#### Independent Auditor's Report

Board of Commissioners Audubon Regional Library Clinton, Louisiana

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities and the major fund of the Audubon Regional Library, as of December 31, 2019, and for the year then ended, and the related notes to the financial statements, which collectively comprise the Audubon Regional Library's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Audubon Regional Library's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Audubon Regional Library's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position and major fund of the Audubon Regional Library as of December 31, 2019, and the respective

changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Other Matters**

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 8 and the budgetary comparison information on pages 35 through 36 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Audubon Regional Library's official financial statements. The supplemental information schedules listed in the table of contents are presented for the purpose of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. This information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects, in relation to the basic financial statements as a whole.

#### Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, We have issued a report dated August 26, 2020, on our consideration of the Audubon Regional Library's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Audubon Regional Library's internal control over financial reporting and compliance.

MANAGEMENT DISCUSSION AND ANALYSIS

As management of the Audubon Regional Library (here after referred to as the Library), we offer readers of the Library's financial statements this narrative overview and analysis of the financial activities of the Library for the year ended December 31, 2019. The emphasis of discussions about these statements will be on current year data and should be read in conjunction with the financial report as a whole.

#### FINANCIAL HIGHLIGHTS

- The Audubon Regional Library is a two-parish public library system that was organized in 1963. The rural parishes of East Feliciana and St. Helena share administration costs, mobile library services and library collections to provide enhanced library and information services to the 29,267 residents of the combined parish areas. The Library serves both parishes with a headquarters library located in Clinton and two branches in Jackson and Greensburg.
  - The Library budget is advertised, subject to public review, approved by the Library Board of Commissioners in December of the previous year. Financial reports are reviewed and revised quarterly throughout the year. The Auditor reports to the Board at the conclusion of the audit and makes recommendations, as needed, for improvement.
  - In 2019, the Library circulated 26,183 items and hosted 441 programs with 6,173 in attendance. The Library has increased its outreach program to area Head Starts, schools, and senior centers to provide needed services within their communities. It also started counting meeting room usage which was 207 scheduled appointments across all 3 locations.
  - In 2019, the Library had 11,921 active borrowers, adding 603 during the year.
  - The Library recorded 5,272 patrons using electronic resources within the library building and 56,575 patrons initiated wireless connections. Our staff provided advice and support to help our patrons to find jobs, register for food stamps, file taxes, and keep up with unemployment. The staff answered 6,614 reference questions.
  - The Library's single most pressing problem is space. Our Libraries have no storage, meeting room, or shelf space. Computer space is minimal, which limits the number of computers that are available for public use.
  - In 2019, the Library staff was composed of 6 full time positions with benefits and 9 part time positions.

#### **OVERVIEW OF THE FINANCIAL STATEMENTS**

The annual report consists of four parts - management's discussion and analysis (this section), the basic financial statements, required supplementary information, and other supplemental information. The basic financial statements include two kinds of statements that present different views of the Library:

- The first two statements on pages 9 and 10 are government-wide financial statements that provide information about the activities of the Library as a whole and present a longer-term view of the Library's finances.
- The remaining statements starting on page 11 are fixed financial statements that focus on individual parts of the Library's government, reporting the Library's operations in more detail than the government-wide statements.
- The governmental funds statements tell how general government services, such as library services, were financed in the short term as well as what remains for future spending.

The financial statements also include notes that explain some of the information in the financial statements and provide additional detailed data. The notes are followed by a section of required supplementary information that further explains and supports the information in the financial statements as well as providing budgetary comparison data. The last section of the report contains additional supplemental information regarding the governmental fund-general fund. The rest of this overview section of management's discussion and analysis explains the structure of contents of each of the statements.

#### **Government-wide Statements**

The government-wide statements report information about the Library as a whole using the accrual basis of accounting, which is similar to that which is used by private sector companies. The statement of net position on page 9 includes all of the Library's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statements of activities on page 10, regardless of when cash is received or paid.

These two statements report the Library's net position and changes in them. Net Position - the difference between the Library's assets and liabilities - is one way

to measure the Library's financial health, or financial position. Over time, increases and decreases in the Library's net position is one indicator of whether its financial health is improving or deteriorating. Other nonfinancial factors will also need to be considered to assess the overall health of the Library. The government-wide financial statements of the Library report only one type of activity - governmental activities. All of the Library's basic services are included here, such as library services and general administration.

#### **Fund Financial Statements**

The fund financial statements, beginning on page 11, provide more detail about the Library's most significant funds - not the Library as a whole. State laws require the establishment of some funds. Funds are accounting devices that the Library uses to keep track of specific sources of funding and spending for particular purposes.

The Library used only the governmental type of fund with the following accounting approach. Most of the Library's basic services are included in governmental funds, which focus on how cash and other financial assets that can be readily converted to cash flow in and out of those funds, and the balances left at year-end that are available for spending. Those funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can be readily converted to cash. The governmental fund statements therefore provide a detailed short-term view of the Library's general government operations and the basic services it provides, and helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the Library's programs. Since this information does not include the additional long-term focus of government-wide statements, we provide reconciliations on the subsequent pages that explain the relationship (or difference) between the two different type statements.

#### FINANCIAL ANALYSIS OF THE LIBRARY AS A WHOLE

Net Position. The Library's combined net position increased between fiscal years 2018 and 2019. (See Table 1 below)

#### Governmental Activities 2018 2019 \$1,561,101 \$1,798,421 Current and other assets 283,324 294,250 Capital assets, net 22,327 Net pension asset Deferred outflows - pension 22,663 51,377 \$1,889,415 \$2,144,048 **Total Assets** 32,915 57,537 Current liabilities **Deferred** inflows 38,997 25,212 32,800 Net pension liability 72,000 Long term liabilities 84,000 **Total Liabilities** \$ 155,912 \$ 187,549 Net Position: Invested in capital assets, net \$ 283,324 294,250 \$ of depreciation Restricted 250,589 250,633 Unrestricted 1,199,590 1,411,616 \$1,733,503 Total net position \$1,956,499

#### Table 1 Library's Net Position

#### FINANCIAL ANALYSIS OF THE LIBRARY AS A WHOLE

Approximately 83 percent of the Library's revenue comes from a general property tax assessed on the property owners in each parish.

The total cost of all programs and services decreased from the prior year. The Library's expenses cover all services, which it offers to the public.

#### **Governmental Activities**

# Table 2Changes in Library's Net Position

	Governı Activi	
	2018	2019
Revenues		
Program Revenues

# Table 3Net Cost of Library's Governmental Activities

	Governmental Activities
	2018 2019
Library Services	\$ 494,063 \$ 468,355
	\$ 494,063 \$ 468,355

# FINANCIAL ANALYSIS OF THE LIBRARY'S FUNDS

As the Library completed the year, its governmental funds reported a combined fund balance of \$1,944,499 reflecting an increase over the prior year. All, but \$250,633 of this fund balance is unrestricted and unassigned.

# **General Fund Budgetary Highlights**

During the year, the library operated well within its budget. Both revenues and expenditures were in favorable positions due to constant oversight and monitoring procedures.

#### CAPITAL ASSET AND DEBT ADMINISTRATION

#### **Capital Assets**

At the end of the year, the Library has invested \$294,250 in capital assets. (See Table 4).

#### Table 4 Library's Capital Assets (net of accumulated depreciation)

	Governr Activi	
	2018	2019
Vehicles	\$ 19,140	\$ 16,304
Buildings	139,156	144,734
Furniture and equipment	8,372	21,758
Library books	116,656	111,454
Total	\$ 283,324	\$ 294,250

#### ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

Approximately 83 percent of the Library's revenues are derived from an ad valorem tax on the voters of each parish. The Parish Police Juries must approve the Library's millage rates for collection of the ad valorem taxes each year. The economy is not expected to generate any significant growth in assessment values. Neither library fees nor grant income is expected to increase; therefore, future revenues are expected to remain consistent with the current year. The budget for the year 2020 should approximate the same as the year's 2019 budget.

#### CONTACTING THE LIBRARY'S FINANCIAL MANAGEMENT

The financial report is designed to provide our parishioners, taxpayers, investors and creditors with a general overview of the Library's finances and to demonstrate the Library's accountability for the money it receives. If you have questions about this report or need additional information, contact Mrs. Michele Jones, Director, P. O. Box 8389, Clinton, Louisiana 70722.

# FINANCIAL STATEMENTS

### INTRODUCTION

The Audubon Regional Library was established in 1963, as authorized by Louisiana Revised Statute 25:217, through the cooperative efforts of the police juries of St. Helena and East Feliciana Parishes. The Library provides citizens of these parishes access to library materials, books, magazines, records and films. The Library is governed by a board of commissioners consisting of eight members, three appointed from each parish by their police jury, and two who are the police jury presidents for each parish who serve as ex-officio members. Terms for appointed members are for five years, and members serve without pay. Libraries located in Clinton, Greensburg and Jackson are supported by property tax assessments in both parishes.

#### Note #1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### **BASIS OF PRESENTATION**

The accompanying basic financial statements of the Audubon Regional Library have been prepared in conformity with governmental accounting principles generally accepted in the Untied States of America. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The accompanying basic financial statements have been prepared in conformity with GASB Statement 34, Basic Financial Statements and Management's Discussion and Analysis - for State and Local Government, issued in June 1999.

#### **REPORTING ENTITY**

Governmental Accounting Standards Board No. 14 established criteria for determining which component units should be considered part of the police jury for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. This criteria includes:

- A. Appointing a voting majority of an organization's governing body and
  - The ability of the police jury to impose its will on that organization, and/or
  - 2. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the police jury.

B. Organizations for which the police jury does not appoint a voting majority but are fiscally dependent on the police jury.

C. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

The Audubon Regional Library is considered a joint venture of the participating police juries, and therefore, issues fund financial statements separate from the police juries. The accompanying basic financial statements present information only on the funds maintained by the library.

#### FUND ACCOUNTING

The library uses funds and account groups to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to certain library functions and activities.

A fund is a separate accounting entity with a self-balancing set of accounts. On the other hand, an account group is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable available financial resources.

Funds of the library are classified as governmental funds. Governmental funds account for the library's general activities, including the collection and disbursement of specific or legally restricted monies, the acquisition or construction of general fixed assets, and the servicing of general long-term obligations. Governmental funds account for all or most of the library's general activities. These funds focus on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may be used. Current liabilities are assigned to the fund from which they will be paid. The difference between a governmental fund's assets and liabilities is reported as fund balance. In general, fund balance represents the accumulated expendable resources which may be used to finance future period programs or operations of the library. The following are the library's governmental funds:

#### General fund

General fund is the primary operating fund of the library. It accounts for all financial resources, except those required to be accounted for in other funds. The General Fund is available for any purpose provided it is expended or transacted in accordance with state and federal laws and according to the library policy.

#### Special Revenue Funds

The special revenue funds account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

#### MEASUREMENT FOCUS / BASIS OF ACCOUNTING GOVERNMENT-WIDE FINANCIAL STATEMENTS (GWFS)

The Statement of Net Assets and the Statement of Activities display information about the library as a whole. These statements include all the financial activities of the library. Information contained in these statements reflects the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange or exchange-like transactions are recognized when the exchange occurs (regardless of when each is received or disbursed). Revenues, expenses, gains, losses, assets, and liabilities resulting from non-exchange transactions are recognized in accordance with the requirements of GASB Statement no. 33, Accounting and Financial Reporting for Non-exchange Transactions.

Program Revenues - Program revenues included in the column labeled Statement of Activities (Statement B) are derived directly from library users as a fee for services; program revenues reduce the cost of the function to be financed from the library's general revenues.

The amounts reflected in the General Fund of the Balance Sheet and Statement of Revenues, Expenditures, and Changes in Fund Balance are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reports on the sources (i.e. revenues and other financing sources) and uses (i.e. expenditures and other funding uses) of current financial resources. This approach is then reconciled, through adjustment, to a government-wide view of the library's operations (See the reconciliation statements).

The amounts reflected in the General Fund in the FFS use the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). Measurable means the amount of the transaction can be determined and available means collectable within the current period or soon enough thereafter to pay liabilities of the current period. The library considers all revenues available if they are collected within 60 days after the fiscal year end. Expenditures are recorded when the related fund liability is incurred, except for interest and principal payments on general long-term debt

which is recognized when due, and certain compensated absences and claims and judgments which are recognized when the obligations are expected to be liquidated with expendable available financial resources. The governmental funds use the following practices in recording revenues and expenditures.

#### Revenues

Ad valorem taxes and the related state revenue sharing (which is based on population and homesteads in the parish) are recorded in the year the taxes are assessed. Ad valorem taxes are assessed on a calendar year basis, become due on November 15 of each year and become delinquent on December 31. Taxes are generally collected in December of the current year end and January and February of the following year.

Where grant revenue is dependent upon expenditures by the Library, revenue is recognized when the related expenditures are incurred.

Interest income on time deposits (certificates of deposit) is recorded when earned.

Substantially all other revenues are recorded when received.

#### **Expenditures**

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred, except for accumulated vacation leave, which is not accrued.

Other Financing Sources (Uses)

Transfers between funds, which are not expected to be repaid, are accounted for as other financing sources (uses) and are recorded when incurred.

#### **Budgets**

The director directs the preparation of a proposed budget annually and submits it to the Board for adoption.

The public hearing announcement detailing the availability of the proposed budget for public inspection is advertised in the official journals of East Feliciana and St. Helena Parishes at least ten days prior to the date of the public hearing. After the public hearing is held, the budget is formally adopted at a regular board meeting. A summary of the adopted budget is published in the official journal.

Formal budget integration is employed as a management control device during the year.

Budgetary amendments require the approval of the board. All budgetary appropriations lapse at the end of the year.

Budgetary amounts included in the accompanying financial statements reflect the original adopted budget and all budget amendments.

#### Encumbrances

The library does not use encumbrance accounting.

#### Cash and Cash Equivalents

Cash includes amounts in demand deposits, interest-bearing deposits, and time deposits. Cash equivalents include amounts in time deposits and those investments with original maturities of 90 days or less. Under state law, the library may deposit funds in demand deposits, interest-bearing demand deposits, or time deposits with state banks organized under Louisiana law or any other state of the United States, or under the laws of the United States.

#### Investments

Investments are limited by Louisiana Revised Statue (R.S.) 33:2955 and the Library's investment policy. If the original maturities of investments exceed 90 days, they are classified as investments; however, if the original maturities are 90 days or less, they are classified as cash equivalents.

#### Prepaid Expenses

Prepaid expenses are comprised of payments made for cost that will benefit periods beyond December 31, 2019.

#### **Capital Assets**

Capital assets are capitalized at historical cost or estimated historical cost if historical cost is not available. Donated assets are recorded at their estimated fair market value at the date of donation. The library maintains a threshold level of \$500 or more for capitalizing capital assets.

Capital assets are recorded in the Statement of Net Assets and Statement of Activities. Since surplus assets are sold for an immaterial amount when declared as no longer needed for public purposes, no salvage value is taken into

consideration for depreciation purposes. All capital assets are depreciated using the straight-line method over the following useful lives.

Equipment & Furniture	5 - 7 years
Vehicles	10 years
Buildings	20 years
Library collections	10 years

#### **Compensated Absences**

Staff members who work 34 hours or more per week are considered full time. Full-Time employees will earn leave as follows:

**Annual Leave**: after one year of employment, one work day per month; 90 hours may be carried forward and a maximum of 180 hours will be paid upon termination or retirement.

**Sick Leave:** earned at 1/20<sup>th</sup> of hours worked starting on the date of hire; sick leave cannot be used until completion of the 3 month probationary period; no sick leave is compensated upon termination or retirement.

### **Restricted Assets**

For government-wide statement of net position, assets are reported as restricted when constraints placed on asset use are either:

A. externally imposed by creditors (such as debt covenants), grants, contributors, or laws or regulations of other governments; or
B. imposed by law through constitutional provisions or enabling legislation.

# **Fund Equity**

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Any designations of fund balance represent tentative management plans that are subject to change.

#### **Use of Estimates**

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### **Bad Debts**

Uncollectible amounts due for ad valorem taxes and other revenues are recognized as bad debts at the time information becomes available which would indicate uncollectibility of the receivable. Although the specific charge-off method is not in conformity with generally accepted accounting principles (GAAP), no allowance for uncollectible receivables was made due to immateriality at December 31, 2019.

#### Note #2 CASH AND CASH EQUIVALENTS

These deposits are stated at cost which approximates market. Under state law, these deposits must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount of deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

At December 31, 2019, the library has cash and cash equivalents (book balances) totaling \$611,460. This total is comprised of \$611,456 in interest-bearing demand deposits.

#### Note #3 INVESTMENTS

At December 31, 2019, investments are comprised of Time Certificates of Deposit and savings in the amount of \$525,188.

Investments are limited by law and the library's investment policies. The investments in time certificates of deposit is secured from risk by federal depository insurance and pledged securities held by the custodial bank in the name of the fiscal agent bank (GASB Category 3). Time Certificates of Deposit and savings in the amount of \$250,633 is restricted as part of the building funds.

At December 31, 2019, the unrestricted investment's amortized cost and the market value are \$274,555.

#### Note #4 RECEIVABLES

The following is a summary of receivables at December 31, 2019:

Ad valorem taxes	\$586,565
State revenue sharing	48.071
Total	<u>\$634,636</u>

#### Note #5 CAPITAL ASSETS

Capital assets and depreciation activity as of and for the year ended December 31, 2018 is as follows:

Balance <u>Dec. 31, 2018</u>	Additions	<u>Deletions</u>	Balance <u>Dec. 31, 2019</u>
\$ 28.357			\$ 28,357
+ 20,007

	<u>Dec. 31, 2018</u> \$ 28,357 165,378 456,875 751,504 \$ 1,402,114 \$ 9,217 26,222 448,502 634,847	Dec. 31, 2018       Additions         \$ 28,357         165,378       14,597         456,875       20,753         751,504       26,007         \$ 1,402,114       61,357         \$ 9,217       2,836         26,222       9,018         448,502       7,368         634,847       31,209	Dec. 31, 2018       Additions       Deletions         \$ 28,357       165,378       14,597         165,378       14,597       20,753         456,875       20,753       751,504         751,504       26,007       31,402,114         61,357       26,222       9,018         448,502       7,368       634,847

During 2019, the library incurred \$61,357 in capital outlay expenditures.

#### Note #6 PENSION PLAN

All full time employees of the library, regularly scheduled over 28 hours, are eligible to be members of the Parochial Employees Retirement System of Louisiana, a multiple-employer, public employee retirement system, controlled and administered by a separate board of trustees. The System is composed of two distinct plans, Plan A and Plan B, with separate assets and benefit provisions. Eligible employees of the library are members of Plan B. Contributions of participating agencies are pooled within the system to fund accrued benefits, with contribution rates approved by the Louisiana Legislature.

All permanent employees working at least 28 hours per week who are paid wholly or in part from parish funds are eligible to participate in the System. Employees hired prior to 1/1/07 are eligible to retire with 7 years of creditable

service at age 65, 10 years of creditable service at age 60 or with 30 years of creditable service at age 55. Employees hired 1/1/07 and later are eligible to retire with 7 years of service at age 67, 10 years of service at age 62 or with 30 years of service at age 55.

Generally, the monthly amount of the retirement allowance for any member of Plan B shall consist of an amount equal to 2% of the members' final average compensation multiplied by his years of creditable service. However, under certain conditions, as outlined in the statutes, the benefits are limited to specified amounts.

Survivor Benefits: Plan B members need 10 years of service credit to be eligible for survivor benefits. Upon the death of any member of Plan B with 20 or more years of creditable service who is not eligible for normal retirement, the plan provides for an automatic Option 2 benefit for the surviving spouse when he/she reaches age 50 and until remarriage, if the remarriage occurs before age 55.

A surviving spouse who is not eligible for Social Security survivorship or retirement benefits, and married not less than 12 months immediately preceding death of the member, shall be paid an Option 2 benefit beginning at the age 50.

Deferred Retirement Option Plan: Act 338 of 1990 established the Deferred Retirement Option Plan (DROP) for the Retirement System. DROP is an option for that member who is eligible for normal retirement. In lieu of terminating employment and accepting a service retirement, any member of Plan B who is eligible to retire may elect to participate in the Deferred Retirement Option Plan (DROP) in which they are enrolled for 3 years and defer the receipt of benefits. During participation in the plan, employer contributions are payable but employee contributions cease. The monthly retirement benefits that would be payable, had the person elected to cease employment and receive a service retirement allowance, are paid into the DROP fund.

Upon termination of employment prior to or at the end of the specified period of participation, a participant in the DROP may receive, at his option, a lump sum from the account equal to the payments into the account, a true annuity based upon his account balance in that fund, or roll over the fund to an Individual Retirement Account. Interest is accrued on the DROP benefits for the period between the end of DROP participation and the member's retirement date.

For individuals who become eligible to participate in the Deferred Retirement Option Plan on or after January 1, 2004, all amounts which remain credited to the individual's subaccount after termination in the Plan will be placed in liquid asset money market investments at the discretion of the board of trustees. These subaccounts may be credited with interest based on money market rates of return or, at the option of the System, the funds may be credited to self-directed

subaccounts. The participant in the self-directed portion of this Plan must agree that the benefits payable to the participant are not the obligations of the state or the System, and that any returns and other rights of the Plan are the sole liability and responsibility of the participant and the designated provider to which contributions have been made.

Disability Benefits: For Plan B, a member shall be eligible to retire and receive a disability benefit if he/she was hired prior to January 1, 2007, and has at least 5 years of creditable service or if hired after January 1, 2007, has 7 years of creditable service, and is not eligible for normal retirement, and has been officially certified as disabled by the State Medical Disability Board. Upon retirement caused by disability, a member of Plan B shall be paid a disability benefit equal to the lesser of an amount equal to 2% of the member's final average compensation multiplied by his years of service, not to be less than 15, or an amount equal to what the member's normal benefit would be based on the member's current final compensation but assuming the member remained in continuous service until his earliest normal retirement age.

Cost of Living Increases: The Board is authorized to provide a cost of living allowance for those retirees who retired prior to July 1973. The adjustment cannot exceed 2% of the retiree's original benefit for each full calendar year since retirement and may only be granted if sufficient funds are available from investment income in excess of normal requirements. In addition, the Board may provide an additional cost of living increase to all retirees and beneficiaries who are over age 65 equal to 2% of the member's benefit paid on October 1, 1977, (or the member's retirement date, if later). Also, the Board may provide a cost of living increase up to 2.5% for retirees 62 and older. (RS 11:1937). Lastly, Act 270 of 2009 provided for further reduced actuarial payments to provide an annual 2.5% cost of living adjustment commencing at age 55.

Employer Contributions: According to state statute, contributions for all employers are actuarially determined each year. For the year ended December 31, 2018, the actuarially determined contribution rate was 6.5% for member's compensation for Plan B. However, the actual rate for the fiscal year ending December 31, 2019 was 7% for Plan B. Members are required to contribute 3.0% of their annual covered salary and the library is required to contribute 7% of annual covered payroll. The Library contributed \$8,894 during 2019 as its share of contributions. The Library does not guarantee the benefits granted by the retirement system.

Non-Employer Contributions: According to the state statute, the System also receives ¼ of 1% of ad valorem taxes collected within the respective parishes, except for Orleans and East Baton Rouge Parishes. The System also receives revenue sharing funds each year as appropriated by the Legislature. Tax monies and revenue sharing monies are apportioned between Plan A and Plan B in

proportion to the member's compensation. These additional sources of income are used as additional employer contributions and are considered support from non-employer contributing entities.

Pension Liabilities/Assets, Pension Expense, and Deferred Outflows and Deferred Inflows of Resources: At December 31, 2018, the Library reported assets in its financial statements of \$22,327 for its proportionate share of the net pension assets of PERS. The net pension assets / liabilities are measured as of December 31, 2018 and the total pension liability used to calculate the net pension obligation was determined by separate actuarial valuations performed as of that date. The Library's proportion of the net pension asset was based on a projection of the Library's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At December 31, 2018, the Library's proportional share of PERS was 0.121409%, which was a decrease of 0.056043% from its proportion measured as of December 31, 2017.

At December 31, 2018, the Library reported deferred outflows and deferred inflows of resources related to pensions from the following sources:

•	Deferred Flows of Resources:	Outflows	Inflows
. '	Differences between expected and actual experience	\$ 33,027	\$ 647
	Net difference between projected and actual earnings on		
	Pension Plan Investments		7,412
	Changes in Assumption	126	
	Changes in Proportion	9,330	17,153
	Employer contributions subsequent to measurement date	8,994	0
		\$ 51,477	\$ 25,212
	가슴 가		

The Library reported \$51,477 as deferred outflow of resources related to pension contributions made subsequent to the plan's measurement period of December 31, 2018 which will be recognized as an liability in net pension asset in the Library's fiscal year ended December 31, 2019.

Actuarial Methods and Assumptions: A summary of the actuarial methods and assumptions used in determining the total pension liability for Plan B as of December 31, 2019 are as follows:

Valuation Date	December 31, 2018
Actuarial Cost Method	Entry Age Normal
Investment Rate of Return	6.5% (Net of investment expense)
Expected Remaining Service lives	4 years
Projected Salary Increases	4.25% (2.40% Inflation)
Cost of Living Adjustments	The present value of future retirement benefits is based on benefits currently paid by the system and includes previously granted cost of living increases. The present values do not include provisions for potential future increase not yet authorized by the Board of Trustees.
Mortality	RP-2000 Employee Mortality Table was selected for active members. RP-2000 Healthy Annuitant Mortality Table was selected for healthy annuitants and beneficiaries. RP- 2000 Disabled Lives Mortality Table was selected for disabled annuitants.

The discount rate used to measure the total pension liability was 6.5% for Plan B. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers and non-employer contributing entities will be made at the actuarially determined contribution rates, which are calculated in accordance with relevant statutes and approved by the Board of Trustees and the Public Retirement Systems' Actuarial Committee. Based on those assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The long-term expected rate of return on pension plan investments was determined using a triangulation method which integrated the CAPM pricing model (top-down), a treasury yield curve approach (bottom-up) and an equity

building-block model (bottom-up). Risk return and correlations are projected on a forward looking basis in equilibrium, in which best-estimates of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These rates are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.40% and an adjustment for the effect of rebalancing/diversification. The resulting expected long-term rate of return is 6.5% for the year ended December 31, 2018.

The mortality rate assumption used was set based upon an experience study performed on plan data for the period January 1, 2010 through December 31, 2014. The data was then assigned credibility weighting and combined with a standard table to produce current levels of mortality. This mortality was then projected forward to a period equivalent to the estimated duration of the System's liabilities. Annuity values calculated based on this mortality were compared to those produced by using a set back of standard tables. The result of the procedure indicated that the tables used would produce liability values approximating the appropriate generational mortality tables.

The following presents the net pension liability of the participating employers calculated using the discount rate of 6.5%, as well as what the employers' net pension liability would be if it were calculated using a discount rate that is one percentage point lower 5.5% or one percentage point higher 7.5% than the current rate.

	Plan B Changes in Discount Rate 2018	
	Current	
	1% Discount	1%
	Decrease Rate	Increase
	(5.5%) (6.5%)	(7.5%)
Net Pension Liability (Asset)	86,295 \$ 32,800	\$ (11,892)

#### Note #7 LEASES

The library is currently committed under two leases for building and office space. These leases are considered for accounting purposes to be operating leases for the year ended December 31, 2019. Lease expenditures for the year ended December 31, 2019, amounted to \$10,200.

Beginning with January 1, 2017, payments for the building in St. Helena Parish became a capital lease. The future payments listed below reflect only the lease for space in East Feliciana Parish.

Future minimum lease payments for these leases are as follows:

Year	
Ending	Amount
2019	4,200
	\$ 4,200

The library has a capital lease for the building in Greensburg. It has been recognized as a fixed asset and recorded in the Library's books at expected cost at the end of the term of the lease-purchase agreement.

#### Note #8 LITIGATION AND CLAIMS

The library was not involved in litigation at December 31, 2019.

#### Note #9 LEVIED TAXES

In November 2017, the voters in St. Helena and East Feliciana Parishes approved a millage rate of 2.50 mills to be levied for the next ten years in support of the library.

The following is a summary of levied ad valorem taxes for 2019.

Parish wide maintenance tax

East Feliciana		2.50
St. Helena	tere i	2.50

# AUDUBON REGIONAL LIBRARY NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2019

# Note #10 BOARD MEMBERS PER DIEM

The board members are not paid per diem or compensation for their service.

# Note #11 RELATED PARTY TRANSACTIONS

There are no related party transactions that require disclosure.

# Note #12 RISK MANAGEMENT

The Audubon Regional Library is exposed to various risks of loss including injuries to workers, criminal or property damage, theft and other possible related claims. The library purchases commercial insurance to minimize this risk of loss from these types of occurrences. There was no significant reduction in insurance coverage from the prior year.

# Note #13 SUBSEQUENT EVENTS

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (COVID-19) and the risk to the international community as the virus spreads globally beyond its point of origin. On March 7, 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally. The Governor of the State of Louisiana declared a statewide emergency on March 11, 2020. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. As such, it is uncertain as to the full magnitude that the pandemic will have on the Library's financial condition, liquidity, and future results of operations. Management is actively monitoring the global situation on its financial condition, liquidity, operations, and workforce. Given the daily evolution of the COVID-19 outbreak and the global responses to curb its spread, the Library is not able to estimate the effects of the COVID-19 outbreak on its results of operations, financial condition, or liquidity for the year 2020. No adjustments have been made to these financial statements as a result of this uncertainty.

## Note #14 E-RATE REVENUE

Audubon Regional Library qualifies and participates in the federal E-RATE program. This program reimburses the Library for a percentage of telecommunication and Internet charges provided by Hunt Communications. The program runs each year from June 30 - July 1. In 2019, charges for networking and phone service were \$53,662 and the E-Rate reimbursement was \$44,024.

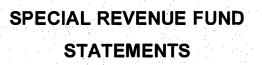

# AUDUBON REGIONAL LIBRARY NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2019

# Note #15 Special Revenue Funds

Sarah T. Jones Memorial Fund accounts for funds donated to the library by friends of Sarah T. Jones. These funds are to be used exclusively for the purchase of furniture and equipment for the library.

### INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Commissioners Audubon Regional Library Clinton, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the governmental activities and the major fund of Audubon Regional Library, as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise Audubon Regional Library's basic financial statements, and have issued our report thereon dated August 26, 2020.

### Internal Control over Financial Reporting

In planning and performing our audit, we considered the Audubon Regional Library's internal control over financial reporting (internal control) as a basis to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on the basic financial statements, but not for the purpose of expressing an opinion on the basic financial control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Audubon Regional Library's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Audubon Regional Library's basic financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that is required to be reported under *Government Auditing Standards*.

### **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Audubon Regional Library's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

# INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED-UPON PROCEDURES

We have performed the procedures enumerated below, which were agreed to by Audubon Regional Library and the Louisiana Legislative Auditor (LLA) on the control and compliance (C/C) areas identified in the LLA's Statewide Agreed-Upon Procedures – Year 3 (SAUPs) for the fiscal period January 1, 2019 through December 31, 2019. The Entity's management is responsible for those C/C areas identified in the SAUPs.

This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. The sufficiency of these procedures is solely the responsibility of the specified users of this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures and associated findings are as follows:

# Written Policies and Procedures

- 1. Obtain and inspect the entity's written policies and procedures and observe that they address each of the following categories and subcategories (if applicable to public funds and the entity's operations):
  - a) Budgeting, including preparing, adopting, monitoring, and amending the budget.
    - Procedures addressed budgeting adequately, partly by assistance from an outside accountant.
  - b) **Purchasing**, including (1) how purchases are initiated; (2) how vendors are added to the vendor list; (3) the preparation and approval process of purchase requisitions and purchase orders; (4) controls to ensure compliance with the public bid law; and (5) documentation required to be maintained for all bids and price quotes.

The procedure manual reviewed incorporates most of the above procedures, but does not set-out the procedures as applied, above. Management has indicated the written procedures will be modified to set forth each element to be sure they are in compliance.

c) Disbursements, including processing, reviewing, and approving.

See item b), above.

d) **Receipts/Collections**, including receiving, recording, and preparing deposits. Also, policies and procedures should include management's actions to determine the completeness of all collections for each type of revenue or agency fund additions (e.g. periodic confirmation with outside parties, reconciliation to utility billing after cutoff procedures, reconciliation of traffic ticket number sequences, agency fund forfeiture monies confirmation).

These items were noted in the Entity's procedures.

e) *Payroll/Personnel*, including (1) payroll processing, and (2) reviewing and approving time and attendance records, including leave and overtime worked.

These items were noted in the Entity's procedures.

f) *Contracting*, including (1) types of services requiring written contracts, (2) standard terms and conditions, (3) legal review, (4) approval process, and (5) monitoring process.

These items were noted in the Entity's procedures.

g) Credit Cards (and debit cards, fuel cards, P-Cards, if applicable), including (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers of statements, and (5) monitoring card usage (e.g., determining the reasonableness of fuel card purchases)

These items were noted in the Entity's procedures.

h) **Travel and expense reimbursement**, including (1) allowable expenses, (2) dollar thresholds by category of expense, (3) documentation requirements, and (4) required approvers

These items were noted in the Entity's procedures.

i) *Ethics*, including (1) the prohibitions as defined in Louisiana Revised Statute 42:111-1121, (2) actions to be taken if an ethics violation takes place, (3) system to monitor possible ethics violations, and (4) requirement that all employees, including elected officials, annually attest through signature verification that they have read the entity's ethics policy.

The procedures address this item.

j) Debt Service, including (1) debt issuance approval, (2) EMMA reporting requirements,
 (3) debt reserve requirements, and (4) debt service requirements.

This is addressed under the Entity's "fiscal policies" although the Entity does not have any outside debt other than an ongoing capital lease. k) Disaster Recovery/Business Continuity, including (1) identification of critical data and frequency of data backups, (2) storage of backups in a separate physical location isolated from the network, (3) periodic testing/verification that backups can be restored, (4) use of antivirus software on all systems, (5) timely application of all available system and software patches/updates, and (6) identification of personnel, processes, and tools needed to recover operations after a critical event.

These items were noted in the Entity's procedures.

## **Board or Finance Committee**

2. Obtain and review and inspect the board/finance committee minutes for the fiscal period, as well as the board's enabling legislation, charter, bylaws, or equivalent document in effect during the fiscal period, and:

a) Observe that the board/finance committee met with a quorum at least monthly or on a frequency in accordance with the board's enabling legislation, charter, bylaws, or other equivalent document.

Board meeting minutes were reviewed and we concluded that the board meets quarterly.

b) For those entities reporting on the governmental accounting model, observe that the minutes referenced or included monthly budget-to-actual comparisons on the general fund and major special revenue funds, as well as monthly financial statements (or budget-to-actual comparisons, if budgeted) for major proprietary funds.<sup>1</sup>

We a budget-to-actual comparison being recorded in the minutes at each meeting except one although financial information is reviewed at each meeting. Management has been advised to include financial reports with minutes for every meeting.

c) For governmental entities, obtain the prior year audit report and observe the unassigned fund balance in the general fund. If the general fund had a negative ending unassigned fund balance in the prior year audit report, observe that the minutes for at least one meeting during the fiscal period referenced or included a formal plan to eliminate the negative unassigned fund balance in the general fund.

*Not applicable – no negative balance in the general fund.* 

### **Bank Reconciliations**

3. Obtain a listing of client bank accounts for the fiscal period from management and management's representation that the listing is complete. Ask management to identify the entity's main operating account. Select the entity's main operating account and randomly

select 4 additional accounts (or all accounts if less than 5). Randomly select one month from the fiscal period, obtain and inspect the corresponding bank statement and reconciliation for selected each account, and observe that:

a) Bank reconciliations include evidence that they were prepared within 2 months of the related statement closing date (e.g., initialed and dated, electronically logged);

### No exceptions noted.

b) Bank reconciliations include evidence that a member of management/board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation (e.g., initialed and dated, electronically logged); and

We found that bank reconciliations are approved in board meetings and approval signatures are consistently on the bank statement attached to the reconciliation.

c) Management has documentation reflecting that it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date, if applicable.

We found no items to be outstanding for more than 12 months.

# Collections (excluding EFTs)

4. Obtain a listing of <u>deposit sites</u> for the fiscal period where deposits for cash/checks/money orders (cash) are prepared and management's representation that the listing is complete. Randomly select 5 deposit sites (or all deposit sites if less than 5).

# No prior year exceptions noted.

- 5. For each deposit site selected, obtain a listing of collection locations and management's representation that the listing is complete. Randomly select one collection location for each deposit site (i.e. 5 collection locations for 5 deposit sites), obtain and inspect written policies and procedures relating to employee job duties (if no written policies or procedures, inquire of employees about their job duties) at each collection location, and observe that job duties are properly segregated at each collection location such that: (see responses after item (d, below)
  - a) Employees that are responsible for cash collections do not share cash drawers/registers.

# No prior year exceptions noted.

- b) Each employee responsible for collecting cash is not responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g. pre-numbered receipts) to the deposit.
  - No prior year exceptions noted.
- c) Each employee responsible for collecting cash is not responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit.

No prior year exceptions noted.

d) The employee(s) responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or agency fund additions are not responsible for collecting cash, unless another employee verifies the reconciliation.

No prior year exceptions noted.

6. Inquire of management that all employees who have access to cash are covered by a bond or insurance policy for theft.

# No prior year exceptions noted.

- 7. Randomly select two deposit dates for each of the 5 bank accounts selected for procedure #3 under "Bank Reconciliations" above (select the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly select a deposit if multiple deposits are made on the same day). Alternately, the practitioner may use a source document other than bank statements when selecting the deposit dates for testing, such as a cash collection log, daily revenue report, receipt book, etc. Obtain supporting documentation for each of the 10 deposits and:
  - a) Observe that receipts are sequentially pre-numbered.

No prior year exceptions noted.

b) Trace sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip.

No prior year exceptions noted.

c) Trace the deposit slip total to the actual deposit per the bank statement.

No prior year exceptions noted.

d) Observe that the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100).

No prior year exceptions noted.

e) Trace the actual deposit per the bank statement to the general ledger.

No prior year exceptions noted.

Non-Payroll Disbursements (excluding card purchases/payments, travel reimbursements, and petty cash purchases)

8. Obtain a listing of locations that process payments for the fiscal period and management's representation that the listing is complete. Randomly select 5 locations (or all locations if less than 5).

No prior year exceptions noted.

9. For each location selected under #8 above, obtain a listing of those employees involved with non-payroll purchasing and payment functions. Obtain written policies and procedures relating to employee job duties (if the agency has no written policies and procedures, inquire

of employees about their job duties), and observe that job duties are properly segregated such that:

- a) At least two employees are involved in initiating a purchase request, approving a purchase, and placing an order/making the purchase.
- b) At least two employees are involved in processing and approving payments to vendors.
- c) The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files.
- d) Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments.

Items a) -d): No prior year exceptions noted.

[Note: Exceptions to controls that constrain the legal authority of certain public officials (e.g., mayor of a Lawrason Act municipality); should not be reported.)]

- 10. For each location selected under #8 above, obtain the entity's non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtain management's representation that the population is complete. Randomly select 5 disbursements for each location, obtain supporting documentation for each transaction and:
  - a) Observe that the disbursement matched the related original invoice/billing statement.
    - No prior year exceptions noted.
  - b) Observe that the disbursement documentation included evidence (e.g., initial/date, electronic logging) of segregation of duties tested under #9, as applicable.

No prior year exceptions noted.

### Credit Cards/Debit Cards/Fuel Cards/P-Cards

11. Obtain from management a listing of all active credit cards, bank debit cards, fuel cards, and P-cards (cards) for the fiscal period, including the card numbers and the names of the persons who maintained possession of the cards. Obtain management's representation that the listing is complete.

No prior year exceptions noted.

- 12. Using the listing prepared by management, randomly select 5 cards (or all cards if less than 5) that were used during the fiscal period. Randomly select one monthly statement or combined statement for each card (for a debit card, randomly select one monthly bank statement), obtain supporting documentation, and:
  - a) Observe that there is evidence that the monthly statement or combined statement and supporting documentation (e.g., original receipts for credit/debit card purchases, exception reports for excessive fuel card usage) was reviewed and approved, in writing,

(or electronically approved) by someone other than the authorized card holder. [Note: Requiring such approval may constrain the legal authority of certain public officials (e.g., mayor of a Lawrason Act municipality); these instances should not be reported.)]

No prior year exceptions noted.

b) Observe that finance charges and late fees were not assessed on the selected statements.

# No prior year exceptions noted.

13. Using the monthly statements or combined statements selected under #12 above, excluding fuel cards, randomly select 10 transactions (or all transactions if less than 10) from each statement, and obtain supporting documentation for the transactions (i.e. each card should have 10 transactions subject to testing). For each transaction, observe that it is supported by (1) an original itemized receipt that identifies precisely what was purchased, (2) written documentation of the business/public purpose, and (3) documentation of the individuals participating in meals (for meal charges only). For missing receipts, the practitioner should describe the nature of the transaction and note whether management had a compensating control to address missing receipts, such as a "missing receipt statement" that is subject to increase scrutiny.

### (1) No prior year exceptions noted.

### Travel and Travel-Related Expense Reimbursements (excluding card transactions)

14. Obtain from management a listing of all travel and travel-related expense reimbursements during the fiscal period and management's representation that the listing or general ledger is complete. Randomly select 5 reimbursements, obtain the related expense reimbursement forms/prepaid expense documentation of each selected reimbursement, as well as the supporting documentation. For each of the 5 reimbursements selected:

### No prior year exceptions noted.

a) If reimbursed using a per diem, agree the reimbursement rate to those rates established either by the State of Louisiana or the U.S. General Services Administration (www.gsa.gov).

### Not applicable.

b) If reimbursed using actual costs, observe that the reimbursement is supported by an original itemized receipt that identifies precisely what was purchased.

### Not applicable.

c) Observe that each reimbursement is supported by documentation of the business/public purpose (for meal charges, observe that the documentation includes the names of those individuals participating) and other documentation required by written policy (procedure #1h).

### Not applicable.

d) Observe that each reimbursement was reviewed and approved, in w<sup>r</sup>iting, by someone other than the person receiving reimbursement. *Not applicable.* 

### **Contracts**

- 15. Obtain from management a listing of all agreements/contracts for professional services, materials and supplies, leases, and construction activities that were initiated or renewed during the fiscal period. Alternately, the practitioner may use an equivalent selection source, such as an active vendor list. Obtain management's representation that the listing is complete. Randomly select 5 contracts (or all contracts if less than 5) from the listing, excluding the practitioner's contract, and:
  - a) Observe that the contract was bid in accordance with the Louisiana Public Bid Law (e.g., solicited quotes or bids, advertised), if required by law.

No prior year exceptions noted.

b) Observe that the contract was approved by the governing body/board, if required by policy or law (e.g. Lawrason Act, Home Rule Charter).

No prior year exceptions noted.

c) If the contract was amended (e.g. change order), observe that the original contract terms provided for such an amendment.

No prior year exceptions noted.

d) Randomly select one payment from the fiscal period for each of the 5 contracts, obtain the supporting invoice, agree the invoice to the contract terms, and observe that the invoice and related payment agreed to the terms and conditions of the contract.

No prior year exceptions noted.

### Payroll and Personnel

16. Obtain a listing of employees/elected officials employed during the fiscal period and management's representation that the listing is complete. Randomly select 5 employees/officials, obtain related paid salaries and personnel files, and agree paid salaries to authorized salaries/pay rates in the personnel files.

### No prior year exceptions noted.

17. Randomly select one pay period during the fiscal period. For the 5 employees/officials selected under #16 above, obtain attendance records and leave documentation for the pay period, and:

a) Observe that all selected employees/officials documented their daily attendance and leave (e.g., vacation, sick, compensatory). (Note: Generally, an elected official is not eligible to earn leave and does not document his/her attendance and leave. However, if the elected official is earning leave according to policy and/or contract, the official should document his/her daily attendance and leave.)

No prior year exceptions noted.

b) Observe that supervisors approved the attendance and leave of the selected employees/officials.

No prior year exceptions noted.

c) Observe that any leave accrued or taken during the pay period is reflected in the entity's cumulative leave records.

*Not applicable.* 

18. Obtain a listing of those employees/officials that received termination payments during the fiscal period and management's representation that the list is complete. Randomly select two employees/officials, obtain related documentation of the hours and pay rates used in management's termination payment calculations, agree the hours to the employee/officials' cumulate leave records, and agree the pay rates to the employee/officials' authorized pay rates in the employee/officials' personnel files.

No prior year exceptions noted.

19. Obtain management's representation that employer and employee portions of payroll taxes, retirement contributions, health insurance premiums, and workers' compensation premiums have been paid, and associated forms have been filed, by required deadlines.

*No prior year exceptions noted.* 

#### Ethics

- 20. Using the 5 randomly selected employees/officials from procedure #16 under "Payroll and Personnel" above, obtain ethics compliance documentation from management, and:
  - a. Observe that the documentation demonstrates each employee/official completed one hour of ethics training during the fiscal period.

We observed that most of the employees completed one hour of ethics training during the fiscal period, with a few exceptions.

b. Observe that the documentation demonstrates each employee/official attested through signature verification that he or she has read the entity's ethics policy during the fiscal period.

No exceptions noted.

### **Debt Service**

21. Obtain a listing of bonds/notes issued during the fiscal period and management's representation that the listing is complete. Select all bonds/notes on the listing, obtain supporting documentation, and observe that State Bond Commission approval was obtained for each bond/note issued.

# Not applicable.

22. Obtain a listing of bonds/notes outstanding at the end of the fiscal period and management's representation that the listing is complete. Randomly select one bond/note, inspect debt covenants, obtain supporting documentation for the reserve balance and payments, and agree actual reserve balances and payments to those required by debt covenants (including contingency funds, short-lived asset funds, or other funds required by the debt convenants).

Not applicable.

# Other

23. Obtain a listing of misappropriations of public funds and assets during the fiscal period and management's representation that the listing is complete. Select all misappropriations on the listing, obtain supporting documentation, and observe that the entity reported the misappropriation(s) to the legislative auditor and the district attorney of the parish in which the entity is domiciled.

According to management, the Library did not have any misappropriations of public funds or assets.

24. Observe that the entity has posted on its premises and website, the notice required by R.S. 24:523.1 concerning the reporting of misappropriation, fraud, waste, or abuse of public funds.

# No prior year exceptions noted.

We were not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

The purpose of this report is solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.
