**Independent Auditors' Report**

Board of Commissioners  
South Bossier Parish Fire District No. 2  
Elm Grove, Louisiana

**Report on the Audit of the Financial Statements**

***Opinions***

We have audited the financial statements of the governmental activities and major fund of South Bossier Parish Fire District No. 2, a component unit of the Bossier Parish Police Jury, as of and for the year ended December 31, 2025, and the related notes to the financial statements, which collectively comprise the South Bossier Parish Fire District No. 2's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and major fund of South Bossier Parish Fire District No. 2, as of December 31, 2025, and the respective changes in financial position, thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of South Bossier Parish Fire District No. 2 and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about South Bossier Parish Fire District No. 2's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of South Bossier Parish Fire District No. 2's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about South Bossier Parish Fire District No. 2's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 – 9, budgetary comparison information on pages 33 – 34, the Schedule of Contributions on page 35, and the Schedule of Proportionate Share of Net Pension Liability on page 36, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the South Bossier Parish Fire District No. 2's basic financial statements. The accompanying other supplementary information, Schedule of Compensation, Benefits, and Other Payments to Agency Head, shown on page 37, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic

financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Compensation, Benefits, and Other Payments to Agency Head, shown on page 37 is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated June 26, 2026, on our consideration of South Bossier Parish Fire District No. 2's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of South Bossier Parish Fire District No. 2's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering South Bossier Parish Fire District No. 2's internal control over financial reporting and compliance.

## **SOUTH BOSSIER PARISH FIRE DISTRICT NO. 2**

### **MANAGEMENT'S DISCUSSION AND ANALYSIS**

Our discussion and analysis of South Bossier Parish Fire District No. 2's financial performance provides an overview of the South Bossier Parish Fire District No. 2's financial activities for the fiscal year ended December 31, 2025. Please read it in conjunction with the District's financial statements, which begin on page 10.

#### **FINANCIAL HIGHLIGHTS**

The South Bossier Parish Fire District No. 2's net position increased by \$468,082 or 17%.

The South Bossier Parish Fire District No. 2's total general revenues were \$2,992,614 in 2025 compared to \$3,128,007 in 2024.

During the year ended December 31, 2025, the South Bossier Parish Fire District No. 2 had total expenses, excluding depreciation, of \$2,416,824, compared to \$2,369,985 in 2024.

The South Bossier Parish Fire District No. 2's long-term liabilities decreased \$421,229 from \$3,370,385, in 2024 to \$2,949,156, in 2025.

#### **USING THIS ANNUAL REPORT**

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities (on pages 10 and 11) provide information about the activities of the South Bossier Parish Fire District No. 2 as a whole and present a longer term view of the District's finances. Fund financial statements start on page 12. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the South Bossier Parish Fire District No. 2's operations in more detail than the government-wide statements by providing information about the South Bossier Parish Fire District No. 2's most significant funds.

The South Bossier Parish Fire District No. 2 was determined to be a component unit of the Bossier Parish Police Jury. The police jury is financially accountable for the district because it appoints or ratifies a voting majority of the board and has the ability to impose its will on them. The accompanying financial statements present information only on the funds maintained by the South Bossier Parish Fire District No. 2.

## **Reporting the South Bossier Parish Fire District No. 2 as a Whole**

Our analysis of the South Bossier Parish Fire District No. 2 as a whole begins on page 10. One of the most important questions asked about the South Bossier Parish Fire District No. 2's finances is "Is the South Bossier Parish Fire District No. 2 as a whole better off or worse off as a result of the year's activities?" The Statement of Net Position and the Statement of Activities report information about the funds maintained by the South Bossier Parish Fire District No. 2 as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the *accrual basis of accounting*, which is similar to the accounting used by most private-sector companies. Accrual of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the South Bossier Parish Fire District No. 2's *net position* and changes in them. You can think of the South Bossier Parish Fire District No. 2's net position – the difference between assets and liabilities – as one way to measure the South Bossier Parish Fire District No. 2's financial health, or *financial position*. Over time, *increases* or *decreases* in the South Bossier Parish Fire District No. 2's net position are one indicator of whether its *financial health* is improving or deteriorating. You will need to consider other non-financial factors, however, such as changes in the District's property tax base, to assess the overall health of the District.

In the Statement of Net Position and the Statement of Activities, we record the funds maintained by the South Bossier Parish Fire District No. 2 as governmental activities:

Governmental activities – all of the expenses paid from the funds maintained by the South Bossier Parish Fire District No. 2 are reported here which consists primarily of personal services, materials and supplies, travel, repairs and maintenance and other program services. Ad valorem taxes finance most of these activities.

## **Reporting the District's Most Significant Funds**

Our analysis of the major funds maintained by the South Bossier Parish Fire District No. 2 begins on page 12. The fund financial statements begin on page 12 and provide detailed information about the most significant funds maintained by the South Bossier Parish Fire District No. 2 – not the South Bossier Parish Fire District No. 2 as a whole. The South Bossier Parish Fire District No. 2's *governmental funds* use the following accounting approaches:

Governmental funds – All of the South Bossier Parish Fire District No. 2's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called *modified accrual* accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed *short-term* view of the South Bossier

Parish Fire District No. 2's general government operations and the expenses paid from those funds. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance certain South Bossier Parish Fire District No. 2 expenses. We describe the relationship (or differences) between governmental *activities* (reported in the Statement of Net Position and the Statement of Activities) and governmental *funds* in reconciliation at the bottom of the fund financial statements.

## THE SOUTH BOSSIER PARISH FIRE DISTRICT NO. 2 AS A WHOLE

The South Bossier Parish Fire District No. 2's total net position changed from a year ago, increasing from \$2,737,497 to \$3,205,579. Our analysis below will focus on key elements of the total governmental funds for the December 31, 2025 and 2024 years.

**Table 1**

| Total revenues                       | <u>3,186,498</u>        | <u>3,300,482</u>  |
| Expenses                             |                         |                   |
| General government                   | 91,343                  | 86,269            |
| Public safety - fire protection      | 2,555,863               | 2,497,512         |
| Interest expense                     | 71,210                  | 78,177            |
| Total expenses                       | <u>2,718,416</u>        | <u>2,661,958</u>  |
| Increases (decrease) in net position | <u>\$ 468,082</u>       | <u>\$ 638,524</u> |

The District had total revenues in the year ended December 31, 2024 of \$3,300,482, compared to total revenues of \$3,186,498 in the year ended December 31, 2025. The decrease is due in part to a decrease in ad valorem assessment.

### **THE DISTRICT'S FUNDS**

As the District completed the year, its governmental fund (as presented in the balance sheet on page 12) reported a fund balance of \$2,616,656, which is less than last year's fund balance of \$3,113,253. The primary reason for the decrease is increased capital outlay expense due primarily to the purchase of a tanker truck.

### **General Fund Budgetary Highlights**

The District adopted a budget for its General Fund for the year ended December 31, 2025. There were no amendments to the budget during the year. The District's budgetary comparison is presented as required supplementary information and shown on page 34. Highlights for the year are as follows:

- Revenues received were higher than budgeted revenues, due in part to higher than anticipated intergovernmental funds and ad valorem taxes.

- Expenditures were lower than budgeted amounts due to lower than budgeted capital outlay purchases.

The District's General Fund balance of \$2,616,656 reported on page 13 differs from the General Fund's *budgetary* fund balance of \$2,811,802 reported in the budgetary comparison schedule on page 33. This is primarily due to the District budgeting on the cash basis of accounting.

## CAPITAL ASSETS

At the end of December 31, 2025 and 2024, the South Bossier Parish Fire District No. 2 had invested \$3,354,836 and \$2,771,622, respectively, in capital assets. (see table 3 below). More detail information about the capital assets are presented in Note 5 to the financial statements.

**Table 3**  
**Capital Assets At Year End**  
**(Net of Depreciation)**

|                          | Governmental Activities |                     |
|--------------------------|-------------------------|---------------------|
|                          | 2025                    | 2024                |
| Land                     | \$ 74,204               | \$ 74,204           |
| Construction in process  | 180,502                 | 21,280              |
| Buildings                | 582,908                 | 613,083             |
| Equipment                | 323,568                 | 290,068             |
| Vehicle and improvements | 2,193,654               | 1,772,987           |
| Total                    | <u>\$ 3,354,836</u>     | <u>\$ 2,771,622</u> |

This year's major additions included:

|                            |                   |                     |
|----------------------------|-------------------|---------------------|
| Vehicles and improvements  | \$ 639,031        | \$ 1,197,701        |
| Buildings and improvements | 12,818            |                     |
| Construction in process    | 159,222           | 21,280              |
| Equipment                  | 73,735            | 214,897             |
| Total                      | <u>\$ 884,806</u> | <u>\$ 1,433,878</u> |

## DEBT

At the end of 2025 and 2024, South Bossier Parish Fire District No. 2 had \$2,949,156 and \$3,370,385, respectively, in long-term liabilities, as noted below:

Long-term liabilities of Benton Fire District No. 2 are as follows:

**Table 4**  
**Outstanding Debt At Year End**

|                                                         | Governmental<br>Activities<br>2025 | Governmental<br>Activities<br>2024 |
|---------------------------------------------------------|------------------------------------|------------------------------------|
| Series 2023 Limited Tax Bonds                           | \$ 1,680,000                       | \$ 1,854,000                       |
| Net pension liability                                   | 1,269,156                          | 1,516,385                          |
| Total long-term liabilities,<br>governmental activities | <u>\$ 2,949,156</u>                | <u>\$ 3,370,385</u>                |

In 2023, the District issued \$2,000,000 in Series 2023 Limited Tax Bonds. The bonds will be paid from income derived from the levy and collection of an ad valorem tax of 3.5 mills.

More detailed information about long-term liabilities can be found in Note 8.

## ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS

The South Bossier Parish Fire District No. 2's management considered many factors when setting a fiscal year December 31, 2026 budget. Revenues are expected to be substantially the same as 2025. Operating expenditures are expected to be substantially the same as 2025.

## CONTACTING THE FIRE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens and taxpayers with a general overview of the finances for those funds maintained by the South Bossier Parish Fire District No. 2 and to show the South Bossier Parish Fire District No. 2's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the South Bossier Parish Fire District No. 2, 3551 Highway 527, Elm Grove, LA 71051.

South Bossier Parish Fire District No. 2  
 Elm Grove, Louisiana  
 Reconciliation of the Statement of Revenues, Expenditures, and Changes in  
 Fund Balances of the Governmental Fund to the Statement of Activities  
 For the Year Ended December 31, 2025

|                                                       |              |
|-------------------------------------------------------|--------------|
| Net change in fund balances - total governmental fund | \$ (496,597) |
|-------------------------------------------------------|--------------|

Amounts reported for governmental activities in the statement of activities  
 are different because:

|                                                                                                                                                                                                                                                                                                                                    |         |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------|
| Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays (\$884,806) exceeded depreciation (\$301,592) in the current period. | 583,214 |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------|

|                                                                                                          |         |
|----------------------------------------------------------------------------------------------------------|---------|
| The repayment of principal of long-term debt consumes current financial resources of governmental funds. | 174,000 |
|----------------------------------------------------------------------------------------------------------|---------|

|                                                                                                                                                                                                                                                                                          |       |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------|
| Accrued interest expense on long-term debt is reported in the government-wide statement of activities and changes in net assets, but does not require the use of current financial resources; therefore, accrued interest expense is not recorded as expenditures in governmental funds. | 2,391 |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------|

|                                                                                                                                                                          |         |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------|
| Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the funds. |         |
| Pension expense                                                                                                                                                          | 100,130 |

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

South Bossier Parish Fire District No. 2  
Elm Grove, Louisiana  
Notes to Financial Statements  
December 31, 2025

INTRODUCTION

The South Bossier Parish Fire District No. 2 (the District) was created by the Bossier Parish Police Jury, as authorized by Louisiana Revised Statute 40:1492, on June 11, 1985 by ordinance number 1113. The district is governed by a five member board of commissioners appointed by the Bossier Parish Police Jury. The Board of Commissioners received no compensation during 2025. The district is responsible for maintaining and operating fire stations and equipment and providing fire protection within the boundaries of the district.

(1) Summary of Significant Accounting Policies

The South Bossier Parish Fire District No. 2's financial statements are prepared in conformity with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The more significant accounting policies established in GAAP and used by the South Bossier Parish Fire District No. 2 is discussed below.

A. Reporting Entity

The District is a component unit of the Bossier Parish Police Jury, the financial reporting entity. The police jury is financially accountable for the district because it appoints or ratifies a voting majority of the board and has the ability to impose its will on them.

The accompanying financial statements present information only on the funds maintained by the District and do not present information on the Bossier Parish Police Jury, the general government services provided by that governmental unit, or the other governmental units that comprise the financial reporting entity.

B. Basic Financial Statements – Government-Wide Statements

The South Bossier Parish Fire District No. 2's basic financial statements include both government-wide (reporting the funds maintained by the South Bossier Parish Fire District No. 2 as a whole) and fund financial statements (reporting the South Bossier Parish Fire District No. 2's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business type. The South Bossier Parish Fire District No. 2's general fund is classified as governmental activities. The South Bossier Parish Fire District No. 2 does not have any business-type activities.

In the government-wide Statement of Net Position, the governmental activities column is presented on a consolidated basis and is reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables. The South Bossier Parish Fire District No. 2's net position is reported in two parts – investment in capital assets and unrestricted net position.

The government-wide Statement of Activities reports both the gross and net cost of each of the South Bossier Parish Fire District No. 2's functions. The functions are supported by general government revenues. The Statement of Activities reduces gross expenses (including depreciation) by any related program revenues, which must be directly associated with the function. The District has program revenues consisting of operating grants and contributions – non-employer contributions to cost-sharing pension plan, on-behalf payments-supplement pay, and other grant income.

(Continued)

South Bossier Parish Fire District No. 2  
Elm Grove, Louisiana  
Notes to Financial Statements  
December 31, 2025  
(Continued)

This government-wide focus is more on the sustainability of the South Bossier Parish Fire District No. 2 as an entity and the change in the South Bossier Parish Fire District No. 2's net position resulting from the current year's activities.

C. Basic Financial Statements – Fund Financial Statements

The financial transactions of the South Bossier Parish Fire District No. 2 are recorded in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets, liabilities, reserves, fund equity, revenues and expenditures. The various funds are reported by generic classification within the financial statements.

The following fund types are used by the South Bossier Parish Fire District No. 2:

Governmental Funds – the focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the South Bossier Parish Fire District No. 2:

- a. General fund is the general operating fund of the South Bossier Parish Fire District No. 2. It is used to account for all financial resources except those required to be accounted for in another fund.

The emphasis in fund financial statements is on the major funds in the governmental category. GASB sets forth minimum criteria (percentage of the assets, liabilities, revenues, or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds. The District's general fund was determined to be a major fund.

D. Basis of Accounting

Basis of accounting refers to the point at which revenues or expenditures are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

1. Accrual:

The governmental funds in the government-wide financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

Revenues of the South Bossier Parish Fire District No. 2 consist principally of property taxes, other intergovernmental revenues, donations, and interest income. Property taxes are recorded in the year for which the taxes are levied and budgeted. Property taxes are assessed on a calendar year basis, become due on November 15 of each year, and become delinquent on December 31. The 2025 tax levy is intended to fund the 2026 fiscal year; therefore, the levy has been recorded as a receivable and deferred inflows of resources. The taxes are generally collected in December of the current year and January and February of the ensuing year.

(Continued)

South Bossier Parish Fire District No. 2  
Elm Grove, Louisiana  
Notes to Financial Statements  
December 31, 2025  
(Continued)

Interest income is recorded when earned. Donations and other intergovernmental revenues are recorded when received in cash because they are generally not measurable until actually received.

2. Modified Accrual:

The governmental funds financial statements are presented on the modified accrual basis of accounting. Under modified accrual basis of accounting, revenues are recorded when susceptible to accrual: i.e., both measurable and available. "Available" means collectible within the current period or within 60 days after year end. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this rule is that principal and interest on general obligation long-term debt, if any, is recognized when due. Depreciation is not recognized in the governmental fund financial statements.

E. Budgets

The District uses the following budget practices:

1. A preliminary budget for the ensuing year is prepared by the Fire Chief and Officers of the District prior to December 31 of each year and is made available for public inspection at least fifteen days prior to the beginning of each fiscal year.
2. After completion of all action necessary to finalize and implement the budget, the budget is adopted by the Board of Commissioners.
3. All budgetary appropriations lapse at the end of each fiscal year.
4. The budget is established and controlled by the board of commissioners at the object level of expenditure. All changes in the budget must be approved by the board.
5. The budget is adopted on a cash basis for the general fund. There were no amendments to the 2025 budget, which are reflected in the accompanying budgetary comparison schedule.

F. Cash, Cash Equivalents, and Investments

Cash includes amounts in petty cash, interest-bearing demand deposits, and money market accounts.

Cash equivalents include amounts in time deposits and those investments with original maturities of 90 days or less. Under state law, the District may deposit funds in demand deposits, interest-bearing demand deposits, or money market accounts with state banks organized under Louisiana law or any other state of the United States, or under the laws of the United States.

Investments are limited by Louisiana Revised Statute (R.S.) 33:2955. If the original maturities of investments exceed 90 days, they are classified as investments; however, if the original maturities are 90 days or less, they are classified as cash equivalents. Investments are carried at cost, which approximates market.

(Continued)

South Bossier Parish Fire District No. 2  
Elm Grove, Louisiana  
Notes to Financial Statements  
December 31, 2025  
(Continued)

G. Capital Assets

Capital assets purchased or acquired with an original cost of \$5,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at acquisition value as of the date received. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

|           |              |
|-----------|--------------|
| Buildings | 25 years     |
| Vehicles  | 15 years     |
| Equipment | 3 – 25 years |

H. Compensated Absences

The District has the following policy relating to vacation and sick leave:

Full-time employees of the District earn 10 days of vacation leave each year. The administrative employees can carryover two days of leave and the firefighters can carryover two shifts of leave into the next year. The cost of leave privileges, computed in accordance with the above policy, is recognized as current-year expenditure within the various funds when leave is actually taken.

I. Use of Estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and reported revenues and expenses. Actual results could differ from those estimates.

J. Deferred Inflows / Outflows of Resources

The District's governmental activities and governmental funds report a separate section for deferred inflows of resources. This separate financial statement element *deferred inflows of resources* represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The item, unavailable revenue, is reported in the governmental funds balance sheet and statement of net position. The District reports unavailable revenue from property taxes. On the government-wide statement of net position, the District also reports deferred inflows of resources from pension-related amounts. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available or the period for which they are levied and budgeted.

(Continued)

South Bossier Parish Fire District No. 2  
Elm Grove, Louisiana  
Notes to Financial Statements  
December 31, 2025  
(Continued)

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The District has deferred outflows of resources related to pensions reported in the government-wide statement of net position.

K. Net Position

Government-wide net position is divided into two components: Net investment in capital assets consists of the historical cost of capital assets less accumulated depreciation and less any debt that remains outstanding that was used to finance those assets plus deferred outflows of resources less deferred inflows of resources related to those assets. All other net position is reported as unrestricted net position. When an expense is incurred that can be paid using either restricted or unrestricted resources (net position), the District's policy is to first apply the expense toward restricted resources and then toward unrestricted resources.

L. Fund Balance

In the governmental fund financial statements, fund balances are classified as follows:

1. Nonspendable - amounts that cannot be spent either because they are not in spendable form or because they are legally or contractually required to be maintained intact.
2. Restricted - amounts that can be spent only for specific purposes due to constraints placed on the use of resources that are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation.
3. Committed - amounts that can be used only for the specific purposes as a result of constraints imposed by the board of commissioners (the District's highest level of decision making authority). Committed amounts cannot be used for any other purpose unless the board of commissioners remove those constraints by taking the same type of action (i.e. legislation, resolution, ordinance).
4. Assigned - amounts that are constrained by the District's intent to be used for specific purposes, but are neither restricted nor committed.
5. Unassigned - all amounts not included in other spendable classifications

The District's policy is to apply expenditures against restricted fund balance and then to other, less-restrictive classifications - committed and then assigned fund balances before using unassigned fund balances.

(Continued)

South Bossier Parish Fire District No. 2  
Elm Grove, Louisiana  
Notes to Financial Statements  
December 31, 2025  
(Continued)

The calculation of fund balance amounts begins with the determination of nonspendable fund balances. Then restricted fund balances for specific purposes are determined (not including non-spendable amounts). Then any remaining fund balance amounts for the non-general funds are classified as restricted fund balance. It is possible for the non-general funds to have negative unassigned fund balance when non-spendable amounts plus the restricted fund balances for specific purpose amounts exceeds the positive fund balance for the non-general fund.

M. Fair Value Measurements

Generally accepted accounting principles require disclosure to be made about fair value measurements, the level of fair value hierarchy, and valuation techniques. The fair value hierarchy categorizes the inputs to valuation techniques used to measure fair value into three levels:

Level 1 inputs – The valuation is based on quoted market prices for identical assets or liabilities traded in active markets;

Level 2 inputs – The valuation is based on quoted market prices for similar instruments traded in active markets, quoted prices for identical or similar instruments in markets that are not active, and inputs other than quoted prices that are observable for the asset or liability;

Level 3 inputs – The valuation is determined by using the best information available under the circumstances and might include the government's own data but should adjust those data if (a) reasonably available information indicates that other market participants would use different data or (b) there is something particular to the government that is not available to other market participants.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on lowest level of any input that is significant to the fair value measurement.

N. Pension Plan

The District is a participating employer in a cost-sharing, multiple-employer, defined benefit pension plans as described in Note 4. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of each of the plans, and additions to/deductions for the plans fiduciary net position, have been determined on the same basis as they are reported by the plan.

(2) Levied Taxes

The following is a summary of authorized and levied ad valorem taxes:

|           | Authorized<br><u>Millage</u> | Levied<br><u>Millage</u> | Expiration<br><u>Date</u> |
|-----------|------------------------------|--------------------------|---------------------------|
| Operating | 14.59                        | 14.43                    | 2027                      |
| Bond      | 3.50                         | 3.46                     | 2037                      |

(Continued)

South Bossier Parish Fire District No. 2  
Elm Grove, Louisiana  
Notes to Financial Statements  
December 31, 2025  
(Continued)

A special election was held on November 8, 2022 whereby the voters approved a special tax of three and fifty hundredths (3.50) mills on all property subject to tax in the District for a period of fifteen (15) years, beginning with the year 2023 and ending with the year 2037, for the purpose of acquiring, constructing, improving, maintaining or operating fire protection and emergency medical service facilities, vehicles and equipment, including both movable and immovable property, that are to be used to provide fire protection and medical service in the District, including paying the costs of obtaining water for fire protection purposes and salaries of firemen, and all purposes incidental thereto.

Approximately 42% of the District's ad valorem taxes are derived from two taxpayers, and 70% of the District's ad valorem taxes are derived from 10 taxpayers.

(3) Cash, Cash Equivalents and Investments

At December 31, 2025, the District has cash, cash equivalents and investments (book balances) totaling \$2,842,547 as detailed below:

A. Cash and Cash Equivalents

Cash and cash equivalents at December 31, 2025 (book balances) totaled \$626,283, of which \$518,115 is shown as restricted. These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent.

Restricted cash at December 31, 2025 of \$518,115 consists of unspent debt proceeds of \$343,943 and sinking fund requirements for the Limited Tax Bonds Series 2023 of \$174,172.

B. Investments

At December 31, 2025, the District had investments totaling \$2,216,264 consisting of certificates of deposits with initial maturities greater than 90 days. The certificates of deposits are carried at cost, which approximates market. The investments are presented in the financial statements at fair value using level 2 fair value measure.

C. Credit Risk

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. As of December 31, 2025, \$2,372,605 of the District's bank balances totaling \$2,872,605 were exposed to custodial credit risk as follows:

Uninsured and collateral held by the pledging bank's  
trust department not in the District's name:

|                           |                     |
|---------------------------|---------------------|
| Cash and cash equivalents | \$ 406,341          |
| Investments               | <u>1,966,264</u>    |
| Total                     | <u>\$ 2,372,605</u> |

(Continued)

South Bossier Parish Fire District No. 2  
Elm Grove, Louisiana  
Notes to Financial Statements  
December 31, 2025  
(Continued)

Even though the pledged securities are considered uncollateralized (Category 3) under the provisions of GASB Statement 3, as amended by GASB Statement 40, Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged

securities within 10 days of being notified by the clerk that the fiscal agent has failed to pay deposited funds upon demand.

(4) Pension Plan

The District participates in the State of Louisiana Firefighters' Retirement System (System), a cost-sharing multiple-employer defined benefit pension plan established by Act 434 of 1979 to provide retirement, disability and survivor benefits to firefighters in Louisiana.

**PLAN DESCRIPTION**

Benefit provisions are authorized within Act 434 of 1979 and amended by LRS 11:2251-11:2272. The following is a brief description of the plan and its benefits and is provided for general information purposes only. Participants should refer to the appropriate statutes for more complete information.

**Eligibility Requirements**

Any person who becomes an employee as defined in RS 11:2252 on and after January 1, 1980 shall become a member as a condition of employment. Members in the System consist of full-time firefighters, eligible employees of the retirement system, or any person in a position as defined in the municipal fire and police civil service system that earns at least \$375 per month, excluding state supplemental pay, and is employed by a fire department of any municipality, parish, or fire protection district of the State of Louisiana, except for Orleans Parish and the City of Baton Rouge.

No person who has attained age 50 or over shall become a member of the System, unless the person becomes a member by reason of a merger or unless the System received an application for membership before the applicant attained the age of 50. No person who has not attained the age of 18 years shall become a member of the System.

Any person who has retired from service under any retirement system or pension fund maintained basically for public officers and employees of the state, its agencies or political subdivisions, and who is receiving retirement benefits therefrom may become a member of this System, provided the person meets all other requirements for membership. Service credit from the retirement system or pension plan from which the member is retired shall not be used for reciprocal recognition of service with this System, or for any other purpose in order to attain eligibility or increase the amount of service credit in this System.

**Retirement Benefits**

Employees with 20 or more years of service who have attained age 50, or employees who have 12 years of service who have attained age 55, or 25 years of service at any age are entitled to annual pension benefits equal to 3.333% of their average final compensation based on the 36 consecutive months of highest pay multiplied by their total years of service, not to exceed 100%. Employees may elect to receive their pension benefits in the form of a joint and survivor annuity.

(Continued)

South Bossier Parish Fire District No. 2  
Elm Grove, Louisiana  
Notes to Financial Statements  
December 31, 2025  
(Continued)

If employees terminate before rendering 12 years of service, they forfeit the right to receive the portion of their accumulated plan benefits attributable to their employer's contributions. Benefits are payable over the employees' lives in the form of a monthly annuity. An employee may elect the maximum benefit (unreduced benefit which ceases upon the member's death) or any of six other options at retirement.

See R.S. 11:2256(A) for additional details on retirement benefits.

**Disability Benefits**

A member who acquires a disability, and who files for disability benefits while in service, and who upon medical examination and certification as provided for in Title 11, is found to have a total disability solely as the result of injuries sustained in the performance of his official duties, or for any cause, provided the member has at least five years of creditable service and provided that the disability was incurred while the member was an active contributing member in active service, shall be entitled to disability benefits under the provisions of R.S. 11:2258(B).

**Death Benefits**

Benefits shall be payable to the surviving eligible spouse or designated beneficiary of a deceased member as specified in R.S. 11:2256(B) and (C).

**Deferred Retirement Option Plan**

After completing 20 years of creditable service and attaining the age of 50 years, or 25 years at any age, a member may elect to participate in the deferred retirement option plan (DROP) for up to 36 months.

Upon commencement of participation in DROP, employer and employee contributions to the System cease. The monthly retirement benefit that would have been payable is paid into the member's DROP account. Upon termination of employment, a participant in the program has several options to receive their DROP benefit. A member may (1) elect to roll over all or a portion of their DROP balance into another eligible qualified plan, (2) receive a lump-sum payment from the account, (3) receive single withdrawals at the discretion of the member, (4) receive monthly or annual withdrawals, or (5) receive an annuity based on the DROP account balance. These withdrawals are in addition to the member's regular monthly benefit.

If employment is not terminated at the end of the 36 months, the participant resumes regular contributions to the System. No withdrawals may be made from the DROP account until the participant retires.

**Initial Benefit Option Plan**

Effective June 16, 1999, members eligible to retire and who do not choose to participate in DROP may elect to receive, at the time of retirement, an initial benefit option (IBO) in an amount up to 36 months of benefits, with an actuarial reduction of their future benefits. Such amounts may be withdrawn or remain in the IBO account earning interest at the same rate as the DROP account.

(Continued)

South Bossier Parish Fire District No. 2  
Elm Grove, Louisiana  
Notes to Financial Statements  
December 31, 2025  
(Continued)

**Cost of Living Adjustments (COLAs)**

Under the provisions of R.S. 11:246 and 11:2260(A)(7), the board of trustees is authorized to grant retired members and widows of members who have retired an annual cost of living increase of up to 3% of their current benefit, and all retired members and widows who are 65 years of age and older a 2% cost of living increase in their original benefit. In order for the board to grant either of these increases, the System must meet certain criteria detailed in the statute related to funding status and interest earnings (R.S. 11:243). In lieu of these COLAs, pursuant to R.S. 11:241, the board may also grant an increase based on a formula equal to up to \$1 times the total number of years of credited service accrued at retirement or at death of the member or retiree plus the number of years since retirement or since death of the member or retiree to the system's fiscal year end preceding the payment of the benefit increase. If there are not sufficient funds to fund the benefit at the rate of one dollar per year for such total number of years, then the rate shall be reduced in proportion to the amount of funds that are available to fund the cost-of-living adjustment.

**CONTRIBUTIONS**

Contribution requirements for employers, non-employer contributing entities, and employees are established and may be amended in accordance with Title 11 and Title 22 of the Louisiana Revised Statutes.

**Employer and Employee Contributions**

According to State statute, employer contributions are actuarially determined each year. For the year ended June 30, 2025, employer and employee contribution rates for members above the poverty line were 33.25% and 10.0%, respectively. The employer and employee contribution rates for those members below the poverty line were 35.25% and 8.0%, respectively. The District's contributions to the System for the years ended December 31, 2025, 2024, and 2023 were \$304,591, \$293,408, and \$246,689, respectively. Included in contributions for the year ended December 31, 2025 are contributions for the month of December 2025 totaling \$29,244, which were paid in 2026.

**Non-employer contributions**

According to state statute, the System also receives insurance premium assessments from the state of Louisiana. The assessment is considered support from a non-employer contributing entity and appropriated by the legislature each year based on an actuarial study. Non-employer contributions are recognized as revenue during the year ended June 30, 2025 and were excluded from pension expense. Non-employer contributions received by the System and attributable to the District during the year ended June 30, 2025 were \$104,944.

**PENSION LIABILITIES, PENSION EXPENSE, AND DEFERRED OUTFLOWS OF RESOURCES  
AND DEFERRED INFLOWS OF RESOURCES RELATED TO PENSIONS**

At December 31, 2025, the District reported a liability of \$1,269,156 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2025, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the historical employer contributions. The employer's proportion was determined on a basis that is consistent with the manner in which contributions to the System are determined. The allocation percentages were used in calculating each employer's proportionate share of the pension amounts. The allocation method used in determining each employer's proportion was based on each-employer's

(Continued)

Elm Grove, Louisiana  
Notes to Financial Statements  
December 31, 2025  
(Continued)

contribution to the System for the fiscal year ended June 30, 2025 as compared to the total of all combined contributions to the System during the fiscal year ended June 30, 2025. At June 30, 2025, the District's proportion was .3013100%, which was an increase of .0319970% from its proportion measured as of June 30, 2024.

For the year ended December 31, 2025, the District recognized pension expense of \$205,185, plus employer's amortization of change in proportionate share and the difference between employer contributions and proportionate share of contributions, \$(725).

At December 31, 2025, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

|                                                                                                               | Deferred Outflows<br>of Resources | Deferred Inflows<br>of Resources |
|---------------------------------------------------------------------------------------------------------------|-----------------------------------|----------------------------------|
| Differences between expected and actual experience                                                            | \$ 162,526                        | \$ 22,898                        |
| Changes of assumptions                                                                                        | 57,864                            |                                  |
| Net difference between projected and actual earnings on pension plan investments                              |                                   | 237,167                          |
| Changes in proportion and differences between employer contributions and proportionate share of contributions | 193,438                           | 99,280                           |
| Employer contributions subsequent to the measurement Date                                                     | 152,099                           |                                  |
| Total                                                                                                         | <u>\$ 565,927</u>                 | <u>\$ 359,345</u>                |

The District reported a total of \$152,099 as deferred outflow of resources related to pension contributions made subsequent to the measurement period of June 30, 2025, which will be recognized as a reduction in net pension liability in the year ended December 31, 2026.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expenses as follows:

| Year  | Amount           |
|-------|------------------|
| 2026  | \$ 166,687       |
| 2027  | (85,028)         |
| 2028  | (87,425)         |
| 2029  | (16,472)         |
| 2030  | 40,250           |
| 2031  | 36,471           |
| Total | <u>\$ 54,483</u> |

**ACTUARIAL METHODS AND ASSUMPTIONS**

The net pension liability was measured as the portion of the present value of projected benefit payments to be provided through the pension plan to current active and inactive employees that is attributed to those employees' past periods of service, less the amount of the pension plan's fiduciary net position.

For each year, the actuary determines the reasonable range of the actuarial valuation interest rate, an expected long-term portfolio rate of return and standard deviation based upon the System's target asset allocation and a long-term time horizon. These rates were based on an analysis of the System's portfolio along with expected long-term rates of return, standard deviations of return, and correlations between asset classes collected from several investment consulting firms in addition to the System's investment consultant, NEPC. Using these values and assuming that future portfolio returns are normally distributed, ten thousand trials of returns over the upcoming thirty years were performed. The results of these trials were organized into percentiles and a reasonable range equal to the 40th through 60th percentiles was set. For the fiscal year ended June 30, 2025, the reasonable range was set at 6.64% through 7.76% and the Board of Trustees elected to set the System's assumed rate of return at 6.90% for Fiscal 2025.

The remaining actuarial assumptions utilized for this report are based on the results of an actuarial experience study for the period July 1, 2019 – June 30, 2024, unless otherwise specified in this report. Additional details are given in the actuary's complete 2025 Experience Study Report for the period July 1, 2019 – June 30, 2024 which can be obtained from the Firefighters' Retirement System website at [www.ffret.com](http://www.ffret.com) under the Finance tab Actuarial Reports section. A summary of the actuarial methods and assumptions used in determining the total pension liability as of June 30, 2025, are as follows:

|                                                  |                                                                                                                                                                             |

For the June 30, 2025 valuation, assumptions for mortality rates were based on the following:

- For active members, mortality was set equal to the Pub-2016 Public Retirement Plans Mortality Table for Safety Below-Median Employees.
- For annuitants and beneficiaries, mortality was set equal to the Pub-2016 Public Retirement Plan Mortality Table for Safety Below-Median Healthy Retirees.
- For disabled retirees, mortality was set equal to the Pub-2016 Public Retirement Plan Mortality Table for Safety Disabled Retirees.
- In all cases the base table was multiplied by 110% for males and 110% for females, each with full generational projection using the appropriate MP-2021 scale.

The long-term expected real rate of return is an important input into the actuary's determination of the reasonable range for the discount rate which is used in determining the total pension liability. The actuary's method incorporates information from multiple consultants and investments firms regarding future expected rates of return, standard deviations, and correlation coefficients for each asset class. The process integrates data from multiple sources to produce average values thereby reducing reliance on a single data source.

The June 30, 2025, estimated long-term expected rate of return on pension plan investments was determined by the System's actuary using the System's target asset allocation as of January 2025 and the Curran Actuarial Consultant average study for 2024. The consultant average study included projected nominal rates of return, standard deviations of returns, and correlations of returns for a list of common asset classes collected from several investment consultants and investment management firms. Each consultant's response included nominal expected long-term rates of return. In order to arrive at long-term expected arithmetic real rates of return, the actuary normalized the data received from responses in the following ways. Where nominal returns received were arithmetic, the actuary simply reduced the return assumption by the long-term inflation assumption. Where nominal returns were geometric, the actuary converted the return to arithmetic by adjusting for the long-term standard deviation and then reduced the assumption by the long-term inflation assumption. Using the target asset allocation for the System and the average values for expected real rates of return, standard deviation of returns, and correlation of returns, an arithmetic expected nominal rate of return and standard deviation for the portfolio was determined. The target asset allocation changed slightly from June 30, 2024 to June 30, 2025. These changes included a decrease to target weight in U.S. public equity, a decrease to emerging market equity, an increase to U.S. Core fixed income, and an increase to multisector fixed income. The System's long-term assumed rate of inflation of 2.50% was used in this process for the fiscal year ended June 30, 2025.

Best estimates of arithmetic real rates of return for each major class included in the System's target asset allocation as of June 30, 2025, are summarized in the following table:

| Emerging Market Equity          | 4.50%                          | 8.26%                                          |
| Alternatives                    |                                |                                                |
| Real Assets                     | 3.00%                          | 5.93%                                          |
| Real Estate                     | 4.00%                          | 4.85%                                          |
| Private Equity/Private Debt     | 9.00%                          | 9.77%                                          |
| Totals                          | <u>100%</u>                    |                                                |

The discount rate used to measure the total pension liability was 6.90%. The projection of cash flows used to determine the discount rate assumes that contributions from plan members will be made at the current contribution rates, and that contributions from participating employers and non-employer contributing entities will be made at the actuarially-determined rates approved by the Board of Trustees and by the Public Retirement Systems' Actuarial Committee taking into consideration the recommendation of the System's actuary. Based on these assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**SENSITIVITY TO CHANGES IN DISCOUNT RATE**

The following presents the net pension liability of the participating employers calculated using the discount rate of 6.90%, as well as what the employers' net pension liability would be if it were calculated using a discount rate that is one percentage point lower 5.90% or one percentage point higher 7.90% than the current rate as of June 30, 2025.

|                       | <u>Changes in Discount Rate</u> |                                      |                         |

Elm Grove, Louisiana  
Notes to Financial Statements  
December 31, 2025  
(Continued)

**CHANGE IN NET PENSION LIABILITY**

The changes in the net pension liability for the year ended December 31, 2025 were recognized in the current reporting period as pension expense except as follows:

*Differences between Expected and Actual Experience:*

The differences between expected and actual experience with regard to economic or demographic factors in the measurement of the total pension liability were recognized as pension expense using the straight-line amortization method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with pensions through the pension plan.

*Differences between Projected and Actual Investment Earnings:*

The differences between projected and actual investment earnings on pension plan investments were recognized in pension expense using the straight-line amortization method over a closed five-year period.

*Changes of Assumptions or Other Inputs:*

The changes of assumptions about future economic or demographic factors were recognized in pension expense using the straight-line amortization method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with pensions through the pension plan.

*Change in Proportion:*

Changes in the employer's proportionate shares of the collective net pension liability and collective deferred outflows of resources and deferred inflows of resources since the prior measurement date were recognized in employer's pension expense/(benefit) using the straight-line amortization method over a closed period equal to the average of the expected remaining service lives of all employees that are provided pensions through the pension plan.

**PLAN FIDUCIARY NET POSITION**

Plan fiduciary net position is a significant component of the System's collective net pension liability. The System's plan fiduciary net position was determined using the accrual basis of accounting. The System's assets, liabilities, revenues and expenses were recorded with the use of estimates and assumptions in conformity with accounting principles generally accepted in the United States of America. Such estimates primarily related to unsettled transactions and events as of the date of the financial statements and estimates over the determination of the fair market value of the System's investments. Accordingly, actual results may differ from estimated amounts. The Plan's fiduciary net position has been determined on the same basis as that used by the plan. Detailed information about the fiduciary net position is available in a stand-alone audit report on their financial statements for the year ended June 30, 2025. Access to these reports can be found on the Louisiana Legislative Auditor's website, [www.la.la.gov](http://www.la.la.gov).

**RETIREMENT SYSTEM AUDIT REPORT**

Firefighters' Retirement System issued a stand-alone audit report on its financial statements for the year ended June 30, 2025. Access to the audit report can be found on the System's website: [www.lafirefightersret.com](http://www.lafirefightersret.com) or on the Office of Louisiana Legislative Auditor's official website: [www.la.la.gov](http://www.la.la.gov).

Depreciation expense totaled \$301,592 for the year ended December 31, 2025.

(6) Risk Management

The District purchases commercial insurance to provide workers compensation coverage and general liability and property insurance. There were no significant reductions in insurance coverage from the prior year.

(7) Commitment

The District has commitments for signed construction and engineering contracts of approximately \$626,645, for a training burn building. As of December 31, 2025, approximately \$180,502 had been incurred on those contracts, with the balance remaining on those contracts to be incurred subsequent to December 31, 2025.

| Series 2023 Limited<br>Tax Bonds                           | \$ 1,854,000                 | \$               | \$ (174,000)        | \$ 1,680,000              | \$ 181,000                     |
| Other long-term liabilities:                               |                              |                  |                     |                           |                                |
| Net pension<br>liability                                   | <u>1,516,385</u>             |                  | <u>(247,229)</u>    | <u>1,269,156</u>          |                                |
| Total long-term liabilities,<br>governmental<br>activities | <u>\$ 3,370,385</u>          | <u>\$</u>        | <u>\$ (421,229)</u> | <u>\$ 2,949,156</u>       | <u>\$ 181,000</u>              |

In June 2023, the District issued \$2,000,000 of Limited Tax Bonds, Series 2023, which were issued for the purpose of (1) acquiring, constructing, and improving fire protection and emergency medical service facilities, vehicles and equipment, and paying the cost of issuance of the Bonds. Bonds in the amount of \$1,500,000 were purchased by a financial institution, with a stated interest rate of 4.75%. The remaining \$500,000 of bonds were purchased by the Louisiana Public Facilities Authority, with a stated interest rate of 2.375%. The bonds are to be payable from an irrevocable pledge and dedication of the funds to be derived from the levy and collection of a special tax of 3.50 mills, authorized at an election held on November 8, 2022, in which the District is authorized to impose and collect each year through 2037.

Debt service requirements at December 31, 2025, were as follows:

| <u>Fiscal Year</u> | <u>Principal</u>    | <u>Interest</u>   | <u>Total</u>        |
|--------------------|---------------------|-------------------|---------------------|
| 2026               | \$ 181,000          | \$ 66,274         | \$ 247,274          |
| 2027               | 188,000             | 58,639            | 246,639             |
| 2028               | 196,000             | 50,683            | 246,683             |

(10) Accrued Expenses

Accrued expenses at December 31, 2025, consisted of the following:

|                                 |                   |
|---------------------------------|-------------------|
| Accrued payroll                 | \$ 48,228         |
| Accrued leave                   | 7,474             |
| Payroll liabilities             | <u>29,450</u>     |
| Total – governmental funds      | 85,152            |
|                                 |                   |
| Accrued interest                | <u>23,339</u>     |
| Total – governmental activities | <u>\$ 108,491</u> |

(11) Subsequent Events

In January of 2026, the District purchased SCBA equipment, which cost approximately \$67,200.

In March of 2026, the District hired a contractor to install a radio tower for approximately \$56,529.

In April of 2026, the District purchased a vehicle, which cost approximately \$47,782.

Subsequent events have been evaluated through June 26, 2026, the date the financial statements were available to be issued.

South Bossier Parish Fire District No. 2  
Elm Grove, Louisiana  
Notes to Required Supplementary Information  
December 31, 2025

The District's budget is adopted on a cash basis for all funds except for certain payroll liabilities which are recorded when incurred. There were no amendments to the 2025 budget. Budget comparison statements included in the accompanying financial statements include the original and adopted budgets. The schedule below reconciles excess (deficiency) of revenues and other sources over expenditures and other uses on the budget basis with GAAP basis:

|                                                            | <u>General<br/>Fund</u> |
|------------------------------------------------------------|-------------------------|
| Excess of revenues and other sources                       |                         |
| Over (under) expenditures and<br>other uses (budget basis) | \$ (431,953)            |
| Adjustments:                                               |                         |
| Revenue accruals – net                                     | 39,155                  |
| Expenditure accruals – net                                 | <u>( 103,799)</u>       |
| Excess of revenues and other sources                       |                         |
| Over (under) expenditures and<br>other uses (GAAP basis)   | <u>\$ (496,597)</u>     |

Report on Internal Control Over Financial Reporting and on  
Compliance and Other Matters Based on an Audit of Financial Statements  
Performed In Accordance With Government Auditing Standards

Independent Auditors' Report

Board of Commissioners  
South Bossier Parish Fire District No. 2

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to the financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the governmental activities and the major fund of the South Bossier Parish Fire District No. 2 as of and for the year ended December 31, 2025, and the related notes to the financial statements, which collectively comprise the South Bossier Parish Fire District No. 2's basic financial statements, and have issued our report thereon dated June 26, 2026.

**Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the South Bossier Parish Fire District No. 2's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the South Bossier Parish Fire District No. 2's internal control. Accordingly, we do not express an opinion on the effectiveness of the South Bossier Parish Fire District No. 2's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether South Bossier Parish Fire District No. 2's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instance of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

South Bossier Parish Fire District No. 2  
Elm Grove, Louisiana  
Summary Schedule of Audit Findings  
December 31, 2025

**Summary Schedule of Prior Year Audit Findings**

There was one finding for the prior year audit for the year ended December 31, 2024 as described below:

**2024-001 Finding - Budget**

*Condition:* Actual expenditures for the General Fund were more than budgeted expenditures by more than 5%.

*Recommendation:* We recommend a proper monitoring of budget to actual comparisons throughout the year and that budgets be appropriately amended when actual plus projected expenditures and other financing uses are expected to be more than budgeted amounts by more than 5%.

Current Status: No finding in current year.

**Summary Schedule of Current Year Audit Findings**

There are no findings for the current year audit for the year ended December 31, 2025.

Independent Accountants' Report on  
Applying Agreed-Upon Procedures

To the Board of Commissioners  
South Bossier Parish Fire District No. 2  
Elm Grove, Louisiana  
and the Louisiana Legislative Auditor

We have performed the procedures enumerated below on the control and compliance (C/C) areas identified in the Louisiana Legislative Auditor's (LLA's) Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period January 1, 2025 through December 31, 2025. The South Bossier Parish Fire District No. 2's management is responsible for those C/C areas identified in the SAUPs.

The South Bossier Parish Fire District No. 2 has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is to perform specified procedures on the C/C areas identified in LLA's SAUPs for the fiscal period January 1, 2025 through December 31, 2025. Additionally, LLA has agreed to and acknowledged that the procedures performed are appropriate for its purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are as follows:

**1) Written Policies and Procedures**

- A. Obtain and inspect the entity's written policies and procedures and observe whether they address each of the following categories and subcategories if applicable to public funds and the entity's operations:
- i. **Budgeting**, including preparing, adopting, monitoring, and amending the budget.
  - ii. **Purchasing**, including (1) how purchases are initiated, (2) how vendors are added to the vendor list, (3) the preparation and approval process of purchase requisitions and purchase orders, (4) controls to ensure compliance with the Public Bid Law, and (5) documentation required to be maintained for all bids and price quotes.
  - iii. **Disbursements**, including processing, reviewing, and approving.
  - iv. **Receipts/Collections**, including receiving, recording, and preparing deposits. Also, policies and procedures should include management's actions to determine the completeness of all collections for each type of revenue or agency fund additions (e.g.,

periodic confirmation with outside parties, reconciliation to utility billing after cutoff procedures, reconciliation of traffic ticket number sequences, agency fund forfeiture monies confirmation).

- v. **Payroll/Personnel**, including (1) payroll processing, (2) reviewing and approving time and attendance records, including leave and overtime worked, and (3) approval process for employee rates of pay or approval and maintenance of pay rate schedules.
- vi. **Contracting**, including (1) types of services requiring written contracts, (2) standard terms and conditions, (3) legal review, (4) approval process, and (5) monitoring process.
- vii. **Travel and Expense Reimbursement**, including (1) allowable expenses, (2) dollar thresholds by category of expense, (3) documentation requirements, and (4) required approvers.
- viii. **Credit Cards (and debit cards, fuel cards, purchase cards, if applicable)**, including (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers of statements, and (5) monitoring card usage (e.g., determining the reasonableness of fuel card purchases).
- ix. **Ethics**, including (1) the prohibitions as defined in Louisiana Revised Statute (R.S.) 42:1111-1121, (2) actions to be taken if an ethics violation takes place, (3) system to monitor possible ethics violations, and (4) a requirement that documentation is maintained to demonstrate that all employees and officials were notified of any changes to the entity's ethics policy.
- x. **Debt Service**, including (1) debt issuance approval, (2) continuing disclosure/EMMA reporting requirements, (3) debt reserve requirements, and (4) debt service requirements.
- xi. **Information Technology Disaster Recovery/Business Continuity**, including (1) identification of critical data and frequency of data backups, (2) storage of backups in a separate physical location isolated from the network, (3) periodic testing/verification that backups can be restored, (4) use of antivirus software on all systems, (5) timely application of all available system and software patches/updates, and (6) identification of personnel, processes, and tools needed to recover operations after a critical event.
- xii. **Prevention of Sexual Harassment**, including R.S. 42:342-344 requirements for (1) agency responsibilities and prohibitions, (2) annual employee training, and (3) annual reporting.

Procedures performed. No exceptions noted.

## 2) Board or Finance Committee

- A. Obtain and inspect the board/finance committee minutes for the fiscal period, as well as the board's enabling legislation, charter, bylaws, or equivalent document in effect during the fiscal period, and
  - i. Observe that the board/finance committee met with a quorum at least monthly, or on a frequency in accordance with the board's enabling legislation, charter, bylaws, or other equivalent document.
  - ii. For those entities reporting on the governmental accounting model, review the minutes from all regularly scheduled board/finance committee meetings held during the fiscal year and observe whether the minutes from at least one meeting each month referenced or included monthly budget-to-actual comparisons on the general fund, quarterly budget-to-actual comparisons, at a minimum, on proprietary funds, and semi-annual budget-to-actual, at a minimum, on all special revenue funds. *Alternatively, for those entities reporting*

*on the not-for-profit accounting model, observe that the minutes referenced or included financial activity relating to public funds if those public funds comprised more than 10% of the entity's collections during the fiscal period.*

- iii. For governmental entities, obtain the prior year audit report and observe the unassigned fund balance in the general fund. If the general fund had a negative ending unassigned fund balance in the prior year audit report, observe that the minutes for at least one meeting during the fiscal period referenced or included a formal plan to eliminate the negative unassigned fund balance in the general fund.
- iv. Observe whether the board/finance committee received written updates of the progress of resolving audit finding(s), according to management's corrective action plan at each meeting until the findings are considered fully resolved.

Procedures performed. No exceptions noted.

### **3) Bank Reconciliations**

- A. Obtain a listing of entity bank accounts for the fiscal period from management and management's representation that the listing is complete. Ask management to identify the entity's main operating account. Select the entity's main operating account and randomly select 4 additional accounts (or all accounts if less than 5). Randomly select one month from the fiscal period, obtain and inspect the corresponding bank statement and reconciliation for each selected account, and observe that:
  - i. Bank reconciliations include evidence that they were prepared within 2 months of the related statement closing date (e.g., initialed and dated or electronically logged);
  - ii. Bank reconciliations include written evidence that a member of management or a board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation within 1 month of the date the reconciliation was prepared (e.g., initialed and dated, electronically logged); and
  - iii. Management has documentation reflecting it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date, if applicable.

Procedures performed. No exceptions noted.

### **4) Collections (excluding electronic funds transfers)**

- A. Obtain a listing of deposit sites for the fiscal period where deposits for cash/checks/money orders (cash) are prepared and management's representation that the listing is complete. Randomly select 5 deposit sites (or all deposit sites if less than 5).
- B. For each deposit site selected, obtain a listing of collection locations and management's representation that the listing is complete. Randomly select one collection location for each deposit site (e.g., 5 collection locations for 5 deposit sites), obtain and inspect written policies and procedures relating to employee job duties (if there are no written policies or procedures, then inquire of employees about their job duties) at each collection location, and observe that job duties are properly segregated at each collection location such that
  - i. Employees responsible for cash collections do not share cash drawers/registers;
  - ii. Each employee responsible for collecting cash is not also responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g., pre-numbered receipts) to the deposit;
  - iii. Each employee responsible for collecting cash is not also responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit; and

- iv. The employee(s) responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or custodial fund additions, is (are) not also responsible for collecting cash, unless another employee/official verifies the reconciliation.
- C. Obtain from management a copy of the bond or insurance policy for theft covering all employees who have access to cash. Observe that the bond or insurance policy for theft was in force during the fiscal period.
- D. Randomly select two deposit dates for each of the 5 bank accounts selected for Bank Reconciliations procedure #3A (select the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly select a deposit if multiple deposits are made on the same day). *Alternatively, the practitioner may use a source document other than bank statements when selecting the deposit dates for testing, such as a cash collection log, daily revenue report, receipt book, etc.* Obtain supporting documentation for each of the 10 deposits and:
  - i. Observe that receipts are sequentially pre-numbered.
  - ii. Trace sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip.
  - iii. Trace the deposit slip total to the actual deposit per the bank statement.
  - iv. Observe that the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100 and the cash is stored securely in a locked safe or drawer).
  - v. Trace the actual deposit per the bank statement to the general ledger.

Procedures performed. No exceptions noted.

**5) Non-Payroll Disbursements (excluding card purchases/payments, travel reimbursements, and petty cash purchases)**

- A. Obtain a listing of locations that process payments for the fiscal period and management's representation that the listing is complete. Randomly select 5 locations (or all locations if less than 5).
- B. For each location selected under procedure #5A above, obtain a listing of those employees involved with non-payroll purchasing and payment functions. Obtain written policies and procedures relating to employee job duties (if the agency has no written policies and procedures, then inquire of employees about their job duties), and observe that job duties are properly segregated such that
  - i. At least two employees are involved in initiating a purchase request, approving a purchase, and placing an order or making the purchase;
  - ii. At least two employees are involved in processing and approving payments to vendors;
  - iii. The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files;
  - iv. Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments; and
  - v. Only employees/officials authorized to sign checks approve the electronic disbursement (release) of funds, whether through automated clearinghouse (ACH), electronic funds transfer (EFT), wire transfer, or some other electronic means.

- C. For each location selected under procedure #5A above, obtain the entity's non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtain management's representation that the population is complete. Randomly select 5 disbursements for each location, obtain supporting documentation for each transaction, and
- i. Observe whether the disbursement, whether by paper or electronic means, matched the related original itemized invoice and supporting documentation indicates that deliverables included on the invoice were received by the entity, and
  - ii. Observe whether the disbursement documentation included evidence (e.g., initial/date, electronic logging) of segregation of duties tested under procedure #5B above, as applicable.
- D. Using the entity's main operating account and the month selected in Bank Reconciliations procedure #3A, randomly select 5 non-payroll-related electronic disbursements (or all electronic disbursements if less than 5) and observe that each electronic disbursement was (a) approved by only those persons authorized to disburse funds (e.g., sign checks) per the entity's policy, and (b) approved by the required number of authorized signers per the entity's policy. Note: If no electronic payments were made from the main operating account during the month selected the practitioner should select an alternative month and/or account for testing that does include electronic disbursements.

Procedures performed. Noted the following exception:

*Exception:* The employee responsible for processing payments can add/modify vendor files, sign checks, and mails the checks out to vendors.

**6) Credit Cards/Debit Cards/Fuel Cards/Purchase Cards (Cards)**

- A. Obtain from management a listing of all active credit cards, bank debit cards, fuel cards, and purchase cards (cards) for the fiscal period, including the card numbers and the names of the persons who maintained possession of the cards. Obtain management's representation that the listing is complete.
- B. Using the listing prepared by management, randomly select 5 cards (or all cards if less than 5) that were used during the fiscal period. Randomly select one monthly statement or combined statement for each card (for a debit card, randomly select one monthly bank statement). Obtain supporting documentation, and
- i. Observe whether there is evidence that the monthly statement or combined statement and supporting documentation (e.g., itemized receipts for credit/debit card purchases, exception reports for excessive fuel card usage) were reviewed and approved, in writing (or electronically approved) by someone other than the authorized card holder (those instances requiring such approval that may constrain the legal authority of certain public officials, such as the mayor of a Lawrason Act municipality, should not be reported); and
  - ii. Observe that finance charges and late fees were not assessed on the selected statements.
- C. Using the monthly statements or combined statements selected under procedure #6B above, excluding fuel cards, randomly select 10 transactions (or all transactions if less than 10) from each statement, and obtain supporting documentation for the transactions (e.g., each card should have 10 transactions subject to inspection). For each transaction, observe that it is supported by (1) an original itemized receipt that identifies precisely what was purchased, (2) written documentation of the business/public purpose, and (3) documentation of the individuals participating in meals (for meal charges only). For missing receipts, the practitioner should describe the nature of the

transaction and observe whether management had a compensating control to address missing receipts, such as a "missing receipt statement" that is subject to increased scrutiny.

- D. Using the list of terminated employees obtained in Payroll and Personnel procedure #9C, identify those individuals who had access to cards and randomly select 5 terminated employees (or all terminated employees with card access if less than 5) from this population. Observe evidence that the cards have been deactivated for these terminated employees. In cases where a card is shared by multiple users, obtain evidence that the terminated employees' authorization has been removed.

Procedures performed. No exceptions noted.

#### **7) Travel and Travel-Related Expense Reimbursements (excluding card transactions)**

- A. Obtain from management a listing of all travel and travel-related expense reimbursements during the fiscal period and management's representation that the listing or general ledger is complete. Randomly select 5 reimbursements and obtain the related expense reimbursement forms/prepaid expense documentation of each selected reimbursement, as well as the supporting documentation. For each of the 5 reimbursements selected

- i. If reimbursed using a per diem, observe that the approved reimbursement rate is no more than those rates established either by the State of Louisiana or the U.S. General Services Administration ([www.gsa.gov](http://www.gsa.gov));
- ii. If reimbursed using actual costs, observe that the reimbursement is supported by an original itemized receipt that identifies precisely what was purchased;
- iii. Observe that each reimbursement is supported by documentation of the business/public purpose (for meal charges, observe that the documentation includes the names of those individuals participating) and other documentation required by Written Policies and Procedures procedure #1A(vii); and
- iv. Observe that each reimbursement was reviewed and approved, in writing, by someone other than the person receiving reimbursement.

Procedures performed. No exceptions noted.

#### **8) Contracts**

- A. Obtain from management a listing of all agreements/contracts for professional services, materials and supplies, leases, and construction activities that were initiated or renewed during the fiscal period. *Alternatively, the practitioner may use an equivalent selection source, such as an active vendor list.* Obtain management's representation that the listing is complete. Randomly select 5 contracts (or all contracts if less than 5) from the listing, excluding the practitioner's contract, and
- i. Observe whether the contract was bid in accordance with the Louisiana Public Bid Law (e.g., solicited quotes or bids, advertised), if required by law;
  - ii. Observe whether the contract was approved by the governing body/board, if required by policy or law (e.g., Lawrason Act, Home Rule Charter);
  - iii. If the contract was amended (e.g., change order), observe that the original contract terms provided for such an amendment and that amendments were made in compliance with the contract terms (e.g., if approval is required for any amendment, the documented approval); and

- iv. Randomly select one payment from the fiscal period for each of the 5 contracts, obtain the supporting invoice, agree the invoice to the contract terms, and observe that the invoice and related payment agreed to the terms and conditions of the contract.

Procedures performed. No exceptions noted.

#### **9) Payroll and Personnel**

- A. Obtain a listing of employees and officials employed during the fiscal period and management's representation that the listing is complete. Randomly select 5 employees or officials, obtain related paid salaries and personnel files, and agree paid salaries to authorized salaries/pay rates in the personnel files.
- B. Randomly select one pay period during the fiscal period. For the 5 employees or officials selected under procedure #9A above, obtain attendance records and leave documentation for the pay period, and
  - i. Observe that all selected employees or officials documented their daily attendance and leave (e.g., vacation, sick, compensatory);
  - ii. Observe whether supervisors approved the attendance and leave of the selected employees or officials;
  - iii. Observe that any leave accrued or taken during the pay period is reflected in the entity's cumulative leave records; and
  - iv. Observe the rate paid to the employees or officials agrees to the authorized salary/pay rate found within the personnel file.
- C. Obtain a listing of those employees or officials that received termination payments during the fiscal period and management's representation that the list is complete. Randomly select two employees or officials and obtain related documentation of the hours and pay rates used in management's termination payment calculations and the entity's policy on termination payments. Agree the hours to the employee's or official's cumulative leave records, agree the pay rates to the employee's or official's authorized pay rates in the employee's or official's personnel files, and agree the termination payment to entity policy.
- D. Obtain management's representation that employer and employee portions of third-party payroll related amounts (e.g., payroll taxes, retirement contributions, health insurance premiums, garnishments, workers' compensation premiums, etc.) have been paid, and any associated forms have been filed, by required deadlines.

Procedures performed. No exceptions noted.

#### **10) Ethics**

- A. Using the 5 randomly selected employees/officials from Payroll and Personnel procedure #9A obtain ethics documentation from management, and
  - i. Observe whether the documentation demonstrates that each employee/official completed one hour of ethics training during the calendar year as required by R.S. 42:1170; and
  - ii. Observe whether the entity maintains documentation which demonstrates that each employee and official were notified of any changes to the entity's ethics policy during the fiscal period, as applicable.

- B. Inquire and/or observe whether the agency has appointed an ethics designee as required by R.S. 42:1170.

Procedures performed. No exceptions noted.

#### **11) Debt Service**

- A. Obtain a listing of bonds/notes and other debt instruments issued during the fiscal period and management's representation that the listing is complete. Select all debt instruments on the listing, obtain supporting documentation, and observe that State Bond Commission approval was obtained for each debt instrument issued as required by Article VII, Section 8 of the Louisiana Constitution.
- B. Obtain a listing of bonds/notes outstanding at the end of the fiscal period and management's representation that the listing is complete. Randomly select one bond/note, inspect debt covenants, obtain supporting documentation for the reserve balance and payments, and agree actual reserve balances and payments to those required by debt covenants (including contingency funds, short-lived asset funds, or other funds required by the debt covenants).

Procedures performed. No exceptions noted.

#### **12) Fraud Notice**

- A. Obtain a listing of misappropriations of public funds and assets during the fiscal period and management's representation that the listing is complete. Select all misappropriations on the listing, obtain supporting documentation, and observe that the entity reported the misappropriation(s) to the legislative auditor and the district attorney of the parish in which the entity is domiciled as required by R.S. 24:523.

Management has provided information regarding one misappropriation of public funds and assets during the fiscal period, in the amount of \$411. This amount was reported to the Louisiana Legislative Auditor and the parish attorney. Restitution was made during the year ended December 31, 2025, in the amount of \$411.

- B. Observe that the entity has posted, on its premises and website, the notice required by R.S. 24:523.1 concerning the reporting of misappropriation, fraud, waste, or abuse of public funds.

Procedures performed. No exceptions noted.

#### **13) Information Technology Disaster Recovery/Business Continuity**

Perform the following procedures, verbally discuss the results with management, and report "We performed the procedure and discussed the results with management."

- A. Obtain and inspect the entity's most recent documentation that it has backed up its critical data (if there is no written documentation, then inquire of personnel responsible for backing up critical data) and observe evidence that such backup (a) occurred within the past week, (b) was not stored on the government's local server or network, and (c) was encrypted.
- B. Obtain and inspect the entity's most recent documentation that it has tested/verified that its backups can be restored (if there is no written documentation, then inquire of personnel responsible for testing/verifying backup restoration) and observe evidence that the test/verification was successfully performed within the past 3 months.

- C. Obtain a listing of the entity's computers currently in use and their related locations, and management's representation that the listing is complete. Randomly select 5 computers and observe while management demonstrates that the selected computers have current and active antivirus software and that the operating system and accounting system software in use are currently supported by the vendor.
- D. Randomly select 5 terminated employees (or all terminated employees if less than 5) using the list of terminated employees obtained in payroll and personnel procedure #9C. Observe evidence that the selected terminated employees have been removed or disabled from the network.
- E. Using the 5 randomly selected employees/officials from Payroll and Personnel procedures #9A, obtain cybersecurity training documentation from management, and observe that the documentation demonstrates that the following employees/officials with access to the agency's information technology assets have completed cybersecurity training as required by R.S. 42:1267. The requirements are as follows:
  - Hired before June 9, 2020 – Completed the training; and
  - Hired on or after June 9, 2020 – Completed the training within 30 days of initial service or employment.

We performed the procedures and discussed the results with management.

#### **14) Prevention of Sexual Harassment**

- A. Using the 5 randomly selected employees/officials from Payroll and Personnel procedure #9A, obtain sexual harassment training documentation from management, and observe that the documentation demonstrates each employee/official completed at least one hour of sexual harassment training during the calendar year as required by R.S. 42:343.
- B. Observe that the entity has posted its sexual harassment policy and complaint procedure on its website (or in a conspicuous location on the entity's premises if the entity does not have a website).
- C. Obtain the entity's annual sexual harassment report for the current fiscal period, observe that the report was dated on or before February 1, and observe that the report includes the applicable requirements of R.S. 42:344:
  - i. Number and percentage of public servants in the agency who have completed the training requirements;
  - ii. Number of sexual harassment complaints received by the agency;
  - iii. Number of complaints which resulted in a finding that sexual harassment occurred;
  - iv. Number of complaints in which the finding of sexual harassment resulted in discipline or corrective action; and
  - v. Amount of time it took to resolve each complaint.

Procedures performed. No Exceptions noted

We were engaged by the South Bossier Parish Fire District No. 2, to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the South Bossier Parish Fire District No. 2, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.

The South Bossier Parish Fire District No. 2 submits the following responses to the exceptions identified in the Statewide Agreed-Upon Procedures Report for the year ended December 31, 2025:

Exception: The employee who is responsible for processing payments can add/modify vendor files, can sign checks, and mails the checks out to vendors.

Response: All checks require two signatures. Management reviews bank statements and bank reconciliations monthly.

Sincerely,

A handwritten signature in black ink, appearing to read "Ryan Foster", with a stylized flourish at the end.

Ryan Foster  
Fire Chief
