Independent Accountant's Review Report

Quitman Fire Protection District No. 1
Quitman, Louisiana

We have reviewed the accompanying financial statements of the governmental activities and each major fund of the Quitman Fire Protection District No. 1, a component unit of the Jackson Parish Police Jury, as of and for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise the Quitman Fire Protection District No. 1's basic financial statements as listed in the table of contents. A review includes primarily applying analytical procedures to management's financial data and making inquiries of management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Accountant's Responsibility

Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA, and the standards applicable to review engagements contained in Government Auditing Standards, issued by the United States Comptroller General. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

We are required to be independent of the Quitman Fire Protection District No. 1 and to meet my our other ethical responsibilities, in accordance with the relevant ethical requirements related to our review.

Accountant's Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the budgetary comparison information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Such information is the responsibility of management. We have reviewed the information and, based on our review, we are not aware of any material modifications that should be made to the information in order for it to be in accordance with accounting principles generally accepted in the United States of America. We have not audited, reviewed, or compiled the required supplementary information and we do not express an opinion, a conclusion, nor provide any form of assurance on it.

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting and for placing the basic financial statements in an appropriate operational, economic, or historical context.

Supplementary Information

The accompanying schedule of compensation, benefits, and other payments to the agency head, political subdivision head, or chief executive officer is presented for purposes of additional analysis and is not a required part of the basic financial statements. The information is the representation of management. We have reviewed the information and, based on our review, we are not aware of any material modifications that should be made to the information in order for it to be in accordance with accounting principles generally accepted in the United States of America. We have not audited the supplementary information and, accordingly, do not express an opinion on such information.

In accordance with the Louisiana Governmental Audit Guide and the provisions of state law, we have issued a report dated June 23, 2025 on the results of our agreed-upon procedures.

NOTES TO THE FINANCIAL STATEMENTS

Quitman Fire Protection District No. 1
Quitman, Louisiana

Notes to the Financial Statements
As of and for the year ended December 31, 2024

INTRODUCTION

The Quitman Fire Protection District No. 1 of Jackson Parish, a component unit of the Jackson Parish Police Jury, is located in the northern portion of Jackson Parish in northeast Louisiana. As provided by Louisiana Revised Statute 40:1495, the District is governed by a Board of Commissioners consisting of five members: two members are appointed by the Jackson Parish Police Jury; two members are appointed by the Mayor and Board of Aldermen of Quitman, Louisiana; and one member who serves as chairman, is elected by the four appointed board members. Commissioners are residents of the District and serve staggered one and two year terms. The members of the Board of Commissioners do not receive compensation.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Presentation

The accompanying financial statements of the District have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The District applies all relevant GASB pronouncements, and GAAP, as applicable to governmental entities. Also, the District's financial statements are prepared in accordance with the requirements of Louisiana R.S. 24:513 and Audits of State and Local Government Units, published by the American Institute of Certified Public Accountants.

B. Reporting Entity

GASB Statement No. 14, The Financial Reporting Entity, established criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. As the governing authority of the parish, for reporting purposes, the Jackson Parish Police Jury is the financial reporting entity for Jackson Parish. The financial reporting entity consists of (a) the primary government (police jury), (b) organizations for which the government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

GASB Statement No. 39, Determining Whether Certain Organizations are Component Units, establishes criteria for determining which, if any, component units should be considered part of the Jackson Parish Police Jury for financial reporting purposes. GASB Statement No. 61 provides additional criteria for classifying entities as component units. The basic criterion for including a potential component unit within the reporting entity is financial accountability, which includes:

1. Appointing a voting majority of an organization's governing body, and:
 - i. The ability of the government to impose its will on that organization and/or
 - ii. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the government.
2. Organizations for which the government does not appoint a voting majority but are fiscally dependent on the government and there is a potential for the organization to provide specific financial benefits to, or to impose specific financial burdens on, the government regardless of whether the organization has a separately elected governing board, a governing board appointed by a higher level of government, or a jointly appointed board.

Quitman Fire Protection District No. 1
Quitman, Louisiana

Notes to the Financial Statements
As of and for the year ended December 31, 2024

3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Because the Jackson Parish Police Jury approves the organization's governing body, and the potential for the organization to provide specific benefits to or impose specific financial burdens on the police jury, the District was determined to be a component unit of the Jackson Parish Police Jury, the financial reporting entity. The accompanying financial statements present information only on the funds maintained by the District and do not present information on the police jury, the general government services provided by that governmental unit, or the other governmental units that comprise the financial reporting entity.

C. Government-Wide Financial Statements

The District's government-wide financial statements include the Statement of Net Position and the Statement of Activities. These statements present summaries of the governmental activities for the District. Fiduciary activities of the District are not included in these statements.

These statements are presented on an "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all of the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, including capital assets and long-term liabilities, are included in the accompanying Statement of Net Position. The Statement of Activities presents changes in Net Position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred, regardless of the timing of related cash flows. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange or exchange-like transactions are recognized when the exchange occurs (regardless of when cash is received or disbursed). Revenues, expenses, gains, losses, assets and liabilities resulting from nonexchange transactions are recognized in accordance with the requirements of GASB Statement No. 33, Accounting and Financial Reporting for Nonexchange Transactions.

The Statement of Activities presents a comparison between direct expenses and program revenues for each function of the Quitman Fire Protection District No. 1's governmental activities.

Program Revenues - Program revenues included in the Statement of Activities (Statement B) derive directly from parties outside the District's taxpayers or citizenry, including (a) fees and charges paid by the recipient for goods or services offered by the program, and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program; program revenues reduce the cost of the function to be financed from the District's general revenues.

Direct Expenses - The District reports all direct expenses by function in the Statement of Activities (Statement B). Direct expenses are those that are clearly identifiable with a function. Depreciation expense, which can be specifically identified by function, is included in the direct expenses of each function.

Indirect Expenses - The District reports all indirect expenses separately on the Statement of Activities (Statement B). Indirect expenses are those expenses that are not clearly identifiable with a function. Interest on long-term debt is considered an indirect expense.

General revenues are taxes and other items that are not properly included among program revenues.

Quitman, Louisiana

Notes to the Financial Statements
As of and for the year ended December 31, 2024

D. Fund Financial Statements

The accounts of the Quitman Fire Protection District No. 1 are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund equity, revenues, expenditures or expenses, as appropriate, additions, and deductions. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds maintained is consistent with legal and managerial requirements. Funds of the District are classified into one category: governmental.

Governmental Funds

Governmental fund financial statements include a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balances for all major governmental funds. An accompanying schedule is presented to reconcile and explain the differences in fund balances and changes in fund balances as presented in these statements to the net position and changes in net position presented in the government-wide financial statements. The District has presented all major funds.

All governmental funds are accounted for on a spending or "current financial resources" measurement focus and the modified accrual basis of accounting. Accordingly, only current assets, deferred outflows of resources, current liabilities, and deferred inflows of resources are included on the Balance Sheets. Amounts recorded as assets exclude capital assets and the acquisition of capital assets is treated as an expenditure. Long-term debts are reported as an other financing source, and repayment of long-term debt is reported as an other financing use. The Statement of Revenues, Expenditures and Changes in Fund Balances presents increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in fund balance.

Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current period.

"Measurable" means the amount of the transaction can be determined, and "available" means collectible within the current period or soon thereafter to pay liabilities of the current period. Accordingly, revenues are recorded when received in cash and when collected within 60 days after year-end. Expenditures are recorded in the accounting period in which the related fund liability is incurred, except for principal and interest on general long-term debt, which are recognized when due.

The Quitman Fire Protection District No. 1 reports the following major governmental funds:

General Fund - The primary operating fund of the District, the General Fund accounts for all financial resources, except those required to be accounted for in other funds. The General Fund is available for any purpose provided it is expended or transferred in accordance with state and federal laws and according to District policy.

Revenues

The governmental funds use the following practices in recording revenues:

Those revenues susceptible to accrual are property taxes and charges for services.

Quitman Fire Protection District No. 1
Quitman, Louisiana

Notes to the Financial Statements
As of and for the year ended December 31, 2024

Entitlements and shared revenues are recorded as unrestricted grants-in-aid at the time of receipt or earlier if the susceptible-to-accrual criteria are met. Expenditure-driven grants are recognized when the qualifying expenditures have been incurred, all other grant requirements have been met, and the susceptible-to-accrual criteria have been met.

Interest earnings are recorded when the investments have matured and the interest is available.

Expenditures

The governmental funds use the following practices in recording expenditures:

Purchases of various operating supplies, etc. are recorded as expenditures when the related fund liability is incurred.

Other Financing Sources (Uses)

The governmental funds use the following practices in recording other financing sources (uses):

Sales of fixed assets and long-term debt proceeds and payments are accounted for as other financing sources (uses). These other financing sources (uses) are recognized at the time the underlying events occur.

Principal and interest on long-term debt are recognized when due.

E. Equity Classifications

The Quitman Fire Protection District No. 1 has implemented GASB Statement No. 63, Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position.

In the Government-Wide Financial Statements, the difference between (a) assets and deferred outflows of resources and (b) liabilities and deferred inflows of resources is classified as net position and reported in three components:

Net investment in capital assets: This classification consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of these assets.

Restricted net position: This classification consists of net position with constraints placed on its use either by external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or law through constitutional provision or enabling legislation.

Unrestricted net position: Any other net position that does not meet the definition of "restricted" or "net investment in capital assets."

When an expense is incurred for the purposes for which both restricted and unrestricted net position are available, management applies unrestricted net position first, unless a determination is made to use restricted net position. The policy concerning which to apply first varies with the intended use and legal requirements. This decision is typically made by management at the incurrence of the expense.

Quitman Fire Protection District No. 1
Quitman, Louisiana

Notes to the Financial Statements
As of and for the year ended December 31, 2024

The Governmental Fund Financial Statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the District is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in the governmental fund financial statements are as follows:

Nonspendable: This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) are legally or contractually required to be maintained intact. The District did not have any nonspendable funds for the year ended December 31, 2024.

Restricted: This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation. The District did not have any restricted funds for the year ended December 31, 2024.

Committed: This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the Board of Commissioners. These amounts cannot be used for any other purpose unless the Board of Commissioners removes or changes the specified use by taking the same type of action (resolution) that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements. The Board typically establishes commitments through the adoption and amendment of the budget. The District did not have any committed funds for the year ended December 31, 2024.

Assigned: This classification includes amounts that are constrained by the District's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the Board of Commissioners or through the Board delegating this responsibility to a body or official (Fire Chief) for specific purposes. This classification also includes the remaining positive fund balance for all governmental funds except for the General Fund. The District has no assigned funds for year ended December 31, 2024.

Unassigned: This classification includes the residual fund balance for the General Fund. The Unassigned classification also includes negative residual fund balance of any other governmental fund that cannot be eliminated by offsetting of Assigned fund balance amounts. All funds of the District are designated as unassigned.

The District would typically use Restricted fund balances first, followed by Committed resources, and then Assigned resources, as appropriate opportunities arise, but reserves the right to selectively spend Unassigned resources first to defer the use of these other classified funds.

Quitman Fire Protection District No. 1
Quitman, Louisiana

Notes to the Financial Statements
As of and for the year ended December 31, 2024

F. Budgets

The Fire Chief prepares a proposed budget and submits it to the Board of Commissioners. The budget is adopted through passage of a formal motion and vote by the Board prior to the commencement of the fiscal year for which the budget is being adopted. The Board of Commissioners may revise or amend the budget at its discretion during legally convened sessions. The District utilizes formal budgetary integration as a management control device for all funds.

The General Fund budget was published in the official journal and made available for public inspection. The budget was adopted by the Board of Commissioners on November 16, 2023. The budget had one amendment that was adopted by the Board of Commissioners on November 19, 2024.

G. Cash and Cash Equivalents

Cash includes amounts in demand deposits, interest-bearing demand deposits, and money market accounts. Cash equivalents include amounts in time deposits and those investments with original maturities of 90 days or less. Under state law, the Quitman Fire Protection District No. 1 may deposit funds in demand deposits in stock-owned federally insured depository institutions organized under the laws of the state of Louisiana or of any other state of the United States, or under the laws of the United States. The District may invest in certificates and time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

For the purposes of the statement of cash flows, cash equivalents include all highly liquid investments with a maturity date of 90 days or less when purchased.

Under state law, the District may invest in United States bonds, treasury notes, or certificates. Those with maturities of 90 days or less would be classified as cash equivalents and all other reported as investments.

H. Investments

The Quitman Fire Protection District No. 1's investments comply with Louisiana Revised Statute 33:2955. Under state law, the District may deposit funds with a fiscal agent organized under the laws of Louisiana, the laws of any other state in the union, or the laws of the United States. The District may invest in United States bonds, treasury notes and bills, or government-backed agency securities or certificates, and time deposits of state banks organized under Louisiana law and national banks having principal offices in Louisiana. These deposits are classified as investments if their original maturities exceed 90 days. Investments are stated at fair value except for the following, which are permitted under GASB Statement No. 31:

Investments in non-participating interest earning contracts, such as non-negotiable certificates of deposit with redemption terms that do not consider market rates, are reported using a cost-based measure.

The District reports at amortized cost money market investments and participating interest-bearing investment contracts that have a remaining maturity at the time of purchase of one year or less. Interest-earning investment contracts include time deposits with financial institutions (such as certificates of deposit), repurchase agreements, and guaranteed investment contracts. Money market investments are short-term, highly liquid debt instruments that include U.S. Treasury obligations.

Quitman Fire Protection District No. 1
Quitman, Louisiana

Notes to the Financial Statements
As of and for the year ended December 31, 2024

I. Capital Assets

Capital assets, which include property, plant, and equipment, are recorded in the governmental column of the government-wide financial statements, but are not reported in the governmental fund financial statements. Acquisitions of property and equipment are capitalized at historical cost or estimated cost if historical cost is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The District maintains a threshold level of \$500 or more for capitalizing capital assets.

Improvements and replacements of property and equipment are capitalized. Maintenance and repairs that do not improve or extend the lives of property and equipment are charged to expense as incurred. When assets are sold or retired, their cost and related accumulated depreciation are removed from the accounts and any gain or loss is reported in the Statement of Activities.

Furniture, fixtures, equipment	5-10 years
Motor vehicles - fire trucks	15 years
Buildings	40 years

J. Deferred Outflows of Resources

The District reports decreases in net position that relate to future periods as deferred outflows of resources in a separate section of its government-wide statement of net position. The District did not report any deferred outflows of resources in the government-wide statements, and no deferred outflows of resources affect the governmental funds financial statements.

K. Deferred Inflows of Resources

The District reports increases in net position that relate to future periods as deferred inflows of resources in a separate section of its government-wide statement of net position. The District will not recognize the related revenues until a future event occurs. The District did not report any deferred inflows of resources in the government-wide statements, and no deferred inflows of resources affect the governmental funds financial statements.

L. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenditures, and expenses during the reporting period. Actual results could differ from those estimates.

Quitman, Louisiana

Notes to the Financial Statements
As of and for the year ended December 31, 2024

2. Ad Valorem Tax

Ad Valorem taxes are collected by the Jackson Parish Tax Collector (Jackson Parish Sheriff) and remitted to the Quitman Fire Protection District No. 1. Ad Valorem taxes are assessed on a calendar year basis by the Jackson Parish Tax Assessor. Billed taxes become delinquent on December 31 of the current year. Ad Valorem taxes attach as an enforceable lien on property on December 31 of each year. The taxes are generally collected in December of the current year and January and February of the ensuing year. The following is a summary of the authorized and levied Ad Valorem taxes.

This millage was approved by the Board of Commissioners on July 18, 2023. This millage is the maximum millage that can be assessed without the approval of the voters of the District.

	Authorized Millage	Levied Millage	Expiration Date
Maintenance	11.41	11.41	2025

3. Cash, Cash Equivalents, and Investments

At December 31, 2024, the District had cash and cash equivalents (book balances) totaling \$148,959. These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent.

At December 31, 2024, the District had \$151,255 in deposits (collected bank balances). These deposits are secured from risk by \$250,000 federal deposit insurance. Even though the pledged securities are considered uncollateralized under the provisions of GASB Statement No. 40, Louisiana Revised Statute 30:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified that the fiscal agent has failed to pay deposited funds upon demand. Louisiana R.S. 39:1224 requires bonds, or other such instruments furnished as security, to be deposited with the depositing authority or with an unaffiliated bank or trust company, Federal Reserve Bank, or any Federal Home Loan Bank or its successor. This security is deemed to be under the control and in the possession of the public entity and deemed to be held in its name. The Quitman Fire Protection District No. 1 has complied with these requirements of state law.

Cash and investments are categorized to give an indication of the level of risk assumed by the District at December 31, 2024. Deposits are considered to be exposed to custodial credit risk if they are not covered by depository insurance and the deposits are (a) uncollateralized, (b) collateralized with securities held by the pledging financial institution, or (c) collateralized with securities held by the the pledging financial institution's trust department or agent but not in the depositor-government's name. The Quitman Fire Protection District No. 1 has cash and cash equivalents that are covered by \$250,000 of federal depository insurance.

At December 31, 2024, the District had no investments.

7. Retirement Plans

The District does not participate in any pension or retirement plans.

8. Long-Term Obligations

On February 12, 2018, the District entered into three capital lease-purchase agreements with Governmental Capital to finance three new tankers and CAFS systems (foam system) for four new trucks. Due to the implementation of GASB Statement No. 87 during this review period, these leases met the criteria of a lease, requiring it to be recorded by the District. This asset will be amortized over the useful life since the District assumes that it will be taking ownership at the end of the lease for the \$1 option to purchase the vehicles. The following is a summary of the long-term obligation transactions for the year ended December 31, 2024:

Long-term obligation	Balance, January 01, 2024	Additions	Deletions	Balance, December 31, 2024

9. Grants

During the year ended December 31, 2024, the Quitman Fire Protection District No. 1 received no grants.

10. Risk Management

The District is exposed to various risk of loss related to torts, thefts of, damage to, and destruction of assets, errors and omissions, and injuries to employees. To handle such risk of loss, the District maintains commercial insurance policies covering each of these risks of loss. The District believes such coverage is sufficient to preclude any significant uninsured losses to the District. No claims were paid on any of the policies during the past three years, which exceeded the policies' coverage amount.

11. Litigation and Claims

At December 31, 2024, the District was not involved in any lawsuits nor is aware of any outstanding claims, which are not covered by insurance.

12. Prior Period Adjustment

At December 31, 2024, the District made an adjustment for the ad valorem taxes receivable. In prior periods, ad valorem taxes were accrued that were paid under protest and not remitted to the District. The receivable was increased by \$67,640 in the current audit period.

13. Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were available to be issued, June 23, 2025, and determined that no events occurred that require disclosure. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

Independent Accountant's Report on Applying Agreed-Upon Procedures

Quitman Fire Protection District No. 1
Quitman, Louisiana

We have performed the procedures enumerated below on the Quitman Fire Protection District No. 1's compliance with certain laws and regulations contained in the accompanying Louisiana Attestation Questionnaire during the fiscal year ended December 31, 2024, as required by Louisiana Revised Statute 24:513 and the Louisiana Governmental Audit Guide. The District's management is responsible for its financial records and compliance with applicable laws and regulations.

The District has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is to perform specified procedures on the District's compliance with the laws and regulations contained in the accompanying Louisiana Attestation Questionnaire during the fiscal year ended December 31, 2024. Additionally, the Louisiana Legislative Auditor has agreed to and acknowledged that the procedures performed are appropriate for its purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are as follows:

Public Bid Law

1. Select all expenditures made during the year for material and supplies exceeding \$60,000, or public works exceeding \$250,000, and determine whether such purchases were made in accordance with LSA-RS 38:2211-2251 (the public bid law).

Upon scanning the disbursements, no expenditures were noted for materials & supplies exceeding \$60,000, and no expenditures for public works exceeding \$250,000.

Code of Ethics for Public Officials and Public Employees

2. Obtain from management a list of the immediate family members of each board member as defined by LSA-RS 42:1101-1124 (the code of ethics), and a list of outside business interests of all board members and employees, as well as their immediate families.

Management provided us with the required list including the noted information.

3. Obtain from management a listing of all employees paid during the period under examination.

Management provided us with the payroll records that listed all employed during the review period.

4. Determine whether any of those employees included in the listing obtained from management in agreed-upon procedure (3) were also included on the listing obtained from management in agreed-upon procedure (2) as immediate family members.

The names of the employees provided by management in procedure (3) did not appear on the listing provided by management in procedure (2).

Budgeting

5. Obtain a copy of the legally adopted budget and all amendments.

Management provided us with a copy of the original budget. The budget was amended once in the fiscal year, and a copy of the amended budget was provided.

6. Trace the budgets adoption and amendments to the minute book.

We traced the adoption of the original budget, for the year ended December 31, 2024, to the minutes of a meeting held on November 16, 2023, which indicated that the budget had been approved by the Board of Commissioners. The December 31, 2024 budget was amended and approved by all the Board of Commissioners at the monthly meeting held November 19, 2024.

7. Compare the revenues and expenditures of the final budget to actual revenues and expenditures to determine if actual revenues failed to meet budgeted revenues by 5% or more or if actual expenditures exceed budgeted amounts by 5% or more.

We compared the revenues and expenditures of the final budgets to actual revenues and expenditures. Actual revenues were more than budgeted revenues. Actual expenditures were more than budgeted expenditures by 3.12%.

Accounting and Reporting

8. Randomly select six disbursements made during the period under examination and:

(a) trace payments to supporting documentation as to proper amount and payee;

We examined supporting documentation for five of the six selected disbursements and found that payment was for the proper amount and made to the correct payee.

(b) determine if payments were properly coded to the correct fund and general ledger account; and

The six selected disbursements were properly coded to the correct fund and general ledger account.

(c) determine whether payments received approval from proper authorities.

The six selected disbursements were traced to the District's meeting minutes where they were approved by the Commissioners.

Meetings

9. Examine evidence indicating that agendas for meetings recorded in the minute book were posted or advertised as required by LSA-RS 42:1 through 42:12 (the open meetings law).

The Quitman Fire Protection District No. 1 posts a notice of each meeting in the local newspaper, the official journal of the District, and the District posts notice of the meeting on the front door of the fire station.

Debt

10. Examine bank deposits for the period under examination and determine whether any such deposits appear to be proceeds of bank loans, bonds, or like indebtedness.

We inspected copies of all bank deposit slips for the period under examination and noted no deposits which appeared to be proceeds of bank loans, bonds, or like indebtedness.

Advances and Bonuses

11. Examine payroll records and minutes for the year to determine whether any payments have been made to employees which may constitute bonuses, advances, or gifts.

We noted no instances which would indicate payments to employees which would constitute bonuses, advances, or gifts.

Prior Comments and Recommendations

Our report for the year ended December 31, 2023, did not include any comments or unresolved matters.

We were engaged by the District to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants, and the standards applicable to attestation engagements contained in Government Auditing Standards, issued by the United States Comptroller General. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on the District's compliance with the foregoing matters. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely to describe the scope of testing performed on the District's compliance with certain laws and regulations contained in the accompanying Louisiana Attestation Questionnaire, as required by Louisiana Revised Statute 24:513 and the Louisiana Governmental Audit Guide, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Louisiana Legislative Auditor as a public document.

RE: Management Letter
Audit Report -- For the Year Ended December 31, 2024

We have performed our audit of the Quitman Fire Protection District No. 1. As part of those procedures, we have the following information to report to you.

- 1) The Quitman Fire Protection District No. 1 did not have documentation on an expenditure approved by the chief and a board member for the year ended December 31, 2024. Louisiana Revised Statute 44:36 requires that a public entity retain records for a period of at least three years from the date on which the public record was made.

Management's Response: The Quitman Fire Protection District No. 1 will obtain invoices or retain contracts for all expenditures.

Sincerely,

Kenneth D. Folden & Co., CPAs, LLC
