Independent Auditors' Report

To the Board of Directors Providence House

Report on the Financial Statements

We have audited the accompanying financial statements of Providence House (a nonprofit organization), which comprise the statements of financial position as of December 31, 2020 and 2019, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Providence House as of December 31, 2020 and 2019 and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of compensation, benefits, and other payments to agency head or chief executive officer on page 18 is presented for purposes of additional analysis and is not a required part of the financial statements. The accompanying schedule of expenditures of federal awards, shown on pages 19 – 20, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administration Requirements, Cost Principles, and Audit Requirements for Federal Awards, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated September 28, 2021, on our consideration of Providence House's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Providence House's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Providence House's internal control over financial reporting and compliance.

Providence House Notes to Financial Statements December 31, 2020 and 2019

(1) Summary of Significant Accounting Policies

A. Nature of Activities

Providence House is a nonprofit corporation organized under the laws of the State of Louisiana. Providence House was established to provide housing services, training, employment and opportunities for breaking the cycle of homelessness. The support for Providence House comes primarily from private donations and grants.

Approximately 35–45% of total revenues consist of contractual revenue of federal and state funds. A brief description of the programs – contracts which are funded with those federal and state funds are listed:

Emergency Solutions Grants Program – Provides funds to assist in maintaining a shelter and providing permanent housing for homeless families. Funding is provided by federal funds passed through the City of Shreveport and the City of Bossier City.

Emergency Food and Shelter – Provides funds to assist in emergency shelter for homeless families. Funding is provided by federal funds passed through the local EF&S Board.

Children's Trust Fund – Provides funds to assist homeless children to aid in the prevention of child abuse and neglect. Specifically to implement a resource support system to provide emotional, medical, educational and recreational support services for homeless children. Funding is **provided** by federal and state funds passed through the State of Louisiana, Department of Children and Family Services.

Community Development Block Grant – Provides funds to provide shelter for the homeless and to assist families with breaking the cycle of homelessness. Specifically, to ensure that families will be allowed to move from a structured program to an unstructured, independent program through a series of levels showing a proven responsibility and disciplined lifestyle. Funding is provided by federal and state funds passed through the City of Bossier City.

TANF – Provides education and literacy services, employment training, life skills training, counseling, children's program, budgeting, housing/shelter, childcare, meals, transportation, and other services to enable adults and their children to begin again. Funding is provided by federal funds passed through the State of Louisiana, Department of Children and Family Services.

CACFP – Provides a food service program to children who are residents of the homeless **shelter**. Funding is provided by federal funds passed through the State of Louisiana, Department of Education.

B. Basis of Accounting

The financial statements of Providence House have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

C. Basis of Presentation

Financial statement presentation follows the recommendations of the Financial Accounting Standards Board in its Statement of Financial Accounting Standards. Under those standards, the Organization is required to report information regarding its financial position and activities according to two classes of net assets:

Net assets without donor restrictions: Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objective of the organization. These net assets may be used at the discretion of Providence House's management and the board of directors.

Net assets with donor restrictions: Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of Providence House or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity.

Donor restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statement of activities. Providence House has adopted a policy to classify donor restricted contributions as without donor restriction to the extent that donor restrictions are met in the year the contribution was received.

D. Use of Estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities and the reported revenues and expenses. Actual results could differ from those estimates.

E. Cash and Cash Equivalents

Cash equivalents, as stated for cash flow purposes, consist of cash, certificates of deposit, and money market accounts. Certain items, which meet the definition of cash equivalents but are designated by the Board, are included in investments.

F. Property and Equipment

Property and equipment are carried at cost or, if donated, at the approximate fair value at the date of donation. Depreciation is computed using the straight–line method over the estimated useful life of each asset. The funding sources and the federal government may have a reversionary interest in certain property purchased with those funds. Its disposition as well as the ownership of any proceeds therefrom is subject to certain funding source regulations. Expenditures for property and equipment of \$2,500 or more are capitalized.

G. Contributions

Contributions received are recorded as increase in net assets without donor restrictions or net assets with donor restrictions depending on the existence and/or nature or any donor restrictions. When restrictions expire (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions. In the absence of donor restrictions to the contrary, restrictions on contributions of property or equipment or on assets restricted to acquiring property or equipment expire when the property or equipment is placed in service.

H. Income Tax Status

Providence House is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code. However, income from certain activities not directly related to the organization's tax-exempt purpose is subject to taxation as unrelated business income. Providence House had no such income during this audit period. The Form 990, "Return of Organization Exempt from Income Taxes", for Providence House for the years ended December 31, 2017, 2018, 2019, and 2020 are subject to examination by the IRS, generally for three years after they were filed.

I. Retirement Plan

Providence House established a profit—sharing plan with a 401(k) option for eligible employees. The name of the plan is Providence House Retirement Plan. The plan shall cover only employees having completed at least one year of service and having attained age 21. The employer contribution amount is determined by appropriate action of the Employer as of the time prescribed by law. There were no employer contribution amounts paid by Providence House for the years ended December 31, 2020 and 2019.

J. Donated Assets

Non-cash donations are recorded as contributions at their estimated fair value at the date of donation.

K. Donated Property and Equipment

Donations of property and equipment are recorded as contributions at their estimated fair market value at the date of donation. Such donations are reported as increases in unrestricted net assets unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as restricted contributions.

L. Functional Expenses

The costs of providing certain activities of Providence House have been summarized on a functional basis in the statement of activities and in the statement of functional expense. Accordingly, certain costs have been allocated among programs and supported services benefited. Costs are directly charged to the functions they benefit. Facility related and supportive services expenses are allocated to each function based upon managements equitable determination.

M. Refundable Advance

Providence House is the recipient of grants that require expenditure for specific activities before being reimbursed by the grantor for costs incurred. Certain grantors pay in advance of incurring the specific costs; in those cases the amounts received in excess of amounts spent on reimbursable costs is reported as refundable advances.

(2) Adoption of New Accounting Pronouncement

For the year ended December 31, 2019, Providence House adopted the Financial Accounting Standards Update (ASU) No. 2016-18 - *Not-for-Profit Entities (Topic 230): Statement of Cash Flows: Restricted Cash.* This update requires that the statement of cash flows explain the change during the period in total of cash, cash equivalents, and amounts generally described as restricted cash or restricted cash equivalents. Therefore, amounts generally described as restricted cash and restricted cash equivalents should be included with cash and cash equivalents when reconciling the beginning-of-period and end-of-period total amounts shown on the statement of cash flows.

(3) Concentrations of Credit Risk

Financial instruments that potentially subject Providence House to concentrations of credit risk consist principally of temporary cash investments, and grant receivables.

Concentrations of credit risk with respect to grant receivables are limited due to these amounts being due from governmental agencies under contractual terms. As of December 31, 2020 and 2019, Providence House had no significant concentrations of credit risk in relation to grant receivables.

Providence House maintains cash balances at local financial institutions. Accounts at those institutions are insured by the Federal Deposit Insurance Corporation (FDIC). At December 31, 2020, total cash balances held at financial institutions was \$429,842. Of this amount \$254,176 was secured by FDIC, and the remaining \$175,666 was unsecured. At December 31, 2019 there were no uninsured balances at those institutions.

(4) Grant Receivables

Various funding sources provide reimbursement of allowable costs under contracts or agreements. These balances represent amounts due from the funding sources at December 31, 2020 and 2019 but not received until after those dates.

(5) Restricted Cash - Resettlement Funds

The balance represents funds held by Providence House on behalf of the tenants of Providence House. Providence House has implemented a program whereby the tenants agree to escrow–deposit a certain percent of their support – wages into this account as they receive those funds. Upon graduation and/or leaving the shelter those funds will be distributed to the tenant or retained by Providence House. This amount is also shown as escrowed resettlement funds in the liability section on the statement of financial position.

(6) Fixed Assets

A summary of fixed assets as of December 31, 2020 follows:

(9) Liquidity and Availability of Financial Assets

Providence House monitors its liquidity so that it is able to meet its operating needs and other contractual commitments while maximizing the investment of its excess operating cash. Providence House has the following financial assets that could readily be made available within one year of the balance sheet to fund expenses without limitations:

	2020	2019
Financial assets at year-end:		
Cash and cash equivalents	\$ 380,387	\$ 137,602
Grant receivables	88,915	89,571
Cash restricted for resettlement funds	2,767	6,317
Total financial assets	472,069	233,490
Less amounts not available to be used within one year:		
Net assets with donor restrictions	(96,486)	(101,894)
Cash restricted for resettlement funds	(2,767)	(6,317)
Financial assets available to meet cash needs for		
general expenditures within one year	<u>\$ 372,816</u>	<u>\$ 125,279</u>

In addition to financial assets available to meet general expenditures over the year, Providence House anticipates covering its general expenditures using the income generated from contractual agreements and contributions. To assist in managing liquidity, Providence House maintains a line of credit of \$150,000 with a bank that is drawn upon as needed during the year to assist in managing cash flow. See Note 15 for further description of this line of credit. Providence House also has cash surrender value of life insurance at December 31, 2020 and 2019 of \$678,554 and \$672,643, respectively that could be utilized to assist in managing cash flow. The Statement of Cash Flows identifies the sources and uses of Providence House's cash and shows negative cash generated by operations of \$262,691 for fiscal year ending December 31, 2019 and positive cash flow of \$279,212 for fiscal year ended December 31, 2020.

(10) Contractual Revenue - Grants

Revenues shown as contracts with governmental agencies for the years ended December 31, 2020 and 2019 consist of the following:

	· ·	2020	W	2019
City of Shreveport and Bossier City - ESG	\$	223,446	\$	211,560
City of Shreveport and Bossier City - CDBG		40,000		22,512

Government grant - PPP loan		258,750	2011	
	\$	1,053,597	\$	616,340

The continued existence of these funds is based on annual contract renewals with various funding sources.

Providence House met the eligibility criteria for forgiveness of the loan received by the Small Business Administration under the Paycheck Protection Program (PPP). By meeting the forgiveness criteria on the loan and receiving forgiveness of the loan in January, 2021, Providence House concludes the PPP loan, in substance, is a grant recorded in contractual revenue-grants on the statement of activities for the year ended December 31, 2020.

(11) Accrued Expenses

An analysis of Providence House's accrued expenses at December 31, 2020 and 2019 are as follows:

	2020		2019

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed In Accordance With Government Auditing Standards

Independent Auditors' Report

To the Board of Directors Providence House Shreveport, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Providence House, (a nonprofit organization), which comprise the statement of financial position as of December 31, 2020, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated September 28, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Providence House's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Providence House's internal control. Accordingly, we do not express an opinion on the effectiveness of Providence House's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Providence House's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance For Each Major Program and on Internal Control Over Compliance Required by the Uniform Guidance

Independent Auditor's Report

To the Board of Directors Providence House Shreveport, Louisiana

Report on Compliance for Each Major Federal Program

We have audited Providence House's, compliance with the types of compliance requirements described in the OMB Compliance Supplement that could have a direct and material effect on each of Providence House's major federal programs for the year ended December 31, 2020. Providence House's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Providence House's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Providence House's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Providence House's compliance.

Opinion on Each Major Federal Program

In our opinion, Providence House complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2020.

Report on Internal Control Over Compliance

Management of Providence House is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Providence House's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness Providence House's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
