The page features a decorative design with horizontal bars at the top and bottom. The top bar is split into a dark blue segment on the left and a lighter blue segment on the right. The bottom bar is also split, with a lighter blue segment on the left and a dark blue segment on the right. A large, solid yellow rectangular area occupies the center of the page. On the left side of this yellow area, there is a faint, stylized geometric pattern consisting of overlapping triangles and lines in shades of yellow and orange. The word "Report" is positioned on the right side of the yellow area.

INDEPENDENT AUDITORS' REPORT

To the Board of Directors of
St. Bernard Hospital Foundation, Inc.
Chalmette, Louisiana

We have audited the accompanying financial statements of St. Bernard Hospital Foundation, Inc. (the Foundation), a component unit of the Hospital Service District of the Parish of St. Bernard, State of Louisiana (the District), which comprise the statements of financial position as of December 31, 2019 and 2018, and the related statements of activities and changes in net assets, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matters

Accounting Standard Update

As discussed in Note 2 to the financial statements, the Foundation changed its method of revenue recognition and financial statement presentation as a result of the adoption of Accounting Standards Update (ASU) 2014-09, *Revenue from Contracts with Customers (Topic 606)*. Our opinion is not modified with respect to this matter.

Joint Venture Cooperative Endeavor Agreement

As discussed in Note 7 to the financial statements, the Foundation has a Joint Venture Cooperative Endeavor Agreement (Agreement) with the District related to the construction and operation of a hospital facility and to provide related health care services to the citizens of St. Bernard Parish. This Agreement includes certain revenue and expense sharing provisions between the District and the Foundation that may not necessarily be indicative of the conditions that would have existed or the results of operations if the Foundation had been operated as an entity unaffiliated with the District.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of St. Bernard Hospital Foundation, Inc. as of December 31, 2019 and 2018, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The schedule of Compensation, Benefits and Other Payments to Agency Head is presented for purposes of additional analysis and is not a required part of the financial statements.

The schedule of Compensation, Benefits and Other Payments to Agency Head is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of Compensation, Benefits and Other Payments to Agency Head is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated on June 30, 2020 our consideration of the Foundation's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Foundation's internal control over financial reporting and compliance.

St. Bernard Hospital Foundation, Inc. Notes To Financial Statements

Note 1: DESCRIPTION OF THE ORGANIZATION

The St. Bernard Hospital Foundation, Inc. (the Foundation) is a Louisiana not-for-profit entity that was organized on September 21, 2010, for the purpose of assisting and promoting the Hospital Service District of the Parish of St. Bernard, State of Louisiana (the District) with the development of the hospital facility and raising of capital for the operation of health care related services to benefit the health and wellness of the residents of the District, particularly the indigent residents of the District. The Foundation is a voluntary, not-for-profit, non-stock membership organization, exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code. The hospital became operational in August of 2012 and the medical office building was completed in January of 2013.

On August 23, 2011, the Foundation entered into a Joint Venture Cooperative Endeavor Agreement with the District to construct and operate a hospital facility and provide emergency and other essential hospital services to the citizens of St. Bernard Parish, State of Louisiana. During 2011, the District granted and donated to the Foundation the in-place construction in order for the Foundation to complete construction of the hospital building. See Note 7 for further details.

The Foundation is maintained by private loans, grants, operating revenues, and a joint venture with the District. The Foundation is governed by a Board of Commissioners made up of five members. Four of the Directors are appointed by the Board of the District and one member is appointed by Access Health Louisiana, a Louisiana not-for-profit corporation. Although the Foundation is a legally separate, not-for-profit organization, due to the significance of the relationship with the District pursuant to the Cooperative Endeavor Agreement (CEA), the Foundation is considered a component unit of the District for financial reporting purposes.

In October 2017, the Foundation and District entered into a management agreement with a wholly-owned subsidiary of Ochsner Health System, to provide management, staff, and other assistance to operate the Hospital. This expanded affiliation enables the Hospital to further enhance existing clinical services while simultaneously improving resources, including operational efficiencies (see Note 10).

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Financial Accounting Standards Board (FASB) provides authoritative guidance regarding U.S. GAAP through the Accounting Standards Codification (ASC) and related Accounting Standards Updates (ASUs).

St. Bernard Hospital Foundation, Inc.
Notes To Financial Statements

Note 2: SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of U.S. GAAP financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates. An estimate which is particularly susceptible to significant change in the near term are relates to functional expense classification.

Cash and Cash Equivalents

Cash and cash equivalents include cash and all highly liquid investments with an original maturity of 90 days or less. The Federal Deposit Insurance Corporation insures the accounts up to \$250,000 as of December 31, 2019 and 2018. There were no uninsured deposits as of December 31, 2019 and 2018.

Property and Equipment

Property and equipment are recorded at acquisition cost. It is the Foundation's policy to capitalize expenditures for these items in excess of \$1,000. Repairs and maintenance are expensed as incurred. Property and equipment are carried at cost or, if donated, at the approximate fair value at the date of donation. Depreciation and amortization of property and equipment is calculated using the straight-line method. One-half year depreciation is taken in the year of acquisition. Equipment under capital lease is amortized using the straight-line method over the shorter of the lease term of the equipment or its useful life. Estimated useful lives used in computing depreciation are as follows:

| | |
|-------------------------|---------------|
| Hospital building | 15 - 40 years |
| Fixed equipment | 3 - 15 years |
| Machinery and equipment | 3 - 15 years |
| Land improvement | 1 - 15 years |

Impairment of Long-Lived Assets

Long-lived assets, such as property and equipment, are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. If circumstances require a long-lived asset to be tested for possible impairment, the Foundation first compares the undiscounted future cash flows expected to be generated by the assets to its carrying value. If the carrying amount of the long-lived asset is not recoverable on an undiscounted cash flow basis, an impairment charge is recognized to the extent the carrying amount of the asset exceeds its fair value. Fair value is determined through various valuation techniques including discounted cash flow models, quoted market values and third party appraisals, as considered necessary. No impairment losses were recorded in the years ended December 31, 2019 or 2018.

St. Bernard Hospital Foundation, Inc.
Notes To Financial Statements

Note 2: SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Unamortized Debt Issuance Costs

Costs related to the issuance of the New Markets Tax Credit Facility A and B Notes are deferred and amortized over the life of the debt using a method which approximates the interest method. Accumulated amortization totaled \$622,192, as of December 31, 2018. There was no accumulated amortization as of December 31, 2019, see Note 5 for forgiveness of debt. The Foundation follows FASB ASU 2015-03 *Imputation of Interest: Simplifying the Presentation of Debt Issuance Costs*, which requires unamortized debt issuance costs be shown net of debt on the Statements of Financial Position and requires the amortization of those costs be captured in interest income.

Net Assets

The Foundation reports information regarding its financial position and activities recording to two classes of net assets that are based upon the existence or absence of restrictions on use that are placed by its donors: net assets without donor restrictions and net assets with donor restrictions.

Net assets without donor restrictions are resources available to support operations and not subject to donor restrictions. The only limits on the use of net assets without donor restrictions are the broad limits resulting from the nature of the Organization, the environment in which it operates, the purposes specified in its corporate documents and its application for tax-exempt status, and any limits resulting from contractual agreements with creditors and others that are entered into in the course of its operations. The governing board has designated, from net assets without donor restrictions, net assets for an operating reserve and capital assets reserve.

Net assets with donor restrictions are resources that are subject to donor-imposed restrictions. Some restrictions are temporary in nature, such as those that are restricted by a donor for use for a particular purpose or in a particular future period. Other restrictions may be perpetual in nature; such as those that are restricted by a donor that the resources be maintained in perpetuity.

When a donor's restriction is satisfied, either by using the resources in the manner specified by the donor or by the passage of time, the expiration of the restriction is reported in the financial statements by reclassifying the net assets from net assets with donor restrictions to net assets without donor restrictions.

There were no net assets (deficit) with donor restrictions as of December 31, 2019 or 2018.

St. Bernard Hospital Foundation, Inc.
Notes To Financial Statements

Note 2: SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revenue Recognition

Effective January 1, 2019, the Foundation adopted ASC 606. Revenue is recognized as performance obligations under the terms of the contracts with customers are satisfied. Prior to the adoption of ASC 606, the Company recognized revenue when persuasive evidence of an arrangement existed, delivery of products had occurred, the sales price was fixed or determinable and collectability was reasonably assured.

Functional Allocation of Expenses

Directly identifiable expenses are charged to programs and supporting services. The costs of providing the various programs and other activities have been summarized on a functional basis in the statements of revenues, expenses, and other changes in membership equity and the statement of functional expenses. Accordingly, certain costs have been allocated among the program, supporting services, and membership development benefited based on actual or percentage of use.

Income Taxes

Under section 501(c)(3) of the Internal Revenue Code, the Foundation is exempt from taxes on income other than unrelated business income.

The Foundation utilizes the accounting requirements with uncertainty in income taxes using the provisions of FASB ASC 740, *Income Taxes*. Using that guidance, tax positions initially need to be recognized in the financial statements when it is more-likely-than-not the positions will be sustained upon examination by the tax authorities. It also provides guidance for derecognition, classification, interest and penalties, accounting in interim periods, disclosure and transition. The Foundation recognized penalties as part of interest expense line in the accompanying statements of activities and changes in net assets. See Note 9 for relevant disclosures. As of December 31, 2019 and 2018, the Foundation had no uncertain tax provisions that qualify for recognition or disclosure in the financial statements.

Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were available to be issued, June 30, 2020 and determined there were events that occurred that required disclosure. See Note 12 for relevant disclosures. No subsequent events occurring after this date have been evaluated for inclusion in these consolidated financial statements.

St. Bernard Hospital Foundation, Inc.
Notes To Financial Statements

Note 2: SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Recent Accounting Pronouncements

In May 2014, the FASB issued ASU 2014-09, *Revenue from Contracts with Customers (Topic 606)*. This guidance specifies that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. This ASU and its amendments supersede the revenue recognition requirements in Topic 605, Revenue Recognition, and most industry specific guidance.

Effective January 1, 2019, the Foundation adopted ASC 606, using the full retrospective method. The Foundation performed an analysis of revenue streams and transactions under ASU 2014-09. There was no change to revenue under the new guidance, accordingly, no cumulative adjustment was recognized upon adoption.

In November 2016, the FASB issued ASU 2016-18, *Statement of Cash Flows (Topic 230): Restricted Cash (a consensus of the FASB Emerging Issues Task Force)*, which provides guidance on the presentation of restricted cash or restricted cash equivalents as a components of total cash and cash equivalents as presented on the statement of cash flows.

The Foundation elected to adopt the provisions of ASU 2016-18 effective January 1, 2019, using a retrospective transition method to each period presented. Therefore, the 2018 statement of cash flows has been restated to be reported under the new accounting standard in effect for those years.

Future Accounting Pronouncements

In February 2016, the FASB issued ASU 2016-02, *Leases (Topic 842)*. The guidance in this ASU and its amendments supersedes the leasing guidance in Topic 840, entitled *Leases*. Under the guidance, lessees are required to recognize lease assets and lease liabilities on the statement of financial position for all leases with terms longer than 12 months. Leases will be classified as either finance or operating, with classification affecting the pattern of expense recognition in the statement of activities. For nonpublic entities, the standard is effective for fiscal years beginning after December 15, 2020. Early adoption is permitted. The Foundation is currently evaluating the impact of the adoption of this ASU on its financial statements.

Note 3: FINANCIAL ASSET AVAILABILITY

As discussed in Note 7 to the financial statements, the Foundation has a Joint Venture Cooperative Endeavor Agreement ("CEA") with the District related to the construction and operation of a hospital facility and to provide related health care services to the citizens of St. Bernard Parish. The CEA includes certain revenue and expense sharing provisions between the District and the Foundation that may not necessarily be indicative of the conditions that would have existed or the results of operations if the Foundation had been operated as an entity unaffiliated with the District.

St. Bernard Hospital Foundation, Inc.
Notes To Financial Statements

Note 3: FINANCIAL ASSET AVAILABILITY (CONTINUED)

Since the commencement of operations in August of 2012, the District has experienced delays in billing and collections of net patient service revenue, primarily due to continued software implementation issues and billing/collection management issues within the revenue cycle. In prior periods, the operating performance of the District caused substantial doubt about the Foundation's ability to continue as a going concern as the Foundation receives a significant portion of its support from the District.

On October 3, 2016, the District entered into an interim Cooperative Endeavor Agreement with Ochsner to provide administrative services and operational support to the District to assist the hospital in providing health services for the St. Bernard Parish Community; the interim CEA was extended through June 30, 2017. Effective July 12, 2017, the District entered into a special services agreement ("Agreement") with Ochsner for the purposes of managing, operating and administering the Hospital. This agreement has enabled the Hospital to enhance clinical service delivery while simultaneously improving resources, including operational efficiencies, and obtaining additional cost reductions through vendor purchase discounts on supplies.

Based on the support provided pursuant to the current and prior Agreements with Ochsner, the District has implemented new processes and procedures around the revenue cycle to improve collections. In addition, the District has settled large outstanding payables with vendors and freed up operating cash to continue paying vendors and contractors in a timely manner. These actions have improved the District's operations and resulted in a positive ending net position beginning in 2017.

The District has committed to the Foundation to provide or maintain the necessary financial support to the Foundation to enable the Foundation to meet and discharge its liabilities in the normal course of business through one year after the December 31, 2019 audit report date. The Foundation has no reason to believe that these results will not be achieved.

The Foundation maintains its financial assets primarily in cash to provide liquidity to ensure funds are available as the Foundation's expenditures come due. The following reflects the Foundation's financial assets as of the statement of financial position date. There were no contractual or donor-imposed restrictions as of December 31, 2019 and 2018 that would reduce financial assets available for general use within one year of the statement of financial position date.

| <i>December 31,</i> | 2019 | 2018 |
|--|-------------------|-------------------|
| Financial assets, at year-end | \$ 910,349 | \$ 299,150 |
| Financial assets available to meet cash needs for general expenditures within one year | \$ 910,349 | \$ 299,150 |

St. Bernard Hospital Foundation, Inc.
Notes To Financial Statements

Note 4: PROPERTY AND EQUIPMENT

Property and equipment – net consist of the following:

| <i>December 31</i> | 2019 | 2018 |
|--------------------------------|---------------|---------------|
| Hospital Building | \$ 43,798,270 | \$ 43,798,270 |
| Fixed equipment | 545,424 | 545,424 |
| Machinery and Equipment | 14,805,866 | 15,853,911 |
| Land improvements | 1,466 | 1,466 |
| Assets not in service | 92,728 | - |
| Total property and equipment | 59,243,754 | 60,199,071 |
| Less: accumulated depreciation | (20,946,931) | (19,415,689) |
| Property and equipment, net | \$ 38,296,823 | \$ 40,783,382 |

Depreciation and amortization expense for the years ended December 31, 2019 and 2018 was \$2,732,803 and \$3,040,683, respectively.

Note 5: LONG-TERM DEBT

The Foundation's long-term debt consists of the following:

| <i>December 31,</i> | 2019 | 2018 |
|--|-------------|---------------|
| New Markets Tax Credit Facility A. Interest payable semi-annually at a rate of 1.00%. Principal is payable annually 2019 through 2051. | \$ - | \$ 33,028,779 |
| New Markets Tax Credit Facility B. Interest payable semi-annually at a rate of 1.00%. Principal is payable annually 2019 through 2051. | - | 11,671,221 |
| Total long-term debt | \$ - | \$ 44,700,000 |
| Less: Current portion of long-term debt | - | (594,367) |
| Less: Unamortized bond issuance costs | - | (2,556,189) |
| Total long-term debt-noncurrent portion | \$ - | \$ 41,549,444 |

St. Bernard Hospital Foundation, Inc.
Notes To Financial Statements

Note 5: LONG-TERM DEBT (CONTINUED)

The Facility A and B notes were intended to qualify as a “qualified low-income community investment” for the purposes of generating certain tax credits called New Markets Tax Credits (NMTCs) under section 45D of the Internal Revenue Code of 1986, as amended. To qualify, the Foundation must comply with certain representations, warranties, and covenants. These include, but are not limited to, a covenant that the “portion of the business” (as defined) will operate to qualify as a qualified low-income community business. If, as a result of the breach of the agreement or loan documents by the Foundation, the Lender is required to recapture all or any part of the New Markets Tax Credits previously claimed by the Lender, the Foundation agrees to pay to the Lender an amount equal to the sum of the credits recaptured. Additionally, the QLICI Lender has a security interest in the assets of the Foundation other than real property.

On August 23, 2011, the Foundation issued a note payable (Facility A) to SBP Redevelopment II, LLC. The note was subject to credit and loan agreements executed by the Foundation (as borrower), St. Bernard Parish Redevelopment, LLC as the community development entity (CDE) under the New Markets Tax Credit Program, and SBP Redevelopment II, LLC (Lender).

The Facility A Note, issued for \$33,028,779, was secured under the aforementioned credit and loan agreements. Original maturity date of the Facility A Note was on June 30, 2051. Mandatory payments under a loan participation agreement were due serially from June 30, 2019 to June 30, 2051. The Foundation could not prepay this Note in full or in part any time prior to the expiration of the NMTC compliance period. The Note bore interest at a rate per annum equal to 1.00%. The Foundation paid interest only on this Note semi-annually in arrears on June 30 and December 31 of each year, commencing December 31, 2011, and continued until September 2019. Effective September 2019, the Foundation exercised a put option and paid a purchase price in the amount of \$1,000.

When all of the Facility A Note funds had been expended and the Certificate of Occupancy for the hospital facility was issued in July 2012, the Facility B Note (subordinate note) was issued for \$11,671,221 in September 2012 to SBP Redevelopment II, LLC. The note was secured under the same aforementioned credit and loan agreements executed by the Foundation for the Facility A Note.

Original maturity date of the Facility B Note was on August 22, 2051. The terms of the Facility B Note were similar to those of the Facility A Note. Mandatory payments under a loan participation agreement were due serially from June 30, 2019 to August 22, 2051. The Foundation could not prepay this Note in full or in part any time prior to the expiration of the NMTC compliance period. The Note bore interest at a rate per annum equal to 1% and the Foundation paid interest only on this Note semi-annually in arrears on June 30 and December 31 of each year commencing December 31, 2012, and continued until September 2019. Effective September 2019, the Foundation exercised a put option and paid a purchase price in the amount of \$1,000.

St. Bernard Hospital Foundation, Inc.
Notes To Financial Statements

Note 5: LONG-TERM DEBT (CONTINUED)

The Foundation paid the CDE a total of \$52,500 for the years ended December 31, 2019 and 2018, for ongoing management services related to the NMTCs as required per the agreement. The Foundation is required to pay a total of \$250,000 in asset management fees to the CDE from 2015 through 2019.

In association with Facility Notes A and B, the District, for the benefit of the Foundation, unconditionally and irrevocably guaranteed the full, complete, and timely payment and, to the extent legally permissible, performance of all obligations owed to the Lender under all of the loan documents.

During the year ended December 31, 2019, the Foundation exercised a put option on both the Facility Notes A and B for \$1,000 whereby the outstanding principle on the notes were forgiven. The result of the transaction less expenses related to the transaction including the unamortized debt issuance costs resulted in a gain on the forgiveness of the debt of \$42,143,811.

Note 6: CAPITAL LEASES

The Foundation entered into a lease for equipment during 2013. The economic substance of the lease is that the Foundation is financing the acquisition of the assets through the lease, and, accordingly, it is recorded in the Foundation's assets and liabilities. The lease agreement contains a fair value purchase option at the end of the lease term. The capital lease obligation was to expire in November 2018. The Foundation extended the lease agreement and returned leased equipment in 2019. The Foundation recorded a gain of \$61,335 on return of equipment under the capital lease.

The Foundation entered into a lease for equipment during 2015. The economic substance of the lease is that the Foundation is financing the acquisition of the assets through the lease, and, accordingly, it is recorded in the Foundation's assets and liabilities. The capital lease obligation expires February 2020. The Foundation will obtain possession of the asset after final payment of the lease.

Amortization of assets held under the capital leases totaling \$65,837 and \$213,003 for the years ended December 31, 2019 and 2018, respectively, and is included in depreciation and amortization expense.

The net book value of assets recorded under capital leases as of December 31, 2019 and 2018 consists of the following:

| December 31, | | 2019 | | 2018 |
|--------------------------------|----|-----------|----|-------------|
| Equipment | \$ | 329,186 | \$ | 1,101,982 |
| Less: accumulated amortization | | (323,699) | | (1,030,658) |
| Capital lease equipment, net | \$ | 5,487 | \$ | 71,324 |

St. Bernard Hospital Foundation, Inc.
Notes To Financial Statements

Note 6: CAPITAL LEASES (CONTINUED)

The following is a schedule by years of future minimum payments required under the leases together with their present value as of December 31, 2019:

| | | |
|--|----|--------|
| 2020 | \$ | 10,052 |
| Total minimum lease payments | | 10,052 |
| Less: amount representing imputed interest | | (76) |
| Present value of minimum lease payments | \$ | 9,976 |

Note 7: JOINT VENTURE

As mentioned in Note 1, on August 23, 2011, the District and the Foundation entered into a Joint Venture Cooperative Endeavor Agreement (Agreement) to engage in a joint venture to construct and operate a hospital facility and provide emergency and other essential and specialized hospital services to the citizens of St. Bernard Parish, State of Louisiana. This agreement was to facilitate the New Markets Tax Credit (NMTC) transaction, described further in Note 5. On this date, the District transferred all construction in progress associated with the hospital to the Foundation. During 2012, the Foundation used the proceeds of the NMTC Notes (Facility A and B) to complete the construction of the hospital building, acquire essential equipment, materials and supplies necessary for the operation of the hospital, and employed health professionals, administrative staff and other needed personnel and contracted with physicians and other health professionals required for the operation of the hospital. Under the terms of the Agreement, the District is obligated to make the land that the District owns, including all of the District's rights, privileges, appurtenances, and amenities, available to itself and the Foundation for the operation of the hospital building which was constructed on this land. This agreement will terminate on June 30, 2051, unless sooner terminated as permitted.

Pursuant to the Agreement, there are certain revenue and expense sharing provisions between the District and the Foundation. Amounts due to the District totaled \$57,436,017 and \$56,057,211 as of December 31, 2019 and 2018, respectively, and represent the net balance of transactions with the District. The following is a summary of the significant transactions that occurred in 2019: 1) cash transfers to fund operations in excess of the revenue sharing agreement totaling \$9,096,322, 2) Foundation expenses per the Agreement paid by the District totaling \$10,475,128 relating to professional fees, insurance, and maintenance and repairs.

The following is a summary of the significant transactions that occurred in 2018: 1) cash transfers to fund operations in excess of the revenue sharing agreement totaling \$45,076,573, 2) Foundation expenses per the Agreement paid by the District totaling \$43,253,874 relating to professional fees, insurance, and maintenance and repairs. Amounts due at December 31, 2019 and 2018 were classified as long-term based on the commitment from the District not to demand repayment within one year. Amounts due to the District are non-interest bearing, unsecured and have no scheduled repayment terms.

St. Bernard Hospital Foundation, Inc.
Notes To Financial Statements

Note 7: JOINT VENTURE (CONTINUED)

In accordance with the revenue sharing provisions of the Agreement with the District, amounts transferred from the District to the Foundation are recognized as unrestricted revenue and other support. These amounts totaled \$17,208,379 and \$52,733,550 for the years ended December 31, 2019 and 2018, respectively.

Note 8: FUNCTIONAL CLASSIFICATION OF EXPENSES

Any costs related to program administration are functionally classified as supporting services expenses. Any costs related to activities that constitute direct conduct or direct supervision of program activities are program expenses. The financial statements report certain categories of expenses that are attributable to more than one program or supporting function of the Foundation. Therefore, these expenses require allocation on a reasonable basis that is consistently applied.

Interest expense and depreciation expense have been allocated based on time and effort. Salaries and wages, employee benefits, professional fees, insurance and other direct expenses have been allocated based on the actual direct expenditures. There were no fundraising expenses for the years ended December 31, 2019 and 2018.

The table below present expenses by both their nature and function for the year ended December 31, 2019:

| | Program | | |
|-------------------------------|----------------------|--------------------|----------------------|
| | Activities | Support Activities | Total |
| Expenses | | | |
| Salaries and wages | \$ 6,818,842 | \$ - | \$ 6,818,842 |
| Employee benefits | 1,229,279 | - | 1,229,279 |
| Professional fees | 8,809,535 | 24,997 | 8,834,532 |
| Depreciation and amortization | 2,732,435 | 368 | 2,732,803 |
| Insurance | 163,219 | - | 163,219 |
| Interest expense | 453,668 | - | 453,668 |
| Other direct expenses | 6,185 | 290,630 | 296,815 |
| Total Expenses | \$ 20,213,163 | \$ 315,995 | \$ 20,529,158 |

St. Bernard Hospital Foundation, Inc.
Notes To Financial Statements

Note 8: FUNCTIONAL CLASSIFICATION OF EXPENSES (CONTINUED)

The table below present expenses by both their nature and function for the year ended December 31, 2018:

| | Program Activities | Support Activities | Total |
|-------------------------------|-------------------------------|-------------------------------|----------------------|
| Expenses | | | |
| Salaries and wages | \$ 6,652,027 | \$ - | \$ 6,652,027 |
| Employee benefits | 1,146,664 | - | 1,146,664 |
| Professional fees | 41,906,250 | 3,300 | 41,090,550 |
| Depreciation and amortization | 3,039,756 | 927 | 3,040,683 |
| Insurance | 207,423 | - | 207,423 |
| Interest expense | 435,895 | 79,764 | 515,659 |
| Other direct expenses | 73,056 | 311,656 | 384,712 |
| Total Expenses | \$ 53,461,071 | \$ 395,647 | \$ 53,856,718 |

Note 9: COMMITMENTS AND CONTINGENCIES

Low Income and Needy Care Collaboration Agreement

In April of 2012, the Foundation entered into a Low Income and Needy Care Collaboration Agreement with certain participating private hospitals primarily to improve access and provide low income and needy care services in the community it serves by the participating hospitals. The agreement was effective when the District became operational with an initial term through December 31, 2013 and may be renewed annually unless other party provides notice to terminate. Expenses incurred under this agreement totaled \$8,231,096 and \$14,665,002 for the years ended December 31, 2019 and 2018, respectively. These expenses are included as professional fees in the accompanying financial statements.

Full Medicaid Payment Program

As part of the Foundation's continuing support of the State of Louisiana's Medicaid Program, the Hospital has, throughout the period, made intergovernmental transfers (IGT's) amounts to the State of Louisiana (State) restricted for use in support of the Medicaid Program to provide additional payments to Managed Medicaid providers to approximate Medicaid reimbursement (Full Medicaid Payment). For the years ended December 31, 2019 and 2018 the Foundation expensed IGT's of \$580,689 and \$27,241,248 respectively, to the State for Full Medicaid Payment. These expenses are included as professional fees in the accompanying financial statements.

St. Bernard Hospital Foundation, Inc.
Notes To Financial Statements

Note 9: COMMITMENTS AND CONTINGENCIES (CONTINUED)

The Foundation filed 2016 and 2017 tax forms required by the Affordable Care Act after the due date as required by the IRS. Penalties of \$252,644 have been accrued by the Foundation and included in accounts payable and interest expense on the accompanying statements of financial position and statements of activities and changes in net assets. The Foundation is currently appealing the assessment of penalties and interest with the IRS.

Note 10: FOUNDATION MANAGEMENT CONTRACT

As mentioned in Note 1, effective October 2017 the Foundation along with the District are managed by St. Bernard Operational Management Company, LLC (SBOMC), a wholly owned subsidiary of Ochsner Health System. The District pays a monthly management fee to SBOMC in exchange for management, staff, and other assistance to operate.

In addition to the management fee referred to above, the District provides other payments to SBOMC for supplies purchased, professional services provided outside of the management agreement, and other miscellaneous items received or services provided throughout the year.

During years ended December 31, 2019 and 2018, there were no transactions between SBOMC and the Foundation, all transactions occurred at the District level.

Note 11: DEFINED CONTRIBUTION 403(B) PLAN

The Foundation sponsors a defined contribution plan whereby all new full-time employees are immediately eligible to join the defined contribution 403(b) plan, St. Bernard Parish Hospital Retirement Savings Plan (Plan) established on November 1, 2012. Participants make pre-tax contributions to the Plan and receive employer matching contributions equal to 50% of each participant's contribution up to 1% of the participant's annual compensation. Employer contributions to the 403(b) plan totaled \$22,791 and \$23,898 for the years ended December 31, 2019 and 2018, respectively. To vest in the employer annual non-discretionary contribution, employees must complete at least 3 years of service.

Note 12: SUBSEQUENT EVENTS

In March 2020, the World Health Organization made the assessment that the outbreak of a novel coronavirus (COVID-19) can be characterized as a pandemic. As a result, uncertainties have arisen that may have a significant negative impact on the operating activities and results of the Foundation. The occurrence and extent of such an impact will depend on future developments, including (i) the duration and spread of the virus, (ii) government quarantine measures, (iii) voluntary and precautionary restrictions on travel or meetings, (iv) the effects on the financial markets, and (v) the effects on the economy overall, all of which are uncertain.

St. Bernard Hospital Foundation, Inc.
Notes To Financial Statements

Note 12: SUBSEQUENT EVENTS (CONTINUED)

In April 2020 the Foundation was awarded a PPP loan and received funds in the amount of \$1,395,960 that is expected to be forgiven at the end of the 24 week period.

Supplementary Information

St. Bernard Hospital Foundation, Inc.
Schedule of Compensation, Benefits, and Other Payments to Agency Head
For the Year Ended December 31, 2019

Agency Head Name: Kim Keene, Chief Executive Officer

Note: In 2017, St. Bernard Hospital Foundation, Inc. entered into a Special Services Management Agreement with St. Bernard Operational Management Company, LLC (Ochsner). The Agency Head is Kim Keene, Chief Executive Officer. Kim Keene is an employee of Ochsner. St. Bernard Hospital Foundation, Inc. did not make any payments to or on behalf of the Chief Executive Officer, an individual as the agency head for the year ended December 31, 2019.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors of
St. Bernard Hospital Foundation, Inc.
Chalmette, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the St. Bernard Hospital Foundation, Inc. (the Foundation), a component unit of the Hospital Service District of the Parish of St. Bernard, State of Louisiana (the District) as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the Foundation's basic financial statements, and have issued our report thereon dated June 30, 2020.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Foundation's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control. Accordingly, we do not express an opinion on the effectiveness of the Foundation's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's consolidated financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identified any deficiencies in internal control that we consider to be a material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Foundation's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements; noncompliance with which could have a direct and material effect on the determination of consolidated financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Foundation's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Louisiana Legislative Auditor as a public document.
