INDEPENDENT AUDITORS' REPORT

To the Board of Commissioners of
St. Charles Parish Hospital Service District
Luling, Louisiana

Report on the Financial Statements

We have audited the accompanying financial statements of St. Charles Parish Hospital Service District (the Hospital), a component unit of St. Charles Parish, as of and for the years ended December 31, 2018 and 2017, and the related notes to the financial statements, which collectively comprise the Hospital's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Hospital, a component unit of St. Charles Parish, as of December 31, 2018 and 2017, and the changes in its net position and cash flows for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Management has elected to omit Management's Discussion and Analysis (MD&A) that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Hospital's basic financial statements. The Schedule of Compensation, Benefits, and Other Payments to Agency Head, Schedule of Board of Commissioners and Compensation, and the Schedule of Bonds are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Schedule of Compensation, Benefits, and Other Payments to Agency Head, Schedule of Board of Commissioners and Compensation, and the Schedule of Bonds are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Board of Commissioners and Compensation, and the Schedule of Bonds are fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated May 28, 2019, on our consideration of the Hospital's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Hospital's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Hospital's internal control over financial reporting and compliance.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

St. Charles Parish Hospital Service District (the Hospital), a special district and component of St. Charles Parish (the Parish), was formed for the purpose of operating St. Charles Parish Hospital, a non-profit community hospital established in 1956. The Board of Commissioners is the governing authority for the Hospital and is responsible for obtaining voter approval for the levy of tax or debt issuance, but all related Louisiana State Bond Commission approvals must be obtained through the Parish.

On September 1, 2014, the Hospital entered into a management agreement with a wholly-owned subsidiary of Ochsner Health System, to provide management, staff, and other assistance to operate the Hospital. This expanded affiliation enables the Hospital to further enhance existing clinical services while simultaneously improving resources, including operational efficiencies (see Note 15).

Component Units

The Hospital follows the requirements under GASB Statement No. 61, *The Financial Reporting Entity: Omnibus – An Amendment of GASB Statements No. 14 and No. 34.* The financial statements of the Hospital include the accounts of the Hospital and its wholly owned component units, St. Charles Hospital Continuum of Care Corporation, St. Charles Hospital Services Corporation, and Plantation View Medical Offices. The significant intercompany transactions and balances have been eliminated.

The St. Charles Hospital Continuum of Care Corporation (SCHCCC) was incorporated on August 10, 2006 with a subsequent name change to St. Charles Health Initiatives, Inc. (SCHII). SCHII is a non-profit hospital that principally provides housing, healthcare, and other related services to residents. SCHII maintains a shared governing board and receives funding through the Hospital Service District. Due to the level of control and the financial benefit/burden relationship with the District that exists, SCHII is considered a blended component unit of the District for accounting purposes.

St. Charles Hospital Services Corporation (the Corporation) is a non-profit entity that, while legally separate from the Hospital, is reported as if it were a part of the Hospital because of the presence of a shared governing body with the Hospital. As a component unit of the Hospital, the operations of the Corporation are included in the financial statements of the Hospital; however, the operations of the Corporation became dormant. During the year ended December 31, 2007, the Corporation changed its name to the St. Charles Continuum of Care Corporation after the SCHCCC mentioned above changed its name to St. Charles Health Initiatives, Inc. As a blended component unit of the Hospital, the operations of the Corporation are included in the financial statements of the Hospital for the years ended December 31, 2018 and 2017.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Component Units (Continued)

On December 2, 2013, Plantation View Medical Offices (PVMO) was formed with St. Charles Parish Hospital being the sole member. PVMO was formed as a not-for-profit corporation for the purpose of building a medical office building on the east bank of St. Charles Parish. On January 13, 2014, PVMO received a donation of land that was appraised at $714,000. PVMO also secured financing in the amount of $14,700,000, to build the medical office building. The financing is a mixture of New Markets Tax Credits, a commercial loan, and a grant from the Hospital. Construction was substantially completed in March of 2016. As a blended component unit of the Hospital, the operations of PVMO are included in the financial statements of the Hospital for the years ended December 31, 2018 and 2017.

Basis of Accounting

The Hospital reports in accordance with accounting principles generally accepted in the United States as specified by the American Institute of Certified Public Accountants' Audits of Health Care Entities and, as a governmental entity, also reports in accordance with accounting principles promulgated by the Governmental Accounting Standards Board (GASB), for proprietary funds. As such, the Hospital utilizes the enterprise fund method of accounting whereby revenues and expenses are recognized on the accrual basis. SCHII, the Corporation, and PVMO also use the accrual method.

Cash and Cash Equivalents

Cash and cash equivalents include investments in highly liquid debt instruments with maturities of three months or less, excluding amounts whose use is limited by board designation, other arrangements under trust agreements, or with third-party payors.

Restricted Cash

The Hospital's restricted cash includes cash received through the New Markets Tax Credits transaction whose use is restricted for the PVMO project (See Notes 11 and 12 for further discussion of the New Markets Tax Credits transaction).

Assets Whose Use is Limited

Assets whose use is limited include assets set aside by the Board of Commissioners for future capital improvements and future indenture agreements, over which the Board retains control and may, at its discretion, subsequently use for other purposes; assets set aside in accordance with agreements with third-party payors; and assets held by trustees under indenture agreements and self-insurance trust agreements.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Inventory

Inventory is valued at the lower of cost or market using the first-in, first-out method.

Capital Assets

Capital assets are carried at cost or, if donated, at fair value at date of donation. All property and equipment with initial individual costs of greater than $2,500 is capitalized.

Depreciation is computed by the straight-line method over the asset's estimated useful life, generally ranging from three to forty years.

Net Position

In accordance with Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, *as amended,* net position is classified into three components – net investment in capital assets, restricted, and unrestricted. These classifications are defined as follows:

> ***Investments in capital assets, net of related debt*** – Consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets.
>
> ***Restricted*** – Net position is reported as restricted when there are limitations imposed on their use, either through external constraints imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation. There are no restricted net position amounts at December 31, 2018 and 2017.
>
> ***Unrestricted*** – This component of net position consists of constraints placed on net assets that do not meet the definition of "restricted" or "investments in capital assets, net of related debt," as described above.
>
> The Hospital first applies restricted resources when expenditure is incurred for purposes for which both restricted and unrestricted net positions are available.

Costs of Borrowing

Interest costs incurred on borrowed funds during the period of construction of capital assets are capitalized as a component of the cost of acquiring those assets, net of interest earned on these borrowed funds. There was no interest capitalized during 2018 and 2017.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Net Patient Service Revenue and Related Receivables

Net patient service revenue is reported at the estimated net realizable amounts from patients, third-party payors and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with third-party payors. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods, as final settlements are determined. The Hospital provides care to patients even though they may lack adequate insurance or may be covered under contractual arrangements that do not pay full charges. As a result, the Hospital is exposed to certain credit risks. The Hospital manages such risk by regularly reviewing its accounts and contracts, and by providing appropriate allowances.

Patient accounts receivables are carried at original invoice amount less an estimate made for doubtful receivables based on a review of all outstanding amounts on a timely basis. Management estimates the allowance for doubtful accounts by identifying troubled accounts and by using historical experience applied to an aging of accounts. Patient accounts receivables are written off when deemed uncollectible. Recoveries of patient accounts receivables previously written off are recorded when received.

Income Tax Status

The Hospital is a governmental unit which is exempt from Federal income taxes on related income pursuant to Section 115 of the Internal Revenue Code.

Advertising Costs

Advertising costs are expensed as incurred. Marketing media/advertising expenses included advertising costs of $3,732 and $6,772 for the years ended December 31, 2018 and 2017, respectively.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Compensated Absences

Employees of the Hospital are entitled to paid time off depending on their length of service and other factors. Accrued compensated absences, included as a component of accrued salaries and benefits on the Hospital's statement of net position, was $254,012 and $259,457 as of December 31, 2018 and 2017, respectively.

Grants and Contributions

From time to time, the Hospital receives grants and contributions from individuals or private and public hospitals. Revenues from grants and contributions (including contributions of capital assets) are recognized when all of the eligibility requirements, including time requirements, are met. Grants and contributions may be restricted for either specific operating purposes or for capital purposes. Amounts that are unrestricted or that are restricted to a specific operating purpose are reported as non-operating revenues. Amounts restricted to capital acquisitions are reported as non-operating revenues and expenses.

Government grants are recognized as income when there is reasonable assurance that the Hospital will comply with the conditions attached to them, and that the grants will be received. This revenue is recorded as either operating revenue or non-operating revenue dependent upon how the transaction is classified on the statements of cash flows. Cash flows that do not meet the reporting criteria for investing, capital financing or non-capital financing would be reported as operating activities, with their associated revenue reported as operating revenue within the statements of revenues, expenses, and changes in net position.

Operating Revenues and Expenses

The Hospital's statement of revenues, expenses, and changes in net position distinguishes between operating and non-operating revenues and expenses. Operating revenues result from exchange transactions associated with providing healthcare services - the Hospital's principal activity. Non-exchange revenues, including taxes and certain grants and contributions received for purposes other than capital asset acquisition, are reported as non-operating revenues. Operating expenses include all expenses incurred to provide healthcare services, other than financing costs.

Ad Valorem Tax Revenues

The Hospital receives dedicated property tax revenues in amounts sufficient to fund annual debt maturities of the general obligation bonds and related interest costs. Such revenues are considered non-operating in the accompanying statements of revenues, expenses and changes in net position. Ad valorem taxes are normally levied and billed in November of each year and are due by December 31st of the year levied. Revenues are recognized when levied due to the extent they are

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Ad Valorem Tax Revenues (Continued)

determined to be currently collectible. Ad valorem taxes are billed and collected using the assessed values determined by the Tax Assessor of St. Charles Parish. For the year ended December 31, 2018 and 2017 the millage rates have been set at 2.48 mills for Maintenance and Operations and 3.16 mills for Bonds. The ad valorem taxes receivable for the year ended December 31, 2018 totaled $7,633,765. The ad valorem taxes receivable for the year ended December 31, 2017 totaled $6,777,141. Ad valorem taxes receivable are included as other receivables on Statements of Net Position.

New Accounting Pronouncements

GASB Statement No. 87, Leases - The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. This statement is effective for the Hospital for the year ended December 31, 2020 and management is currently estimating the impact this statement will have on its financial statements.

GASB Statement No. 88, Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements – This Statement was issued to improve the information that is disclosed in notes to government financial statements related to debt, including direct borrowings and direct placements. It also clarifies which liabilities governments should include when disclosing information related to debt. This statement is effective for the year ended December 31, 2019 and is not expected to have a significant impact on the financial statements of the Hospital.

Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were available to be issued, May 28, 2019, and determined that no material events occurred that require disclosure. No subsequent events occurring after that date have been evaluated for inclusion in these financial statements.

NOTE 2 – NET PATIENT SERVICE REVENUE

The Hospital has agreements with third-party payors that provide for payments to the Hospital at amounts different from established rates. Payment arrangements include prospectively determined rates-per-discharge, reimbursed costs, discounted charges and per diem payments. Net patient service revenue is reported at the estimated net realizable amounts from patients, third-party payors, and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with third-party payors. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in a future period as final settlements are determined.

A summary of the payment arrangements with major third-party payors is as follows:

Medicare – The Hospital is paid for inpatient acute care services rendered to Medicare program beneficiaries on a prospectively determined amount per procedure.

The Hospital is paid for inpatient psychiatric care services rendered to Medicare program beneficiaries under a payment methodology which, during a transitional period, utilizes a blended rate of cost-based and prospective payment methodologies. The cost-based component is subject to cost report settlement.

Outpatient services to Medicare beneficiaries are paid on a prospectively determined amount based on a patient classification system. Cost reimbursed outpatient services were paid at a tentative rate, with final settlement determined after submission of annual cost reports by the Hospital and audits performed thereof by the Medicare fiscal intermediary. Outpatient services subject to the outpatient prospective payment system are not subject to cost report settlement with several exceptions.

The Hospital's Medicare cost reports have been audited by the Medicare fiscal intermediary through July 31, 2016.

Medicaid – Inpatient care services rendered to Medicaid program beneficiaries are paid at prospectively determined rates per day. Certain outpatient services rendered to Medicaid program beneficiaries are reimbursed under a cost reimbursement methodology. The Hospital is reimbursed at a tentative rate with final settlement determined after submission of annual cost reports by the Hospital and audits thereof by the Medicaid fiscal intermediary. The Hospital's Medicaid cost reports have been audited by the Medicaid fiscal intermediary through July 31, 2013.

Revenue from the Medicare and Medicaid programs accounted for approximately 38.2% and 37.6%, respectively, of the Hospital's net patient revenue, for the year ended December 31, 2018. Revenue from the Medicare and Medicaid programs accounted for approximately 38.1% and 26.3%, respectively, of the Hospital's net patient revenue, for the year ended December 31, 2017.

NOTE 2 – NET PATIENT SERVICE REVENUE (CONTINUED)

The laws and regulations under which Medicare and Medicaid programs operate are complex, and subject to interpretation and frequent changes. As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term. There were no adjustments to estimates that resulted in a change to net patient service revenues for years ended December 31, 2018 and 2017.

The Hospital has entered into payment agreements with certain commercial insurance carriers, health maintenance hospitals and preferred provider hospitals. The basis for payment under these agreements includes prospectively determined rates-per-discharge, discounts from established charges and prospectively determined daily rates.

A summary of the Hospital's net patient service revenue for the year ended December 31, 2018 and 2017 is as follows:

	2018	2017
Gross patient service revenue	**$ 119,684,393**	$ 122,381,794
Less: contractual adjustments	**(84,636,484)**	(87,591,095)
Less: provision for bad debts	**(2,424,933)**	(1,387,518)
Less: free care	**(734,964)**	(2,059,423)
Net patient service revenue	**$ 31,888,012**	$ 31,343,758

NOTE 3 – RURAL HOSPITAL GRANT

Since the Hospital serves a disproportionate share of low-income patients, it qualifies for additional reimbursements from the State of Louisiana Department of Health and Hospitals rural hospital grant program. The rural hospital grant program was developed by the Rural Hospital Coalition, Inc., to assist rural hospitals in receiving adequate reimbursement for uninsured and indigent patients under the State of Louisiana Rural Hospital Preservation Act. The grant funds totaled $6,441,483 for the year ended December 31, 2018, of which $2,488,215 is recorded as other receivables as of December 31, 2018. The grant funds totaled $5,951,767 for the year ended December 31, 2017, of which $2,886,669 is recorded as other receivables as of December 31, 2017.

NOTE 4 – MEDICAID PROGRAM SUPPORT

As part of the Hospital's continuing support of the State of Louisiana's Medicaid Program, the Hospital has, throughout the year, made intergovernmental transfers (IGT's) amounts to the State of Louisiana (State) restricted for use in support of the Medicaid Program. For the years ended December 31, 2018 and 2017 the Hospital made IGT's of $12,000,000 each year to the State which is included in Medicaid program support.

NOTE 5 – CONCENTRATION OF CREDIT RISK

The Hospital grants credit without collateral to its patients, most of whom are residents of St. Charles Parish and are insured under third-party payor agreements. The mix of accounts receivable due from patients and third-party payors as of December 31, 2018 and 2017 was as follows:

	2018	2017
Medicare	**35%**	41%
Medicaid	**28%**	23%
Commercial	**27%**	24%
Private pay	**10%**	12%
Total	**100%**	100%

NOTE 6 – CHARITY CARE

The Hospital provides care to patients who meet certain criteria under its charity care policy without charge or at amounts less than its established rates. Because the Hospital does not pursue collection of amounts determined to qualify as charity care, they are not reported as revenue. The Hospital maintains records to identify and monitor the level of charity care it provides to all of its qualifying patients. These records include the amount of charges foregone for services and supplies furnished under its charity care policy. As presented in Note 2, the Hospital reduced its gross revenues for its cost of charity care. For the years ended December 31, 2018 and 2017, charity care totaled $734,964 and $2,059,423, respectively.

NOTE 7 – DEPOSITS AND INVESTMENTS

The Hospital has various deposits and investments. The amount reflected on the accompanying statement of net position at December 31, 2018 and 2017 is $7,245,568 and $2,878,712, respectively, held in depository and money market accounts.

Under state law, these deposits must be secured by either Federal deposit insurance or by the pledge of securities owned by a fiscal agent bank. The market value of the pledged securities plus federal deposit insurance must at all times equal or exceed the amount on deposit with the fiscal agent bank. At December 31, 2018, the Hospital had $12,451,823 in securities pledged by banks that are holding Hospital accounts that have balances in excess of the federal deposit insurance. Of the $6,864,928 of deposits over the federal deposit insurance limit all were secured by collateral owned by the fiscal agent bank in the name of the Hospital. At December 31, 2017, the Hospital had $9,041,006 in securities pledged by banks that are holding Hospital accounts that have balances in excess of the federal deposit insurance. Of the $2,558,731 of deposits over the federal deposit insurance limit all were secured by collateral owned by the fiscal agent bank in the name of the Hospital.

NOTE 7 – DEPOSITS AND INVESTMENTS (CONTINUED)

Under Louisiana Revised Statutes 39:1271 and 33:2955, the Hospital may deposit funds in demand deposit accounts, interest-bearing demand deposit accounts, money market accounts, and time certificates of deposit with state banks, organized under Louisiana Law and National Banks having principal offices in Louisiana. Additionally, Louisiana statutes allow the Hospital to invest in direct obligations of the U.S. Government, federally insured instruments, guaranteed investment contracts issued by certain financial institutions, and mutual or trust funds registered with the Securities and Exchange Commission.

NOTE 8 – ASSETS WHOSE USE IS LIMITED

Assets whose use is limited that are required for bond obligations classified as current liabilities are also reported as current assets as these amounts have been designated by the board to pay the debt. The composition of assets whose use is limited at December 31, 2018 and 2017 is set forth in the following table:

		2018		2017
By board for indenture reserves				
Cash and cash equivalents	**$**	**1,272,015**	$	1,230,972
By indenture agreement for capital asset acquisition				
Cash and cash equivalents		**2,907,646**		571,765
Total	**$**	**4,179,661**	$	1,802,737

NOTE 9 – CAPITAL ASSETS

Capital assets activity as of and for the year ended December 31, 2018, is as follows:

	December 31, 2017	Additions	Transfers and Disposals	**December 31, 2018**

Total capital assets, net	$ 41,372,572	$ (1,162,548)	$ (64,151)	$ 40,145,873

Depreciation expense reported in the year ended December 31, 2018, was $3,316,472. Depreciation expense reported in the year ended December 31, 2017, was $3,447,841.

NOTE 10 – INVESTMENT IN JOINT VENTURE

The Hospital contributed land with a cost of $1,049,435, in exchange for a 9.9% membership interest in an LLC, Ashton Plantation Real Property, LLC. At December 31, 2018 and 2017 this investment is measured at the cost of the land donated.

NOTE 11 – NOTE RECEIVABLE

As part of the New Markets Tax Credits transaction (discussed in Note 12 below), the Hospital issued a note receivable to FNBC NMTC Hybrid Fund, LLC (the Investment Fund) in the amount of $629,904, with an interest rate of 1% (the Junior Leverage Loan). The Investment Fund will pay interest only on the Junior Leverage Loan quarterly in arrears on the 25th day of each March, June, September and December for the previous quarter, commencing on January 10, 2014, through January 10, 2044. On the date of maturity, the Investment Fund will pay the balance of all outstanding principal and accrued and unpaid interest. The Investment Fund pledged rights, title and interest in the CDE (defined in Note 12) to secure the note receivable.

NOTE 12 – LONG-TERM DEBT AND CAPITAL LEASE OBLIGATIONS

The components of long-term debt and capital lease obligations as of December 31, 2018 and 2017 are as follows:

			2018	2017
Hospital Revenue Bonds, Series 2009	(A)	**$**	**145,000**	290,000
Hospital Revenue Bonds, Series 2009A	(B)		**90,000**	130,000
Hospital Revenue Bonds, Series 2009B	(C)		**3,585,000**	3,790,000
Hospital Revenue Bonds, Series 2012A	(D)		**6,930,000**	7,255,000

Taxable Limited Tax Refunding Bonds, Series 2018	(N)		**11,565,000**	-
Limited Tax Bonds, Series 2018A	(O)		**2,300,000**	-
Capital leases	(P)		**106,915**	175,532
			61,439,265	63,191,776
Unamortized discount/premium			**62,647**	70,068
Less: Current maturities			**(4,278,731)**	(4,332,829)
Total		**$**	**57,223,181**	58,929,015

NOTE 12 – LONG-TERM DEBT AND CAPITAL LEASE OBLIGATIONS (CONTINUED)

Scheduled maturities of general obligation bonds, limited tax bonds, and long-term debt as of December 31, 2018 are as follows:

Year Ending December 31,	Principal	Interest
2019	$ 4,278,731	$ 2,143,602
2020	4,618,721	2,096,904
2021	6,736,559	1,869,972
2022	4,991,435	1,703,419
2023	5,145,855	1,531,470
2024-2028	21,232,125	5,137,132
2029-2033	7,893,944	2,531,400
2034-2038	2,771,474	1,496,376
2039-2043	3,682,668	585,183
2044-2048	87,753	337
Total	**$ 61,439,265**	**$ 19,095,795**

(A) During the year ended July 31, 2010, the Hospital issued $5,500,000 of General Obligation Bonds, Series 2009, dated August 1, 2009. The purpose of the issue is purchasing, acquiring land and constructing buildings, machinery, equipment and furnishings, including both real and personal property, to be used in providing hospital facilities. In 2016, the Hospital had a partial defeasance of $4,540,000 of General Obligation Bonds, Series 2009; by placing the proceeds of General Obligation Bonds, Series 2016A in an irrevocable trust to provide for all future debt service payments of the defeased bonds. The undefeased portion of the bonds will be repaid in 3 annual installments through 2019 with principal payments ranging from $105,000 to $145,000. Interest is payable semi-annually on March 1 and September 1 at rates ranging from 5.88% to 7.00%. These bonds are secured by and payable from unlimited ad valorem taxes.

(B) During the year ended July 31, 2010, the Hospital issued $1,000,000 of General Obligation Bonds, Series 2009A, dated November 1, 2009. The purpose of the issue is purchasing, acquiring land and constructing buildings, machinery, equipment and furnishings, including both real and personal property, to be used in providing hospital facilities. In 2016, the Hospital had a partial defeasance $630,000 of General Obligation Bonds, Series 2009A; by placing the proceeds of General Obligation Bonds, Series 2016A in an irrevocable trust to provide for all future debt service payments of the defeased bonds. The undefeased portion of the bonds will be repaid in 4 annual installments ranging from $35,000 to $45,000 which began March 1, 2017, with the final installment due March 1, 2020. Interest is payable semiannually on March 1st and September 1st at rates from 3.20% to 5.00%. These bonds are secured by and payable from unlimited ad valorem taxes.

NOTE 12 – LONG-TERM DEBT AND CAPITAL LEASE OBLIGATIONS (CONTINUED)

(C) During the year ended July 31, 2010, the Hospital issued $5,000,000 of General Obligation Bonds, Series 2009B, dated November 1, 2009. The purpose of the issue is the refunding and extending of the Hospital's outstanding Limited Tax Bonds, Series 2008 and to represent said indebtedness. The outstanding principal of the bonds will be repaid in 20 annual installments ranging from $120,000 to $460,000 beginning March 1, 2010, with the final installment due March 1, 2029. Interest is payable semi-annually on March 1 and September 1 at rates ranging from 5.25% to 7.00%. These bonds are secured by and payable from unlimited ad valorem taxes.

(D) In April 2012, the residents of the Parish voted for a bond proposition authorizing the Hospital to issue up to $15,000,000 of 20-year General Obligation Bonds for the purpose of purchasing, acquiring land and constructing buildings, machinery, equipment, and furnishings, including both real and personal property, to be used in providing hospital facilities. These bonds are general obligations of the Hospital and payable from ad valorem taxes.

In August 2012, the Hospital adopted a resolution issuing $8,000,000 General Obligation, Series 2012A bonds and $6,000,000 Taxable General Obligation, Series 2012B bonds. Interest is payable semiannually on March 1 and September 1.

The Series 2012A bonds mature according to maturity schedules contained in the bond documents beginning on March 1, 2013, with scheduled maturities ranging from $45,000 to $635,000 each year through March 1, 2032. Interest rates associated with this Series range from 2.00% to 3.25%.

The Series 2012B bonds mature, according to maturity schedules contained in the bond documents, beginning on March 1, 2013. Scheduled maturities range from $50,000 to $520,000 each year through March 1, 2032. Interest rates associated with this Series range from 2.00% to 4.25%. These bonds are secured by and payable from unlimited ad valorem taxes.

(E) During the year ended July 31, 2014, the Hospital issued $1,000,000 of General Obligation Bonds, Series 2013, dated September 10, 2013. The purpose of the issue is purchasing, acquiring land and constructing buildings, machinery, equipment and furnishings, including both real and personal property, to be used in providing hospital facilities. The outstanding principal of the bonds will be repaid in ten annual installments ranging from $85,000 to $115,000 beginning March 1, 2014, with the final installment due March 1, 2023. Interest is payable semi-annually on March 1 and September 1 at a rate of 4.55%. These bonds are secured by and payable from unlimited ad valorem taxes.

NOTE 12 – LONG-TERM DEBT AND CAPITAL LEASE OBLIGATIONS (CONTINUED)

(F) During the year ended July 31, 2014, the Hospital issued $4,350,000 of General Obligation Bonds, Series 2013A, dated September 10, 2013. The purpose of the issue is refunding all or a portion of the Hospital's outstanding Taxable General Obligation Refunding Bonds, Series 2003A, and General Obligation Bonds, Series 2004, and paying the costs incurred in connection with the issuance thereof. The outstanding principal of the bonds will be repaid in eleven annual installments ranging from $280,000 to $555,000 beginning March 1, 2014, with the final installment due March 1, 2024. Interest is payable semi-annually on March 1 and September 1 at a rate of 3.05%. These bonds are secured by and payable from unlimited ad valorem taxes.

(G) During the year ended July 31, 2014, the Hospital issued $415,000 of Taxable General Obligation Bonds, Series 2013B, dated September 10, 2014. The purpose of the issue is refunding all or a portion of the Hospital's outstanding Taxable General Obligation Refunding Bonds, Series 2003B, and paying the costs incurred in connection with the issuance thereof. The outstanding principal of the bonds will be repaid in five annual installments ranging from $75,000 to $90,000 beginning March 1, 2014, with the final installment due March 1, 2018. Interest is payable semi-annually on March 1 and September 1 at a rate of 2.32%. These bonds are secured by and payable from unlimited ad valorem taxes. On March 1, 2018, the Hospital made the final principal and interest installment.

(H) PVMO began drawing down on its debt for construction of a medical center on the East Bank of St. Charles Parish (the Project) during fiscal 2014. The Facility A and B notes are intended to qualify as a "qualified low-income community investment" for the purposes of generating certain tax credits called New Markets Tax Credits (NMTCs) under section 45D of the Internal Revenue Code of 1986, as amended. To qualify, PVMO must comply with certain representations, warranties, and covenants. These include, but are not limited to, a covenant that the "portion of the business" (as defined) will operate to qualify as a qualified low-income community business. If, as a result of the breach of the agreement or loan documents by PVMO, the Lender is required to recapture all or any part of the New Markets Tax Credits previously claimed by the Lender, PVMO agrees to pay to the Lender an amount equal to the sum of the credits recaptured. Additionally, the QLICI Lender has a security interest in the assets of PVMO other than real property.

On January 10, 2014, PVMO issued a note payable (Facility A) to FNBC-CDE #13, LLC. The note is subject to credit and loan agreements executed by PVMO, as the community development entity (CDE) under the New Markets Tax Credit Program, and FNBC- CDE #13, LLC (Lender).

NOTE 12 – LONG-TERM DEBT AND CAPITAL LEASE OBLIGATIONS (CONTINUED)

The Facility A Note, issued for $1,914,596, is secured under the aforementioned credit and loan agreements. The Facility A Note matures on January 10, 2021. The note will bear interest at a rate per annum equal to 3.74%. PVMO will pay interest only on this note quarterly in arrears on March 15, June 15, September 15, and December 15 of each year, commencing March 15, 2014, and continuing until December 15, 2020. PVMO shall pay the principal balance on the maturity date. PVMO may not prepay this note in full or in part any time prior to the expiration of the NMTC seven year compliance period.

The Facility B Note in the amount of $1,585,404 was issued in connection with Facility A on January 10, 2014 to PVMO. The note is secured under the same aforementioned credit and loan agreements executed by PVMO for the Facility A Note. The note bears interest at a rate per annum equal to 3.74% and PVMO will pay interest only on this note quarterly in arrears on March 15, June 15, September 15, and December 15 of each year commencing March 15, 2014, and continuing until June 15, 2021. The entire principal is due on June 15, 2021. PVMO may not prepay this note in full or in part any time prior to the expiration of the NMTC compliance period.

In association with Facility Notes A and B (the NMTC Facilities), the Hospital, for the benefit of PVMO, unconditionally and irrevocably guarantees the full, complete, and timely payment and, to the extent legally permissible, performance of all obligations owed to the Lender under the loan documents.

At the end of the seven year tax credit compliance period, the Investment Fund (defined in Note 11) may exercise a put option whereby the Investment Fund will sell its interest in the NMTC Facilities to the Hospital for the put price of $1,000. In the event the Investment Fund does not exercise the put and PVMO remains in compliance with the loan terms and the NMTC rules and regulations, the Hospital may exercise a call option during the six months following the end of the compliance period to purchase the NMTC Facilities for an amount equal to the loans' fair market value determined by mutual agreement of the parties or qualified independent appraiser.

(I) The First National Bank Direct Loan (the Direct Loan) is a $10,000,000 note used in construction of PVMO. Interest is payable semi-annually at a rate of 6% and principal is payable annually through 2044. It is secured with a 1st mortgage and assignment of leases and rents on the Project. The Facility A and B Notes provide funding for PVMO through the NMTC transaction and are secured with a 2nd mortgage and assignment of leases and rents. For the year ended December 31, 2017, $81,817 was drawn on Facility A and B notes; no amounts were drawn on the notes for the year ended December 31, 2018.

NOTE 12 – LONG-TERM DEBT AND CAPITAL LEASE OBLIGATIONS (CONTINUED)

(J) On August 22, 2014, the Hospital issued $10,000,000 of Limited Tax Bonds, Series 2014, payable from ad valorem taxes, approved by an election held July 15, 2006 and May 3, 2014. The purpose of the issue is refunding all or a portion of the Hospital's outstanding Limited Tax Bond Series 2008A, 2010, and 2011. The remainder of the proceeds is for the purpose of purchasing, acquiring and construction of land, buildings, machinery, equipment, and furnishings, including both real and personal property, to be used in providing hospital facilities to the district. The outstanding principal of the bonds to be repaid in 10 annual installments ranging from $400,000 to $1,500,000 beginning March 1, 2015, with the final installment due March 1, 2024. Interest is payable annually on March 1 at a rate of 4.9%. In 2018, the Hospital had a full defeasance of $7,725,000 of Limited Tax Bonds, Series 2014 from issuance of the Taxable Limited Tax Refunding Bonds, Series 2018 and Limited Tax Bonds, Series 2018A.

(K) On June 19, 2015, the Hospital issued $5,500,000 of Limited Tax Bonds, Series 2015, payable from ad valorem taxes, approved by an election held July 15, 2006 and May 3, 2014. For the purpose of purchasing, acquiring and construction lands, buildings, machinery, equipment, and furnishings, including both real and personal property, to be used in providing hospital facilities to the district. The outstanding principal of the bonds to be repaid in 10 annual installments ranging from $215,000 to $1,785,000 beginning March 1, 2016, with the final installment due March 1, 2025. Interest is payable annually on March 1 and September 1 at a rate of 4.0%. In 2018, the Hospital had a full defeasance of $3,520,000 of Limited Tax Bonds, Series 2015 from issuance of the Taxable Limited Tax Refunding Bonds, Series 2018 and Limited Tax Bonds, Series 2018A.

(L) During the period from August 1, 2015 through December 31, 2016, the Hospital issued $7,040,000 of General Obligation Refunding Bonds, Series 2016, dated May 31, 2016. The purpose of the issue is refunding all or a portion of the Hospital's outstanding Taxable General Obligation Bonds, Series 2005, and General Obligation Bonds, Series 2006, and paying the costs incurred in connection with the issuance thereof. The outstanding principal of the bonds will be repaid in ten annual installments ranging from $370,000 to $840,000 beginning March 1, 2017, with the final installment due March 1, 2026. Interest is payable semi-annually on March 1 and September 1 at a rate of 2.19%.

(M) During the period from August 1, 2015 through December 31, 2016, the Hospital issued $10,655,000 of General Obligation Refunding Bonds, Series 2016A, dated August 9, 2016. The purpose of the issue is refunding all or a portion of the Hospital's outstanding Taxable General Obligation Bonds, Series 2007, General Obligation Bonds, Series 2009, and General Obligation Bonds, Series 2009A, and paying the costs incurred in connection with the issuance thereof. The outstanding

NOTE 12 – LONG-TERM DEBT AND CAPITAL LEASE OBLIGATIONS (CONTINUED)

principal of the bonds will be repaid in thirteen annual installments ranging from $420,000 to $1,305,000 beginning March 1, 2017, with the final installment due March 1, 2029. Interest is payable semi-annually on March 1 and September 1 at a rate of 2.23%.

(N) During the year ended December 31, 2018, the Hospital issued $11,565,000 of Taxable Limited Tax Refunding Bonds, Series 2018, dated October 9, 2018. The purpose of the issue is refunding all or a portion of the Hospital's outstanding Limited Tax Bonds, Series 2014 and Limited Tax Bonds, Series 2015, and paying the costs incurred in connection with the issuance thereof. The outstanding principal of the bonds will be repaid in seven annual installments ranging from $1,515,000 to $1,785,000 beginning March 1, 2019, with the final installment due March 1, 2025. Interest is payable semi-annually on March 1 and September 1 at a rate of 4.06%.

(O) During the year ended December 31, 2018, the Hospital issued $2,300,000, of Limited Tax Bonds, Series 2018A, dated October 9, 2018. The purpose of the issue is construction, operating and maintaining the Hospital facilities, and paying the cost incurred in connection with the issuance thereof. The outstanding principal of the bonds will be repaid in eight annual installments ranging from $35,000 to $1,945,000 beginning March 1, 2019, with the final installment due March 1, 2026. Interest is payable semi-annually on March 1 and September 1 at a rate of 3.37%.

(P) During 2017, the Hospital entered into a capital lease for the acquisition of two new ambulances. The capital lease commenced on August 26, 2017 with final payment being made on May 26, 2020. The outstanding principal on the capital lease will be repaid in installments ranging from $16,703 to $18,159. Interest is payable quarterly at a rate of 3.05%.

The debt service coverage ratio required by the Direct Loan (I), related to PVMO, was not maintained during 2018 or 2017. As of the date of the audit report, the Hospital received a waiver of these debt covenants from the lender for the years ended December 31, 2018 and 2017.

Defeasance of Debt

In 2018, the Hospital defeased $7,725,000 of Limited Tax Bonds, Series 2014 and $3,520,000 of Limited Tax Bonds, Series 2015 and issued $11,565,000 of Taxable Limited Tax Refunding Bonds, Series 2018 and $2,300,000 of Limited Tax Bonds, Series 2018A. The difference between the cash flows required to service the old debt and the cash flows required to service the new debt totaled $18,810. An economic gain (difference between the present value of the old debt and new debt service payments) of $89,396 resulted from the refunding. At December 31, 2018, the balance of the defeased portion of the bonds was $11,245,000. Deferred outflows of $234,570 at December 31, 2018 relate to the defeasance of the Series 2014 and 2015 bonds.

NOTE 12 – LONG-TERM DEBT AND CAPITAL LEASE OBLIGATIONS (CONTINUED)

In 2016 the Series 2009 and 2009A bonds were partially defeased and resulted in deferred outflows related to future interest to be paid by escrow. Those deferred outflow balances resulting from the partial refunding were $192,368 and $492,819 at December 31, 2018 and 2017, respectively.

Long-term debt and other non-current liabilities activity as of and for the year ended December 31 2018, is as follows:

	Balance December 31, 2017	Additions	Reductions	Balance December 31, 2018	Due Within One Year

NOTE 13– RETIREMENT BENEFITS

Multi-Employer Defined Benefit Pension Plan and 2013 Withdrawal – Substantially all employees of the Hospital had been members of the Parochial Employees' Retirement System of Louisiana (System), a cost sharing, multiple-employer public employee retirement system, controlled and administered by a separate board of trustees. The Hospital formally terminated its participation in the Plan effective December 1, 2013.

Per Louisiana Revised Statute 11:1903, if an employer terminates its agreement for coverage of its employees, the employer shall remit to the System that portion of the unfunded actuarial accrued liability which is attributable to the employer's participation in the System. The amount required to be remitted shall be determined as of the December thirty-first immediately prior to the date of termination. The amount due shall be determined by the actuary employed by the System and shall either be paid in a lump sum or amortized over ten year in equal monthly payments with interest at the System's actuarial valuation rate, at the option of the employer.

The Hospital has chosen to pay its withdrawal liability over ten year in equal monthly installments of principal and interest of $55,298, with the first payment due September 1, 2013. The non-interest component of this monthly payment equates to a total withdrawal liability of $2,628,349 and $3,086,829 as of December 31, 2018 and 2017, respectively.

In planning for the termination of participation in the Parochial Employees' Retirement System of Louisiana, the Hospital established a deferred compensation 457(b) plan and a defined contribution 401(a) retirement plan for eligible employees.

Section 457(b) Deferred Compensation Plan – Effective December 1, 2013, the Hospital offered to its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457(b). The plan is available to all Hospital employees as of the first enrollment date following the date they become an employee and permits them to contribute a portion of their salary to the plan on an annual basis.

Section 401(a) Defined Contribution Retirement Plan – The Hospital also established a 401(a) retirement plan for the purpose of matching 100% of an employee's salary reduction contributions to the deferred compensation plan up to 3% of the employee's compensation received for that year. To be eligible for this match, the employee must be employed as of December 31. The contribution match for the Hospital will be made during the first quarter of the following year. For the year ended December 31, 2018 and 2017, total employer contributions to the plan were $82,229 and $83,146, respectively.

NOTE 13– RETIREMENT BENEFITS (CONTINUED)

The amounts of compensation deferred, and other contributions under the above plans, all property and rights purchased with those amounts, and all income attributable to those amounts, property, or rights are (until paid or made available to the employee or other beneficiary) held in trust for the exclusive benefit of the participants and their beneficiaries, and the benefits may not be diverted to any other use. It is the opinion of Hospital management that the Hospital has no liability for losses under the plans but does have the duty of due care that would be required of an ordinary prudent investor.

NOTE 14 – COMMITMENTS

Operating Leases **–** The Hospital leases medical and office equipment under operating lease agreements and on a month-to-month basis. Future minimum lease payments required under operating leases in excess of one year are as follows:

Year Ending December 31,		**Lease Payments**
2019	**$**	**698,250**
2020		**346,240**
2021		**84,420**
2022		**14,070**
Total	**$**	**1,142,980**

Lease expenses totaled $992,363 and $1,209,189 for the years ended December 31, 2018 and 2017, respectively.

During January 2014, PVMO entered into a lease agreement with the Hospital whereby the Hospital will lease from PVMO for medical offices in the amount of $78,000 per month commencing approximately on June 1, 2015, with an initial term of thirty years. Pursuant to this agreement, the Hospital assumed total property management and payment of all costs associated with the maintenance and operation of the medical offices. Future minimum lease payments under this lease for the next five years from the commencement of the lease are $936,000 per year, and the total payments under the lease commitment are $28,080,000. For the years ended December 31, 2018 and 2017, $936,000 of rental income was paid to PVMO in each year. This rental income and corresponding expense have been eliminated on the financial statements.

NOTE 14 – COMMITMENTS (CONTINUED)

Total Renal Care Cooperative Endeavor and Services Agreements **–** On April 1 2010, the Hospital entered into a ten year cooperative endeavor lease agreement with Total Renal Care, Inc. (TRC). Under this agreement, TRC is leasing approximately 4,425 square feet of the Hospital building for the sum of $92,628 per year, payable in equal monthly installments of $7,719.

The Hospital entered into a five year Acute Services Agreement with TRC effective April 1, 2010. The agreement states that the Hospital appoints TRC as its exclusive provider of dialysis and other related services to its patients. The Hospital will pay TRC for these services under the fee schedule described in "Exhibit 7.1" of the agreement. This agreement will be automatically renewed for successive two year terms unless terminated.

The Hospital also entered into a one year Stat Laboratory Services Agreement with TRC effective June 10, 2013. The agreement states that the Hospital will provide certain laboratory tests and services necessary for TRC's dialysis patients. TRC will compensate the Hospital for these services under the fee schedule described in "Exhibit A" of the agreement. This agreement has been automatically renewed for one year effective each annual period following the initial agreement, and will be automatically renewed for successive one year terms unless terminated.

Cardiovascular Institute of the South (A Professional Medical Corporation) Cooperative Endeavor Agreement **–** The Hospital entered into a five year Nurse Staffing Agreement with CIS effective March 1, 2013. This agreement includes provisions for three additional five year terms. This agreement states that CIS will provide up to three cardiac registered nurses or advanced nurse practitioners to the Hospital. This agreement was terminated in 2018.

NOTE 15 – HOSPITAL MANAGEMENT CONTRACT

As mentioned in Note 1, effective September 1, 2014, the Hospital is managed by St. Charles Operational Management Company (SCOMC), a wholly owned subsidiary of Ochsner Health System. The Hospital pays a monthly management fee to SCOMC in exchange for management, staff, and other assistance to operate the Hospital.

In addition to the management fee referred to above, the Hospital provides other payments to SCOMC for supplies purchased, professional services provided outside of the management agreement, and other miscellaneous items received or services provided throughout the year.

During year ended December 31, 2018, the Hospital purchased supplies and other items pursuant to this agreement through SCOMC totaling approximately $6,800,000 and made payments of approximately $4,400,000, outstanding amounts of approximately $9,000,000 are recorded as due to Hospital manager in the Hospital's statement of net position as a current liability at December 31, 2018. During year ended December 31, 2017, the Hospital purchased supplies and other items pursuant to this agreement through SCOMC totaling approximately $7,700,000 and made payments

NOTE 15 – HOSPITAL MANAGEMENT CONTRACT (CONTINUED)

of approximately $10,400,000, outstanding amounts of approximately $2,700,000 are recorded as due to Hospital manager in the Hospital's statement of net position as a current liability.

NOTE 16 – CONTINGENCIES AND RISK MANAGEMENT

The Hospital is exposed to various risks of loss related to tort; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Hospital carries commercial insurance for all risks of loss except as noted below.

The Hospital participates in the State of Louisiana Patient Compensation fund (the Fund). The Fund provides malpractice coverage to the Hospital for claims in excess of $100,000 up to $500,000. According to current state law, medical malpractice liability (exclusive of future medical care awards) is limited to $500,000 per occurrence. The management of the Hospital has no reason to believe that the Hospital will be prevented from continuing its participation in the Fund.

Workmen's Compensation **–** The Hospital participates in the Louisiana Commercial and Trade Association Workmen's Compensation Trust Fund (the Trust Fund). Should the Trust Fund's assets not be adequate to cover claims made against it, the Hospital may be assessed its pro rata share of the resulting deficit. It is not practical to estimate the amount of additional assessments, if any, and the costs associated with any such assessments are treated as period expenses at the time they are assessed.

The Trust Fund presumes to be a "grantor trust" and, accordingly, income and expenses are prorated to member hospitals. The Hospital has included these allocations and equity amounts assigned to the Hospital by the Trust Fund in its financial statements.

Laws and Regulations **–** The healthcare industry is subject to numerous laws and regulations of federal, state and local governments. These laws and regulations include, but are not necessarily limited to, matters such as licensure, accreditation, government healthcare program participation requirements, and reimbursement for patient services. Government activity has continued with respect to investigations and allegations concerning possible violations of fraud and abuse statutes and regulations by health care providers. Violations of these laws and regulations could result in expulsion from government health care programs together with the imposition of significant fines and penalties, as well as significant repayments for patient services previously billed.

Management believes that the Hospital is in compliance with fraud and abuse, as well as other applicable government, laws and regulations. Compliance with such laws and regulations can be subject to future government review and interpretation as well as regulatory actions unknown or unasserted at this time.

To ensure accurate payments to providers, the Tax Relief and Healthcare Act of 2006 mandated that the Centers for Medicare & Medicaid Services (CMS) implement a Recovery Audit Contractor

NOTE 16 – CONTINGENCIES AND RISK MANAGEMENT (CONTINUED)

(RAC) program on a permanent and nationwide basis no later than 2010. The program uses RAC's to search for potentially improper Medicare payments that may have been made to healthcare providers that were not detected through existing CMS program integrity efforts, on payments that have occurred at least one year ago but not longer than three years ago. Once a RAC identifies a claim it believes to be improper, it makes a deduction from the provider's Medicare reimbursement in an amount estimated to equal the overpayment.

A five-state pilot program concluded in March 2008, with a nationwide rollout of the RAC effort done in phases beginning in 2009. The experiences during the pilot found far more overpayments than underpayments. The Hospital will deduct from revenue amounts assessed under the RAC audits at the time a notice is received until such time that estimates of net amounts due can be reasonably estimated. RAC assessments against the Hospital are anticipated; however, the outcomes of such assessments are unknown and cannot be reasonably estimated.

Electronic Health Records (EHR) Incentive Payments – The American Recovery and Reinvestment Act of 2009 established incentive payments under the Medicare and Medicaid programs for certain professionals and hospitals that adopt and meaningful use certified EHR technology. These incentive payments are determined based on a formula, including inputs such as charity care charges and total discharges. The revenue associated with EHR incentive payments is recognized by the Hospital when management can provide reasonable assurance that the Hospital will be able to demonstrate compliance with the meaningful use objectives for that reporting period and that the incentive payments will be received by the Hospital. Because these incentive payments are based on management's best estimate, the amounts recognized are subject to change. Any changes resulting from a change in estimate would be recognized within operations in the period in which they occur. In addition, these payments and the related attestation of compliance with meaningful use objectives are subject to audit by the federal government or its designee.

For the years ended December 31, 2018 and 2017, the Hospital recognized $78,483 and $140,266, respectively, in revenue related to Medicare and Medicaid incentive payments for EHR. These amounts were recognized in full at the date of attestation and are included within other operating revenues on the statement of revenues, expenses, and changes in net position.

NOTE 17 - RENTAL REVENUES

The Hospital leases the Medical Office Building from PVMO under a master lease agreement whereby the Hospital pays PVMO $78,000 per month, which eliminates in consolidation for reporting purposes herein.

As part of this this agreement, the Hospital can sublease out the office space. Beginning in the period ended December 31, 2016, the Hospital entered into lease agreements for some of the office space. For the years ended December 31, 2018 and 2017, rental income related to this property and others rented by the Hospital totaled $1,126,573 and $948,239, respectively, and is

NOTE 17 - RENTAL REVENUES (CONTINUED)

recorded on the Statements of Revenues, Expenses, and Changes in Net Position as other operating revenues.

The Hospital has various office space leases with the Hospital's manager. Annual payments under the lease range from $269,598 to $615,954 and the leases expire at various dates through March 31, 2028. For the years ended December 31, 2018 and 2017, the Hospital recorded rental income of $757,195 and $602,174 respectively from the Hospital's manager.

Future minimum rent receipts are as follows:

Year Ending December 31,		**Rent Receipts**
2019	**$**	**824,073**
2020		**704,273**
2021		**712,847**
2022		**734,998**
2023		**757,470**
Thereafter		**2,434,304**
Total	**$**	**6,167,965**

NOTE 18 – TAX ABATEMENTS

In accordance with GASB 77 *Tax Abatement Disclosures* which requires the Hospital to disclose information regarding the ad-valorem tax abatements that affect the taxes collected by the Hospital, whether approved by the Hospital or other governmental entity. The program under which these abatements are granted is described below:

- **Industrial Tax Exemption:** Manufacturers receive a property tax exemption for a five-year period, renewable for an additional five years. Exemptible property includes buildings, machinery, equipment, furniture and fixtures for a new expanded or renovated facility.

For the year ended December 31, 2018 the Hospital's tax collections are affected by abatements authorized by St. Charles Parish (Parish), St. Charles Parish Council (Council), and the Industrial Development Board of St. Charles Parish (IDB) as detailed below:

Industrial Tax Exemption	**Total Amount of Abated Taxes**	**Hospital's Share of Abated Taxes**
Parish approved	$ 118,182,547	$ 5,468,452
Council approved	141,636	6,554
IDB approved	250,375	11,585

NOTE 18 – TAX ABATEMENTS (CONTINUED)

For the year ended December 31, 2017 the Hospital's tax collections are affected by abatements authorized by St. Charles Parish (Parish), St. Charles Parish Council (Council), and the Industrial Development Board of St. Charles Parish (IDB) as detailed below:

Industrial Tax Exemption	Total Amount of Abated Taxes	Hospital's Share of Abated Taxes
Parish approved	$ 118,435,313	$ 5,493,217
Council approved	141,636	6,569
IDB approved	250,375	11,613

NOTE 19 – COMBINING CONDENSED BLENDED COMPONENT UNIT INFORMATION

The following table presents the combining condensed statements of net position information for the Hospital and its component units for the year ended December 31, 2018 :

	St. Charles Parish Hospital Service District	Plantation View Medical Offices	SCHII	Eliminations	Total
Current Assets	$ 25,221,998	$ 144,656	$ 5,077	$ (567,109)	$ 24,804,622

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Commissioners
St. Charles Parish Hospital Service District
Luling, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of St. Charles Parish Hospital Service District (the Hospital), as of and for the years ended December 31, 2018 and 2017, and the related notes to the financial statements, which collectively comprise the Hospital's financial statements, and have issued our report thereon dated May 28, 2019.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Hospital's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Hospital's internal control. Accordingly, we do not express an opinion on the effectiveness of the Hospital's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Hospital's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

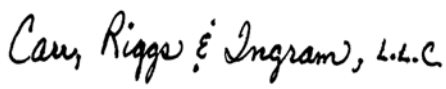
Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Hospital's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is intended for the information of the Board of Commissioners, Management of St. Charles Parish Hospital, and the Legislative Auditor of the State of Louisiana, and is not intended to be and should not be used by anyone other than these specified parties. Under Louisiana revised Statute 24:513, this report is distributed by the Legislative Auditor of the State of Louisiana as a public document.



May 28, 2019

The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* for the year ended December 31, 2017.

INDEPENDENT ACCOUNTANTS' REPORT ON APPLYING AGREED-UPON PROCEDURES

To the Board of Commissioners of
St. Charles Parish Hospital Service District
Luling, Louisiana

We have performed the procedures enumerated below, which were agreed to by St. Charles Parish Hospital Service District (the Hospital) and the Louisiana Legislative Auditor (LLA) on the control and compliance (C/C) areas identified in the LLA's Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period January 1, 2018 through December 31, 2018. The Hospital's management is responsible for those C/C areas identified in the SAUPs.

This agreed-upon procedures engagement was performed in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. The sufficiency of these procedures is solely the responsibility of the specified users of this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures and our results are as follows:

Written Policies and Procedures

1. Obtained the Hospital's written policies and procedures and observed that those written policies and procedures address each of the following financial/business functions:

   a) ***Budgeting***, including preparing, adopting, monitoring, and amending the budget

      Results: No exceptions were found as a result of applying the procedure.

   b) ***Purchasing***, including (1) how purchases are initiated; (2) how vendors are added to the vendor list; (3) the preparation and approval process of purchase requisitions and purchase orders; (4) controls to ensure compliance with the public bid law; and (5) documentation required to be maintained for all bids and price quotes.

      Results: No exceptions were found as a result of applying the procedure.

   c) ***Disbursements***, including processing, reviewing, and approving.

Results: No exceptions were found as a result of applying the procedure.

d) ***Receipts/Collections***, including receiving, recording, and preparing deposits. Also, policies and procedures should include management's actions to determine the completeness of all collections for each type of revenue.

Results: No exceptions were found as a result of applying the procedure.

e) ***Payroll/Personnel***, including (1) payroll processing, and (2) reviewing and approving time and attendance records, including leave and overtime worked.

Results: No exceptions were found as a result of applying the procedure.

f) ***Contracting***, including (1) types of services requiring written contracts, (2) standard terms and conditions, (3) legal review, (4) approval process, and (5) monitoring process

Results: No exceptions were found as a result of applying the procedure.

g) ***Credit Cards (and debit cards, fuel cards, P-Cards, if applicable)***, including (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers, and (5) monitoring card usage

Results: No exceptions were found as a result of applying the procedure.

h) ***Travel and expense reimbursement***, including (1) allowable expenses, (2) dollar thresholds by category of expense, (3) documentation requirements, and (4) required approvers

Results: No exceptions were found as a result of applying the procedure.

i) ***Ethics***, including (1) the prohibitions as defined in Louisiana Revised Statute 42:1111-1121, (2) actions to be taken if an ethics violation takes place, (3) system to monitor possible ethics violations, and (4) requirement that all employees, including elected officials, annually attest through signature verification that they have read the entity's ethics policy.

Results: No exceptions were found as a result of applying the procedure.

j) ***Debt Service***, including (1) debt issuance approval, (2) continuing disclosure/EMMA reporting requirements, (3) debt reserve requirements, and (4) debt service requirements.

Results: No exceptions were found as a result of applying the procedure.

Bank Reconciliations

2. Obtained a listing of client bank accounts for the fiscal period from management and management's representation that the listing was complete. Asked management to identify the entity's main operating account. Selected the main operating account and randomly selected four additional accounts. Randomly selected one month from the fiscal period,

obtained and inspected the corresponding bank statement and reconciliation for each selected account and observed that:

a) Bank reconciliations included evidence that they were prepared within two months of the related statement closing date (initialed and dated);

Results: No exceptions were found as a result of applying the procedure.

b) Bank reconciliations included evidence that a member of management/board member who does not handle cash, post ledgers or issue checks has reviewed each bank reconciliation; and

Results: No exceptions were found as a result of applying the procedure.

c) If applicable, management has documentation reflecting that it has researched reconciling items that had been outstanding for more than 12 months from the statement closing date.

Results: No exceptions were found as a result of applying the procedure.

Travel and Expense Reimbursement

3. Obtained from management a listing of all travel and travel-related expense reimbursements during the fiscal period and obtained management's representation that the listing was complete. Randomly selected five reimbursements, obtained the related expense reimbursement forms/documentation of each selected reimbursement, as well as the supporting documentation. For each of the five reimbursements selected:

a) If reimbursed using a per diem, agreed the reimbursement rate to those rates established either by the State of Louisiana or the U.S. General Services Administration (www.gsa.gov).

Results: One selected mileage expense was not reimbursed in accordance with the mileage reimbursement rate established by the State of Louisiana and the U.S. General Services Administration. The employee was reimbursed at a rate of $0.565 per mile compared to the approved rate of $0.545 per mile resulting in an over payment of $2.71.

Management's Response: Management will implement a procedures to improve the operations and internal controls related to reimbursements.

b) If reimbursed using actual costs, observed that the reimbursement was supported by an original itemized receipt that identified precisely what was purchased.

Results: No exceptions were found as a result of applying the procedure.

c) Observed that each reimbursement is supported by documentation of the business/public purpose (for meal charges, observed that the documentation includes the names of the

individuals participating) and other documentation required by written policy (procedure #1h above).

Results: No exceptions were found as a result of applying the procedure.

d) Observed that each reimbursement was reviewed and approved, in writing, by someone other than the person receiving reimbursement.

Results: No exceptions were found as a result of applying the procedure.

We were not engaged to conduct, and did not conduct, an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

The purpose of this report is solely to describe the scope of procedures performed on those C/C areas identified in the SAUPs, and the result of the procedures performed, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.
