December 31, 2025

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**a. Organization**

St. Bernard Parish Tourist Commission (the “Commission”) was created by Louisiana Revised Statute 33:4574, which authorizes the governing parish in the State of Louisiana to form and create a tourist commission. The Commission shall have the authority to spend budgeted money for advertising, promotion, and publication of information. The Commission shall have the authority to spend the hotel/motel tax revenue for tourism interest upon the approval of its commissioners.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

a. Organization (Continued)

Governance: (Continued)

- e) The Director of Tourism for the Parish, or such other person designated by the St. Bernard Parish President, shall serve, without voting rights, as an ex-officio member of the Commission.

b. Basis of Presentation

The financial statements include the Statement of Net Position and the Statement of Activities for all activities of the Commission. The presentation focuses primarily on the sustainability of the Commission as an entity and the change in aggregate financial position resulting from the activities for the fiscal period. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues.

c. Measurement Focus and Basis of Accounting

Measurement focus is a term used to describe which transactions are recorded within the various financial statements. Basis of accounting refers to when transactions are recorded regardless of the measurement focus applied.

The financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Revenues - Exchange and Non-exchange transactions - Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value is recorded on the accrual basis when the exchange takes place.

Non-exchange transactions, in which the Commission receives value without directly giving value in return, include hotel/motel tax collections, grants, and donations. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the Commission must provide local resources to be used for a specific purpose, and expenditure requirements, in which the resources are provided to the Commission on a reimbursement basis.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

c. Measurement Focus and Basis of Accounting (Continued)

Expenditures - Expenditures are recognized at the time they are incurred. Expenditures are generally recognized in the accounting period in which the related liability is incurred.

Budget and Budgetary Accounting - Formal budgetary accounting is employed as a management control device during the year for the general fund.

The budget is adopted on a basis consistent with accounting principles generally accepted in the United States of America (GAAP). All appropriations, which are not expended, lapse at year-end.

Encumbrances - Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is not employed by the Commission.

d. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

e. Operating Budgetary Data

As required by the Louisiana Revised Statutes 39:1303, the Commission adopted a budget. The budgetary practices include public notice of the proposed budget, public inspection of the proposed budget, and public hearings of the budget prior to adoption. Any amendment involving the transfer of monies from one function to another or increases in expenditures must be approved by the Commission.

The budget is adopted on a basis materially consistent with GAAP.

f. Capital Assets and Depreciation

Property and equipment are accounted for as capital assets. Capital assets purchased or acquired with an original cost of \$5,000 or more are valued at historical cost or estimated historical cost if actual is unavailable, except for donated capital assets which are recorded at their estimated fair value at the date of donation. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

f. Capital Assets and Depreciation (Continued)

Depreciation of all exhaustible capital assets is recorded as an expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

Furniture and equipment	5 years
-------------------------	---------

g. Hotel/Motel Taxes

Hotel/motel taxes are normally collected and remitted to the St. Bernard Parish Sheriff's Office monthly. The Sheriff's Office delivers a check monthly to the Commission. Hotel/motel taxes are levied on hotels and motels located within the boundaries of the Parish. The tax is to be used for the purpose of promoting the Parish as a tourist destination. The Commission recognizes hotel/motel taxes when received from the Parish tax collector.

h. Net Assets

Equity is classified as net assets and displayed in three components:

1. Invested in capital assets - Consists of capital assets including restricted capital assets, net of accumulated depreciation.
2. Restricted net assets - Consists of net assets with constraints placed on the use either by (1) external groups such as creditors, grantors, contributions or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
3. Unrestricted net assets - All other net assets that do not meet the definition of "restricted" or "invested in capital assets".

When both restricted and unrestricted resources are available for use, it is the Commission's policy to use restricted resources first, then unrestricted resources as they are needed. As of December 31, 2025 and for the year then ended, the Commission did not have or receive restricted net assets.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

i. Subsequent Events

The Commission evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through February 24, 2026, which is the date the financial statements were available to be issued.

Note 2 - UNINSURED CASH BALANCES

Louisiana state law allows all political subdivisions to invest excess funds in obligations of the United States, or any other federally insured investment, certificates of deposit of any bank domiciled or having a branch office in the State of Louisiana, guaranteed investment contracts and investment grade (A-1/P-2) commercial paper of domestic corporations.

Bank Deposits:

State law requires deposits (cash) of all political subdivisions to be fully collateralized at all times. Acceptable collateralization includes FDIC insurance and securities purchased and pledged to the political subdivision. Obligations of the United States, the State of Louisiana, and certain political subdivisions are allowed as security for deposits. Obligations furnished as security must be held by the political subdivision or with an unaffiliated bank or with a trust company for the account of the political subdivision.

The bank balance as of December 31, 2025 is as follows:

	<u>Bank Balance</u>	<u>Reported Amount</u>
Cash	<u>\$ 251,497</u>	<u>\$ 238,800</u>

Custodial credit risk is the risk that in the event of a bank failure, the Commission's deposits may not be returned to it. The Commission has a written policy for custodial credit risk. As of December 31, 2025, the Commission's bank balance of \$251,497 was in excess of the federal deposit limit.

As of December 31, 2025, cash was adequately collateralized in accordance with state law.

Note 3 - CHANGES IN CAPITAL ASSETS
