INDEPENDENT AUDITOR'S REPORT

To the Board of Directors Voices for International Business and Education New Orleans, Louisiana

Report on the Financial Statements

We have audited the accompanying financial statements of Voices for International Business and Education (a nonprofit School), which comprises the statements of financial position as of June 30, 2020 and 2019, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the school's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the school's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Voices for International Business and Education as of June 30, 2020 and 2019, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The schedule of compensation, benefits, and other payments to agency head on page 14 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 12, 2020, on our consideration of Voices for International Business and Education's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting in accordance with *Government Auditing Standards* in considering Voices for International Business and Education's internal control over financial reporting and compliance.

Bernard & Granks

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities

Voices for International Business and Education, d.b.a. The International High School of New Orleans was incorporated on August 7, 2009. It is the only high school in New Orleans offering the International Baccalaureate Diploma Program and college preparatory curriculum in the New Orleans, Louisiana area. The School's mission is to educate and nurture a diverse learning community through the International Baccalaureate Programme, world languages, and intercultural appreciation to succeed in the global economy. The School is primarily supported by governmental and private grants.

The Louisiana Board of Elementary and Secondary Education (BESE) approved the School to operate as a Type 2 Charter School, as defined in LA- R.S.17:3992 and 3998 for a contract period of a six year term that will terminate on June 30, 2021.

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting. Accordingly, revenue is recognized when carned and expenses are recorded when incurred.

Basis of Presentation

The School follows the financial statement presentation recommended by the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) topic 958, Not-for-Profit Entities. The School reports information regarding its financial position and activities according to two classes of net assets that are based upon the existence or absence of restrictions on use that are placed by its donors: net assets without donor restrictions and net assets with donor restrictions.

The governing board has not designated, from net assets without donor restrictions, net assets for an operating reserve and a board-designated endowment. Net assets with donor restrictions are subject to donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, such as those that the donor stipulates that resources be maintained in perpetuity.

Net assets without donor restrictions are resources available to support operations and not subject to donor restrictions. The only limits on the use of net assets without donor restrictions are the broad limits resulting from the nature of the School, the environment in which it operates, the purposes specified in its corporate documents and its application for tax-exempt status, and any limits resulting from contractual agreements with creditors and others that are entered into in the course of its operations.

VOICES FOR INTERNATIONAL BUSINESS AND EDUCATION NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2020 AND 2019 NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial Statement Presentation (continued)

Net assets with donor restrictions are resources that are subject to donor-imposed restrictions. Some restrictions are temporary in nature, such as those that are restricted by a donor for use for a particular purpose or in a particular future period. Other restrictions may be perpetual in nature; such as those that are restricted by a donor that the resources be maintained in perpetuity.

The School's unspent contributions are reported in net assets with donor contributions if the donor has limited their use, as are promised contributions that are not yet due. Contributions of property and equipment or cash restricted earmarked to acquire property and equipment are reported as net assets with donor restrictions if the donor has restricted the use of the property or equipment to a particular program. These restrictions expire when the assets are placed in service. When a donor's restriction is satisfied, either by using the resources in the manner specified by the donor or by the passage of time, the expiration of the restriction is reported in the financial statements by reclassifying the net assets from net assets with donor restrictions to net assets without donor restrictions. As of June 30, 2020 and 2019, the School has not received any contributions with donor-imposed restrictions that would result in donor restricted net assets.

Financial Statement Presentation

As of June 30, 2020 and 2019, the School has not received any contributions with donor-imposed restrictions that would result in donor restricted net assets.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of the Statements of Cash Flows, the School considers all highly liquid investments with an initial maturity of three months or less to be cash equivalents, unless the investments are held for meeting restrictions for purchase of property and equipment, payment of long-term debt, or endowment.

The School maintains its cash balance in a financial institution located in New Orleans, Louisiana. The balance is insured by the Federal Deposit Insurance Corporation up to \$250,000. The School's bank pledged securities in the amount of \$1,250,000 to secure the bank balance.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Receivables

Receivables consist of amounts due from grants. Management believes that all receivables are collectible. The receivables are stated at the amount management expects to collect from outstanding balances. The financial statements do not include an estimate for allowance for doubtful accounts.

Promises to Give

Contributions are recognized when the donor makes a promise to give to the School that is, in substance, unconditional. Conditional promises to give are recognized when the conditions on which they depend are substantially met. All promises to give are recognized as assets and revenues. There were no promises to give at June 30, 2020 and 2019.

Property and Equipment

All acquisitions of property and equipment in excess of \$2,000 and all expenditures for repairs, maintenance, renewals, and betterments that materially prolong the useful lives of assets are capitalized. Property and equipment are carried at cost or, if donated, at the approximate fair value at the date of donation. Depreciation is computed using the straight-line method over the useful life of the assets as follows:

Leasehold improvements	1 to 6 years
Furniture and equipment	5 to 7 years

State funding sources may maintain an equitable interest in the property purchased with grant monies as well as the right to determine the use of any proceeds from the sale of these assets.

Contributions and Grants

Contributions received are recorded as net assets with donor restrictions or net assets without donor restrictions depending on the existence or nature of any donor restrictions.

Grant revenue is recognized as it is earned in accordance with approved agreements and contracts.

Advertising

The School expenses all advertising costs as incurred. For the years ended June 30, 2020 and 2019, the School incurred and expensed advertising costs of \$50,468 and \$65,870, respectively.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Income Taxes

The School is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code and qualifies for the charitable contribution deduction under Section 170(b)(1)(A) and has been classified as an School other than a private foundation under Section 509(a)(2). The School believes that it has appropriate support for any tax positions taken, and as such, does not have any uncertain tax positions that are material to the financial statements.

Functional Allocation of Expense

The costs of providing program services and other activities have been summarized on a functional basis in the Statement of Activities and in the Statement of Functional Expenses. Accordingly, certain costs have been allocated among the programs and supporting services based on use rates estimated by management. Directly identifiable expenses are charged to program, management and general and fundraising as appropriate.

Pending Accounting Pronouncements

The FASB issued ASU No, 2014-09, *Revenue from Contracts with Customers (Topic 606)*, to update its revenue recognition standard to clarify the principles of recognizing revenues and eliminate industry-specific guidance as well as help financial statement users better understand the nature, amount, timing, and uncertainty of revenue that is recognized. The standard may be applied either retrospectively to each period presented or as a cumulative-effect adjustment as of the date of adoption. This standard will be effective for the School for annual periods beginning after December 15, 2020.

In February 2016, the FASB issued ASU No, 2016-02, *Leases*. This accounting standard requires lessees to recognize assets and liabilities related to lease arrangements longer than 12 months on the statement of financial position as well as additional disclosures. The updated guidance is effective for annual periods beginning after December 15, 2021.

NOTE 2. LINE OF CREDIT

The School maintains a line of credit of \$400,000 with a maturity date of November 14, 2024, which has variable rate based on the prime rate of interest. The purpose of the loan is to provide short term working capital for the School. The line is secured by all grant proceeds from the Louisiana Department of Education and was unused for the years ended June 30, 2020 and 2019.

NOTE 3. PROPERTY AND EQUIPMENT

Property and equipment consisted of the following for the years ended June 30, 2020 and 2019:

_	2020	2019
Leasehold improvements	\$ 547,636	\$ 547,636
Furniture and equipment	1,203,810	1,168,546
	1,751,446	1,716,182
Less accumulated depreciation	(1,080,982)	(973,757)
	\$ 670,464	\$ 742,425

Depreciation expense was \$107,225 and \$134,024 for the years ended June 30, 2020 and 2019, respectively.

NOTE 4. DEFERRED FEDERAL PAYROLL TAXES

The Coronavirus, Aid, Relief and Economic Security Act (CARES Act) allows employers to defer the deposit and payment of the employer's share of Social Security taxes through December 31, 2020. Half of the deferred amount is due on December 31, 2021, and the other half is due on December 31, 2022. The School deferred \$26,701 and \$0 of the employer's portion of Social Security tax for the years ended June 30, 2020 and 2019, respectively.

NOTE 5. RETIREMENT PLAN

The School offers a 401(k) plan covering all employees upon the completion of one year of employment or 1,000 hours of service. The School contributes a match up to 3% of all employee's elective deferrals. Retirement expense was \$36,028 and \$65,886 for the years ended June 30, 2020 and 2019, respectively.

NOTE 6. GRANTS AND ECONOMIC DEPENDENCY

The Minimum Foundation Program formula adopted by the State Board of Elementary and Secondary Education (BESE) and approved by the State Legislature determines the cost of a minimum foundation program of education in all public elementary and secondary schools and helps to allocate the funds equitably to parish, city and other local school systems.

Funding through the Minimum Foundation Program is essentially in the form of a block grant from the State to the local school systems. Revenues received by the State are from sales tax revenues, ad valorem taxes, and other sources which are allocated to each school based on its enrollment and other student characteristics. The School averaged 442 and 508 students enrolled for the school years ended June 30, 2020 and 2019, respectively. The School recognized revenue under this grant of \$4,594,083 or 77% and \$4,955,364, which is 86% of total revenue for the years ended June 30, 2020 and 2019.

NOTE 7. PAYCHECK PROTECTION PROGRAM (LOAN)

On April 30, 2020, the Organization received loan proceeds in the amount of \$261,100 under the Paycheck Protection Program ("PPP"). The PPP, established as part of the Coronavirus Aid, Relief and Economic Security Act ("CARES Act"), provides for loans to qualifying businesses for amounts up to 2.5 times of the average monthly payroll expenses of the qualifying business. The loans and associated accrued interest are forgivable after twenty-four weeks as long as the borrower uses the loan proceeds for eligible purposes, including payroll, benefits, rent and utilities, and maintains its payroll levels. The amount of loan forgiveness will be reduced if the borrower terminates employees or reduces salaries during the twenty-four week period.

The unforgiven portion of the PPP loan is payable over two years at an interest rate of 1%, with a deferral of payments for the first ten months. The Organization intends to use the proceeds for purposes consistent with the PPP forgiveness requirements. At June 30, 2020, if the loan was to be paid in accordance with the terms of the note, then monthly payments of \$43,577 including interest would begin on October 20, 2021 and be paid through March 20, 2023. The loan balance would increase \$11,276 for accrued interest. Principle payments of \$385,956 and \$388,244 would be paid for the years ended June 30, 2022 and 2023, respectively.

NOTE 8. SCHOOL OPERATIONS/LEASEHOLD INTEREST

The School has a lease with the Recovery School District to use the facilities and its contents located at 727 Carondelet Street, New Orleans, Louisiana. The lease agreement coincides with the term of the charter contract and its extensions that are granted by the Louisiana Board of Elementary and Secondary Education.

Upon the School's successful completion of the Third-Year Evaluation, the RSD issued a new lease agreement for six years and shall terminate on June 30, 2021. The School is responsible for all necessary maintenance to ensure that the facilities comply with all state and local health and safety standards and other applicable laws, regulations and rules.

Use of the property is not recorded as an in-kind contribution from the Recovery School District and related rent expense. The value of the use of the land and building is not readily determinable. The agreement is classified as an exchange transaction because both parties receive significant value from this arrangement. Accordingly, the present value of the benefit to be received in future years has not been recorded.

NOTE 9. LIQUIDITY AND AVAILABILITY OF RESOURCES

The School had the following financial assets available within one year of the statement of financial position date of June 30, 2020 and 2019 for general expenditures.

	2020	 2019
Cash and cash equivalents	\$ 1,464,886	\$ 884,255
Grant receivables	92,367	 27,540
	\$ 1,557,253	\$ 911,795

Financial assets available to meet cash needs for general expenditures within one year. The financial assets are subject to contractual restrictions, however, they are available for general school program and management and general expenditures within one year of the statement of financial position. The School has a policy to structure its financial assets to be available as its general expenditures, liabilities and other obligations come due. As described in Note 3, the School also has a line of credit in the amount of \$400,000, which it could draw upon in the event of an unanticipated liquidity need.

NOTE 10. SUBSEQUENT EVENTS

Subsequent events were evaluated by the School through November 12, 2020, which is the date the financial statements were available to be issued. In December 2019, an outbreak of a novel strain of coronavirus (COVID-19) originated in Wuhan, China and has since spread to other countries, including the U.S. On March 11, 2020, the World Health School characterized COVID-19 as a pandemic. In addition, multiple jurisdictions in the U.S. have declared a state of emergency. It is anticipated that these impacts will continue for some time.

There has been no immediate impact to the School's operations. Future potential impacts may include disruptions or restrictions on our employees' ability to work or the taxpayers' ability to pay the expenditures. Changes to the operating environment may increase operating costs. The future effects of these issues are unknown.

SCHEDULE OF COMPENSATION, BENEFITS, AND OTHER PAYMENTS TO THE HEAD OF SCHOOL FOR THE YEAR ENDED JUNE 30, 2020

Agency Head Name: Sean Wilson, Head of School

OTHER AUDITOR'S REPORTS

BERNARD & FRANKS A CORPORATION OF CERTIFIED PUBLIC ACCOUNTANTS

NICHOLAS W. LAFRANZ III, C.P.A.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors Voices for International Business and Education New Orleans, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Voices for International Business and Education (a nonprofit School), which comprise the statements of financial position as of June 30, 2020 and 2019, and the related statements of activities, and cash flows for the years then ended, and the related notes to the financial statements, and have issued our report thereon dated November 12, 2020.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Voices for International Business and Education's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Voices for International Business and Education's internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the school's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Voices for International Business and Education's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal compliance. Accordingly, this communication is not suitable for any other purpose.

This report is intended for the information of the Board of Directors, management, the State of Louisiana, the Legislative Auditor for the State of Louisiana, Federal Awarding Agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. Under Louisiana Revised Statue 24:513, this report is distributed by the Legislative Auditor as a public document.

AGREED-UPON PROCEDURES REPORT ON CHARTER SCHOOL PERFORMANCE MEASURES Voices for International Business and Education

Independent Accountant's Report On Applying Agreed-Upon Procedures

To Voices for International Business and Education, the Louisiana Department of Education, and the Louisiana Legislative Auditor:

We have performed the procedures enumerated below, which were agreed to by the Voices for International Business and Education (the Charter School); the Louisiana Department of Education, and the Louisiana Legislative Auditor (the specified parties), on the performance and statistical data accompanying the annual financial statements of the Charter School for the fiscal year ended June 30, 2020; and to determine whether the specified schedules are free of obvious errors and omissions as provided by the Board of Elementary and Secondary Education (BESE) in compliance with Louisiana Revised Statute 24:514 I. Management of the Charter School is responsible for its performance and statistical data. The sufficiency of these procedures is solely the responsibility of the specified parties. Consequently, we make no representation regarding the sufficiency of the procedures enumerated below either for the purpose for which this report has been requested or for any other purpose.

The procedures and associated findings are as follows:

<u>General Fund Instructional and Support Expenditures and Certain Local Revenue Sources</u> (Schedule 1)

- 1. We selected a sample of 25 transactions, reviewed supporting documentation, and observed that the sampled expenditures/revenues are classified correctly and are reported in the proper amounts among the following amounts reported on the schedule:
- Total General Fund Instructional Expenditures
- Total General Fund Equipment Expenditures
- Total Local Taxation Revenue
- Total Local Earnings on Investment in Real Property
- Total State Revenue in Lieu of Taxes
- Nonpublic Textbook Revenue
- Nonpublic Transportation Revenue

There were no differences noted.

MEMBERS: AMERICAN INSTITUTE OF CERTIFIED PUBLIC ACCOUNTANTS; SOCIETY OF LOUISIANA CERTIFIED PUBLIC ACCOUNTANTS 4141 VETERANS MEMORIAL BLVD., SUITE 313, METAIRIE, LA 70002 | PHONE: (504) 885-0170 FAX: (504) 456-9531

Class Size Characteristics (Schedule 2)

2. We obtained a list of classes by school, school type, and class size as reported on the schedule. We then traced a random sample of 10 classes to the October 1 roll books for those classes and determined if the class was properly classified on the schedule.

There were no differences noted.

Education Levels of Public School Staff (NO SCHEDULE)

3. We obtained October 1st PEP data submitted to the Department of Education (or equivalent listing prepared by management), including full-time teachers, principals, and assistant principals by classification, as well as their level of education and experience, and obtained management's representation that the data/listing was complete. We then selected a sample of 25 individuals, traced to each individual's personnel file, and observed that each individual's education level and experience was property classified on the PEP data or equivalent listing prepared by management.

There were no differences noted.

Public School Staff Data: Average Salaries (NO SCHEDULE)

1. We obtained June 30th PEP data submitted to the Department of Education (or equivalent listing provided by management) of all classroom teachers, including base salary, extra compensation, and ROTC or rehired retiree status, as well as full-time equivalents, and obtained management's representation that the data/listing was complete. We then selected a sample of 25 individuals, traced to each individual's personnel file, and observed that each individual's salary, extra compensation, and full-time equivalents were properly included on the PEP data (or equivalent listing prepared by management).

There were no differences noted.

This agreed-upon procedures engagement was performed in accordance with attestation standards established by the American Institute of Certified Public Accountants, and the standards applicable to attestation engagements contained in *Government Auditing Standards*, issued by the United States Comptroller General. We were not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on the performance and statistical data. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

The purpose of this report is solely to describe the scope of testing performed on the performance and statistical data accompanying the annual financial statements of the Charter School, as required by Louisiana Revised Statue 24:514.1, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Louisiana Legislative Auditor as a public document.

Combination Activity Classes					[

Note: The Board of Elementary and Secondary Education has set specific limits on the maximum size of classes at various grade levels. The maximum enrollment in grades K-3 is 26 students and maximum enrollment in grades 4-12 is 33 students. These limits do not apply to activity classes such as physical education, chorus, band, and other classes without maximum enrollment standards. Therefore, these classes are included only as separate line items.
