## INDEPENDENT AUDITOR'S REPORT

\* A Professional Accounting Corporation

To the Members of the Police Jury  
Avoyelles Parish  
Marksville, Louisiana

### Report on the Audit of the Financial Statements

#### Adverse and Unmodified Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Avoyelles Parish Police Jury (Police Jury), as of and for the year ended December 31, 2025, and the related notes to the financial statements, which collectively comprise the Police Jury's basic financial statements as listed in the table of contents.

#### Adverse Opinion on Aggregate Discretely Presented Component Units

In our opinion, because of the significance of the matter discussed in the Basis for Adverse and Unmodified Opinions section of our report, the financial statements referred to above do not present fairly the financial position of the Aggregate Discretely Presented Component Units of the Police Jury as of December 31, 2025, or the changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Unmodified Opinions on the Governmental Activities, Each Major Fund and the Aggregate Remaining Fund Information

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Police Jury, as of December 31, 2025, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Basis for Adverse and Unmodified Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Police Jury and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## **Matter Giving Rise to Adverse Opinion on Aggregate Discretely Presented Component Units**

Management has not included financial data for the Police Jury's legally separate component units in the financial statements. Accounting principles generally accepted in the United States of America require the financial data of those component units to be reported with the financial data of the Police Jury's primary government unless the Police Jury also issues financial statements for the financial reporting entity that include the financial data for its component units. The Police Jury has not issued such reporting entity financial statements. The amount by which this departure would affect the assets, deferred outflow of resources, liabilities, deferred inflows of resources, net position, revenues, and expenses of the aggregate discretely presented component units financial statements has not been determined.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Police Jury's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Police Jury's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Police Jury's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Required Supplementary Information**

The Avoyelles Parish Police Jury has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Accounting principles generally accepted in the United States of America require that the budgetary comparison information and pension schedules on pages 43-51 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### **Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Police Jury's basic financial statements. The accompanying Section 8 housing program financial data schedules, Justice System Funding schedules and the schedule of expenditures of federal awards, as required by Title 2 *U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Section 8 housing program financial data schedule, Justice System Funding schedules and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

## **Other Information**

Management is responsible for the other information included in the annual report. The other information comprises the combining non-major fund financial statements but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

## **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated June 8, 2026, on our consideration of the Police Jury's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Police Jury's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Police Jury's internal control over financial reporting and compliance.

Notes to the Basic Financial Statements

(1) Summary of Significant Accounting Policies

The accompanying financial statements of the Avoyelles Parish Police Jury (Police Jury) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. GAAP includes all relevant Governmental Accounting Standards Board (GASB) pronouncements. The accounting and reporting framework and the more significant accounting policies are discussed in subsequent subsections of this note.

Louisiana Revised Statute 33:1236 gives the Police Jury various powers in regulating and directing the affairs of the parish and its inhabitants. The more notable of these are the powers to make regulations for its own government; to regulate the construction and maintenance of roads, bridges, and drainage systems; to regulate the sale of alcoholic beverages; and to provide for the health and welfare of the poor, disadvantaged and unemployed in the parish. Funding to accomplish these tasks is provided by ad valorem taxes, sales taxes, beer and alcoholic beverage permits, state revenue sharing and various other state and federal grants.

A. Financial Reporting Entity

Avoyelles Parish Police Jury is the governing authority for Avoyelles Parish and is a political subdivision of the State of Louisiana. The Police Jury is governed by nine jurors representing various districts located within the parish. The jurors serve four-year terms.

The financial reporting entity consists of (a) the primary government, (b) organizations for which the primary government is financially accountable (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete, and (d) organizations that are closely related to, or financially integrated with the primary government.

Section 2100 of the 2011 Governmental Accounting Standards Board (GASB) *Codification of Governmental Accounting and Financial Reporting Standards*, "Defining the Financial Reporting Entity", establishes criteria for determining which entities should be considered a component unit and, as such, part of the reporting entity for financial reporting purposes. The basic criteria are as follows:

1. Legal status of the potential component unit including the right to incur its own debt, levy its own taxes and charges, expropriate property in its own name, sue and be sued, and the right to buy, sell and lease property in its own name.
2. Whether the primary government's governing authority appoints a majority of board members of the potential component unit and is able to impose its will on the potential component unit or whether the potential component unit is fiscally dependent on the primary government.

AVOYELLES PARISH POLICE JURY  
Marksville, Louisiana

Notes to the Basic Financial Statements

3. Financial benefit/burden relationship between the primary government and the potential component unit.
4. The nature and significance of the relationship between the potential component unit with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading.

The following component unit is not presented in the accompanying financial statements:

Avoyelles Parish Airport Authority

Financial statements of this individual component unit may be obtained from its administrative office. The component financial data is necessary for reporting in conformity with generally accepted accounting principles.

Related Organizations

The Avoyelles Parish Police Jury appoints a portion of the governing boards of each of the entities described below. The Police Jury is not financially accountable for these organizations and, therefore, they are not component units.

Southwest Water District  
Bunkie Hospital District  
Ward 3 Water District

B. Basis of Presentation

Government-Wide Financial Statements (GWFS)

The statement of net position and statement of activities display information about the reporting government as a whole. They include all the funds of the reporting entity. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange revenues.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the Police Jury's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees, fines, and charges paid by the recipients of goods or services offered by the programs, and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Notes to the Basic Financial Statements

Fund Financial Statements (FFS)

The accounts of the Police Jury are organized on the basis of funds. A fund is an independent fiscal and accounting entity with a separate set of self-balancing accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds is maintained consistently with legal and managerial requirements.

The various funds of the Police Jury are classified as governmental and fiduciary. The emphasis on fund financial statements is on major governmental funds. A fund is considered major if it is the primary operating fund of the Police Jury or meets the following criteria:

- a. Total assets and deferred outflows of resources, liabilities and deferred inflows of resources, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type; and
- b. Total assets and deferred outflows of resources, liabilities and deferred inflows of resources, revenues, or expenditures/expenses of the individual governmental or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

Governmental Funds are those through which the governmental functions of the Police Jury are financed. The acquisition, use and balance of the Police Jury's expendable financial resources and the related liabilities are accounted for through governmental funds. Governmental fund financial statements include a balance sheet and a statement of revenues, expenditures, and changes in fund balances for all major governmental funds and nonmajor funds aggregated. A reconciliation is presented to summarize the differences in fund balances of the governmental fund financial statements and the net position of the governmental activities in the government-wide financial statements.

Fiduciary funds consist of custodial funds of the Police Jury. Custodial funds account for assets held for various local governments. Fiduciary fund statements are prepared using the economic resources measurement focus and full accrual basis of accounting.

The major funds of the Police Jury are described below:

Governmental Funds:

The General Fund is the general operating fund of the Police Jury. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Fund

Special Revenue Funds are used to account for the proceeds of government grants or other specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects of the Police Jury. The following are the Police Jury's major Special Revenue Funds:

The Road and Bridge Fund is used to account for maintenance and upkeep of parish roads and bridges within the respective districts.

The Solid Waste Fund is used to account for the receipt and use of proceeds of three fourths of one percent (3/4%) sales tax used to provide garbage and waste collection and/or disposal for the Parish.

The Health Unit Fund is used to account for the receipt of ad valorem taxes and state revenue sharing revenue used for the maintenance of a health unit, which provides health and welfare services to the citizens of the parish.

The Library Fund is used to account for the receipt of ad valorem taxes and state revenue sharing revenue used for the operation and maintenance of the parish library.

C. Measurement Focus/Basis of Accounting

Measurement Focus

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

On the government-wide statement of net position and the statement of activities, governmental activities are presented using the economic resources measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery) and financial position. All assets and liabilities (whether current or noncurrent) associated with its activities are reported. Government-wide fund equity is classified as net position.

In the fund financial statements, the "current financial resources" measurement focus is used. Only current financial assets and liabilities are generally included on its balance sheet. Their operating statement presents sources and uses of available spendable financial resources during a given period. The funds use fund balance as their measure of available spendable financial resources at the end of the period.

Notes to the Basic Financial Statements

Basis of Accounting

In the government-wide statement of net position and statement of activities, the governmental activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred, or economic asset used. Revenues, expenses, gains, losses, assets, deferred outflows of resources, liabilities, and deferred inflows of resources resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Revenues are classified by source and expenditures are classified by function and character. Expenditures (including capital outlay) generally are recorded when the liability is incurred, as under accrual accounting, however, debt service expenditures are recorded only when payment is due.

Program revenues

Program revenues included in the statement of activities are derived directly from the program itself or from parties outside the Police Jury's taxpayers or citizenry, as a whole; program revenues reduce the cost of the function to be financed from the Police Jury's general revenues.

Allocation of indirect expenses

The Police Jury reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable within a function. Indirect expenses of other functions are not allocated to those functions but are reported separately in the Statement of Activities. Depreciation expense is specifically identified by function and is included in the direct expense of each function. Interest on general long-term debt is considered an indirect expense and is reported separately on the Statement of Activities.

D. Assets, Deferred Outflows, Liabilities, Deferred Inflows and Equity

Cash and interest-bearing deposits

For purposes of the statement of net position, cash and interest-bearing deposits include all demand accounts, savings accounts, and certificates of deposits of the Police Jury. Under state law, the Police Jury may invest in United States bonds, treasury notes, or certificates.

Notes to the Basic Financial Statements

Interfund receivables and payables

During the course of operations, numerous transactions occur between individual funds that may result in amounts owed between funds. Those related to goods and services type transactions are classified as “due to and from other funds.” Short-term interfund loans are reported as “interfund receivables and payables. Long-term interfund loans (noncurrent portion) are reported as “advances to and from other funds.” Interfund receivables and payables between funds within governmental activities are eliminated in the statement of net position.

Receivables

In the government-wide statements, receivables consist of all revenues earned at year-end and not yet received. Major receivable balances for the governmental activities include ad valorem and sales and use taxes. Management has determined that all receivables are collectible therefore no allowance for doubtful accounts is recorded at year end.

Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2025, are recorded as prepaid items.

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the governmental activities’ columns in the government-wide financial statements. Capital assets are capitalized at acquisition cost or estimated cost if acquisition cost is not available. Donated assets are recorded as capital assets at their estimated acquisition value at the date of donation. The Police Jury maintains a threshold level of \$1,000 or more for capitalizing capital assets.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets’ lives are not capitalized. Prior to January 1, 2003, governmental funds’ infrastructure assets were not capitalized. These assets have been valued at estimated acquisition cost.

Depreciation of all exhaustible capital assets is recorded as an allocated expense in the statement of activities with accumulated depreciation reflected in the statement of net position. Depreciation is provided over the assets’ estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

Notes to the Basic Financial Statements

|                                    |             |
|------------------------------------|-------------|
| Buildings and improvements         | 20-40 years |

| Infrastructure                     | 20 years    |

In the fund financial statements, capital assets used in governmental fund operations are accounted for as expenditures of the governmental fund upon acquisition.

Long-term debt

The accounting treatment of long-term debt depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in government-wide or fund financial statements. The Police Jury does not have any proprietary funds.

All long-term debt to be repaid from governmental resources is reported as liabilities in the government-wide statements.

Long-term debt for governmental funds is not reported as liabilities in the fund financial statements. The debt proceeds are reported as other financing sources and payment of principal and interest reported as expenditures.

Compensated Absences

After six months of service, employees of the Police Jury earn annual leave at the rate of 5 to 15 days each year, depending upon their length of service. Unused annual leave may be carried forward from year to year by employees, not to exceed 120 days (960 hours) for employees hired prior to April 2011 and 60 days (480 hours) for employees hired after April 2011. Upon termination, employees are paid for accumulated annual leave at the employee's current rate of pay.

Employees of the Police Jury receive from 5 to 15 days of sick leave each year, depending upon their length of service. Unused sick leave may be carried forward from year to year not to exceed 120 days. Upon termination, unused sick leave is forfeited.

At December 31, 2025, employees of the Police Jury had accumulated and vested leave benefits totaling \$151,888.

Deferred Outflows of Resources and Deferred Inflows of Resources

In some instances, GASB requires a government to delay recognition of decreases in net position as expenditures and increases in net position as revenues until a future period. In these circumstances, deferred outflows of resources and deferred inflows of resources result from the delayed recognition of expenditures or revenues, respectively.

Notes to the Basic Financial Statements

Equity Classifications

In the government-wide statements, equity is classified as net position and displayed in three components:

- a. Net investment in capital assets – consists of net capital assets reduced by outstanding balances of any related debt obligations and deferred inflows of resources attributable to the acquisition, construction, or improvement of those assets and increased by balances of deferred outflows of resources related to those assets.
- b. Restricted net position – consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation. Restricted net position is reduced by liabilities and deferred inflows of resources related to the restricted assets.
- c. Unrestricted net position – consists of all other net position that does not meet the definition of “restricted” or “net investment in capital assets.”

In the fund financial statements, governmental fund equity is classified as fund balance. Fund balances for governmental funds are classified as follows:

- a. Non-spendable – amounts that cannot be spent either because they are not in spendable form or because of legal or contractual constraints requiring they remain intact.
- b. Restricted - amounts that are constrained for specific purposes which are externally imposed by providers, such as creditors, grantors, contributors, or amounts constrained due to constitutional provisions or enabling legislation or the laws or regulations of other governments.
- c. Committed - amounts that are constrained for specific purposes that are internally imposed by the Police Jury through formal legislative action and do not lapse at year end. A committed fund balance constraint can only be established, modified, or rescinded by passage of ordinances or resolutions approved by Police Jury members.
- d. Assigned - amounts that are constrained by the Police Jury’s intent to be used for specific purposes that are neither restricted nor committed. The assignment of fund balance is authorized by a directive from the Police Jury’s Treasurer and approved by a resolution of the Police Jury members.
- e. Unassigned – all other spendable amounts.

AVOYELLES PARISH POLICE JURY  
Marksville, Louisiana

Notes to the Basic Financial Statements

When an expenditure is incurred for the purposes for which both restricted and unrestricted fund balance is available, the Police Jury considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the Police Jury considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the Police Jury has provided otherwise in its commitment or assignment actions.

E. Revenues, Expenditures, and Expenses

Revenues

The Police Jury considers revenue to be susceptible to accrual in governmental funds as it becomes measurable and available, as defined under the modified accrual basis of accounting. The Police Jury generally defines the availability period for revenue recognition as received within sixty (60) days of year end. The Police Jury's major revenue sources that meet this availability criterion are taxes, and intergovernmental revenues (including grant revenues). Grant revenues are revenues derived from federal, state, and private grants. These revenues are recognized when all applicable eligibility requirements are met and are reported as intergovernmental revenues. Interest income is recorded as earned in the fund holding the interest-bearing asset. All other revenues are recorded when received.

Ad valorem taxes attach as an enforceable lien on property as of January 1 of each year. Taxes are levied in October and are actually billed to taxpayers in November. Billed taxes become delinquent on January 1 of the following year. The taxes are based on assessed values determined by the Avoyelles Parish Tax Assessor and are collected by the Avoyelles Parish Sheriff. Property tax revenues are recognized when levied to the extent that they result in current receivables.

Expenditures/Expenses

In government-wide financial statements, expenses are classified by function for governmental activities. In the fund financial statements, expenditures of governmental funds are classified by character. In the fund financial statements, governmental funds report expenditures of financial resources.

Other Financing Sources (Uses)

Transfers between funds that are not expected to be repaid are accounted for as other financing sources (uses) when the transfer is authorized by the members of the Police Jury.

F. Revenue Restrictions

The Police Jury has various restrictions placed on certain revenue sources received from the state or local sources. The proceeds from the 1% sales and use tax levy are dedicated to maintaining roads and bridges as well as providing solid waste

collection and disposal services. A motel tax is dedicated for tourism inducement while the proceeds from a special property tax assessed on all property located in Road District No. 2 is dedicated to improving, maintaining, and operating roads, bridges, and drainage within District No. 2.

G. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows, liabilities and deferred inflows, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. These estimates include assessing the collectability of accounts receivable and the useful lives and impairment of tangible and intangible assets, among others. Estimates and assumptions are reviewed periodically, and the effects of revisions are reflected in the period they are determined to be necessary. Actual results could differ from those estimates.

H. Pensions

The net pension liability/(asset), deferred outflows of resources, and deferred inflows of resources related to pensions, and pension expense, (described in more detail in Note 6), has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. Non-employer contributions are recognized as revenues in the government-wide and proprietary fund financial statements. In the governmental fund financial statements contributions are recognized as expenditures when due.

(2) Cash and Interest-Bearing Deposits

Under state law, the Police Jury may deposit funds within a fiscal agent bank organized under the laws of the State of Louisiana, the laws of any other state in the Union, or the laws of the United States. The Police Jury may invest in direct obligations of the United States government, bonds, debentures, notes, or other evidence of indebtedness issued or guaranteed by federal agencies and/or the United States government, and time certificates of deposit of state banks organized under Louisiana law and national banks having principal offices in Louisiana. These deposits are stated at cost, which approximates market.

At year-end, the Police Jury participated in an Insured Cash Sweep (ICS) Deposit Placement Agreement, which allows funds to be placed into interest-bearing deposit accounts at multiple FDIC-insured banks through a single local bank relationship. The ICS program enables the Police Jury to access full FDIC insurance coverage on deposits exceeding the standard insurance limit of \$250,000, while maintaining liquidity and earning interest. As of December 31, 2025, cash deposits totaling \$13,988,814 were placed through the ICS program and were fully FDIC insured.

Notes to the Basic Financial Statements

Custodial credit risk for deposits is the risk that in the event of the failure of a depository financial institution, the Police Jury may not recover its deposits or not be able to recover the collateral securities that are in the possession of an outside party. The Police Jury does not have a policy for custodial credit risk; however, under state law these deposits, (or the resulting bank balances) must be secured by federal deposit insurance or similar federal security of the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent bank. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

The following is a summary of deposit balances (bank balances), and the related federal insurance and pledged securities:

|                                                                          |                      |

(5) Unearned Revenues

Unearned revenue consisted of \$36,260 related to the Section 8 Housing Choice Vouchers program and \$200,900 related to a FEMA grant.

(6) Pension Plans

The Police Jury participates in three cost-sharing defined benefit plans, each administered by separate public employee retirement systems. Article X, Section 29(F) of the Louisiana Constitution of 1974 assigns the authority to establish and amend benefit provisions of all plans administered by these public employee retirement systems to the State Legislature. These plans are not closed to new entrants. Substantially all Police Jury employees participate in one of the following retirement systems:

**Plan Descriptions**

Parochial Employees' Retirement System (PERS) provides retirement, disability, and survivor benefits to eligible employees and their beneficiaries as defined in LRS 11:1901 and 11:1941. The Police Jury participates in Plan B.

Louisiana State Employees' Retirement System (LASERS) provides retirement, disability, and survivor benefits to eligible employees and their beneficiaries as defined in the Louisiana Revised Statutes. The age and years of creditable service required in order for a member to receive retirement benefits are established by LRS 11:441 and vary depending on the member's hire date, employer and job classification.

Registrar of Voters Employees' Retirement System (ROVERS) provides retirement, disability, and survivor benefits to eligible registrars of voters in each parish, their deputies, their permanent employees, and their beneficiaries as defined in the Louisiana Revised Statutes. Eligibility for retirement benefits and the computation of retirement benefits are defined in LRS 11:2071-2072.

Each system's financial statements are prepared using the accrual basis of accounting. Employer and employee contributions are recognized in the period in which the employee is compensated for the services performed. Benefits and refunds are recognized when they are due and payable in accordance with the terms of each plan. Interest income is recognized when earned. Ad valorem taxes and revenue sharing monies are recognized in the year collected by the tax collector.

A brief summary of eligibility and benefits of the plans are provided in the following table.

**Contributions**

Article X, Section 29 (E)(2)(a) of the Louisiana Constitution of 1974 assigns the authority to determine employee contributions to the Legislature. Employer contributions are actuarially determined using statutorily established methods on an annual basis and are constitutionally required to cover the employer's portion of the normal cost and provide for the amortization of the unfunded accrued liability. Employer contributions are adopted by the Legislature annually upon recommendation of the Public Retirement Systems' Actuarial Committee. In addition, each plan receives a percentage of ad valorem taxes collected by the parish. These entities are not considered to be participating employers in the pension systems and are considered to be non-employer contributing entities.

Contributions of employers and non-employer contributing entities effective for the year ending June 30, 2025 for all plans except PERS (December 31, 2024) were as follows:

**Net Pension Liability\ (Asset)**

The Police Jury's net pension liability\ (asset) at December 31, 2025 is comprised of its proportionate share of the net pension liability\ (asset) relating to each of the cost-sharing plans in which the Police Jury is a participating employer. The Police Jury's net pension liability\ (asset) for each plan was measured as of the plans' measurement date (June 30, 2025 for all plans except PERS and December 31, 2024 for PERS) and the total pension liability\ (asset) used to calculate the net pension liability\ (asset) was determined by an actuarial valuation as of that date. The Police Jury's proportionate share of the net pension liability\ (asset) for each of the plans in which it participates was based on the Police Jury's required contributions in proportion to total required contributions for all employers. As of the most recent measurement date, the Police Jury's proportion for each plan and the change in proportion from the prior measurement date were as follows:

Notes to the Basic Financial Statements

Since the measurement date of the net pension liability was June 30, 2025 for all plans except PERS (December 31, 2024 for PERS), the net pension liability\ (asset) is based upon fiduciary net position for each of the plans as of those dates. Detailed information about each pension plan's assets, deferred outflows, deferred inflows, and fiduciary net position that was used in the measurement of the Police Jury's net pension liability\ (asset) is available in the separately issued plan financial reports for those fiscal years. The financial report for each plan may be accessed on their website as follows:

Notes to the Basic Financial Statements

**Cost of Living Adjustments**

The pension plans in which the Police Jury participates have the authority to grant cost-of-living adjustments (COLAs) on an ad hoc basis. COLAs may be granted to the state system (LASERS) if approved with a two-third vote of both houses of the Legislature, provided the plan meets certain statutory criteria related to the funded status and interest earnings. Pursuant to LRS 11:242(B), the power of the Board of Trustees of the statewide systems (PERS and ROVERS) to grant a COLA is effective in calendar years that the legislature fails to grant a COLA, unless in the legislation granting a COLA, the legislature authorizes the Board of Trustees to provide an additional COLA. The authority to grant a COLA by the Board is subject to the funded status and interest earnings. The effects of the benefit changes made as a result of the COLAs are included in the measurement of the total pension liability as of the measurement date at which the ad hoc COLA was granted and the amount is known and reasonably estimable.

**Discount Rate**

The discount rates used to measure the Police Jury's total pension liability\asset for each plan and the significant assumptions used in the determination of the discount rate for each plan are as follows:

|                                              | <u>PERS</u> | <u>LASERS</u> | <u>ROVERS</u> |

| Rates incorporated in the Discount Rate:     |             |               |               |
| Long-term Rate of Return                     | 7.13%       | 5.75%         | 8.37%         |
| Periods applied                              | All         | All           | All           |
| Municipal Bond Rate                          | N/A         | N/A           | N/A           |

The discount rates used to measure the Police Jury's total pension liability\asset for each plan are equal to the long-term expected rate of return on pension plan investments that are expected to be used to finance the payment of benefits.

For LASERS and ROVERS, the long-term expected rate of return for each plan was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation and an adjustment for the effect of rebalancing/diversification.

AVOYELLES PARISH POLICE JURY  
Marksville, Louisiana

Notes to the Basic Financial Statements

For PERS the rate was determined using a triangulation method which integrated the Capital Asset Pricing Model (CAPM), a treasury yield curve approach and an equity building block model. Risk return and correlation are projected on a forward-looking basis in equilibrium, in which best-estimates of expected future real rates of return are developed for each major asset class. These rates are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation and an adjustment for the effect of rebalancing/diversification.

The target allocation and best estimates of arithmetic/geometric real rates of return for each major asset class are summarized for each plan in the following tables:

| Asset Class                | PERS*             |                                   | LASERS**          |                                   | ROVERS*           |                                   |

**Payables to Pension Plans**

At December 31, 2025, the Police Jury reported \$32,043 of outstanding contributions due to the Systems for the current year.

(7) Litigation and Claims

The Police Jury's legal counsel has reviewed various claims and lawsuits in order to evaluate the likelihood of an unfavorable outcome to the Police Jury and to arrive at an estimate, if any, of the amount of potential loss to the Police Jury. As of December 31, 2025, no amounts have been incurred which would require accrual.

(8) Federal Compliance Contingencies

The Police Jury receives grants for specific purposes that are subject to review and audit by governmental agencies. Such audits could result in a request for reimbursement by the grantor for expenditures disallowed under the terms and conditions of the appropriate agency.

(9) Risk Management

The Jury is exposed to risks of loss in the areas of health care, general and auto liability, property hazards and workers' compensation and employee dishonesty. All of these risks are handled by purchasing commercial insurance coverage. There have not been any significant reductions in the insurance coverage during the year, nor have settlements exceeded insurance coverage for the past three years. Due to current insurance market conditions, the Police Jury is retaining the risk for its general liability exposures in areas where there is no affordable insurance coverage available.

(10) Deficit Fund Balance

The Off-Duty Witness Fee Fund, and 12th Judicial District Court Fund, nonmajor special revenue funds, reported a deficit fund balance of \$7,842, and \$17,181, respectively, at December 31, 2025. The Road District No. 2 Debt Service Fund, a nonmajor debt service fund, reported a deficit fund balance of \$11,258 at December 31, 2025. These deficits are to be eliminated by increasing revenues and/or reducing expenditures in future years.

(14) Leases

During the year ended December 31, 2024, the Police Jury implemented GASB No. 87, *Leases* for accounting and reporting leases that had previously been reported as operating leases. A summary of the major leases entered into by the Police Jury can be found below. In accordance with the standards of GASB 87, the Police Jury recognizes a lease liability and an intangible right-to use lease asset (lease asset) in the government-wide financial statements and recognizes proceeds from leased liabilities (as another financing source) as well as the leased asset (as an expenditure in the related function) in the fund financial statements.

In October 2022, the Police Jury entered into two equipment leases for \$217,429 each. The leases require monthly installments of \$3,619 each through their maturity in September 2027. The equipment leases were entered into for the use of two (2) John Deere graders and are used to provide services under the public works function of the Police Jury. Events of default are outlined in the executed lease agreements and include failure to remit payments in a timely manner. The remedy in the event of a default under the lease agreement consists of several actions and includes payment of amount owed with additional interest charges monthly, as well as relinquishing the leased equipment.

The Police Jury has entered into multiple lease agreements for general and administrative equipment for a combined amount of \$189,269, due in monthly installments ranging from \$49 to \$397 with maturities ranging from September 2023 - October 2028. Events of default are outlined in the executed lease agreements and include failure to remit payments in a timely manner. The remedy in the event of default under the lease agreement consists of several actions and includes payment of the amount owed with additional interest charged monthly, as well as relinquishing the leased equipment.

The following is a schedule of the future minimum lease payments

(15) National Opioid Settlement

In 2021, a nationwide settlement was reached to resolve all opioid litigation brought by several states and local political subdivisions against the three largest pharmaceutical distributors, McKesson, Cardinal Health, and AmerisourceBergen ("Distributors") as well as Janssen Pharmaceuticals, Inc. and its parent company Johnson & Johnson (collectively, "J&J"). This national settlement has been finalized, with payments beginning during 2023. In all, the Distributors are expected to pay up to \$21 billion over an 18-year period while J&J will pay up to an additional estimated \$5 billion over no more than a 9-year period.

Notes to the Basic Financial Statements

The State of Louisiana has created an Opioid Abatement Taskforce to advise the State's Attorney General, as well as local parishes and municipalities, about the priorities that should be addressed as part of the opioid epidemic. The Taskforce is also responsible for monitoring the expenditure of settlement proceeds as well as the results achieved by initiatives funded by the settlement proceeds. A State Memorandum of Understanding outlines acceptable uses of the settlement funds and reporting requirements. Funds received from the state under this settlement that have not been spent on approved purposes are to be reported as restricted fund balance until allowable expenditures are incurred.

For the year ended December 31, 2025, the Police Jury recorded \$337,333 of Opioid Settlement proceeds and \$440,000 of related expenditures in the General Fund. The Police Jury anticipates receiving approximately \$3.16 million of settlement proceeds over the next 16 years.

(16) Commitments and Contingencies - Louisiana Department of Environmental Quality

On or about May 10, 2022 the Louisiana Department of Environmental Quality (LA-DEQ) conducted an inspection of the Avoyelles Parish Police Jury's (APPJ) Parish Barn facility to determine the degree of compliance with the Louisiana Environmental Quality Act (the Act). While the investigation by the LA-DEQ is ongoing, the actions taken in 2022 identified numerous violations of the Act resulting in the issuance of a *Consolidated Compliance Order & Notice of Potential Penalty* (Compliance Order) on January 05, 2023.

The Compliance Order outlines eighteen (18) separate actions that are required to be performed within a specified timeline to eliminate the violations and comply with the Act. The Compliance Order also includes a *Notice of Potential Penalty*, pursuant to LA R.S. 30:2050.3(B), that serves as notice to the APPJ that LA-DEQ is considering the issuance of a penalty assessment for the violations. Civil penalties of not more than thirty-two thousand five hundred dollars (\$32,500) may be assessed for each day of continuing violation. Failure or refusal to comply with the Compliance Order could result in possible enforcement procedures under LA R.S. 30:2025, and the assessment of a civil penalty in an amount of not more than fifty thousand dollars (\$50,000) for each day of continued violation or noncompliance.

At December 31, 2025, APPJ completed remediation efforts related to the Compliance Order and has entered into discussions with LA-DEQ to resolve the Notice of Penalty phase of the enforcement order.

(17) Recently Adopted Accounting Pronouncements

During the year ended December 31, 2025, the Avoyelles Parish Police Jury implemented GASB Statement No. 102, *Certain Risk Disclosures*, which requires governments to disclose certain concentrations and constraints that may make the government vulnerable to the risk of substantial impact. The implementation of this statement had no effect on the financial statements for the year ended December 31, 2025.

(18) New Accounting Pronouncements.

The Governmental Accounting Standards Board (GASB) issued several statements that are not yet effective and have not been implemented by the Avoyelles Parish Police Jury (APPJ) as of December 31, 2025. Management is currently evaluating the impact of these pronouncements but has not yet determined their full effect on APPJ's financial statements.

GASB Statement No. 103, *Financial Reporting Model Improvements*, is effective for fiscal years beginning after June 15, 2025. This statement modifies the existing financial reporting model, including management's discussion and analysis, presentation of unusual or infrequent items, and certain financial statement formats.

GASB Statement No. 104, *Disclosure of Certain Capital Assets*, is effective for fiscal year 2026 and requires additional disclosures related to capital assets, including lease assets and intangible right-to-use assets.

GASB Statement No. 105, *Subsequent Events*, issued in December 2025, establishes guidance for the recognition and disclosure of events occurring after the financial statement date but prior to issuance. This statement is effective for fiscal years beginning after June 15, 2026.

In addition, GASB issued *Implementation Guide 2025-1*, which provides clarification on the application of various existing standards. The provisions are generally effective for periods beginning after June 15, 2025.

Notes to the Budgetary Comparison Schedules  
For the Year Ended December 31, 2025

(1) Budgets and Budgetary Accounting

The Avoyelles Parish Police Jury follows these procedures in establishing the budgetary data reflected in the financial statements:

1. The Secretary-Treasurer prepares and submits the proposed budget to the parish governing authority prior to the fifteenth day of the fiscal year for which the budget is to be applicable.
2. A summary of the proposed budget is published, and the public is notified that the proposed budget is available for public inspection. At the same time, a public hearing is called.
3. A public hearing is held on the proposed budget at least ten days after publication of the call for a hearing.
4. After the holding of the public hearing and completion of all action necessary to finalize and implement the budget, the budget is legally adopted prior to the commencement of the fiscal year for which the budget is being adopted.
5. All budgetary appropriations lapse at the end of each fiscal year.
6. The budget is adopted on a basis consistent with generally accepted accounting principles (GAAP). Budgeted amounts included in the accompanying financial statements are as originally adopted or as finally amended by the Avoyelles Parish Police Jury.

(2) Excess Expenditures Over Appropriations

The Avoyelles Parish Police Jury incurred expenditures in excess of appropriations in the Solid Waste Fund.

### INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Members of the Police Jury  
Avoyelles Parish  
Marksville, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Avoyelles Parish Police Jury (Police Jury), as of and for the year ended December 31, 2025, and the related notes to the financial statements, which collectively comprise the Police Jury's basic financial statements, and have issued our report thereon dated June 8, 2026.

#### Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Police Jury's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Police Jury's internal control. Accordingly, we do not express an opinion on the effectiveness of the Police Jury's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify certain deficiencies in internal

control, described in the accompanying schedule of findings and questions costs as items 2025-001, 2025-002, 2025-003, and 2025-004 that we consider to be significant deficiencies.

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Police Jury's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not the objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matter that is required to be reported under *Government Auditing Standards*, and which is described in the accompanying schedule of findings and questioned costs as item 2025-005.

### **Avoyelles Parish Police Jury's Response to Findings**

*Government Auditing Standards* requires the auditor to perform limited procedures on the Police Jury's response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. The Police Jury's response was not subject to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. Although the intended use of this report may be limited, under Louisiana Revised Statute 24:513, this report is distributed by the Louisiana Legislative Auditor as a public document.

## INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Members of the Police Jury  
Avoyelles Parish  
Marksville, Louisiana

### Report on Compliance for Each Major Federal Program

#### *Opinion on Each Major Federal Program*

We have audited Avoyelles Parish Police Jury's (Police Jury) compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Police Jury's major federal programs for the year ended December 31, 2025. The Police Jury's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Avoyelles Parish Police Jury complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major program for the year ended December 31, 2025.

#### *Basis for Opinion on Each Major Federal Program*

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Police Jury and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Police Jury's compliance with the compliance requirements referred to above.

### ***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Police Jury's federal programs.

### ***Auditor's Responsibilities for Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Police Jury's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Police Jury's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Police Jury's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Police Jury's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Police Jury's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### ***Report on Internal Control over Compliance***

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose. Although the intended use of this report may be limited, under Louisiana Revised Statute 24:513, this report is distributed by the Louisiana Legislative Auditor as a public document.

Schedule of Current and Prior Year Audit Findings  
and Management's Corrective Action Plan  
Year Ended December 31, 2025

Part I: Current Year Findings and Management's Corrective Action Plan

A. Internal Control Over Financial Reporting

2025-001 Inadequate Segregation of Accounting Functions

Fiscal year finding initially occurred: Unknown

CONDITION: The Avoyelles Parish Police Jury did not have adequate segregation of functions within the accounting system.

CRITERIA: AU-C §315.04, *Understanding the Entity and its Environment and Assessing the Risks of Material Misstatement*, defines internal control as follows:

“Internal control is a process, affected by those charged with governance, management, and other personnel, designed to provide reasonable assurance about the achievement of objectives with regard to reliability of financial reporting, effectiveness and efficiency of operations, and compliance with applicable laws and regulations.”

CAUSE: The cause of the condition is the fact that the Police Jury does not have a sufficient number of staff performing administrative and financial duties so as to provide adequate segregation of accounting and financial duties.

EFFECT: Failure to adequately segregate accounting and financial functions increases the risk that errors and/or irregularities including fraud and/or defalcations may occur and not be prevented and/or detected.

RECOMMENDATION: Management should evaluate the cost vs. benefit of complete segregation and whenever possible should reassign incompatible duties among different employees to ensure that a single employee does not have control of more than one of the following responsibilities: (1) authorization; (2) custody; (3) recordkeeping; and (4) reconciliation.

MANAGEMENT'S CORRECTIVE ACTION PLAN: The Police Jury concurs with this audit finding. Due to the size of staffing, the achievement of adequate segregation of duties is desirable, but cost prohibitive. All efforts are made to segregate duties where feasible. In an effort to establish more sound controls the Police Jury monitors activity and balances in all fund accounts.

2025-002     Application of Generally Accepted Accounting Principles (GAAP)

Fiscal year finding initially occurred: 2007

CONDITION: Management and staff lack the expertise and/or experience in the selection and application of generally accepted accounting principles, as applicable to governmental entities in the financial statement preparation process.

CRITERIA: The Police Jury's internal control over financial reporting includes policies and procedures that pertain to its ability to record, process, summarize, and report financial data consistent with the assertions embodied in the financial statements, including the ability of management and staff to detect potential misstatements that may exist in the financial statements and related disclosures."

CAUSE: The cause of the condition results from a reliance on the external auditor as part of the internal control process.

EFFECT: Financial statements and related supporting transactions may reflect a departure from generally accepted accounting principles.

RECOMMENDATION: Management should evaluate the additional costs required to achieve the desired benefit and determine if it is economically feasible in relation to the benefit received.

MANAGEMENT'S CORRECTIVE ACTION PLAN: We evaluated the cost vs. benefit of establishing enhanced internal controls over financial statement preparation and determined that it would not be cost effective to enhance these controls. Currently, our financial staff receive annual training related to their job duties and we carefully review the financial statements, related notes, and proposed adjustments. All questions are adequately addressed by our auditors, which allows us to appropriately supervise these functions. We feel the appropriate steps have been taken to reduce the financial statement risk related to this finding.

2025-003     Reconciliation of Significant Account Balances

Fiscal year finding initially occurred: 2021

CONDITION: During the performance of our audit procedures, it was noted that reoccurring reconciliations performed on various significant account balances contained significant errors and/or omissions.

AVOYELLES PARISH POLICE JURY  
Marksville, Louisiana

Schedule of Current and Prior Year Audit Findings  
and Management's Corrective Action Plan  
Year Ended December 31, 2025

CRITERIA: AU-C §315.04, *Understanding the Entity and its Environment and Assessing the Risks of Material Misstatement*, defines internal control as follows: "Internal control is a process, affected by those charged with governance, management, and other personnel designed to provide reasonable assurance about the achievement of objectives with regard to reliability of financial reporting, effectiveness and efficiency of operations, and compliance with applicable laws and regulations."

CAUSE: Failure to maintain effective internal controls over significant account balance reconciliations.

EFFECT: Failure to maintain existing internal controls over significant account balance reconciliations could lead to errors or misstatements that, if remain uncorrected, could materially misstate the financial statements.

RECOMMENDATION: Management should review current internal controls and job assignments to ensure adequate time is available to properly maintain complete and accurate financial statements.

MANAGEMENT'S CORRECTIVE ACTION PLAN: The Police Jury will develop, review and implement internal controls to ensure all significant account balances are accurately reconciled in a timely manner.

2025-004     Adherence to Police Jury Policies and Procedures

Fiscal year finding initially occurred: 2024

CONDITION: A review of employee timecards and payroll records identified multiple violations of the Police Jury's payroll policies and procedures, including miscalculations, improper holiday coding, and lack of oversight for supervisory time records.

CRITERIA: AU-C §315.04, *Understanding the Entity and its Environment and Assessing the Risks of Material Misstatement*, defines internal control as follows: "Internal control is a process, affected by those charged with governance, management, and other personnel designed to provide reasonable assurance about the achievement of objectives with regard to reliability of financial reporting, effectiveness and efficiency of operations, and compliance with applicable laws and regulations."

AVOYELLES PARISH POLICE JURY  
Marksville, Louisiana

Schedule of Current and Prior Year Audit Findings  
and Management's Corrective Action Plan  
Year Ended December 31, 2025

CAUSE: The condition resulted from a failure to enforce existing payroll and attendance policies, lack of documentation, and an absence of clear procedures for oversight of supervisory time and holiday authorizations.

EFFECT: Weaknesses in internal controls over timekeeping and payroll may result in inaccurate payroll processing, unauthorized compensatory time accruals, inconsistent treatment of holidays, and lack of accountability for supervisory personnel. If uncorrected, these deficiencies could result in financial misstatements or noncompliance with labor and policy requirements.

RECOMMENDATION: Management should review its policies and procedures to clarify the nature and extent of supervisory compensation time, as well as the review of the supervisor's time records. Management should also ensure that it adheres to and enforces the policies and procedures in place as it relates to payroll and attendance policies.

MANAGEMENT'S CORRECTIVE ACTION PLAN: The Police Jury will develop, review, and implement internal controls to ensure all significant compensated absences account balances are accurately reconciled in a timely manner.

CAUSE: The Louisiana Department of Environmental Quality conducted site inspections and subsequent file review of the Avoyelles Parish Barn facility in 2022 resulting in the identification of violations of the Louisiana Environmental Quality Act and supporting regulations.

Avoyelles Parish Police Jury respectfully submits the following schedule of current audit findings for the for the year ended December 31, 2025.

**Audit conducted by:**

Kolder, Slaven & Company, LLC

1428 Metro Dr.

Alexandria, LA 71301

**Audit Period:** Fiscal year ended December 31, 2025

The findings from the December 31, 2025 schedule of findings and questioned costs are discussed below. Each finding is numbered consistently with the number assigned to the schedule.

**FINDING – FINANCIAL AUDIT**

Significant Deficiencies

Internal Control:

2025-001 Inadequate Segregation of Accounting Functions

**RECOMMENDATION:** Management should evaluate the cost vs. benefit of complete segregation and whenever possible should reassign incompatible duties among different employees to ensure that a single employee does not have control of more than one of the following responsibilities: (1) authorization; (2) custody; (3) recordkeeping; and (4) reconciliation.

**CORRECTIVE ACTION PLAN:** The Police Jury concurs with the audit finding. Due to the size of staffing, the achievement of adequate segregation of duties is desirable, but cost prohibitive. All efforts are made to segregate duties where feasible. In an effort to establish more sound controls the Police Jury monitors activity and balances in all fund accounts.

2025-002 Application of Generally Accepted Accounting Principles (GAAP)

**RECOMMENDATION:** Management should evaluate the additional costs required to achieve the desired benefit and determine if it is economically feasible in relation to the benefit received.

**CORRECTIVE ACTION PLAN:** We evaluated the cost vs. benefit of establishing enhanced internal controls over financial statement preparation and determined that it would not be cost effective to enhance these controls. Currently, our financial staff receive annual training related to their job duties and we carefully review the financial statements, related notes, and proposed adjustments.

All questions are adequately addressed by our auditors, which allows us to appropriately supervise these functions. We feel the appropriate steps have been taken to reduce the financial statement risk related to this finding.

#### 2025 -003 Reconciliation of Significant Account Balances

RECOMMENDATION: Management should review current internal controls and job assignments to ensure adequate time is available to properly maintain complete and accurate financial statements.

CORRECTIVE ACTION PLAN: The Police Jury will develop, review, and implement internal controls to ensure all significant account balances are accurately reconciled in a timely manner.

#### 2025-004 Adherence to Police Jury Policies and Procedures

RECOMMENDATION: Management should review its policies and procedures to clarify the nature and extent of supervisory compensation time, as well as the review of the supervisor's time records. Management should also ensure that it adheres to and enforces the policies and procedures in place as it relates to payroll and attendance policies.

CORRECTIVE ACTION PLAN: The Police Jury will develop, review, and implement internal controls to ensure all significant compensated absences account balances are accurately reconciled in a timely manner.

#### Compliance and Other Matters

#### 2025-005 Violations of the Louisiana Environmental Quality Act

RECOMMENDATION: Management should take steps to complete the various orders outlined in the Consolidated Compliance Order & Notice of Potential Penalty as well as develop and implement policies and procedures to ensure compliance with all state and federal environmental laws and regulations.

CORRECTIVE ACTION PLAN: Management continues to engage the services of Advanced Environmental Compliance, LLC to coordinate its response to the Louisiana Department of Environmental Quality as well as provide guidance with developing and implementing policies and procedures to ensure compliance with all environmental rules and regulations in the future.

The findings noted above will be evaluated and corrective action will be taken as indicated in each respective finding. If there are questions regarding the plan, please call Jamey Wiley, Secretary/Treasurer, at 318-253-9208.

Sincerely,

Jamey Wiley
