Independent Auditor's Report

HONORABLE MIKE STONE
LINCOLN PARISH SHERIFF
Ruston, Louisiana

Report on the Financial Statements

I have audited the accompanying financial statements of the governmental activities, major funds and fiduciary funds of the Lincoln Parish Sheriff, a component unit of the Lincoln Parish Police Jury, as of June 30, 2019, and for the year then ended, and the related notes to the financial statements, which collectively comprise the Sheriff's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express opinions on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Lincoln Parish Sheriff's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Lincoln Parish Sheriff's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinions.

LINCOLN PARISH SHERIFF
Ruston, Louisiana
Independent Auditor's Report,
June 30, 2019

Opinions

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the government activities, major fund information and fiduciary fund information of the Lincoln Parish Sheriff as of June 30, 2019, and the respective changes in financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Emphasis of a Matter

As described in Note 10 to the financial statements, errors were made during the GASB 68 calculation in the prior year. The net effect of the restatement to correct this error will be to increase Net Position by \$324,243. My opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, the Budgetary Comparison Schedules and notes to required supplementary information, the Schedule of Changes in Net OPEB Liability and Related Ratios, the Schedule of Employer's share of the Net Pension Liability, and the Schedule of Employer Contributions, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with managements's responses to my inquiries, the basic financial statements, and other knowledge I obtained during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide me with sufficient evidence to express an opinion or provide any assurance.

Other Information

My audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Lincoln Parish Sheriff's office basic financial statements. The accompanying schedule of compensation, benefits and other payments to agency head on page 51 and the Sheriff's sworn affidavit presented on page 50 are presented for the purpose of additional analysis and are not a required part of the financial statements.

These schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the schedule of compensation, benefits and other payments and the Sheriff's sworn affidavit are fairly stated, in all material respects, in relation to the basic financial statements.

LINCOLN PARISH SHERIFF
Ruston, Louisiana
Independent Auditor's Report,
June 30, 2019

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, I have also issued a report dated September 30, 2019, on my consideration of the Lincoln Parish Sheriff's internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Lincoln Parish Sheriff's internal control over financial reporting and compliance.

Report on Other Legal and Regulatory Requirements

In accordance with the requirements of the Louisiana Legislative Auditor, I have issued a report, dated September 30, 2019, on the results of my statewide agreed-upon procedures performed in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in *Government Auditing Standards*. The purpose of that report is solely to describe the scope of testing performed on those control and compliance areas identified in the Louisiana Legislative Auditor's statewide agreed-upon procedures, and the results of that testing, and not to provide an opinion on control or compliance.

Management's Discussion and Analysis
June 30, 2019

As management of the Lincoln Parish Sheriff, I offer readers of the Lincoln Parish Sheriff's financial statements this narrative overview and analysis of the financial activities of the Lincoln Parish Sheriff for the fiscal year ended June 30, 2019. Please read it in conjunction with the basic financial statements and the accompanying notes to the financial statements.

Overview of the Financial Statements

This Management Discussion and Analysis document introduces the Sheriff's basic financial statements. The annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities (Government-wide Financial Statements) provide information about the financial activities as a whole and illustrate a longer-term view of the Sheriff's finances. The Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balance - Governmental Fund (Fund Financial Statements) tell how these services were financed in the short term as well as what remains for future spending. Fund Financial Statements also report the operations in more detail than the Government-Wide Financial Statements by providing information about the most significant funds. This report also contains other supplementary information in addition to the basic financial statements themselves.

Our auditor has provided assurance in her independent auditor's report that the Basic Financial Statements are fairly stated. The auditor, regarding the Required Supplemental Information and the Supplemental Information is providing varying degrees of assurance. A user of this report should read the independent auditor's report carefully to ascertain the level of assurance being provided for each of the other parts in the Financial Section.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the Lincoln Parish Sheriff's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the Lincoln Parish Sheriff's assets and liabilities, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Lincoln Parish Sheriff is improving or deteriorating.

The *statement of activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (for example, earned, but unused, sick leave).

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Lincoln Parish Sheriff, like

other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Lincoln Parish Sheriff can be divided into two categories: governmental funds and fiduciary (agency) funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Lincoln Parish Sheriff adopts an annual appropriated budget for the general fund and the special revenue fund. A budgetary comparison statement is provided for the major funds to demonstrate compliance with this budget.

Fiduciary funds. Fiduciary (agency) funds are used to account for resources held for the benefit of parties outside the government. Since these resources are not available to support the Lincoln Parish Sheriff's programs, Fiduciary (agency) funds are not reflected in the government-wide financial statement.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other information in addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* concerning the Lincoln Parish Sheriff's performance.

The combining statements referred to earlier in connection with nonmajor governmental funds are presented immediately following the required supplementary information.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. At the close of the most recent fiscal year, liabilities of the Lincoln Parish Sheriff exceeded assets by \$3,147,211. Assets (e.g., equipment) of the Lincoln Parish Sheriff's exceed net position due to the Net OPEB and Net Pension liabilities. These assets are not available for future spending.

An additional portion of the Lincoln Parish Sheriff's net position represents resources that are subject to external restrictions (e.g., debt service). The balance in unrestricted net position is affected by two factors: 1) resources expended, over time, by the Lincoln Parish Sheriff to acquire capital assets from sources other than internally generated funds (i.e., debt), and 2) required depreciation on assets.

Financial Analysis of the Government's Funds

As noted earlier, the Lincoln Parish Sheriff uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The focus of the governmental funds is to provide information on near-term inflows, outflows, and balances of expendable resources. Such information is useful in assessing the financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of June 30, 2019, combined governmental fund balances of \$5,804,500 showed a decrease of \$739,152 over June 30, 2018. The General Fund's portion of the unassigned fund balance of \$5,657,377 shows a decrease (of approximately \$775,736) from the prior year amount.

General Fund Budgetary Highlights

The differences in revenues were due to increases in ad valorem taxes, federal grants, state supplemental pay, local grants, commissions on licenses and taxes, civil and criminal fees, transportation of prisoners, bond forfeitures, use of money and property and other revenues and decreases in sales tax, other state grants, court attendance, and proceeds from disposal of assets. Expenditures required an increase in personal services and benefits, operating services and travel and other charges and decreases in materials and supplies, capital outlay and intergovernmental.

Capital Asset and Debt Administration

Capital assets. The Lincoln Parish Sheriff's investment in capital assets for its governmental activities as of June 30, 2019, amounts to \$6,975,306 (net of accumulated depreciation). This investment includes furniture, vehicles and equipment. The increase in capital assets for the year was \$92,563. There were decreases of \$658,876 for the year.

Long-term debt. At the end of the fiscal year, Lincoln Parish Sheriff had debt outstanding of \$14,953,786. Of this amount, \$299,081 is for compensated absences payable. The Lincoln Parish Sheriff contributes to a single-employer defined benefit healthcare plan ("the Retiree Health Plan"). The plan provides lifetime healthcare insurance for eligible retirees through the sheriff's group health insurance plan. Net OPEB obligation associated with the Retiree Health Plan at June 30, 2019 is \$10,885,821. Net Pension obligation associated with the Pension Plan at June 30, 2019 is \$3,768,884.

Requests for Information

This financial report is designed to provide a general overview of the Lincoln Parish Sheriff's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Lincoln Parish Sheriff, 100 West Texas Avenue, Ruston, LA 71270.

Total net change in fund balances - governmental funds (Statement D)	(\$739,152)
Amounts reported for governmental activities in the Statement of Activities are different because:	
Payments of long-term debt, including contributions to OPEB obligation, are reported as expenditures in governmental funds. However, those amounts are a reduction of long-term liabilities in the Statement of Net Position and are not reflected in the Statement of Activities.	(2,946,698)
In the Statement of Activities, certain operating expenses - compensated absences - are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used (essentially, the amounts actually paid).	(50,779)
Capital outlays are reported in governmental funds as expenditures. However, in the statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation exceeds capital outlay in the period.	(423,801)
Governmental funds do not report gain or loss on disposition of assets. In the Statement of Activities, gain on disposition of assets increased when the asset is disposed.	(13,165)
Non-employer contributions to cost-sharing pension plan.	401,251
Pension expense	<u>(406,331)</u>
Change in net position of governmental activities (Statement B)	<u>(\$4,178,675)</u>

LINCOLN PARISH SHERIFF
Ruston, Louisiana

Notes to the Financial Statements
As of and For the Year Ended June 30, 2019

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

As provided by Article V, Section 27 of the Louisiana Constitution of 1974, the sheriff serves a four year term as the chief executive officer of the law enforcement district and ex-officio tax collector of the parish. The sheriff also administers the parish jail system and exercises duties required by the parish court system, such as providing bailiffs, executing orders of the court, serving subpoenas, et cetera. As the ex-officio tax collector of the parish, the sheriff is responsible for the collection and distribution of ad valorem property taxes, parish occupational licenses, state revenue sharing funds, and fines, costs, and bond forfeitures imposed by the district court.

The sheriff has the responsibility for enforcing state and local laws, ordinances, et cetera, within the territorial boundaries of the parish. The sheriff provides protection to the residents of the parish through on-site patrols, investigations, et cetera, and serves the residents of the parish through the establishment of neighborhood watch programs, anti-drug abuse programs, et cetera. Additionally, the sheriff, when requested, provides assistance to other law enforcement agencies within the parish.

The accompanying financial statements of the Lincoln Parish Sheriff have been prepared in conformity with U.S. generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The accompanying basic financial statements have been prepared in conformity with GASB Statement 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, issued in June 1999.

A. REPORTING ENTITY

As the governing authority of the parish, for reporting purposes, the Lincoln Parish Police Jury is the financial reporting entity for Lincoln Parish. The financial reporting entity consists of (a) the primary government (police jury), (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental Accounting Standards Board (GASB) Statement No. 14 established criteria for determining which component units should be considered part of the Lincoln Parish Police Jury for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial responsibility. The GASB has set forth criteria to be considered in determining financial accountability. This criteria includes:

LINCOLN PARISH SHERIFF
Ruston, Louisiana
Notes to the Financial Statements (Continued)

1. Appointing a voting majority of an organization's governing body, and:
 - a. The ability of the police jury to impose its will on that organization and/or
 - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the police jury.
2. Organizations for which the police jury does not appoint a voting majority but are fiscally dependent on the police jury.
3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Because the police jury maintains the sheriff's office and provides funds for various operations of the parish jail, the sheriff was determined to be a component unit of the Lincoln Parish Police Jury, the financial reporting entity. The accompanying financial statements present information only on the funds maintained by the sheriff and do not present information on the police jury, the general government services provided by that governmental unit, or the other governmental units that comprise the Lincoln Parish financial reporting entity.

B. BASIC FINANCIAL STATEMENTS - GOVERNMENT-WIDE STATEMENTS

The sheriff's basic financial statements include both government-wide (reporting the sheriff as a whole) and fund financial statements (reporting the sheriff's major fund). Both government-wide and fund financial statements categorize primary activities as either governmental or business type. All activities of the sheriff are classified as governmental.

The Statement of Net Position (Statement A) and the Statement of Activities (Statement B) display information about the reporting government as a whole. These statements include all the financial activities of the sheriff, except for fiduciary funds. Fiduciary funds are reported only in the Statement of Fiduciary Net Assets at the fund financial statement level.

In the Statement of Net Position, governmental activities are presented on a consolidated basis and are presented on a full accrual, economic resource basis, which recognizes all long-

LINCOLN PARISH SHERIFF
Ruston, Louisiana
Notes to the Financial Statements (Continued)

term assets and receivables as well as long-term obligations. Net position are reported in three parts; invested in capital assets, net of any related debt; restricted net position; and unrestricted net position.

The government-wide financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange or exchange-like transactions are recognized when the exchange occurs (regardless of when cash is received or disbursed). Revenues, expenses, gains, losses, assets and liabilities resulting from nonexchange transactions are recognized in accordance with the requirements of GASB Statement No. 33, *Accounting and Financial Reporting for Nonexchange Transactions*.

Program Revenues - Program revenues included in the Statement of Activities (Statement B) are derived directly from parties outside the sheriff's taxpayers or citizenry. Program revenues reduce the cost of the function to be financed from the sheriff's general revenues.

Allocation of Indirect Expenses - The sheriff reports all direct expenses by function in the Statement of Activities (Statement B). Direct expenses are those that are clearly identifiable with a function. Indirect expenses of other functions are not allocated to those functions but are reported separately in the Statement of Activities. Depreciation expense, which can be specifically identified by function, is included in the direct expenses of each function.

C. BASIC FINANCIAL STATEMENTS - FUND FINANCIAL STATEMENTS

The financial transactions of the sheriff are reported in individual funds in the fund financial statements. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

Fund financial statements report detailed information about the sheriff. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column.

A fund is a separate accounting entity with a self-balancing set of accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures. Funds are classified into three categories; governmental, proprietary, and fiduciary. Each category, in turn, is divided into separate "fund types". Governmental funds are used to account for a government's general activities, where the focus of attention is on the providing of services to the public as opposed to proprietary funds where the focus of attention is on recovering the cost of providing services to the public or other agencies through service charges or user fees.

LINCOLN PARISH SHERIFF
Ruston, Louisiana
Notes to the Financial Statements (Continued)

Fiduciary funds are used to account for assets held for others. The sheriff's current operations require the use of only governmental and fiduciary funds. The governmental and fiduciary fund types used by the sheriff are described as follows:

Governmental Fund Types

General Fund - The General Fund, as provided by Louisiana Revised Statute 13:781, is the principal fund of the sheriff and is used to account for the operations of the sheriff's office. The various fees and charges due to the sheriff's office are accounted for in this fund. General operating expenditures are paid from this fund.

Special Revenue Fund - The Drug Task Force Special Revenue Fund consists of federal grants from the United States Department of Justice passed through the Louisiana Commission on Law Enforcement and Administration of Criminal Justice, and local matching grants. The purpose of the fund is to increase the apprehension, prosecution, adjudication, detention, rehabilitation, eradication, and treatment of persons who violate state and local laws relating to the production, possession, and transfer of controlled substances.

Fiduciary Fund Type - Agency Funds

The agency funds are used as depositories for civil suits, cash bonds, taxes, fees, et cetera. Disbursements from the funds are made to various parish agencies, litigants in suits, et cetera, in the manner prescribed by law. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

D. BASIS OF ACCOUNTING

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurement made regardless of the measurement focus applied.

1. Accrual:

Both governmental and business type activities in the government-wide financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

2. Modified Accrual:

The governmental funds financial statements are presented on the modified accrual basis of accounting. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Governmental funds and the fiduciary type agency funds use the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). Measurable means the amount of the transaction can be determined and available means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The sheriff considers all revenues available if they are collected within 60 days after the fiscal year end. Expenditures are recorded when the related fund liability is incurred, except for interest and principal payments on general long-term debt which is recognized when due, and certain compensated absences and claims and judgments which are recognized when the obligations are expected to be liquidated with expendable available financial resources. The governmental funds use the following practices in recording revenues and expenditures:

Revenues

Ad valorem taxes and the related state revenue sharing are recorded in the year the taxes are due and payable. Ad valorem taxes are assessed on a calendar year basis and attach as an enforceable lien and become due and payable on the date the tax rolls are filed with the recorder of mortgages. Louisiana Revised Statute 47:1993 requires that the tax roll be filed on or before November 15 of each year. Ad valorem taxes become delinquent if not paid by December 31. The taxes are normally collected in December, January, and February of the fiscal year.

Intergovernmental revenues and fees, charges, and commissions for services are recorded when the sheriff is entitled to the funds.

Interest income on time deposits is recorded when the time deposits have matured and the income is available.

LINCOLN PARISH SHERIFF
 Ruston, Louisiana
 Notes to the Financial Statements (Continued)

Substantially all other revenues are recognized when received by the sheriff.

Based on the above criteria, intergovernmental revenue and fees, charges, and commissions for services are treated as susceptible to accrual.

Expenditures

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred.

E. CASH AND CASH EQUIVALENTS

Under state law, the sheriff may deposit funds within a fiscal agent bank organized under the laws of the State of Louisiana, the laws of any other state in the union, or the laws of the United States. The sheriff may invest in certificates and time deposits of state banks organized under Louisiana law and national banks having principal offices in Louisiana. At June 30, 2019, the sheriff has cash and cash equivalents (book balances) totaling \$3,541,619 as follows:

Demand deposits	\$2,751,909
Time deposits	779,285
Petty cash	<u>10,425</u>
Total	<u><u>\$3,541,619</u></u>

Custodial Credit Risk: Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the government will not be able to recover its deposits. Under state law, the deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal or exceed the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the Sheriff that the fiscal agent bank has failed to pay deposited funds upon demand. Further, Louisiana Revised Statute 39:1224 states that securities held by a third party shall be deemed to be held in the Sheriff's name. The Sheriff does not have a policy concerning custodial risk.

Cash and cash equivalents (bank balances) at June 30, 2019, are secured as follows:

LINCOLN PARISH SHERIFF
 Ruston, Louisiana
 Notes to the Financial Statements (Continued)

Bank balances	<u>\$4,036,454</u>
Federal deposit insurance	\$1,018,304
Pledged securities (uncollateralized)	<u>6,384,255</u>
Total	<u>\$7,402,559</u>

F. INVESTMENTS

Under state law, the sheriff may invest funds in obligations of the United States, in federally insured investments, investment grade (A-1/P-1) commercial paper of domestic corporations or in time deposits with state banks organized under Louisiana law and national banks having principal offices in Louisiana. Investments are grouped into three categories of credit risk:

1. Insured or registered, or for which the securities held by the sheriff or its agent in the sheriff's name.
2. Uninsured and unregistered, with securities held by the bank's trust department or agent in the sheriff's name.
3. Uninsured and unregistered, with securities held by the bank, or by its trust department or agent but not in the sheriff's name.

At year-end, the sheriff's investment balances are in United State government securities totaling \$2,184,495, which is also fair market value. There is an unrealized gain of \$7,831.

G. LEVIED TAXES

As provided by Louisiana Revised Statute 33:9001, a law enforcement district has been created for the purpose of providing financing to the office of the sheriff of Lincoln Parish. Louisiana Revised Statute 33:9003 requires the district to levy a tax on the assessed valuation of all property appearing on the 1977 and subsequent tax rolls in an amount that would produce for the district in the initial year the same revenue as that estimated to be produced by the sheriff's commission on ad valorem taxes for the fiscal year 1976-77. For the 2019 tax roll, the district levied 10.96 mills (6.32 and 4.64).

Louisiana Revised Statute 33:9003 also provides for the district to impose an additional millage when approved by a majority of the voters in the district. On July 18, 1992, an ad valorem tax of 8.50 mills was passed by a majority of the district voters. The additional millage, which expired with the 2001 tax roll, was renewed by voters for ten years beginning

with the 2002 tax roll. This tax was renewed for an additional 10 years beginning with the 2012 tax roll.

H. CAPITAL ASSETS

Capital assets are capitalized at historical cost or estimated cost if historical cost is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The sheriff maintains a threshold level of \$1,000 or more for capitalizing capital assets.

Capital assets are recorded in the GWFS, but are not reported in the FFS. Since surplus assets are sold for an immaterial amount when declared as no longer needed for public purposes by the sheriff, no salvage value is taken into consideration for depreciation purposes. All capital assets, other than land, are depreciated using the straight-line method over the following useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Furniture and fixtures	5 - 10 years
Vehicles	5 - 15 years
Equipment	5 - 20 years

I. VACATION AND SICK LEAVE

After one year of service, all employees are granted 10 days of vacation leave each year. After 10 years of cumulative full time employment, one additional day of vacation per year shall be granted until the number of vacation days reaches the maximum of 15 days. Employees will be allowed 10 days of sick leave each year. Any unused vacation is converted to sick time. Sick time is accrued with no limit. At termination or retirement, sick time is forfeited.

Employees are allowed to accrue K-time and holiday time. It was determined that this leave time has accumulated and is now material to the audit and was included during this audit period. The sheriff's office has an accrued liability of \$299,081 at June 30, 2019.

J. RISK MANAGEMENT

The sheriff is exposed to various risk of loss related to law enforcement liability; torts; theft of, damage to, and destruction of assets; errors and omissions; and injuries to employees. To handle risk of loss, the sheriff maintains commercial insurance covering; automobile liability; general liability; commercial crime; law enforcement; public officials liability; and worker's compensation and employer's liability. No claims were paid on any of the policies during the past three years which exceeded the policies' coverage amounts.

K. PENSION PLANS

The Lincoln Parish Sheriff's Office is a participating employer in a cost-sharing, multiple-employer defined benefit pension plan as described in Note 5. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of each of the plans, and additions to/deductions for the plan's fiduciary net position have been determined on the same basis as they are reported by the plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments have been reported at fair value within the plan.

L. OPEB PLAN

The Sheriff's defined benefit postemployment health care plan provides OPEB to eligible retired employees. The plan provides OPEB for permanent full-time employees of the Sheriff. The Sheriff's OPEB plan is a single employer defined benefit OPEB plan administered by the Sheriff. The authority to establish and/or amend the obligation of the employer, employees and retirees rests with the Sheriff. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75.

M. EQUITY CLASSIFICATIONS

In the government-wide statements, equity is classified as net position and displayed in three components:

- a. Net investment in capital assets - Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced

LINCOLN PARISH SHERIFF
Ruston, Louisiana
Notes to the Financial Statements (Continued)

by the outstanding balances of any bonds, mortgages, notes, or other borrowing that are attributable to the acquisition, construction, or improvement of those assets.

- b. Restricted net position - Consists of net position with constraints placed on the use either by (1) external groups, such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position - All other net position that does not meet the definition of "restricted" or "net investment in capital assets."

When an expense is incurred for the purposes for which both restricted and unrestricted net position is available, management applies unrestricted resources first, unless a determination is made to use restricted resources. The policy concerning which to apply first varies with the intended use and legal requirements. This decision is typically made by management at the incurrence of the expense.

In the fund financial statements, governmental fund equity is classified as fund balance and displayed in five components. The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

Nonspendable - represents amounts that are not expected to be converted to cash because they are either not in spendable form or legally or contractually required to be maintained intact.

Restricted - represents balances where constraints have been established by parties outside the Sheriff's office or imposed by law through constitutional provisions or enabling legislation.

Committed - represents balances that can only be used for specific purposes pursuant to constraints imposed by formal action of the Sheriff's highest level of decision-making authority.

Assigned - represents balances that are constrained by the government's intent to be used for specific purposes, but are not restricted nor committed.

Unassigned - represents balances that have not been assigned to other funds and that have not been restricted, committed, or assigned to specific purposes within the general fund.

LINCOLN PARISH SHERIFF
 Ruston, Louisiana
 Notes to the Financial Statements (Continued)

The General Fund has an unassigned fund balance of \$5,657,377. If applicable, the Sheriff would typically use restricted fund balances first, followed by committed resources and assigned resources as appropriate opportunities arise, but reserves the right to selectively spend unassigned resources first and to defer the use of these other classified funds.

N. ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenditures, and expenses during the reporting period. Actual results could differ from those estimates.

O. RESTATEMENT OF NET POSITION

Errors were made during the GASB 68 calculation in the prior year. The net effect of the restatement to correct this error will be to increase net position of the Sheriff by \$324,243.

The effect to the Government-Wide Statement of Net Position is as follows:

Total Net Position, June 30, 2018, as previously stated	\$707,221
Net Change in Net Pension at June 30, 2019	<u>324,243</u>
Total Net Position, June 30, 2019, Restated	<u><u>\$1,031,464</u></u>

2. RECEIVABLES

The receivables of \$590,016 at June 30, 2019, are as follows:

Intergovernmental - federal, state and local grants	\$52,470
Fees, charges & commissions	52,023
Ad valorem tax	22,141
Sales tax	198,226
Other	<u>265,156</u>
Total	<u><u>\$590,016</u></u>

3. ON-BEHALF PAYMENTS

Certain employees of the Lincoln Parish Sheriff receive supplemental pay from the State. In accordance with GASB Statement No. 24, the Sheriff has recorded revenues and expenditures for these payments in the General Fund. Revenues and expenditures under this arrangement totaled \$384,129.

4. CHANGES IN CAPITAL ASSETS

A summary of changes in office furnishings and equipment for the year ended June 30, 2019, follows:

Adjusted balance at June 30, 2018	\$11,366,962
Additions	92,563
Deletions	<u>(658,876)</u>
Balance at June 30, 2019	10,800,649
Less accumulated depreciation	<u>(3,825,343)</u>
Net Capital Assets	<u><u>\$6,975,306</u></u>

Majority of asset deletions were from the agency performing a physical inventory.

5. NOTE DISCLOSURES AND REQUIRED SUPPLEMENTARY INFORMATION FOR A COST-SHARING EMPLOYER

The Sheriff contributes to the Sheriffs' Pension and Relief Fund (Fund) which is a cost-sharing multiple-employer defined benefit pension plan established in accordance with the provisions of Louisiana Revised Statute 11:2171 to provide retirement, disability and survivor benefits to employees of the sheriff's offices throughout the State of Louisiana, employees of the Louisiana Sheriffs' Association and the Sheriff's Pension and Relief Fund's office. Membership in the Fund is required for all eligible sheriffs and deputies. The Fund issues an annual publicly available financial report that includes financial statements and required supplementary information for the Fund, which can be obtained at www.la.state.la.us.

Summary of Significant Accounting Policies.

The Sheriffs' Pension and Relief Fund prepares its employer schedules in accordance with Governmental Accounting Statement No. 68 - *Accounting and Financial Reporting for Pensions - an amendment of GASB Statement No. 27*. GASB Statement No. 68 established standards for measuring and recognizing liabilities, deferred outflows of resources, deferred inflows of resources and expenses/expenditures. It provides methods and assumptions that should be used to project benefit payments, discount projected

LINCOLN PARISH SHERIFF
Ruston, Louisiana
Notes to the Financial Statements (Continued)

benefit payments to their actuarial present value and attribute that present value to periods of employee service. It also provides methods to calculate participating employer's proportionate share of net pension liability, deferred inflows, deferred outflows, pension expense and amortization periods for deferred inflows and deferred outflows.

The Sheriffs' Pension and Relief Fund's employer schedules were prepared using the accrual basis of accounting. Employer contributions, for which the employer allocations are based, is recognized in the period in which the employee is compensated for services performed.

Pension Amount Netting.

The deferred outflows and deferred inflows of resources attributable to differences between projected and actual earnings on pension plan investments recorded in different years are netted to report only a deferred outflow or a deferred inflow on the schedule of pension amounts. The remaining categories of deferred outflows and deferred inflows are not presented on a net basis.

Plan Description.

The Fund was established for the purpose of providing retirement benefits for employees of sheriffs' offices throughout the State of Louisiana, employees of Louisiana Sheriffs' Association and the employees of the Fund. The projection of benefit payments in the calculation of the total pension liability includes all benefits to be provided to current active and inactive employees through the Fund in accordance with the benefit terms and any additional legal agreements to provide benefits that are in force at the measurement date.

Substantially all employees of the Lincoln Parish Sheriff's office are members of the Louisiana Sheriff's Pension and Relief Fund (Fund), a cost-sharing, multiple-employer defined benefit pension plan administered by a separate board of trustees.

Plan Benefits

Retirement Benefits

For members who become eligible for membership on or before December 31, 2011: Members with twelve years of creditable service may retire at age fifty-five; members with thirty years of service may retire regardless of age. The retirement allowance is equal to 3.33 percent of their final-average compensation for each year of credited service. The retirement benefit cannot exceed 100 per cent of their final-average salary. Active, contributing members with at least ten years of creditable service may retire at age sixty. The accrued normal retirement benefit is reduced actuarially for each month or fraction

LINCOLN PARISH SHERIFF
Ruston, Louisiana
Notes to the Financial Statements (Continued)

thereof that retirement begins prior to the member's earliest normal retirement date assuming continuous service.

For a member whose first employment making him eligible for membership in the Fund began on or after January 1, 2012: Members with twelve years of creditable service may retire at age sixty-two; members with twenty years of service may retire at age sixty; members with thirty years of creditable service may retire at age fifty-five. The benefit accrual rate for such members with less than thirty years of service is three percent; for members with thirty or more years of service; the accrual rate is 3.33 percent. The retirement allowance is equal to the benefit accrual rate times the member's average final compensation multiplied by his years of creditable service, not to exceed (after reduction for optional payment form) 100% of average final compensation. Members with twenty or more years of service may retire with a reduced retirement at age fifty.

For a member whose first employment making him eligible for membership in the Fund began on or before June 30, 2006, final average compensation is based on the average monthly earnings during the highest thirty-six consecutive months or joined months if service was interrupted. The earnings to be considered for each twelve-month period within the thirty-six month period shall not exceed 125% of the preceding twelve-month period.

For a member whose first employment making him eligible for membership in the Fund began after June 30, 2006 and before July 1, 2013, final average compensation is based on the average monthly earnings during the highest sixty consecutive months or joined months if service was interrupted. The earnings to be considered for each twelve-month period within the sixty month period shall not exceed 125% of the preceding twelve-month period.

For a member whose first employment making him eligible for membership in the Fund began on or after July 1, 2013, final average compensation is based on the average monthly earnings during the highest sixty consecutive months or joined months if service was interrupted. The earnings to be considered for each twelve-month period within the sixty month period shall not exceed 115% of the preceding twelve-month period.

Disability Benefits

A member is eligible to receive disability benefits if he has at least ten years of creditable service when a non-service related disability is incurred; there are no service requirements for a service related disability. Disability benefits shall be the lesser of 1) a sum equal to the greatest of 45% of final average compensation or the members' accrued retirement benefit at the time of termination of employment due to disability or 2) the retirement benefit which would be payable assuming continued service to the earliest normal retirement age. Members who become partially disabled receive 75% of the amount payable for total disability.

LINCOLN PARISH SHERIFF
Ruston, Louisiana
Notes to the Financial Statements (Continued)

Survivor Benefits

Survivor benefits for death solely as a result of injuries received in the line of duty are based on the following. For a spouse alone, a sum equal to 50% of the members' final average compensation with a minimum of \$150 per month. If a spouse is entitled to benefits and has a child or children under eighteen years of age (or over said age if physically or mentally incapacitated and dependent upon the member at the time of his death), an additional sum of 15% of the member's final average compensation is paid to each child with total benefits paid to spouse and children to exceed 100%. If a member dies with no surviving spouse, surviving children under age eighteen will receive monthly benefits of 15% of the member's final average compensation up to a maximum of 60% of final average compensation if there are more than four children. If a member is eligible for normal retirement at the time of death, the surviving spouse receives an automatic option 2 benefit. The additional benefit payable to children shall be the same as those available for members who die in the line of duty. In lieu of receiving option 2 benefit, the surviving spouse may receive a refund of the member's accumulated contributions. All benefits payable to surviving children shall be extended through age twenty-two, if the child is a full time student in good standing enrolled at a board approved or accredited school, college, or university.

Deferred Benefits:

The Fund does provide for deferred benefits for vested members who terminate before being eligible for retirement. Benefits become payable once the member reaches the appropriate age for retirement.

Back Deferred Retirement Option Plan (Back-DROP)

In lieu of receiving a service retirement allowance, any member of the Fund who has more than sufficient service for a regular service retirement may elect to receive a "Back-DROP" benefit. The Back-DROP benefit is based upon the Back-DROP period selected and the final average compensation prior to the period selected. The Back-DROP period is the lesser of three years or the service accrued between the time a member first becomes eligible for retirement and his actual date of retirement. For those individuals with thirty or more years, the Back-DROP period is the lesser of four years or service accrued between the time a member first becomes eligible for retirement and his actual date of retirement. At retirement the member's maximum monthly retirement benefit is based upon his service, final average compensation and plan provisions in effect on the last day of creditable service immediately prior to the commencement of the Back-DROP period. In addition to the monthly benefit at retirement, the member receives a lump-sum payment equal to the maximum monthly benefit as calculated above multiplied by the number of months in the Back-DROP period. In addition, the member's Back-DROP account will be credited with employee contributions received by the retirement fund during the Back-DROP period. Participants have the option to opt out of this program and take a distribution, if eligible or to rollover the assets to another qualified plan.

 Notes to the Financial Statements (Continued)

According to state statute, contribution requirements for all employers are actuarially determined each fiscal year. For the year ending June 30, 2018, the actual employer contribution rate was 12.75%.

In accordance with state statute, the Fund also receives ad valorem taxes, insurance premium taxes, and state revenue sharing funds. These additional sources of income are used as employer contributions and are considered support from non-employer contributing entities, but are not considered special funding situations.

The Sheriff's contractually required composite contribution rate for the year ended June 30, 2018 was 12.75% of annual payroll, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any Unfunded Actuarial Accrued Liability. The Lincoln Parish Sheriff's contributions to the Fund for the years ended June 30, 2019, 2018, and 2017 were \$648,537, \$648,305, and \$644,241, respectively, equal to the required contributions for each year.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2018, the Sheriff reported a liability of \$3,768,884 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Sheriff's proportion of the net pension liability was based on a projection of the Sheriff's long-term share of contributions to the pension plan relative to the projected contributions of all participating sheriffs', actuarially determined. At June 30, 2018, the Sheriff's proportion was .984 percent, which was an increase of .067 from its proportion measured as of June 30, 2017.

For the year ended June 30, 2018, the Sheriff recognized pension expense of \$891,855. At June 30, 2018, the Sheriff reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience		\$1,057,985
Changes in assumptions	\$1,114,137	
Net difference between projected and actual earnings on pension plan		223,733
Changes in employer's proportion of beginning NPL	1,077,569	121,614
Differences between employer and proportionate share of contributions	2	1,174

Sheriff contributions subsequent to the measurement date	\$863,160	
Total	\$3,054,868	\$1,404,506

\$863,160 reported as deferred outflows of resources related to pensions resulting from the Lincoln Parish Sheriffs' contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	
2019	\$595,655
2020	176,308
2021	(260,102)
2022	91,621
2023	183,720
Total	787,202

Actuarial assumptions. The total pension liability in the June 30, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Valuation Date	June 30, 2018
Actuarial cost Method	Entry Age Normal Method
Actuarial Assumptions:	
Investment Rate of Return	7.25%, net of investment expense
Discount Rate	7.25%
Projected salary increases	5.5% (2.60% inflation, 2.90% merit)
Mortality rates	RP-2000 Combined Healthy with Blue Collar Adjustment Sex Distinct Table for active members, healthy annuitants and beneficiaries RP-2000 Disabled Lives Mortality Table
Expected remaining service lives	7 years

LINCOLN PARISH SHERIFF
 Ruston, Louisiana
 Notes to the Financial Statements (Continued)

Cost of Living Adjustments	The present value of future retirement benefits is based on benefits currently being paid by the Fund and includes previously granted cost of living increases. The present values do not include provisions for potential future increases not yet authorized by the Board of Trustees as they were deemed not to be substantively automatic.
----------------------------	--

The morality rate assumptions were set after reviewing an experience study performed over the period July 1, 2009 through June 30, 2014. The data was then assigned credibility weighting and combined with a standard table to produce current levels of mortality. This mortality was then projected forward to a period equivalent to the estimated duration of the Fund’s liabilities. Annuity values calculated based on this mortality were compared to those produced by using a setback of standard tables. The result of the procedure indicated that these tables would produce liability values approximating the appropriate generational mortality tables used.

The discounted rate used to measure the total pension liability was 7.25%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers will be made at the actuarially determined rates approved by PRSAC taking into consideration the recommendation of the Fund’s actuary. Based on those assumptions, the Fund’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Asset Class	Expected Rate of Return		
	Target Asset Allocation	Real Return Arithmetic Basis	Long-term Expected Portfolio Real Rate of Return
Equity Securities	62%	6.9%	4.3%
Fixed Income	23	3.2	0.7
Alternative Investments	15	4.5	0.7

6. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS

Plan Description. The Lincoln Parish Sheriff's Office (the Sheriff) provides certain continuing health care and life insurance benefits for its retired employees. The Lincoln Parish Sheriff's OPEB Plan (the OPEB Plan) is a single-employer defined benefit OPEB plan administered by the Sheriff. The authority to establish and/or amend the obligation of the employer, employees and retirees rests with the Sheriff. No assets are accumulated in a trust that meets the criteria in Governmental Accounting Standards Board (GASB) Codification Section P52 *Postemployment Benefits Other Than Pensions-Reporting For Benefits Not Provided Through Trusts That Meet Specified Criteria-Defined Benefit*.

Benefits Provided - Medical, dental vision, and life insurance benefits are provided to employees upon actual retirement. The employer pays 100% of the medical coverage for the retiree and a portion for dependents for employees hired before July 1, 2010. For employees hired on and after July 1, 2010, only retiree coverage is provided by the employer. For employees hired on and after September 1, 2013 the employer pays 50% if services is less than 30 years. See the section below for details on Life Insurance provisions as follows: 30 years of service at any age or age 55 and 12 years of service (age 55 and 20 years of service for employees hired on and after September 1, 2013).

Life insurance coverage is provided to retirees and 100% of the blended rate (active and retired) is paid by the employer. The amount of insurance coverage while active is continued after retirement, but insurance coverage amounts are reduced to 75% of the original amount at age 65 and to 50% of the original amount at age 70.

Employees covered by benefit terms - At June 30, 2019, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	36
Inactive employees entitled to but not yet receiving benefit payments	0
Active employees	<u>78</u>
Total employees	<u><u>114</u></u>

Total OPEB Liability

The Sheriff's total OPEB liability of \$10,885,821 was measured as of June 30, 2019 and was determined by an actuarial valuation as of that date.

Actuarial Assumptions and other inputs - The total OPEB liability in the June 30, 2019 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.5%
Salary increases	3.0%, including inflation
Prior Discount rate	3.50% annually
Discount rate	3.50% annually
Healthcare cost trend rates	Flat 5.5% annually

The discount rate was based on the Bond Buyers' 20 Year General Obligation municipal bond index on the applicable measurement period.

Mortality rates were based on the RP-2000 Table without projections with 50%/50% unisex blend.

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of ongoing evaluations of the assumptions from July 1, 2009 to June 30, 2019.

NOTE TO BUDGETARY COMPARISON SCHEDULE
For the Year Ended June 30, 2019

A proposed budget, prepared on the modified accrual basis of accounting, is published in the official journal at least ten days prior to the public hearing. A public hearing is held at the Lincoln Parish Sheriff's office during the month of June for comments from taxpayers. The budget is then legally adopted by the sheriff and amended during the year, as necessary. The budget is established and controlled by the sheriff at the object level of expenditure. Appropriations lapse at year-end and must be reappropriated for the following year to be expended.

Formal budgetary integration is employed as a management control device during the year. Budgeted amounts included in the accompanying budgetary comparison schedule include the original adopted budget amounts.

**REPORTS REQUIRED BY
GOVERNMENT AUDITING STANDARDS
PART IV**

**Independent Auditor's Report Required
by *Government Auditing Standards***

The following independent Auditor's report on compliance with laws, regulations and contracts, and internal control over financial reporting is presented in compliance with the requirements of *Government Auditing Standards*, issued by the Comptroller General of the United States and the *Louisiana Governmental Audit Guide*, issued by the Society of Louisiana Certified Public Accountants and the Louisiana Legislative Auditor.

**Independent Auditor's Report on Internal Control Over Financial
Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed
in Accordance With *Government Auditing Standards***

LINCOLN PARISH SHERIFF
Ruston, Louisiana

I have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the major funds and the fiduciary funds of the Lincoln Parish Sheriff, a component unit of the Lincoln Parish Police Jury, as of and for the year ended June 30, 2019 and the related notes to the financial statements, which collectively comprise the Lincoln Parish Sheriff's basic financial statements, and have issued my report thereon dated September 30, 2019.

Internal Control Over Financial Reporting

In planning and performing my audit of the financial statements, I considered the Sheriff's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing my opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Sheriff's internal control. Accordingly, I do not express an opinion on the effectiveness of the Sheriff's internal control.

A deficiency in internal control exist when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

My consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during my audit I did not identify any deficiencies in internal control that I consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Independent Auditor's Report on Compliance
And Internal Control Over Financial Reporting, etc.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Lincoln Parish Sheriff's financial statements are free from material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit and, accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that is required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of my testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Lincoln Parish Sheriff's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Lincoln Parish Sheriff's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

Independent Accountant's Report
on Applying Agreed-Upon Procedures

Lincoln Parish Sheriff
PO Box 2070
Ruston, LA 71270

To the Lincoln Parish Sheriff's Office

I have performed the procedures enumerated below, which were agreed to by the management of the Lincoln Parish Sheriff's Office and the Louisiana Legislative Auditor, State of Louisiana, on the control and compliance (C/C) areas identified in the LLA's Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period July 1, 2018 through June 30, 2019. Management of Lincoln Parish Sheriff's Office is responsible for those C/C areas identified in the SAUPs.

This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. The sufficiency of these procedures is solely the responsibility of the specified users of this report. Consequently, I make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures and associated findings are as follows:

AGREED-UPON PROCEDURES

WRITTEN POLICIES AND PROCEDURES

1. Obtain and inspect the entity's written policies and procedures and observe that they address each of the following categories and subcategories (if applicable to public funds and the entity's operation):
 - A. Budgeting, including preparing, adopting, monitoring, and amending the budget.
 - B. Purchasing, including (1) how purchases are initiated; (2) how vendors are added to the vendor list; (3) the preparation and approval process of purchase requisitions and purchase orders; (4) controls to ensure compliance with the public bid law; and (5) documentation required to be maintained for all bids and price quotes.
 - C. Disbursements, including processing, reviewing, and approving
 - D. Receipts/Collections, including receiving, recording, and preparing deposits. Also policies and

procedures should include management's actions to determine the completeness of all collections for each type of revenue or agency fund additions (e.g. periodic confirmation with outside parties, reconciliation to utility billing after cutoff procedures, reconciliation of traffic ticket number sequences, agency fund forfeiture monies confirmation).

- E. Payroll/Personnel, including (1) payroll processing, and (2) reviewing and approving time and attendance records, including leave and overtime worked.
- F. Contracting, including (1) types of services requiring written contracts, (2) standard terms and conditions, (3) legal review, (4) approval process, and (5) monitoring process
- G. Credit Cards (and debit cards, fuel cards, P-Cards, if applicable), including (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers, and (5) monitoring card usage (e.g., determining the reasonableness of fuel card purchases)
- H. Travel and expense reimbursement, including (1) allowable expenses, (2) dollar thresholds by category of expense, (3) documentation requirements, and (4) required approvers.
- I. Ethics, including (1) the prohibitions as defined in Louisiana Revised Statute 42:1111-1121, (2) actions to be taken if an ethics violation takes place, (3) system to monitor possible ethics violations, and (4) requirement that all employees, including elected officials, annually attest through signature verification that they have read the entity's ethics policy.
- J. Debt Service, including (1) debt issuance approval, (2) continuing disclosure/EMMA reporting requirements, (3) debt reserve requirements, and (4) debt service requirements.
- K. Disaster Recovery/Business Continuity, including (1) identification of critical data and frequency of data backups, (2) storage of backups in a separate physical location isolated from the network, (3) periodic testing/verification that backups can be restored, (4) use of antivirus software on all systems, (5) timely application of all available system and software patches/updates, and (6) identification personnel, processes, and tools needed to recover operations after a critical event.

The Lincoln Parish Sheriff had no exceptions in the prior year AUP testing, therefore this section was excluded from testing for the current period. The Disaster Recovery/Business Continuity policy and procedures was added as required.

BOARD (OR FINANCE COMMITTEE, IF APPLICABLE)

- 2. The Lincoln Parish Sheriff's office does not have a board or a finance committee therefore this procedure is not applicable.

BANK RECONCILIATIONS

3. Obtain a listing of client bank accounts for the fiscal period from management and management's representation that the listing is complete. Ask management to identify the entity's main operating account. Select the entity's main operating account and randomly select 4 additional accounts (or all accounts if less than 5). Randomly select one month from the fiscal period, obtain and inspect the corresponding bank statement and reconciliation for selected each account, and observe that:
 - A) Bank reconciliations include evidence that they were prepared within 2 months of the related statement closing date (e.g., initialed and dated, electronically logged);
 - B) Bank reconciliations include evidence that a member of management/board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation(e.g., initialed and dated, electronically logged);
 - C) Management has documentation reflecting that it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date, if applicable.

The agency provided me with a certified list of all bank accounts. January, 2019 was randomly selected to be tested. A random sample of 5 bank accounts were selected to test. For the 5 bank accounts selected, it was determined that the bank reconciliations were dated to show evidence that they were reconciled within 2 months of the closing date of the statements. For the 5 bank accounts selected, it was determined that the all 5 bank reconciliations were performed by the employee responsible for that fund and evidence that the reconciliations were reviewed by the chief civil deputy. 2 of the 5 accounts had no outstanding reconciling items over 12 months. Three accounts had outstanding items over 12 months.

COLLECTIONS

4. Obtain a listing of deposit sites for the fiscal period where deposits for cash/checks/money orders (cash) are prepared and management's representation that the listing is complete. Randomly select 5 deposit sites (or all deposit sites if less than 5).

Agency provided me with a certified list of deposit sites and I verified that it was complete.

5. For each deposit site selected, obtain a listing of collection locations and management's representation that the listing is complete. Randomly select one collection location for each deposit site (i.e. 5 collection locations for 5 deposit sites), obtain and inspect written policies and procedures relating to employee job duties (if no written policies or procedures, inquire of employees about their job duties) at each collection location, and observe that job duties are properly segregated at each collection location such that:
 - A) Employees that are responsible for cash collections do not share cash drawers/registers.

- B) Each employee responsible for collecting cash is not responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g. pre-numbered receipts) to the deposit.
- C) Each employee responsible for collecting cash is not responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit.
- D) The employee(s) responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or agency fund additions are not responsible for collecting cash, unless another employee verifies the reconciliation.

The agency has 2 collection locations with one cash drawer at the Sheriff's office and one at the complex. Multiple deputies work out of the cash drawer for tax collections and criminal fund. One of the deputies reconciles the cash drawer and another deputy makes the deposit. After the deposit is made, the employee assigned to each fund posts the deposits to the Software and Services (GFA) accounting system. Bank reconciliations are prepared by the accounting deputy and there was written documentation that the reconciliations are reviewed by the chief civil deputy.

- 6. Inquire of management that all employees who have access to cash are covered by a bond or insurance policy for theft.

The Sheriff does not have employee theft insurance coverage on the employees. The chief civil deputy and sheriff have surety bond coverage.

- 7. Randomly select two deposit dates for each of the 5 bank accounts selected for procedure #3 under "Bank Reconciliations" above (select the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly select a deposit if multiple deposits are made on the same day). *Alternately, the practitioner may use a source document other than bank statement when selecting the deposit dates for testing, such as a cash collection log, daily revenue report, receipt book, etc.* Obtain supporting documentation for each of the 10 deposits and:

- A) Observe that receipts are sequentially pre-numbered.
- B) Trace sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip,
- C) Trace the deposit slip total to the actual deposit per the bank statement.
- D) Observe that the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100).
- E) Trace the actual deposit per the bank statement to the general ledger.

The Sheriff does not use pre-numbered receipts, the system generates receipts when money is collected. Deposit documentation was traced to the cash register information for the daily receipts. The deposit slips selected were traced to the bank statement. The Sheriff's office location makes daily deposits. The complex money is less than \$100 per day and is deposited weekly. The deposits were traced to the posting in the Software and Services (GFA) accounting software.

NON-PAYROLL DISBURSEMENTS (EXCLUDING CARD PURCHASES/PAYMENTS, TRAVEL REIMBURSEMENTS, AND PETTY CASH PURCHASES)

8. Obtain a listing of locations that process payments for the fiscal period and management's representation that the listing is complete. Randomly select 5 locations (or all locations if less than 5).

Agency provided a complete list of locations that process payments and represented that the list was complete.

9. For each location selected under #8 above, obtain a listing of those employees involved with non-payroll purchasing and payment functions. Obtain written policies and procedures relating to employee job duties (if the agency has no written policies and procedures, inquire of employees about their job duties), and observe that job duties are properly segregated such that:
 - A) At least two employees are involved in initialing a purchase request, approving a purchase, and placing an order/making the purchase.
 - B) At least two employees are involved in processing and approving payments to vendors.
 - C) The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files.
 - D) Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments.

The Sheriff does not use a purchase order system or purchase requisitions. The employees initiate purchases and command staff approve all purchases. The Sheriff has ultimate approval on all major purchases. The accounting deputy initiates disbursements for the general fund and the chief civil deputy approves all purchases and signs all checks. The employee assigned to a particular agency fund initiates the checks. The employee that initiates the checks does not sign the checks. The chief civil deputy signs all checks. The designated employees add vendors to the fund they are assigned to administer. The designated employees initiate the checks but do not sign the checks. The designated employee mails all check payments.

10. For each location selected under #8 above, obtain the entity's non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtain management's representation that

the population is complete. Randomly select 5 disbursements for each location, obtain supporting documentation for each transaction and:

- A) Observe that the disbursement matched the related original invoice/billing statement.
- B) Observe that the disbursement documentation included evidence (e.g., initial/date, electronic logging) of segregation of duties tested under #9, as applicable.

All disbursements selected to be tested had the proper support documentation. The employees assigned to the fund initiates the disbursements and the chief civil deputy signs all checks. The accounting deputy reconciles all bank statements and there is evidence that the chief civil deputy reviews the reconciliations.

CREDIT CARDS/DEBIT CARDS/FUEL CARDS/P-CARDS

- 11. Obtain from management a listing of all active credit cards, bank debit cards, fuel cards, and P-cards (cards) for the fiscal period, including the card numbers and the names of the persons who maintained possession of the cards. Obtain management's representation that the listing is complete.

The agency provided me with a certified list of all active credit cards, fuel cards, etc.

- 12. Using the listing prepared by management, randomly select 5 cards, (or all cards if less than 5) that were used during the fiscal period. Randomly select one monthly statement or combined statement for each card (for a debit card, randomly select one monthly bank statement), obtain supporting documentation, and:

- A) Observe that there is evidence that the monthly statement or combined statement and supporting documentation (e.g., original receipts for credit/debit card purchases, exception reports for excessive fuel card usage) was reviewed and approved, in writing, by someone other than the authorized card holder. [Note: Requiring such approval may constrain the legal authority of certain public officials (e.g., mayor of a Lawrason Act municipality); these instances should not be reported.]]
- B) Observe that finance charges and late fees were not assessed on the selected statements.

The accounting deputy reviews all credit card statements and attaches proper support to the statement. The accounting deputy reviews all fuel credit card statements for consistency and approves them for payment. There is written documentation showing the fuel statements were reviewed for exceptions. For the card tested, there were no interest charges on the fuel card.

- 13. Using the monthly statements or combined statements selected under #12 above, excluding fuel cards, randomly select 10 transactions (or all transactions if less than 10) from each statement, and obtain supporting documentation for the transactions (i.e. each card should have 10 transactions subject to testing). For each transaction, observe that it is supported by (1) an original itemized

receipt that identifies precisely what was purchased, (2) written documentation of the business/public purpose, and (3) documentation of the individuals participating in meals (for meal charges only).

All transactions tested had the proper documentation. The chief civil deputy or authorized card holder initiates all purchases and the accounting deputy approves all purchases. Meal charges tested had no documentation as to who participated or what the purpose of the meal. I was unable to determine all charges were for business purposes.

TRAVEL AND EXPENSE REIMBURSEMENT

14. The Lincoln Parish Sheriff had no exceptions in the prior year AUP testing, therefore this section was excluded from testing for the current period.

CONTRACTS

15. The Lincoln Parish Sheriff had no exceptions in the prior year AUP testing, therefore this section was excluded from testing for the current period.

PAYROLL AND PERSONNEL

16. The Lincoln Parish Sheriff had no exceptions in the prior year AUP testing, therefore this section was excluded from testing for the current period.

17. The Lincoln Parish Sheriff had no exceptions in the prior year AUP testing, therefore this section was excluded from testing for the current period.

18. The Lincoln Parish Sheriff had no exceptions in the prior year AUP testing, therefore this section was excluded from testing for the current period.

19. The Lincoln Parish Sheriff had no exceptions in the prior year AUP testing, therefore this section was excluded from testing for the current period.

ETHICS (EXCLUDING NONPROFITS)

20. Using the 5 randomly selected employees/officials from procedure #16 under "Payroll and Personnel" above, obtain ethics compliance documentation from management and:

A) Observe that the documentation demonstrates each employee/official completed one hour of ethics training during the fiscal period.

B) Observe that the documentation demonstrates each employee/official attested through signature verification that he or she has read the entity's ethics policy during the fiscal period.

Agency provided support for ethics training for the five randomly selected employees. Agency had written documentation to show that the employees have read the agency policy concerning ethics.

DEBT SERVICE

21. The Lincoln Parish Sheriff had no exceptions in the prior year AUP testing, therefore this section was excluded from testing for the current period.
22. The Lincoln Parish Sheriff had no exceptions in the prior year AUP testing, therefore this section was excluded from testing for the current period.

OTHER

23. The Lincoln Parish Sheriff had no exceptions in the prior year AUP testing, therefore this section was excluded from testing for the current period.
24. The Lincoln Parish Sheriff had no exceptions in the prior year AUP testing, therefore this section was excluded from testing for the current period.

I was not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, I do not express such an opinion or conclusion. Had I performed additional procedures, other matters might have come to my attention that would have been reported to you.

The purpose of this report is solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.
