To the Board of Commissioners
Lakewood Crime Prevention and
Improvement District
New Orleans, Louisiana

Management is responsible for the accompanying balance sheets of Lakewood Crime Prevention and Improvement District (the District) as of December 31, 2017 and 2016, and the related statements of revenues and expenditures and changes in fund balance for the years then ended, in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statement on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statements nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on these financial statements.

Management has elected to omit substantially all of the disclosures required by accounting principles generally accepted in the United States of America. If the omitted disclosures were included in the financial statements, they might influence the users' conclusions about the District's financial position and changes in fund balance. Accordingly, these financial statements are not designed for those who are not informed about such matters.

The accompanying schedule of compensation, benefits, and other payments to the agency head, political subdivision head, or chief executive officer is presented for purposes of additional analysis and is not a required part of the basic financial statements. The information is the responsibility of management. The information was subject to our compilation engagement, but we have not audited or reviewed the supplementary information and, accordingly, do not express an opinion, a conclusion, nor provide any assurance on such information.

Certified Public Accountants
Society of LA CPAs

As provided for under the requirements of Louisiana Revised Statute 24:513, the District has not adopted the provisions of Governmental Accounting Standards Board Statement No. 34 for the years ended December 31, 2017 and 2016. The effects of this departure from accounting principles generally accepted in the United States of America have not been determined.

Management has omitted the Management Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to the supplement the basic financial statements. The Management Discussion and Analysis, although not a part of the basic financial statements, is required by Governmental Accounting Standards Board, who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical content.
