INDEPENDENT AUDITOR'S REPORT

To the Board of Commissioners
Terrebonne Economic Development Authority
Terrebonne Parish Consolidated Government
Houma, Louisiana

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities of the Terrebonne Economic Development Authority, a component unit of the Terrebonne Parish Consolidated Government, as of and for the year ended December 31, 2017, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness

of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities of the Terrebonne Economic Development Authority, as of December 31, 2017, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 4 through 7 and the Budgetary Comparison Schedule on page 20 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

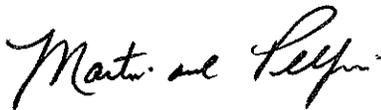

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Terrebonne Economic Development Authority's basic financial statements. The Schedule of Compensation, Benefits and Other Payments to the Authority Head on page 21 is presented for purposes of additional analysis and is not a required part of the financial statements.

The Schedule of Compensation, Benefits and Other Payments to the Authority Head is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Compensation, Benefits and Other Payments to the Authority Head are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated April 13, 2018, on our consideration of the Terrebonne Economic Development Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Terrebonne Economic Development Authority
Terrebonne Parish Consolidated Government
Management's Discussion and Analysis
December 31, 2017

As management of the Terrebonne Economic Development Authority (TEDA), we offer readers of TEDA's financial statements this narrative overview and analysis of the financial activities of TEDA for the year ended December 31, 2017.

FINANCIAL HIGHLIGHTS

- TEDA's assets exceeded its liabilities by \$138,115 (net position) as of December 31, 2017.
- Expenditures exceeded revenues by \$239,843 during the year.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis serves as an introduction to the Terrebonne Economic Development Authority basic financial statements. TEDA's basic financial statements consist of the following:

Statement of Net Position. This statement combines and consolidates the governmental fund's current financial resources (short-term spendable resources) with capital assets and long-term obligations, regardless if they were currently available or not.

Statement of Activities. Consistent with the full accrual basis method of accounting, this statement accounts for current year additions and deductions regardless of when cash is received or paid.

Balance Sheet – Governmental Fund. This statement presents TEDA's assets, liabilities, and fund balance for its general fund only.

Statement of Revenues, Expenditures, and Change in Fund Balance – Governmental Fund Type- General Fund. Consistent with the modified accrual basis method of accounting, this statement accounts for current year revenues when received except when they are measurable and available. Expenditures are accounted for in the period that goods and services are used in the government's activities. In addition, capital asset purchases are expensed and not recorded as an asset. The statement also exhibits the relationship of revenues and expenditures with the change in fund balance.

Notes to Financial Statements. The accompanying notes provide additional information essential to a full understanding of the data provided in the basic financial statements.

Terrebonne Economic Development Authority
Terrebonne Parish Consolidated Government
Management's Discussion and Analysis
December 31, 2017

BASIC FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of an entity's financial position. TEDA's net position was \$138,115 at December 31, 2017. The largest portion of TEDA's total assets is cash (93%).

TEDA's Net Position

	December 31,	
	2017	2016
ASSETS		
Cash	\$ 137,873	\$ 353,261
Receivable	-	23,584
Prepaid insurance	3,151	4,600
Capital assets	29,917	99,741
Accumulated depreciation	(22,412)	(91,133)
Total assets	148,529	390,053
LIABILITIES		
Accounts payable	2,983	6,336
Payroll liabilities	7,431	5,760
Total liabilities	10,414	12,096
NET POSITION		
Net investment in capital assets	7,505	8,608
Unrestricted	130,610	369,349
Total net position	\$ 138,115	\$ 377,957

Terrebonne Economic Development Authority
Terrebonne Parish Consolidated Government
Management's Discussion and Analysis
December 31, 2017

During the year, TEDA's net position decreased by \$239,843. The elements of the decrease are as follows:

TEDA's Changes in Net Position

	For the Year Ended	
	December 31,	
	<u>2017</u>	<u>2016</u>
REVENUES		
Intergovernmental	\$ 200,000	\$ -
Miscellaneous revenue	7,855	1,403
Total revenues	<u>207,855</u>	<u>1,403</u>
EXPENDITURES		
<i>Economic development and assistance:</i>		
Personal services	318,439	259,333
Supplies and materials	7,386	759
Other services and charges	118,408	151,130
Depreciation	3,465	5,525
Total operating expense	<u>447,698</u>	<u>416,747</u>
CHANGE IN NET POSITION	<u><u>\$ (239,843)</u></u>	<u><u>\$ (415,344)</u></u>

As indicated above, net position decreased by \$239,843. This decrease is primarily due to the intergovernmental revenues provided by the Parish Government being sufficient to cover only a half year of operations.

Terrebonne Economic Development Authority
Terrebonne Parish Consolidated Government
Management's Discussion and Analysis
December 31, 2017

CAPITAL ASSETS

As of December 31, 2017, TEDA had \$7,505 invested in capital assets.

	2017	2016
Capital assets	\$ 29,917	\$ 99,741
Less accumulated depreciation	(22,412)	(91,133)
	\$ 7,505	\$ 8,608

Depreciation expense for the year is \$3,465. TEDA had no capital asset additions during the year. Retirements totaled \$69,824 during the year.

BUDGET

TEDA did not amend its budget during the fiscal year. The budget for revenues was \$200,350, and the budget for expenditures was \$483,414.

The Authority's actual revenues were greater than budgeted revenues by \$5,144, a favorable variance of 2.6%. The Authority's actual expenditures were less than budgeted expenditures by \$39,181, a favorable variance of 8.1%.

REQUEST FOR INFORMATION

This financial report is designed to provide a general overview of the Terrebonne Economic Development Authority finances for all those with such an interest. Call the TEDA office (985-873-6890) and ask for Matthew Rookard, CEO, if you should have any further questions concerning any of the information provided in this report or have a request for additional financial information.

Terrebonne Economic Development Authority
Terrebonne Parish Consolidated Government
Reconciliation of the Governmental Fund Balance Sheet
to the Statement of Net Position
December 31, 2017

Fund balance - governmental fund \$ 130,610

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets of \$29,917 net of accumulated depreciation of \$22,412, are not financial resources and, therefore, are not reported in the governmental fund.

7,505

Net position of governmental activities

\$ 138,115

See accompanying notes.

Terrebonne Economic Development Authority
 Terrebonne Parish Consolidated Government
 Reconciliation of the Statement of Governmental Fund Revenues,
 Expenditures, and Change in Fund Balance to the
 Statement of Activities
 For the Year Ended December 31, 2017

Change in fund balance - governmental fund	\$(238,739)
--	-------------

Amounts reported for governmental activities in the statement of net position are different because:

Governmental fund reports capital outlays as expenditures whereas in the statement of activities these costs are depreciated over their useful lives.

Depreciation expense	(3,465)	
Disposal of capital assets	<u>2,361</u>	<u>(1,104)</u>

Change in net position	<u><u>\$(239,843)</u></u>
------------------------	---------------------------

See accompanying notes.

Terrebonne Economic Development Authority
Terrebonne Parish Consolidated Government
Notes to Financial Statements
For the Year Ended December 31, 2017

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Terrebonne Economic Development District was created in 1989 as authorized by Louisiana Revised Statute 33:130.251 and LA R.S. 33:130.60 for the primary object and purpose of promoting, encouraging, and participating in industrial development to stimulate the economy of Terrebonne Parish, Louisiana through commerce, industry, and research and for the utilization and development of natural, physical, and human resources of the area by providing job opportunities.

In 2004, pursuant to statutory revision, the District was replaced by the Terrebonne Parish Economic Authority (TEDA). In February 2015, a Cooperative Endeavor Agreement (CEA) with the Terrebonne Parish Consolidated Government (the Parish) was allowed to expire. As a result, TEDA did not receive funding from the Parish in 2015 (except for a grant to close-out operations), and turned its activities over to the Parish's Planning and Zoning Department. TEDA's board remained active and met monthly to discuss future operations.

On October 30, 2015 the Parish executed another Cooperative Endeavor Agreement whereas TEDA agrees to operate and to serve as the economic development agency for Terrebonne Parish. TEDA was directed to operate within its adopted budget utilizing the returned surplus funds until receiving additional funding from TPCG during its annual parish budget process. Such funding shall not exceed fifty percent of the Terrebonne Occupational License revenues based upon the approval of the parish budget. The CEA will be for three years beginning November 1, 2015.

The accounting policies of TEDA conform to accounting principles generally accepted in the United States of America as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The following is a summary of significant accounting policies:

A. REPORTING ENTITY

Because the Parish appoints the governing board and can therefore impose its will, TEDA was determined to be a component unit of the Terrebonne Parish Consolidated Government, the governing body of the parish and the governmental body with financial accountability.

The accompanying financial statements present information only on the funds maintained by TEDA and do not present information on the Consolidated Government, the general government services provided by that governmental unit, or other government units that comprise the governmental reporting entity.

The Authority has reviewed all of its activities and determined that there are no potential component units that should be included in its financial statements.

Terrebonne Economic Development Authority
Terrebonne Parish Consolidated Government
Notes to Financial Statements
For the Year Ended December 31, 2017

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)

B. BASIS OF PRESENTATION

GASB statements established standards for external financial reporting for all state and local governmental entities which includes a statement of net position and a statement of activities. It requires the classification of net position into three components – net investment in capital assets, restricted, and unrestricted. These classifications are defined as follows:

Net investment in capital assets – This component of net position consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. If there are significant unspent related debt proceeds at year-end, the portion of the debt attributable to the unspent proceeds are not included in the calculation of net investment in capital assets. Rather, that portion of the debt is included in the same net position component as the unspent proceeds.

Restricted – This component of net position consists of constraints placed on net position use through external constraints imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation.

Unrestricted – This component of net position consists of net position that does not meet the definition of “restricted” or “net investment in capital assets”.

GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, enhances the usefulness of fund balance information by providing clearer fund balance classifications that can be more consistently applied. It establishes fund balance classifications that comprise hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds. These classifications are defined as follows:

Nonspendable – This component of fund balance includes amounts that cannot be spent due to form, including inventories and prepaid amounts. Also included are amounts that must be maintained intact legally or contractually.

Restricted – This component of fund balance includes amounts that can be spent only for the specific purposes stipulated by constitution, external resource providers, or through enabling legislation.

Committed – This component of fund balance includes amounts that can be used only for the specific purposes determined by a formal action of the Authority’s highest level of decision-making authority. The Board of Commissioners must vote on commitments.

Assigned – This component of fund balance is intended to be used by the Authority for

Terrebonne Economic Development Authority
Terrebonne Parish Consolidated Government
Notes to Financial Statements
For the Year Ended December 31, 2017

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)

specific purposes but do not meet the criteria to be classified as restricted or committed. The Board of Commissioners can vote on applicable assigned amounts.

Unassigned – This component of fund balance is the residual classification for the Authority's general fund and includes all spendable amounts not contained in the other classifications.

Stabilization Funds – This component of fund balance covers such things as revenue shortfalls, emergencies, or other purposes. The authority to set aside resources often comes from a statute, ordinance, or constitution.

TEDA's basic financial statements consist of the government-wide statements on all activities of the Authority and the governmental fund financial statements.

Government-wide Financial Statements:

The government wide financial statements include the Statement of Net Position and the Statement of Activities for all activities for the Authority. The government-wide presentation focuses primarily on the sustainability of the Authority as an entity and the change in aggregate financial position resulting from the activities of the fiscal period. Governmental activities generally are financed through taxes, intergovernmental revenues and other non-exchange revenues.

Fund Financial Statements:

The daily accounts and operations of the Authority are organized on the basis of a fund and accounts groups, each of which is considered a separate accounting entity. The operations of the fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, equity, revenues, and expenditures. Government resources are allocated to and accounted for in the fund based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The following is the Governmental Fund of the Authority:

General Fund – The General Fund is the operating fund of the Authority. It is used to account for all financial resources except those that are required to be accounted for in another fund.

C. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

Terrebonne Economic Development Authority
Terrebonne Parish Consolidated Government
Notes to Financial Statements
For the Year Ended December 31, 2017

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)

Government-wide Financial Statements:

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Fund Financial Statements:

All governmental funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increase (revenues and other financing sources) and decreases (expenditures and other uses) in net current assets. Governmental funds are maintained on the modified accrual basis of accounting.

Charges for services are recorded when earned since they are measurable and available. Miscellaneous revenues are recorded as revenues when received in cash by the Authority because they are generally not measurable until actually received.

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Allocations of cost such as depreciation are not recognized in the governmental funds.

D. CASH AND CASH EQUIVALENTS

The Authority considers all highly liquid investments purchased with an initial maturity of three months or less to be cash equivalents.

E. ACCOUNTS RECEIVABLE

The financial statements for the Authority contain no allowance for uncollectible accounts. Uncollectible amounts are recognized as bad debts at the time information becomes available which would indicate the uncollectibility of the particular receivable. These amounts are not considered to be material in relation to the financial position or operations of the Authority.

F. CAPITAL ASSETS

The accounting treatment over property, plant and equipment (capital assets) depends on whether the assets are reported in the government-wide or fund financial statements.

Terrebonne Economic Development Authority
Terrebonne Parish Consolidated Government
Notes to Financial Statements
For the Year Ended December 31, 2017

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)

Government-wide Financial Statements:

In the government-wide financial statements, fixed assets are accounted for as capital assets. Capital assets purchased or acquired with an original cost of \$500 or more are valued at historical cost, or estimated historical cost if actual is unavailable, except for donated capital assets which are recorded at their estimated fair value at the date of donation. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

Depreciation of all exhaustible capital assets is recorded as an expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by the type of asset is as follows:

Office furniture, equipment, and website	5-10 years
--	------------

Fund Financial Statements:

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition.

G. ENCUMBRANCES

The Authority does not utilize encumbrance accounting, under which purchase orders, contracts and other commitments are recorded in the fund general ledgers.

H. OPERATING BUDGETARY DATA

As required by Louisiana Revised Statutes 39:1393, the Board of Commissioners (the Board) adopted a budget for the Authority's General Fund. The Board, as allowed by state law, does not obtain public participation in the budget process. Any amendment involving the transfer of monies from one function to another or increases in expenditures must be approved by the Board. The Authority amended its budget once during the year. All budgeted amounts which are not expended, or obligated through contracts, lapse at year-end.

The General Fund budget is adopted on a basis materially consistent with accounting principles generally accepted in the United States of America. The General Fund budget presentation is included in the required supplementary information.

Terrebonne Economic Development Authority
Terrebonne Parish Consolidated Government
Notes to Financial Statements
For the Year Ended December 31, 2017

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES (Cont.)

I. VACATION AND SICK LEAVE

Full time employees are eligible for paid vacation and sick leave based on the following schedule:

Vacation:

- All employees will receive two weeks (80 hours) of paid vacation each calendar year for the first seven (7) years of their employment with TEDA. The number of vacation days a newly hired employee receives will be prorated if they are hired after January 1.
- Employees who complete seven (7) years of continuous employment with TEDA will receive three weeks (120 hours) of paid vacation per year beginning January 1 of the calendar year following the year in which they have their seven year anniversary of continuous employment.
- If an employee is not permitted to take vacation because of TEDA operations, the employee may receive pay for the vacation upon approval of the CEO. Except in such cases, vacation time is not cumulative. Vacation days must be taken in full. An employee may not use vacation time by the hour or half-day.
- Vacation time may not be carried over to the following year. Vacation pay will not be paid upon separation of employment, whether by voluntary or involuntary termination.

Sick Leave

- Full time employees are eligible from date of hire for five (5) paid sick days each year. Sick days are calculated per calendar year.
- When the allotted five (5) days/forty (40) hours total sick time is exhausted for the calendar year, all subsequent sick time will be deducted from unused vacation time until all vacation time has been used.
- Sick days may not be carried over to the following calendar year. Employees will not be paid in lieu of taking the actual time off.
- Employees will not be paid for unused sick days upon termination.

J. USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates. Estimates of the Authority primarily relate to capital assets' useful lives.

NOTE 2 – DEPOSITS

Under state law, the Authority may deposit funds within a fiscal agent bank organized under the laws of the State of Louisiana, the laws of another state in the Union, or the laws of the United States.

Terrebonne Economic Development Authority
Terrebonne Parish Consolidated Government
Notes to Financial Statements
For the Year Ended December 31, 2017

NOTE 2 – DEPOSITS (Cont.)

State law requires that deposits (cash and certificates of deposits) of all political subdivisions be fully collateralized at all times. Acceptable collateralization includes FDIC insurance and the market value of securities purchased and pledged to the political subdivision. Obligations of the United States, the State of Louisiana, and certain political subdivisions are allowed as security for deposits. Obligations furnished as security must be held by the political subdivision or with an unaffiliated bank or trust company for the account of the political subdivision. The year-end balance of deposits is as follows:

	Bank Balance	Reported Amount
Cash	\$ 164,763	\$ 137,873

Custodial credit risk is the risk that in the event of a bank failure, the Authority's deposits may not be returned to it. As of December 31, 2017, none of the deposits were exposed to credit risk as these deposits were insured in accordance with state law by FDIC coverage.

NOTE 3 – CHANGE IN CAPITAL ASSETS

Capital asset activity for the year ended December 31, 2017 was as follows:

	Balance December 31, 2016	Additions	Deletions	Balance December 31, 2017
Capital assets, being depreciated:				
Office furniture & equipment	\$ 99,741	\$ -	\$ (69,824)	\$ 29,917
Less: Accumulated depreciation	(91,133)	(3,465)	72,186	(22,412)
Total capital assets, net	\$ 8,608	\$ (3,465)	\$ 2,362	\$ 7,505

NOTE 4 – POST-EMPLOYMENT BENEFITS

TEDA does not offer post-employment benefits to its employees.

NOTE 5 – COMPENSATION OF BOARD MEMBERS

TEDA's board serves without compensation.

Terrebonne Economic Development Authority
Terrebonne Parish Consolidated Government
Notes to Financial Statements
For the Year Ended December 31, 2017

NOTE 6 – RISK MANAGEMENT

The Authority is exposed to various risks of loss related to workers' compensation; torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to the public; and natural disasters for which the Authority carries commercial insurance or other insurance for the losses to which it is exposed. No settlements were made during the year. The Authority pays monthly premiums to the Parish for group health insurance. The Authority's premiums for group health insurance are based on a fixed rate per employee and coverages. The Parish handles all claims filed against the Authority.

NOTE 7 – SUBSEQUENT EVENTS

Subsequent events were evaluated by management through April 13, 2018, which is the date the financial statements were available to be issued, and it was determined that no events occurred that requires disclosure. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

To the Board of Commissioners
Terrebonne Economic Development Authority
Houma, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities of the Terrebonne Economic Development Authority (TEDA) as of and for the year ended December 31, 2017, and the related notes to the financial statements, which collectively comprise TEDA's basic financial statements, and have issued our report thereon dated April 13, 2018.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered TEDA's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of TEDA's internal control. Accordingly, we do not express an opinion on the effectiveness of TEDA's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Terrebonne Economic Development Authority financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. This report is intended for the information and use of management, Board of Commissioners, and the Louisiana Legislative Auditor for the State of Louisiana and is not intended to be and should not be used by anyone other than these specified parties. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

Houma, Louisiana
April 13, 2018

Terrebonne Economic Development Authority
Terrebonne Parish Consolidated Government
Schedule of Findings and Responses
For the Year Ended December 31, 2017

Section I – Summary of Auditor’s Results

1. The auditor's report expresses an unmodified opinion on the basic financial statements of the Terrebonne Economic Development Authority.
2. No significant control deficiencies were noted during the audit of the financial statements.
3. No instances of noncompliance or other matters required to be reported in accordance with *Government Auditing Standards*, were disclosed during the audit.
4. No instances of noncompliance under the provisions of the Louisiana Governmental Audit Guide were noted during the audit of the financial statements.
5. A management letter was not issued.
6. The Authority did not receive or expend federal funds during the year.

Section II – Financial Statement Findings

No findings material to the basic financial statements of the Terrebonne Economic Development Authority, which would be required to be reported in accordance with *Government Auditing Standards*, were noted during the audit.

Section III – Federal Awards

No federal awards were received during the year.
