## Independent Auditor's Report

Honorable Robby Miller, Parish President and  
Members of the Tangipahoa Parish Council  
Tangipahoa Parish Government  
Amite, Louisiana

### **Report on the Audit of the Financial Statements**

#### ***Adverse and Unmodified Opinions***

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Tangipahoa Parish Government (the "Parish"), as of and for the year ended December 31, 2025, and the related notes to the financial statements, which collectively comprise the Parish's basic financial statements as listed in the table of contents.

#### ***Adverse Opinion on Aggregate Discretely Presented Component Units***

In our opinion, because of the significance of the matter described in the Basis for Adverse and Unmodified Opinions section of our report, the financial statements referred to above do not present fairly the financial position of the aggregate discretely presented component units of the Parish as of December 31, 2025, or the changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Unmodified Opinions on Governmental Activities, Each Major Fund, and the Aggregate Remaining Fund Information***

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Parish as of December 31, 2025, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Adverse and Unmodified Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Parish, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse and unmodified audit opinions.

*Matter Giving Rise to Adverse Opinion on Aggregate Discretely Presented Component Units*

The financial statements do not include financial data for the Parish's legally separate component units. Accounting principles generally accepted in the United States of America require financial data for those component units to be reported with the financial data of the Parish's primary government unless the Parish also issues financial statements for the financial reporting entity that include the financial data for its component units. The Parish has not issued such reporting entity financial statements. Because of this departure from accounting principles generally accepted in the United States of America, the assets, deferred outflows of resources, liabilities, deferred inflows of resources, net position, revenues, and expenses of the aggregate discretely presented component units are not reasonably obtainable.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Parish's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Parish's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Parish's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 6 – 11; the Budgetary Comparison Schedules on pages 77 – 81; the Schedule of Changes in the Parish's Net OPEB Liability and Related Ratios on page 82; the Schedule of the Parish's Proportionate Share of the Net Pension Liability / (Asset) on page 83; and the Schedule of the Parish's Contribution on page 84 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquires of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Parish's basic financial statements. The accompanying Financial Data Schedule – Balance Sheet; Financial Data Schedule – Revenues and Expenses; Schedule of Compensation, Benefits, and Other Payments to Agency Head; Justice System Funding Schedule – Receiving Entity; and Schedule of Expenditures of Federal Awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Financial Data Schedule – Balance Sheet; Financial Data Schedule – Revenues and Expenses; Schedule of Compensation, Benefits, and Other Payments to Agency Head; Justice System Funding Schedule – Receiving Entity; and Schedule of Expenditures of Federal Awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated June 18, 2026, on our consideration of the Parish's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Parish's internal control over financial reporting or on

Tangipahoa Parish Government

compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Parish's internal control over financial reporting and compliance.

Management's Discussion and Analysis**

**Tangipahoa Parish Government**  
**Amite, Louisiana**  
Management's Discussion and Analysis  
As of and For the Year Ended December 31, 2025

Our discussion and analysis of the Tangipahoa Parish Government's (the "Parish") financial performance provides an overview of the Parish's financial activities for the fiscal year ended December 31, 2025, with comparisons to the prior year, where appropriate.

Since Management's Discussion and Analysis (MD&A) is designed to focus on the current year's activities, resulting changes, and currently known facts, please read it in conjunction with the Parish's financial statements, which begin on Exhibit A.

Financial Highlights

The Parish's net position from government activities increased by approximately \$12.9 million as a result of this year's operations.

Total cost of all of the Parish's programs was in excess of \$88 million in 2025.

Using this Annual Report

This discussion and analysis is intended to serve as an introduction to the Parish's basic financial statements. This annual report consists of a series of financial statements. The Parish's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements. The Statement of Net Position and the Statement of Activities (on Exhibits A and B) provide information about the activities of the Parish as a whole and present a longer-term view of the Parish's finances. Fund financial statements start with Exhibit C. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the Parish's operations in more detail than the government-wide statements by providing information about the Parish's most financially significant funds.

**Government-Wide Financial Statements**

*Statement of Net Position and Statement of Activities*

One of the most important questions asked about the Parish's finances is "Is the Parish as a whole better off or worse off as a result of the year's activities?" The Statement of Net Position and the Statement of Activities report information about the Parish as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the *accrual basis of accounting*, which is similar to the accounting used by most private-sector companies. Accrual of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the Parish's *net position* and changes to them. You can think of the Parish's net position, the difference between assets, what the citizens own, and liabilities, what the citizens owe, as one way to measure the Parish's financial health, or *financial position*. Over time, increases or decreases in the Parish's net position are one indicator of whether its *financial health* is improving or deteriorating. You will need to consider other nonfinancial factors, however, such as changes in the Parish's property tax base and the condition of the Parish's capital assets (roads, bridges, buildings, and sewer lines) to assess the *overall health* of the Parish.

**Tangipahoa Parish Government**  
**Amite, Louisiana**  
Management's Discussion and Analysis (Continued)  
As of and For the Year Ended December 31, 2025

The Condensed Statement of Activities and Changes in Net Position reports on the Parish's governmental activities:

- Governmental activities: most of the Parish's basic services are reported here, including road & bridge construction and maintenance, road lighting, landfill operations, health offices, animal control, low income housing (Section 8), and general administration. The Parish's one percent sales tax, property taxes, and state and federal grants finance most of these activities.

### **Fund Financial Statements**

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Some funds are required to be established by State law. However, the Parish establishes many other funds to help it control and manage money for particular purposes or to show that it is meeting legal responsibilities for using certain taxes, grants, and other money. The Parish's three kinds of funds, governmental, proprietary, and fiduciary, use different accounting approaches.

*Governmental Funds* – Most of the Parish's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the Parish's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the Parish's programs. We describe the relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds in a reconciliation beside the fund financial statements.

*Proprietary Funds* – When the Parish charges customers for the full cost of the services it provides whether to outside customers or to other units of the Parish, these services are reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Position and the Statement of Activities. In fact, the Parish's enterprise funds (a component business-type funds) are the same as the business-type activities we report in the government-wide statements but provide more detail and additional information, such as cash flows, for proprietary funds.

*Fiduciary Funds* – Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources are not available to support the Parish's own programs. The Parish is the trustee, or fiduciary, for assets that belong to others, such as the Other Post-Employment Benefits Fund. The Parish is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and by those to whom the assets belong. This fund is reported within the Fiduciary Fund category and is reported on a full accrual basis.

### **Notes to the Financial Statements**

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 26 through 75 of this report.

| Total Liabilities                    | <u>\$ 33,588,503</u>  | <u>\$ 41,253,878</u>  | <u>\$ (7,665,375)</u> | -18.58%         |
| <b>Deferred Inflows of Resources</b> | <u>\$ 4,606,420</u>   | <u>\$ 8,148,893</u>   | <u>\$ (3,542,473)</u> | -43.47%         |
| <b>Net Position</b>                  |                       |                       |                       |                 |
| Net Investment in Capital Assets     | \$ 263,561,305        | \$ 256,457,094        | \$ 7,104,211          | 2.77%           |
| Restricted                           | 53,262,001            | 53,082,029            | 179,972               | 0.34%           |
| Unrestricted (Deficit)               | <u>4,903,709</u>      | <u>(780,157)</u>      | <u>5,683,866</u>      | -728.55%        |
| Total Net Position                   | <u>\$ 321,727,015</u> | <u>\$ 308,758,966</u> | <u>\$ 12,968,049</u>  | 4.20%           |

Approximately 81.92% of the Parish's net position reflect its investment in capital assets (land, buildings, equipment, and improvements) net of any outstanding related debt used to acquire those capital assets. Capital assets are used to provide services to citizens and do not represent resources available for future spending. Although the Parish's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since capital assets cannot be used to liquidate these liabilities. Approximately 16.55% of the Parish's net position represent resources that are subject to external restriction on how they may be used. The Parish's restricted net position consist of cash restricted for the high deductible insurance and health reimbursement plan, cash required to be restricted by grant covenants, sales tax levies, ad valorem tax levies, and contract agreements. Approximately 1.52% of the Parish's net position is positive, reflecting the Parish's overall financial stability.

Management's Discussion and Analysis (Continued)  
As of and For the Year Ended December 31, 2025

Governmental Activities

The Parish's governmental net position increased by \$12,968,049. The increase in Net Position is a result of an increase in taxes, licenses, and investment earnings, and a reduction in the amount of public safety, culture, and recreation expenditures.

Business-Type Activities

The Parish had no business-type activities in 2025.

General Fund Budgetary Highlights

The Parish budgets were reviewed quarterly and amended one time during the year to reflect changes in forecasted revenues and expenditures, with the final amendment taking place on December 22, 2025.

Capital Assets and Debt Administration

Capital Assets

The Parish's capital assets for its governmental activities as of December 31, 2025, amount to \$263.8 million (net of accumulated depreciation). Capital assets include land, buildings, improvements, vehicles, machinery and equipment, office equipment, roads, and bridges.

The total increase in the Parish's Net investment in capital assets for the current year was 2.91%, or \$7.46 million.

\* The current portion of the debt listed above is \$2,552,361.

The Parish as a Whole

The Parish's combined Net Position changed from a year ago, increasing to approximately \$321 million from \$308 million.

Economic Factors and Next Year's Budgets and Rates,

The Parish looks forward to 2026 with a cautious optimistic economic outlook of continued expansion and growth within the local economy. The Parish continues to practice the conservative fiscal policy (pay as you go) from which much of the economic success in Tangipahoa Parish has resulted.

Request for Information

This financial report is designed to provide our citizens, taxpayers, customers, and creditors with a general overview of the Parish's finances and to show the Parish's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Missy R. Cowart CPA, Director of Finance at (985) 748-3211 or Tangipahoa Parish Government, P.O. Box 215, Amite, LA 70422.

**Exhibit D**

Reconciliation of the Governmental Funds Balance Sheet to the  
Statement of Net Position  
For the Year Ended December 31, 2025

|                                                            |    |            |
|------------------------------------------------------------|----|------------|
| <b>Total Fund Balances, Governmental Funds (Exhibit C)</b> | \$ | 70,668,698 |
|------------------------------------------------------------|----|------------|

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds. These assets consist of:

|                                                              |  |             |
|--------------------------------------------------------------|--|-------------|
| Governmental Capital Assets, Net of Accumulated Depreciation |  | 263,824,786 |
|--------------------------------------------------------------|--|-------------|

|                                                                                                                                             |  |           |
|---------------------------------------------------------------------------------------------------------------------------------------------|--|-----------|
| Right of use assets used in governmental activities are not financial resources and, therefore, are not reported in the governmental funds. |  | 3,219,065 |
|---------------------------------------------------------------------------------------------------------------------------------------------|--|-----------|

|                                                                                                                                                                                                                                       |  |           |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--|-----------|
| The internal service fund is used by management to charge administration costs to individual funds. The assets and liabilities of the internal service fund are included in governmental activities in the statement of net position. |  | 2,524,960 |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--|-----------|

Long-term liabilities are not due and payable in the current period, and therefore, are not reported in the governmental funds:

|                                     |  |              |
|-------------------------------------|--|--------------|
| Current (Short-Term) Obligations    |  | (514,126)    |
| Non-Current (Long-Term) Obligations |  | (14,816,679) |
| Lease (Short-Term) Obligations      |  | (2,038,235)  |
| Lease (Long-Term) Obligations       |  | (1,444,311)  |
| Accrued Compensated Absences        |  | (585,496)    |

In accordance with Governmental Accounting Standards Board Statement No. 68, the net pension liability related to pension plans, deferred outflows of resources, and deferred inflows of resources are not recorded in the governmental funds:

|                                |  |             |
|--------------------------------|--|-------------|
| Net Pension Assets             |  | 2,338,481   |
| Net Pension Liabilities        |  | (121,987)   |
| Deferred Outflows of Resources |  | 3,502,664   |
| Deferred Inflows of Resources  |  | (2,220,531) |

In accordance with Governmental Accounting Standards Board Statement No. 75, the other postemployment obligations liability related to health insurance, deferred outflows of resources, and deferred inflows of resources are not recorded in the governmental funds:

|                                            |  |             |
|--------------------------------------------|--|-------------|
| Other Postemployment Obligations Liability |  | (4,434,947) |
| Deferred Outflows of Resources             |  | 2,951,756   |
| Deferred Inflows of Resources              |  | (1,697,075) |

|                                                                                                                                                                    |  |                |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------|--|----------------|
| Certain revenues are not available to pay for current-period expenditures and, therefore, are reported as deferred inflows of resources in the governmental funds. |  | <u>569,992</u> |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------|--|----------------|

|                                                            |           |                           |

**Tangipahoa Parish Government  
Amite, Louisiana**

**Exhibit F**

Reconciliation of the Statement of Revenues, Expenditures, and Changes in  
Fund Balances of the Governmental Funds to the Statement of Activities  
For the Year Ended December 31, 2025

**Net Change in Fund Balances, Governmental Funds (Exhibit E)** \$ 7,497,865

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of these assets is allocated over their estimated useful lives and reported as depreciation expense.

These differences consist of:

|                                   |             |
|-----------------------------------|-------------|
| Capital Outlay                    | 13,694,523  |
| Depreciation Expense              | (8,610,924) |
| Donation of Infrastructure Assets | 2,468,215   |

The acquisition of right-of-use financing leases is reported in governmental funds as expenditures. However, in the statement of activities, the cost of these right-of-use assets is allocated over their estimated useful lives and reported as amortization expense. These differences consist of:

|                                    |             |
|------------------------------------|-------------|
| Acquisition of Right-To-Use Assets | 289,963     |
| Amortization Expense               | (2,624,848) |

In the statement of activities, only the loss on the sale of equipment or termination of leases is reported, whereas in the governmental funds, the proceeds from the sale increases financial resources. Thus, the change in net assets differs from the change in fund balance by the cost of the equipment disposed of or leases terminated.

(494,259)

Internal service funds are used by management to charge the costs of certain activities, such as accounting services, to individual funds. The net revenue / (expense) of certain internal funds is reported within governmental activities.

249,829

The issuance of long-term debt (e.g. bonds, financing leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position.

|                                                    |           |
|----------------------------------------------------|-----------|
| Repayments of Long-Term Debt                       | 978,600   |
| Amortization of Deferred Amounts on Bond Refunding | 4,226     |
| Lease Payments                                     | 2,609,133 |
| Acquisition of Financing Lease Obligations         | (289,963) |

Municipal Solid Waste Landfill Closure and Postclosure Care Cost Liabilities are not recorded by the governmental funds, but must be recorded as a general long-term liability in the governmental activities in the government-wide financial statements. This is the amount of the change in the Closure and Postclosure Care Costs Liability over the prior year.

(2,883,121)

In accordance with GASB Statement No. 68, the net pension liability related to pension plans is not required to be recorded in the governmental fund financial statements. Adjustments to pension expense related to charges in deferred inflows of resources and deferred inflows of resources are reflected in the statement of activities:

|                                                       |          |
|-------------------------------------------------------|----------|
| Net Change in Pension Expense                         | (24,469) |
| Contributions from Non-Employer Contributing Entities | 337,464  |

In accordance with GASB Statement No. 75, the net change in the liability for postemployment healthcare benefits is reported in the government-wide statements, but not in the governmental fund statements.

(152,396)

In accordance with GASB Statement No. 101, annual changes in accrued compensated absences are not recorded in the governmental funds. In the statement of activities, these changes are recorded against current year payroll expenses.

(51,544)

**Change in Net Position of Governmental Activities (Exhibit B)**

\$ 12,998,294

## **Notes to the Financial Statements**

**Tangipahoa Parish Government**  
**Amite, Louisiana**  
Notes to the Financial Statements  
As of and For the Year Ended December 31, 2025

## **Introduction**

Tangipahoa Parish Government (the “Parish”) is the governing authority for the Parish of Tangipahoa, Louisiana. The Parish of Tangipahoa operates under a home rule charter and is governed by a “council-president” form of government. The Tangipahoa Parish Council (the “Council”) is composed of ten elected members representing the various districts within the Parish constituting the legislative branch of the government. Additionally, an elected president (the “Parish President”) is the chief executive officer and head of the executive branch. The Council and Parish President serve four-year terms that expire in January 2028.

Louisiana Revised Statute (“LRS”) 33:1236 gives the Parish various powers in regulating and directing the affairs of the Parish and its inhabitants. The more notable of those is the power to make regulations for its own government; to regulate the construction and maintenance of roads, bridges, and drainage systems; to regulate the sale of alcoholic beverages; and to provide for the health and welfare of the poor, disadvantaged, and unemployed in the Parish. Funding to accomplish these tasks is provided by ad valorem and sales taxes, state revenue sharing, permits and fees, and state and federal grants.

Tangipahoa Parish occupies approximately 823 square miles with a population of approximately 133,157. The Parish government maintains approximately 1,100 miles of roads, 957 miles of which are paved and 143 of which are gravel. Parish government offices are located in the courthouse annex in Amite, Louisiana, with road maintenance facilities located at two locations within the Parish.

The accounting and reporting policies of the Parish conform to generally accepted accounting principles as applicable to governments. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. Such accounting and reporting procedures also conform to the requirements of LRS 24:513 and to the guidance set forth in the *Louisiana Governmental Audit Guide*, and to the industry audit guide, *Audits of State and Local Governmental Units*.

## **1. Summary of Significant Accounting Policies**

### **A. Reporting Entity**

As the governing authority of the Parish, for reporting purposes, the Parish is the financial reporting entity for Tangipahoa Parish. The financial reporting entity consists of (a) the primary government (the Parish), (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

GASB Statement No. 14, *The Financial Reporting Entity*, as amended by GASB Statement No. 61, *The Financial Reporting Entity: Omnibus – an amendment of GASB Statements No. 14 and No. 34*, established criteria for determining which component units should be considered part of the Parish for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. These criteria include:

- 1) Appointing a voting majority of an organization's governing body, and
  - a) The ability of the Parish to impose its will on that organization and / or
  - b) The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the Parish.

**Tangipahoa Parish Government**

**Amite, Louisiana**

Notes to the Financial Statements (Continued)  
As of and For the Year Ended December 31, 2025

- 2) Organizations for which the Parish does not appoint a voting majority but are fiscally dependent on the Parish.
- 3) Organizations for which the reporting entity financial statements would be misleading if data of the organization were not included because of the nature or significance of the relationship.

Based on the previous criteria, the Parish has determined that the following component units are part of the reporting entity:

Blended Component Units

The Parish, as the reporting entity, has chosen to issue financial statements of the primary government, except for including the following blended component units whose accounting records are maintained by the Parish.

General Fund – Non-Major Funds  
Construction Board of Adjustment and Appeals  
Industrial Development Board of the Parish of Tangipahoa, Inc.  
Tangipahoa Parish Planning Commission

Component Units Omitted from Financial Statements

| Inactive or Non-Funded Component Units    | Fiscal Year<br>End | Criteria<br>Used |
|-------------------------------------------|--------------------|------------------|
| Kentwood Area Recreation District         | 12/31              | 1                |
| Loranger Area Recreation District No. 104 | 12/31              | 1                |

The component units listed herein are not included in the accompanying financial statements. Their financial statements may be obtained by request to the Clerk of the Council of the Parish at (985) 748-3211.

Considered in the determination of component units of the reporting entity were the Tangipahoa Parish School Board, Tax Assessor, District Attorney for the Twenty-First Judicial District, Twenty-First Judicial District Court, and the various municipalities in the Parish. It was determined that these governmental entities are not component units of the Parish reporting entity because they have separately elected governing bodies, are legally separate, and are fiscally independent of the Parish.

**B. Government-Wide and Fund Financial Statements**

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government and selected blended component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues. The Parish does not allocate indirect costs.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. The focus of governmental and proprietary fund financial statements is on "major" funds. Fund statements present in separate columns the general fund, followed by major funds, with non-major funds aggregated and displayed in a separate column. GASB Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, sets forth minimum criteria (percentage of the assets, liabilities, revenues, or expenditures / expenses of either fund category or the governmental and enterprise funds combined) for the determination of major funds. In addition to the funds that meet the major fund criteria, any other governmental or enterprise fund that the government's officials believe is particularly important to financial statement users may be reported as a major fund.

**Tangipahoa Parish Government**

**Amite, Louisiana**

**Notes to the Financial Statements (Continued)**  
**As of and For the Year Ended December 31, 2025**

**C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered available when they are collectible within the current period or soon enough thereafter to pay liabilities for the current period, generally around sixty days of fiscal year-end. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered measurable and available only when cash is received by the government.

The Parish reports the following major governmental funds:

The General Fund is the Parish's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

**Special Revenue Funds:**

The Road and Bridge Funds account for the construction of new roads and bridges and the maintenance of the existing roads and roadside areas within the respective road districts. Major sources of revenues are 75% of the sales tax revenues and appropriations from the State of Louisiana Parish Transportation Fund.

The Garbage District No. 1 Fund accounts for the operation of the Parish landfill. Major sources of revenue are ad valorem taxes and landfill user fees.

The Industrial Development Fund accounts for activities that are used to promote economic development and improve the parish's business climate. It uses tools like tax-exempt bonds and Payments in Lieu of Taxes (PILOTs) to attract and retain businesses, create jobs, and expand the local economy.

**Tangipahoa Parish Government**  
**Amite, Louisiana**  
Notes to the Financial Statements (Continued)  
As of and For the Year Ended December 31, 2025

The Parish reports the following fund types:

Internal service fund accounts for services provided to other departments and agencies of the Parish, or to other governments on a reimbursement basis. The internal service fund is the Administrative Fund, established by the Parish to render administrative and accounting services to various funds. It receives a fee from each fund based on a combination of revenues received and services rendered for that fund.

Fiduciary funds are used to account for assets held by a governmental entity for other parties and cannot be used to finance the governmental entity's own operating programs. The Parish has one fiduciary fund – a Pension (and Other Employee Benefit) Trust fund.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The Parish has elected not to follow subsequent private-sector guidance.

As a rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the government's enterprise operations. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Internal service funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with an internal service fund's principal ongoing operations. The principal operating revenues of internal service funds are user fees. Operating expenses for internal service funds include the cost of sales and services, administrative expenses, and depreciation of capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

**D. Deposits and Investments**

The Parish's cash and cash equivalents consist of cash on hand, demand deposits, and interest-bearing demand deposits. Under state law, the Parish may deposit funds in demand deposits, interest bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana. Under state law, the Parish may also invest in United States bonds, treasury notes, or certificates. These are classified as investments if their original maturities exceed 90 days; however, if the original maturities are 90 days or less, they are classified as cash equivalents.

The investments for the Parish held in the OPEB Trust Fund are reported at Fair Value in accordance with GASB Statement No. 72, *Fair Value Measurement and Application*.

**Tangipahoa Parish Government**  
**Amite, Louisiana**  
Notes to the Financial Statements (Continued)  
As of and For the Year Ended December 31, 2025

E. Receivables and Leased Asset Receivables

Receivables are shown net of an allowance for uncollectibles. Uncollectible amounts due for garbage charges are recognized as bad debts through the establishment of an allowance account at the time information becomes available, which would indicate the uncollectibility of the particular receivables. Uncollectible amounts for property taxes are recorded as a reduction of current revenues.

F. Short-Term Interfund Receivables / Payables

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as due from other funds or due to other funds on the governmental funds balance sheet. Short-term interfund loans are classified as interfund receivables / payables. In the process of aggregating data for the statement of net assets and the statement of activities, some amounts reported as interfund activity and balances in the governmental funds were eliminated or reclassified. Interfund receivables and payables were eliminated to minimize the “grossing up” effect on assets and liabilities within the statement of net position.

G. Inventories

The Parish utilizes the “purchase method” of accounting for supplies, whereby expendable operating supplies are recognized as expenditures / expenses when purchased. The Parish did not record any inventory at December 31, 2025, as the amount is immaterial.

H. Restricted Assets

Certain resources of the Parish are set aside for the payment of the high deductible insurance and health reimbursement plan, the Rainy-Day reserve fund, debt service requirements, and unspent grant funds that are classified as restricted assets on the governmental funds balance sheet because they are maintained in separate bank accounts and their use is limited by the Parish administration.

I. Capital Assets and Right-of-Use Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (roads and bridges), are reported in the government-wide financial statements. Capital assets are capitalized at historical cost or estimated historical cost if the actual cost is not available. The Parish maintains a threshold level of \$1,000 or more for capitalizing capital assets. Donated capital assets are valued at their estimated fair market value at the date of donation.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities, if material, is included as part of the capitalized value of the assets constructed.

For infrastructure that was acquired / built for the period July 1, 1980, to December 31, 2007, the Parish has determined the value by using current replacement cost and deflating that cost by applying a CPI adjustment of 51.44% to approximate year of acquisition. There are three elements to the valuation: 1) Land – Right of Way (ROW); 2) Base; and 3) Asphalt Surface.

**Tangipahoa Parish Government**

**Amite, Louisiana**

Notes to the Financial Statements (Continued)  
As of and For the Year Ended December 31, 2025

Maintenance, repairs, and minor equipment are charged to operations when incurred. Expenditures that materially change capacities or extend useful lives are capitalized. Upon the sale or retirement of land, buildings, and equipment, the cost and related accumulated depreciation, if applicable, are eliminated from the respective accounts and any resulting gain or loss is included in the results of operations.

All capital assets, other than land, are depreciated using the straight-line method over the following estimated useful lives:

| <u>Description</u>                  | <u>Estimated<br/>Lives</u> |
|-------------------------------------|----------------------------|
| Governmental Activities:            |                            |
| Buildings and Building Improvements | 40 Years                   |
| Equipment                           | 10 - 15 Yrs                |
| Furniture and Fixtures              | 5 Years                    |
| Land Improvements                   | 10 Years                   |
| Road and Bridges                    | 20 Years                   |
| Vehicles                            | 5 Years                    |

The Parish implemented policies established under GASB Statement No. 87, *Leases*. The objective of this statement is to better meet information needs of the financial statement users by improving accounting and financial reporting for leases by governments. The Statement requires all leases (contracts that conveys control of the right to use another entity's nonfinancial asset as specified in the contract for a period of time in an exchange-like transaction) to be reported under a single accounting model for both lessor and lessee. Certain leases that were previously classified as operating leases are to be recognized as lease assets and liabilities. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities.

Right-of-use assets are a result of leases in which the Parish has entered into a contract with a lessor that conveys control of the right to use the lessor's nonfinancial asset as specified by the contract for a period of time in exchange or exchange-like transaction. Such assets are reported on the government-wide financial statements net of amortization at the lessor of the useful life or lease term.

**J. Deferred Outflows / Inflows of Resources:**

In addition to assets, the statement of net position includes a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense / expenditure) until then. Additionally, in addition to liabilities, the statement of net position includes a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. Currently, the Parish has two items that qualify for reporting in the category on the governmental funds balance sheet, which are unavailable ad valorem taxes and grant revenues.

**K. Compensated Absences**

Parish government employees are entitled to certain compensated absences based on their length of employment and overtime worked. Vested compensated absences are recorded as expenditures when the liability is incurred. Effective July 1, 2009, any vacation leave exceeding 240 hours will be paid to the

**Tangipahoa Parish Government**  
**Amite, Louisiana**

Notes to the Financial Statements (Continued)  
As of and For the Year Ended December 31, 2025

employee at the time of their anniversary date at a rate of 50% of their current pay rate. No employee will accrue vacation in excess of 240 hours. Sick leave has been accrued in accordance with GASB Statement No. 101, *Compensated Absences*. The cost of compensated absences is reported on the government-wide financial statements.

**L. Long-Term Obligations**

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Bond premiums and discounts are amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. GASB Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*, establishes standards of accounting and financial reporting for debt issuance costs. GASB Statement No. 7, *Advance Refundings Resulting in Defeasance of Debt*, indicates that debt issuance costs include all costs incurred to issue the bonds, including but not limited to insurance costs (net of rebates from the old debt, if any), financing costs (such as rating agency fees), and other related costs (such as printing, legal, administrative, and trustee expenses).

The Parish has implemented GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*, and with the implementation of GASB Statement No. 65, the recognition of bond-related costs, including the costs related to issuance and refunding of debt, were revised. This standard was intended to complement GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*. Bond issuance costs, whether or not withheld from the actual debt proceeds received, are now expended in the period incurred under GASB Statement No. 65.

The Parish recognizes landfill closure and post-closure costs in accordance with GASB Statement No. 18, *Accounting for Municipal Solid Waste Landfill Closure and Post-Closure Care Costs*. The measurement and recognition for landfill costs are reported in the government-wide financial statements.

**M. Net Position**

In the government-wide and proprietary fund statements, equity is classified as net position and displayed in three components:

- 1) Net Investment in Capital Assets – consists of the historical cost of capital assets, including any restricted capital assets, net of accumulated depreciation, and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- 2) Restricted – this component of net position consists of assets that have constraints that are externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or constraints imposed by law through constitutional provisions or enabling legislation.
- 3) Unrestricted – all other net position is reported in this category.

When both restricted and unrestricted resources are available for use, it is the Parish's policy to use restricted resources first, then unrestricted resources as they are needed.

**Tangipahoa Parish Government**

**Amite, Louisiana**

Notes to the Financial Statements (Continued)  
As of and For the Year Ended December 31, 2025

**N. Fund Balance**

Governmental fund equity is classified as fund balance. The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

- 1) **Nonspendable** – This classification includes amounts that cannot be spent because they are either not in spendable form or they are legally contractually required to be maintained intact.

The Parish does not have Nonspendable Fund Balance at year-end.

- 2) **Restricted** – This classification includes amounts in which the use of resources is constrained either by (a) external impositions by creditors, grantors, contributors, or laws or regulations of other governments or (b) impositions by law through constitutional provisions or enabling legislation.

The Parish has classified the following items as Restricted Fund Balance at year-end:

- Garbage District No. 1; Health Unit; Road Lighting District #1; Road Lighting District #2; Road Lighting District #4; Road Lighting District #5; Road Lighting District #6; Road Lighting District #7; Road District No. 101 Debt Service; and Sub-Road District No. 1 of Road District No. 101 Debt Service are funds that are restricted by property tax millages authorized by taxpayers
- Road & Bridge Fund – 75% of the 1% Sales Tax Levy (Renewed in December 2024)
- Witness Fee Fund – Restricted in accordance with LRS 15:255
- Juror Per Diem Fund – Restricted in accordance with LRS 13:3049
- The following funds are restricted due to constraints of grants:
  - General Fund – GoMESA Funds
  - Section 8 Housing – Housing Choice Voucher Program, Disaster Housing Assistance Program – Katrina, and Disaster Housing Assistance Program – Ike
  - Shelter Grant – Emergency Shelter Grant Program
  - Workforce Funds (Adult, Dislocated Worker, Youth, and Administration) – Workforce Grant
  - Hazard Mitigation Fund – Disaster and Non-Disaster Hazard Mitigation Grant Program
  - Long-Term Recovery Fund – Resilient Communities Infrastructure Program
  - Capital Projects Grants – Louisiana Watershed Initiative

- 3) **Committed** – This classification includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the Council, which is the Parish's highest level of decision-making authority. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by Council. These amounts cannot be used for any other purpose unless the Council removes or changes the specified use by taking the same type of action that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements.

The Parish has classified the following items as Committed Fund Balance at year-end:

- General Fund – Rainy Day Fund created by TPG Ordinance No. 13-40
- Industrial Board – Actions taken by the Board in 2002 to lease property to Wal-Mart and Elmer Candy Co.; in 2017 to lease property to Intralox, LLC; and in 2023 to lease property to Amite Solar, LLC.

## **Tangipahoa Parish Government**

### **Amite, Louisiana**

Notes to the Financial Statements (Continued)  
As of and For the Year Ended December 31, 2025

- 4) Assigned – This classification includes amounts that are constrained by the Parish’s intent to be used for a specific purpose but are neither restricted nor committed. This intent should be expressed by the Parish’s governing body itself or a committee or official to which the governing body has delegated the authority to assign amounts to be used for specific purposes, typically either the Council’s Finance Committee, the Parish President, or the Director of Finance. This classification also includes the remaining positive fund balance for all governmental funds except for the General Fund.

The Parish has classified the following items as Assigned Fund Balance at year-end:

- Keep Tangipahoa Beautiful Fund
- Animal Shelter Fund
- Florida Parishes Arena
- The General Fund; Road and Bridge Fund; Garbage District No. 1 Fund; Health Unit Fund; and Animal Control Fund all have funds that are assigned due to the Parish’s Health Reimbursement Insurance Program (not created by Parish ordinance)

- 5) Unassigned – This classification is the residual fund balance for the General Fund. It also represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the General Fund.

The Parish has classified the following items as Unassigned Fund Balance at year-end:

- General Fund
- The following funds are considered unassigned because they have a current year deficit in fund balances:
  - Workforce Investment Opportunity Act (Adult and Dislocated Worker Programs)
  - Hazard Mitigation Fund
  - Capital Projects Grants

When fund balance resources are available for a specific purpose in multiple classifications, the Parish will generally use the most restrictive funds first in the following order: restricted, committed, assigned, and unassigned as they are needed. However, the Parish’s management reserves the right to selectively spend unassigned resources first and to defer the use of the other classifications of funds.

#### **O. Sales Taxes**

On November 5, 2024, the voters of Tangipahoa Parish approved the renewal of a 1.0% Parish wide general sales and use tax to be levied for the Parish. The proceeds of the tax are dedicated based on 75% for road and bridge maintenance and improvements and the remaining 25% for general governmental purposes. The tax as renewed is effective for the period December 31, 2025 through December 31, 2029.

#### **P. Ad Valorem Taxes**

Ad valorem taxes are levied in October and billed to the taxpayers in November. Billed taxes become delinquent as of January 1 of the following year at which time an enforceable lien is attached. The taxes are generally collected in December of the current year and January and February of the ensuing year. Ad valorem taxes and the related state revenue sharing are recognized in the year the taxes are billed. The Tangipahoa Parish Sheriff / Tax Collector on behalf of the Parish bills, collects, and remits the property taxes based on assessed values determined by the Tangipahoa Parish Assessor.

**Tangipahoa Parish Government**

**Q. Interfund Transactions**

Quasi-external transactions are accounted for as revenues, expenditures, or expenses. Transactions that constitute reimbursements to a fund for expenditures / expenses initially made from it that are properly applicable to another fund are recorded as expenditures / expenses in the reimbursing fund and as reductions of expenditures / expenses in the fund that is reimbursed.

All other interfund transactions are reported as operating transfers. For the purpose of the statement of activities, all interfund transfers between funds have been eliminated.

**R. Estimates**

The preparation of financial statements in conformance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the recorded amount of the assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the report period. Actual results could differ from those estimates.

**Tangipahoa Parish Government**  
**Amite, Louisiana**  
Notes to the Financial Statements (Continued)  
As of and For the Year Ended December 31, 2025

**2. Stewardship, Compliance, and Accountability**

**A. Budgets**

The Parish uses the following budgetary practices:

- 1) Preliminary budgets for the ensuing year are prepared by the Director of Finance during October of each year. During November, the Council reviews the proposed budgets and makes changes it deems appropriate. The availability of the proposed budgets is then advertised in the official journal. Prior to meeting in December, the Parish holds a public hearing on the proposed budgets in order to receive comments from residents. Changes are made to the proposed budgets based on the public hearings and the desires of the Council as a whole. The budgets are then adopted during a Council meeting and a notice is published in the official journal.
- 2) Unexpended appropriations lapse at year-end and must be appropriated again in the next year's budget to be expended.
- 3) The Parish adopts budgets for the General Fund, all special revenue funds, and the internal service proprietary fund using the same basis of accounting to reflect actual revenues and expenditures recognized on a generally accepted accounting principles basis. Budgetary control is at the functional level. Within functions, the Parish President has the authority to make amendments as necessary.
- 4) During the year, the Council receives quarterly budget comparison statements that are used to control the operations of the Parish. The Director of Finance presents necessary budget amendments to the Council during the year when actual operations will differ materially from those anticipated in the original budget. During a regular meeting, the Council reviews the proposed amendments, makes changes as needed, and formally adopts the amendments. The adoption of amendments is included in Council minutes published in the official journal.

The original proposed budgets for the General Fund, the special revenue funds, and the internal service proprietary fund were made available for public inspection on October 15, 2024 and were published in the official journal on November 26, 2024. A public hearing was held in the Parish Government Building on December 9, 2024. The original budgets were adopted on December 9, 2024.

The budgets of the Parish were amended once during the year on December 23, 2025.

**B. Revenues – Actual and Budget**

The following individual funds had actual expenditures and other uses that exceeded budgeted amounts for the year ended December 31, 2025:

| Fund                              | Budget    | Actual    | Unfavorable<br>Variance | Percent |
|-----------------------------------|-----------|-----------|-------------------------|---------|
| Witness Fee                       | \$ 67,050 | \$ 72,178 | \$ (5,128)              | -7.65%  |
| Juror Per Diem Fund               | 112,000   | 120,548   | (8,548)                 | -7.63%  |
| Council Chamber<br>Communications | 54,000    | 55,917    | (1,917)                 | -3.55%  |

**Tangipahoa Parish Government**  
**Amite, Louisiana**  
Notes to the Financial Statements (Continued)  
As of and For the Year Ended December 31, 2025

The Louisiana Local Government Budget Act requires a local government to amend its operating budget when the total revenues and other sources fail to meet total budgeted revenues and other sources by 5% or more and when the total expenditures and other uses exceed total budgeted expenditures and other uses by 5% or more.

**C. Fund Deficits**

The following individual funds have a deficit in unassigned fund balance at December 31, 2025:

|                                                          | <u>Deficit<br/>Amount</u> |
|----------------------------------------------------------|---------------------------|
| Special Revenue Funds:                                   |                           |
| Workforce Investment Opportunity Act - Adult             | \$ (75,062)               |
| Workforce Investment Opportunity Act - Dislocated Worker | (51,776)                  |
| Capital Project Fund:                                    |                           |
| Hazard Mitigation Fund                                   | (51,734)                  |
| Capital Projects Grants                                  | (1,201)                   |

The General Fund will transfer funds to cover the deficits until the grant funds are received.

**3. Deposits and Investments**

**A. Deposits**

At December 31, 2025, the Parish had deposits (book balances) totaling \$61,263,361 (including \$404,004 in the fiduciary fund) as follows:

|                                      |                             |
|--------------------------------------|-----------------------------|
| Cash on Hand                         | \$ 1,360                    |
| Non Interest-Bearing Demand Deposits | 300                         |
| Interest-Bearing Demand Deposits     | <u>61,261,701</u>           |
| <b>Total Book Balances</b>           | <b><u>\$ 61,263,361</u></b> |

The deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

Per GASB Statement No. 3, *Deposits with Financial Institutions, Investments (including Repurchase Agreements), and Reverse Repurchase Agreements*, as amended by GASB Statement No. 40, *Deposit and Investment Risk Disclosures – an amendment of GASB Statement No. 3*, the Parish's deposits are exposed to custodial credit risk since the collateral pledged by the fiscal agent is not held in the Parish's name.

At December 31, 2025, the Parish had \$60,680,897 in bank deposits with a total of \$60,680,597 in interest bearing accounts and \$300 in non-interest-bearing accounts. Of these deposits, \$2,278,668 are related to the issuance of the Parish's GoMESA Bonds, 2019 Series Bonds and the OPEB Trust. Under the terms of the agreement with Whitney Bank, the bank maintains control of the funds and distributes funds in

**Tangipahoa Parish Government**  
**Amite, Louisiana**  
Notes to the Financial Statements (Continued)  
As of and For the Year Ended December 31, 2025

accordance with bond documents and the Parish's requests. All funds are fully collateralized by the Trust Department of the respective bank.

Of the remaining deposits of \$58,402,229, \$250,000 is secured from risk by federal deposit insurance and the remaining \$58,152,229 is uninsured but collateralized with securities held by the custodial bank in the name of the fiscal agent bank, but not in the Parish's name.

LRS 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the Parish that the fiscal agent has failed to pay deposited funds upon demand. Custodial credit risk is the risk that in the event of a bank failure, the Parish's deposits may not be returned to it. The Parish does not have a deposit policy for custodial credit risk. As of December 31, 2024, \$58,152,229 of the Parish's bank balances are exposed to custodial credit risk.

For purposes of the statement of cash flows, liquid investments of the internal service fund with a maturity of three months or less are considered to be cash equivalents.

**B. Investments**

At December 31, 2025, the Parish's investment balances are as follows:

| Investment Type        | Fair Value   | Investment Maturities (In Years) |              |            |
|------------------------|--------------|----------------------------------|--------------|------------|
|                        |              | Less than 1                      | 1 - 5        | 6 - 10     |
| United States Treasury |              |                                  |              |            |
| Bonds and Notes        | \$ 3,218,217 | \$ 630,592                       | \$ 2,228,771 | \$ 358,854 |
| Ishares MBS EFT        | 166,635      | 166,635                          | -            | -          |

The Parish has contracted with external investment managers at Hancock Whitney Trust & Asset Management to manage all of the funds in the OPEB Trust Fund. The following facts are relevant to pension trust investments:

- **Credit Risk and Custodial Credit Risk:**

Credit risk is defined as the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Custodial credit risk is the risk that, in the event of the failure of the issuer or counterparty to a transaction, the Trust will not be able to recover the value of its investments. Credit risk and custodial credit risk are minimized by the purchase of bonds and notes that are issued by the US Treasury. At December 31, 2025, the OPEB Trust Fund was not exposed to custodial credit risk.

The Parish has no formal investment policy regarding custodial credit risk or concentration credit risk.

**4. Receivables**

The following is a summary of receivables at December 31, 2025:

|                                       | General<br>Fund     | Special<br>Revenue<br>Funds | Capital<br>Projects<br>Funds | Debt<br>Service<br>Funds | Total<br>Governmental<br>Funds | Internal<br>Service<br>Fund |
|---------------------------------------|---------------------|-----------------------------|------------------------------|--------------------------|--------------------------------|-----------------------------|
| Taxes:                                |                     |                             |                              |                          |                                |                             |
| Ad Valorem                            | \$ 1,930,171        | \$ 8,342,729                | \$ -                         | \$ 59,358                | \$ 10,332,258                  | \$ -                        |
| Sales and Use                         | 863,846             | 2,591,537                   | -                            | -                        | 3,455,383                      | -                           |
| Intergovernmental:                    |                     |                             |                              |                          |                                |                             |
| Revenue Sharing                       | 64,242              | 277,764                     | -                            | -                        | 342,006                        | -                           |
| Other                                 | 955,666             | 4,807,700                   | 1,705,540                    | -                        | 7,468,906                      | 12,272                      |
| Accounts Receivable                   | -                   | 1,028,566                   | -                            | -                        | 1,028,566                      | -                           |
| Other                                 | 12,017              | 21,477                      | -                            | -                        | 33,494                         | 1,772                       |
| Less: Allowance for<br>Uncollectibles | -                   | (10,000)                    | -                            | -                        | (10,000)                       | -                           |
| <b>Total Receivables</b>              | <b>\$ 3,825,942</b> | <b>\$ 17,059,773</b>        | <b>\$ 1,705,540</b>          | <b>\$ 59,358</b>         | <b>\$ 22,650,613</b>           | <b>\$ 14,044</b>            |

All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible.

**5. Interfund Receivables and Payables / Transfers**

A. Due to / Due from balances at December 31, 2025, include the following significant items:

- As of December 31, 2025, the General Fund has a Due From balance totaling \$1,072,200 from various non-major governmental funds. The General Fund has provided funding to these non-major governmental funds for the purpose of covering necessary expenditures.
- As of December 31, 2025, the Long-Term Recovery Fund has a net Due To balance totaling \$350,100 with the General Fund. This is to cover the necessary expenses that will be reimbursed by the grant.
- As of December 31, 2025, the Capital Projects Grants Fund has a net Due To balance totaling \$460,000 with the General Fund. This is to cover the necessary expenses that will be reimbursed by the grant.

All interfund Due to / Due from balances are considered short-term, and are expected to be repaid within the next year.

B. Interfund Transfers at December 31, 2025, consist of the following significant items:

- For the year ended December 31, 2025, the Road & Bridge Fund received Transfers In totaling \$935,012. All transfers were for expenses funded through the American Rescue Plan.
- For the year ended December 31, 2025, the CIAP Fund received Transfers In totaling \$467,089. This was a transfer of bond proceeds from the General Fund to construct the Rock Jetty.

**Tangipahoa Parish Government**  
**Amite, Louisiana**  
Notes to the Financial Statements (Continued)  
As of and For the Year Ended December 31, 2025

- For the year ended December 31, 2025, various non-major governmental funds received Transfers In totaling \$3,300,789 to subsidize operations and to reimburse for projects funded through the American Rescue Act.

No interfund transfers that occurred during the year ended December 31, 2025 are considered to be non-routine or inconsistent with the activities of the individual funds making the transfers.

## **6. Restricted Asset**

### **A. Cash**

#### **Employee Withholding**

The Parish has a payroll fund in which payroll taxes, retirement contributions, and insurance premiums due to others are withheld from the employee's payroll checks. As of December 31, 2025, the cash balance of this account was \$883,377.

#### **High-Deductible Insurance and Health Reimbursement Plan**

The Parish provides its employees, as an employment benefit, a High-Deductible Health Insurance Plan (through Blue Cross Blue Shield) which is supplemented by Individual Health Reimbursement Accounts (administered by Choice Care). In addition to paying the health insurance premium for the employee, the Parish is also responsible for paying a portion of the employee's deductible. To fund this deductible portion, the Parish makes monthly deposits equal to 1/12<sup>th</sup> of the Parish portion of the annual deductible into a separate bank account. These funds are then transferred to Choice Care as the employees use the funds for qualifying medical expenses. Any balances remaining after the close of the deductible year are carried over to offset future plan expenses. As of December 31, 2025, the combined cash balance of this fund was \$641,016.

#### **HRA Reserve**

During 2025, the Parish's insurance provider (Blue Cross Blue Shield) required the Parish to change companies that issued the employees' HRA cards. The new company the Parish is working with now requires an account that is prefunded based upon the number of Parish employees participating in the funding. As of December 31, 2025, the cash balance of this account was \$99,330.

#### **Advanced Cash Receipts**

The General Fund has \$659,903 of restricted cash resulting from advanced cash receipts as of December 31, 2025. The Parish was advanced funds in a prior fiscal year from the American Rescue Plan Act. These funds must be spent by December 31, 2026.

#### **Ordinance No 13-40 – Reserve Fund**

On October 15, 2013, the Council adopted an ordinance to establish a reserve fund that shall be kept in a separate bank account. These funds can only be spent upon the specific request of the Parish President and the approval of two-thirds vote of the Council. As of December 31, 2025, the cash balance of this account was \$2,193,683.

**Tangipahoa Parish Government**  
**Amite, Louisiana**  
Notes to the Financial Statements (Continued)  
As of and For the Year Ended December 31, 2025

Ordinance No 18-68 – OPEB Irrevocable Tax-Exempt Trust

On December 10, 2018, the Council adopted an ordinance to establish an irrevocable tax-exempt trust pursuant to Section 115 of the Internal Revenue Code and the GASB Statements for the purpose of funding and prefunding the Parish's share of the OPEB provided under the Retiree Plan in accordance with the GASB Statements. This was done to provide a vehicle for advance funding of such OPEB by the Parish and to offset the OPEB Liability required to be shown on the financial statement by the amount of assets in the trust. As of December 31, 2025, the combined cash balance of this fund was \$436,916.

Debt Service Requirements

During 2019, the Parish issued Series 2019 Revenue Bonds for the purpose of acquiring, constructing, extending and improving the Parish landfill, refunding Series 2013 Revenue Bonds, funding a reserve fund, and paying the costs of issuing the Bonds. Upon the issuance of these bonds, the Parish became subject to Debt Service Requirements and other restrictions. As of December 31, 2025, \$135 is restricted related to the issuance and related construction cost of the project.

In December 2018, the Parish issued Revenue Bonds for the purpose of financing qualified GoMESA projects. Upon the issuance of these bonds, the Parish became subject to Debt Service Requirements. As of December 31, 2025, \$3,566,444 is restricted in the General Fund.

**B. Investments**

Ordinance No 18-68: OPEB Irrevocable Tax-Exempt Trust

On December 10, 2018, the Council adopted an ordinance to establish an irrevocable tax-exempt trust pursuant to Section 115 of the Internal Revenue Code and the GASB Statements for the purpose of funding and prefunding the Parish's share of the OPEB provided under the Retiree Plan in accordance with the GASB Statements. This was done to provide a vehicle for advance funding of such OPEB by the Parish and to offset the OPEB Liability required to be shown on the financial statement by the amount of assets in the trust.

As of December 31, 2025, the combined investments balance of this fund was \$3,384,852.

**B. Financing Leases**

The Parish has entered into approximately 82 leases for vehicles, 15 leases for heavy equipment, and 2 leases for buildings. These leases meet the criteria of GASB Statement No. 87 and the assets acquired through these leases are referred to as right-of-use assets. See Note 8 for additional details. The lease payments are reflected as debt service expenditures at the government fund reporting level.

**Vehicle Leases** – The Parish has entered into financing lease agreements for vehicles at interest rates between 3.70% and 7.70% with Enterprise FM Trust. The lease obligations are effective for various periods of time, but generally are for five-year periods. Monthly payments of principal and interest per vehicle range from \$252 to \$1,484. Total payments for 2024 are \$751,349 (principal of \$673,883 and interest of \$77,466).

**Heavy Equipment Leases** – The Parish has entered into financing lease agreements for heavy equipment at interest rates between 3.85% and 7.60% with various manufacturers. The lease obligations are effective for various periods of time, but generally are for three-year periods. Monthly payments of principal and interest per piece of equipment range from \$2,925 to \$17,822. Total payments for 2025 are \$2,094,061 (principal of \$1,890,460 and interest of \$203,601).

**Building Leases** – The Parish has entered into financing lease agreements for office and workspace at interest rates between 3.79% and 6.39% with various landlords in Tangipahoa Parish. The lease obligations are effective for various periods of time, but generally are for 5 to 9-year periods. Monthly payments of principal and interest per location range from \$1,700 to \$6,000. Total payments for 2025 are \$92,400 (principal of \$83,489 and interest of \$8,911).

**Tangipahoa Parish Government**

Notes to the Financial Statements (Continued)  
As of and For the Year Ended December 31, 2025

The annual requirements to amortize Financing Leases outstanding as of December 31, 2025, including principal and interest are as follows:

| <u>Year Ending December 31</u> | <u>Financing Leases</u> |                   |                     |
|--------------------------------|-------------------------|-------------------|---------------------|
|                                | <u>Principal</u>        | <u>Interest</u>   | <u>Total</u>        |
| 2026                           | \$ 2,038,235            | \$ 156,149        | \$ 2,194,384        |
| 2027                           | 1,132,869               | 56,227            | 1,189,096           |
| 2028                           | 244,211                 | 12,814            | 257,025             |
| 2029                           | 62,384                  | 2,043             | 64,427              |
| 2030                           | 4,847                   | 1,187             | 6,034               |
|                                | <u>\$ 3,482,546</u>     | <u>\$ 228,420</u> | <u>\$ 3,710,966</u> |

Interest expense of \$726,695 in the fund financial statements for the year consisted of \$310,765 in the General Fund; \$116,332 in the Road and Bridge Fund; \$261,920 in the Garbage District No. 1 Fund; and \$37,678 in Other Governmental Funds. Additionally, interest expense for governmental activities of \$737,125 includes \$10,430 in the internal service.

**E. Compensated Absences**

At December 31, 2025, Parish employees have accumulated \$585,496 of employee leave benefits, which was computed in accordance with GASB Statement No. 101. Of this amount, \$536,343 is recorded as an obligation of the Governmental Funds and \$49,153 is recorded as an obligation of the Internal Service Fund.

**10. Dedication of Proceeds & Flow of Funds – Road District No. 101 of the Parish of Tangipahoa, Louisiana General Obligation Bonds, Series 2017 and Sub-Road District No. 1 of Road District No. 101 of the Parish of Tangipahoa, Louisiana General Obligation Bonds, Series 2017**

The Parish through its governing authority adopted ordinances 17-02 and 17-03 on February 13, 2017, authorizing the issuance of Road District No. 101 of the Parish of Tangipahoa, Louisiana General Obligation Bonds, Series 2017 and Sub-Road District No. 1 of Road District No. 101 of the Parish of Tangipahoa, Louisiana General Obligation Bonds, Series 2017 in the amount of \$392,800 and \$362,300, respectively, for the purpose of (i) financing the construction and improvements of public roads, highways and bridges; (ii) funding capitalized interest on the Series 2017 Bonds, and (iii) paying the costs of issuing the Series 2017 Bonds. Per the ordinances, the Bonds will be payable from ad valorem taxes to be levied and collected in the manner provided by Article VI, Section 33 of the Constitution of the State of Louisiana of 1974, and statutory authority supplemental thereto with an estimated three (3) mills for each district to be levied in the first year to provide for the payment of principal and interest on said bonds. Certain funds are required to be established and maintained with the Paying Agent for the receipt and disbursement of Bond Proceeds. An analysis of these accounts is provided as follows:

Debt Service Fund – The bond ordinance requires that a Debt Service Fund be established to receive deposits of the Tax and accrued interest, if any, on the Bonds. The fiscal agent depository for the Debt Service Fund shall transfer from the Debt Service Fund to the Paying Agent at least three (3) days in advance of each Interest Payment Date, funds sufficient to pay promptly the principal and interest falling due on such date.

**Tangipahoa Parish Government**  
**Amite, Louisiana**  
Notes to the Financial Statements (Continued)  
As of and For the Year Ended December 31, 2025

The paying agent is also the Parish's fiscal agent and does not require the establishment of a debt service fund. The Parish is accounting for debt service payments for both bonds in separate internal debt service funds.

At December 31, 2025, the Parish was in compliance with this covenant.

Capitalized Interest Fund – The bond ordinance requires that a Capitalized Interest Fund be created and held by the Paying Agent. Any proceeds of the Bonds which constitute capital interest shall be deposited therein and the proceeds shall be used solely to make interest payments on the Bonds prior to receipt of sufficient Tax proceeds.

The paying agent is also the Parish's fiscal agent and does not require the establishment of a Capitalized Interest Fund. The Parish is accounting for capitalized interest payments for both bonds in separate internal debt service funds.

At December 31, 2025, the Parish was in compliance with this covenant.

**11. Dedication of Proceeds & Flow of Funds – Parish of Tangipahoa, State of Louisiana Local Government Environmental Facilities and Community Development Authority Revenue Bonds (Tangipahoa Parish GoMESA Project), Series 2018 (Green Bonds)**

The Parish through its governing authority adopted an ordinance on November 13, 2018, authorizing the issuance of Parish of Tangipahoa, State of Louisiana local government environmental facilities and community development authority revenue bonds (Tangipahoa Parish GoMESA project), series 2018 (green bonds) in the amount of \$7,725,0000 for the purpose of (a) projects and activities for the purposes of coastal protection, including conservation, coastal restoration, hurricane protection, and infrastructure directly affected by coastal wetland losses; (b) mitigation of damage to fish, wildlife or natural resources; (c) implementation of a federally approved marine, coastal or comprehensive conservation management plan; (d) mitigation of the impact of outer Continental Shelf activities through the funding of onshore infrastructure projects; and (e) associated planning and administrative costs (collectively, the "GOMESA Projects"). In that ordinance, the Bonds will be payable from an irrevocable and irrevocable pledge of GOMESA Revenues. The ordinance authorized the issuance, sale, and delivery of the bonds to Wells Fargo Securities LLC, Jackson, Mississippi, and authorized the Parish President to execute a purchase agreement with to Wells Fargo Securities LLC., within the parameters set forth by the ordinance.

In that ordinance, certain funds are required to be established and maintained by Hancock Whitney's Trust department (Trustee) for the receipt and disbursement of bond proceeds and repayment of the bonds. The Trustee is responsible for all transfers of funds between the various bank accounts.

An analysis of these accounts is provided as follows:

Construction Fund – The bond ordinance requires that the cost of the project be paid from this fund. When the construction of the Project is complete, the remaining balance in the Construction Fund shall be transferred to the Debt Service Fund. The balance in this account is \$1,033,420 as of December 31, 2025.

At December 31, 2025, the Parish was in compliance with this covenant. The construction of the Project is not complete.

**Tangipahoa Parish Government**  
**Amite, Louisiana**

Notes to the Financial Statements (Continued)  
As of and For the Year Ended December 31, 2025

Debt Service Fund – The bond ordinance requires that a Debt Service Fund be created to receive the portions of the payments from the Revenue Fund to pay the interest and principal. Fifteen days prior to each payment date, the monies are to be transferred. The Trustee will use the monies on deposit in the Debt Service Fund to make principal and interest payments to the bondholders, as set forth in the agreement.

At December 31, 2025, the Parish was in compliance with this covenant.

Debt Service Reserve Fund – The bond ordinance requires that the Debt Service Reserve fund be created and maintained by the Trustee to receive funds from the Revenue Fund to comply with the reserve requirement of \$415,218.76. Monies are to be transferred on the or before the 15<sup>th</sup> day of the month following receipt of Pledged Revenues. As of December 31, 2025, the balance in this account is \$479,818.

At December 31, 2025, the Parish was in compliance with this covenant.

Revenue Fund – The bond ordinance requires the Trustee to maintain a Revenue Fund in which the Pledged revenues will be received. The Trustee is required to make various transfers to other accounts throughout the year. After all required transfers, any funds remaining shall be transferred to the Residual Fund.

At December 31, 2025, the Parish was in compliance with this covenant.

Residual Fund – The bond ordinance requires the Trustee to maintain the Residual Fund to receive the balance of funds remaining in the Revenue Fund after making the required transfers. The Residual Fund shall be transferred to the Borrower on each November 1, beginning November 1, 2019.

At December 31, 2025, the Parish was in compliance with this covenant.

Rebate Fund – The Rebate Fund shall be held by the Trustee but shall not be a trust account within the trust estate pledge under this Indenture. Monies on deposit shall be used to make rebate payments owed to the United State of America.

At December 31, 2025, the Parish was in compliance with this covenant.

**12. Dedication of Proceeds & Flow of Funds – Parish of Tangipahoa, State of Louisiana Revenue Bonds, Series 2019**

The Parish through its governing authority adopted an ordinance on December 18, 2019, authorizing the issuance of Parish of Tangipahoa, State of Louisiana Revenue Bonds, Series 2019 in the amount of \$4,600,000 for the purpose of (i) expanding and improving the Parish's municipal landfill (the "2019 Improvement Projects"); (ii) refunding the Parish's Revenue Bonds, Series 2013 (the "Refunded Bonds"); (iii) financing the costs of issuance of the Bonds; (iv) acquiring a municipal bond insurance policy; and (v) funding a debt service reserve fund with a surety bond. In that ordinance, the Bonds will be payable from the income, revenues and receipts generated by Garbage District No. 1 of Tangipahoa Parish. If such revenues are not sufficient, General Fund revenues or unrestricted revenues of the Parish may be utilized. The ordinance authorized the issuance, sale, and delivery of the Bonds to Crews & Associates, Inc., Little Rock, Arkansas and authorized the Parish President to execute a purchase agreement with Crews & Associates, Inc., within the parameters set forth by the ordinance. In that ordinance, certain funds are required to be established and maintained with the Paying Agent for the receipt and disbursement of Bond Proceeds. An analysis of these accounts is provided as follows:

**Tangipahoa Parish Government**

**Amite, Louisiana**

Notes to the Financial Statements (Continued)  
As of and For the Year Ended December 31, 2025

Bond Proceeds Fund – The bond ordinance requires that a Bond Proceeds Fund be created to receive the proceeds of the Bonds, which will be used to pay costs of issuance, transfer an amount to the Refunding Fund sufficient to redeem all or a portion of the Series 2013 Bonds, and to either transfer to the Reserve Fund an amount equal to the Reserve Requirement or deposit a Reserve Fund Alternate Investment meeting the qualifications set forth in the ordinance, and to transfer the remaining balance to the Project Fund.

At December 31, 2025, the Parish was in compliance with this covenant.

Debt Service Fund – The bond ordinance requires that a Debt Service Fund be created to receive deposits five days prior to each Interest Payment Date of the amount required to make principal and interest payments due on such Interest Payment Date. The Paying Agent will then use the monies on deposit in the Debt Service Fund to make principal and interest payments to the bondholders, as set forth in the agreement.

At December 31, 2025, the Parish was in compliance with this covenant.

Project Fund – The bond ordinance requires that the Project Fund be established and maintained to receive the immediate transfer of the balance of the proceeds of the bonds as provided by the requirements of the Bond Ordinance. Monies in the Project Fund shall be applied to the payment of the costs of the 2019 Project, and pending such application, shall be subject to a lien and charge in favor of the Bondholders for the further security of such Bondholders until paid out or transferred as provided in the ordinance. The ordinance requires that the money in the Project Fund be applied to the payment of the costs of the Project, except to the extent required to be transferred to the Rebate Fund in accordance with the Tax Certificate and, pending such application, shall be held as trust funds under this Ordinance until paid out or transferred. Money held in the project fund shall be paid out within three business days by Whitney Bank in order to pay, or to reimburse the Issuer for the payments made, for the costs of the 2019 Project upon receipt by Whitney Bank of the written request of the Parish in substantially the form included within the ordinance. Upon certification of an Executive Officer that all costs incurred in connection with the Project and in connection with the issuance, sale and delivery of the Bonds have been paid, any balance remaining in the Project Fund shall be deposited into the Debt Service Fund. The Project as defined by T.P. Ordinance No. 19-45 was completed during FYE December 31, 2023.

At December 31, 2025, the Parish was in compliance with this covenant.

Debt Service Reserve Fund – In lieu of funding the Reserve Fund with cash, the Issuer has purchased a Reserve Fund Alternate Investment issued by the Bond Insurer. Such Reserve Fund Alternate Investment shall be deposited with the Paying Agent and held in the Reserve Fund.

At December 31, 2025, the Parish was in compliance with this covenant.

**13. Compliance with Road District No. 101 of the Parish of Tangipahoa, Louisiana General Obligation Bonds, Series 2017 And Sub-Road District No. 1 of Road District No. 101 of the Parish of Tangipahoa, Louisiana General Obligation Bonds, Series 2017**

The Parish through its governing authority adopted an ordinance on February 13, 2017, authorizing the issuance of Road District No. 101 of the Parish of Tangipahoa, Louisiana General Obligation Bonds, Series 2017 and Sub-Road District No. 1 of Road District No. 101 of the Parish of Tangipahoa, Louisiana General Obligation Bonds, Series 2017 in the amount of \$392,800 and \$362,300, respectively, for the purpose of (i) financing the construction and improvements of public roads, highways and bridges; (ii) funding capitalized interest on the Series 2017 Bonds, and (iii) paying the costs of issuing the Series 2017 Bonds. Per the ordinances, the Bonds

**Tangipahoa Parish Government**

**Amite, Louisiana**

Notes to the Financial Statements (Continued)  
As of and For the Year Ended December 31, 2025

will be payable from ad valorem taxes to be levied and collected in the manner provided by Article VI, Section 33 of the Constitution of the State of Louisiana of 1974, and statutory authority supplemental thereto with an estimated three (3) mills for each district to be levied in the first year to provide for the payment of principal and interest on said bonds. The major covenants contained in the bond ordinance and agreements and the manner in which the Parish has complied with these covenants is described as follows:

Authorization of Bonds, Maturities – The Bonds shall be in fully registered form, shall be issued in Authorized denominations within a single maturity, and shall be numbered consecutively from R-1 upward. The unpaid principal of the Bonds shall bear interest from the date thereof or from the most recent Interest Payment Date to which interest has been paid or duly provided for, payable on each Interest Payment Date, commencing September 1, 2017, at not to exceed 4.00% per annum, or such lesser amount as set forth therein, and shall mature serially on March 1 of each year (with a final maturity on March 1, 2037) in amounts as set forth in the Purchase Agreement.

The Parish was in compliance with this covenant.

Registration with Secretary of State – The Bonds shall be registered with the Secretary of State of the State of Louisiana as provided by law and shall bear the endorsement of the Secretary of State of Louisiana in substantially the form set forth herein, provided such endorsement shall be manually signed only on the Bonds initially delivered to the purchaser, and any Bonds subsequently exchanged therefore as permitted in this Ordinance may bear the facsimile signature of said Secretary of State.

The Parish was in compliance with this covenant.

Pledge of Full Faith and Credit, Tax Levy – The Bonds shall constitute general obligations of the Issuer, and the full faith and credit of the Issuer is hereby pledged to the punctual payment of the Bonds in accordance with the authority of Article VI, Section 33 of the Constitution of the State of Louisiana of 1974, and constitutional and statutory authority supplemental thereto. The Issuer obligates itself and is bound under the terms and provisions of law and the election authorizing the Bond to impose and collect annually in excess of all other taxes the Tax on all property subject to taxation within the territorial limits of the Issuer sufficient to pay principal of and interest on the Bonds falling due in each year, said Tax to be levied and collected by the same officers, in the same manner and at the same time as other taxes are levied and collected within the territorial limits of the Issuer. The proceeds of such Tax shall be devoted and applied to the payment of said interest and principal as such shall become due and without further action on the part of the Governing Authority, the proper officer or officers are hereby authorized and directed, beginning with the year 2017, to include in the annual levy of taxes upon, and to extend upon the assessment rolls against, all taxable property situated within the territorial limits of the Issuer, a sum sufficient to pay the principal of, premium, if any, and interest on the Bonds becoming due the ensuing year.

The Parish was in compliance with this covenant.

**14. Compliance with Parish of Tangipahoa, State of Louisiana Local Government Environmental Facilities and Community Development Authority Revenue Bonds (Tangipahoa Parish GoMESA Project), Series 2018 (Green Bonds)**

The Parish through its governing authority adopted an ordinance on November 13, 2018, authorizing the Parish to proceed with a not to exceed \$9,000,000 financing through the Louisiana Local Government Environmental Facilities and Community Development Authority; authorizing and ratifying the Parish's request of the Louisiana Local Government Environmental Facilities and Community Development Authority to issue its

**Tangipahoa Parish Government**  
**Amite, Louisiana**  
Notes to the Financial Statements (Continued)  
As of and For the Year Ended December 31, 2025

revenue bonds; authorizing the borrowing by the Parish of the proceeds from the sale thereof to finance qualified GOMESA projects and providing for the repayment of and security therefore; approving and ratifying within certain parameters the terms of the sale of the bonds; authorizing the form and execution of the Loan and Assignment Agreement; authorizing the form of and execution of an agreement for the purchase of the bonds and ancillary financing documents.

The Parish does hereby irrevocably and irrevocably pledge and dedicate GOMESA Revenues distributed to the Parish as Pledged Revenues in an amount sufficient for the payment of its obligations pursuant to the Loan Agreement.

Posting on EMMA – In accordance with the designation of the bonds as “Green Bonds,” the Parish plans to post voluntary annual updates on the use of proceeds of the Bonds annually on EMMA. Once the proceeds have been expended, no further updates will be provided.

Amounts Remaining in Funds and Accounts – It is agreed by the parties hereto that any amounts remaining in the funds and accounts existing pursuant to the indenture upon the expiration or sooner cancellation or termination of the agreement, after payment in full of all bonds then outstanding under the indenture (or provisions for payment thereof having been made in accordance with the provisions of the indenture), and the fees, charges and expenses of the authority and the trustee and all amount required to be paid hereunder and under the indenture shall belong to and be paid to the borrower.

#### **15. Compliance with Parish of Tangipahoa, State of Louisiana Revenue Bonds, Series 2019**

The Parish complied with the covenants contained in the bond resolution and agreement are for the year ended December 31, 2025.

#### **16. Landfill Closure and Post-Closure Costs**

State and federal laws and regulations require the Parish to place a final cover on its landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for 30 years after closure. In addition to operating expenses relating to current activities of the landfill, an expense provision and related liability are being recognized based on the future closure and post-closure care costs that will be incurred near or after the date the landfill no longer accepts waste. The recognition of these landfill closure and post-closure care costs is based on the amount of the landfill used during the year. The estimated liability for landfill closure and post-closure care costs is \$6,321,995 as of December 31, 2025, which is based on 74.00% usage (filled) of the landfill. The percentage usage reflects an update in the engineering estimate of percentage usage, and the related estimated liability for landfill closure and post-closure costs required by the Louisiana Department of Environmental Quality (LDEQ) regulations for post-closure care of solid waste facilities. It is estimated that \$2,700,000 will be recognized as closure and post-closure care expenses between the date of the financial statements and the date the landfill is expected to be filled to capacity in 10.4 years (May 2036). The estimated total current cost of the landfill closure and post-closure care costs of \$8,542,908 is based on the amount that would be paid (with year 2023 dollars) if all equipment, facilities, and services required to close, monitor, and maintain the landfill were acquired as of December 31, 2025. However, the actual cost of closure and post-closure care may be higher due to inflation or deflation, changes in technology, or changes in landfill laws and regulations. In addition, total closure and post-closure costs, as well as estimates of percentage usage of the landfill, will change as any additional cells are permitted to accept additional waste. The aforementioned dollar amounts are based on information provided by Fourrier & de Abreu Engineers, LLC.

**Tangipahoa Parish Government**  
**Amite, Louisiana**  
Notes to the Financial Statements (Continued)  
As of and For the Year Ended December 31, 2025

The Parish anticipates that the liability for closure and post-closure cost will be funded on a “pay-as-you-go basis,” if allowed. The management of the Parish understands that it satisfies the Local Government financial test due to meeting the financial ratio thresholds.

## **17. Employee Retirement Systems**

Substantially all employees of the Parish are members of one of the following statewide retirement systems: Parochial Employees' Retirement System of Louisiana, Registrar of Voters Employees' Retirement System of Louisiana, or the District Attorneys' Retirement System. These systems are cost-sharing multiple-employer, defined benefit pension plans administered by separate boards of trustees.

Part-time employees of the Parish are members of the social security system. In addition to employee payroll deductions, Parish funds are remitted to match the employee contributions. Aggregate contributions to the social security system for the year ended December 31, 2024, were \$109,984 of which \$54,992 was contributed by the Parish.

### **A. Parochial Employees' Retirement System of Louisiana.**

Plan Description – Substantially all full-time employees of the Parish are members of the Parochial Employees' Retirement System of Louisiana (“PERS”), a multi-employer (cost sharing), public employee retirement system, controlled, and administered by a separate board of trustees. PERS is composed of two (2) distinct plans, Plan A and Plan B, with separate assets and benefit provisions. All employees of the Parish are members of Plan A.

All permanent employees working at least 28 hours per week who are paid wholly or in part from Parish funds and all elected Parish officials are eligible to participate in PERS. New employees meeting the age and social security criteria have up to 90 days from their date of hire to elect to participate. Under Plan A, the eligibility provisions are as follows:

- For employees hired prior to January 1, 2007:
  - Any age with thirty (30) or more years of creditable service
  - Age 55 with twenty-five (25) years of creditable service
  - Age 60 with a minimum of ten (10) years of creditable service
  - Age 65 with a minimum of seven (7) years of creditable service
- For employees hired after January 1, 2007:
  - Age 55 with 30 years of service
  - Age 62 with 10 years of service
  - Age 67 with 7 years of service

The retirement allowance is equal to 3.0% of the member's final average compensation multiplied by his years of creditable service. Final average compensation shall be defined as the average of the highest consecutive 36 months' salary for members hired prior to January 1, 2007. For members hired January 1, 2007, and later, final average compensation shall be defined as the average of the highest consecutive 60 months' salary.

**Tangipahoa Parish Government**

**Amite, Louisiana**

**Notes to the Financial Statements (Continued)**  
**As of and For the Year Ended December 31, 2025**

Any employee who was a member of the supplemental plan only prior to the revision date (January 1, 1980) has the benefit earned for service credited prior to the revision date on the basis of 1.0% of final compensation plus two dollars per month for each year credited prior to the revision date, and 3.0% of final compensation plus two dollars per month for each year credited prior to the revision date, and 3.0% of final compensation for each year of service credited after the revision date. The retirement allowance may not exceed the greater of 100.0% of a member's final salary or the final average compensation.

Employees who terminate with at least the amount of creditable service stated above and do not withdraw their employee contributions may retire at the ages specified above and receive the benefit accrued to their date of termination. PERS also provides death and disability benefits. Benefits are established by state statute.

Employers shall pay the actuarial cost of leave conversion at the time of retirement for those members enrolled January 1, 2007, and later.

PERS issues an annual publicly available financial report that includes financial statements and required supplementary information for PERS. That report may be obtained by writing to PERS, Post Office Box 14619, Baton Rouge, Louisiana 70898-4619, or by calling (225) 928-1361.

Funding Policy – Under Plan A, members are required by state statute to contribute 9.5% of their annual covered salary and the Parish is required to contribute at an actuarially determined rate. The rate for 2025 is 11.00% of annual covered payroll. Contributions to PERS also include one fourth of one percent (except Orleans and East Baton Rouge Parishes) of the taxes shown to be collectible by the tax rolls of each Parish. These tax dollars are divided between Plan A and Plan B based proportionately on the salaries of the active members of each plan. The contribution requirements of plan members and the Parish are established and may be amended by state statute. As provided by LRS 11:103, the employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior year. The Parish's contributions to PERS under Plan A for the years ended December 31, 2025, 2024, and 2023 were \$1,959,991; \$2,050,041; and \$2,038,950, respectively, equal to the required contributions for each year.

Pension Liability / (Asset), Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions – At December 31, 2025, the Parish reported an asset of (\$2,330,932) for its proportionate share of the net pension liability / (asset). The net pension liability / (asset) was measured as of December 31, 2024, and the total pension liability / (asset) used to calculate the net pension liability / (asset) was determined by an actuarial valuation as of that date. The Parish's proportion of the net pension liability / (asset) was based on a projection of the Parish's long-term share of contributions to the pension plan relative to the projected contributions of all participants, actuarially determined. At December 31, 2024, the Parish's proportion was 2.317887%.

| Mortality                       | Pub-2010 Public Retirement Plans Mortality Table for Health Retirees multiplied by 130% for males and 125% for females using MP2021 scale for annuitant and beneficiary mortality. For employees, the Pub-2010 Public Retirement Plans Mortality Table for General Employees multiplied by 130% for males and 125% for females using MP2021 scale. Pub-2010 Public Retirement Plans Mortality Table for General Disabled Retirees multiplied by 130% for males and 125% for females using MP2021 scale for disabled annuitants. |
| Inflation Rate                  | 2.30%                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |

The actuarial assumptions used in the December 31, 2024, valuation (excluding Mortality) was based on actuarial funding valuation and results of an actuarial experience study for the period January 1, 2018, to December 31, 2022, unless otherwise specified.

The long-term expected real rate of return on pension plan investments was determined using a triangulation method in which integrated the capital asset pricing model (top-down), a treasury yield curve approach (bottom-up) and an equity building-block model (bottom-up). Risk return and correlations are projected on a forward-looking basis in equilibrium, in which best estimates of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These rates are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.40% and an adjustment for the effect of rebalancing / diversification. The resulting expected long-term rate of return is 7.13% for the year ended December 31, 2024.

**Tangipahoa Parish Government**

**Amite, Louisiana**

Notes to the Financial Statements (Continued)  
As of and For the Year Ended December 31, 2025

Best estimates of arithmetic real rates of return for each major asset class included in PERS's target asset allocation as of December 31, 2024, are summarized in the following table:

| Asset Class                        | Target<br>Allocation | Long-Term<br>Expected<br>Real Rate of<br>Return |
|------------------------------------|----------------------|-------------------------------------------------|
| Fixed Income                       | 37.00%               | 1.08%                                           |
| Equity                             | 47.00%               | 2.82%                                           |
| Alternatives                       | 15.00%               | 0.76%                                           |
| Real Assets                        | 1.00%                | 0.07%                                           |
| Total                              | 100.00%              | 4.73%                                           |
| Inflation                          |                      | 2.40%                                           |
| Expected Arithmetic Nominal Return |                      | 7.13%                                           |

Discount Rate – The discount rate used to measure the total pension liability was 6.40% for Plan A. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers and non-employer contributing entities will be made at the actuarially determined contribution rates, which are calculated in accordance with relevant statutes and approved by the Board of Trustees and the Public Retirement Systems' Actuarial Committee. Based on those assumptions, PERS's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine total pension liability.

Sensitivity to Changes in Discount Rate – The following presents the net pension liability / (asset) of the participating employers calculated using the discount rate of 6.40%, as well as what the employers' net pension liability / (asset) would be if it were calculated using a discount rate that is one percentage point lower (5.40%) or one percentage point higher (7.40%) than the current rate.

|                                 | 1.00%<br>Decrease<br>(5.40%) | Current<br>Rate<br>(6.40%) | 1.00%<br>Increase<br>(7.40%) |
|---------------------------------|------------------------------|----------------------------|------------------------------|
| Net Pension Liability / (Asset) | \$ 11,895,495                | \$ (2,330,932)             | \$ (14,272,361)              |

**B. Registrar of Voters Employees' Retirement System of Louisiana**

Plan Description – The Registrar of Voters Employees' Retirement System ("ROVERS") is a cost-sharing multiple-employer defined benefit pension plan established in accordance by Act 215 of 1954, under LRS 11:2032, to provide retirement allowances and other benefits for registrars of voters, their deputies, and their permanent employees in each Parish of the State of Louisiana.

ROVERS was established on January 1, 1955 for the purpose of providing retirement allowances and other benefits as stated under the provisions of LRS 11:2032, as amended, for registrars of voters, their deputies, and their permanent employees in each Parish. The projection of benefit payments in the calculation of the total pension liability includes all benefits to be provided to current active and inactive employees through

Notes to the Financial Statements (Continued)  
As of and For the Year Ended December 31, 2025

ROVERS in accordance with the benefit terms and any additional legal agreements to provide benefits that are in force at the measurement date.

Any member hired prior to January 1, 2013 is eligible for normal retirement after he has 20 years of creditable service and is age 55 or has 10 years of creditable service and is age 60. Any member with 30 years of creditable service regardless of age may retire. Regular retirement benefits for members hired prior to January 1, 2013 are calculated at 3.33% of the average annual earned compensation for the highest consecutive 60 months multiplied by the number of years of creditable service, not to exceed 100% of average annual compensation.

Any member hired on or after January 1, 2013 is eligible for normal retirement after he has attained 30 years of creditable service and is age 55; has attained 20 years of creditable service and is age 60; or has attained 10 years of creditable service and is age 62. Regular retirement benefits for members hired on or after January 1, 2013 are calculated at 3.00% of the average annual earned compensation for the highest consecutive 60 months multiplied by the number of years of creditable service, not to exceed 100% of average annual compensation. Retirement benefits for members hired on or after January 1, 2013 that have attained 30 years of creditable service with at least 20 years of creditable service in ROVERS are calculated at 3.33% of the average annual compensation for the highest consecutive 60 months multiplied by the number of years of creditable service, not to exceed 100% of average annual compensation.

Any member whose withdrawal from service occurs prior to attaining the age of 60 years, who shall have completed 10 or more years of creditable service and shall not have received a refund of his accumulated contributions, shall become eligible for a deferred allowance beginning upon his attaining the age of 60 years.

Disability benefits are provided to active contributing members with at least 10 years of service established in ROVERS and who have been officially certified as disabled by the State Medical Disability Board. The disabled member who has attained the age of 60 years shall be entitled to a regular retirement allowance.

The disabled member who has not yet attained age 60 shall be entitled to a disability benefit equal to the lesser of 3.00% of his average final compensation multiplied by the number of creditable years of service (not to be less than 15 years) or 3.33% of average final compensation multiplied by the years of service assuming continued service to age 60. Disability benefits may not exceed two-thirds of earnable compensation.

ROVERS issues an annual publicly available financial report that includes financial statements and required supplementary information for ROVERS. That report may be obtained by writing to ROVERS, Post Office Box 1959, Gonzales, Louisiana 70707, or by calling (225) 647-7911.

Funding Policy – Contributions for all members are established by statute at 7.0% of compensation for the years ended June 30, 2025 and 2024. The contributions are deducted from the member's salary and remitted by the Parish.

According to state statute, contribution requirements for all employers are actuarially determined each year. For the years ended June 30, 2025 and 2024, the actual employer contribution rates were 18.00%. The actual rate differs from the actuarially required rate due to state statutes that require the contribution rate be calculated and set two years prior to the year effective. Contributions to ROVERS from the Parish for the years ending December 31, 2025, 2024, and 2023, were \$20,070; \$19,524; and \$18,256, respectively.

**Tangipahoa Parish Government**  
**Amite, Louisiana**  
Notes to the Financial Statements (Continued)  
As of and For the Year Ended December 31, 2025

In accordance with state statute, ROVERS also receives ad valorem taxes and state revenue sharing funds. These additional sources of income are used as employer contributions and are considered support from non-employer contributing entities, but are not considered special funding situations. Non-employer contributions are recognized as revenue and excluded from pension expense for the year ended December 31, 2025.

Pension Liabilities, Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions – At December 31, 2025, the Parish reported an asset of (\$7,549) for its proportionate share of the net pension liability / (asset). The net pension liability / (asset) was measured as of June 30, 2025, and the total pension liability used to calculate the net pension liability / (asset) was determined by an actuarial valuation as of that date. The Parish's proportion of the net pension liability / (asset) was based on a projection of the Parish's long-term share of contributions to the pension plan relative to the projected contributions of all participants, actuarially determined. At December 31, 2025, the Parish's proportion was 0.702583%.

For the year ended December 31, 2025, the Parish recognized pension expense of \$20,070.

At December 31, 2025, the Parish reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

|                                                                                                                | <u>Deferred<br/>Outflows of<br/>Resources</u> | <u>Deferred<br/>Inflows of<br/>Resources</u> |

Deferred outflows of resources related to pensions resulting from the Parish's contributions subsequent to the measurement date of the net pension liability / (asset) but before the end of the governmental non-employer contribution reporting period will be recognized as a reduction of the net pension liability / (asset) in the subsequent period rather than in the current period.

**Tangipahoa Parish Government**

**Amite, Louisiana**

Notes to the Financial Statements (Continued)  
As of and For the Year Ended December 31, 2025

\$10,101 reported as deferred outflows of resources related to pensions resulting from Parish contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability / (asset) in the year ended December 31, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| <b>Year Ended:</b> |                 |
|--------------------|-----------------|
| December 31, 2026  | \$ 4,826        |
| December 31, 2027  | (26,960)        |
| December 31, 2028  | (22,010)        |
| December 31, 2029  | <u>(13,001)</u> |
| Total              | (57,145)        |

Actuarial Assumptions – The total pension liability in the June 30, 2025, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

|                                 |                                                                                                                                                                                                                                                                                                                                                  |

| Projected Salary Increase       | 5.25% (2.30% inflation / 2.95% merit)                                                                                                                                                                                                                                                                                                            |
| Mortality Rates                 | Active Members, Annuitants, and Beneficiaries – Pub-2016 Public Retirement Plans Mortality Table for General Employees and General Healthy Retirees multiplied by 120% for males and 120% for females, each with full generational projection using the appropriate MP2021 scale.                                                                |
|                                 | Disabled Annuitants – Pub-2016 Public Retirement Plans Mortality Table for General Disabled Retirees multiplied by 120% for males and 120% for females, each with full generational projection using the appropriate MP2021 scale.                                                                                                               |
| Cost of Living Adjustments      | The present value of future retirement benefits is based on benefits currently being paid by the System and includes previously granted cost of living increases. The present values do not include provisions for potential future increases not yet authorized by the Board of Trustees as they were deemed not to be substantively automatic. |

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The resulting long-term rate of return is 8.37% for the year ended June 30, 2025.

**Tangipahoa Parish Government**

**Amite, Louisiana**

Notes to the Financial Statements (Continued)  
As of and For the Year Ended December 31, 2025

Best estimates of arithmetic real rates of return for each major asset class included in each of the pension plans' target asset allocation as of June 30, 2025, are summarized in the following table:

| Asset Class                | Target<br>Allocation | Real Return<br>Arithmetic<br>Basis | Long-Term<br>Expected<br>Real Rate of<br>Return |
|----------------------------|----------------------|------------------------------------|-------------------------------------------------|
| Domestic Equities          | 37.50%               | 7.50%                              | 2.81%                                           |
| Internal Equities          | 20.00%               | 8.50%                              | 1.70%                                           |
| Domestic Fixed Income      | 22.50%               | 2.50%                              | 0.56%                                           |
| International Fixed Income | 10.00%               | 3.50%                              | 0.35%                                           |
| Real Estate                | 10.00%               | 4.50%                              | 0.45%                                           |
| Total                      | 100.00%              |                                    | 5.87%                                           |
| Inflation                  |                      |                                    | 2.50%                                           |
| Expected Nominal Return    |                      |                                    | 8.37%                                           |

Discount Rate – The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers will be made at the actuarially determined rates approved by PRSAC taking into consideration the recommendation of each of ROVERS's actuaries. Based on those assumptions, each of ROVERS's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The discount rate used to measure the total pension liability was 6.25% for the year ended June 30, 2025.

Sensitivity to Changes in Discount Rate – The following presents the net pension liability / (asset) of the participating employers calculated using the discount rate of 6.25%, as well as what the employers' net pension liability / (asset) would be if it were calculated using a discount rate that is one percentage point lower (5.25%) or one percentage point higher (7.25%) than the current rate.

**C. District Attorney's Retirement System of Louisiana**

Plan Description – The District Attorneys' Retirement System ("DARS"), State of Louisiana is the administrator of a cost sharing multiple employer defined benefit pension plan. DARS was established on April 1, 1956 and was placed under the management of the board of trustees for the purpose of providing retirement allowances and other benefits as stated under the provisions of LRS 11, Chapter 3 for district attorneys and their assistants in each Parish.

All persons who are district attorneys of the State of Louisiana, assistant district attorneys in any Parish of the State of Louisiana, or employed by DARS and the Louisiana District Attorneys' Association except for elected or appointed officials who have retired from service under any publicly funded retirement system

**Tangipahoa Parish Government**  
**Amite, Louisiana**

Notes to the Financial Statements (Continued)  
As of and For the Year Ended December 31, 2025

within the state and who are currently receiving benefits, shall become members as a condition of their employment; provided, however, that in the case of assistant district attorneys, they must be paid an amount not less than the minimum salary specified by the board for assistant district attorneys, currently \$18,000 per year. The projection of benefit payments in the calculation of the total pension liability includes all benefits to be provided to current active and inactive employees through DARS in accordance with the benefit terms and any additional legal agreements to provide benefits that are in force at the measurement date.

Members who joined DARS before July 1, 1990, and who have elected not to be covered by the new provisions, are eligible to receive a normal retirement benefit if they have 10 or more years of creditable service and are at least age 62, or if they have 18 or more years of service and are at least age 60, or if they have 23 or more years of service and are at least age 55, or if they have 30 years of service regardless of age. The normal retirement benefit is equal to 3% of the member's average final compensation for each year of creditable service. Members are eligible for early retirement at age 60 if they have at least 10 years of creditable service or at age 55 with at least 18 years of creditable service. Members who retire prior to age 60 with, less than 23 year of service credit, receive a retirement benefit reduced 3% for each year of age below 60. Members who retire prior to age 62 who have less than 18 years of service receive a retirement benefit reduced 3% for each year of age below 62. Retirement benefits may not exceed 100% of final average compensation.

Members who joined DARS after July 1, 1990, of who elected to be covered by the new provisions, are eligible to receive normal retirement benefits if they are age 60 and have 10 years of service credit, are age 55 and have 24 years of service credit, or have 30 years of service credit regardless of age. The normal retirement benefit is equal to 3.5% of the member's final average compensation multiplied by years of membership service. A member is eligible for an early retirement benefit if he is age 55 and has 18 years of service credit. The early retirement benefit is equal to the normal retirement benefit reduced 3% for each year the member retires in advance of normal retirement age. Benefits may not exceed 100% of average final compensation.

Disability benefits are awarded to active contributing members with at least 10 years of service who are found to be totally disabled because of injuries incurred while in active service. The member receives a benefit equal to 3.0% (3.5% for members covered under the new retirement benefit provisions) of his average final compensation multiplied by the lesser of his actual service (not to be less than 15 years) or projected continued service to age 60.

DARS issues an annual publicly available financial report that includes financial statements and required supplementary information for DARS. That report may be obtained by writing to the DARS, 2525 Quail Dr., Baton Rouge, Louisiana 70808-9042, or by calling (225) 267-4824.

Funding Policy – Contributions for all members are established by statute at 8.0% of compensation for the years ended June 30, 2025 and 2024. The contributions are deducted from the member's salary and remitted by the Parish.

According to state statute, contribution requirements for all employers are actuarially determined each year. For the years ended June 30, 2025 and 2024, the actual employer contribution rate was 12.25%. The actual rate differs from the actuarially required rate due to state statutes that require the contribution rate be calculated and set two years prior to the year effective. Contributions to the pension plan from the Parish for the years ended December 31, 2025, 2024, and 2023 were \$47,227; \$44,202; and \$39,510, respectively.

**Tangipahoa Parish Government**  
**Amite, Louisiana**  
Notes to the Financial Statements (Continued)  
As of and For the Year Ended December 31, 2025

In accordance with state statute, DARS receives ad valorem taxes and state revenue sharing funds. These additional sources of income are used as employer contributions and are considered support from non-employer contributing entities. Non-employer contributions are recognized as revenue and excluded from pension expense for the year ended December 31, 2025.

Pension Liabilities, Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions – At December 31, 2025, the Parish reported a liability of \$121,987 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2025, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Parish's proportion of the net pension liability was based on a projection of the Parish's long-term share of contributions to the pension plan relative to the projected contributions of all participants, actuarially determined. At December 31, 2025, the Parish's proportion was 0.534042%.

For the year ended December 31, 2025, the Parish recognized pension expense of \$57,089. At December 31, 2025, the Parish reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

|                                                                                                                | Deferred<br>Outflows of<br>Resources | Deferred<br>Inflows of<br>Resources |
|----------------------------------------------------------------------------------------------------------------|--------------------------------------|-------------------------------------|
| Differences Between Expected and Actual Experience                                                             | \$ 5,529                             | \$ 10,334                           |
| Changes in Assumptions                                                                                         | -                                    | 114,339                             |
| Net Difference Between Projected and Actual Earnings on<br>Pension Plan Investments                            | -                                    | 1,876                               |
| Changes in Proportion and Differences Between Parish<br>Contributions and Proportionate Share of Contributions | 12,472                               | 4,240                               |
| Parish Contributions Subsequent to the Measurement Date                                                        | 23,807                               | -                                   |
|                                                                                                                | <u>\$ 41,808</u>                     | <u>\$ 130,789</u>                   |

Deferred outflows of resources related to pensions resulting from the Parish's contributions subsequent to the measurement date of the net pension liability but before the end of the governmental non-employer contribution reporting period will be recognized as a reduction of the net pension liability in the subsequent period rather than in the current period.

\$23,807 reported as deferred outflows of resources related to pensions resulting from Parish contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

|                    |                 |
|--------------------|-----------------|
| <b>Year Ended:</b> |                 |
| December 31, 2026  | \$ 25,342       |
| December 31, 2027  | (71,675)        |
| December 31, 2028  | (48,421)        |
| December 31, 2029  | <u>(17,913)</u> |
| Total              | (112,667)       |

|                                 | Disabled – Pub-2016 Public Retirement Plans Mortality Table for Non-Safety Disabled Retirees multiplied by 110% for males and 115% for females, each with full generational projection using the MP2021 scale.                                                                             |
| Cost of Living Adjustments      | The present value of future retirement benefits is based on benefits currently being paid by the system and includes previously granted cost of living increases. The present values do not include provisions for potential future increases not yet authorized by the Board of Trustees. |

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expected and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The resulting long-term rate of return is 7.80% for the year ended June 30, 2025.

**Tangipahoa Parish Government**  
**Amite, Louisiana**  
Notes to the Financial Statements (Continued)  
As of and For the Year Ended December 31, 2025

Best estimates of arithmetic real rates of return for each major asset class included in DARS's target asset allocation as of June 30, 2025, are summarized in the following table:

| Asset Class                        | Target Asset Allocation | Long-Term Expected Rates of Return |         |
|------------------------------------|-------------------------|------------------------------------|---------|
|                                    |                         | Real                               | Nominal |
| Equities:                          |                         |                                    |         |
| Domestic Equity                    | 45.00%                  | 7.50%                              | 3.37%   |
| International Equity               | 5.00%                   | 8.50%                              | 0.43%   |
| Fixed Income                       |                         |                                    |         |
| Domestic                           | 32.50%                  | 2.50%                              | 0.81%   |
| International                      | 10.00%                  | 3.50%                              | 0.35%   |
| Alternatives                       | 7.50%                   | 4.50%                              | 0.34%   |
| System Total                       |                         |                                    | 5.30%   |
| Inflation                          |                         |                                    | 2.50%   |
| Expected Arithmetic Nominal Return |                         |                                    | 7.80%   |

**Discount Rate** – The discount rate used to measure the total pension liability was 6.10%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers will be made at the actuarially determined rates, approved by the PRSAC taking into consideration the recommendation of DARS'S actuary. Based on those assumptions, DARS's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine total pension liability.

**Sensitivity to Changes in Discount Rate** – The following presents the net pension liability / asset of the participating employers calculated using the discount rate of 6.10%, as well as what the employers' net pension liability / asset would be if it were calculated using a discount rate that is one percentage point lower (5.10%) or one percentage point higher (7.10%) than the current rate.

|                       | 1.00%<br>Decrease<br>(5.10%) | Current<br>Rate<br>(6.10%) | 1.00%<br>Increase<br>(7.10%) |
|-----------------------|------------------------------|----------------------------|------------------------------|
| Net Pension Liability | \$ 539,683                   | 121,987                    | \$ (227,813)                 |

## 18. Deferred Compensation Plan

The Parish offers its employees two deferred compensation plans adopted under the provisions of the Internal Revenue Code 457. One plan, with Nationwide Retirement Solutions, Inc. (formerly Public Employees Benefits Service Corporation), is available to all Parish employees and permits them to defer a portion of their salaries until future years. No portion of this deferred compensation is paid by the Parish. The other plan, with State of Louisiana Deferred Compensation Plan, is available only to those employees who are not members of PERS. This plan also permits eligible Parish employees to defer a portion of their salaries until future years. The Parish pays 7.5% of the eligible employees' salaries into this plan.

**Tangipahoa Parish Government**  
**Amite, Louisiana**  
Notes to the Financial Statements (Continued)  
As of and For the Year Ended December 31, 2025

The deferred compensation of both plans is not available to employees until termination, retirement, death, or unforeseeable emergency.

Complete disclosures relating to the State of Louisiana Deferred Compensation Plan are included in the separately issued audit report for the State of Louisiana Deferred Compensation Plan, available from the Louisiana Legislative Auditor, Post Office Box 94397, Baton Rouge, Louisiana 70804-9397.

During 2025, the Parish contributed a total of \$67,264 to the State of Louisiana Deferred Compensation Plan.

**19. Other Postemployment Health Care Benefits**

Plan Description – In accordance with Ordinance 06-26 adopted on May 8, 2006, employees who retire from the Parish with at least 7 years of service may qualify for participation in the Retirement Group Insurance Plan (RGIP). RGIP is a self-administered, single-employer, defined benefit plan. RGIP provides medical benefits to eligible retirees and their spouses. The participant must also have been covered under the Employee Group Insurance Plan for at least one year prior to retirement. A plan participant may only select coverage up to the extent that the participant had coverage under the Employee Group Insurance Plan prior to retirement. The participant may reduce coverage but may not increase coverage. RGIP does not issue stand-alone financial reports, but includes the RGIP Net Position in the fiduciary fund statements and presents the Net OPEB Liability in the noncurrent liabilities section of the statement of Net Position.

Employees Covered – As of the January 1, 2024 actuarial valuation, the following current and former employees were covered by the benefit terms under the RGIP Plan:

|                     |            |
|---------------------|------------|
| Active Employees    | 328        |
| Retirees            | 49         |
| Beneficiaries       | 1          |
| Spouses of Retirees | 20         |
| Total               | <u>398</u> |

Contributions – The Parish’s portion of the post-retirement benefit is as follows:

| Years of Service | Parish Portion (retired prior to 2020)        |
|------------------|-----------------------------------------------|
| 7 - 9            | None                                          |
| 10 - 14          | \$350 per month                               |
| 15 or More       | \$500 per month                               |
| Years of Service | Parish Portion (retired after or during 2020) |
| 1 - 22           | \$40 per year of service per month            |
| 23 or More       | \$900.00 per month                            |

Once the participant and spouse are eligible for Medicare, the participant can elect to move to the Parish Medicare Supplement Plan. If elected, the Parish will pay 100% of the premium up to \$450 per month.

**Tangipahoa Parish Government**  
**Amite, Louisiana**

Notes to the Financial Statements (Continued)  
As of and For the Year Ended December 31, 2025

For the year ended December 31, 2025, the Parish's cash contributions were \$722,002 in payments to the trust. In 2018, the Parish created the Tangipahoa Parish Retiree Benefits Funding Trust with Hancock Whitney Trust and Asset Management for the purpose of prefunding obligations for past services.

Actuarial Methods and Assumptions – The Net OPEB liability in the December 31, 2025 valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

|                    |                                                                                                                                                      |
|--------------------|------------------------------------------------------------------------------------------------------------------------------------------------------|

Sensitivity of the Total OPEB Liability to Changes in Healthcare Cost Trends Rate – The following presents the Parish’s net OPEB liability calculated using the current healthcare cost trend rates as well as what the Parish’s net OPEB liability would be if it were calculated using healthcare cost trend rates that are one percentage point lower or one percentage point higher than the current healthcare cost trend rate:

|                    | <u>1.00%<br/>Decrease</u> | <u>Current<br/>Trend Rate</u> | <u>1.00%<br/>Increase</u> |
|--------------------|---------------------------|-------------------------------|---------------------------|
| Net OPEB Liability | \$ 4,213,111              | \$ 4,434,947                  | \$ 4,660,136              |

OPEB Liabilities, OPEB Expense, Deferred Outflows of Resources, and Deferred Inflow of Resources Related to OPEB – The Parish’s net OPEB liability of \$4,434,947 was measured as of December 31, 2025 and was determined by an actuarial valuation as of January 1, 2024.

For the year ended December 31, 2025, the Parish recognized OPEB expense of \$874,397.

As of December 31, 2025, the Parish reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

|                                                      | <u>Deferred<br/>(Inflows) of<br/>Resources</u> | <u>Deferred<br/>Outflows of<br/>Resources</u> |
|------------------------------------------------------|------------------------------------------------|-----------------------------------------------|
| Differences Between Expected and Actual Experience   | \$ (444,822)                                   | \$ 2,574,825                                  |
| Changes in Assumptions                               | (1,252,253)                                    | 367,355                                       |
| Net Difference Between Projected and Actual Earnings | <u>-</u>                                       | <u>9,576</u>                                  |
| Total                                                | <u>\$ (1,697,075)</u>                          | <u>\$ 2,951,756</u>                           |

Amounts currently reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

| <b>Year Ended:</b> |            |
|--------------------|------------|
| December 31, 2026  | \$ 210,487 |
| December 31, 2027  | 183,558    |
| December 31, 2028  | 305,435    |
| December 31, 2029  | 290,224    |
| December 31, 2030  | 227,741    |
| Thereafter         | 37,236     |

# Tangipahoa Parish Government

## Amite, Louisiana

Notes to the Financial Statements (Continued)  
As of and For the Year Ended December 31, 2025

### 22. Error Corrections

The Parish's 2025 financial statements reflect the correction of errors in previously issued financial statements. GASB Statement No. 100, *Accounting Changes and Error Corrections*, requires disclosure of their nature and effect on amounts reported in the financial statements.

During the year ended December 31, 2025, the Parish determined that the prior year financial statements for the General Fund, Garbage District No. 1, Health Unit, and Road Lighting District #6 omitted deferred inflows of resources related to unavailable ad valorem taxes. As a result, deferred inflows of resources were understated and beginning fund balance of the General Fund, Garbage District No. 1, Health Unit, and Road Lighting District #6 was overstated by \$113,487; \$227,342; \$203,916; and \$25,247, respectively, in the Parish's 2024 financial statements. The error has been corrected in the accompanying financial statements by restating the beginning fund balance of the General Fund, Garbage District No. 1, Health Unit, and Road Lighting District #6 as of January 1, 2025.

During the year ended December 31, 2025, the Parish determined that a receivable previously recorded for the Health Unit was no longer collectible. As a result, accounts receivable were overstated and beginning fund balance of the Health Unit was overstated by \$30,245 in the Parish's 2024 financial statements. In addition, accounts receivable were overstated and beginning net position in the government-wide financial statements was overstated by \$30,245 in the Parish's 2024 financial statements. The error has been corrected in the accompanying financial statements by restating the beginning fund balance of the Health Unit and beginning net position as of January 1, 2025.

The following table summarizes the restatements to the General Fund, Garbage District No. 1, Health Unit, and Road Lighting District #6's beginning fund balance as a result of the error corrections:

|                                                            | General<br>Fund      | Garbage<br>District<br>No. 1 Fund | Health<br>Unit      | Road<br>Lighting<br>#6 | Total                |

### 23. Tax Abatements

The Louisiana Industrial Ad Valorem Tax Exemption Program ("ITEP") is an original state incentive program that offers attractive tax incentive for manufacturers within the state. The program abates, for up to ten years, local property taxes (ad valorem) on a manufacturer's new investment and annual capitalized additions related to the manufacturing site. This exemption is granted per contract with the Louisiana Department of Economic Development and will specify the buildings and / or personal property items covered by the exemption. There are currently sixteen tax abatements in Tangipahoa Parish, related to nine companies, under the Louisiana ITEP. For the 2025 calendar year, the estimated forgone ad valorem taxes due to this abatement program was \$132,954.

### 24. Cherry Point Development, LLC

Tangipahoa Parish Housing Authority, through its governing entity, the Parish, formed a Louisiana Limited Liability Company – Cherry Point Development, LLC – as a 51% member on February 11, 2013. Cherry Point Development, LLC is the developer of a project located in Hammond, Louisiana, and to be known as Cherry Point Subdivision. The Parish will receive 51% of the payable developer fee. As per the definition in the 2013 Qualified Allocation Plan, Cherry Point Development, LLC does qualify as a Public Housing Agency project. The Parish did not receive developer fees for the year ended December 31, 2025.

### 25. Industrial Development Board

- A. In 2002, the Parish purchased the Wal-Mart Warehouse and Distribution Center land and a portion of the improvements thereon for \$3,995,000. These funds were received by the Parish from the Louisiana Division of Administration Facility Planning and Control. The Parish then conveyed title to the land and improvements to the Industrial Development Board of the Parish of Tangipahoa, Inc. (the "Board"). The Board is a non-profit corporation formed under the provisions of LRS 51:1151.

The Board issued \$40,000,000 of taxable revenue bonds. These bonds were purchased by Wal-Mart Stores, Inc. The outstanding bonds payable of \$40,000,000 of the Wal-Mart facility is not reflected in the accompanying financial statements.

The Board leased the land and improvements to Wal-Mart Stores East, Inc. for lease payments sufficient to pay the principal and interest on the bonds. The lease agreement also provides for the payment of \$550,000

**Tangipahoa Parish Government**  
**Amite, Louisiana**  
Notes to the Financial Statements (Continued)  
As of and For the Year Ended December 31, 2025

to the Board in the initial year of the lease and a payment of \$275,000 in February of each year thereafter. The lease term is from October 1, 2002, through August 1, 2040. At the end of the lease term, or earlier if Wal-Mart Stores East, Inc. elects, the interest of the Board in the leased facility will be sold to Wal-Mart Stores East, Inc.

- B. The Board also issued \$4,000,000 of taxable revenue bonds to finance the expansion of Elmer Candy Corporation. The Board acquired the expansion and then entered into a lease agreement with Elmer Candy Corporation for lease payments sufficient to pay the principal and interest on the bonds. Under the lease, \$1,667 is payable monthly to the Parish. The lease term is from December 11, 2014, through December 1, 2042. Elmer Candy Corporation has the option to purchase the leased facilities upon payment in full of the bonds. On March 13, 2015, the bonds were paid in full.
- C. On December 21, 2017, the Board acquired land and improvements from Intralox, LLC with the purchase price being a payment in lieu of taxes ("PILOT") program for the purpose of locating and expanding Intralox's manufacturing facilities in Tangipahoa Parish. On that same day, the Board entered into a lease agreement and agreement to issue up to \$10,000,000 of taxable revenue bonds. The term of the lease is from December 21, 2017, through December 31, 2042. The premises revert to Intralox, LLC after all sums due to the Board have been paid under the lease.

Under the PILOT program, Intralox, LLC is to pay an annual administrative fee of \$10,000 beginning in December 2018. There will also be an annual PILOT payment beginning in December 2018 calculated using the agreed upon formula.

As of December 31, 2025, the Board had not issued any bonds for this project.

- D. On December 27, 2023, the Board entered into a lease agreement, a PILOT, and an agreement to issue bonds not to exceed \$167,000,000. The term of the lease is from December 27, 2023, and will expire on the fifteen (15) year anniversary of the Completion Date. The premises revert to Amite Solar, LLC after all sums due to the Board have been paid under the lease.

Under the PILOT program, Amite Solar, LLC is to pay an annual administrative fee of \$25,000 to the Board. Amite Solar, LLC will pay an annual ad valorem PILOT payment, based on a formula stated in the agreement, beginning on the project's completion date and ending on the first day of year 15 of the term. The Amite Solar, LLC sales tax PILOT payments shall be paid within twenty (20) calendar days following the end of each calendar quarter from the effective date through the term.

A Community Investment Contribution of \$250,000 will be paid to the Economic Development Foundation to be used by the Foundation in furtherance of its mission in the Parish.

As of December 31, 2025, the Board had not issued any bonds for this project.

## **26. Commitments and Contingencies**

The Parish had various outstanding contractual commitments at December 31, 2025, of approximately \$2,885,954 for the construction and renovation of various roads and buildings. The majority of these commitments are for the Hoover Road Widening Phase 2A and for the Loranger library. For all projects, approximately \$7,407,794 has been spent as of December 31, 2025. Future appropriations will fund these commitments as work is performed.

**Tangipahoa Parish Government**  
**Amite, Louisiana**  
Notes to the Financial Statements (Continued)  
As of and For the Year Ended December 31, 2025

The Parish also has numerous outstanding professional service contracts at December 31, 2025 of approximately \$7,554,601. The largest of these professional service contracts totaled \$822,601 for the Chappeeela Road bridge replacement. Future appropriations will fund these commitments as work is performed.

**27. Litigation and Claims**

At December 31, 2025, the Parish is involved in litigation or is aware of various claims totaling an undetermined amount. Legal counsel for the Parish has determined that the losses (if any) cannot be reasonably estimated at this time; accordingly, no liability has been recorded in these financial statements.

**28. Risk Management**

The Parish is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Parish attempts to minimize risk from significant losses through the purchase of commercial insurance. The Parish's general liability policy does not cover the Section 8 program, nor does it cover road hazards.

**29. Compensation Paid to Parish President and Parish Council / Board Members**

The schedule of compensation paid is presented in compliance with House Concurrent Resolution No. 54 of the 1979 Session of the Louisiana Legislature. Compensation paid to the Parish President and Council members for the year ended December 31, 2025, is as follows:

|                                    |                   |
|------------------------------------|-------------------|
| Robby Miller, Parish President     | \$ 180,607        |
| Darrell Sinagra - District 1       | 25,800            |
| John Ingraffia - District 2        | 25,800            |
| Louis "Nick" Joseph - District 3   | 25,800            |
| Joseph "Joe" Havis - District 4    | 25,800            |
| H. G. "Buddy" Ridgel - District 5  | 25,800            |
| Emile "Joey" Mayeaux - District 6  | 25,800            |
| Lionell Wells - District 7         | 25,800            |
| David Vial - District 8            | 25,800            |
| Brigette Delatte Hyde - District 9 | 25,800            |
| Strader Cieutat - District 10      | 25,800            |
|                                    | <u>\$ 438,607</u> |

As of and For the Year Ended December 31, 2025

**30. Subsequent Events**

Subsequent events have been evaluated by management through June 18, 2026, the date the financial statements were available to be issued.

- On February 9, 2026, the Parish Council passed a motion to purchase (3) JD 135P Excavators with extended warranties for a total of \$245,571.14 each (\$736,713.42 in total).
- On May 11, 2026, the Parish Council passed a motion to approve a bid in the amount of \$649,138.95 for 2026 Road Preservation Routes

No other events were noted that require recording or disclosure in the financial statements for the year ended December 31, 2025.

The schedule is presented to illustrate the requirement to show information for 10 years. However, until a full 10-year trend is compiled, governments should present information for those years for which information is available. Also, recalculations of prior years are not required, and if prior years are not reported in accordance with the current GASB standards, they should not be reported.

See independent auditor's report.

Independent Auditor's Report on Internal Control over Financial Reporting and on  
Compliance and Other Matters Based on an Audit of Financial Statements  
Performed in Accordance with *Government Auditing Standards*

Honorable Robby Miller, Parish President and  
Members of the Tangipahoa Parish Council  
Tangipahoa Parish Government  
Amite, Louisiana

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Tangipahoa Parish Government (the "Parish") as of and for the year ended December 31, 2025, and the related notes to the financial statements, which collectively comprise the Parish's basic financial statements, and have issued our report thereon dated June 18, 2026.

**Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Parish's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Parish's internal control. Accordingly, we do not express an opinion on the effectiveness of the Parish's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

**Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Parish's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However,

providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on Compliance for Each Major Program and on  
Internal Control over Compliance Required by the Uniform Guidance

Honorable Robby Miller, Parish President and  
Members of the Tangipahoa Parish Council  
Tangipahoa Parish Government  
Amite, Louisiana

**Report on Compliance for Each Major Federal Program**

***Opinion on Each Major Federal Program***

We have audited Tangipahoa Parish Government's (the "Parish") compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Parish's major federal programs for the year ended December 31, 2025. The Parish's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Parish complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2025.

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Parish and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Parish's compliance with the compliance requirements referred to above.

***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Parish's federal programs.

***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Parish's

compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgement made by a reasonable user of the report on compliance about the Parish's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Parish's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Parish's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Parish's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Report on Internal Control over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Tangipahoa Parish Government

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**Tangipahoa Parish Government**  
**Amite, Louisiana**  
Schedule of Findings and Questioned Costs  
For the Year Ended December 31, 2025

We have audited the basic financial statements of Tangipahoa Parish Government as of and for the year ended December 31, 2025, and have issued our report thereon dated June 18, 2026. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the provisions of the Uniform Guidance.

**Section I – Summary of Auditor’s Reports**

**1. Report on Internal Control and Compliance Material to the Financial Statements**

|                                                    |          |            |          |          |

**Independent Accountants' Report on Applying  
Agreed-Upon Procedures for the Year Ended December 31, 2025**

Robby Miller, Tangipahoa Parish President  
and Members of the Parish Council  
Tangipahoa Parish Government  
Amite, Louisiana

Louisiana Legislative Auditor  
Baton Rouge, Louisiana

We have performed the procedures enumerated below on the control and compliance (C/C) areas identified in the Louisiana Legislative Auditor's (LLA's) Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period January 1, 2025 through December 31, 2025. Tangipahoa Parish Government's (the "Parish's") management is responsible for those C/C areas identified in the SAUPs.

The Parish has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is to perform specified procedures on the C/C areas identified in LLA's SAUPs for the fiscal period January 1, 2025 through December 31, 2025. Additionally, the LLA has agreed to and acknowledged that the procedures performed are appropriate for its purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are detailed in Schedule "A."

We were engaged by the Parish to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the Parish and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.

**1) Written Policies and Procedures**

---

- A. Obtain and inspect the entity's written policies and procedures and observe whether they address each of the following categories and subcategories if applicable to public funds and the entity's operations:
- i. **Budgeting**, including preparing, adopting, monitoring, and amending the budget.
    - **Results:** No exceptions were noted as a result of the above-mentioned procedures.
  - ii. **Purchasing**, including (1) how purchases are initiated, (2) how vendors are added to the vendor list, (3) the preparation and approval process of purchase requisitions and purchase orders, (4) controls to ensure compliance with the Public Bid Law, and (5) documentation required to be maintained for all bids and price quotes.
    - **Results:** No exceptions were noted as a result of the above-mentioned procedures.
  - iii. **Disbursements**, including processing, reviewing, and approving.
    - **Results:** No exceptions were noted as a result of the above-mentioned procedures.
  - iv. **Receipts / Collections**, including receiving, recording, and preparing deposits. Also, policies and procedures should include management's actions to determine the completeness of all collections for each type of revenue or agency fund additions (e.g., periodic confirmation with outside parties, reconciliation to utility billing after cutoff procedures, reconciliation of traffic ticket number sequences, agency fund forfeiture monies confirmation).
    - **Results:** No exceptions were noted as a result of the above-mentioned procedures.
  - v. **Payroll / Personnel**, including (1) payroll processing, (2) reviewing and approving time and attendance records, including leave and overtime worked, and (3) approval process for employee rates of pay or approval and maintenance of pay rate schedules.
    - **Results:** No exceptions were noted as a result of the above-mentioned procedures.
  - vi. **Contracting**, including (1) types of services requiring written contracts, (2) standard terms and conditions, (3) legal review, (4) approval process, and (5) monitoring process.
    - **Results:** No exceptions were noted as a result of the above-mentioned procedures.
  - vii. **Travel and Expense Reimbursement**, including (1) allowable expenses, (2) dollar thresholds by category of expense, (3) documentation requirements, and (4) required approvers.
    - **Results:** No exceptions were noted as a result of the above-mentioned procedures.
  - viii. **Credit Cards (and debit cards, fuel cards, purchase cards, if applicable)**, including (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers of statements, and (5) monitoring card usage (e.g., determining the reasonableness of fuel card purchases).
    - **Results:** No exceptions were noted as a result of the above-mentioned procedures.

- ix. ***Ethics***, including (1) the prohibitions as defined in Louisiana Revised Statute (R.S.) 42:1111-1121, (2) actions to be taken if an ethics violation takes place, (3) system to monitor possible ethics violations, and (4) a requirement that documentation is maintained to demonstrate that all employees and officials were notified of any changes to the entity's ethics policy.
  - **Results:** No exceptions were noted as a result of the above-mentioned procedures.
- x. ***Debt Service***, including (1) debt issuance approval, (2) continuing disclosure / EMMA reporting requirements, (3) debt reserve requirements, and (4) debt service requirements.
  - **Results:** No exceptions were noted as a result of the above-mentioned procedures.
- xi. ***Information Technology Disaster Recovery / Business Continuity***, including (1) identification of critical data and frequency of data backups, (2) storage of backups in a separate physical location isolated from the network, (3) periodic testing / verification that backups can be restored, (4) use of antivirus software on all systems, (5) timely application of all available system and software patches / updates, and (6) identification of personnel, processes, and tools needed to recover operations after a critical event.
  - **Results:** No exceptions were noted as a result of the above-mentioned procedures.
- xii. ***Prevention of Sexual Harassment***, including R.S. 42:342-344 requirements for (1) agency responsibilities and prohibitions, (2) annual employee training, and (3) annual reporting.
  - **Results:** No exceptions were noted as a result of the above-mentioned procedures.

## **2) Board or Finance Committee**

---

- A. Obtain and inspect the board / finance committee minutes for the fiscal period, as well as the board's enabling legislation, charter, bylaws, or equivalent document in effect during the fiscal period, and
  - i. Observe that the board / finance committee met with a quorum at least monthly, or on a frequency in accordance with the board's enabling legislation, charter, bylaws, or other equivalent document.
    - **Results:** No exceptions were noted as a result of the above-mentioned procedures.
  - ii. For those entities reporting on the governmental accounting model, review the minutes from all regularly scheduled board / finance committee meetings held during the fiscal year and observe whether the minutes from at least one meeting each month referenced or included monthly budget-to-actual comparisons on the general fund, quarterly budget-to-actual comparisons, at a minimum, on all proprietary funds, and semi-annual budget-to-actual comparisons, at a minimum, on all special revenue funds. Alternatively, for those entities reporting on the not-for-profit accounting model, observe that the minutes referenced or included financial activity relating to public funds if those public funds comprised more than 10% of the entity's collections during the fiscal period.
    - **Results:** No exceptions were noted as a result of the above-mentioned procedures.

iii. For governmental entities, obtain the prior year audit report and observe the unassigned fund balance in the general fund. If the general fund had a negative ending unassigned fund balance in the prior year audit report, observe that the minutes for at least one meeting during the fiscal period referenced or included a formal plan to eliminate the negative unassigned fund balance in the general fund.

- **Results:** No exceptions were noted as a result of the above-mentioned procedures.

iv. Observe whether the board / finance committee received written updates of the progress of resolving audit finding(s), according to management's corrective action plan at each meeting until the findings are considered fully resolved.

- **Results:** No exceptions were noted as a result of the above-mentioned procedures.

### ***3) Bank Reconciliations***

---

A. Obtain a listing of entity bank accounts for the fiscal period from management and management's representation that the listing is complete. Ask management to identify the entity's main operating account. Select the entity's main operating account and randomly select 4 additional accounts (or all accounts if less than 5). Randomly select one month from the fiscal period, obtain and inspect the corresponding bank statement and reconciliation for each selected account, and observe that:

i. Bank reconciliations include evidence that they were prepared within 2 months of the related statement closing date (e.g., initialed and dated or electronically logged);

- **Results:** No exceptions were noted as a result of the above-mentioned procedures.

ii. Bank reconciliations include written evidence that a member of management or a board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation within 1 month of the date the reconciliation was prepared (e.g., initialed and dated or electronically logged); and

- **Results:** No exceptions were noted as a result of the above-mentioned procedures.

iii. Management has documentation reflecting it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date, if applicable.

- **Results:** No exceptions were noted as a result of the above-mentioned procedures.

### ***4) Collections (excluding electronic funds transfers)***

---

A. Obtain a listing of deposit sites for the fiscal period where deposits for cash / checks / money orders (cash) are prepared and management's representation that the listing is complete. Randomly select 5 deposit sites (or all deposit sites if less than 5).

- **Results:** No exceptions were noted as a result of the above-mentioned procedures.

- B. For each deposit site selected, obtain a listing of collection locations and management's representation that the listing is complete. Randomly select one collection location for each deposit site (e.g., 5 collection locations for 5 deposit sites), obtain and inspect written policies and procedures relating to employee job duties (if there are no written policies or procedures, then inquire of employees about their job duties) at each collection location, and observe that job duties are properly segregated at each collection location such that
- i. Employees responsible for cash collections do not share cash drawers / registers;
  - **Results:** No exceptions were noted as a result of the above-mentioned procedures.
  - ii. Each employee responsible for collecting cash is not also responsible for preparing / making bank deposits, unless another employee / official is responsible for reconciling collection documentation (e.g., pre-numbered receipts) to the deposit;
  - **Results:** No exceptions were noted as a result of the above-mentioned procedures.
  - iii. Each employee responsible for collecting cash is not also responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee / official is responsible for reconciling ledger postings to each other and to the deposit; and
  - **Results:** No exceptions were noted as a result of the above-mentioned procedures.
  - iv. The employee(s) responsible for reconciling cash collections to the general ledger and / or subsidiary ledgers, by revenue source and / or custodial fund additions, is (are) not also responsible for collecting cash, unless another employee / official verifies the reconciliation.
  - **Results:** No exceptions were noted as a result of the above-mentioned procedures.
- C. Obtain from management a copy of the bond or insurance policy for theft covering all employees who have access to cash. Observe that the bond or insurance policy for theft was in force during the fiscal period.
- **Results:** No exceptions were noted as a result of the above-mentioned procedures.
- D. Randomly select two deposit dates for each of the 5 bank accounts selected for Bank Reconciliations procedure #3A (select the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly select a deposit if multiple deposits are made on the same day). Alternatively, the practitioner may use a source document other than bank statements when selecting the deposit dates for testing, such as a cash collection log, daily revenue report, receipt book, etc. Obtain supporting documentation for each of the 10 deposits and
- i. Observe that receipts are sequentially pre-numbered.
  - **Results:** No exceptions were noted as a result of the above-mentioned procedures.
  - ii. Trace sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip.
  - **Results:** No exceptions were noted as a result of the above-mentioned procedures.

iii. Trace the deposit slip total to the actual deposit per the bank statement.

- **Results:** No exceptions were noted as a result of the above-mentioned procedures.

iv. Observe that the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100 and the cash is stored securely in a locked safe or drawer).

- **Results:** No exceptions were noted as a result of the above-mentioned procedures.

v. Trace the actual deposit per the bank statement to the general ledger.

- **Results:** No exceptions were noted as a result of the above-mentioned procedures.

**5) Non-Payroll Disbursements (excluding card purchases, travel reimbursements, and petty cash purchases)**

---

A. Obtain a listing of locations that process payments for the fiscal period and management's representation that the listing is complete. Randomly select 5 locations (or all locations if less than 5).

- **Results:** No exceptions were noted as a result of the above-mentioned procedures.

B. For each location selected under procedure #5A above, obtain a listing of those employees involved with non-payroll purchasing and payment functions. Obtain written policies and procedures relating to employee job duties (if the agency has no written policies and procedures, then inquire of employees about their job duties), and observe that job duties are properly segregated such that

i. At least two employees are involved in initiating a purchase request, approving a purchase, and placing an order or making the purchase;

- **Results:** No exceptions were noted as a result of the above-mentioned procedures.

ii. At least two employees are involved in processing and approving payments to vendors;

- **Results:** No exceptions were noted as a result of the above-mentioned procedures.

iii. The employee responsible for processing payments is prohibited from adding / modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files;

- **Results:** No exceptions were noted as a result of the above-mentioned procedures.

iv. Either the employee / official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments; and

- **Results:** No exceptions were noted as a result of the above-mentioned procedures.

- v. Only employees / officials authorized to sign checks approve the electronic disbursement (release) of funds, whether through automated clearinghouse (ACH), electronic funds transfer (EFT), wire transfer, or some other electronic means.

- **Results:** No exceptions were noted as a result of the above-mentioned procedures.

*[Note: Findings related to controls that constrain the legal authority of certain public officials (e.g., mayor of a Lawrason Act municipality) should not be reported.]*

- C. For each location selected under procedure #5A above, obtain the entity's non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtain management's representation that the population is complete. Randomly select 5 disbursements for each location, obtain supporting documentation for each transaction, and
  - i. Observe whether the disbursement, whether by paper or electronic means, matched the related original itemized invoice and supporting documentation indicates that deliverables included on the invoice were received by the entity, and
    - **Results:** No exceptions were noted as a result of the above-mentioned procedures.
  - ii. Observe whether the disbursement documentation included evidence (e.g., initial / date, electronic logging) of segregation of duties tested under procedure #5B above, as applicable.
    - **Results:** No exceptions were noted as a result of the above-mentioned procedures.
- D. Using the entity's main operating account and the month selected in Bank Reconciliations procedure #3A, randomly select 5 non-payroll-related electronic disbursements (or all electronic disbursements if less than 5) and observe that each electronic disbursement was (a) approved by only those persons authorized to disburse funds (e.g., sign checks) per the entity's policy, and (b) approved by the required number of authorized signers per the entity's policy. *Note: If no electronic payments were made from the main operating account during the month selected the practitioner should select an alternative month and/or account for testing that does include electronic disbursements.*
  - **Results:** No exceptions were noted as a result of the above-mentioned procedures.

#### **6) Credit Cards / Debit Cards / Fuel Cards / Purchase Cards (Cards)**

---

- A. Obtain from management a listing of all active credit cards, bank debit cards, fuel cards, and purchase cards (cards) for the fiscal period, including the card numbers and the names of the persons who maintained possession of the cards. Obtain management's representation that the listing is complete.
  - **Results:** No exceptions were noted as a result of the above-mentioned procedures.
- B. Using the listing prepared by management, randomly select 5 cards (or all cards if less than 5) that were used during the fiscal period. Randomly select one monthly statement or combined statement for each card (for a debit card, randomly select one monthly bank statement). Obtain supporting documentation, and
  - i. Observe whether there is evidence that the monthly statement or combined statement and supporting documentation (e.g., itemized receipts for credit / debit card purchases, exception reports for excessive fuel card usage) were reviewed and approved, in writing (or electronically approved) by someone other than the

authorized card holder (those instances requiring such approval that may constrain the legal authority of certain public officials, such as the mayor of a Lawrason Act municipality, should not be reported); and

- **Results:** No exceptions were noted as a result of the above-mentioned procedures.

ii. Observe that finance charges and late fees were not assessed on the selected statements.

- **Results:** No exceptions were noted as a result of the above-mentioned procedures.

C. Using the monthly statements or combined statements selected under procedure #6B above, excluding fuel cards, randomly select 10 transactions (or all transactions if less than 10) from each statement, and obtain supporting documentation for the transactions (e.g., each card should have 10 transactions subject to inspection). For each transaction, observe that it is supported by (1) an original itemized receipt that identifies precisely what was purchased, (2) written documentation of the business / public purpose, and (3) documentation of the individuals participating in meals (for meal charges only). For missing receipts, the practitioner should describe the nature of the transaction and observe whether management had a compensating control to address missing receipts, such as a “missing receipt statement” that is subject to increased scrutiny.

- **Results:** No exceptions were noted as a result of the above-mentioned procedures.

D. Using the list of terminated employees obtained in Payroll and Personnel procedure #9C identify those individuals who had access to cards and randomly select 5 terminated employees (or all terminated employees with card access if less than 5) from this population. Observe evidence that the cards have been deactivated for these terminated employees. In cases where a card is shared by multiple users, obtain evidence that the terminated employees’ authorization has been removed.

- **Results:** No exceptions were noted as a result of the above-mentioned procedures.

## ***7) Travel and Travel-Related Expense Reimbursements (excluding card transactions)***

---

A. Obtain from management a listing of all travel and travel-related expense reimbursements during the fiscal period and management’s representation that the listing or general ledger is complete. Randomly select 5 reimbursements and obtain the related expense reimbursement forms / prepaid expense documentation of each selected reimbursement, as well as the supporting documentation. For each of the 5 reimbursements selected

i. If reimbursed using a per diem, observe that the approved reimbursement rate is no more than those rates established either by the State of Louisiana ([doa.la.gov/doa/ost/ppm-49-travel-guide/](http://doa.la.gov/doa/ost/ppm-49-travel-guide/)) or the U.S. General Services Administration ([www.gsa.gov](http://www.gsa.gov));

- **Results:** No exceptions were noted as a result of the above-mentioned procedures.

ii. If reimbursed using actual costs, observe that the reimbursement is supported by an original itemized receipt that identifies precisely what was purchased;

- **Results:** No exceptions were noted as a result of the above-mentioned procedures.

- iii. Observe that each reimbursement is supported by documentation of the business / public purpose (for meal charges, observe that the documentation includes the names of those individuals participating) and other documentation required by Written Policies and Procedures procedure #1A(vii); and

- **Results:** No exceptions were noted as a result of the above-mentioned procedures.

- iv. Observe that each reimbursement was reviewed and approved, in writing, by someone other than the person receiving reimbursement.

- **Results:** No exceptions were noted as a result of the above-mentioned procedures.

## **8) *Contracts***

---

- A. Obtain from management a listing of all agreements / contracts for professional services, materials and supplies, leases, and construction activities that were initiated or renewed during the fiscal period. *Alternatively, the practitioner may use an equivalent selection source, such as an active vendor list.* Obtain management's representation that the listing is complete. Randomly select 5 contracts (or all contracts if less than 5) from the listing, excluding the practitioner's contract, and

- i. Observe whether the contract was bid in accordance with the Louisiana Public Bid Law (e.g., solicited quotes or bids, advertised), if required by law;

- **Results:** No exceptions were noted as a result of the above-mentioned procedures.

- ii. Observe whether the contract was approved by the governing body / board, if required by policy or law (e.g., Lawrason Act, Home Rule Charter);

- **Results:** No exceptions were noted as a result of the above-mentioned procedures.

- iii. If the contract was amended (e.g., change order), observe that the original contract terms provided for such an amendment and that amendments were made in compliance with the contract terms (e.g., if approval is required for any amendment, the documented approval); and

- **Results:** No exceptions were noted as a result of the above-mentioned procedures.

- iv. Randomly select one payment from the fiscal period for each of the 5 contracts, obtain the supporting invoice, agree the invoice to the contract terms, and observe that the invoice and related payment agreed to the terms and conditions of the contract.

- **Results:** No exceptions were noted as a result of the above-mentioned procedures.

***9) Payroll and Personnel***

---

- A. Obtain a listing of employees and officials employed during the fiscal period and management's representation that the listing is complete. Randomly select 5 employees or officials, obtain related paid salaries and personnel files, and agree paid salaries to authorized salaries / pay rates in the personnel files.
- **Results:** No exceptions were noted as a result of the above-mentioned procedures.
- B. Randomly select one pay period during the fiscal period. For the 5 employees or officials selected under procedure #9A above, obtain attendance records and leave documentation for the pay period, and
- i. Observe that all selected employees or officials documented their daily attendance and leave (e.g., vacation, sick, compensatory);
    - **Results:** No exceptions were noted as a result of the above-mentioned procedures.
  - ii. Observe whether supervisors approved the attendance and leave of the selected employees or officials;
    - **Results:** No exceptions were noted as a result of the above-mentioned procedures.
  - iii. Observe that any leave accrued or taken during the pay period is reflected in the entity's cumulative leave records; and
    - **Results:** No exceptions were noted as a result of the above-mentioned procedures.
  - iv. Observe the rate paid to the employees or officials agrees to the authorized salary / pay rate found within the personnel file.
    - **Results:** No exceptions were noted as a result of the above-mentioned procedures.
- C. Obtain a listing of those employees or officials that received termination payments during the fiscal period and management's representation that the list is complete. Randomly select two employees or officials and obtain related documentation of the hours and pay rates used in management's termination payment calculations and the entity's policy on termination payments. Agree the hours to the employee's or official's cumulative leave records, agree the pay rates to the employee's or official's authorized pay rates in the employee's or official's personnel files, and agree the termination payment to entity policy.
- **Results:** No exceptions were noted as a result of the above-mentioned procedures.
- D. Obtain management's representation that employer and employee portions of third-party payroll related amounts (e.g., payroll taxes, retirement contributions, health insurance premiums, garnishments, workers' compensation premiums) have been paid, and any associated forms have been filed, by required deadlines.
- **Results:** No exceptions were noted as a result of the above-mentioned procedures.

### ***10) Ethics***

---

- A. Using the 5 randomly selected employees / officials from Payroll and Personnel procedure #9A obtain ethics documentation from management, and
- i. Observe whether the documentation demonstrates that each employee / official completed one hour of ethics training during the calendar year as required by R.S. 42:1170; and
    - **Results:** No exceptions were noted as a result of the above-mentioned procedures.
  - ii. Observe whether the entity maintains documentation which demonstrates that each employee and official were notified of any changes to the entity's ethics policy during the fiscal period, as applicable.
    - **Results:** No exceptions were noted as a result of the above-mentioned procedures.
- B. Inquire and / or observe whether the agency has appointed an ethics designee as required by R.S. 42:1170.
- **Results:** No exceptions were noted as a result of the above-mentioned procedures.

### ***11) Debt Service***

---

- A. Obtain a listing of bonds / notes and other debt instruments issued during the fiscal period and management's representation that the listing is complete. Select all debt instruments on the listing, obtain supporting documentation, and observe that State Bond Commission approval was obtained for each debt instrument issued as required by Article VII, Section 8 of the Louisiana Constitution.
- **Results:** No exceptions were noted as a result of the above-mentioned procedures.
- B. Obtain a listing of bonds / notes outstanding at the end of the fiscal period and management's representation that the listing is complete. Randomly select one bond / note, inspect debt covenants, obtain supporting documentation for the reserve balance and payments, and agree actual reserve balances and payments to those required by debt covenants (including contingency funds, short-lived asset funds, or other funds required by the debt covenants).
- **Results:** No exceptions were noted as a result of the above-mentioned procedures.

### ***12) Fraud Notice***

---

- A. Obtain a listing of misappropriations of public funds and assets during the fiscal period and management's representation that the listing is complete. Select all misappropriations on the listing, obtain supporting documentation, and observe that the entity reported the misappropriation(s) to the legislative auditor and the district attorney of the parish in which the entity is domiciled as required by R.S. 24:523.
- **Results:** No exceptions were noted as a result of the above-mentioned procedures.

B. Observe that the entity has posted, on its premises and website, the notice required by R.S. 24:523.1 concerning the reporting of misappropriation, fraud, waste, or abuse of public funds.

- **Results:** No exceptions were noted as a result of the above-mentioned procedures.

### ***13) Information Technology Disaster Recovery / Business Continuity***

---

Perform the following procedures, **verbally discuss the results with management, and report “We performed the procedure and discussed the results with management”**:

A. Obtain and inspect the entity’s most recent documentation that it has backed up its critical data (if there is no written documentation, then inquire of personnel responsible for backing up critical data) and observe evidence that such backup (a) occurred within the past week, (b) was not stored on the government’s local server or network, and (c) was encrypted.

- **Results:** We performed the procedure and discussed the results with management.

B. Obtain and inspect the entity’s most recent documentation that it has tested / verified that its backups can be restored (if there is no written documentation, then inquire of personnel responsible for testing / verifying backup restoration) and observe evidence that the test / verification was successfully performed within the past 3 months.

- **Results:** We performed the procedure and discussed the results with management.

C. Obtain a listing of the entity’s computers currently in use and their related locations, and management’s representation that the listing is complete. Randomly select 5 computers and observe while management demonstrates that the selected computers have current and active antivirus software and that the operating system and accounting system software in use are currently supported by the vendor.

- **Results:** We performed the procedure and discussed the results with management.

D. Randomly select 5 terminated employees (or all terminated employees if less than 5) using the list of terminated employees obtained in Payroll and Personnel procedure #9C. Observe evidence that the selected terminated employees have been removed or disabled from the network.

- **Results:** We performed the procedure and discussed the results with management.

E. Using the 5 randomly selected employees / officials from Payroll and Personnel procedure #9A, obtain cybersecurity training documentation from management, and observe that the documentation demonstrates that the following employees / officials with access to the agency’s information technology assets have completed cybersecurity training as required by R.S. 42:1267. The requirements are as follows:

- Hired before June 9, 2020 – completed the training; and
- Hired on or after June 9, 2020 – completed the training within 30 days of initial service or employment.

- **Results:** We performed the procedure and discussed the results with management.

***14) Prevention of Sexual Harassment***

---

- A. Using the 5 randomly selected employees / officials from Payroll and Personnel procedure #9A, obtain sexual harassment training documentation from management, and observe that the documentation demonstrates each employee / official completed at least one hour of sexual harassment training during the calendar year as required by R.S. 42:343.
- **Results:** No exceptions were noted as a result of the above-mentioned procedures.
- B. Observe that the entity has posted its sexual harassment policy and complaint procedure on its website (or in a conspicuous location on the entity's premises if the entity does not have a website).
- **Results:** No exceptions were noted as a result of the above-mentioned procedures.
- C. Obtain the entity's annual sexual harassment report for the current fiscal period, observe that the report was dated on or before February 1, and observe that the report includes the applicable requirements of R.S. 42:344:
- i. Number and percentage of public servants in the agency who have completed the training requirements;
    - **Results:** No exceptions were noted as a result of the above-mentioned procedures.
  - ii. Number of sexual harassment complaints received by the agency;
    - **Results:** No exceptions were noted as a result of the above-mentioned procedures.
  - iii. Number of complaints which resulted in a finding that sexual harassment occurred;
    - **Results:** No exceptions were noted as a result of the above-mentioned procedures.
  - iv. Number of complaints in which the finding of sexual harassment resulted in discipline or corrective action; and
    - **Results:** No exceptions were noted as a result of the above-mentioned procedures.
  - v. Amount of time it took to resolve each complaint.
    - **Results:** No exceptions were noted as a result of the above-mentioned procedures.
