Independent Auditor's Report

To the Board of Commissioners St. Mary Parish Consolidated Gravity Drainage District No. 2 Morgan City, Louisiana

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of St. Mary Parish Consolidated Gravity Drainage District No. 2 (the District), a component unit of St. Mary Parish, Louisiana, as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the entity's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Members of RSM US Alliance have access to RSM International resources through RSM US LLP but are not member firms of RSM International.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of St. Mary Parish Consolidated Gravity Drainage District No. 2 as of September 30, 2020, and the respective changes in financial position for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Accounting principles generally accepted in the United States of America require that the budgetary comparison information on page 24 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The schedule of compensation, benefits, and other payments to agency head, as required by Louisiana Revised Statute (R.S.) 24:513 A(3), is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The schedule of compensation, benefits, and other payments to agency head is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements, or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of compensation, benefits, and other payments to agency head is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 22, 2021 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

ST. MARY PARISH CONSOLIDATED GRAVITY DRAINAGE DISTRICT NO. 2 Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities For the Year Ended September 30, 2020

Net Change in Fund Balances - Total Governmental Funds	\$ (330,356)
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay exceeded depreciation expense in the current period.	321,476
The issuance of long-term debt (e.g., certificates of indebtedness, bonds) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. These amounts are the net effect of these differences in the treatment of long-term debt and related items:	
Principal Payments Amortization of Premiums on Bonds Payable	610,000 61,515
Amortization of Deferred Loss on Bond Refunding	(43,056)
Change in Prepaid Expenses	(4,811)
Change in Accrued Interest	 1,752
Change in Net Position of Governmental Activities	\$ 616,520

Notes to Financial Statements

Note 1. Summary of Significant Accounting Policies

The accounting and reporting policies of St. Mary Parish Consolidated Gravity Drainage District No. 2 conform to accounting principles generally accepted in the United States of America (U.S. GAAP) applicable to governmental entities. The following is a summary of significant accounting policies.

Reporting Entity

On November 12, 1997, the St. Mary Parish Council created St. Mary Parish Consolidated Gravity Drainage District No. 2 (the District), a consolidated gravity drainage district which includes the boundaries of Gravity Drainage District No. 3 and Gravity Drainage District No. 5. In April 2020, the St. Mary Parish Council merged the District with Gravity Drainage District No. 6 to form St. Mary Parish Gravity Drainage District 2A (District 2A).

The District was created and established pursuant to the provisions of Part II, Chapter 7, Title 38 of the Louisiana Revised Statutes of 1950, as amended. The District has full power and authority to drain lands in the District by construction, maintenance, and operation of pumping plants, dikes, levees, and other related works.

This report includes all funds which are controlled by or dependent on the District's executive and legislative branches (the Board of Commissioners). Control by or dependence on the District was determined on the basis of budget adoptions, taxing authority, authority to issue debt, election or appointment of governing body, and other general oversight responsibility. The District is an integral part of the Parish of St. Mary.

Basis of Presentation

The accompanying basic financial statements of the District have been prepared in conformity with governmental accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The accompanying basic financial statements have been prepared in conformity with GASB Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, issued in June 1999, as amended by GASB Statement No. 63 in June 2011.

Government-Wide Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

Notes to Financial Statements

Note 1. Summary of Significant Accounting Policies (Continued)

Basis of Presentation (Continued)

Government-Wide Financial Statements (Continued)

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Fund Financial Statements

The District uses funds to maintain its financial records during the year. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to certain district functions and activities. A fund is defined as a separate fiscal and accounting entity with a self-balancing set of accounts. The emphasis on fund financial statements is on major funds, each displayed in a separate column. A fund is considered major if it is the primary operating fund of the District or its total assets, liabilities, revenues, or expenditures are at least 10 percent of the corresponding total for all governmental and proprietary funds and at least 5 percent of the aggregate amount for all governmental and proprietary funds.

The District reports the following major governmental funds:

General Fund - The General Fund is the primary operating fund of the District. It accounts for all the financial resources except those that are required to be accounted for in other funds.

Debt Service Fund - The Debt Service Fund is used to account for the accumulation of funds for the periodic payment of principal and interest on general long-term debt.

Capital Projects Fund - The Capital Projects Fund is used to account for financial resources to be used for the acquisition or construction of major capital facilities or repair or replacement of major capital facilities.

Measurement Focus / Basis of Accounting

The amounts reflected in the governmental fund financial statements are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach is then reconciled, through adjustment, to the government-wide financial statements.

Notes to Financial Statements

Note 1. Summary of Significant Accounting Policies (Continued)

Measurement Focus / Basis of Accounting (Continued)

The amounts reflected in the governmental fund financial statements use the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). Measurable means the amount of the transaction can be determined, and available means collectible within the current period, or soon enough thereafter to pay liabilities of the current period. The District considers all revenues available if they are collected within 60 days after the fiscal year-end. Expenditures are recorded when the related fund liability is incurred, except for interest and principal payments on general long-term debt, which are recognized when payment is due, and certain compensated absences and claims and judgments, if any, which are recognized when the obligations are expected to be liquidated with expendable available financial resources.

The government-wide financial statements are accounted for using an economic resources measurement focus and the accrual basis of accounting.

Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used, regardless of the timing of related cash flows. Ad valorem taxes and other major revenues are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal year. Ad valorem taxes are recognized as revenues in the year in which such taxes are levied and billed to taxpayers.

Budget Policies

The District is required by law to adopt an annual budget. The District adopted and prepared a budget for the General Fund on the modified accrual basis of accounting for the year ended September 30, 2020. This budget is presented with these financial statements in the required supplementary information section of the report on page 25.

This budget was integrated into the accounting system during the year as a management control device. Appropriations are valid only for the year in which they are made. The District does not use encumbrance accounting and appropriations lapse at the end of each year.

As required by state law, when actual revenues within a fund are failing to meet estimated annual budgeted revenues by 5 percent or more, and/or actual expenditures within a fund are exceeding estimated budgeted expenditures by 5 percent or more, a budget amendment to reflect such changes is adopted by the District in an open meeting. Budgeted amounts included in the financial statements include the original adopted budget and all subsequent amendments.

Because the budgets are prepared on a modified accrual basis, no differences in budget basis and U.S. GAAP basis occurs. Additional information on the original and final budgets can be found in the budgetary comparison schedule in the required supplementary information section of this report.

Notes to Financial Statements

Note 1. Summary of Significant Accounting Policies (Continued)

Cash

Cash includes amounts in interest-bearing demand deposits. Cash equivalents would include amounts in time deposits and those investments with original maturities of 90 days or less. Under state law, the District may deposit funds in demand deposits, interest-bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

Under state law, the District may invest in United States bonds, treasury notes, or certificates. These are classified as investments if their original maturities exceed 90 days; however, if the original maturities are 90 days or less, they are classified as cash equivalents. Investments are stated at market value.

Capital Assets

All capital assets purchased or acquired with an original cost of \$500 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Buildings, Pump Stations, and Improvements	5 - 40 Years	Straight-Line
Drainage Improvements	20 - 40 Years	Straight-Line
Pumps, Engines, and Equipment	5 - 30 Years	Straight-Line
Land, Canals, Levees, and Construction		
in Progress		Not Being Depreciated

Bonds Payable

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net position.

Equity Classifications

In accordance with GASB Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, as amended, net position is classified into three components: net investment in capital assets, restricted, and unrestricted.

Notes to Financial Statements

Note 1. Summary of Significant Accounting Policies (Continued)

Equity Classifications (Continued)

These classifications are defined as follows:

Net Investment in Capital Assets - This component of net position consists of the historical cost of capital assets, including any restricted capital assets, net of accumulated depreciation, and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets, plus deferred outflows of resources, less deferred inflows of resources related to those assets.

Restricted - This component of net position consists of assets that have constraints that are externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or constraints imposed by law through constitutional provisions or enabling legislation.

Unrestricted - All other net position is reported in this category.

In the governmental fund financial statements, fund balances are classified as follows:

- 1. Nonspendable Fund Balance Amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.
- 2. Restricted Fund Balance Amounts that can be spent only for specific purposes because of enabling legislation or externally imposed conditions by grantors, creditors, or citizens.
- 3. Unassigned Fund Balance All amounts not included in other spendable classifications.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Recent Accounting Pronouncements

The GASB issued Statement No. 84, *Fiduciary Activities*. The objective of GASB 84 is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. In May 2020, the GASB issued Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*, postponing the effective date of Statement No. 84 to reporting periods beginning after December 15, 2019.

Notes to Financial Statements

Note 1. Summary of Significant Accounting Policies (Continued)

Recent Accounting Pronouncements (Continued)

The GASB issued Statement No. 87, *Leases*, in June 2017. The objective of GASB 87 is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources. In May 2020, the GASB issued Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*, postponing the effective date of Statement No. 87 to reporting periods beginning after June 15, 2021.

The GASB issued Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*. The objectives of GASB 89 are to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and to simplify accounting for interest cost incurred before the end of a construction period. This Statement establishes accounting requirements for interest cost incurred before the end of a construction period. In May 2020, the GASB issued Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*, postponing the effective date of Statement No. 89 to reporting periods beginning after December 15, 2020.

The GASB issued Statement No. 96, *Subscription-Based Information Technology Arrangements*. The Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements for government end users. The Statement is effective for fiscal years beginning after June 15, 2022.

Note 2. Cash

At September 30, 2020, cash consisted of demand deposits with a carrying value of \$7,120,025 and a bank balance of \$7,243,738. These deposits are stated at cost which approximates market.

Custodial Credit Risk - Deposits

Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent bank. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

At September 30, 2020, the District had \$7,243,738 in deposits (collected bank balances). These deposits are secured from risk by \$250,000 in federal deposit insurance and \$7,289,673 of pledged securities held by the custodial bank in the name of the fiscal agent bank.

Notes to Financial Statements

Note 3. Capital Assets

Capital assets activity for the year ended September 30, 2020 was as follows for the governmental activities:

Governmental Activities	Beginning Balance	Increases	Decreases	Ending Balance
Capital Assets Not Being Depreciated				
Land	\$ 2,594,657	\$ -	\$-	\$ 2,594,657

Capital Assets, Net	\$ 22,994,355	\$ 321,476	\$-	\$ 23,315,831

Depreciation expense in the amount of \$309,566 was charged to drainage works for the year ended September 30, 2020.

At September 30, 2020, the District's construction in progress consisted of survey and certification services for several levee improvement projects and ongoing construction and materials for improvements to various pumping stations.

Notes to Financial Statements

Note 4. Deferred Outflows of Resources - Refunding of Debt

In 2014, the District implemented GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*, and GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*. These Statements provide guidance on reporting the difference between the reacquisition price and net carrying amount of old debt for current and advance refunding resulting in defeasance of debt. The difference is reported as a deferred outflow of resources or deferred inflow of resources and recognized as a component of interest expense over the remaining life of the old debt. At September 30, 2020, the District had a deferred amount on refunding debt of \$344,453, which resulted from the advance refunding of the General Obligations Bonds, Series 2005 and 2009.

Note 5. Payables

The payables, as reported on the statement of net position at September 30, 2020 included the following:

	Governmental				
	A	ctivities		Total	
Accounts Payable Accrued Expenses	\$	36,136 65,820	\$	36,136 65,820	
Total	\$	101,956	\$	101,956	

Note 6. Bonds Payable

The following is a summary of bonds payable of the District as of September 30, 2020:

\$6,320,000 General Obligation Bonds dated November 1, 2009; balance due in annual principal installments, starting March 1, 2012, of \$175,000 - \$380,000, plus semi-annual interest payments,	
through March 1, 2022, with interest at 4% to 5%. During 2017,	
the bond maturities for the years 2023 through 2029 were defeased.	\$ 740,000
\$3,280,000 General Obligation Refunding Bonds dated August 20, 2014; balance due in annual principal installments, starting March 1, 2015, of \$285,000 - \$505,000, plus semi-annual interest payments, through	
March 1, 2025, with interest at 2.39%.	1,115,000

Notes to Financial Statements

Note 6. Bonds Payable (Continued)

\$3,130,000 General Obligation Refunding Bonds dated February 22, 2017; balance due in annual principal installments, starting March 1, 2023, of \$360,000 - \$535,000, plus semi-annual interest payments, through March 1, 2029, with interest at 3% to 4%.	3,130,000
\$6,115,000 General Obligation Bonds dated August 30, 2017; balance due in annual principal installments, starting March 1, 2019, of \$65,000 - \$565,000, plus semi-annual interest payments, through	
March 1, 2037, with interest at 2% to 4%.	 5,975,000
Total	\$ 10,960,000

The following is a summary of debt transactions of the District for the year ended September 30, 2020:

	Debt Payable October 1, 2019		Issued	Retired		Debt Payable September 30, 2020		Due Within 1 Year	
Governmental Activities									
\$6,320,000 General Obligation Bonds,									
Series 2009	\$	1,065,000	\$ -	\$	(325,000)	\$	740,000	\$	360,000
\$3,280,000 General Obligation Refunding									
Bonds, Series 2014		1,325,000	-		(210,000)		1,115,000		210,000
\$3,130,000 General Obligation Refunding									
Bonds, Series 2017		3,130,000	-		-		3,130,000		-
\$6,115,000 General Obligation Bonds,									
Series 2017		6,050,000	-		(75,000)		5,975,000		70,000
Unamortized Premium on Debt		633,701	-		(61,514)		572,187		62,363
Total Governmental Activities		12,203,701	-		(671,514)		11,532,187		702,363
Total Debt	\$	12,203,701	\$ -	\$	(671,514)	\$	11,532,187	\$	702,363

General obligation bonds are secured by an annual ad valorem tax levy. In accordance with Louisiana Revised Statute 39:562, the District is legally restricted from incurring long-term bonded debt in excess of 10% of the assessed value of taxable property in the District. At September 30, 2020, the District had not exceeded this statutory limit.

Notes to Financial Statements

Note 6. Bonds Payable (Continued)

Year Ending	General Obligation Bonds						
September 30,		Principal		Interest	Total		
2021	\$	\$ 640,000		\$ 379,517		1,019,517	
2022		670,000		356,918		1,026,918	
2023		705,000		336,180		1,041,180	
2024		735,000		316,028		1,051,028	
2025	765,000		765,000 293,046			1,058,046

2031-2035		2,430,000		514,300		2,944,300	
2036-2037		1,110,000		67,000		1,177,000	
Total	\$	10,960,000	\$	3,317,902	\$	14,277,902	

The following is a schedule of future principal debt service requirements:

Note 7. Ad Valorem Taxes

Ad valorem taxes attach as an enforceable lien on property within the District's taxing area as of January 1st of each year. Taxes are levied by the District in September or October and are actually billed to taxpayers in November or December. Billed taxes become delinquent on January 1st of the following year. The St. Mary Parish Sheriff bills and collects the District's property taxes using the assessed values determined by the Tax Assessor of St. Mary Parish. District property tax revenues are budgeted in the year billed.

The following is a summary of authorized and levied ad valorem taxes:

	Authorized Mills	Levied Mills	
Maintenance and Operations	7.50	6.68	
Debt Service	9.25	9.25	

Note 8. Grant Revenue

Grant revenues related to the Gulf of Mexico Energy Security Act totaling \$83,556 for the year ended September 30, 2020 were received from St. Mary Parish for infrastructure and hurricane protection improvements.

Notes to Financial Statements

Note 9. Compensation Paid to Board Members

For the year ended September 30, 2020, the following individuals served on the Board of Commissioners and received per diem allowances as follows:

Harry K. Hoffpauir	\$ 975
Leroy Trim	975
Jory Champagne	585
Glen Swain	 65
Total	\$ 2,600

Note 10. Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During the year ended September 30, 2020, the District carried insurance through various commercial carriers to cover all risks of loss. The District had no settled claims resulting from these risks that exceeded its commercial coverage in any of the past three fiscal years.

Note 11. Tax Abatements

For the year ended September 30, 2020, a total of \$41,375 in ad valorem taxes receivable by the District was abated on tax-exempt properties.

Note 12. Operating Lease

The District leases an excavator under an operating lease expiring in August 2022, requiring monthly rental payments of \$4,948. Total rent expense related to this agreement totaled \$59,381 for the year ended September 30, 2020.

Future minimum lease expense from this agreement is as follows:

Year Ending September 30,	Amount
2021 2022	\$ 59,381 54,433
Total	<u>\$ 113,814</u>

Notes to Financial Statements

Note 14. Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were available to be issued, March 22, 2021, and determined that the following event occurred that requires disclosure:

In December 2020, residents of the District and District 2A voted against combining the ad valorem taxes of the two districts into a single millage. As a result, the District has transferred approximately \$200,000 to District 2A, which is owed back to the District.

No subsequent events occurring after March 22, 2021 have been evaluated for inclusion in these financial statements.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Independent Auditor's Report

To the Board of Commissioners St. Mary Parish Consolidated Gravity Drainage District No. 2 Morgan City, Louisiana

We have audited, in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of St. Mary Parish Consolidated Gravity Drainage District No. 2 (the District, as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated March 22, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered St. Mary Parish Consolidated Gravity Drainage District No. 2's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of St. Mary Parish Consolidated Gravity Drainage District No. 2's internal control. Accordingly, we do not express an opinion on the effectiveness of St. Mary Parish Consolidated Gravity Drainage District No. 2's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Members of RSM US Alliance have access to RSM International resources through RSM US LLP but are not member firms of RSM International.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether St. Mary Parish Consolidated Gravity Drainage District No. 2's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matter that is required to be reported under *Government Auditing Standards* and which is described in the accompanying schedule of findings and responses as item 2020-001.

Board of Commissioners Response to Finding

The District's response to the finding identified in our audit is described in the accompanying schedule of findings and responses. The District's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Louisiana Legislative Auditor as a public document.

A Professional Accounting Corporation

Covington, LA March 22, 2021

Part I - Summary of Auditor's Results

Financial Statements

1.	Type of auditor's report issued:	Unmodified
2.	Internal control over financial reporting:	
	 Material weaknesses identified? Significant deficiencies identified not considered to be 	No
	material weaknesses?	None reported
	c. Noncompliance material to the financial statements noted?	No
3.	Management letter comment provided?	None

Federal Awards

Not applicable.

Part II - Financial Statement Findings

2020-001	Open Meetings Law
Criteria:	All public bodies shall keep written minutes of all of their open meetings. The minutes shall be public records and shall be available within a reasonable time after the meeting.
Condition:	During procedures specific to the District's compliance with certain provisions of laws, regulations, contracts, and grant agreements, it was noted that minutes of open meetings were not posted and made public record within a reasonable time after the meeting as required.
Cause:	This was due to a change in board members during the fiscal year, resulting in minutes not getting approved timely.
Effect:	As a result of the change in board members, minutes to the open meetings were not approved timely, and as a result, were not made public record within a reasonable time after the meeting.
Recomme	<i>ndation:</i> The District should implement policies and procedures to ensure minutes to open meetings are reviewed and approved timely to ensure they are made public record within a reasonable time after the meeting.

Section II. Financial Statement Findings

None.
