INDEPENDENT AUDITORS' REPORT

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities of the Fifth Judicial District Court, Judicial Expense Fund, as of and for the year ended December 31, 2025, and the related notes to the financial statements, which collectively comprise the Court's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities of the Fifth Judicial District Court, Judicial Expense Fund, as of December 31, 2025, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Fifth Judicial District Court, Judicial Expense Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Fifth Judicial District Court, Judicial Expense Fund's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

The Honorable Stephen Dean, Will Barham and Clay Hamilton
Judges of the Fifth Judicial District Court
Judicial Expense Fund
Parishes of Franklin, Richland and West Carroll, Louisiana

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion of the effectiveness of the Court's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Fifth Judicial District Court, Judicial Expense Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

The Honorable Stephen Dean, Will Barham and Clay Hamilton
Judges of the Fifth Judicial District Court
Judicial Expense Fund
Parishes of Franklin, Richland and West Carroll, Louisiana

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the budgetary comparison information, schedule of employer's share of net pension liability and the schedule of employer contributions be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context.

We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during the audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurances.

Management has omitted Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

The Schedule of Compensation, Benefits and Other Payments to Agency Head and the Justice System Funding Reporting Schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Compensation, Benefits and Other Payments to Agency Head and Justice System Funding Reporting Schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The Honorable Stephen Dean, Will Barham and Clay Hamilton
Judges of the Fifth Judicial District Court
Judicial Expense Fund
Parishes of Franklin, Richland and West Carroll, Louisiana

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 18, 2026 on our consideration of the Fifth Judicial District Court, Judicial Expense Fund's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Fifth Judicial District Court, Judicial Expense Fund's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Governmental Auditing Standards* in considering the Fifth Judicial District Court, Judicial Expense Fund's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2025

Note 1 - Historical Background

The Fifth Judicial District Court of Louisiana was established by Louisiana Revised Statutes 13:1996.38 and 46:236.5. The Judicial District Court shall have original jurisdiction of all civil and criminal matters, including felony cases involving title to immovable property, probate and succession matters, and other matters as provided by law. The Fifth Judicial District Court encompasses the parishes of Franklin, Richland and West Carroll, Louisiana.

Note 2 - Summary of Significant Accounting Policies

A. Basis of Accounting

The Judicial Expense Fund complies with accounting principles generally accepted in the United States of America (GAAP). GAAP includes all relevant Government Accounting Standards Board (GASB) pronouncements. In the government-wide financial statements, Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989 have been applied unless those pronouncements conflict with or contradict GASB pronouncements, in which case, GASB prevails. The accounting and reporting framework and the more significant accounting policies are discussed in subsequent sections of this note.

B. Reporting Entity

The accounting and reporting policies of the Fifth Judicial District Court, Judicial Expense Fund conform to accounting principles generally accepted in the United States of America as applicable to governments. Such accounting and reporting procedures also conform to the requirements of *Louisiana Municipal Audit and Accounting Guide*, the industry audit guide, *Audits of State and Local Governments*.

For financial reporting purposes, in conformity with the Governmental Accounting Standards Board (GASB), the Judicial Expense Fund and Child Support is a part of the Fifth Judicial District Court, a component of the Parishes of Franklin, Richland and West Carroll, Louisiana Police Jury judicial system. The financial reporting entity consists of (a) the primary government (Parishes of Franklin, Richland and West Carroll, Louisiana Police Juries), (b) organization of which the primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental Accounting Standards Board Statement No. 14 established criteria for determining which component units should be considered part of the Parishes of Franklin, Richland and West Carroll, Louisiana Police Juries for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability.

Note 2 - Summary of Significant Accounting Policies

B. Reporting Entity (Continued)

This criteria includes:

1. Appointing a voting majority of an organization's governing body, and
 - a. The ability of the Parishes of Franklin, Richland and West Carroll, Louisiana Police Juries to impose its will on that organization and /or
 - b. The potential for the organization to provide specific financial benefits to, or impose specific financial burdens on the Parishes of Franklin, Richland and West Carroll, Louisiana Police Juries.
2. Organizations for which the Parishes of Franklin, Richland and West Carroll, Louisiana Policy Juries does not appoint a voting majority but are fiscally dependent on the Parishes of Franklin, Richland and West Carroll, Louisiana Police Juries.
3. Organizations for which the reporting entity's financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Because the Parishes of Franklin, Richland and West Carroll, Louisiana Police Juries provide for the operation and maintenance of the courtroom and office space of the Judges in its parish courthouses, the Fifth Judicial District Court was determined to be a component unit of the Parishes of Franklin, Richland and West Carroll, Louisiana Police Juries, the financial reporting entity. The accompanying financial statements present information only on the funds maintained by the Fifth Judicial District Court and do not present information on the Parishes of Franklin, Richland and West Carroll, Louisiana Police Juries, the general government services provided by that governmental unit or the other governmental units that comprise the financial reporting entity.

C. Basis of Presentation

In June 1999, the GASB unanimously approved Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*. Certain of the significant changes in the presentation of its funds financial information include a Management Discussion and Analysis (MD & A) section providing an analysis of the Judicial Expense Fund's overall financial position and results of operations and financial statements prepared using full accrual accounting for all Judicial Expense Fund's activities. These and other changes are reflected in the accompanying financial statements including the notes to the financial statements.

D. Basic Financial Statements

Government-wide financial statements – The statement of net position and statement of activities display information about the reporting government as a whole. They include all funds of the reporting entity. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues.

Equity Classifications – Equity is classified as net position and displayed in three components:

- a. Net investment in capital assets – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances (excluding unspent debt proceeds (of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets).
- b. Restricted net position – Consists of net position with constraints placed on the use with by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or, 2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position – All other net position that does not meet the definition of “restricted” or “net investment in capital assets”.

Fund financial statements – The financial transactions of the Judicial Expense Fund are reported in individual funds in the fund financial statements. Each fund is accounted for by a separate set of self-balancing accounts that comprises its assets, liabilities, fund equity, revenues, and expenditures.

The funds of the Judicial Expense Fund are described as follows:

General Fund – The general fund is the general operating fund and accounts for all activities of the Judicial Expense Fund except those required to be accounted for in another fund.

Hearing Officer Fund – The Hearing Officer Fund accounts for a 5 percent fee assessed in non-support cases which go through the State’s Child Support Enforcement Program. These fees of the Fifth Judicial District to hear support and support related matters as well as other expenditures incurred in connection with the implementation of this program.

Families in Need of Services (FINS) – The Families in Need of Services (FINS) Fund consists of a state grant funded by the Louisiana Department of Social Services. The purpose of the fund is to intervene in a family’s life so that appropriate services to remedy the family’s dysfunction can be secured and to establish a family service plan binding upon all family members and the appropriate service providers.

D. Basic Financial Statements (continued)

This report includes funds which are controlled by the Fifth Judicial District Court but determined to be a component unit of the Parishes of Franklin, Richland and West Carroll, Louisiana Police Jury. The Parishes of Franklin, Richland and West Carroll, Louisiana Police Jury has significant control over the Judicial Expense Fund in the area of necessary capital outlay. The Parishes of Franklin, Richland and West Carroll, Louisiana Police Jury would present this component unit in a discreet presentation format if it were included in their financial statements.

E. Measurement Focus and Basis of Accounting

Measurement focus is a term used to describe “which” transactions are recorded within the various financial statements. Basis of accounting refers to “when” transactions are recorded regardless of measurement focus applied.

Measurement Focus – The government-wide financial statements are presented using the economic resources measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position, and financial position. All assets and liabilities (whether current or non-current) associated with their activities are reported. All governmental funds utilize a current financial resources measurement focus in the fund financial statements. Only current assets and liabilities are generally included on the balance sheet. Operating statements present sources and uses of available spendable financial resources during a given period. The fund balance is the measure of available spendable financial resources at the end of the period.

E. Measurement Focus and Basis of Accounting (continued)

Basis of Accounting – The government-wide financial statements are presented using the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred or economic assets are used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Revenues are recognized when “measurable and available”. Measurable means the amount of the transaction can be determined and available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures (including capital outlay) are recorded when the related fund liability is incurred.

F. Budgets and Budgetary Accounting

The Louisiana Government Budget Act applies to the courts, but only as to judicial expense funds. Thus, the courts must prepare a budget document related to those funds. Criminal court funds are reported with the parish and must have budgets created by the parish authorities

G. Cash and Cash Equivalents

Cash includes amounts in non-interest bearing demand deposits. Under state law, the Judges may deposit funds in demand deposits, interest-bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

H. Capital Assets

Capital assets are capitalized at historical cost or estimated cost if historical cost is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The Court maintains a threshold level of \$500 or more for capitalizing fixed assets. All capital assets, other than land, are depreciated using the straight-line method over their useful lives.

I. Vacation and Sick Leave

The Fifth Judicial District Court has no annual and sick leave policy.

J. Use of Estimates

The preparation of the component unit financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

K. Fund Balances

GASB Statement No. 54 establishes standards for five fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of resources reported in government funds. The nonspendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form – prepaid items or inventories; or (b) legally or contractually required to be maintained intact.

The spendable portion of the fund balance comprises the remaining four classifications: restricted, committed, assigned and unassigned.

Restricted Fund Balance – This classification reflects the constraints imposed on resources either (a) externally by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

PARISHES OF FRANKLIN, RICHLAND AND WEST CARROLL, LOUISIANA

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2025

Note 2 - Summary of Significant Accounting Policies (continued)

K. Fund Balances (continued)

Committed Fund Balance – These amounts can only be used for specific purposes pursuant to constraints imposed by formal resolution of the Judges – the government’s highest level of decision making authority. Those committed amounts cannot be used for any other purpose unless the Judges remove the specified use by taking the same type of action imposing the commitment.

This classification also includes contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned Fund Balance – This classification reflects the amounts constrained by the Court’s “intent” to be used for specific purposes, but are neither restricted nor committed. The Judge and management have the authority to assign amounts to be used for specific purposes. Assigned fund balances include all remaining amounts (except negative balances) that are reported in governmental funds, other than the general fund, that are not classified as nonspendable and are neither restricted nor committed.

Unassigned Fund Balance – This fund balance is the residual classification for the general fund. It is also used to report negative fund balances in other governmental funds.

When both restricted and unrestricted resources are available for use, it is the Court’s policy to use externally restricted resources first, then unrestricted resources – committed, assigned and unassigned – in order as needed.

Note 3 - Cash and Cash Equivalents

Custodial Credit Risk – Deposits. The custodial credit risk is the risk that in the event of a bank failure, the Court’s deposits may not be returned to it. The Court’s policy to ensure there is no exposure to this risk is to require each financial institution to pledge its’ own securities to cover any amount in excess of Federal Depository Insurance Coverage. Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the Court that the fiscal agent bank has failed to pay deposited fund upon demand. Accordingly, the Court had no custodial credit risk related to its deposits at December 31, 2025. The court had cash and cash equivalents in demand deposits, totaling \$596,046 at December 31, 2025.

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2025

Note 8 - Expenditures of the Fifth Judicial District Court not Included in the Financial Statements

The Fifth Judicial District Court's office is located in the parish courthouse. The cost of maintaining and operating the courthouse, as required by Louisiana Revised Statute 33:4715, is paid by the Parish Police Juries.

Note 9 - Pension Information

The Court's employees are provided with benefits through the following multiple-employer cost-sharing plan:

Parochial Employees Retirement System of Louisiana (Plan A) ("PERSLA") provides retirement benefits to employees of all employees of any parish in the State of Louisiana or any governing body or a parish which employs and pays persons serving the parish.

General information about the Plan:

PERSLA membership is provided on the date of employment to all permanent employees who work at least 28 hours per week. The Court participates in Plan A and provides retirement benefits to any member of Plan A who was hired before January 1, 2007 meeting one of the following criteria:

- Any age with 30 or more years of creditable service
- Age 55 with a minimum of 25 years creditable service
- Age 60 with a minimum of 10 years of creditable service
- Age 65 with a minimum of 7 years of creditable service

For members hired after January 1, 2007, benefits are provided to any member of Plan A meeting one of the following criteria:

- Age 55 with 30 years of service
- Age 62 with 10 years of service
- Age 67 with 7 years of service

General the monthly retirement allowance for any member of Plan A consists of an amount equal to 3% of the member's monthly average final compensation times years of creditable service. However, under certain conditions (as outlined in the statutes) the benefits are limited to specified amounts. Survivor, death and disability benefits are also provided under the plan.

In lieu of terminating employment and accepting a service retirement allowance, any member who is eligible to retire may elect to participate in the deferred retirement option plan (DROP) for three years and defer the receipt of benefits. During such period, employer contributions continue but employee contributions cease. Monthly benefits that the member would have received during the DROP period are paid into the DROP fund.

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2025

Note 9 - Pension Information (continued)

Interest is earned when the member has completed DROP participation, based on the actual rate of return on the investments identified as DROP funds for the period.

For the plan year ended December 31, 2024, the actual employer contribution rate was 11.50%, and the actuarially required contribution rate was 7.34%.

The Plan receives ad valorem and state revenue sharing funds as employer contributions and those amounts are considered support from nonemployer contributing entities, but are not considered as special funding situations.

Pension liabilities, pension expense and deferred outflows of resources and deferred inflows of resources:

As of December 31, 2025 (plan year 2024) the Court reported a total of \$(16,344) for its proportionate share of the net pension liability (asset) of the Plan.

The net pension liability (asset) was measured as of December 31, 2024, and the total pension asset used to calculate the net pension asset was determined by an actuarial valuation as of that date. The Court's proportion of the net pension asset was based on a projection of the District's long-term contributions to the plans relative to the projected contributions of all participating employers, actuarially determined. The Court's proportion of the Plan as of December 31, 2024 was 0.016253%.

For the year ended December 31, 2025, the Court recognized pension expense (benefit) of \$13,500.

In addition, the Court reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred outflows of resources	Deferred inflows of resources	
Changes in proportion	\$ 2,846	\$ 205	
Differences between expected and actual experience	9,974	1,421	
Changes of assumptions	-	1,798	
Net difference between projected and actual earnings on pension plan investments	-	10,763	
Contributions subsequent to the measurement date	18,992	-

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2025

Note 9 - Pension Information (continued)

The deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2026. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended December 31:	
2026	\$ 6,884
2027	15,470
2028	(15,610)
2029	(8,111)
2030	-
Thereafter	-

Actuarial assumptions:

The total pension liabilities in the December 31, 2024 actuarial valuations were determined using the following actuarial assumptions, applied to all periods included in the measurements:

Inflation	2.30%
Salary increases	4.75%
Investment rate of return, net	6.40%
Actuarial cost method	Entry
Expected remaining service lives	age normal 4 years

Mortality rates were based on the Pub-2010 Public Employee Retirement Plans Mortality Table for active members, Healthy Annuitant Table for healthy annuitants multiplied by 130% for males and 125% for females, using MP2021 scale for annuitant and beneficiary mortality, and Disabled Lives Mortality Tables for disabled annuitants with the same modifications for males and females.

The investment rate of return was determined based on a triangulation method which integrated the CAPM pricing model (top-down), a treasury yield curve approach (bottom-up) and an equity building-block model (bottom-up). Risk return and correlations are projected on a forward-looking basis in equilibrium, in which best-estimates of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These rates are combined to produce the long-term expected rate of return by weighting the expected future real rate of return by the target asset allocation percentage and by adding expected inflation of 2.40% and an adjustment for the effect of rebalancing/diversification.

The budget is then legally adopted by the district and amended during the year, as necessary. The budget is established and controlled by the district at the object level of expenditure. Appropriations lapse at year end and must be reappropriated for the following year to be expended.

Formal budgetary integration is employed as a management control device during the year. Budgeted amounts included in the accompanying budgetary comparison schedule include the original adopted budget amounts and subsequent amendments.

COMPLIANCE REPORTING

**Independent Auditors' Report on Internal Control Over Financial
Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with *Government Auditing Standards***

The Honorable Will Barham, Stephen Dean, and Clay Hamilton
Judges of the Fifth Judicial District Court
Judicial Expense Fund
Parishes of Franklin, Richland and West Carroll, Louisiana

We have audited in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Fifth Judicial District Court, Judicial Expense Fund (A Governmental entity), a component unit of Franklin, Richland and West Carroll Parish Police Juries, as of and for the year ended December 31, 2025, and the related notes to the financial statements, which collectively comprise the Fifth Judicial District Court, Judicial Expense Fund's basic financial statements, and have issued our report thereon dated March 18, 2026.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Fifth Judicial District Court, Judicial Expense Fund's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Fifth Judicial District Court, Judicial Expense Fund's internal control. Accordingly, we do not express an opinion on the effectiveness of the Fifth Judicial District Court, Judicial Expense Fund's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Fifth Judicial District Court, Judicial Expense Fund's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Office of the Louisiana Legislative Auditor as a public document.

To the Honorable Stephen Dean, Will Barham and Clay Hamilton, Judges of the Fifth Judicial District Court and the Louisiana Legislative Auditor:

 - iii. For governmental entities, obtain the prior year audit report and observe the unassigned fund balance in the general fund. If the general fund had a negative ending unassigned fund balance in the prior year audit report, observe that the minutes for at least one meeting during the fiscal period referenced or included a formal plan to eliminate the negative unassigned fund balance in the general fund.
 - iv. Observe whether the board/finance committee received written updates of the progress of resolving audit finding(s), according to management's corrective action plan at each meeting until the findings are considered fully resolved.

No exceptions were noted in the above procedures.

3) Bank Reconciliations

- A. Obtain a listing of entity bank accounts for the fiscal period from management and management's representation that the listing is complete. Ask management to identify the entity's main operating account. Select the entity's main operating account and randomly select 4 additional accounts (or all accounts if less than 5). Randomly select one month from the fiscal period, obtain and inspect the corresponding bank statement and reconciliation for each selected account, and observe that:
- i. Bank reconciliations include evidence that they were prepared within 2 months of the related statement closing date (e.g., initialed and dated or electronically logged);

No exceptions were noted in the above procedures.

4) Collections (excluding electronic funds transfers)

- B. For each deposit site selected, obtain a listing of collection locations and management's representation that the listing is complete. Randomly select one collection location for each deposit site (e.g., 5 collection locations for 5 deposit sites), obtain and inspect written policies and procedures relating to employee job duties (if there are no written policies or procedures, then inquire of employees about their job duties) at each collection location, and observe that job duties are properly segregated at each collection location such that
 - i. Employees responsible for cash collections do not share cash drawers/registers;
 - ii. Each employee responsible for collecting cash is not also responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g., pre-numbered receipts) to the deposit;
 - iii. Each employee responsible for collecting cash is not also responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit; and

- D. Randomly select two deposit dates for each of the 5 bank accounts selected for Bank Reconciliations procedure #3A (select the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly select a deposit if multiple deposits are made on the same day). *Alternatively, the practitioner may use a source document other than bank statements when selecting the deposit dates for testing, such as a cash collection log, daily revenue report, receipt book, etc.* Obtain supporting documentation for each of the 10 deposits and
 - i. Observe that receipts are sequentially pre-numbered.

- ii. Trace sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip.
- iii. Trace the deposit slip total to the actual deposit per the bank statement.
- iv. Observe that the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100 and the cash is stored securely in a locked safe or drawer).
- v. Trace the actual deposit per the bank statement to the general ledger.

No exceptions were noted in the above procedures.

5) Non-Payroll Disbursements (excluding card purchases, travel reimbursements, and petty cash purchases)

- A. Obtain a listing of locations that process payments for the fiscal period and management's representation that the listing is complete. Randomly select 5 locations (or all locations if less than 5).
- B. For each location selected under procedure #5A above, obtain a listing of those employees involved with non-payroll purchasing and payment functions. Obtain written policies and procedures relating to employee job duties (if the agency has no written policies and procedures, then inquire of employees about their job duties), and observe that job duties are properly segregated such that
 - i. At least two employees are involved in initiating a purchase request, approving a purchase, and placing an order or making the purchase;
 - ii. At least two employees are involved in processing and approving payments to vendors;
 - iii. The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files;
 - iv. Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments; and
 - v. Only employees/officials authorized to sign checks approve the electronic disbursement (release) of funds, whether through automated clearinghouse (ACH), electronic funds transfer (EFT), wire transfer, or some other electronic means.

[Note: Findings related to controls that constrain the legal authority of certain public officials (e.g., mayor of a Lawrason Act municipality) should not be reported.]

- C. For each location selected under procedure #5A above, obtain the entity's non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtain management's representation that the population is complete. Randomly select 5 disbursements for each location, obtain supporting documentation for each transaction, and
 - i. Observe whether the disbursement, whether by paper or electronic means, matched the related original itemized invoice and supporting documentation indicates that deliverables included on the invoice were received by the entity, and

- ii. Observe whether the disbursement documentation included evidence (e.g., initial/date, electronic logging) of segregation of duties tested under procedure #5B above, as applicable.
- D. Using the entity's main operating account and the month selected in Bank Reconciliations procedure #3A, randomly select 5 non-payroll-related electronic disbursements (or all electronic disbursements if less than 5) and observe that each electronic disbursement was (a) approved by only those persons authorized to disburse funds (e.g., sign checks) per the entity's policy, and (b) approved by the required number of authorized signers per the entity's policy. *Note: If no electronic payments were made from the main operating account during the month selected the practitioner should select an alternative month and/or account for testing that does include electronic disbursements.*

No exceptions were noted in the above procedures.

Randomly select one monthly statement or combined statement for each card (for a debit card, randomly select one monthly bank statement). Obtain supporting documentation, and
 - i. Observe whether there is evidence that the monthly statement or combined statement and supporting documentation (e.g., itemized receipts for credit/debit card purchases, exception reports for excessive fuel card usage) were reviewed and approved, in writing (or electronically approved) by someone other than the authorized card holder (those instances requiring such approval that may constrain the legal authority of certain public officials, such as the mayor of a Lawrason Act municipality, should not be reported); and
 - ii. Observe that finance charges and late fees were not assessed on the selected statements.
- C. Using the monthly statements or combined statements selected under procedure #6B above, excluding fuel cards, randomly select 10 transactions (or all transactions if less than 10) from each statement, and obtain supporting documentation for the transactions (e.g., each card should have 10 transactions subject to inspection). For each transaction, observe that it is supported by (1) an original itemized receipt that identifies precisely what was purchased, (2) written documentation of the business/public purpose, and (3) documentation of the individuals participating in meals (for meal charges only). For missing receipts, the practitioner should describe the nature of the transaction and observe whether management had a compensating control to address missing receipts, such as a "missing receipt statement" that is subject to increased scrutiny.
- D. Using the list of terminated employees obtained in Payroll and Personnel procedure #9C identify those individuals who had access to cards and randomly select 5 terminated employees (or all terminated employees with card access if less than 5) from this population. Observe evidence that the cards have been deactivated for these terminated employees. In cases where a card is shared by multiple users, obtain evidence that the terminated employees' authorization has been removed.

The Judicial Expense Fund does not have any credit cards.

There were no exceptions for travel reimbursement for the year.

8) *Contracts*

- A. Obtain from management a listing of all agreements/contracts for professional services, materials and supplies, leases, and construction activities that were initiated or renewed during the fiscal period. *Alternatively, the practitioner may use an equivalent selection source, such as an active vendor list.* Obtain management's representation that the listing is complete. - i. Observe whether the contract was bid in accordance with the Louisiana Public Bid Law (e.g., solicited quotes or bids, advertised), if required by law;
 - ii. Observe whether the contract was approved by the governing body/board, if required by policy or law (e.g., Lawrason Act, Home Rule Charter);
 - iii. If the contract was amended (e.g., change order), observe that the original contract terms provided for such an amendment and that amendments were made in compliance with the contract terms (e.g., if approval is required for any amendment, the documented approval); and
 - iv. Randomly select one payment from the fiscal period for each of the 5 contracts, obtain the supporting invoice, agree the invoice to the contract terms, and observe that the invoice and related payment agreed to the terms and conditions of the contract.

No contracts are maintained by the Court.

 - ii. Observe whether supervisors approved the attendance and leave of the selected employees or officials;
 - iii. Observe that any leave accrued or taken during the pay period is reflected in the entity's cumulative leave records; and
 - iv. Observe the rate paid to the employees or officials agrees to the authorized salary/pay rate found within the personnel file.
- C. Obtain a listing of those employees or officials that received termination payments during the fiscal period and management's representation that the list is complete. Randomly select two employees or officials and obtain related documentation of the hours and pay rates used in management's termination payment calculations and the entity's policy on termination payments. Agree the hours to the employee's or official's cumulative leave records, agree the pay rates to the employee's or official's authorized pay rates in the employee's or official's personnel files, and agree the termination payment to entity policy.
