Independent Auditors' Report

To the Members of the
Bossier Parish Police Jury
Benton, Louisiana

Report on the Audit of the Financial Statements

Adverse and Unmodified Opinions

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Bossier Parish Police Jury, as of and for the year ended December 31, 2025, and the related notes to the financial statements, which collectively comprise the Bossier Parish Police Jury's basic financial statements as listed in the table of contents.

Adverse Opinion on Aggregate Discretely Presented Component Units

In our opinion, because of the significance of the matter discussed in the Basis for Adverse and Unmodified Opinions section of our report, the accompanying financial statements referred to above do not present fairly the financial position of the aggregate discretely presented component units of the Bossier Parish Police Jury, as of December 31, 2025 or the changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Unmodified Opinions on Governmental Activities, Business-Type Activities, Each Major Fund, and the Aggregate Remaining Fund Information

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Bossier Parish Police Jury as of December 31, 2025, and the respective changes in financial position and, where applicable, cash flows thereof for the year ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Adverse and Unmodified Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Bossier Parish Police Jury, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse and unmodified audit opinions.

Matters Giving Rise to Adverse Opinion on the Aggregate Discretely Presented Component Units

The financial statements do not include financial data for the Bossier Parish Police Jury's legally separate component units. Accounting principles generally accepted in the United States of America require the financial data for those component units to be reported with the financial data of the Bossier Parish Police Jury's primary government unless the Bossier Parish Police Jury also issued financial statements for the financial reporting entity that include the financial data for its component units. The Bossier Parish Police Jury has not issued such reporting entity financial statements. The effects of not including the Bossier Parish Police Jury's legally separate component units on the aggregate discretely presented component units has not been determined.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bossier Parish Police Jury's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bossier Parish Police Jury's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bossier Parish Police Jury's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5 – 12, budgetary comparison information on pages 61 – 66, the Schedule of Changes in Total OPEB Liability and Related Ratios on page 67, the Schedule of Contributions on page 68, and the Schedule of Proportionate Share of Net Pension Liability on page 69, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Bossier Parish Police Jury's basic financial statements. The accompanying other supplementary information listed in the table of contents and shown on pages 70 - 80 is presented for purposes of additional analysis and is not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, shown on pages 81 - 82, is presented for purposes of additional analysis and is also not a required part of the basic financial statements. The information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Our audit was conducted for the purpose of forming opinions on the financial statements as a whole. As disclosed in Note 1 to the financial statements, the Police Jury prepares its financial statements in accordance with accounting principles generally accepted in the United States of America. The other supplementary information schedules, Justice System Funding Schedules, shown on pages 83 - 85, are presented for the purpose of additional analysis and are not a required part of the basic financial statements. The schedules are presented to satisfy the requirements of Act 87 of the 2020 Regular Legislative Session (R.S. 24:515.2) and must be presented on the cash basis of accounting which differs significantly from those principles used to present financial statements in accordance with accounting principles generally accepted in the United States of America. The information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards

generally accepted in the United States of America. In our opinion the Justice System Funding Schedules, shown on pages 83 - 85, are fairly stated in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated June 17, 2026, on our consideration of the Bossier Parish Police Jury's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Bossier Parish Police Jury's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Bossier Parish Police Jury's internal control over financial reporting and compliance.

BOSSIER PARISH POLICE JURY

MANAGEMENT'S DISCUSSION AND ANALYSIS

Our discussion and analysis of the Bossier Parish Police Jury's financial performance provides an overview of the Police Jury's financial activities for the fiscal year ended December 31, 2025. Please read it in conjunction with our financial statements, which begin on page 13.

FINANCIAL HIGHLIGHTS

- The assets of the Police Jury exceeded its liabilities at the close of 2025 by \$526,560,828. Of this amount, \$68,695,554 (unrestricted net position) may be used to meet the ongoing obligations to citizens and creditors in accordance with the Police Jury's fund designation and fiscal policies.
- The Police Jury's net position increased by \$15,845,991 or 3%.
- The Police Jury's total general and program revenues were \$100,370,614 in 2025 compared to \$104,420,936 in 2024.
- During the year ended December 31, 2025, the Police Jury had total expenses, excluding depreciation, of \$65,632,893, compared to \$62,688,419 for 2024.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities (on pages 13-14) provide information about the activities of the Police Jury as a whole and present a longer-term view of the Police Jury's finances. Fund financial statements start on page 15. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the Police Jury's operations in more detail than the government-wide statements by providing information about the Police Jury's most significant funds.

Reporting the Police Jury as a Whole

Our analysis of the Police Jury as a whole begins on page 13. One of the most important questions asked about the Police Jury's finances is "Is the Police Jury as a whole better off or worse off as a result of the year's activities?" The Statement of Net Position and the Statement of Activities report information about the funds maintained by the Police Jury as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the *accrual basis of accounting*, which is similar to the accounting used by most private-sector companies. Accrual of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the Police Jury's *net position* and changes in them. You can think of the Police Jury's net position – the difference between assets and liabilities – as one way to measure the Police Jury's financial health, or *financial position*. Over time, *increases* or *decreases* in the Police Jury's net position is one indicator of whether its *financial health* is improving or deteriorating. You will need to consider other non-financial factors, however, such as changes in the Police Jury's property tax base, to assess the overall health of the Police Jury.

In the Statement of Net Position and the Statement of Activities, we divide the Police Jury into two kinds of activities: governmental activities and business-type activities.

Governmental activities – the majority of the expenses paid from the funds maintained by the Police Jury are reported here, consisting primarily of personal services, materials and supplies, travel, repairs and maintenance and other program services. Ad valorem taxes and sales taxes finance most of these activities.

Business-type activities - the Police Jury charges a fee to customers to help it cover the costs of certain water and sewer services it provides. The Consolidated Waterworks / Sewerage District No. 1 and 2 are reported here.

Reporting the Police Jury's Most Significant Funds

Our analysis of the major funds maintained by the Police Jury begins on page 15. The fund financial statements begin on page 15 and provide detailed information about the most significant funds maintained by the Police Jury – not the Police Jury as a whole. The Police Jury's *governmental funds* use the following accounting approaches:

Governmental funds – Most of the Police Jury's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using the *modified accrual* accounting method, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed *short-term view* of the Police Jury's general government operations and the expenses paid from those funds. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance certain Police Jury expenses. We describe the relationship (or differences) between governmental *activities* (reported in the Statement of Net Position and the Statement of Activities) and governmental *funds* in a reconciliation at the bottom of the fund financial statements.

Proprietary Funds - When the Consolidated Waterworks / Sewerage Districts No. 1 and 2 charge customers for the services it provides, these services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Position and the Statement of Activities. In fact, the Police Jury's enterprise fund (a component of proprietary fund) is the same as the business-type activities we report in the government-wide statements but provide more detail and additional information, such as cash flows, for proprietary funds.

Also included in the proprietary fund financial statements is the Police Jury's Internal Service Fund, which is used to account for the accumulation of resources used to fund claims under the police jury's partially self-insured health insurance plan.

THE POLICE JURY AS A WHOLE

The Police Jury's combined net position changed from a year ago, increasing from \$510,714,837, to \$526,560,828. A comparative analysis of the funds maintained by the Police Jury is presented below.

Table 1

Increase in net position	<u>\$ 8,144,221</u>	<u>\$ 16,007,861</u>	<u>\$ 7,701,770</u>	<u>\$ 7,957,550</u>	<u>\$ 15,845,991</u>	<u>\$ 23,965,411</u>

Total revenues decreased \$4,050,322 or 4% from total revenues of \$104,420,936 in the year ended December 31, 2024 to total revenues of \$100,370,614 in the year ended December 31, 2025, due in large part to a decrease in capital grants and contributions.

Governmental Activities

Total revenues for the governmental activities decreased approximately \$4,949,480, due in part to a decrease in capital grants.

The cost of all governmental activities this year was \$75,052,242. These costs were covered in part by \$29,404,769 of program revenues, with the remaining costs covered by property taxes, sales taxes, and other general revenues.

Business-type Activities

Total revenues for the business-type increased \$899,158 (6%) from total revenues in the year ended December 31, 2024 of \$16,274,993 to total revenues of \$17,174,151 in the year ended December 31, 2025, due in large part to increased transfers in from capital contributions.

The cost of all business-type activities this year was \$9,472,381. These costs were covered by program revenues consisting of charges for services and capital grant and contributions.

THE POLICE JURY'S FUNDS

As the Police Jury completed the year, its governmental funds (as presented in the balance sheet on page 15) reported a *combined* fund balance of \$100,632,646, which is more than last year's fund balance of \$94,433,796.

General Fund Budgetary Highlights

The Police Jury adopted a budget for its General Fund for the year ended December 31, 2025, and amended the budget one time during the year. The budgetary comparison is presented as required supplementary information and shown on page 61. Highlights for the year are as follows:

- General fund expenditures were more than amended budget due in part to higher expenditures than anticipated for general government.
- Revenues were slightly more than amended budget, due in part to higher intergovernmental and interest income.

The Police Jury's General Fund balance of \$15,938,027 reported on page 17 differs from the General Fund's *budgetary* fund balance of \$8,901,106, reported in the budgetary comparison schedule on page 61. This is primarily due to the Police Jury budgeting on the cash basis of accounting, and to the inclusion of activities of the Juvenile Detention, Capital Projects Reserve, Capital Projects, Special revenue, LCDA Public Improvement and Sewer Operations funds on the fund financial statements. The budget schedule shown on page 61 reflects only the activities of the General fund.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At the end of December 31, 2025, the Police Jury had invested \$497,771,935 in capital assets. (see table 3 below,)

Table 3
Capital Assets (Net)

State law restricts the amount of debt that the Police Jury may issue. The aggregate principal amount of debt may not exceed 10% of the assessed valuation for property tax purposes for all real and personal property located within the parish. The Police Jury's total debt outstanding at year-end was below this limitation.

More detailed information about the debt are presented in Note 10 to the Financial Statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS

The Police Jury's management considered many factors when setting a fiscal year December 31, 2026 budget. Amounts available for appropriation in the governmental funds are expected to remain consistent. Ad valorem taxes will increase due to continued residential and commercial development.

CONTACTING THE POLICE JURY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens and taxpayers with a general overview of the finances for those funds maintained by the police jury and to show the police jury's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Bossier Parish Police Jury, P. O. Box 70, Benton, Louisiana 71006.

Reconciliation of the Balance Sheet of Governmental Funds
to the Statement of Net Position
December 31, 2025

Fund balances - total governmental funds	\$ 100,632,646
--	----------------

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds.	425,067,266
---	-------------

Long-term liabilities and other amounts are not due and payable in the current - period and therefore are not reported in the funds.

Bonds payable	(47,363,000)
Lease liability	(219,526)
Accrued interest	(525,691)
Compensated absences	(1,348,668)
Other post-employment benefits obligation	(9,938,325)
Deferred inflows - pension related	(1,209,423)
Deferred inflows - other post-employment benefits related	(4,128,161)
Deferred inflows - unavailable revenue - other	1,110,557
Net pension asset	1,406,637
Arbitrage payable	(583,142)

Other long-term assets and other amounts are not available to pay for current-period expenditures and therefore are unavailable in the funds.

Deferred outflows - pension related	2,202,344
Deferred outflows - other post-employment benefits related	2,846,500
Deferred outflows - debt refunding	251,213

The nonallocation method of accounting for prepayments is used in the fund statements, since the prepayment does not provide expendable financial resources.

	1,365,657

Bossier Parish Policy Jury
Benton, Louisiana
Reconciliation of the Statement of Revenues, Expenditures, and Changes in
Fund Balances of Governmental Funds to the Statement of Activities
For the Year Ended December 31, 2025

Net change in fund balances - total governmental funds \$ 6,198,850

Amounts reported for governmental activities in the statement of activities
are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays (\$17,661,498) exceeded depreciation/amortization (\$15,959,378) in the current period. 1,702,120

In the statement of activities, only the gain/loss on the sale of capital assets is reported, whereas in the governmental funds, the proceeds from the sales are reported as other financing sources. Additionally, the Police Jury transferred assets to the proprietary fund in the current year and the Police Jury accepted donated infrastructure acquired through the acceptance of subdivisions into the jury's road maintenance system. Thus, the change in net position differs from the change in fund balance by the net book value of the assets sold, transferred and donations received.

Donation of capital assets	2,630,429
Transfers of capital assets to proprietary fund	(8,001,330)
Net book value of assets sold and disposed	(1,176,242)

The repayment of principal of long-term debt consumes current financial resources of governmental funds. 5,277,216

Amortization of bond premium (14,777)

The nonallocation method of accounting for prepayments is used in the fund statements, since the prepayment does not provide expendable financial resources. 23,939

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

Non-employer contributions to cost-sharing pension plan	146,061
Deferred revenue	890,557

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the funds.

Compensated absences	(164,320)
Other post-employment benefits liabilities	544,175
Pension expense	75,455
Arbitrage payable	(33,435)

Accrued interest expense on long-term debt is reported in the government-wide statement of activities and changes in net assets, but does not require the use of current financial resources; therefore, accrued interest expense is not reported as expenditures in governmental funds. 45,523

Change in net position of governmental activities	\$ 8,144,221

Bossier Parish Police Jury
Benton, Louisiana
Notes to Financial Statements
December 31, 2025

INTRODUCTION

The Bossier Parish Police Jury (Police Jury) is the governing authority for Bossier Parish and is a political subdivision of the State of Louisiana. The Police Jury is governed by 12 jurors representing the various districts within the parish. The jurors serve four-year terms that expire in December 2027.

Louisiana Revised Statute (R.S.) 33:1236 gives the police jury various powers in regulating and directing the affairs of the parish and its inhabitants. The more notable of those are the power to make regulations for its own government; to regulate the construction and maintenance of roads, bridges, and drainage systems; and to provide for the health and welfare of the poor, disadvantaged, and unemployed in the parish. Funding to accomplish these tasks is provided by ad valorem taxes, sales tax, beer and alcoholic beverage permits, state revenue sharing, gaming tax revenues, and various other state and federal grants.

(1) Summary of Significant Accounting Policies

The Bossier Parish Police Jury's financial statements are prepared in conformity with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The more significant accounting policies established in GAAP and used by the Bossier Parish Police Jury is discussed below.

A. Reporting Entity

As the governing authority of the parish, for reporting purposes, the Bossier Parish Police Jury is the financial reporting entity for Bossier Parish. The financial reporting entity consists of (a) the primary government (police jury), (b) organizations for which the primary government is financially accountable, and (c) other organizations for which nature and significance of their relationship with police jury are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The Governmental Accounting Standards Board establishes criteria for determining which component units should be considered part of the Bossier Parish Police Jury for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. This criteria includes:

1. Appointing a voting majority of an organization's governing body, and
 - a. The ability of the police jury to impose its will on that organization and/or
 - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the police jury.
2. Organizations for which the police jury does not appoint a voting majority but are fiscally dependent on the police jury.

(Continued)

Bossier Parish Police Jury
Benton, Louisiana
Notes to Financial Statements
December 31, 2025
(Continued)

3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Blended Component Unit – Component units that are legally separate from the police jury, but are so intertwined with the police jury that they are, in substance, the same as the police jury are blended component units. For a component unit to be blended, the organization's board and the police jury must be substantively the same, or the organization must provide services entirely or almost entirely to the police jury. The following component unit is reported as part of the police jury and *blended* with the appropriate police jury funds:

Consolidated Waterworks / Sewerage District No. 1. The board of the Consolidated Waterworks / Sewerage District No. 1 is substantially the same as the police jury and policy jury can impose its will on the District by significantly influencing the activities of the District. Therefore, we conclude that they are part of the police jury and their financial statements should be blended with those of the police jury.

Consolidated Waterworks / Sewerage District No. 2. The board of the Consolidated Waterworks / Sewerage District No. 2 is substantially the same as the police jury and policy jury can impose its will on the District by significantly influencing the activities of the District. Therefore, we conclude that they are part of the police jury and their financial statements should be blended with those of the police jury.

Discrete Component Units – Component units that are legally separate from the police jury, but are financially accountable to the police jury, or whose relationship with the police jury are such that exclusion would cause the police jury's financial statements to be misleading or incomplete are discretely presented. The police jury has identified the following discrete component units:

District Attorney for the Twenty-Sixth Judicial District. Even though the District Attorney (the official) is an independently elected official and is legally separate from the police jury, the official is fiscally dependent on the police jury. The official is fiscally dependent because the police jury has approval authority over the official's capital budget. The police jury has approval authority over the official's capital budget because the office space for the officials is furnished by the police jury, major capital purchases for the officials are included in the police jury's overall budget, and title to real property is in the name of the police jury. By using the fiscal dependency criterion, we conclude that the District Attorney is a component unit of the police jury.

Bossier Parish Communications District Number One. This entity was created by the police jury. The Communications District is governed by a Board of Commissioners which are appointed by the police jury. The police jury is financially accountable for the communication district because it appoints a voting majority of the governing board and has the ability to impose its will on them.

(Continued)

Bossier Parish Police Jury
Benton, Louisiana
Notes to Financial Statements
December 31, 2025
(Continued)

Other Special Districts

There are a number of special districts located in Bossier Parish (fire and ambulance) that each provide services to a limited number of parish citizens. The police jury appoints all board members of those districts which do not include a municipality within their boundaries. Therefore, the police jury can impose its will on these districts. While these districts are responsible for obtaining voter approval for the levy of taxes or debt issuance, all related Louisiana State Bond Commission approvals must be obtained through the police jury. The police jury appoints two of the five board members of those districts which include a municipality and therefore cannot impose its will on these entities. However, it would be misleading to include some like districts in the financial statements while excluding others. These agencies are:

East-Central Bossier Parish Fire Protection District No. 1
South Bossier Parish Fire Protection District No. 2
Ivan Fire Protection District No. 3
Benton Fire Protection District No. 4
Northeast Bossier Parish Fire Protection No. 5
Bossier Parish Emergency Medical Services District
Fire Protection District No. 7, Parish of Bossier

Complete financial statements of the individual component units may be obtained from their respective administration offices or from the Bossier Parish Police Jury at the Bossier Parish Courthouse in Benton, Louisiana.

The police jury has chosen to issue financial statements of the primary government (police jury) only; therefore, none of the previously listed discrete component units are included in the accompanying financial statements.

The Governmental Accounting Standards Board provides for the issuance of primary government financial statements that are separate from those of the reporting entity. However, the primary government's (police jury) financial statements are not a substitute for the reporting entity's financial statements. The accompanying primary government financial statements have been prepared in conformity with generally accepted accounting principles as applied to governmental units. These financial statements are not intended to and do not report on the reporting entity but rather are intended to reflect only the financial statements of the primary government (police jury).

Other Related Organizations

Considered in the determination of component units of the reporting entity were the following:

Cypress-Black Bayou Recreation and Water Conservation District and Shreveport-Bossier Convention and Tourist Bureau. The police jury appoints only one (1) board member and has no significant contact or influence to the recreation district and tourist bureau.

The police jury appoints one (1) of seven (7) board members of the Caddo-Bossier Port Commission but has no significant contact or influence within the Port Commission.

(Continued)

Bossier Parish Police Jury
Benton, Louisiana
Notes to Financial Statements
December 31, 2025
(Continued)

The police jury appoints the board members of the Industrial Development Board of the Parish of Bossier, Inc., but does not have the ability to impose its will and no financial benefit/burden relationship exists between them.

It was determined that these governmental entities are not component units of the Bossier Parish Police Jury reporting entity because of the reasons listed above.

B. Basic Financial Statements – Government-Wide Statements

The Bossier Parish Police Jury's basic financial statements include both government-wide (reporting the funds maintained by the Bossier Parish Police Jury as a whole) and fund financial statements (reporting the Bossier Parish Police Jury's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business type. The Consolidated Waterworks / Sewerage District No. 1 and No. 2 are classified as business-type activities. All other funds of the police jury are categorized as governmental activities.

In the government-wide Statement of Net Position, both the governmental activities and business-type activities columns are presented on a consolidated basis and are reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables, as well as long-term debt and obligations. The Bossier Parish Police Jury's net position is reported in three parts – net investment in capital assets; restricted net position; and unrestricted net position.

The government-wide Statement of Activities reports both the gross and net cost of each of the Bossier Parish Police Jury's functions. The functions are also supported by general government revenues (property, sales and use taxes, certain intergovernmental revenues, fines, permits and charges, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating, and capital grants. Program revenues must be directly associated with the function. Amounts reported as program revenues include 1) charges to customers for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Operating grants include operating-specific and discretionary (either operating or capital) grants, including nonemployer contributions to cost-sharing pension plan, while the capital grants column reflects capital-specific grants.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the proprietary fund's principal ongoing operations of providing water and sewer services.

The net costs (by function) are normally covered by general revenue (property, sales and use taxes, certain intergovernmental revenues, fines, permits and charges, etc.).

This government-wide focus is more on the sustainability of the Bossier Parish Police Jury as an entity and the change in the Bossier Parish Police Jury's net position resulting from the current year's activities.

Benton, Louisiana
Notes to Financial Statements
December 31, 2025
(Continued)

C. Basic Financial Statements – Fund Financial Statements

The financial transactions of the Bossier Parish Police Jury are recorded in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets, liabilities, reserves, fund equity, revenues and expenditures/expenses. The various funds are reported by generic classification within the financial statements.

The following fund types are used by the Bossier Parish Police Jury:

Governmental Funds – the focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the Bossier Parish Police Jury:

- a. General fund is the general operating fund of the Bossier Parish Police Jury. It is used to account for all financial resources except those required to be accounted for in another fund.
- b. Special revenue funds are used to account for the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects.
- c. Debt service funds are used to account for all financial resources that are restricted, committed, or assigned to expenditure for principal and interest.
- d. Capital projects funds are used to account for financial resources that are restricted, committed, or assigned to expenditure for capital outlays.

Proprietary Funds – the focus of proprietary fund measurement is upon determination of operating income, changes in net position, financial position, and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. The following is a description of the proprietary fund of the police jury:

- a. Enterprise funds are required to be used to account for operations for which a fee is charged to external users for goods or services and the activity (a) is financed with debt that is solely secured by a pledge of the net revenues, (b) has third party requirements that the cost of providing services, including capital costs, be recovered with fees and charges, or (c) establishes fees and charges based on a pricing policy designed to recover similar costs. The Consolidated Waterworks / Sewerage District No. 1 and No. 2 are reported in the enterprise fund.
- b. Internal Service Fund – The Internal Service Fund is used to account for the operations that provide services to other department or agencies of the government on a cost-reimbursement basis. The police jury's internal service fund is presented in the proprietary fund financial statements. Because the principal user of the internal service is the police jury's governmental activities, the financial statement of the internal service fund is consolidated into the governmental column when presented in the government-wide financial statements. To the extent possible, the cost of this

(Continued)

Bossier Parish Police Jury
Benton, Louisiana
Notes to Financial Statements
December 31, 2025
(Continued)

service is reported in the appropriate functional activity. The internal service fund is used to account for the accumulation of resources used to fund claims under the police jury's partially self-insured health insurance plan.

The emphasis in fund financial statements is on the major funds in the governmental category. Nonmajor funds by category are summarized into a single column. GASB sets forth minimum criteria (percentage of the assets, liabilities, revenues, or expenditures/expenses of fund category) for the determination of major funds.

The following major funds are presented in the fund financial statements:

General Fund – accounts for all financial resources except those required to be accounted for in another fund.

Highway Fund – accounts for property taxes, sales taxes, gaming revenues, grants, and various other revenues which are used to fund the construction and maintenance of parish highways, streets, and bridges.

Library Fund – accounts for property taxes and various other revenues used to fund the operation and maintenance of the parish libraries.

Capital Improvements Fund – accounts for the sales taxes received for capital improvement purposes, including acquisition, construction, improvement, maintenance, and operations of a maximum security jail and courthouse facilities.

Correctional Facilities Fund – The Correctional Facilities Fund accounts for the operation and maintenance of correctional facilities in Bossier Parish, including the furnishing of transportation and medical care for prisoners. Financing is provided by ad valorem tax revenue.

Consolidated Waterworks / Sewerage District No. 1 and No. 2 - The Consolidated Waterworks / Sewerage District No. 1 and No. 2 were created by the Bossier Parish Police Jury for the purpose of acquiring a waterworks sewerage system, and constructing and acquiring improvements and extensions to the waterworks and sewerage system. This fund is reported as an enterprise fund in the accompanying financial statements.

D. Basis of Accounting

Basis of accounting refers to the point at which revenues or expenditures are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

(Continued)

Bossier Parish Police Jury
Benton, Louisiana
Notes to Financial Statements
December 31, 2025
(Continued)

1. Accrual:

The governmental funds in the government-wide financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

2. Modified Accrual:

The governmental funds financial statements are presented on the modified accrual basis of accounting. Under modified accrual basis of accounting, revenues are recorded when susceptible to accrual: i.e., both measurable and available. "Available" means collectible within the current period or within 60 days after year end.

Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term debt, if any, is recognized when due.

E. Budgets

The Policy Jury uses the following budget practices:

Proposed budgets for the ensuing year are prepared by the Treasurer during October of each year. During the month of November, the finance committee reviews the proposed budgets and makes changes as it deems appropriate. The availability of the proposed budgets for public inspection and the date of the public hearing on the budgets are then advertised in the official journal. The police jury holds a public hearing on the proposed budgets in order to receive comments from the public and other interested parties. Changes are made to the proposed budgets based on the public hearing and the desires of the police jury as a whole. The budgets are then adopted during a regular meeting or a special meeting held no later than 15 days prior to the beginning of the fiscal year, and notice is published in the official journal.

The police jury receives periodic budget comparison statements during the year that are used as a tool to control the operations of the parish. The Treasurer presents necessary budget amendments to the police jury during the year when, in their judgment, actual operations differ materially from those anticipated in the original budgets. During a regular or special meeting, the police jury reviews the proposed amendments, makes changes as it feels necessary, and formally adopts the amendments. The adoption of the amendments is included in the police jury minutes published in the official journal.

The police jury exercises budgetary control at the functional level. Within functions, the Treasurer has the authority to make amendments of up to 5%, as necessary. Unexpended appropriations lapse at year end and must be reappropriated in the next year's budget to be expended.

The availability of proposed budgets and the date of the public hearing for the 2025 budgets were published in the official journal on November 13, 2024. The 2025 budget hearings were held, and the budgets adopted at the jury meeting on December 4, 2024. Notice of adoption of the budgets was subsequently advertised in the official journal.

(Continued)

Bossier Parish Police Jury
Benton, Louisiana
Notes to Financial Statements
December 31, 2025
(Continued)

For the year ended December 31, 2025, the police jury adopted budgets on a cash basis for all funds. There was one amendment to the budget during 2025.

F. Cash, Cash Equivalents, and Investments

Cash includes amounts in petty cash, demand deposits, interest bearing demand deposits, and time deposits. Cash equivalents include amounts in time deposits and those investments with original maturities of 90 days or less. Under state law, the police jury may deposit funds in demand deposits, interest bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law or any other state of the United States, or under the laws of the United States. Investments are limited by R.S. 33:2955 and the police jury's investment policy. Investments are reported at fair value. During the year ended December 31, 2025, the Police Jury did not have any investments.

For the purposes of the Statement of Cash Flows, the Enterprise fund – Water and Sewer considers all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased to be cash equivalents.

G. Restricted Cash

Restricted cash represents amounts restricted for specific funding source purposes and amounts required by debt covenants to be segregated for capital projects and debt service. It also includes amounts restricted for customer deposits for the Consolidated Waterworks/Sewerage District No. 1 and No. 2.

H. Capital Assets

Capital assets, except for infrastructure, purchased or acquired with an original cost of \$5,000 or more are reported at historical cost or estimated historical cost. Infrastructure assets purchased or acquired with an original cost of \$200,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at acquisition value as of the date received.

Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Buildings	40–75 years
Infrastructure	10–50 years
Furniture	7–10 years
Equipment	5–30 years
Vehicles	5–25 years
Library books and information	5 years

Notes to Financial Statements
December 31, 2025
(Continued)

I. Revenues

Ad valorem taxes are assessed on a calendar year basis, become due on November 15 of each year, and become delinquent on December 31. The taxes are generally collected in December of the current year and January and February of the ensuing year. The 2025 tax levy is intended to fund the 2026 fiscal year and has been recorded as a receivable and deferred inflow of resources. Sales tax revenues are recorded in the period in which the underlying exchange has occurred. Gaming tax revenues are recorded in the period during which the exchange transactions on which the tax is imposed occur. Fines, forfeitures, fees, and court costs are recognized in the period they are collected by the Bossier Parish Sheriff. Interest income on demand and time deposits is recorded when earned.

Federal and state grants are recorded when the police jury is entitled to the funds, except for certain federal grants which require funds not expended to be returned to the funding source. On those grants revenue is recognized only upon expending those funds. Grant funds received but not expended are reflected in the fund financial statements as deferred inflows of resources.

J. Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in the government-wide financial statements.

K. Deferred Outflows / Inflows of Resources

The Police Jury's governmental activities and governmental funds report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The police jury has four types of items that meet this definition and qualify for reporting in this category. Unavailable revenue from property taxes, pension related, other post-employment benefits related, and leases are reported in the statement of net position. Unavailable revenue from property taxes, leases, and other miscellaneous amounts are reported in the balance sheet for governmental funds. These amounts are deferred and recognized as an inflow of resources in the period for which the amounts are levied or when the amounts become available.

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The Police Jury currently has deferred outflows of resources related to pensions, other post-employment benefits, and deferred amounts on refunding related to the Series 2020 Taxable Revenue Bonds reported in the statement of net position.

L. Net Position

Government-wide net position is divided into three components: Net investment in capital assets consists of the historical cost of capital assets less accumulated depreciation and less any debt that remains outstanding that was used to finance those assets plus deferred

(Continued)

Bossier Parish Police Jury
Benton, Louisiana
Notes to Financial Statements
December 31, 2025
(Continued)

outflows of resources less deferred inflows of resources related to those assets. Restricted net position consists of assets that are restricted by the Police Jury's creditors (for example, through debt covenants), by the state enabling legislation (through restrictions on shared revenues), by grantors, (both federal and state), and by other contributors (less related liabilities and deferred inflows of resources). All other net position is reported as unrestricted net position.

When an expense is incurred that can be paid using either restricted or unrestricted resources (net position), the Police Jury's policy is to first apply the expense toward restricted resources and then toward unrestricted resources.

M. Sales Taxes

During 1995 a special election was held in which a 1 ½% sales tax was passed in the Rural Sales Tax District of the Parish of Bossier, State of Louisiana. The sales tax is to be used for opening, operating, constructing and maintaining the public roads, bridges and drainage facilities.

During 1999, a special election was held in which a ¼% sales tax was passed in the Sales Tax District No. 1 of Bossier Parish, State of Louisiana. The sales tax is to be used for constructing, improving, acquiring, operating and maintaining facilities and equipment, ambulance service and otherwise paying the cost of ambulance service for the residents of Bossier Parish.

During 2000, a special election was held in which a ½% sales tax was passed in the Parish of Bossier, State of Louisiana. The sales tax is to be allocated 70% to the Bossier Parish Police Jury and 30% to the Law Enforcement District of the Parish of Bossier, represented by the Sheriff of Bossier Parish.

The parish's share is to be used for capital improvement purposes including acquisition, construction, improvement, maintenance, and operations of a maximum security jail and courthouse facilities. The 30% which is allocated to the Law Enforcement District of the Parish is sent directly to the Sheriff of Bossier Parish and is not reflected in the financial statements of the police jury.

N. Compensated Absences

Employees of the police jury earn from 10 to 20 days of vacation leave each year, depending on their lengths of service. In the event that available vacation is not used by the end of the benefit year, employees will be allowed to carry over all unused vacation time. Upon termination of employment, unused vacation benefits will be paid up to 160 hours. Accumulated vacation leave and sick, or a portion thereof, may be converted to additional retirement benefit credit upon application for normal retirement, based on the rules and regulations determined by the retirement system to which they contribute.

Eligible employees will accrue sick leave at a rate of 3.69 hours per pay period, for a total of 12 days per year. Unused sick leave will be allowed to accumulate without limit. Unused sick leave benefits will not be paid to employees while they are employed or upon termination of employment. The Police Jury records a liability for the estimate of sick leave that is more likely than not to be used as paid leave or converted to additional retirement benefit credit.

(Continued)

Bossier Parish Police Jury
Benton, Louisiana
Notes to Financial Statements
December 31, 2025
(Continued)

The current portion of compensated absences payable (the amount estimated to be used during the period of availability) is recorded as a liability in the fund financial statements. The entire balance of compensated absences payable is recognized as a liability in the government-wide financial statements. The non-current portion represents a reconciling item between the fund and government-wide statements.

O. Interfund Activity

Interfund activity is reported as either loans, reimbursements, or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. Transfers between governmental funds are netted as part of the reconciliation to the government-wide financial statements.

P. Use of Estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and reported revenues and expenses. Actual results could differ from those estimates.

Q. Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities in the statement of net assets. Debt issuance costs, except any portion related to prepaid insurance costs, is recognized as an expense in the period incurred.

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of the debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses.

Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

R. Fund Balance

Fund balance amounts are reported within one of the fund balance categories listed below.

1. Nonspendable fund balances are amounts that cannot be spent because they are either (a) not in spendable form, such as inventory or prepaid expenses, or (b) legally or contractually required to be maintained intact, such as a trust that must be retained in perpetuity.

(Continued)

Bossier Parish Police Jury
Benton, Louisiana
Notes to Financial Statements
December 31, 2025
(Continued)

2. Restricted fund balances are restricted when constraints placed on the use of resources are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation.
3. Committed fund balances include amounts that can be used only for the specific purposes as a result of constraints imposed by the Police Jury (the Police Jury's highest level of decision making authority). Committed amounts cannot be used for any other purpose unless the Police Jury removes those constraints by taking the same type of action (i.e. legislation, resolution, or ordinance).
4. Assigned fund balances are amounts that are designated by the Police Jury to be used for specific purposes, but are neither restricted nor committed. Amounts are assigned through the police jury's budgetary process.
5. Unassigned fund balance are the residual classification for the Police Jury's general fund and include all spendable amounts not contained in the other classifications when both restricted and unrestricted fund balances are available for use, it is the Police Jury's policy to use restricted fund balance first, then unrestricted fund balance. Furthermore, committed fund balances are reduced first, followed by assigned amounts, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of those unrestricted fund balance classifications can be used.

S. Fair Value Measurements

Generally accepted accounting principles require disclosure to be made about fair value measurements, the level of fair value hierarchy, and valuation techniques. The fair value hierarchy categorizes the inputs to valuation techniques used to measure fair value into three levels:

Level 1 inputs – The valuation is based on quoted market prices for identical assets or liabilities traded in active markets;

Level 2 inputs – The valuation is based on quoted market prices for similar instruments traded in active markets, quoted prices for identical or similar instruments in markets that are not active, and inputs other than quoted prices that are observable for the asset or liability;

Level 3 inputs – The valuation is determined by using the best information available under the circumstances and might include the government's own data but should adjust those data if (a) reasonably available information indicates that other market participants would use different data or (b) there is something particular to the government that is not available to other market participants.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on lowest level of any input that is significant to the fair value measurement.

(Continued)

Bossier Parish Police Jury
Benton, Louisiana
Notes to Financial Statements
December 31, 2025
(Continued)

T. Lease Receivables

Lease receivables are measured using a present value of lease payments to be received for the lease term (less estimates for uncollectible amounts).

(2) Levied Taxes

The following is a summary of authorized and levied ad valorem taxes for the primary government for the year ended December 31, 2025:

	<u>Authorized Millage</u>	<u>Levied Millage</u>	<u>Expiration Date</u>
Parishwide taxes:			
General maintenance:			
Outside municipalities	4.00	2.80	Statutory
Within municipalities	2.00	1.23	Statutory
Road maintenance	1.99	1.95	2027
Library	7.57	5.24	2035
Health unit maintenance	.82	.81	2027
Correctional facilities	3.02	3.02	2031

Since the 2025 tax levy is intended to fund the 2026 fiscal year, the levy has been recorded as a receivable and deferred inflow of resources. Amounts recognized as revenue from property taxes in 2025 represent collections in 2025 of the 2024 tax levy.

The differences between authorized and levied millages are the result of the reassessment of taxable property required by Article 7, Section 23 of the Louisiana Constitution of 1974.

(3) Cash and Cash Equivalents

At December 31, 2025, the police jury has cash and cash equivalents (book balances), totaling \$96,650,152, as detailed below.

A. Cash and Cash Equivalents

Cash and cash equivalents at December 31, 2025 (book balances) totaled \$96,650,152, of which \$5,562,816 is shown as restricted. These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent.

(Continued)

Bossier Parish Police Jury
Benton, Louisiana
Notes to Financial Statements
December 31, 2025
(Continued)

B. Credit Risk

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. As of December 31, 2025, \$12,805,574 of the Police Jury's bank balances totaling \$98,821,005 were exposed to custodial credit risk as uninsured and collateral held by the pledging bank's trust department not in the Police Jury's name and by an irrevocable letter of credit issued by the Federal Home Loan Bank:

Cash and cash equivalents	\$ <u>12,805,574</u>
---------------------------	----------------------

Even though the pledged securities are considered uncollateralized (Category 3) under the provisions of GASB Statement 3, R.S. 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified that the fiscal agent has failed to pay deposited funds upon demand.

C. Restricted Cash

Restricted cash at December 31, 2025, consisted of amounts received but not yet expended for the following purposes:

Governmental Activities -

Bond proceeds not yet expended	\$ 1,562,874
Debt service	<u>954,008</u>
Total – governmental activities	<u>\$ 2,516,882</u>

Business-type activities –

Debt service	\$ 2,242,631
Customer deposits	<u>803,303</u>
Total – business-type activities	<u>\$ 3,045,934</u>

(4) Advance to Consolidated Waterworks / Sewerage District No. 1

The police jury provided proceeds of revenue bond borrowings not to exceed \$11,835,000 to the Consolidated Waterworks / Sewerage District No. 1 (District) for the purpose of financing the purchase of existing water and sewerage systems within the District and other costs of establishment of the system. This debt was partially refunded by series 2020 issued in December 2020. This arrangement was formalized through a cooperative endeavor agreement between the police jury and the District in order to provide interim financing sufficient to purchase existing systems as needed by the District. It is the intent for the District to repay the advance from the police jury through funds generated by operations. The amount of the advance outstanding as of December 31, 2025, was approximately \$8,476,612. This amount is shown in the accompanying fund financial statements as advance to waterworks / sewerage district and advance from police jury, and is included in internal balances on the accompanying government-wide financial statements.

(5) Customer Deposits

Deposits held for customers that are currently active on the water and sewer system total \$803,303 at December 31, 2025.

(7) Accounts Payable and Accrued Expenses

Accounts payable and accrued expenses at December 31, 2025, consisted of the following:

<u>Class of Payable</u>	<u>Governmental Activities</u>	<u>Business-type Activities</u>
Salaries and benefits	\$ 518,164	\$ 45,170
Accounts	3,472,438	154,912
Compensated absences	<u>133,277</u>	<u>89,400</u>
Total – fund statements	4,123,879	
Internal service fund-claims payable	404,634	
Arbitrage rebate payable	583,142	
Accrued interest	<u>525,691</u>	<u>24,358</u>
Total – government-wide statements	<u>\$ 5,637,346</u>	<u>\$ 313,840</u>

Included in accounts payable for governmental activities for the government-wide statements is arbitrage rebate payable of \$583,142, in conjunction with the Series 2022 Bonds. The calculation represents the estimated accrued arbitrage rebate liability as of December 31, 2025, and will be adjusted annually as needed, in accordance with IRS regulations.

(8) Interfund Balances

Interfund balances on the fund statements at December 31, 2025 consisted of the following:

	<u>Due From</u>	<u>Due To</u>
Governmental Funds:		
General	\$ 1,813,425	\$ 2,459,903
Highway	1,677,985	174,791
Library	431,262	
Capital Improvements	1,991,177	
Corrections	35,862	
Other Governmental Funds	<u>614,190</u>	<u>1,615,281</u>
Subtotal Governmental Funds	<u>6,563,901</u>	<u>4,249,975</u>
Enterprise Funds:		
Enterprise fund	105,339	735,356
Internal service fund		<u>1,683,909</u>
Subtotal Enterprise Funds	<u>105,339</u>	<u>2,419,265</u>
Total	<u>\$ 6,669,240</u>	<u>\$ 6,669,240</u>

Interfund balances on the Statement of Net Position at December 31, 2025 consisted of the following:

	<u>Due From</u>	<u>Due To</u>
Advance from Police Jury	\$ 8,476,612	\$ (8,476,612)
Enterprise fund	<u>630,017</u>	<u>(630,017)</u>
Internal balances, Statement of Net Position	<u>\$ 9,106,629</u>	<u>\$ (9,106,629)</u>

(Continued)

Bossier Parish Police Jury
Benton, Louisiana
Notes to Financial Statements
December 31, 2025
(Continued)

Interfund balances are the result of the time lag between dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

(9) Interfund Transfers

Interfund transfers for the year ended December 31, 2025, consisted of the following:

	Transfer In	Transfer Out	Net
Governmental Funds:			
General	\$ 3,529,510	\$ (5,411,721)	\$ (1,882,211)
Highway	1,800,000	(3,531,706)	(1,731,706)
Library		(1,500,000)	(1,500,000)
Capital			
Improvements		(6,095,004)	(6,095,004)
Corrections	33,756		33,756
Non-Major			
Governmental			
Funds	11,538,830	(371,324)	11,167,506
Total			
Governmental Funds	<u>\$ 16,902,096</u>	<u>\$ (16,909,755)</u>	<u>\$ (7,659)</u>
Enterprise Funds:			
Proprietary	\$ 300,000	\$ (292,341)	\$ 7,659
Total Proprietary			
Funds	<u>\$ 300,000</u>	<u>\$ (292,341)</u>	<u>\$ 7,659</u>

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

Transfers on the Statement of Activities for the year ended December 31, 2025, consisted of the following:

	Governmental Activities	Business-Type Activities
Transfers in	\$ 16,902,096	\$ 300,000
Transfers out	(16,909,755)	(292,341)
Transfers of capital assets	(8,001,330)	8,001,330
Net transfers, Statement of Activities	<u>\$ (8,008,989)</u>	<u>\$ 8,008,989</u>

(12) Pension Plan

The police jury participates in the Parochial Employees' Retirement System of Louisiana (System), a cost-sharing multiple-employer defined benefit pension plan established by Act 205 of the 1952 regular session of the Legislature of the State of Louisiana to provide retirement benefits to all employees of any parish in the state of Louisiana or any governing body or a parish which employs and pays persons serving the parish. Act 765 of the year 1979, established by the Legislature of the State of Louisiana, revised the System to create Plan A and Plan B to replace the "regular plan" and the "supplemental plan". Plan A was designated for employers out of Social Security. Plan B was designated for those employers that remained in Social Security on the revision date. The System is governed by Louisiana Revised Statutes, Title 11, Sections 1901 through 2025, specifically, and other general laws of the State of Louisiana.

All employees of the police jury are members of Plan A.

Plan Description

Parochial Employees' Retirement System of Louisiana is the administrator of a cost sharing multiple employer defined benefit pension plan. The System was established and provided for by R.S.11:1901 of the Louisiana Revised Statute (LRS). The System provides retirement benefits to employees of taxing districts of a parish or any branch or section of a parish within the State which does not have their own retirement system and which elects to become members of the System. The following is a description of the plan and its benefits and is provided for general information purposes only. Participants should refer to these appropriate statutes for more complete information.

Eligibility Requirements:

All permanent parish government employees (except those employed by Orleans, Lafourche and East Baton Rouge Parishes) who work at least 28 hours a week shall become members on the date of employment. New employees meeting the age and Social Security criteria have up to 90 days from the date of hire to elect to participate. As of January 1997, elected officials, except coroners, justices of the peace, and parish presidents may no longer join the System.

Retirement Benefits:

Any member of Plan A can retire providing he/she meets one of the following criteria:

For employees hired prior to January 1, 2007:

1. Any age with thirty (30) or more years of creditable service.
2. Age 55 with twenty-five (25) years of creditable service.
3. Age 60 with a minimum of ten (10) years of creditable service.
4. Age 65 with a minimum of seven (7) years of creditable service.

For employees hired after January 1, 2007:

1. Age 55 with 30 years of service.
2. Age 62 with 10 years of service.
3. Age 67 with 7 years of service.

Generally, the monthly amount of the retirement allowance of any member of Plan A shall consist of an amount equal to 3% of the member's final average compensation multiplied by his/her years of creditable service. However, under certain conditions, as outlined in the statutes, the benefits are limited to specified amounts.

(Continued)

Bossier Parish Police Jury
Benton, Louisiana
Notes to Financial Statements
December 31, 2025
(Continued)

Survivor Benefits:

Upon the death of any member of Plan A with five (5) or more years of creditable service who is not eligible for retirement, the plan provides for benefits for the surviving spouse and minor children, as outlined in the statutes. Any member of Plan A, who is eligible for normal retirement at time of death, the surviving spouse shall receive an automatic Option 2 benefit, as outlined in the statutes. A surviving spouse who is not eligible for Social Security survivorship or retirement benefits, and married not less than twelve (12) months immediately preceding death of the member, shall be paid an Option 2 benefit beginning at age 50.

Deferred Retirement Option Plan:

Act 338 of 1990 established the Deferred Retirement Option Plan (DROP) for the Retirement System. DROP is an option for that member who is eligible for normal retirement. In lieu of terminating employment and accepting a service retirement, any member of Plan A or B who is eligible to retire may elect to participate in the Deferred Retirement Option Plan (DROP) in which they are enrolled for three years and defer the receipt of benefits. During participation in the plan, employer contributions are payable but employee contributions cease. The monthly retirement benefits that would be payable, had the person elected to cease employment and receive a service retirement allowance, are paid into the DROP Fund.

Upon termination of employment prior to or at the end of the specified period of participation, a participant in the DROP may receive, at his option, a lump sum from the account equal to the payments into the account, a true annuity based upon his account balance in that fund, or roll over the fund to an Individual Retirement Account. Interest is accrued on the DROP benefits for the period between the end of DROP participation and the member's retirement date.

For individuals who become eligible to participate in the Deferred Retirement Option Plan (DROP) on or after January 1, 2004, all amounts which remain credited to the individual's subaccount after termination DROP will be placed in liquid asset money market investments at the discretion of the Board of Trustees. These subaccounts may be credited with interest based on money market rates of return or, at the option of the System, the funds may be credited to self-directed subaccounts. The participant in the self-directed portion of DROP must agree that the benefits payable to the participant are not the obligations of the state or the System, and that any returns and other rights of DROP are the sole liability and responsibility of the participant and the designated provider to which contributions have been made.

Disability Benefits:

For Plan A, a member shall be eligible to retire and receive a disability benefit if they were hired prior to January 1, 2007, and has at least five years of creditable service or if hired after January 1, 2007, has seven years of creditable service, and is not eligible for normal retirement and has been officially certified as disabled by the State Medical Disability Board. Upon retirement caused by disability, a member of Plan A shall be paid a disability benefit equal to the lesser of an amount equal to 3% of the member's final average compensation multiplied by his years of service, not to be less than 15, or three percent multiplied by years of service assuming continued service to age 60 for those members who are enrolled prior to January 1, 2017 and to age 62 for those members who are enrolled January 1, 2007 and later.

Bossier Parish Police Jury
Benton, Louisiana
Notes to Financial Statements
December 31, 2025
(Continued)

Cost of Living Increases:

The Board is authorized to provide a cost of living allowance for those retirees who retired prior to July 1973. The adjustment cannot exceed 2% of the retiree's original benefit for each full calendar year since retirement and may only be granted if sufficient funds are available from investment income in excess of normal requirements. In addition, the Board may provide an additional cost of living increase to all retirees and beneficiaries who are over age 65 equal to 2% of the member's benefit paid on October 1, 1977, (or the member's retirement date, if later). Also, the Board may provide a cost of living increase up to 2.5% for retirees 62 and older. (RS 11:1937). Lastly, Act 270 of 2009 provided for further reduced actuarial payments to provide an annual 2.5% cost of living adjustment commencing at age 55.

Employer Contributions

According to state statute, contributions for all employers are actuarially determined each year. For the year ended December 31, 2024, the actuarially determined contribution rate was 7.49% of member's compensation for Plan A. However, the actual rate for the fiscal year ending December 31, 2025 was 11.50% for Plan A. The actual rate for the fiscal year ending December 31, 2024 was 11.50%. The police jury's contributions to the System for the years ended December 31, 2025, 2024, and 2023 were \$1,344,026, \$1,348,178, and \$1,380,664, respectively.

According to state statute, the System also receives $\frac{1}{4}$ of 1% of ad valorem taxes collected within the respective parishes, except for Orleans and East Baton Rouge parishes. The System also receives revenue sharing funds each year as appropriated by the Legislature. Tax monies and revenue sharing monies are apportioned between Plan A and Plan B in proportion to the member's compensation. These additional sources of income are used as additional employer contributions and are considered support from non-employer contributing entities. Non-employer contributions received by the System and attributable to the police jury during the years ended December 31, 2025 and 2024 were \$171,836 and \$152,437, respectively.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At December 31, 2025, the police jury reported a net pension asset of \$1,539,026, for its proportionate share of the net pension asset. The net pension asset was measured as of December 31, 2024 and the total pension asset used to calculate the net pension asset was determined by an actuarial valuation as of that date. The historical employer contributions are used to determine the proportionate relationship of each employer to all employers of Parochial Employees' Retirement System of Louisiana. The employer's proportion was determined on a basis that is consistent with the manner in which contributions to the pension plan are determined. The resulting allocation percentages were used in calculating each employer's proportionate share of the pension amounts.

The allocation method used in determining each employer's proportion was based on each employer's contribution to the plan during the fiscal year ended December 31, 2024 as compared to the total of all employer's contributions received by the plan during the fiscal year ended December 31, 2024.

At December 31, 2024, the police jury's proportion was 1.52903%, which was a decrease of .0115% from its proportion measured as of December 31, 2023.

(Continued)

Bossier Parish Police Jury
Benton, Louisiana
Notes to Financial Statements
December 31, 2025
(Continued)

For the year ended December 31, 2025, the police jury recognized pension expense of \$1,263,976, plus employer's amortization of change in proportionate share and the difference between employer contributions and proportionate share of contributions, \$(2,505).

At December 31, 2025, the police jury reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Inflows of Resources	
	Governmental Activities	Business-type Activities
Differences between expected and actual experience	\$ 122,275	\$ 11,508
Net difference between projected and actual earnings on pension plan investments	958,960	43,589
Changes of assumptions	122,090	5,463
Changes in proportion and differences between employer contributions and proportionate share of contributions	6,098	169,590
Total	<u>\$ 1,209,423</u>	<u>\$ 230,150</u>
	Deferred Outflows of Resources	
	Governmental Activities	Business-type Activities
Differences between expected and actual experience	\$ 858,407	\$ 80,791
Net difference between projected and actual earnings on pension plan investments		
Changes in proportion and differences between employer contributions and proportionate share of contributions	107,433	8,694
Employer contributions subsequent to the measurement Date	1,236,504	107,522
Total	<u>\$ 2,202,344</u>	<u>\$ 197,007</u>

The police jury reported a total of \$1,344,026 as deferred outflow of resources related to pension contributions made subsequent to the measurement period of December 31, 2024, which will be recognized as a reduction in net pension liability in the year ended December 31, 2026.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expenses as follows:

Year	Amount
2026	\$ 566,345
2027	1,375,170
2028	(1,557,050)
2029	(768,713)
Total	<u>\$ (384,248)</u>

Notes to Financial Statements
December 31, 2025
(Continued)

Actuarial Methods and Assumptions

The net pension asset was measured as the portion of the present value of projected benefit payments to be provided through the pension plan to current active and inactive employees that is attributed to those employees' past periods of service, less the amount of the pension plan's fiduciary net position.

A summary of the actuarial methods and assumptions used in determining the total pension asset as of December 31, 2024 are as follows:

Valuation Date	December 31, 2024
Actuarial Cost Method	Plan A – Entry Age Normal
Investment Rate of Return	6.40% net investment expense, including inflation
Expected Remaining Service lives	4 years
Projected Salary Increases	Plan A – 4.75%
Inflation Rate	2.30%
Cost of Living Adjustments	The present value of future retirement benefits is based on benefits currently being paid by the System and includes previously granted cost of living increases. The present values do not include provisions for potential future increases not yet authorized by the Board of Trustees.
Mortality	Pub-2010 Public Retirement Plans Mortality Table for Health Retirees multiplied by 130% for males and 125% for females using MP2021 scale for annuitant and beneficiary mortality. For employees, the Pub-2010 Public Retirement Plans Mortality Table for General Employees multiplied by 130% for males and 125% for females using MP2021 scale. Pub-2010 Public Retirement Plans Mortality Table for General Disabled Retirees multiplied by 130% for males and 125% for females using MP2021 scale for disabled annuitants.

The discount rate used to measure the total pension liability was 6.40% for Plan A. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers and non-employer contributing entities will be made at the actuarially determined contribution rates, which are calculated in accordance with relevant statutes and approved by the Board of Trustees and the Public Retirement Systems' Actuarial Committee. Based on those assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

(Continued)

Bossier Parish Police Jury
Benton, Louisiana
Notes to Financial Statements
December 31, 2025
(Continued)

The long-term expected rate of return on pension plan investments was determined using a triangulation method which integrated the capital asset pricing model (top-down), a treasury yield curve approach (bottom-up) and an equity building-block model (bottom-up). Risk return and correlations are projected on a forward looking basis in equilibrium, in which best-estimates of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These rates are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.40% and an adjustment for the effect of rebalancing/diversification. The resulting expected long-term rate of return is 7.50% for the year ended December 31, 2024. Best estimates of arithmetic real rates of return for each major asset class included in the System's target asset allocation as of December 31, 2024, are summarized in the following table:

<u>Asset Class</u>	<u>Target Asset Allocation</u>	<u>Long-Term Expected Portfolio Real Rate of Return</u>
Fixed income	33%	1.12%
Equity	51%	3.20%
Alternatives	14%	0.67%
Real assets	2%	0.11%
Totals	<u>100%</u>	<u>5.10%</u>
Inflation		<u>2.40%</u>
Expected Arithmetic Nominal Return		<u>7.50%</u>

The mortality rate assumption used was set based upon an experience study performed on plan data for the period January 1, 2018 through December 31, 2022. The data was assigned credibility weighting and combined with a standard table to produce current levels of mortality. As a result of this study, mortality for employees was set equal to the Pub-2010 Public Retirement Plans Mortality Table for General Employees multiplied by 130% for males and 125% for females, each with full generational projection using the MP2021 scale. In addition, mortality for annuitants and beneficiaries was set equal to the Pub-2010 Public Retirement plans Mortality Table for Healthy Retirees multiplied by 130% for males and 125% for females, each with full generational projection using the MP2021 scale. For Disabled annuitants, mortality was set equal to the Pub-2010 Public Retirement Plans Mortality Table for General Disabled Retirees multiplied by 130% for males and 125% for females, each with full generational projection using the MP2021 scale.

Sensitivity to Change in Discount Rate

The following presents the net pension asset of the participating employers as of December 31, 2024 calculated using the discount rate of 6.40%, as well as what the employers' net pension asset would be if it were calculated using a discount rate that is one percentage point lower 5.40% or one percentage point higher 7.40% than the current rate.

	PLAN A		
	Changes in Discount Rate		
		Current	
	1% Decrease	Discount Rate	1% Increase
	5.40%	6.40%	7.40%
Net Pension Liability (Asset)	\$ 7,854,148	\$(1,539,026)	\$ (9,423,503)

Change in Net Pension Liability (Asset)

The changes in the net pension liability (asset) for the year ended December 31, 2025 were recognized in the current reporting period as pension expense except as follows:

Differences between Expected and Actual Experience:

Differences between expected and actual experience with regard to economic or demographic factors in the measurement of the total pension liability were recognized in pension expense using the straight-line amortization method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with pensions through the pension plan.

Differences between Projected and Actual Investment Earnings:

Differences between projected and actual investment earnings on pension plan investments were recognized in pension expense using the straight-line amortization method over a closed five year period.

Change in Assumptions:

The changes of assumptions about future economic or demographic factors were recognized in pension expense using the straight-line amortization method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with pensions through the pension plan.

Change in Proportion:

Changes in the employer's proportionate shares of the collective net pension liability and collective deferred outflows of resources and deferred inflows of resources since the prior measurement date were recognized in employer's pension expense/(benefit) using a the straight-line amortization method over a closed period equal to the average of the expected remaining service lives of all employees that are provided pensions through the pension plan.

Contributions – Proportionate Share

Differences between contributions remitted to the System and the employer's proportionate share are recognized in pension expense/(benefit) using the straight line amortization method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with a pension through the pension plan.

Retirement System Audit Report

Parochial Employees' Retirement System of Louisiana issued a stand-alone audit report on its financial statements for the year ended December 31, 2024. Access to the audit report can be found on the System's website: www.persla.org or on the Office of Louisiana Legislative Auditor's official website: www.lla.state.la.us.

Plan Fiduciary Net Position

Plan fiduciary net position is a significant component of the System's collective net pension liability. The System's plan fiduciary net position was determined using the accrual basis of accounting. The System's assets, liabilities, revenues and expenses were recorded with the use of estimates and assumptions in conformity with accounting principles generally accepted in the United States of America. Such estimates primarily related to unsettled transactions and events as of the date of the financial statements and estimates over the determination of the fair market value of the System's investments. Accordingly, actual results may differ from estimated amounts. The Plan's fiduciary net position has been determined on the same basis as that used by the plan. Detailed information about the fiduciary net position is available in a stand-alone audit report on their financial statements for the year ended December 31, 2024. Access to these reports can be found on the Louisiana Legislative Auditor's website, www.la.la.gov.

(13) Postemployment Health Care and Life Insurance Benefits

General Information about the OPEB Plan

Plan description – The Bossier Parish Police Jury (the Police Jury) provides certain continuing health care and life insurance benefits for its retired employees. The Bossier Parish Police Jury's OPEB Plan (the OPEB Plan) is a single-employer defined benefit OPEB plan administered by the Police Jury. The authority to establish and/or amend the obligation of the employer, employees and retirees' rests with the Police Jury. No assets are accumulated in a trust that meets the criteria in Governmental Accounting Standards Board (GASB) Codification Section P52 *Postemployment Benefits Other Than Pensions—Reporting For Benefits Not Provided Through Trusts That Meet Specified Criteria—Defined Benefit*.

Benefits Provided – Medical benefits are provided through a comprehensive plan and are made available to employees upon actual retirement. The employer pays 80% of the cost of retiree medical insurance. Most employees are covered by the Parochial Employees' Retirement System of Louisiana, whose retirement eligibility (D.R.O.P. entry) provisions are as follows: 30 years of service at any age; age 55 and 25 years of service; age 60 and 10 years of service; or age 65 and 7 years of service. For employees hired on and after January 1, 2007, retirement eligibility (D.R.O.P. entry) provisions are as follows: age 55 and 30 years of service; age 62 and 10 years of service; or age 67 and 7 years of service. To obtain retiree medical coverage, a retiree must have been in the medical plan for at least fifteen years. For the few employees not covered by the Parochial System, the same retirement eligibility has been assumed.

Life insurance coverage is available to retirees and is based on a blended rate (active and retired). The employer pays 80% of the "cost" of the retiree life insurance, but it is based on the blended rate. Retiree insurance coverage amounts are reduced to a flat \$9,000.

Dental insurance coverage is provided to retirees. The employer pays 80% of the cost of the dental insurance for the retirees only, not dependents. The unblended rate has been used. All of the assumptions used for the valuation of the medical benefits have been used for dental insurance except for the trend assumption; zero trend was used for dental insurance. The dental actuarial costs and liabilities are included in the medical results.

Employees covered by benefit terms – At December 31, 2024, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	71
Inactive employees entitled to but not yet receiving benefit payments	-
Active employees	<u>181</u>
	<u>252</u>

Total OPEB Liability

The Police Jury's total OPEB liability of \$10,030,654 was measured as of December 31, 2025, the end of the fiscal year.

Actuarial Assumptions and other inputs – The total OPEB liability in the December 31, 2025 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.5%
Salary increases	4.0%, including inflation
Discount rate	4.08% annually (Beginning of Year to Determine ADC)
	4.83%, annually (As of End of Year Measurement Date)
Healthcare cost trend rates	Flat 5.5% annually for ten years, 4.5% thereafter
Mortality	RP-2000 Table

The discount rate was based on the average of the Bond Buyers' 20 Year General Obligation municipal bond index as of December 31, 2025, the end of the applicable measurement period.

The actuarial assumptions used in the December 31, 2025 valuation were based on the results of ongoing evaluations of the assumptions from January 1, 2009 to December 31, 2025.

Changes in the Total OPEB Liability

Balance at December 31, 2024	<u>\$ 10,370.829</u>
Changes for the year:	
Service cost	254,663
Interest	413,756
Differences between expected and actual experience	649,780
Changes in assumptions	(1,198,878)
Benefit payments and net transfers	<u>(459,496)</u>
Net changes	<u>(340,175)</u>
Balance at December 31, 2025	<u><u>\$ 10,030.654</u></u>

Changes of assumptions and other inputs reflect a change in the discount rate from 4.08% in 2024 to 4.83% in 2025.

Sensitivity of the total OPEB liability to changes in the discount rate – The following presents the total OPEB liability of the Police Jury, as well as what the Police Jury's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (3.08%) or 1-percentage-point higher (5.08%) than the current discount rate:

	1.0% Decrease (3.83%)	Current Discount Rate (4.83%)	1.0% Increase (5.83%)
Total OPEB liability	\$ 12,168,554	\$ 10,030,654	\$ 8,376,905

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates – The following presents the total OPEB liability of the Police Jury, as well as what the Police Jury's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower (4.5%) or 1-percentage-point higher (6.5%) than the current healthcare trend rates:

	1.0% Decrease (4.5%)	Current Healthcare Trend Rate (5.5%)	1.0% Increase (6.5%)
Total OPEB liability	\$ 8,565,011	\$ 10,030,654	\$ 11,938,944

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended December 31, 2025, the Police Jury recognized OPEB expense of \$(131,999). At December 31, 2025, the Police Jury reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources		Deferred Inflows of Resources	
	Governmental Activities	Business-type Activities	Governmental Activities	Business-type Activities
Differences between expected and actual experience	\$ 730,609	\$ 10,314	\$ 1,149,301	\$ 16,224
Changes in assumptions	2,203,359	31,123	3,297,543	168,427
Total	<u>\$ 2,846,500</u>	<u>\$ 33,831</u>	<u>\$ 4,128,161</u>	<u>\$ 156,939</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

2030	70,094
Thereafter	70,499

(14) Tax Abatement

As of December 31, 2025, the Police Jury is subject to tax abatement agreements which were entered into by the State of Louisiana through the Industrial Tax Exemption Program (ITEP). The agreements allows localities to abate property taxes for a variety of economic development purposes, including job creation, as well as business relocation, retention, and expansion. The Police Jury has not made any commitments as part of the agreements other than to reduce taxes.

Industrial Tax Exemption (ITEP):

The Louisiana Industrial Ad Valorem Tax Exemption Program (ITEP) is an original state incentive program which offers an attractive tax incentive for manufacturers within the state. The program abates, up to ten years, local property taxes (Ad Valorem) on a manufacturer's new investment and annual capitalized additions related to the manufacturing site with the approval of the Governor. The legal authority is Article 7, Section 21(F) of the Louisiana Constitution.

Gross Dollar Amount by Which the District's Tax Revenues Were Reduced: The Police Jury estimates property tax revenues have been reduced by \$28,081 for the year.

(15) Commitments

The Police Jury has commitments for signed construction and engineering contracts of approximately \$607,000, for the renovation of the History Center. As of December 31, 2025, approximately \$75,058 had been incurred on those contracts, with the balance remaining in those contracts to be incurred subsequent to December 31, 2025.

The Police Jury has commitments for signed construction and engineering contracts of approximately \$1,237,715, for the renovation to the library administration building. As of December 31, 2025, approximately \$839,003 had been incurred on those contracts, with the balance remaining in those contracts to be incurred subsequent to December 31, 2025.

The Police Jury has commitments for signed construction and engineering contracts of approximately \$3,647,490, for road improvements. As of December 31, 2025, approximately \$3,374,582 had been incurred on those contracts, with the balance remaining in those contracts to be incurred subsequent to December 31, 2025.

December 31, 2025
(Continued)

The Police Jury received a total of \$24,675,836 of Coronavirus State and Local Fiscal Recovery Funds. These funds will be utilized for the intended purposes as identified by the U.S. Department of the Treasury. The Police Jury has commitments for signed construction and engineering contracts of approximately \$11,934,425, for improvements to the Consolidated Water Work Sewer District #1. These contracts are to be funded, in part, by the Coronavirus State and Local Fiscal Recovery funds received, with the remainder to be paid with local funds. As of December 31, 2025, approximately \$9,993,274 had been incurred on those contracts, with the balance remaining in those contracts to be incurred subsequent to December 31, 2025.

The Police Jury was awarded a total of \$2,761,235 of Water Sector Program Funds. The Police Jury has commitments for signed construction and engineering contracts of approximately \$1,045,031, for improvements to the Consolidated Water Work Sewer District #1. These contracts are to be funded by the Water Sector Program funds received. As of December 31, 2025, approximately \$575,749 had been incurred on those contracts, with the balance remaining in those contracts to be incurred subsequent to December 31, 2025.

In December 2025, the Police Jury issued purchase orders totaling \$1,613,826 for the purchase of four dump trucks and a milling machine. No payment had been made as of December 31, 2025. The commitment will be fulfilled after December 31, 2025.

(16) Criminal Court Fund

R.S. 15:571.11 requires that one-half of any balance remaining in the criminal court fund at year-end be transferred to the parish General Fund. The following details the amount due at December 31, 2025:

Balance due at January 1, 2024	\$ 1,536,424
Amount due for 2025	<u>31,789</u>
Total	1,568,213

Benton, Louisiana
Notes to Financial Statements
December 31, 2025
(Continued)

(19) Risk Management

The Police Jury purchases commercial insurance to provide workers compensation coverage and general liability and property insurance. There were no significant reductions in insurance coverage from the previous year.

Starting January 1, 2016, the Police Jury established a new partially self-funded health insurance policy. Under this policy the Jury pays Blue Cross and Blue Shield of Louisiana an admin fee to process dental, medical, and prescription drug claims. The Jury assumes all risk, except that which is covered by a medical stop-loss policy purchased from Blue Cross Blue Shield. The stop-loss policy has an individual limit of \$175,000. Claims expenditures and liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. These losses include an estimate of claims that have occurred but have not been reported. The estimated liability is based on generally accepted accounting principles, which require that a liability for claims be reported if information prior to the issuance of the financial statements and the amount of the loss can be reasonably estimated. Changes in the balances of the group's liability during 2025 are as follows:

	<u>Liability</u> <u>January 1</u>	<u>Claims and</u> <u>Changes in</u> <u>Estimates</u>	<u>Less Claims</u> <u>Payments</u>	<u>Liability</u> <u>December 31</u>
2025	\$ 205,557	\$ 4,964,807	(\$ 4,765,730)	\$ 404,634
2024	193,239	3,726,912	(3,714,594)	205,557
2023	291,285	3,867,908	(3,965,954)	193,239
2022	239,971	3,990,775	(3,939,461)	291,285
2021	381,269	3,575,227	(3,716,525)	239,971
2020	405,888	1,757,129	(1,781,748)	381,269
2019	478,546	3,734,809	(3,807,467)	405,888
2018	389,278	2,784,331	(2,695,063)	478,546
2017	229,821	4,341,620	(4,182,163)	389,278
2016		3,057,574	(2,827,753)	229,821

(20) Economic Dependency

(21) Receivables

The following is a summary of receivables at December 31, 2025:

Class of Receivable	
Governmental activities –	
Ad valorem taxes	\$ 18,206,465
Sales and use taxes	6,156,713
Intergovernmental grants	1,215,389
Fees, charges, and commissions for services	48,931
Fines and forfeitures	84,289
Gaming	414,758
Mineral leases	7,709
Licenses and permits	5,954
Leases	153,545
Other	<u>188,261</u>
Total – governmental activities	<u>\$ 26,482,014</u>
Business-type activities –	
Accounts receivable – water and sewer charges	<u>\$ 1,275,102</u>
Total – business-type activities	<u>\$ 1,275,102</u>

Accounts receivable for business-type activities are shown net of an allowance for doubtful accounts of \$118,815.

(22) Unearned Revenue

Unearned revenue at December 31, 2025, consists of funds received under the Coronavirus State and Local Fiscal Recovery Funds (ARPA) in the amount of \$898,783 which had not yet been used/expended, and rental amounts totaling \$67,100 which were received in advance of the applicable rental period. The Police Jury plans to recognize these revenues in subsequent years as the related eligibility requirements are met and rental periods occur.

(23) Subsequent Events

In 2026, the Police Jury awarded a contract in the amount of \$1,422,200, for an upgrade to the generator at the courthouse. This project is expected to be funded in part by a grant from the Governor's Office of Homeland Security and Emergency Preparedness (GOHSEP).

In 2026, the Police Jury awarded a contract for drainage improvements totaling \$3,677,560. This projects is expected to be funded by a Federal Lands Access Program (FHWA) grant.

In 2026, the Police Jury awarded various contracts for road improvements totaling \$4,135,924. These projects are expected to be funded by the Highway Fund.

(Continued)

Bossier Parish Police Jury
Benton, Louisiana
Notes to Financial Statements
December 31, 2025
(Continued)

In 2026, the Police Jury purchased a Motorized Broom which totaled approximately \$99,837. This purchase is expected to be funded by the Highway Fund.

In December 2025, the Police Jury adopted a resolution authorizing the application for financing through the Louisiana Department of Health's Drinking Water Revolving Loan Fund program in an amount not to exceed \$6,500,000. The financing is intended to fund additions, acquisitions, repairs, and expansions related to Consolidated Waterworks/Sewerage District No. 1. The proposed financing was approved with 100% principal forgiveness and is expected to mature no later than March 1, 2046. As of December 31, 2025, the financing had not been issued and no related debt had been incurred by the Police Jury.

Subsequent events have been evaluated through June 17, 2026, the date the financial statements were available to be issued.

(24) Leases

The Police Jury, as a lessor, has entered into two lease agreements involving real estate and facilities owned by the Police Jury. The leases between expire between 2027 and 2041. The discount rate was 2.74%. The Police Jury recognized \$13,550 in lease revenue and \$4,475 in interest revenue during the current fiscal year. As of December 31, 2025, the Police Jury's receivable for lease payments was \$153,545. Also, the Police Jury has deferred inflows of resources associated with the leases that will be recognized as revenue over the lease term. As of December 31, 2025, the balance of the deferred inflows of resources was \$153,545.

(25) Sale Leaseback

In August 2025, the Police Jury entered into a sale-leaseback transaction involving a building. Pursuant to the terms of the agreement, the building was sold for \$1,402,670. At the time of the sale the building had a net book value of \$1,080,241, resulting in a gain of approximately \$322,429, which is reported in the Statement of Activities.

In conjunction with the sale, the Police Jury entered into an agreement to lease back the building with a term of twelve (12) months. Should the lessee occupy the leased premises past the term of the lease, with written permission of lessor, the lease will convert to a month-to-month lease term, based upon the same terms in the original lease. In accordance with GASB Statement 87, *Leases*, the leaseback qualifies as a short-term lease. Accordingly, no lease liability or right-of-use asset has been recognized in the accompanying financial statements.

Lease expenditures recognized under this agreement totaled \$43,429, for the year ended December 31, 2025.

(26) Deposit Held in Escrow

On January 4, 2024, the Police Jury deposited \$1,568,920, into an escrow account in anticipation of purchasing right of way land. As of December 31, 2025, the right of way land purchase had not been finalized. Since the transaction had not closed as of December 31, 2025, the deposit is reported as deposit held in escrow.

Note to Required Supplementary Information
For the Year Ended December 31, 2025

Budget comparison statements included in the accompanying financial statements include the original adopted budgets and all subsequent amendments. There was one amendment to the budget during 2025. For GAAP basis financial reporting, the General fund includes activities of the Juvenile Detention, Capital Projects Reserve, Capital Projects, Special Revenue, LCDA Public Improvement and Sewer Operation funds, as those funds do not meet the criteria to be classified as special revenue funds.

The following schedule reconciles excess (deficiency) of revenues and other sources over expenditures and other uses on the statement of revenues, expenditures and changes in fund balances (budget - cash basis) with the amounts shown on the statement of revenues, expenditures and changes in fund balances (GAAP basis):

	<u>General Fund</u>	<u>Highway Fund</u>	<u>Library Fund</u>	<u>Capital Improvement</u>	<u>Corrections</u>
Excess (Deficiency) of revenue and other expenditures and other uses (budget basis)	\$ 259,304	\$ 1,717,075	\$ (438,894)	\$ 929,771	\$ 543,792
Adjustments:					
Revenue accruals - net	234,839	1,215,754	(262,259)	566,904	(221,661)
Expenditures accruals - net	(169,951)	(267,154)	(39,010)	72,584	16,214
Revenue, transfers, and other financing sources:					
Juvenile Detention	2,908,609				
Special Revenue	1,207,747				
Capital Project	2,200,695				
Capital Project Reserve	1,083,846				
Expenditures, transfers, and other financing uses:					
Juvenile Detention	(2,900,000)				
Special Revenue	(1,872,829)				
Sewer Operations	(301,842)				
Capital Project	(2,171,344)				
Capital Project Reserve	(1,260,000)				
Excess (deficiency) of revenues and other sources over expenditures and other uses (GAAP basis)	<u>\$ (780,926)</u>	<u>\$ 2,665,675</u>	<u>\$ (740,163)</u>	<u>\$ 1,569,259</u>	<u>\$ 338,345</u>

Supplemental Information Schedules –
Combining Schedules for Non-Major Funds
As of and for the Year Ended December 31, 2025

Health Unit Fund

The Health Unit Fund accounts for the maintenance and operation of the parish health unit. Financing is provided by a special parish-wide ad valorem tax and interest earnings.

Law Enforcement Fund

Act 582 of 2004 increased the witness fee paid to off-duty law enforcement officers in criminal cases from \$25 per day per case to \$50 per day per case, up to a maximum of \$150 per day. The act stipulated that no parish would be required to appropriate general fund money for payment of these fees, and provided for a special fund to be established for payment. The 26th Judicial District Court judges are taxing defendants to pay witness fees associated with their cases.

Criminal Court Fund

The Criminal Court Fund was created by Section 571.11 of Title 15 of the Louisiana Revised Statutes of 1950, which provides that fines and forfeitures imposed by district courts and district attorney conviction fees in criminal cases be transferred to the parish treasurer and deposited in a special criminal court fund account to be used for the expenses of the criminal court of the parish. Expenditures are made from the fund on motion of the district attorney and approval of the district judge. The statute also requires that one-half of the surplus (fund balance) remaining in the fund at December 31 of each year be transferred to the parish General Fund.

Section 8 Housing Fund

The Section 8 fund accounts for the operation of a Section 8 Housing Subsidy Program funded by the United States Department of Housing and Urban Development. The program provides housing assistance payments to participating owners on behalf of eligible tenants to provide decent, safe and sanitary housing for low-income families at rents they can afford. Housing assistance payments are used to make up the difference between the approved rent due to the owner for the dwelling unit and the occupant family's required contribution toward the rent.

Opioid Settlement

The Opioid Settlement Fund accounts for the funds received as a result of the national Opioid settlement.

Highway Certificates of Indebtedness Sinking Fund

The Highway Certificates of Indebtedness Sinking Fund is used to account for the accumulation of resources for and the repayment of debt on certificates of indebtedness issued for purposes of rural road construction.

Sales Tax Bonds Sinking Fund

The Sales Tax Bonds Sinking Fund is used to account for the accumulation of resources for and the repayment of debt on certificates of indebtedness issued for purposes of courthouse improvements/ renovations and construction of a new maximum security jail.

LCDA Sinking Fund

The LCDA Sinking Fund is used to account for the accumulation of resources for and the repayment of debt on revenue bonds issued for purposes of acquiring, constructing or improving streets and roads, parks and recreational facilities, and economic development facilities within the parish, title to which shall be in the public.

Supplemental Information Schedules –
Combining Schedules for Non-Major Funds
As of and for the Year Ended December 31, 2025
(Continued)

Series 2022 Sinking Fund

The Series 2022 Sinking Fund is used to account for the accumulation of resources for and the repayment of debt on revenue bonds issued for purposes of providing funds to finance upgrades to parish roads, infrastructure, and general facilities and pay costs of issuance of the bond.

Industrial Park Construction Fund

The Industrial Park Construction Fund accounts for financial resources used to acquire and construct facilities at the industrial park.

Airline Drive Construction Fund

The Airline Drive Construction Fund was created to account for the construction/improvement of Airline Drive in Bossier Parish.

Parks and Recreation Fund

The Parks and Recreation Fund was created to account for funds received from mineral leases to be used for the improvement of various parks and recreation facilities in Bossier Parish.

Library Construction

The Library Construction fund was created to account for the construction and improvements of Library buildings in Bossier Parish.

LCDA Sewer Construction Fund

Accounts for the proceeds of LCDA Revenue Bonds and the use of such proceeds for the acquisition and construction of sewer systems and sewer improvements.

North / South Corridor Construction

The North/South Corridor Construction Fund was created to account for funds for acquiring rights-of-way for the future North/South Corridor Construction Project as well as account for the \$16,000,000, Series 2022 debt issuance and proceeds.

2019 Bond Construction Fund

The 2019 Bond Construction Fund was created to account for the construction and improvements funded by the series 2019 Revenue Bonds.

Capital Projects Construction

The capital projects construction fund accounts for the \$9,000,000, Series 2021 debt issuance and proceeds from FEMA for road repairs in South Bossier Parish.

American Rescue Plan

The American Rescue Plan fund accounts for the proceeds from American Rescue Plan Act (ARPA), used to fund various capital projects and public works.

Bossier Parish Police Jury
Benton, Louisiana
Notes to the Schedule of Expenditures of Federal Awards
For the Year Ended December 31, 2025

NOTE A: Basis of Presentation

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of Bossier Parish Police Jury under programs of the federal government for the year ended December 31, 2025. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Bossier Parish Police Jury, it is not intended to and does not present the financial position, changes in net assets, or cash flows of Bossier Parish Police Jury.

NOTE B: Summary of Significant Accounting Policies

(1) Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

(2) Bossier Parish Police Jury does not utilize an indirect cost rate.

NOTE C: Funds Expended in Prior Years

Included in Disaster Assistance, 97.036, totaling \$930,919, are amounts received in 2025, of which \$930,919 was incurred in prior years.

Included in Community Development Block Grant, 14.228, totaling \$60,527, are amounts received in 2025, of which \$60,527 was incurred in prior years.

Included in Hazard Mitigation, 97.039, totaling \$74,025, are amounts received in 2025, of which \$74,025 was incurred in prior years.

Report on Internal Control Over Financial Reporting and on Compliance
And Other Matters Based on an Audit of Financial Statements
Performed In Accordance With Government Auditing Standards

Independent Auditors' Report

To the Members of the
Bossier Parish Police Jury
Benton, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to the financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the primary government financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the Bossier Parish Police Jury, as of and for the year ended December 31, 2025, and the related notes to the financial statements, which collectively comprise the Bossier Parish Police Jury's basic financial statements, and have issued our report thereon dated June 17, 2026.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Bossier Parish Police Jury's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Bossier Parish Police Jury's internal control. Accordingly, we do not express an opinion on the effectiveness of Bossier Parish Police Jury's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Bossier Parish Police Jury's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance for Each Major Federal Program
and on Internal Control Over Compliance Required by the Uniform Guidance

Independent Auditors' Report

To the Members of the
Bossier Parish Police Jury
Benton, Louisiana

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the Bossier Parish Police Jury's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Bossier Parish Police Jury's major federal programs for the year ended December 31, 2025. The Bossier Parish Police Jury's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Bossier Parish Police Jury complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2025.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Bossier Parish Policy Jury and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Bossier Parish Police Jury's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Bossier Parish Police Jury's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Bossier Parish Police Jury's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Bossier Parish Police Jury's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government auditing Standards*, and the Uniform Guidance, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Bossier Parish Police Jury's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of Bossier Parish Police Jury's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Bossier Parish Police Jury's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal

control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Independent Accountants' Report on
Applying Agreed-Upon Procedures

To the Members of the
Bossier Parish Police Jury
Benton, Louisiana
and the Louisiana Legislative Auditor

We have performed the procedures enumerated below on the control and compliance (C/C) areas identified in the Louisiana Legislative Auditor's (LLA's) Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period January 1, 2025 through December 31, 2025. The Bossier Parish Police Jury's management is responsible for those C/C areas identified in the SAUPs.

The Bossier Parish Police Jury has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is to perform specified procedures on the C/C areas identified in LLA's SAUPs for the fiscal period January 1, 2025 through December 31, 2025. Additionally, LLA has agreed to and acknowledged that the procedures performed are appropriate for its purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are as follows:

1) Written Policies and Procedures

- A. Obtain and inspect the entity's written policies and procedures and observe whether they address each of the following categories and subcategories if applicable to public funds and the entity's operations:
 - i. **Budgeting**, including preparing, adopting, monitoring, and amending the budget.
 - ii. **Purchasing**, including (1) how purchases are initiated, (2) how vendors are added to the vendor list, (3) the preparation and approval process of purchase requisitions and purchase orders, (4) controls to ensure compliance with the Public Bid Law, and (5) documentation required to be maintained for all bids and price quotes.
 - iii. **Disbursements**, including processing, reviewing, and approving.
 - iv. **Receipts/Collections**, including receiving, recording, and preparing deposits. Also, policies and procedures should include management's actions to determine the completeness of all collections for each type of revenue or agency fund additions (e.g., periodic confirmation with outside parties, reconciliation to utility billing after cutoff

procedures, reconciliation of traffic ticket number sequences, agency fund forfeiture monies confirmation).

- v. **Payroll/Personnel**, including (1) payroll processing, (2) reviewing and approving time and attendance records, including leave and overtime worked, and (3) approval process for employee rates of pay or approval and maintenance of pay rate schedules.
- vi. **Contracting**, including (1) types of services requiring written contracts, (2) standard terms and conditions, (3) legal review, (4) approval process, and (5) monitoring process.
- vii. **Travel and Expense Reimbursement**, including (1) allowable expenses, (2) dollar thresholds by category of expense, (3) documentation requirements, and (4) required approvers.
- viii. **Credit Cards (and debit cards, fuel cards, purchase cards, if applicable)**, including (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers of statements, and (5) monitoring card usage (e.g., determining the reasonableness of fuel card purchases).
- ix. **Ethics**, including (1) the prohibitions as defined in Louisiana Revised Statute (R.S.) 42:1111-1121, (2) actions to be taken if an ethics violation takes place, (3) system to monitor possible ethics violations, and (4) a requirement that documentation is maintained to demonstrate that all employees and officials were notified of any changes to the entity's ethics policy.
- x. **Debt Service**, including (1) debt issuance approval, (2) continuing disclosure/EMMA reporting requirements, (3) debt reserve requirements, and (4) debt service requirements.
- xi. **Information Technology Disaster Recovery/Business Continuity**, including (1) identification of critical data and frequency of data backups, (2) storage of backups in a separate physical location isolated from the network, (3) periodic testing/verification that backups can be restored, (4) use of antivirus software on all systems, (5) timely application of all available system and software patches/updates, and (6) identification of personnel, processes, and tools needed to recover operations after a critical event.
- xii. **Prevention of Sexual Harassment**, including R.S. 42:342-344 requirements for (1) agency responsibilities and prohibitions, (2) annual employee training, and (3) annual reporting.

Procedures performed. No exceptions noted.

2) Board or Finance Committee

- A. Obtain and inspect the board/finance committee minutes for the fiscal period, as well as the board's enabling legislation, charter, bylaws, or equivalent document in effect during the fiscal period, and
 - i. Observe that the board/finance committee met with a quorum at least monthly, or on a frequency in accordance with the board's enabling legislation, charter, bylaws, or other equivalent document.
 - ii. For those entities reporting on the governmental accounting model, review the minutes from all regularly scheduled board/finance committee meetings held during the fiscal year and observe whether the minutes from at least one meeting each month referenced or included monthly budget-to-actual comparisons on the general fund, quarterly budget-to-actual comparisons, at a minimum, on proprietary funds, and semi-annual budget-to-actual, at a minimum, on all special revenue funds. *Alternatively, for those entities reporting on the not-for-profit accounting model, observe that the minutes referenced or included*

financial activity relating to public funds if those public funds comprised more than 10% of the entity's collections during the fiscal period.

- iii. For governmental entities, obtain the prior year audit report and observe the unassigned fund balance in the general fund. If the general fund had a negative ending unassigned fund balance in the prior year audit report, observe that the minutes for at least one meeting during the fiscal period referenced or included a formal plan to eliminate the negative unassigned fund balance in the general fund.
- iv. Observe whether the board/finance committee received written updates of the progress of resolving audit finding(s), according to management's corrective action plan at each meeting until the findings are considered fully resolved.

Procedures performed. No exceptions noted.

3) Bank Reconciliations

- A. Obtain a listing of entity bank accounts for the fiscal period from management and management's representation that the listing is complete. Ask management to identify the entity's main operating account. Select the entity's main operating account and randomly select 4 additional accounts (or all accounts if less than 5). Randomly select one month from the fiscal period, obtain and inspect the corresponding bank statement and reconciliation for each selected account, and observe that:
 - i. Bank reconciliations include evidence that they were prepared within 2 months of the related statement closing date (e.g., initialed and dated or electronically logged);
 - ii. Bank reconciliations include written evidence that a member of management or a board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation within 1 month of the date the reconciliation was prepared (e.g., initialed and dated, electronically logged); and
 - iii. Management has documentation reflecting it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date, if applicable.

Procedures performed. No exceptions noted.

4) Collections (excluding electronic funds transfers)

- A. Obtain a listing of deposit sites for the fiscal period where deposits for cash/checks/money orders (cash) are prepared and management's representation that the listing is complete. Randomly select 5 deposit sites (or all deposit sites if less than 5).
- B. For each deposit site selected, obtain a listing of collection locations and management's representation that the listing is complete. Randomly select one collection location for each deposit site (e.g., 5 collection locations for 5 deposit sites), obtain and inspect written policies and procedures relating to employee job duties (if there are no written policies or procedures, then inquire of employees about their job duties) at each collection location, and observe that job duties are properly segregated at each collection location such that
 - i. Employees responsible for cash collections do not share cash drawers/registers;
 - ii. Each employee responsible for collecting cash is not also responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g., pre-numbered receipts) to the deposit;
 - iii. Each employee responsible for collecting cash is not also responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit; and

- iv. The employee(s) responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or custodial fund additions, is (are) not also responsible for collecting cash, unless another employee/official verifies the reconciliation.
 - C. Obtain from management a copy of the bond or insurance policy for theft covering all employees who have access to cash. Observe that the bond or insurance policy for theft was in force during the fiscal period.
 - D. Randomly select two deposit dates for each of the 5 bank accounts selected for Bank Reconciliations procedure #3A (select the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly select a deposit if multiple deposits are made on the same day). *Alternatively, the practitioner may use a source document other than bank statements when selecting the deposit dates for testing, such as a cash collection log, daily revenue report, receipt book, etc.* Obtain supporting documentation for each of the 10 deposits and:
 - i. Observe that receipts are sequentially pre-numbered.
 - ii. Trace sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip.
 - iii. Trace the deposit slip total to the actual deposit per the bank statement.
 - iv. Observe that the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100 and the cash is stored securely in a locked safe or drawer).
 - v. Trace the actual deposit per the bank statement to the general ledger.
- Procedures performed. No exceptions noted.

5) Non-Payroll Disbursements (excluding card purchases/payments, travel reimbursements, and petty cash purchases)

- A. Obtain a listing of locations that process payments for the fiscal period and management's representation that the listing is complete. Randomly select 5 locations (or all locations if less than 5).
- B. For each location selected under procedure #5A above, obtain a listing of those employees involved with non-payroll purchasing and payment functions. Obtain written policies and procedures relating to employee job duties (if the agency has no written policies and procedures, then inquire of employees about their job duties), and observe that job duties are properly segregated such that
 - i. At least two employees are involved in initiating a purchase request, approving a purchase, and placing an order or making the purchase;
 - ii. At least two employees are involved in processing and approving payments to vendors;
 - iii. The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files;
 - iv. Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments; and
 - v. Only employees/officials authorized to sign checks approve the electronic disbursement (release) of funds, whether through automated clearinghouse (ACH), electronic funds transfer (EFT), wire transfer, or some other electronic means.
- C. For each location selected under procedure #5A above, obtain the entity's non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtain

management's representation that the population is complete. Randomly select 5 disbursements for each location, obtain supporting documentation for each transaction, and

- i. Observe whether the disbursement, whether by paper or electronic means, matched the related original itemized invoice and supporting documentation indicates that deliverables included on the invoice were received by the entity, and
 - ii. Observe whether the disbursement documentation included evidence (e.g., initial/date, electronic logging) of segregation of duties tested under procedure #5B above, as applicable.
- D. Using the entity's main operating account and the month selected in Bank Reconciliations procedure #3A, randomly select 5 non-payroll-related electronic disbursements (or all electronic disbursements if less than 5) and observe that each electronic disbursement was (a) approved by only those persons authorized to disburse funds (e.g., sign checks) per the entity's policy, and (b) approved by the required number of authorized signers per the entity's policy. Note: If no electronic payments were made from the main operating account during the month selected the practitioner should select an alternative month and/or account for testing that does include electronic disbursements.

Procedures performed. No exceptions noted.

6) Credit Cards/Debit Cards/Fuel Cards/Purchase Cards (Cards)

- A. Obtain from management a listing of all active credit cards, bank debit cards, fuel cards, and purchase cards (cards) for the fiscal period, including the card numbers and the names of the persons who maintained possession of the cards. Obtain management's representation that the listing is complete.
- B. Using the listing prepared by management, randomly select 5 cards (or all cards if less than 5) that were used during the fiscal period. Randomly select one monthly statement or combined statement for each card (for a debit card, randomly select one monthly bank statement). Obtain supporting documentation, and
- i. Observe whether there is evidence that the monthly statement or combined statement and supporting documentation (e.g., itemized receipts for credit/debit card purchases, exception reports for excessive fuel card usage) were reviewed and approved, in writing (or electronically approved) by someone other than the authorized card holder (those instances requiring such approval that may constrain the legal authority of certain public officials, such as the mayor of a Lawrason Act municipality, should not be reported); and
 - ii. Observe that finance charges and late fees were not assessed on the selected statements.
- C. Using the monthly statements or combined statements selected under procedure #6B above, excluding fuel cards, randomly select 10 transactions (or all transactions if less than 10) from each statement, and obtain supporting documentation for the transactions (e.g., each card should have 10 transactions subject to inspection). For each transaction, observe that it is supported by (1) an original itemized receipt that identifies precisely what was purchased, (2) written documentation of the business/public purpose, and (3) documentation of the individuals participating in meals (for meal charges only). For missing receipts, the practitioner should describe the nature of the transaction and observe whether management had a compensating control to address missing receipts, such as a "missing receipt statement" that is subject to increased scrutiny.
- D. Using the list of terminated employees obtained in Payroll and Personnel procedure #9C, identify those individuals who had access to cards and randomly select 5 terminated employees (or all terminated employees with card access if less than 5) from this population. Observe evidence that

the cards have been deactivated for these terminated employees. In cases where a card is shared by multiple users, obtain evidence that the terminated employees' authorization has been removed.

Procedures performed. No exceptions noted.

7) Travel and Travel-Related Expense Reimbursements (excluding card transactions)

A. Obtain from management a listing of all travel and travel-related expense reimbursements during the fiscal period and management's representation that the listing or general ledger is complete. Randomly select 5 reimbursements and obtain the related expense reimbursement forms/prepaid expense documentation of each selected reimbursement, as well as the supporting documentation. For each of the 5 reimbursements selected

- i. If reimbursed using a per diem, observe that the approved reimbursement rate is no more than those rates established either by the State of Louisiana or the U.S. General Services Administration (www.gsa.gov);
- ii. If reimbursed using actual costs, observe that the reimbursement is supported by an original itemized receipt that identifies precisely what was purchased;
- iii. Observe that each reimbursement is supported by documentation of the business/public purpose (for meal charges, observe that the documentation includes the names of those individuals participating) and other documentation required by Written Policies and Procedures procedure #1A(vii); and
- iv. Observe that each reimbursement was reviewed and approved, in writing, by someone other than the person receiving reimbursement.

Procedures performed. No exceptions noted.

8) Contracts

A. Obtain from management a listing of all agreements/contracts for professional services, materials and supplies, leases, and construction activities that were initiated or renewed during the fiscal period. *Alternatively, the practitioner may use an equivalent selection source, such as an active vendor list.* Obtain management's representation that the listing is complete. Randomly select 5 contracts (or all contracts if less than 5) from the listing, excluding the practitioner's contract, and

- i. Observe whether the contract was bid in accordance with the Louisiana Public Bid Law (e.g., solicited quotes or bids, advertised), if required by law;
- ii. Observe whether the contract was approved by the governing body/board, if required by policy or law (e.g., Lawrason Act, Home Rule Charter);
- iii. If the contract was amended (e.g., change order), observe that the original contract terms provided for such an amendment and that amendments were made in compliance with the contract terms (e.g., if approval is required for any amendment, the documented approval); and
- iv. Randomly select one payment from the fiscal period for each of the 5 contracts, obtain the supporting invoice, agree the invoice to the contract terms, and observe that the invoice and related payment agreed to the terms and conditions of the contract.

Procedures performed. No exceptions noted.

9) Payroll and Personnel

- A. Obtain a listing of employees and officials employed during the fiscal period and management's representation that the listing is complete. Randomly select 5 employees or officials, obtain related paid salaries and personnel files, and agree paid salaries to authorized salaries/pay rates in the personnel files.
- B. Randomly select one pay period during the fiscal period. For the 5 employees or officials selected under procedure #9A above, obtain attendance records and leave documentation for the pay period, and
 - i. Observe that all selected employees or officials documented their daily attendance and leave (e.g., vacation, sick, compensatory);
 - ii. Observe whether supervisors approved the attendance and leave of the selected employees or officials;
 - iii. Observe that any leave accrued or taken during the pay period is reflected in the entity's cumulative leave records; and
 - iv. Observe the rate paid to the employees or officials agrees to the authorized salary/pay rate found within the personnel file.
- C. Obtain a listing of those employees or officials that received termination payments during the fiscal period and management's representation that the list is complete. Randomly select two employees or officials and obtain related documentation of the hours and pay rates used in management's termination payment calculations and the entity's policy on termination payments. Agree the hours to the employee's or official's cumulative leave records, agree the pay rates to the employee's or official's authorized pay rates in the employee's or official's personnel files, and agree the termination payment to entity policy.
- D. Obtain management's representation that employer and employee portions of third-party payroll related amounts (e.g., payroll taxes, retirement contributions, health insurance premiums, garnishments, workers' compensation premiums, etc.) have been paid, and any associated forms have been filed, by required deadlines.

Procedures performed. No exceptions noted.

10) Ethics

- A. Using the 5 randomly selected employees/officials from Payroll and Personnel procedure #9A obtain ethics documentation from management, and
 - i. Observe whether the documentation demonstrates that each employee/official completed one hour of ethics training during the calendar year as required by R.S. 42:1170; and
 - ii. Observe whether the entity maintains documentation which demonstrates that each employee and official were notified of any changes to the entity's ethics policy during the fiscal period, as applicable.
- B. Inquire and/or observe whether the agency has appointed an ethics designee as required by R.S. 42:1170.

Procedures performed. No exceptions noted.

11) Debt Service

- A. Obtain a listing of bonds/notes and other debt instruments issued during the fiscal period and management's representation that the listing is complete. Select all debt instruments on the listing, obtain supporting documentation, and observe that State Bond Commission approval was obtained for each debt instrument issued as required by Article VII, Section 8 of the Louisiana Constitution.
- B. Obtain a listing of bonds/notes outstanding at the end of the fiscal period and management's representation that the listing is complete. Randomly select one bond/note, inspect debt covenants, obtain supporting documentation for the reserve balance and payments, and agree actual reserve balances and payments to those required by debt covenants (including contingency funds, short-lived asset funds, or other funds required by the debt covenants).

Procedures performed. No exceptions noted.

12) Fraud Notice

- A. Obtain a listing of misappropriations of public funds and assets during the fiscal period and management's representation that the listing is complete. Select all misappropriations on the listing, obtain supporting documentation, and observe that the entity reported the misappropriation(s) to the legislative auditor and the district attorney of the parish in which the entity is domiciled as required by R.S. 24:523.

Management represented that there were no misappropriations of public funds and assets during the fiscal period.

- B. Observe that the entity has posted, on its premises and website, the notice required by R.S. 24:523.1 concerning the reporting of misappropriation, fraud, waste, or abuse of public funds.

Procedures performed. No exceptions noted.

13) Information Technology Disaster Recovery/Business Continuity

Perform the following procedures, verbally discuss the results with management, and report "We performed the procedure and discussed the results with management."

- i. Obtain and inspect the entity's most recent documentation that it has backed up its critical data (if there is no written documentation, then inquire of personnel responsible for backing up critical data) and observe evidence that such backup (a) occurred within the past week, (b) was not stored on the government's local server or network, and (c) was encrypted.
- ii. Obtain and inspect the entity's most recent documentation that it has tested/verified that its backups can be restored (if there is no written documentation, then inquire of personnel responsible for testing/verifying backup restoration) and observe evidence that the test/verification was successfully performed within the past 3 months.
- iii. Obtain a listing of the entity's computers currently in use and their related locations, and management's representation that the listing is complete. Randomly select 5 computers and observe while management demonstrates that the selected computers have current and active antivirus software and that the operating system and accounting system software in use are currently supported by the vendor.
- iv. Randomly select 5 terminated employees (or all terminated employees if less than 5) using the list of terminated employees obtained in procedure #9C. Observe evidence that the selected terminated employees have been removed or disabled from the network.

- v. Using the 5 randomly selected employees/officials from Payroll and Personnel procedures #9A, obtain cybersecurity training documentation from management, and observe that the documentation demonstrates that the following employees/officials with access to the agency's information technology assets have completed cybersecurity training as required by R.S. 42:1267. The requirements are as follows:
 - 1. Hired before June 9, 2020 – Completed the training; and
 - 2. Hired on or after June 9, 2020 – Completed the training within 30 days of initial service or employment.

We performed the procedures and discussed the results with management.

14) Prevention of Sexual Harassment

- A. Using the 5 randomly selected employees/officials from Payroll and Personnel procedure #9A, obtain sexual harassment training documentation from management, and observe that the documentation demonstrates each employee/official completed at least one hour of sexual harassment training during the calendar year as required by R.S. 42:343.
- B. Observe that the entity has posted its sexual harassment policy and complaint procedure on its website (or in a conspicuous location on the entity's premises if the entity does not have a website).
- C. Obtain the entity's annual sexual harassment report for the current fiscal period, observe that the report was dated on or before February 1, and observe that the report includes the applicable requirements of R.S. 42:344:
 - i. Number and percentage of public servants in the agency who have completed the training requirements;
 - ii. Number of sexual harassment complaints received by the agency;
 - iii. Number of complaints which resulted in a finding that sexual harassment occurred;
 - iv. Number of complaints in which the finding of sexual harassment resulted in discipline or corrective action; and
 - v. Amount of time it took to resolve each complaint.

Procedures performed. No exceptions noted.

We were engaged by the Bossier Parish Police Jury, to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the Bossier Parish Police Jury, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.
