### ACCOUNTANT'S COMPILATION REPORT

Natchitoches Soil and Water Conservation District  
6949 Highway 1 Bypass  
Natchitoches, LA 71457

Management is responsible for the accompanying financial statements of the governmental activities and the major fund of the Natchitoches Soil and Water Conservation District, a component unit of the State of Louisiana, as of and for the year ended June 30, 2018, which collectively comprise the Natchitoches Soil and Water Conservation District's basic financial statements as listed in the table of contents, in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statements nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, do not express an opinion, a conclusion, nor provide any form of assurance on these financial statements.

Management has elected to omit substantially all of the disclosures required by accounting principles generally accepted in the United States of America. If the omitted disclosures were included in the financial statements, they might influence the user's conclusions about the Natchitoches Soil and Water Conservation District's financial position and results of operations. Accordingly, the financial statements are not designed for those who are not informed about such matters.

As provided for under the requirements of Louisiana Revised Statute 24:513, the Natchitoches Soil and Water Conservation District has not adopted the provisions of Governmental Accounting Standards Board Statements No. 34 for the year ended June 30, 2018. Management has also omitted the management's discussion and analysis and the budgetary comparison, that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. The effects of these departures from accounting principles generally accepted in the United States of America have not been determined.

The accompanying schedules of compensation paid to board members and compensation, benefits, and other payments to agency head are presented for purposes of additional analysis and are not a required part of the basic financial statements. This information has been compiled by us from information that is the representation of management. We have not audited or reviewed the supplementary information and do not express an opinion, a conclusion, nor provide any assurance on such supplementary information.

We are not independent with respect to the Natchitoches Soil and Water Conservation District.
