TWENTY-EIGHTH JUDICIAL DISTRICT INDIGENT DEFENDER FUND LaSalle Parish, Louisiana

NOTES TO THE BASIC FINANCIAL STATEMENTS

INTRODUCTION

The Twenty-Eighth Judicial District Indigent Defender Fund is established in compliance with Louisiana Revised Statutes 15:144-149 to provide and compensate counsel appointed to represent indigents in criminal and quasi-criminal cases on the district court level. The judicial district encompasses the Parish of LaSalle, Louisiana.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Presentation

The accompanying basic financial statements of the Twenty-Eighth Judicial Indigent Defender Fund have been prepared in conformity with governmental accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The accompanying basic financial statements have been prepared in conformity with GASB Statement 34. Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments, issued in June 1999.

1. The purpose of the fund is to oversee operations of the fund.

B. REPORTING ENTITY

The Indigent Defender Fund is part of the operations of the district court system. However, the district court system is fiscally dependent on the LaSalle Parish Police Jury for office space and courtrooms. In addition, the police jury's general purpose financial statements would be incomplete or misleading without inclusion of the Indigent Defender Fund. For these reasons, the Indigent Defender Fund was determined to be a component unit of the LaSalle Parish Police Jury, the financial reporting entity.

The accompanying financial statements present information only on the funds maintained by the board and do not present information on the police jury, the general government services provided by that government unit, or the other governmental units that comprise the financial reporting entity.

C. FUND ACCOUNTING

The Indigent Defender Fund uses funds to maintain its financial records during the year. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to certain board functions and activities. A fund is defined as a separate fiscal and accounting entity with a self-balancing set of accounts.

NOTES TO THE BASIC FINANCIAL STATEMENTS CONTINUED

Governmental Funds

Governmental funds account for all or most of the Indigent Defender Fund's general activities. These funds focus on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may be used. Current liabilities are assigned to the fund from which they will be paid. The difference between a governmental fund's assets and liabilities is reported as fund balance. In general, fund balance represents the accumulated expendable resources which may be used to finance future period programs or operations of the board. The following are the board's governmental funds:

General Fund - The primary operating fund of the Indigent Defender Fund and it accounts for all financial resources, except those required to be accounted for in other funds. The General Fund is available for any purpose provided it is expended or transferred in accordance with state and federal laws and according to board policy.

D. MEASUREMENT FOCUS/BASIS OF ACCOUNTING

Fund Financial Statements (FFS)

The amounts reflected in the General Fund are accounted for using a current financial resources measurement focus.

With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The Statement of Revenues, Expenditures, and Changes in Fund Balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources.

The amounts reflected in the General Fund use the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). Measurable means the amount of the transaction can be determined and available means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The Indigent Defender Fund considers all revenues available if they are collected within 60 days after the fiscal year end. Expenditures are recorded when the related fund liability is incurred, except for interest and principal payments on general long-term debt which is recognized when due, and certain compensated absences and claims and judgments which are recognized when the obligations are expected to be liquidated with expendable available financial resources. The governmental funds use the following practices in recording revenues and expenditures:

Equity Classifications

In the government-wide financial statements, equity is classified as Net Position and displayed in three components as applicable. The components are as follows:

<u>Net Investment in Capital Assets</u> - Capital assets including restricted capital assets, when applicable, net of accumulated depreciation.

<u>Restricted Net Position</u> - Net position with constraints placed on their use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or (2) law through constitutional provisions or enabling legislation.

<u>Unrestricted Net Position</u> - All other net position that does not meet the definition of "restricted" or "net investment in capital assets".

When an expense is incurred for the purposes for which both restricted and unrestricted net position is available, management applies restricted resources first. The policy concerning which to apply first varies with the intended use and legal requirements. The decision is typically made by management at the incurrence of the expense.

In the Fund Financial Statements, governmental fund equity is classified as a fund balance. The District has implemented GASB Statement 54 "Fund Balance Reporting and Governmental Fund Type Definitions." This Statement provides more clearly defined fund balance categories to make the nature and extent of the constraints placed on the purposes for which resources can be used:

- a. Nonspendable fund balance amounts that are not in a spendable form (such as prepaid expenses) or are required to be maintained intact;
- **b.** Restricted fund balance amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation;
- c. Committed fund balance amounts constrained to specific purposes by a government itself using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest level action to remove or change the constraint;
- **d.** Assigned fund balance amounts a government intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority;
- e. Unassigned fund balance amounts that are available for any purpose; positive amounts are reported only in the general fund.

LaSalle Parish, Louisiana

NOTES TO THE BASIC FINANCIAL STATEMENTS CONTINUED

Revenues

Their revenues are recognized when they become measurable and available as net current assets. Available means collectible within the current period or soon enough thereafter to pay current liabilities.

Court costs on fines and forfeitures imposed by the district court are recorded in the year they are collected by the tax collector.

Fees from indigents are recorded when received.

Expenditures

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred.

Government-Wide Financial Statements (GWFS)

The Statement of Net Position and the Statement of Activities display information about the fund as a whole. These statements include all the financial activities of the Indigent Defender Fund. Information contained in these columns reflects the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange or exchange-like transactions are recognized when the exchange occurs (regardless of when cash is received or disbursed). Revenues, expenses, gains, losses, assets and liabilities resulting from nonexchange transactions are recognized in accordance with the requirements of GASB Statement No. 33, Accounting and Financial Reporting for Nonexchange Transactions.

Program Revenues - Program revenues included in the column labeled Statement of Activities (Statement B) are derived directly from board users as a fee for services; program revenues reduce the cost of the function to be financed from the board's general revenues.

E. FIXED ASSETS & LONG-TERM LIABILITIES

For the year ended June 30, 2021, no interest costs were capitalized for construction of fixed assets. The District's capitalization policy is \$1,500.

Depreciation of all exhaustible fixed assets is charged as an expense against its operations. Accumulated depreciation is reported on the proprietary fund balance sheet and governmental fund statement of activities. Depreciation has been provided over the estimated useful lives using the straight-line method. The estimated useful lives are as follows:

F. CASH, CASH EQUIVALENTS, & INVESTMENTS

Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the government will not be able to recover its deposits. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent.

These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the Entity that the fiscal agent bank has failed to pay deposit funds upon demand. Further, Louisiana Revised Statute 39:1224 states that securities held by a third party shall be deemed to be held in the Entity's name.

Deposits

All cash and investments (CD's over 90 days) are reported at cost and are on deposit at federally insured banks. At June 30, 2021, the District had cash (bank balances) totaling \$43,183.

It is the District's policy for deposits to be 100% secured by collateral at market or par, whichever is lower, less the amount of the Federal Deposit Insurance Corporation insurance. The District's deposits are categorized to give an indication of the level of risk assumed by the District at fiscal year-end. All deposits were secured at the year-end. The categories are described as follows:

- Category 1 Insured or collateralized with securities held by the District or by its agent in the District's name.
- Category 2 Collateralized with securities held by the pledging financial institution's trust department or agent in the District's name.
- *Category 3* Uncollateralized.

Amounts on deposit were fully secured as of June 30, 2021, and were secured by the following pledges:

G. ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenditures, and expenses during the reporting period. Actual results could differ from those estimates.

2. RECEIVABLES

The receivables of \$154,773, at June 30, 2021, consisted of court costs and operational grants. Allowance for bad debts, if any, is considered immaterial and is not presented.

5. CONTINGENT LIABILITIES

The Fund followed the practice of accepting invoices for services rendered by lawyers serving as indigent defenders, and paid all invoices from funds currently available. Should the amount owed exceed the amount available, indigent defenders were paid on a pro-rated basis until current funds were exhausted. Amounts remaining unpaid to indigent defenders were not considered for payment in subsequent years unless funds become available. These financial statements do not present the amounts owed to indigent defenders from prior periods and these amounts are considered material.

6. ECONOMIC DEPENDENCY

Statement of Financial Accounting Standard (SFAS) No. 14 requires disclosure in financial statements of a situation where one entity provides more than 10% of the audited entity's revenues. The LaSalle Parish Sheriff provided \$40,178, which was collected from fines, to the Indigent Defender Fund, which represents approximately 19% of the Board's revenue for the year. The Indigent Defender Fund also received \$174,318 from the State of Louisiana, which represents approximately 81% of the Board's revenue for the year.
