

For the purpose of construction, rehabilitation, and renovations, the School System issued \$21,675,000 and \$21,433,000 of bonds payable through the federally sponsored Qualified School Construction Bond Program during the year ended June 30, 2011 and 2010, respectively. The bonds are subject to mandatory sinking fund requirements prior to maturity, including interest accrued to the redemption date on an annual basis. The sinking fund deposits are held in accounts outside of the School System's control with balances of \$20,726,758 and \$20,547,935, for the Series 2010 and 2009 bonds, respectively, as of June 30, 2025 that will be used to redeem the bonds in December 2025. In accordance with GASB Codification section D20, *Debt Extinguishments and Troubled Debt Restructurings*, the payments into the sinking fund are accounted for as principal reductions of the bonds.

The bond issues outstanding at June 30, 2025, are as follows:

Bond Issue	Original Issue	Interest Rates	Final Due Date	Interest to Maturity	Principal Outstanding
Qualified School Construction Bonds, Series 2009 dated December 17, 2009	\$ 21,433,000	1.00	Dec. 1, 2025	\$ 107,165	\$ 2,197,356
Qualified School Construction Bonds, Series 2010 dated August 1, 2010	<u>21,675,000</u>	0.75	Dec. 16, 2025	<u>88,055</u>	<u>2,269,597</u>
	<u>\$ 43,108,000</u>			<u>\$ 195,220</u>	<u>\$ 4,466,953</u>

The School Board's outstanding bonds are direct placements as defined in Statement 88 of the Governmental Accounting Standards Board (GASB). The official bond documents contain covenants and provisions that, in the event of default, outstanding amounts become immediately due if the School Board is unable to make payment.

The covenants outlined in the transcript of the Series 2009 and 2010 bonds include provisions that 100% of the available project proceeds will be spent for "qualified purposes" at public school facilities within the jurisdiction of the School System. Also, at the end of each fiscal year, the tax revenues shall not be less than 1.35 times the combined maximum annual debt service of the bonds tested on the basis of the School System's audited financial statements for the preceding fiscal year.

Events of default are outlined in the transcript of the Series 2009 and Series 2010 bonds and includes failure to pay the principal and to make sinking fund deposit requirements on the sinking fund date, and such failure continues for two days after receiving written notice. In addition, failure to observe or perform any other covenant or agreement contained in the Bonds or the Resolution that is not remedied within 30 days of receiving notice will be considered a default. The remedies in the event of default are also outlined in the Bond Resolution and include steps for the Owners to pursue such actions until the default is remedied. Such remedies include, but are not limited to, an action for mandamus that may exist at law or in equity.

8. **LONG-TERM OBLIGATIONS** (continued)

Principal and interest payments are due as:

Years Ending June 30	Principal	Interest	Total
2026	\$ 4,466,953	\$ 195,220	\$ 4,662,173

In accordance with LSA-R.S. 39:562(L), the School System is legally restricted from incurring long-term bonded debt in excess of 50 percent of the assessed value of taxable property (including homestead exempt and nonexempt property) within the parish.

9. **UNEARNED REVENUES**

Unearned revenues at June 30, 2025, were as follows:

	Ad Valorem Taxes Paid in Protest	Miscellaneous Other	Total
Major Governmental Funds:			
General Fund	\$ -	\$ -	\$ -
Child Nutrition	-	363,357	363,357
	-	363,357	363,357

Subtotal – Non-major Governmental Funds	-	435,805	435,805
Total	\$ -	\$ 799,162	\$ 799,162

Under a revised state law, ad valorem tax collectors are required to remit all taxes collected in protest to the taxing authority. If a protest is settled in favor of the taxpayer, the funds must be refunded to the taxpayer. The School System records as a liability all such collections until final settlement in favor of the School System occurs.

10. **LEASES**

The School Board leases various buses and equipment used in the buses for transportation purposes. These leases range in terms from 1 to 4 years, with various renewal options available, and payment terms vary in both frequency and amounts.

As of June 30, 2025 the combined value of the lease liabilities was \$4,548,746. In determining the present values, discount rates of 1.57% to 2.89% were applied, depending on the duration of the lease agreement and other factors. The recorded value of the right-to-use assets as of the end of the current fiscal year was \$7,028,144 and accumulated amortization of these assets were \$2,511,271. The future principal and interest lease payments as of June 30, 2025, are as follows:

<u>Fiscal Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2026	\$ 2,614,224	\$ 88,326	\$ 2,702,550
2027	748,862	44,863	793,725

11. **INTERFUND TRANSFERS**

Interfund transfers for the year ended June 30, 2025, were as follows:

	Transfer to:				Total
	General Fund	Title I	ESSERF	Non-major Gov't	
Transfers in:					
General Fund	\$ -	\$ 2,276,972	\$ 2,058,977	\$ 2,701,389	\$ 7,037,338

The purposes of interfund transfers generally are: (1) to transfer indirect costs to the general fund from the nonmajor governmental funds and (2) to transfer supplemental local funds for program operations from the general fund to other programs.

The General fund will be reimbursed for the funds transferred to the Child Nutrition Program once the funds become available.

12. **DUE TO/FROM OTHER FUNDS**

The School System's consolidated cash account holds the cash of all funds. As a result, negative cash balances occur in certain funds and are in essence "financed" by the General Fund. Positive book cash balances are displayed on the Governmental Funds balance sheet as "cash and cash equivalents," while negative cash balances are included in "Due to other Funds" on the Governmental Funds balance sheet. Individual balances due to/from other funds at June 30, 2025, which represent short-term loans, are as follows:

13. **LITIGATION AND CONTINGENCIES**

The School System is a defendant in several general liability, automobile liability, workers' compensation, personal injury and certain personnel action lawsuits. The risk liability is further described in Note 14. Management and legal counsel for the School System believe that the potential claims against the School System not covered by insurance would not materially affect the System's financial position. In the normal course of operations, the School System receives grant funds from various Federal and State agencies. The grant programs are subject to audit by agents of the granting authority, the purpose of which is to ensure compliance with conditions precedent to the granting of funds. Such audits could lead to requests for reimbursement by the grantor agency for expenditures disallowed under the terms of the grants.

14. **COMMITMENTS**

At June 30, 2025, the School System had construction commitments of approximately \$27,500,000. These commitments will ultimately be paid out of the Proposition 1 Capital Projects Fund.

**NOTES TO BASIC FINANCIAL STATEMENTS**

15. **RISK MANAGEMENT**

The School System is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors or omissions; workers' compensation and health insurance for its employees. The School System uses excess insurance to reduce its exposure to large losses on insured events. The School System does not report risks covered by excess insurance as liabilities unless it is probable that those risks will not be covered by excess insurance carriers. Settlements did not exceed excess insurance coverage for each of the past three fiscal years. Additionally, there were no significant reductions in insurance coverage for any of the categories of risk.

The School System has established the following internal service funds to account for and finance these uninsured risks of loss:

a. **Workers' Compensation Fund**

The Workers' Compensation Fund accounts for the School System's workers' compensation claims. The workers' compensation limit for each accident is the statutory amount. The School System's self-insured retention is \$1,000,000 per accident.

b. **Risk Management Fund**

The Risk Management Fund accounts for the School System's property, general liability and automobile liability. The School System has self-insured retention of \$250,000 per property occurrence and self-insured retention of \$500,000 per general liability and automobile occurrence. Currently, the maximum cumulative amount of self-retention which could be paid by the School System in any one year is unlimited. The School System has purchased commercial insurance for claims in excess of the self-insured retention levels from commercial insurance carriers with a \$1,000,000 per occurrence limit.

c. **Medical Insurance Fund**

The Medical Insurance Fund accounts for the School System's group health insurance program for its active and retired employees. The School System's stop-loss retention is \$1,500,000 per covered individual.

**17. EDUCATION EXCELLENCE FUND**

Pursuant to Act #161 of the 2002 First Extraordinary Session of the Legislature, the State of Louisiana established the Education Excellence Fund (EEF) for the oversight, appropriation, and disposition of proceeds from the tobacco settlements. These funds are dedicated for use in educational programs, and are available to local school districts, subject to the approval of an expenditure plan by the Louisiana Department of Education. The funds are held and invested by the Treasurer of the State of Louisiana on behalf of local school districts and are disbursed in accordance with approved expenditure plans. At June 30, 2025, the School System's EEF funds invested through the Treasurer totaled approximately \$134,000. These funds are recognized as revenue to the School System upon submission and subsequent approval of an annual expenditure plan. The School System expended approximately \$961,000 during the 2024-2025 fiscal year in accordance with its respective expenditure plan.

**18. RECOVERY SCHOOL DISTRICT**

The Board of Elementary and Secondary Education (BESE) previously placed eight (8) School System schools under the jurisdiction of the Recovery School District (RSD) as provided by law. The schools are as follows: (1) Prescott Middle School, (2) Glen Oaks Middle School, (3) Capitol High School, (4) Dalton Elementary, (5) Lanier Elementary, (6) Crestworth Middle, (7) Kenilworth Middle, and (8) Istrouma High School. However, it should be noted that BESE placed Istrouma High back under the jurisdiction of the School System in 2015-2016. On May 19, 2016, the School System approved a \$21.4 million budget to renovate Istrouma High, which was opened in August 2017. This project was funded by the Proposition 1, Capital Projects Fund. On March 15, 2020, the Board approved to accept the return of Crestworth Middle and Glen Oaks Middle schools. At the same time, the District allowed the RSD to use North Banks Middle school. In July 2023, Capitol High and Kenilworth Middle schools both came back under District control. In March 2023, the Board agreed to accept Capitol High School from the LDOE Recovery School District (RSD) program. The school came under the School System control as a traditional public school beginning July 1, 2023 and opening its doors to students in August 2023. The school opened with grades 9-12. The School System opened the school in partnership with Baton Rouge General Medical Center. This partnership allows the school to offer a medical component for those students interested in pursuing a career in either the medical field or hospital administration. As of July 1, 2025, the schools remaining in the RSD are, Prescott Academy Pre K-8, Dalton Elementary, Lanier Elementary, and North Banks.

The RSD, pursuant to La. R.S. 17:1990(B)(3), is empowered to require the School System to provide school support services and student support services for a school transferred from its jurisdiction to the jurisdiction of the RSD, including but not limited to student transportation, school food services and student assessment for special education eligibility. The RSD reimburses the School System for the actual cost of services, which affects various expenditure line items.

During the year ended June 30, 2025, the School System was reimbursed \$124,532 for services provided to these schools. An appropriation of \$6,929,890 has been recorded for the RSD schools at June 30, 2025 to record the transfer of sales and ad valorem taxes.

**19. TAX REVENUES ABATED**

The Louisiana Industrial Ad Valorem Tax Exemption program (Louisiana Administrative Code, Title 13, Chapter 5) is a state incentive program which abates, up to ten years, local ad valorem taxes on a manufacturer's new investment and annual capitalized additions related to the manufacturing site. Applications to exempt qualified property for five years are approved by the Board of Commerce and Industry and the School Board. The exemption may be renewed for an additional three years up to 80% of the tax that would be due. For the fiscal year ending June 30, 2025, \$27,698,134 in East Baton Rouge Parish School System ad valorem tax revenues were abated by the state of Louisiana through the Louisiana Industrial Ad Valorem Tax Exemption program.

**22. FUTURE ACCOUNTING CHANGES**

Following is a summary of accounting standards adopted by the Governmental Accounting Standards Board (GASB) that are scheduled to be implemented in the future that may affect the School System's basic financial statements:

The Governmental Accounting Standards Board issued GASB Statement No. 103, *Financial Reporting Model Improvements*. This statement establishes new accounting and financial reporting requirements - or modifies existing requirements - related to the following: (a) Management's discussion and analysis (MD&A), (b) Unusual or infrequent items, (c) Presentation of the Proprietary fund statement of revenues, expenses, and changes in fund net position, (d) Information about major component units in basic financial statements, (e) Budgetary comparison information and (f) Financial trends information in the statistical section. The requirements of this Statement are effective for fiscal years beginning after June 15, 2025. The School System will implement for the fiscal year June 30, 2026.

The Governmental Accounting Standards Board issued GASB Statement 104, *Disclosure of Certain Capital Assets*. This statement, requires certain types of capital assets to be disclosed separately in the capital assets note disclosures required by GASB Statement 34, including leases and subscription-based information technology arrangements. This Statement also requires additional disclosures for capital assets held for sale. The requirements of this Statement are effective for fiscal years beginning after June 15, 2025. The School System will implement for the fiscal year June 30, 2026.

GASB Statement No. 105, issued in December 2025, significantly updates guidance for Subsequent Events, defining them as events after year-end but before financial statements are issued, clarifying recognized vs. nonrecognized events, and requiring disclosure of the date events were evaluated, aiming to improve consistency and user understanding. It supersedes older rules (like parts of Statement 56), modifies other GASB pronouncements, and is effective for fiscal years starting after June 15, 2026

**23. CHANGE IN ACCOUNTING PRINCIPLE**

The School System adopted GASB 101 – *Compensated Absences* that was effective July 1, 2024. The impact on the net position of the School System as of June 30, 2025, is as follows:

Governmentwide (Governmental Activities)

Net position, as previously reported, June 30, 2024	\$	137,923,370
Change in accounting principle		<u>(5,489,492)</u>
Net position, as restated, June 30, 2025	\$	<u>132,433,878</u>

There was no impact to fund balances of the School System's governmental funds.

**24. SUBSEQUENT EVENTS**

Management has evaluated subsequent events through the financial statements were available to be issued, January 14, 2026, and determined that the following disclosure is necessary.

On November 13, 2025, the East Baton Rouge Parish School Board entered into a Bond Purchase Agreement for the sale of \$40,000,000 Limited Tax Bonds, Series 2025. The bonds are to help fund projects to improve Baton Rouge area high schools. The Bonds mature annually from March 1, 2026, through March 1, 2045, bearing fixed interest rates ranging from 5.000% with a reoffering premium and optional redemption provisions beginning March 1, 2035.

**BUDGETARY COMPARISON SCHEDULES**  
**MAJOR FUND DESCRIPTIONS**

Budgetary comparison schedules are reported for the following General and Special Revenue Funds:

**GENERAL FUND**

The General Fund accounts for all financial transactions except those required to be accounted for in another fund.

**TITLE I FUND**

*Title I* includes programs in the areas of language development, reading, and math. These programs strive to meet the special needs of economically and educationally deprived children through federal funds for teachers, aides, instructional materials, equipment and parental involvement.

**PROPOSITION 2 - DISCIPLINE FUND**

*Proposition 2* is a locally funded initiative to improve discipline. The intent is to remove disruptive and academically deficient students from the regular education classroom, reduce truancy and provide more effective alternative education.

**PROPOSITION 3 - COMPENSATION FUND**

*Proposition 3* is a locally funded initiative to improve compensation. The intent is to improve ability to recruit and retain certified and qualified teachers, assistant principals and principals; to have more productive support employees; and to have the ability to reward performance that meets and/or exceeds standards.

**CHILD NUTRITION FUND**

The *Child Nutrition Fund* is used to account for the operations of the school food service program in the parish school system during the regular school term and during the summer break. The basic goals of the school food service program are to serve nutritionally adequate, attractive and moderately priced meals, to help children grow socially and emotionally, to extend educational influences to the homes of school children, and to provide learning experiences that will improve children's eating habits with the ultimate goal of physically fit adults.

**ESSERF FUND**

Through the Coronavirus Aid, Relief, and Economic Security Act, also known as the CARES Act, the Elementary and Secondary School Emergency Relief Fund (ESSER Fund), is federally awarded by the Department of Education to State educational agencies for the purpose of providing local educational agencies, including charter schools, with emergency relief funds to address the impact that Novel Coronavirus Disease 2019 (COVID-19) has had, and continues to have on elementary and secondary schools across the nation.

Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSA), was signed into law on December 27, 2020, and provides an additional \$54.3 billion for the Elementary and Secondary School Emergency Relief Fund (ESSER II Fund). Additionally, the American Rescue Plan Elementary and Secondary School Emergency Relief (ARP ESSER) Fund under the American Rescue Plan (ARP) Act of 2021, Public Law 117-2, enacted on March 11, 2021.

**MAJOR FUND DESCRIPTIONS**

**ESSERF FUND** (continued)

These Federal emergency resources are available for a wide range of activities to address diverse needs arising from or exacerbated by the COVID-19 pandemic, or to emerge stronger post-pandemic, including responding to students' social, emotional, mental health and academic needs and continuing to provide educational services as States, LEAs, and schools respond to and recover from the pandemic. Some uses of these funds may be directly focused on health and safety—such as improving ventilation and implementing prevention strategies that are, to the extent practicable, consistent with the Centers for Disease Control and Prevention (CDC) guidance. Other allowable uses may be focused on meeting the social, emotional, mental health, and academic needs of students. That could be through preventing teacher layoffs; providing accelerated learning opportunities; implementing rigorous curricula; funding additional school counselors, school nurses, and school psychologists; increasing the number of full-service community schools; conducting any activities allowed under a number of Federal education programs.

**NOTES TO REQUIRED SUPPLEMENTAL INFORMATION**

**1. BUDGET AND BUDGETARY ACCOUNTING**

The School System follows these procedures in establishing the budgetary data reflected in the financial statements:

The General Fund and the Special Revenue Funds are the only funds with legally required budgets. The General Fund budget and the Special Revenue Funds' budgets are adopted on an annual basis. These budgets include proposed expenditures and the means of financing them.

The Capital Projects fund's budget is adopted on a project basis, since such projects may be started and completed at any time during the year or may extend beyond one fiscal year and is not required to be presented as supplementary information and therefore not included in these statements.

While the Local Government Budget Act (LGBA) Revised Statute 39:1301-1315 directs school systems as to the manner in which the budget of the school system should be adopted, implemented and amended, Revised Budget Statute 17:414.2 sets forth the regulations for school activity funds. The provisions applicable to the School System in the Local Government Budget Act do not apply to school activity funds; therefore, school activity funds are not required to be part of the budgeting process. As such, there is no budgetary comparison for the School Activity Fund included within these statements.

Prior to September 15, the Superintendent submits to the Finance Committee a proposed annual appropriated budget for the General Fund for the fiscal year commencing the prior July 1. Public hearings are conducted to obtain taxpayer comments. Upon submission to the Board, the General Fund budget is legally enacted through adoption by the Board. Formal budgetary integration is employed as a management control device during the year for the General Fund and Special Revenue Funds. For the Capital Projects Fund, the level of budget control is at the fund, department or project level, and expenditures/encumbrances by policy should not exceed appropriations. The School System approves budgets at the fund level, and the Superintendent is authorized to transfer amounts between line items within any fund.

Budgets are prepared on the modified accrual basis of accounting. Unencumbered appropriations in the General Fund lapse at the end of the fiscal year. Encumbered appropriations at year end that have been approved by the Board are generally expended during the next fiscal year's operations, assuming that the underlying liability is ultimately incurred. Budgeted amounts are as originally adopted or as amended by the Board. Legally, the Board must adopt a balanced budget; that is, total budgeted revenues and other financing sources including fund balance must equal or exceed total budgeted expenditures and other financing uses. State statutes require the School System to amend its budgets when revenues plus projected revenues within a fund are expected to be less than budgeted revenues by five percent or more and/or expenditures within a fund are expected to exceed budgeted expenditures by five percent or more. The School System amended its General Fund budget once during the year, reflecting an increase of total budgeted revenues of approximately \$17.0 million and an increase of total budgeted expenditures of approximately \$16 million.

Special Revenue Funds' budgets that are not grant-oriented have annual appropriated budgets adopted prior to September 15 by the Board. Grant Funds are included in Special Revenue Funds, and their budgets are adopted at the time the grant applications are approved by the grantor. Unencumbered appropriations of grant-oriented Special Revenue Funds are reappropriated at the beginning of the following fiscal year. Unencumbered appropriations of certain non grant-oriented Special Revenue Funds lapse at the end of the fiscal year. Special Revenue Funds' budgets were amended for insignificant amounts as necessary to comply with state law.

# SUPPLEMENTAL INFORMATION

# **COMBINING & INDIVIDUAL NON-MAJOR FUND STATEMENTS AND SCHEDULES**

**EAST BATON ROUGE PARISH SCHOOL SYSTEM**  
**Baton Rouge, Louisiana**

**NON-MAJOR GOVERNMENTAL FUND DESCRIPTIONS**

**TITLE II**

*Title II* increases student academic achievement through strategies such as improving teacher and principal quality and increasing the number of highly qualified teachers in the classroom and highly qualified principals and assistant principals in schools. The program also holds local educational agencies and schools accountable for improvements in student academic achievement.

**EXCEPTIONAL EDUCATION PROGRAM**

The *Individuals with Disabilities Education Act (IDEA)* is a federally-financed program providing free appropriate education for all identified handicapped children from 3 to 21 years of age in the least restrictive environment. High Cost Services funding addresses concerns that costs for services for children with the most significant disabilities negatively impact the resources of districts, thus making it difficult to provide individualized support and services necessary for students to thrive in the education setting.

**STATE GRANTS**

The *State Grants Fund* is used to account for special grants received from various departments of the State of Louisiana.

**ALCOHOL AND DRUG ABUSE**

The *Alcohol and Drug Abuse Prevention Fund* sponsors the prevention of alcohol and drug abuse among children of East Baton Rouge Parish schools. It is funded by ad valorem taxes and donations.

**CAREER AND TECHNICAL EDUCATION**

The *Career and Technical Education Fund* accounts for a program designed to administer various vocational programs which provide vocational training and assistance.

**TITLE X**

The *Homeless Fund* ensures that all homeless children and youth have equal access to the same free, appropriate public education available to other children. The *Education for Homeless Children and Youth* program provides assistance to States, Outlying Areas, and the Bureau of Indian Education (BIE) to: (1) establish or designate an Office of Coordinator of Education of Homeless Children and Youths; (2) develop and carry out a State plan for the education of homeless children; and (3) make subgrants to local educational agencies to support the education of those children.

**LDH COVID-19 TESTING**

The *LDH COVID-19 Testing Fund* is a grant to keep COVID-19 from spreading through the School System, infecting the unvaccinated children and teachers and shutting down extracurricular activities or an entire school. Funding is provided through the Louisiana Department of Health to support students by providing healthcare opportunities that are at no cost to schools, families or students.

**TANF AND ECE (Temporary Assistance for Needy Families and Early Childhood Education)**

The *Pre-GED/Skills Option Program* is a comprehensive counseling and guidance program with components for pre-GED academic, workplace readiness and skills instructions for students who are at risk of dropping out of high school.

*Starting Points/Early Childhood Development* provides full day, before and after school preschool instruction and care for at-risk four-year old students.

**EAST BATON ROUGE PARISH SCHOOL SYSTEM**  
**Baton Rouge, Louisiana**

**NON-MAJOR GOVERNMENTAL FUND DESCRIPTIONS** (continued)

**CONTINUING EDUCATION**

The *Continuing Education Fund* is a program which offers higher education opportunities to persons who are age 16 and older.

**MAGNET SCHOOL ASSISTANCE PROGRAM**

The Magnet Schools Assistance program provides grants to eligible local educational agencies to establish and operate magnet schools that are operated under a court-ordered or federally approved voluntary desegregation plan. These grants assist in the desegregation of public schools by supporting the elimination, reduction, and prevention of minority group isolation in elementary and secondary schools with substantial numbers of minority group students. In order to meet the statutory purposes of the program, projects also must support the development and implementation of magnet schools that assist in the achievement of systemic reforms and provide all students with the opportunity to meet challenging academic content and student academic achievement standards. Projects support the development and design of innovative education methods and practices that promote diversity and increase choices in public education programs. The program supports capacity development—the ability of a school to help all its students meet more challenging standards—through professional development and other activities that will enable the continued operation of the magnet schools at a high performance level after funding ends. Finally, the program supports the implementation of courses of instruction in magnet schools that strengthen students’ knowledge of academic subjects and their grasp of tangible and marketable vocational skills.

**LOCAL GRANTS**

Grants from various private foundations provide additional support for educational programs. Program areas include teacher mini-grants, math improvement, remediation, staff development and homeless youth activities.

**TITLE IV**

The Every Student Succeeds Act (ESSA) was signed into law in December 2015. It reauthorized the Elementary and Secondary Education Act of 1965 (ESEA). Newly authorized under subpart 1 of Title IV, Part A of the ESEA is the Student Support and Academic Enrichment (SSAE) program. The SSAE program is intended to improve students’ academic achievement by increasing the capacity of State educational agencies (SEAs), local educational agencies (LEAs), and local communities to provide all students with access to a well-rounded education; improve school conditions for student learning; and improve the use of technology to improve the academic achievement and digital literacy of all students.

**SUMMER SCHOOL**

The *Summer School Program* is designed to provide summer programs enabling students who have failed subjects to remove deficiencies, enroll in courses to enrich their educational experiences, and to enable students to take additional courses in order to meet graduation requirements. Revenues for the fund are generated through a registration fee charged to each student for each class taken.

**WBRH RADIO STATION TRAINING PROGRAM**

The *WBRH Radio Station Training Program Fund* accounts for the operations of the radio station and the training of students involved in radio training.

**EAST BATON ROUGE PARISH SCHOOL SYSTEM**  
**Baton Rouge, Louisiana**

**NON-MAJOR GOVERNMENTAL FUND DESCRIPTIONS** (continued)

**TECHNOLOGY LITERACY CHALLENGE (Title III)**

*Title III* is a provision of the federally legislated Goals 2001: Educate America Act. The funds provide instructional and technical training for classroom teachers.

**STRIVING READERS COMPREHENSIVE LITERACY**

The *Striving Readers Fund* is used to increase literacy achievement for all students in federal systems, birth through grade 12. The funds are used to create sustainable systems that support implementation of Common Core State Standards and focus on: (1) School Leader and Teacher Learning Targets; (2) Assessment and Curriculum; (3) School and Teacher Collaboration; and (4) Compass Observation and Feedback.

**21<sup>st</sup> CENTURY COMMUNITY LEARNING**

The 21st Century Community Learning program supports the creation of community learning centers that provide academic enrichment opportunities during non-school hours for children, particularly students who attend high-poverty and low-performing schools. The program helps students meet state and local student standards in core academic subjects, such as reading and math; offers students a broad array of enrichment activities that can complement their regular academic programs; and offers literacy and other educational services to the families of participating children.

**LOUISIANA PUBLIC CHARTER SCHOOLS PROGRAM (LPCSP) IMPLEMENTATION 1**

The Louisiana Public Charter Schools Program (LPCSP) Implementation 1 is the operational phase of Louisiana's federal Charter Schools Program grant. It provides funding for charter schools to move beyond planning into full implementation—covering classroom instruction, staffing, facilities, and student services. The goal is to expand access to high-quality charter school seats, particularly for disadvantaged students, while ensuring accountability and improved educational outcomes

**SCHOOL ACTIVITY ACCOUNTS**

School Activity Funds were created by R.S. 17:414.3, which mandates that every public-school principal maintain a school fund for the management of any money that accrues to benefit the school and its students. These funds account for the transactions of the student activity accounts maintained at the respective schools.

Note that overlapping rates are those of local governmental entities that apply to property owners within the school system's area. Not all overlapping rates apply to all property owners; for example, although the school system's general fund rates apply to all parish property owners, the debt service rates apply only to the property owners with property in the debt service district.

- (1) "Total Tax Levy" represents the original levy of the Assessor, less the amount of homestead exemption, and is the amount to be paid by the taxpayer.

The amounts to be paid by the taxpayer are ultimately collected in full, except for adjustments due to assessment errors and delayed homestead exemptions. The amount paid by the State Treasurer for homestead exemption is based on an appropriation formula by the State of Louisiana.

East Baton Rouge Parish School System direct debt (2)			9,015,699
Total direct and overlapping debt			\$ 693,754,568

Net Overlapping Debt is computed to demonstrate the total property tax burden on the taxpayers within the reporting government's geographic jurisdiction and the total debt that their property taxes will be expected to repay.

(1) The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of the Municipalities taxable assessed value that is within the Parish's boundaries and dividing it by the Parish's total taxable assessed value.

(2) The School System's outstanding debt relates to Qualified School Construction Bonds, as disclosed in Note 8 of the basic financial statements. The School System's debt is stated as year end of June 30, 2025.

### **INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

East Baton Rouge Parish School System  
Baton Rouge, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the East Baton Rouge Parish School System (the School System) as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the School System's basic financial statements, and have issued our report thereon dated January 14, 2026.

#### Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the School System's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School System's internal control. Accordingly, we do not express an opinion on the effectiveness of the School System's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We identified a certain deficiency in internal control, described in the accompanying schedule of findings and questioned costs as item 2025-001 that we consider to be a significant deficiency.

### Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the East Baton Rouge Parish School System's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matters that is required to be reported under *Government Auditing Standards* and which is described in the accompanying schedule of findings and questioned costs as item 2025-001.

### East Baton Rouge Parish School System's Response to Findings

*Government Auditing Standards* requires the auditor to perform limited procedures on the East Baton Rouge Parish School System's response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. The School System's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**EXHIBIT B**

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM  
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM  
GUIDANCE**

East Baton Rouge Parish School System  
Baton Rouge, Louisiana

**Report on Compliance for Each Major Federal Program**

***Opinion on Each Major Federal Program***

We have audited East Baton Rouge Parish School System's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of East Baton Rouge Parish School System's major federal programs for the year ended June 30, 2025. East Baton Rouge Parish School System's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, East Baton Rouge Parish School System complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2025.

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of East Baton Rouge Parish School System and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of East Baton Rouge Parish School System's compliance with the compliance requirements referred to above.

***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to East Baton Rouge Parish School System's federal programs.

### ***Auditors' Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on East Baton Rouge Parish School System's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about East Baton Rouge Parish School System's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding East Baton Rouge Parish School System's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of East Baton Rouge Parish School System's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of East Baton Rouge Parish School System's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Report on Internal Control over Compliance**

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance.

Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

### **Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance**

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of East Baton Rouge Parish School System as of and for the year ended June 30, 2025 and the related notes to the financial statements, which collectively comprise the School System's basic financial statements. We have issued our report thereon dated January 14, 2026, which contained unmodified opinions on those financial statements. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

**2025-001 LOCAL GOVERNMENT BUDGET ACT**

Criteria: Louisiana Revised Statute 39:1311 requires the governmental entity to revise its budget when total projected revenues and other sources fail to meet total budgeted revenues and other sources by five percent or more.

Condition(s): The final amended budget reflected expenditures in the Child Nutrition Fund that exceeded expenditures by more than five percent.

Cause: The budget estimation process for inventory and cost of goods purchased was not precise enough to ensure that actual expenditures did not exceed the amended budgeted expenditures by more than five percent.

Effect: The School System is not in compliance with the requirements of Louisiana Revised Statute 39:1311.

Recommendation: We recommend that the School System comply with all requirements of the Local Budget Act.

View of Responsible Official: Management of the School System concurs with the finding and will amend budgets when necessary, as required by the Local Government Budget Act.

**INDEPENDENT ACCOUNTANTS' REPORT  
ON APPLYING AGREED-UPON PROCEDURES**

**EXHIBIT F**

To the Members of the  
East Baton Rouge Parish School System,  
the Louisiana Department of Education,  
and the Louisiana Legislative Auditor

We have performed the procedures enumerated below on the performance and statistical data accompanying the annual financial statements of the East Baton Rouge Parish School System for the fiscal year ended June 30, 2025. Management of the East Baton Rouge Parish School System is responsible for its performance and statistical data.

The East Baton Rouge Parish School System has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of performing the specified procedures on the performance and statistical data accompanying the annual financial statements and report our findings to assist the specified parties in its compliance with Louisiana Revised Statute 24:514 I. The Louisiana Legislative Auditor ("LLA") and the Louisiana Department of Education ("LDOE") have agreed to and acknowledged that the procedures performed are appropriate for their purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are as follows:

**General Fund Instructional and Support Expenditures and Certain Local Revenue Sources  
(Schedule 1)**

1. We selected a sample of 25 transactions, reviewed supporting documentation, and observed that the sampled expenditures/revenues are classified within the below category corresponding to the type of expenditure/revenue identified on the supporting documentation:
  - Total General Fund Instructional Expenditures
  - Total General Fund Equipment Expenditures
  - Total Local Taxation Revenue
  - Total Local Earnings on Investment in Real Property
  - Total State Revenue in Lieu of Taxes
  - Nonpublic Textbook Revenue
  - Nonpublic Transportation Revenue

*No exceptions noted.*

**Class Size Characteristics (Schedule 2)**

2. We obtained a list of classes by school, school type, and class size as reported on the schedule. We then traced the number of students per class for a sample of 10 classes to the October 1 roll books for those classes and observed that the number of students per class agreed with its classification on the schedule.

*Of the 10 classes selected, we noted that four classes had a difference of one student between the roll book counts and the number reported in schedule 2. There were no exceptions noted for the other six classes selected.*

**Education Levels / Experience of Public-School Staff (NO SCHEDULE)**

3. We obtained October 1<sup>st</sup> PEP data submitted to the Department of Education (or equivalent listing prepared by management), including full-time teachers, principals, and assistant principals by classification, as well as their level of education and obtained management's representation that the data/listing was complete. We then selected a sample of 25 individuals, obtained each individual's personnel file, and observed that each individual's education level and experience as documented in the personnel file agrees to the classification on the PEP data or equivalent listing prepared by management.

*No exceptions noted.*

**Public-School Staff Data: Average Salaries (NO SCHEDULE)**

4. We obtained June 30<sup>th</sup> PEP data submitted to the Department of Education (or equivalent listing provided by management) of all classroom teachers, including base salary, extra compensation, and ROTC or rehired retiree status, as well as full-time equivalents, and obtained management's representation that the data/listing was complete. We then selected a sample of 25 individuals, obtained each individual's personnel file, and observed that each individual's salary, extra compensation, and full-time equivalents as documented in the personnel file supports the information on the PEP data (or equivalent listing prepared by management).

*No exceptions noted.*

We were engaged by the East Baton Rouge Parish School System to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the AICPA, and the standards applicable to attestation engagements contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. We were not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on the performance and statistical data of East Baton Rouge Parish School System for the fiscal year ended June 30, 2025. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the East Baton Rouge Parish School System and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

The purpose of this report is intended solely to describe the scope of testing performed on the performance and statistical data accompanying the annual financial statements of the East Baton Rouge Parish School System, as required by Louisiana Revised Statute 24:514.I, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Louisiana Legislative Auditor as a public document.

**Note:** The Board of Elementary and Secondary Education has set specific limits on the maximum size of classes at various grade levels. The maximum enrollment for grades K-3 is 26 students and the maximum enrollment for grades 4-12 is 33 students. These limits do not apply to activity classes such as physical education, chorus, band, and other classes without maximum enrollment standards. Therefore, these classes are included only as separate line items.

**CORRECTIVE ACTION PLAN FOR PERFORMANCE MEASUREMENT DATA**

January 8, 2026

East Baton Rouge Parish School System (EBRPSS) respectfully submits the following corrective action plan for the year ended June 30, 2025, corrective actions implemented:

The audit period is July 1, 2024, through June 30, 2025.

**Fiscal Year 2024-2025:**

**2025-002                      Class Size Characteristics (Schedule 2)**

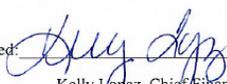

Criteria:                      A list of classes by school, school type, and class size were obtained as reported on Schedule 2. Auditors traced the number of students per class for a sample of 10 classes to the October 1 roll books for those classes and observed that the number of students per class agreed with its classification on the schedule.

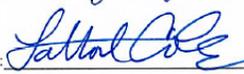

Condition:                      Of the 10 classes selected, we noted that four classes had a difference of one student between the roll book counts and the number reported in Schedule 2. There were no exceptions noted for the other six classes.

**Management's Response:**

Management of the School System concurs with the finding. For each of the schools, the following was noted...

- Arlington Preparatory- One student enrolled only 2<sup>nd</sup> semester. EdLink yearly class schedule submission overwrites class data submitted.
- Tara High School – 1<sup>st</sup> semester total was 30 students, 2<sup>nd</sup> semester total was 29 students. One student schedule changed on 1/3/2025. EdLink continues to update count overwriting the October 1<sup>st</sup> class data as the data is submitted daily.
- Westdale Middle School – One student expelled and dropped on 01/31/2025 and then reenrolled on 03/10/2025. The accurate count as of October 1<sup>st</sup> was 20 students. EdLink yearly class schedule submission overwrites class date submitted daily.
- Woodlawn High School – Four students enrolled for second semester only EdLink yearly class schedule submission overwrites class date submitted daily.
- Mentorship STEAM Academy – One student changed schedule on 10/04/2024. The accurate count as of October 1<sup>st</sup> should have included this schedule change. EdLink yearly class schedule submission overwrites class date submitted daily.

**CORRECTIVE ACTION PLAN – COMPLIANCE AND INTERNAL CONTROL**

January 8, 2026

East Baton Rouge Parish School System (EBRPSS) respectfully submits the following corrective action plan for the year ended June 30, 2025, corrective actions implemented:

The audit period is July 1, 2024, through June 30, 2025.

**Fiscal Year 2024-2025:**

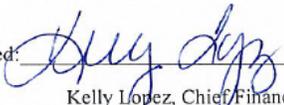

**2025-001**

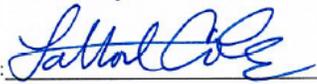

**Local Government Budget Act**

- Criteria: Louisiana Revised Statute 39:1311 requires the governmental entity to revise its budget when total projected revenues and other sources fail to meet total budgeted revenues and other sources by five percent or more.
- Condition: The final amended budget reflected expenditures in the Child Nutrition Fund that exceeded expenditures by more than five percent.
- Cause: The budget estimation process for inventory and cost of goods purchased was not precise enough to ensure that actual expenditures did not exceed the amended budgeted expenditures by more than five percent.
- Effect: The School System is not in compliance with the requirements of Louisiana Revised Statute 39:1311.
- Recommendation: School System should comply with all requirements of the Local Budget Act.

**Management’s Response:**

Management of the School System concurs with the finding. The Finance Department has strengthened budget monitoring procedures throughout the fiscal year to ensure timely preparation and approval of amendments as required by law. Each supervisor now submits a budget-to-actual variance form along with their Annual Financial Report (AFR) and working trial balances to facilitate necessary budget revisions for Board approval. In August 2025, the Child Nutrition revised budget was resubmitted to the Board to correct revenues and expenditures related to the \$4.7 million deficit. As the District transitions to the new CitySuite financial system, Child Nutrition has discontinued using CitySuite as its inventory source of record. Due to this change, an inventory error was not identified in time to allow for additional budget revision. The Management believes this was an isolated incident and is working closely with Child Nutrition Program (CNP) staff to address and correct inventory-related concerns.

## **INDEPENDENT ACCOUNTANTS' REPORT ON APPLYING AGREED-UPON PROCEDURES**

To: Board of the East Baton Rouge Parish School System and the Louisiana Legislative Auditor

We have performed the procedures enumerated in Schedule A on the control and compliance (C/C) areas identified in the Louisiana Legislative Auditor's (LLA's) Statewide Agreed-Upon Procedures (SAUPs) of the East Baton Rouge Parish School System for the fiscal period July 1, 2024 through June 30, 2025. East Baton Rouge Parish School System's management is responsible for those C/C areas identified in the SAUPs.

The East Baton Rouge Parish School System has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of performing specified procedures on the C/C areas identified in LLA's SAUPs for the fiscal period July 1, 2024 through June 30, 2025. Additionally, the LLA has agreed to and acknowledged that the procedures performed are appropriate for its purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures we performed, and the associated findings are summarized in the attached Schedule A, which is an integral part of this report.

We were engaged by East Baton Rouge Parish School System to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the AICPA and the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States. We were not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs of the East Baton Rouge Parish School System for the fiscal period July 1, 2024 through June 30, 2025. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of East Baton Rouge Parish School System and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

The purpose of this report is intended solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.

**EAST BATON ROUGE PARISH SCHOOL SYSTEM  
AGREED-UPON PROCEDURES PERFORMED AND ASSOCIATED FINDINGS  
JUNE 30, 2025**

SCHEDULE A

The procedures performed and the results thereof are set forth below. The procedure is stated first, followed by the results of the procedure presented in italics. If the item being subjected to the procedures is positively identified or present, then the results will read *“no exception noted”* or for step 13 *“we performed the procedure and discussed the results with management”*. If not, then a description of the exception ensues.

**1) Written Policies and Procedures**

---

*Procedures were not performed in the current year (Year 2) in accordance with LLA guidelines.*

- A. Obtain and inspect the entity's written policies and procedures and observe whether they address each of the following categories and subcategories (if applicable to public funds and the entity's operations):
- i. **Budgeting**, including preparing, adopting, monitoring, and amending the budget.
  - ii. **Purchasing**, including (1) how purchases are initiated; (2) how vendors are added to the vendor list; (3) the preparation and approval process of purchase requisitions and purchase orders; (4) controls to ensure compliance with the Public Bid Law; and (5) documentation required to be maintained for all bids and price quotes.
  - iii. **Disbursements**, including processing, reviewing, and approving
  - iv. **Receipts/Collections**, including receiving, recording, and preparing deposits. Also, policies and procedures should include management's actions to determine the completeness of all collections for each type of revenue or agency fund additions (e.g., periodic confirmation with outside parties, reconciliation to utility billing after cutoff procedures, reconciliation of traffic ticket number sequences, agency fund forfeiture monies confirmation).
  - v. **Payroll/Personnel**, including (1) payroll processing, (2) reviewing and approving time and attendance records, including leave and overtime worked, and (3) approval process for employee rates of pay or approval and maintenance of pay rate schedules.
  - vi. **Contracting**, including (1) types of services requiring written contracts, (2) standard terms and conditions, (3) legal review, (4) approval process, and (5) monitoring process.
  - vii. **Travel and Expense Reimbursement**, including (1) allowable expenses, (2) dollar thresholds by category of expense, (3) documentation requirements, and (4) required approvers.
  - viii. **Credit Cards (and debit cards, fuel cards, purchase cards, if applicable)**, including (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers of statements, and (5) monitoring card usage (e.g., determining the reasonableness of fuel card purchases).
  - ix. **Ethics**, including (1) the prohibitions as defined in Louisiana Revised Statute (R.S.) 42:1111-1121, (2) actions to be taken if an ethics violation takes place, (3) system to monitor possible ethics violations, and (4) a requirement that documentation is maintained to demonstrate that all employees and officials were notified of any changes to the entity's ethics policy.
  - x. **Debt Service**, including (1) debt issuance approval, (2) continuing disclosure/EMMA reporting requirements, (3) debt reserve requirements, and (4) debt service requirements.

**EAST BATON ROUGE PARISH SCHOOL SYSTEM  
AGREED-UPON PROCEDURES PERFORMED AND ASSOCIATED FINDINGS  
JUNE 30, 2025**

SCHEDULE A

- xi. **Information Technology Disaster Recovery/Business Continuity**, including (1) identification of critical data and frequency of data backups, (2) storage of backups in a separate physical location isolated from the network, (3) periodic testing/verification that backups can be restored, (4) use of antivirus software on all systems, (5) timely application of all available system and software patches/updates, and (6) identification of personnel, processes, and tools needed to recover operations after a critical event.
- xii. **Prevention of Sexual Harassment**, including R.S. 42:342-344 requirements for (1) agency responsibilities and prohibitions, (2) annual employee training, and (3) annual reporting.

**2) Board or Finance Committee**

---

*Procedures were not performed in the current year (Year 2) in accordance with LLA guidelines.*

- A. Obtain and inspect the board/finance committee minutes for the fiscal period, as well as the board's enabling legislation, charter, bylaws, or equivalent document in effect during the fiscal period, and:
  - i. Observe whether the board/finance committee met with a quorum at least monthly, or on a frequency in accordance with the board's enabling legislation, charter, bylaws, or other equivalent document.
  - ii. For those entities reporting on the governmental accounting model, observe whether the minutes referenced or included monthly budget-to-actual comparisons on the general fund, quarterly budget-to-actual comparisons, at a minimum, on all proprietary funds, and semi-annual budget-to-actual comparisons, at a minimum, on all special revenue funds. *Alternatively, for those entities reporting on the not-for-profit accounting model, observe that the minutes referenced or included financial activity relating to public funds if those public funds comprised more than 10% of the entity's collections during the fiscal period.*
  - iii. For governmental entities, obtain the prior year audit report and observe the unassigned fund balance in the general fund. If the general fund had a negative ending unassigned fund balance in the prior year audit report, observe that the minutes for at least one meeting during the fiscal period referenced or included a formal plan to eliminate the negative unassigned fund balance in the general fund.
  - iv. Observe whether the board/finance committee received written updates of the progress of resolving audit finding(s), according to management's corrective action plan at each meeting until the findings are considered fully resolved.

**3) Bank Reconciliations**

---

*Procedures were not performed in the current year (Year 2) in accordance with LLA guidelines.*

- A. Obtain a listing of entity bank accounts for the fiscal period from management and management's representation that the listing is complete. Ask management to identify the entity's main operating account. Select the entity's main operating account and randomly select 4 additional accounts (or all accounts if less than 5). Randomly select one month from the fiscal period, obtain and inspect the corresponding bank statement and reconciliation for each selected account, and observe that:
  - i. Bank reconciliations include evidence that they were prepared within 2 months of the related statement closing date (e.g., initialed and dated, electronically logged);

**EAST BATON ROUGE PARISH SCHOOL SYSTEM  
AGREED-UPON PROCEDURES PERFORMED AND ASSOCIATED FINDINGS  
JUNE 30, 2025**

SCHEDULE A

- ii. Bank reconciliations include written evidence that a member of management or a board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation within 1 month of the date the reconciliation was prepared (e.g., initialed and dated, electronically logged); and
- iii. Management has documentation reflecting it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date, if applicable.

**4) Collections (excluding electronic funds transfers)**

---

*Procedures were not performed in the current year (Year 2) in accordance with LLA guidelines.*

- A. Obtain a listing of deposit sites for the fiscal period where deposits for cash/checks/money orders (cash) are prepared and management's representation that the listing is complete. Randomly select 5 deposit sites (or all deposit sites if less than 5).
- B. For each deposit site selected, obtain a listing of collection locations and management's representation that the listing is complete. Randomly select one collection location for each deposit site (e.g. 5 collection locations for 5 deposit sites), obtain and inspect written policies and procedures relating to employee job duties (if there are no written policies or procedures, then inquire of employees about their job duties) at each collection location, and observe that job duties are properly segregated at each collection location such that:
  - i. Employees responsible for cash collections do not share cash drawers/registers;
  - ii. Each employee responsible for collecting cash is not also responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g. pre-numbered receipts) to the deposit;
  - iii. Each employee responsible for collecting cash is not also responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit; and
  - iv. The employee(s) responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or custodial fund additions, is (are) not also responsible for collecting cash, unless another employee verifies the reconciliation.
- C. Obtain from management a copy of the bond or insurance policy for theft covering all employees who have access to cash. Observe that the bond or insurance policy for theft was in force during the fiscal period.
- D. Randomly select two deposit dates for each of the 5 bank accounts selected for Bank Reconciliations procedure #3A (select the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly select a deposit if multiple deposits are made on the same day). *Alternatively, the practitioner may use a source document other than bank statements when selecting the deposit dates for testing, such as a cash collection log, daily revenue report, receipt book, etc.* Obtain supporting documentation for each of the 10 deposits and:
  - i. Observe that receipts are sequentially pre-numbered.

**EAST BATON ROUGE PARISH SCHOOL SYSTEM  
AGREED-UPON PROCEDURES PERFORMED AND ASSOCIATED FINDINGS  
JUNE 30, 2025**

SCHEDULE A

- ii. Trace sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip.
- iii. Trace the deposit slip total to the actual deposit per the bank statement.
- iv. Observe that the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100 and the cash is stored securely in a locked safe or drawer).
- v. Trace the actual deposit per the bank statement to the general ledger.

**5) *Non-payroll Disbursements (excluding card purchases, travel reimbursements, and petty cash purchases)***

---

*Procedures were not performed in the current year (Year 2) in accordance with LLA guidelines.*

- A. Obtain a listing of locations that process payments for the fiscal period and management's representation that the listing is complete. Randomly select 5 locations (or all locations if less than 5).
- B. For each location selected under #5A above, obtain a listing of those employees involved with non-payroll purchasing and payment functions. Obtain written policies and procedures relating to employee job duties (if the agency has no written policies and procedures, then inquire of employees about their job duties), and observe that job duties are properly segregated such that:
  - i. At least two employees are involved in initiating a purchase request, approving a purchase, and placing an order or making the purchase;
  - ii. At least two employees are involved in processing and approving payments to vendors;
  - iii. The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files;
  - iv. Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments; and
  - v. Only employees/officials authorized to sign checks approve the electronic disbursement (release) of funds, whether through automated clearinghouse (ACH), electronic funds transfer (EFT), wire transfer, or some other electronic means.
- C. For each location selected under #5A above, obtain the entity's non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtain management's representation that the population is complete. Randomly select 5 disbursements for each location, obtain supporting documentation for each transaction and
  - i. Observe whether the disbursement, whether by paper or electronic means, matched the related original itemized invoice, and that supporting documentation indicates that deliverables included on the invoice were received by the entity, and
  - ii. Observe whether the disbursement documentation included evidence (e.g., initial/date, electronic logging) of segregation of duties tested under procedure #5B above, as applicable.

**EAST BATON ROUGE PARISH SCHOOL SYSTEM  
AGREED-UPON PROCEDURES PERFORMED AND ASSOCIATED FINDINGS  
JUNE 30, 2025**

SCHEDULE A

- D. Using the entity's main operating account and the month selected in Bank Reconciliations procedure #3A, randomly select 5 non-payroll-related electronic disbursements (or all electronic disbursements if less than 5) and observe that each electronic disbursement was (a) approved by only those persons authorized to disburse funds (e.g., sign checks) per the entity's policy, and (b) approved by the required number of authorized signers per the entity's policy. Note: If no electronic payments were made from the main operating account during the month selected the practitioner should select an alternative month and/or account for testing that does include electronic disbursements.

**6) Credit Cards/Debit Cards/Fuel Cards/Purchase Cards (Cards)**

---

*Procedures were not performed in the current year (Year 2) in accordance with LLA guidelines.*

- A. Obtain from management a listing of all active credit cards, bank debit cards, fuel cards, and purchase cards (cards) for the fiscal period, including the card numbers and the names of the persons who maintained possession of the cards. Obtain management's representation that the listing is complete.
- B. Using the listing prepared by management, randomly select 5 cards (or all cards if less than 5) that were used during the fiscal period. Randomly select one monthly statement or combined statement for each card (for a debit card, randomly select one monthly bank statement). Obtain supporting documentation, and
- i. Observe whether there is evidence that the monthly statement or combined statement and supporting documentation (e.g., original receipts for credit/debit card purchases, exception reports for excessive fuel card usage) were reviewed and approved, in writing (or electronically approved) by someone other than the authorized card holder (those instances requiring such approval that may constrain the legal authority of certain public officials, such as the mayor of a Lawrason Act municipality, should not be reported; and
  - ii. Observe that finance charges and late fees were not assessed on the selected statements.
- C. Using the monthly statements or combined statements selected under procedure #6B above, excluding fuel cards, randomly select 10 transactions (or all transactions if less than 10) from each statement, and obtain supporting documentation for the transactions (e.g., each card should have 10 transactions subject to inspection). For each transaction, observe that it is supported by (1) an original itemized receipt that identifies precisely what was purchased, (2) written documentation of the business/public purpose, and (3) documentation of the individuals participating in meals (for meal charges only). For missing receipts, the practitioner should describe the nature of the transaction and observe whether management had a compensating control to address missing receipts, such as a "missing receipt statement" that is subject to increased scrutiny.

**7) Travel and Travel-Related Expense Reimbursements (excluding card transactions)**

---

*Procedures were not performed in the current year (Year 2) in accordance with LLA guidelines.*

The East Baton Rouge Parish School System  
Baton Rouge, Louisiana

We have audited the financial statements of the East Baton Rouge Parish School System (the School System), for the year ended June 30, 2025 and have issued our report thereon. As part of our audit, we considered internal accounting control to the extent we determined necessary to plan our audit as required by auditing standards generally accepted in the United States of America. Under these standards, the purposes of such evaluation are to establish a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School System's internal control.

The objective of internal control is to provide reasonable, but not absolute, assurance as to the safeguarding of assets against loss from unauthorized use or disposition, and the reliability of the financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of a system of internal accounting control should not exceed the benefits derived and also recognizes that the evaluation of these factors necessarily requires estimates and judgments by management.

No matter how good a system, there are inherent limitations that should be recognized in considering the potential effectiveness of internal accounting control. In the performance of most control procedures, errors can result from misunderstanding of instructions, mistakes of judgment, carelessness, or other personal factors. Control procedures whose effectiveness depends upon segregation of duties can be circumvented by collusion. Similarly, control procedures can be circumvented intentionally by management either with respect to the execution and recording of transactions or with respect to the estimates and judgments required in the preparation of financial statements. Further, projection of any evaluation of internal accounting control to future periods is subject to the risk that the degree of compliance with the procedures may deteriorate. We say this simply to suggest that any system needs to be constantly reviewed and improved where necessary.

Also, in accordance with *Government Auditing Standards*, we considered compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

However, during the course of our audit, we became aware of a matter that are opportunities for strengthening internal controls or operating efficiency or instances of immaterial non-compliance. Our comments and suggestions regarding this matter is set forth below. This letter does not affect our reports dated January 14, 2026, on the financial statements of the School System and the School System's internal control over financial reporting.

**2025-001****School Activity Funds**

Condition: During an internal audit review of school activity funds, it was noted that a misappropriation of public funds occurred within an extracurricular program. This reportable instance is presented in Attachment A to this letter.

Recommendation: Employees are to be reminded of the proper procedures and their ethical responsibilities as public servants to safeguard assets, which includes preventing employees or citizens from misusing funds for purposes outside of their intended use, as outlined by internal policies and procedures. We recommend the School System to have continued training with the employees that assist with student activity funds.

**Management's Response:**

*The School System has implemented that each principal at the school now have to approve all activities on campus prior to the collection of funds.*

**2025-002****Accounts Payable**

Condition: A check related to an insurance disbursement was intercepted and cashed by a fraudulent individual. The School System's bank through inquiry with the School System caught the fraudulent activity and refunded the amount to the School System.

Recommendation: We recommend the School System continue to enhance their security with their bank representative to try to detect any fraudulent activity. The School System should still continue to perform their internal policies which includes the monthly bank reconciliations.

**Management's Response:**

*The School System has upgraded their positive pay with their financial institution to validate the check name, amount and check numbers for accuracy when it is being processed.*

We have already discussed these matters with the School System's management. Their views on these matters and plans for corrective action are identified herein. This letter does not affect our report dated January 14, 2026, on the financial statements of the School System, and furthermore, this letter is intended for use only by the School System's management and finance committee and is not intended to be used, and should not be used, by anyone other than these specified parties.

Very truly yours,

EISNERAMPER LLP
