INDEPENDENT AUDITOR'S REPORT

To the Members of
Guste Homes III, LLC

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of the business-type activities of Guste Homes III, LLC (the "Company"), as of December 31, 2021, and the related notes to the financial statements, which collectively comprise the Company's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the Company, as of December 31, 2021, and the respective changes in financial position and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Company and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Company's basic financial statements. The supplementary information, as listed in the table of contents, is presented for the purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 10, 2022 on our consideration of the Company's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Company's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Company's internal control over financial reporting and compliance.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Nature of operations

Guste Homes III, LLC (the "Company"), was formed as a limited liability company under the laws of the State of Louisiana on January 1, 2012 to construct, develop and operate a 155-unit apartment project known as Guste Homes Phase III (the "Project") in New Orleans, Louisiana. The Project is rented to low-income tenants and is operated in a manner necessary to qualify for federal low-income housing tax credits as provided under Section 42 of the Internal Revenue Code ("Section 42").

The Managing Member is Crescent Affordable Housing Corporation ("CAHC"), a Louisiana not-for-profit corporation. The Investor Member is RBC Tax Credit Equity National Fund 19, LP, an Illinois limited liability company. The Special Member is RBC Tax Credit Manager II, Inc., an Illinois corporation. In addition, the liability of the members of the Company is limited to the members' total capital contributions. The ownership of the Company is as follows:

Entity	Role	Percentage Ownership
Crescent Affordable Housing Corporation	Managing Member	0.01%
RBC Tax Credit Equity National Fund 19, LP	Investor Member	99.99%
RBC Tax Credit Manager II, Inc.	Special Member	0.00%
		<hr/> 100.00%

Profits, losses and tax credits are allocated in accordance with the Amended and Restated Operating Agreement, dated November 1, 2013 (the "Operating Agreement"). Profits and losses from operations and low-income housing tax credits in any one year are allocated 99.99% to the Investor Member and 0.01% to the Managing Member.

Each building of the Project is expected to qualify for low-income housing tax credits pursuant to Section 42 which regulates the use of the Project to occupant eligibility and unit gross rent, among other requirements. The total low-income housing credits expected to be generated from the State of Louisiana is \$19,014,160 and will be available for use by the members pro rata over a ten-year period. Each building of the Project must meet the provisions of these regulations during each of 15 consecutive years in order to remain qualified to receive the credits. The Compliance period will end 15 years after the Project is placed into service. In addition, the Company has executed an extended use regulatory agreement and declaration of restrictive covenants which requires the utilization of the Project pursuant to Section 42 for a minimum of 50 years.

The term of the Company shall continue in perpetuity, unless sooner dissolved in accordance with the provisions of the Operating Agreement.

NOTES TO FINANCIAL STATEMENTS

For the year ended December 31, 2021

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

1. Nature of operations (continued)

The Company is a component unit of the Housing Authority of New Orleans (“HANO”) under the requirements of Governmental Accounting Standards Board Codification of *Governmental Accounting and Financial Reporting Standards* Section 2100, *Defining the Financial Reporting Entity*. The Company is presented as a discretely presented component unit of HANO as there is a financial benefit/burden relationship with HANO.

2. Accounting method

The financial statements have been prepared on the accrual basis of accounting. Accordingly, income is recognized as earned and expenses as incurred, regardless of the timing of payments.

3. Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities during the reporting period, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from these estimates and those differences could be material.

4. Cash and cash equivalents

The Company considers all highly liquid investments with an initial maturity of three months or less to be cash equivalents.

5. Accounts receivable and bad debts

Management individually reviews all accounts receivable periodically and assesses the portions, if any, of the balance that will not be collected. Tenant accounts receivable are charged to bad debt expense when they are determined to be uncollectible based on management’s prior experience with similar types of receivables and periodic aging. Accounting principles generally accepted in the United States of America require that the allowance method be used to recognize bad debts; however, the effect of using the direct write-off method is not materially different from the results that would have been obtained under the allowance method.

For the year ended December 31, 2021

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

6. Investment in rental property

Investment in rental property consists of property and equipment, which is recorded at cost. Expenditures for maintenance and repairs are charged to expenses as incurred while major renewals and betterments are capitalized. Upon disposal of depreciable property, the appropriate property accounts are reduced by the related costs and accumulated depreciation. The resulting gains and losses are reflected in the statement of operations. Depreciation is to be provided using the straight-line method over the estimated useful lives of 27.5 years for buildings and improvements and 5-7 years for furniture and equipment.

Investment in rental property, net, is comprised of the following as of December 31, 2021:

Buildings and improvements	\$ 51,234,855
Less accumulated depreciation	<u>(7,303,382)</u>
	<u>\$ 43,931,473</u>

7. Impairment of long-lived assets

The Company evaluates events or changes in circumstances affecting long-lived assets to determine whether an impairment of its assets has occurred. If the Company determines that a long-lived asset is impaired, and that the impairment is significant and other-than-temporary, then an impairment loss will be recorded in the Company's financial statements. Management has determined that there were no impairments as of December 31, 2021.

8. Rental income

Rental income is recognized as rents become due. Rental payments received in advance are deferred until earned. All leases between the Company and the tenants of the Property are considered operating leases.

9. Income taxes

The Company is not a taxpaying entity for federal or state income tax purposes since taxable income or loss passes through to, and is reportable by, the members individually. Therefore, no provision or liability for federal or state income taxes has been included in the financial statements.

GUSTE HOMES III, LLC

NOTES TO FINANCIAL STATEMENTS

For the year ended December 31, 2021

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

9. Income taxes (continued)

The Company accounts for income taxes in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 740, *Income Taxes*, which clarifies the accounting and disclosure requirements for uncertainty in tax positions. It requires a two-step approach to evaluate tax positions and determine if they should be recognized in the financial statements. The two-step approach involves recognizing any tax positions that are “more likely than not” to occur and then measuring those positions to determine if they are recognizable in the financial statements. Management regularly reviews and analyzes all tax positions and has determined no aggressive tax positions have been taken. In evaluating the Company’s tax provisions and accruals, future taxable income, the reversal of temporary differences, interpretations, and tax planning strategies are considered. The Company believes their estimates are appropriate based on current facts and circumstances

The Company’s income tax filings are subject to audit by various taxing authorities. The Company is no longer subject to income tax examinations by tax authorities for years before 2018.

10. Economic concentrations

The Company operates one property in New Orleans, Louisiana. Future operations could be affected by changes in economic or other conditions in that geographical area or by changes in federal low-income housing subsidies or the demand for such housing.

11. Tax credit monitoring fees

In planning and performing our audit of the financial statements, we considered the Company's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Company's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Company's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statement. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Company's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Company's internal control over compliance. Accordingly, this communication is not suitable for any other purpose.
