INDEPENDENT ACCOUNTANT'S REVIEW REPORT

Honorable Fernest Martin, Marshal
Jeanerette City Marshal
Jeanerette, Louisiana

Report on the Financial Statements

We have reviewed the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Jeanerette City Marshal (hereinafter "Marshal"), a component unit of the City of Jeanerette, as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the Marshal's basic financial statements as listed in the table of contents. A review includes primarily applying analytical procedures to management's financial data and making inquiries of the management of the Marshal. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

Accountant's Responsibility

Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA and the standards applicable to review engagements contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

We are required to be independent of the Marshal, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our review.

Accountant's Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require budgetary comparison information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Such information is the responsibility of management. We have not audited or reviewed the required supplementary information, and we do not express an opinion, a conclusion, nor provide any assurance on it.

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context.

Supplementary Information

The justice system funding schedules as listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedules are the responsibility of the Marshal's management and were derived from, and relate directly to, the underlying accounting and other records used to prepare the financial statements. The schedules have been subjected to our review procedures applied in the review of the basic financial statements. We are not aware of any material modifications that should be made to the schedules. We have not audited the schedules and do not express an opinion on them.

Notes to Financial Statements

INTRODUCTION

As provided by LSA-RS 13:1871 et seq, the Third Ward Court of Iberia Parish (Jeanerette City Court) was established and included the creation of the office of the Marshal. The territorial jurisdiction of the Marshal extends throughout the City of Jeanerette and throughout Ward Three of Iberia Parish. The Marshal is elected for a six-year term. The Marshal's salary is funded by the City of Jeanerette at no cost to the Marshal's Cost Fund.

(1) Summary of Significant Accounting Policies

The accompanying component unit financial statements of the Jeanerette City Marshal (hereinafter "Marshal") have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

The following is a summary of certain significant accounting policies:

A. Financial Reporting Entity

As the governing authority of the City, for reporting purposes, the City of Jeanerette is the financial reporting entity. The financial reporting entity consists of (a) the primary government, (b) organizations for which the primary government is financially accountable and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental Accounting Standards Board Statement No. 14, *The Financial Reporting Entity*, as amended, established criteria for determining which component units should be considered part of the City of Jeanerette for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. These criteria include:

- a. Appointing a voting majority of an organization's governing body, and
 1. the ability of the City to impose its will on the organization and/or
 2. the potential for the organization to provide specific financial benefits to or impose specific financial burdens on the City.
- b. Organizations for which the City does not appoint a voting majority but are fiscally dependent on the City.
- c. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

JEANERETTE CITY MARSHAL
Jeanerette, Louisiana

Notes to Financial Statements (continued)

Because the City of Jeanerette provides compensation and office space to the Marshal and the significance of the relationship between the Marshal and City, the Marshal was determined to be a component unit of the City of Jeanerette, the financial reporting entity. The accompanying financial statements present information only on the funds maintained by the Marshal and do not present information on the City, the general government services provided by the City, or the other governmental units that comprise the financial reporting entity.

B. Basis of Presentation

Government-Wide Financial Statements

The statement of net position and the statement of activities display information about the Marshal as a whole. These statements include all the financial activities of the Marshal. Information contained in these statements reflects the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange or exchange-like transactions are recognized when the exchange occurs (regardless of when cash is received or disbursed). Revenues, expenses, gains, losses, assets and liabilities resulting from non-exchange transactions are recognized in accordance with the requirements of GASB Statement No. 33, *Accounting and Financial Reporting for Non-exchange Transactions*.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the Marshal's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees and charges paid by the recipients for goods or services offered by the programs, and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fiduciary funds are not included in the government-wide financial statements. Fiduciary funds are only reported in the statement of fiduciary net position and statement of changes in fiduciary net position at the fund financial statement level.

Fund Financial Statements

The Marshal uses funds to maintain its financial records during the year. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to certain functions and activities. A fund is defined as a separate fiscal and accounting entity with a self-balancing set of accounts. The various funds of the Marshal are classified into two categories: governmental and fiduciary. The emphasis on fund financial statements is on major funds, each displayed in a separate column. A fund is considered major if it is the primary operating fund of the Marshal or its total assets, liabilities, revenues, or expenditures of the individual governmental fund is at least ten (10) percent of the corresponding total for all governmental funds. The general fund of the Marshal is considered to be a major fund.

JEANERETTE CITY MARSHAL
Jeanerette, Louisiana

Notes to Financial Statements (continued)

The major fund of the Marshal is described below:

Governmental Fund -

General Fund

The General Fund, as provided by Louisiana Revised Statutes, is the principal fund of the Marshal and is used to account for the operations of the Marshal. The Marshal's primary source of revenue is fees from the Jeanerette City Court. General operating expenditures are paid from this fund.

The Marshal also presents the following fund types:

Special Revenue Fund

Special revenue funds are used to account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditures for specific purposes. Act 166 of the 2019 Louisiana Legislative Session amended RS 13:5807 by requiring certain excess fees be deposited in an Equipment and Training Fund. The expenditure of these deposits is restricted in use to assist in the purchasing or updating of necessary equipment and officer training to carry out the efficient performance of all duties imposed by law on constables and marshals.

Fiduciary Funds -

Fiduciary funds are used to report assets held in a trustee or custodial capacity for others and therefore are not available to support the Marshal's programs. The Marshal has adopted GASBS No. 84 for the reporting and classification of its fiduciary activities. Fiduciary reporting focuses on net position and changes in net position and are reported using the accrual basis of accounting.

The Marshal's fiduciary fund (custodial) is presented in the fiduciary fund financial statements. Because by definition these assets are being held for the benefit of a third party (individuals, organizations, other governments, etc.) and cannot be used to address activities or obligations of the Marshal, these funds are not incorporated into the government-wide financial statements.

The custodial fund of the Marshal is the Garnishment Fund. The Garnishment Fund is used to account for assets held by the Marshal as agent for the collection of court-ordered garnishment judgments. The Marshal charges an administrative fee and remits all other funds to the respective creditors.

C. Measurement Focus/Basis of Accounting

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

JEANERETTE CITY MARSHAL
Jeanerette, Louisiana

Notes to Financial Statements (continued)

Measurement Focus

On the government-wide statement of net position and the statement of activities, governmental activities are presented using the economic resources measurement focus as defined in item b. below. In the fund financial statements, the “current financial resources” measurement focus or the “economic resources” measurement focus is used as appropriate:

- a. Governmental funds utilize a “current financial resources” measurement focus. Only current financial assets and liabilities are generally included on its balance sheet. The operating statement presents sources and uses of available expendable financial resources during a given period. Governmental funds use fund balance as its measure of available expendable financial resources at the end of the period.
- b. The government-wide financial statement utilizes an “economic resources” measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery) and financial position. All assets and liabilities (whether current or noncurrent) associated with its activities are reported. Government-wide fund equity is classified as net position.

Basis of Accounting

In the government-wide statement of net position and statement of activities, the governmental activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Marshal considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures (including capital outlay) generally are recorded when a liability is incurred, as under accrual accounting.

D. Assets, Liabilities and Equity

Cash and interest-bearing deposits

For purposes of the statement of net position, cash and interest-bearing deposits include all demand accounts, savings accounts, and certificates of deposits of the Marshal.

JEANERETTE CITY MARSHAL
Jeanerette, Louisiana

Notes to Financial Statements (continued)

Capital Assets

Capital assets, which include vehicles, furniture, and equipment, are reported in the governmental activities column in the government-wide financial statements. Capital assets are capitalized at acquisition value or estimated cost if acquisition value is not available. Donated assets are recorded at acquisition value at the date of donation. The Marshal maintains a threshold level of \$500 or more for capitalizing assets. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Depreciation of all exhaustible capital assets is recorded as an expense in the statement of activities, with accumulated depreciation reflected in the statement of net position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

| | |
|-----------------------|-----------|
| Equipment | 5-7 years |
| Automobiles | 3-5 years |
| Building improvements | 20 years |

Leases

In accordance with GASBS No. 87, *Leases*, the Marshal uses the interest rate charged by the lessor as the discount rate, if provided, or the rate implicit in the lease agreement, if determinable. When the interest rate charged by the lessor is not provided or the implicit rate is not determinable, the Marshal uses its estimated incremental borrowing rate as the discount rate for the leases. Lease payments included in the measurement of the lease liability are composed of fixed payments through the noncancelable term of the lease and renewal periods that management considers reasonably certain to be exercised.

The Marshal monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability as provided in GASBS No. 87.

Long-Term Liabilities

The accounting treatment of long-term liabilities depends on whether the assets are used in governmental fund operations and whether they are reported in the government-wide or fund financial statements.

All long-term liabilities to be repaid from governmental funds are reported as liabilities in the government-wide statements. The long-term liabilities consist of a finance purchase agreement.

Long-term liabilities for governmental funds are not reported as liabilities in the fund financial statements. The payment of principal and interest is reported as expenditures.

Jeanerette, Louisiana

Notes to Financial Statements (continued)

Equity Classifications

Government-wide Financial Statements

In the government-wide financial statements, equity is classified as net position and displayed in three components:

- a. Net investment in capital assets – consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted – consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted – all other net position that does not meet the definition of “restricted” or “net investment in capital assets.”

When an expenditure is incurred for purposes for which both restricted and unrestricted net resources are available, the Marshal considers restricted funds to have been spent first.

Fund Financial Statements

Governmental fund equity is classified as fund balance. Fund balance for the Marshal’s governmental funds is displayed depicting the relative strength of the spending constraints placed on the purposes for which resources can be used. In the governmental fund financial statements, fund balances are classified as follows:

- a. Nonspendable - amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.
- b. Restricted - amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.
- c. Committed - amounts that can be used only for specific purposes determined by a formal action of the Marshal. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the Marshal.
- d. Assigned - amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. Only the Marshal may assign amounts for specific purposes.
- e. Unassigned - all other spendable amounts.

JEANERETTE CITY MARSHAL
Jeanerette, Louisiana

Notes to Financial Statements (continued)

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the Marshal considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the Marshal considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the Marshal has provided otherwise in his commitment or assignment actions.

E. Expenditures and Expenses

Expenditures/Expenses

In the government-wide financial statements, expenses are classified by function. In the fund financial statements, expenditures are classified by character and function.

(2) Cash and Interest-bearing Deposits

Under state law, the Marshal may deposit funds within a fiscal agent bank organized under the laws of the State of Louisiana, the laws of any other state in the Union, or the laws of the United States. The Marshal may invest in certificates and time deposits of state banks organized under Louisiana law and national banks having principal offices in Louisiana. At June 30, 2025, the Marshal has cash balances (book balances) totaling \$12,420 as follows:

| | Governmental Activities | Fiduciary Fund | Total |
|------------------------------------|----------------------------|-------------------|-----------|
| Cash and interest-bearing deposits | \$ 12,420 | \$ - | \$ 12,420 |

These deposits are stated at cost, which approximates market. Under state law, these deposits, (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent bank. These securities are held in the name of the Marshal or the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

Custodial credit risk for deposits is the risk that in the event of the failure of a depository financial institution, the Marshal's deposits may not be recovered or the Marshal will not be able to recover collateral securities that are in the possession of an outside party. The Marshal has not formally adopted policies that limit allowable deposits or investments and address the specific type of risk to which the Marshal is exposed. Deposit balances (bank balances) at June 30, 2025, are \$18,191 and fully secured by federal deposit insurance and not subject to custodial credit risk.

Notes to Financial Statements (continued)

During the year ended June 30, 2025, the Marshal entered a finance purchase agreement to purchase a vehicle. The vehicle is collateral to secure the outstanding direct borrowing of \$32,253 and is being liquidated through the Marshal's general fund.

\$46,738, Finance Purchase Agreement, initiated July 19, 2024, paid in monthly installments of \$1,469 through June 17, 2027, with an interest rate of 8.690%.

\$ 32,253

The annual requirements to amortize all long-term liabilities as of June 30, 2025 are as follows:

| Year Ending June 30, | Direct Borrowings | | |
|-------------------------|-------------------|-----------------|------------------|
| | Principal | Interest | Total |
| 2026 | 15,429 | 2,198 | 17,627 |
| 2027 | 16,824 | 802 | 17,627 |
| Total | <u>\$ 32,253</u> | <u>\$ 3,000</u> | <u>\$ 35,253</u> |

(5) Retirement Plan

Substantially, all employees of the Marshal's office are members of the Municipal Employees' Retirement System of Louisiana, a cost-sharing, multiple-employer defined benefit pension plan administered by a separate board of trustees. The System is composed of two distinct plans, Plan A and Plan B, with separate assets and benefit provisions. All employees of the Marshal's office are members of Plan A Tier 2. All permanent employees working at least 35 hours per week who are paid wholly from city funds and all elected city officials are eligible to participate in the System.

Regular retirement benefits

A member of Plan A Tier 2 is eligible to retire and receive regular benefits if the member has credit for at least:

1. Age 67 with seven (7) years of creditable service
2. Age 62 with ten (10) years of creditable service
3. Age 55 with thirty (30) years of creditable service
4. Any age with twenty-five (25) years of creditable service, exclusive of military service and unused annual and sick leave, with an actuarially reduced early benefit.

Generally, the monthly amount of the retirement allowance for any member of Plan A Tier 2 shall consist of an amount equal to three percent of the member's final compensation multiplied by his years of creditable service. Final compensation is the average monthly earnings during the highest sixty

consecutive months, or joined months if service was interrupted. However, under certain conditions as outlined in the statutes, the benefits are limited to specified amounts. An additional regular retirement benefit can be received for any City Marshal or Deputy City Marshal. See Plan Booklet for further details.

The System issued an annual, publicly available financial report that includes financial statements and required supplementary information for the System. A publicly available financial report that includes financial statements and required supplemental financial information may be obtained from the System's website, www.mersla.com, or on the Louisiana Legislative Auditor's website, www.lla.la.gov.

Under Plan A, members are required by state statute to contribute 10% of their earnable compensation. Contributions to the System also include one-fourth of one percent (except Orleans parish) of the taxes shown to be collectible by the tax rolls of each parish. The System also receives revenue sharing funds each year as appropriated by Legislature. These additional sources of income are used as additional employer contributions and are considered support from non-employer contributing entities. As provided by RS 11:103, the employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior fiscal year.

The City of Jeanerette makes contributions to the retirement system on-behalf of the Marshal. Therefore, the disclosure of pension liabilities, deferred outflows of resources and deferred inflows of resources required by GASB Statement No. 68, *Accounting and Financial Reporting for Pensions – An Amendment of GASB Statement No. 27*, as amended, are included within the City's financial report. The City's publicly available financial report may be obtained by writing to the City of Jeanerette, P. O. Box 209, Jeanerette, LA 70544.

(6) Compensation and Other Payments to Marshal

Act 706 of the 2014 Legislative Session amended RS 24:513A requiring additional disclosure of total compensation, reimbursements, benefits, or other payments made to an agency head or chief officer. Payments to and on behalf of Marshal Fernest Martin for the year ended are as follows:

| | |
|----------------------------------|------------------|
| Commissions | \$ 1,395 |
| On-behalf by City of Jeanerette: | |
| Salary | 45,000 |
| State supplemental | 7,200 |
| Insurance - Life | 411 |
| Total | <u>\$ 54,006</u> |

Notes to Financial Statements (continued)

(7) On-Behalf Payments for Salaries and Related Benefits

GASB Statement No. 24, *Accounting and Financial Reporting for Certain Grants and Other Financial Assistance*, requires the Marshal to report on-behalf payments made by the City of Jeanerette and the Iberia Parish Government for salaries and related benefits to the Marshal and the Marshal's employees. The basis for recognizing the revenues and expenditure payments is that actual contributions are made by the City and the Parish and not by the Marshal. For the year ended June 30, 2025, the City and Parish paid salaries and related benefits to the Marshal and Deputy Marshals totaling \$53,368 and \$237,432, respectively, which include payments to the Municipal Employees Retirement System of Louisiana.

(8) Related-Party Transactions

The cost of some expenditures for the operation of the Marshal's office as required by Louisiana Revised Statute 13:1889, is paid by the City of Jeanerette. Such expenditures are not included in the accompanying financial statements.

(9) Risk Management

The Marshal is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; error and omissions; injuries to employees; and natural disasters. The Marshal's primary government, the City of Jeanerette, has elected to purchase insurance coverage through the commercial insurance market to cover its exposure to loss.

The City is insured up to policy limits for each of the above risks. There were no significant changes in coverage, retentions, or limits during the year ended June 30, 2025. Settled claims have not exceeded the commercial coverage in any of the previous three fiscal years. The Marshal has made no contributions to the premiums on the policy during the year ended June 30, 2025.

Notes to Budgetary Comparison Schedule

Budgetary Basis

The budget for the General Fund is not adopted on a basis consistent with generally accepted accounting principles (GAAP). The budget for the special revenue fund is adopted on a basis consistent with GAAP. The budget for the special revenue fund was not adopted during the current year. Budgeted amounts are as originally adopted or as finally amended by the Marshal.

(1) Budgetary Practices

Ward Marshals are required under Louisiana Revised Statute 39:1301 et seq to adopt a budget. The Marshal follows these procedures in establishing the budgetary data reflected in the financial statements:

- A proposed budget is prepared and submitted to the Marshal for the fiscal year prior to the beginning of each fiscal year.
- If proposed expenditures exceed \$500,000, a summary of the proposed budget is published, and the public is notified that the proposed budget is available for public inspection. At the same time, a public hearing is called, if required.
- If required, a public hearing is held on the proposed budget at least ten days after publication of the call for a hearing.
- After the holding of the public hearing, if required, and completion of all action necessary to finalize and implement the budget, the budget is legally adopted prior to the commencement of the fiscal year for which the budget is being adopted.
- All budgetary appropriations lapse at the end of each fiscal year.
- Level of budgetary control is exercised at the fund level.

(2) Non-GAAP Reporting Reconciliation

Budgetary amounts adopted by the Marshal for the General Fund do not include salaries and benefits paid by the City of Jeanerette and Iberia Parish Government to the Marshal and the Marshal's employees. These on-behalf payments are reflected as expenditures in the Marshal's financial statements as required by GASB Statement No. 24, *Accounting and Financial Reporting for Certain Grants and Other Financial Assistance*.

INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED-UPON PROCEDURES

Honorable Fernest Martin, Marshal
Jeanerette City Marshal, and
Louisiana Legislative Auditor

We have performed the procedures enumerated below on the compliance of the Jeanerette City Marshal (hereinafter "Marshal") with certain laws and regulations contained in the accompanying Louisiana Attestation Questionnaire (Exhibit B) during the year ended June 30, 2025, as required by Louisiana Revised Statute 24:513 and the *Louisiana Governmental Audit Guide*. The management of the Marshal is responsible for its financial records and compliance with applicable laws and regulations.

An agreed-upon procedures engagement involves the performing of specific procedures that the Marshal has agreed to and acknowledged to be appropriate to meet the intended purpose of understanding the Marshal's compliance with certain laws and regulations contained in the accompanying Louisiana Attestation Questionnaire (Exhibit B) and report on exceptions based on the procedures performed. Additionally, the Louisiana Legislative Auditor (LLA) has agreed to and acknowledged that the procedures performed are appropriate for its purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated exceptions, if any, are as follows:

Public Bid Law

1. Obtain documentation for all expenditures made during the year for materials and supplies exceeding \$60,000, and public works exceeding \$250,000. Compare the documentation for these expenditures to Louisiana Revised Statute (RS.) 39:1551-39:1755 (the state procurement code), R.S. 38:2211-2296 (the public bid law), or the regulations of the Division of Administration and the State Purchasing Office, whichever is applicable; and report whether the expenditures were made in accordance with these laws.

No expenditures for materials and supplies were made during the year that exceeded \$60,000, nor were there any expenditures for public works made during the year that exceeded \$250,000.

Code of Ethics for Public Officials and Public Employees

2. Obtain a list of immediate family members of the Marshal and employees as defined by RS 42:1101-1124 (the ethics law).

A list of the immediate family members was obtained for four (4) of the six (6) employees.

3. Obtain a list of all employees paid during the fiscal year.

Management provided us with the required list.

4. Report whether any employees' names appear on both lists obtained in Procedures 2 and 3.

None of the employees included on the list of employees provided by management [agreed-upon procedure (3)] appeared on the list provided by management in agreed-upon procedure (2).

5. Obtain a list of all disbursements made during the year; and a list of outside business interests of the Marshal, employees, and the Marshal's and employees' immediate families. Report whether any vendors appear on both lists.

Obtained a listing of all disbursements made during the year, and a listing of outside business interest of the Marshal, employees, and Marshal's and employees' families. No vendors appeared on both lists.

Budgeting

6. Obtain a copy of the legally adopted budget and all amendments.

Obtained a copy of the budget and all amendments for the General Fund. However, the Marshal did not adopt a budget for the Special Revenue Fund for the fiscal year.

7. Trace documentation for the adoption of the budget and approval of any amendments to the minute book, and report whether there are any exceptions.

No exceptions were identified as a result of applying this procedure.

8. Compare the revenues and expenditures of the final budget to actual revenues and expenditures. Report whether actual revenues failed to meet budgeted revenues by five percent (5%) or more, and whether actual expenditures exceeded budgeted amounts by five percent (5%) or more. (For agencies that must comply with the Licensing Agency Budget Act only, compare the expenditures of the final budget to actual expenditures, and report whether actual expenditures exceeded budgeted amounts by ten percent (10%) or more per category or five percent (5% or more in total).

Actual revenues did not fail to meet budgeted amounts by five percent or more for the General Fund, and actual expenditures did not exceed budgeted amounts by more than five percent for the General Fund. A budget was not adopted for the Special Revenue fund.

Accounting and Reporting

9. Obtain the list of all disbursements made during the fiscal year. Randomly select six disbursements and obtain documentation from management for these disbursements. Compare the selected disbursements to the supporting documentation, and:

- a) report whether the six disbursements agree to the amount and payee in the supporting documentation;

No exceptions were identified as a result of applying this procedure.

b) report whether the six disbursements are coded to the correct fund and general ledger account; and

No exceptions were identified as a result of applying this procedure.

c) report whether the six disbursements were approved in accordance with management's policies and procedures.

No exceptions were identified as a result of applying this procedure.

Meetings

10. Obtain evidence from management to support that agendas for meetings recorded in the minute book were posted or advertised as required by R.S. 42:11 through 42:28 (the open meetings law); and report whether there are any exceptions.

Not applicable – The Marshal is an independently elected official and does not convene meetings for which minutes are maintained.

Debt

11. Obtain bank deposit slips for the fiscal year and scan the deposit slips in order to identify and report whether there are any deposits that appear to be proceeds of banks loans, bonds, or like indebtedness. If any such proceeds are identified, obtain from management evidence of approval by the State Bond Commission, and report any exceptions.

We obtained copies of all bank deposit slips for the fiscal year and identified no deposits that appeared to be proceeds of bank loans, bonds, or like indebtedness. The finance purchase identified was exempt from the definition of “debt” under R.S. 39:1410.60 (C)(1).

Advances and Bonuses

12. Obtain the list of payroll disbursements and meeting minutes of the governing board, if applicable. Scan these documents to identify and report whether there are any payments or approval of payments to employees that may constitute bonuses, advances, or gifts.

We inspected payroll records for the fiscal period and identified no payments that may constitute bonuses, advances, or gifts.

State Audit Law

13. Report whether the Marshal provided for a timely report in accordance with RS 24:513.

The Marshal has provided for a timely report in accordance with RS 24:513 for the fiscal year ended June 30, 2025.

14. Inquire of management and report whether the Marshal entered into any contracts that utilized state funds as defined in RS 39:72.1 A. (2); and that were subject to the public bid law (RS 38:2211, et seq.), while the Marshal was not in compliance with RS 24:513 (the audit law).

The Marshal did not enter into any such contracts while not in compliance with RS 24:513.

Prior-Year Comments

15. Obtain and report management's representation as to whether any prior year suggestions, recommendations and/or comments have been resolved.

Our prior year report, dated December 26, 2024, included three findings which were in relation to segregation of duties, financial reporting, and budgeting. Prior year suggestions, recommendations, and/or comments were not resolved.

We were engaged by the Marshal to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable provisions of *Government Auditing Standards*, issued by the Comptroller General of the United States. We were not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on the Marshal's compliance with the foregoing matters. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the Marshal and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our agreed-upon procedures engagement.

The purpose of this report is solely to describe the scope of testing performed on the Marshal's compliance with certain laws and regulations contained in the accompanying Louisiana Attestation Questionnaire (Exhibit B), as required by Louisiana Revised Statute 24:513 and the *Louisiana Governmental Audit Guide*, and the results of that testing, and not to provide an opinion on control or compliance. This report is intended solely for the information of and use by the management of the Marshal and LLA and is not intended to be and should not be used by anyone other than these specified parties. Accordingly, this report is not suitable for any other purpose. In accordance with Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

Schedule of Findings
Year Ended June 30, 2025

Findings reported in accordance with *Government Auditing Standards*:

2025-001 – Inadequate Segregation of Duties

Year Initially Occurring: Unknown

CONDITION: Accounting and financial functions are not adequately segregated.

CRITERIA: Internal control is a process – effected by those charged with governance, management, and other personnel – designed to provide reasonable assurance about the achievement of objectives with regard to reliability of financial reporting, effectiveness and efficiency of operations, and compliance with applicable laws and regulations. The Marshal's internal control over financial reporting includes those policies and procedures that pertain to the Marshal's ability to record, process, summarize, and report financial data consistent with the assertions embodied in either annual financial statements or interim financial statements, or both.

CAUSE: The cause of the conditions is the result of a failure to design and implement policies and procedures necessary to achieve adequate internal control.

EFFECT: Failure to adequately segregate accounting and financial functions increases the risk that errors and/or irregularities including fraud and/or defalcations may occur and not be prevented and/or detected.

RECOMMENDATION: Due to the size of the operation and the cost-benefit of additional personnel, it may not be feasible to achieve complete segregation of duties.

2025-002 – Financial Reporting

Year Initially Occurring: Unknown

CONDITION: The Marshal lacks adequate staff and the expertise to properly prepare financial statements in accordance with U.S. GAAP, as applicable to governmental entities.

CRITERIA: The Marshal's internal control over financial reporting includes those policies and procedures that pertain to its ability to record, process, summarize, and report financial data consistent with the assertions embodied in the financial statements and to apply GAAP in the preparation of those financial statements and related disclosures.

CAUSE: The condition results from the relatively small size of the Marshal and the increased costs of hiring personnel to prepare GAAP-based financial statements.

EFFECT: GAAP-based financial statements, as applicable to governmental entities, are not prepared by the Marshal.

RECOMMENDATION: Management should evaluate the additional costs required to achieve the desired benefit and determine if it is economically feasible in relation to the benefit received.

2025-003 – Local Government Budget Act

Year Initially Occurring: Year ended June 30, 2020

CONDITION: A budget was not prepared for the special revenue fund.

CRITERIA: RS 39:1305 et seq., Budgetary Authority and Control, provides for the following: “A. Each political subdivision shall cause to be prepared a comprehensive budget presenting a complete financial plan for each fiscal year for the general fund and each special revenue fund.”

CAUSE: The condition results from a failure to comply with the Louisiana Local Government Budget Act.

EFFECT: The Marshal may not be in compliance with certain provisions of RS 39:1301 et seq, the Local Government Budget Act.

RECOMMENDATION: We recommend that the Marshal implement policies and procedures to comply with the Local Government Budget Act by preparing and adopting budgets for each special revenue fund annually.

JEANERETTE CITY MARSHAL

In response to the findings noted in your report on the review of the financial statements as of and for the year ended June 30, 2025, please accept the following as responses and planned corrective action:

2025-001 – Segregation of Duties

Accounting and financial functions are not adequately segregated.

Management's Response: Due to the size of the operation and the cost-benefit of additional personnel, I was advised that a response was not considered necessary.

2025-002 – Financial Reporting

The Marshal lacks adequate staff and the expertise to properly prepare financial statements in accordance with U.S. GAAP, as applicable to governmental entities.

Management's Response: Management continues to evaluate the cost-benefit of outsourcing the preparation of the Marshal's financial statements to its independent auditors rather than incur the costs to employ someone to prepare GAAP-based financial statements and have determined that it would be more cost effective to outsource the preparation of the financial statements. We will review the financial statements, notes, and any supplementary information prior to accepting responsibility for their presentation and content.

2025-003 – Local Government Budget Act

A budget was not prepared for the special revenue fund.

Management's Response: The Marshal will implement policies and procedures to comply with the Local Government Budget Act by preparing and adopting budgets for each special revenue fund annually.

I thank you for the opportunity to respond to the findings with our planned corrective action.

Sincerely,

Ernest Martin, Jeanerette City Marshal
