INDEPENDENT AUDITOR'S REPORT

**Honorable Mayor and Members of the City Council
City of Westwego, Louisiana**

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, and each major fund of the City of Westwego, Louisiana, as of and for the year ended December 31, 2025, and the related notes to the financial statements, which collectively comprise the City of Westwego, Louisiana's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to on the previous page present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, and each major fund of the City of Westwego, Louisiana, as of December 31, 2025, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City of Westwego, Louisiana, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events considered in the aggregate that raise substantial doubt about the City of Westwego, Louisiana's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City of Westwego, Louisiana's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events considered in the aggregate that raise substantial doubt about the City of Westwego, Louisiana's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the budgetary comparison information, Schedule of Changes in Total OPEB Liability and Related Ratios, Schedule of Employer's Proportionate Share of Net Pension Liability, and Schedule of the City's Pension contributions, and on pages 4-10 and 60-68 be presented to supplement the basic financial statements. Such information, is the responsibility of the management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the

United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Westwego, Louisiana's basic financial statements. The Justice System Funding Schedule-Collecting/Disbursing Entity, the Justice System Funding Schedule-Receiving Entity, the Schedule of Compensation of Paid Elected Officials, and the Schedule of Compensation, Benefits and Other Payments to Agency Head, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Justice System Funding Schedule-Collecting/Disbursing Entity, the Justice System Funding Schedule-Receiving Entity, the Schedule of Compensation of Paid Elected Officials and the Schedule of Compensation, Benefits and Other Payments to Agency Head are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated June 29, 2026, on our consideration of the City of Westwego, Louisiana's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Westwego, Louisiana's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Westwego, Louisiana's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

CITY OF WESTWEGO, LOUISIANA
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2025

Our discussion and analysis of the City of Westwego's financial performance provides an overview of the financial activities as of and for the fiscal year ended December 31, 2025. Please read it in conjunction with the basic financial statements and the accompanying notes to the financial statements.

USING THE ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities (Government-wide Financial Statements) provide information about the activities as a whole and present a longer-term view of the City's finances. Fund financial statements start on page 13. For governmental activities, these statements tell how these services were financed in short term as well as what remains for future spending. Fund financial statements also report the operation in more detail than the government-wide statements by providing information about the most significant funds.

Government-Wide Financial Statements

One of the most important questions asked about finances is, "Is the City of Westwego as a whole better off or worse as a result of the year's activities?" The Statement of Net Position and the Statement of Activities report information on the City as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the City's net position and changes in it. Net position-the difference between assets and liabilities-is one way to measure the financial health, or financial position of an entity. Over time, increases or decreases in net position is one indicator of whether the entity's financial health is improving or deteriorating. It is important to consider other nonfinancial factors, however, to assess the overall health of the City of Westwego.

Fund Financial Statements

The fund financial statements provide detailed information about the most significant funds-not the City of Westwego as a whole. Some funds are required to be established by State laws.

Fund Financial Statements - continued

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into two categories: governmental funds and proprietary funds.

Governmental Funds

The City uses the governmental type of fund with the following accounting approach. Most of the basic services including general government, public safety, public works, sanitation, health, and recreation are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the general governmental operations and the basic services it provides. Governmental funds information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds are described in reconciliations immediately following the fund financial statements.

Proprietary Funds

Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its Waterworks and Wastewater departments. Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Waterworks and Wastewater departments, which are considered to be major funds of the City. The basic proprietary fund financial statements can be found on pages 17-19.

FINANCIAL HIGHLIGHTS

Our financial statements provide these insights into the results of this year's operation:

- As of December 31, 2025 assets exceeded liabilities by \$58,460,659 (net position) for the fiscal year reported.
- Total net position is comprised of the following:
 - (1) Investment in capital assets of \$61,442,402 including the cost of land, buildings, office equipment, furniture, and fixtures, and automobiles, net of accumulated depreciation reduced by outstanding bonds or notes attributable to the acquisition, construction, or improvement of those assets.
 - (2) Unrestricted net position of \$(9,016,093).
 - (3) Restricted net position of \$6,034,350 representing the portion restricted for specific purposes.
- The governmental fund reported total ending fund balance of \$8,638,436, which was classified as \$268,530 nonspendable, \$1,875,199 restricted, \$2,449,190 committed for future spending, and \$4,045,517 unassigned. This compares to the prior year ending fund balance of \$7,183,571 showing an increase of \$1,454,865 during the current year.
- Total expenses for all governmental activities was \$16,217,302 for the year, which was \$9,108,250 more than the program revenues for the activities - \$7,109,052.

The Statement of Net Position and the Statement of Activities report two types of activities - governmental and business type activities.

FINANCIAL ANALYSIS OF THE CITY OF WESTWEGO AS A WHOLE

The City's net position increased by \$2,232,413 from December 31, 2024 to December 31, 2025 as a result of this year's operations.

The City's total revenues for the year in governmental activities were \$17,505,150 (\$7,109,052 in charges for services and \$10,396,098 in general revenues). The total cost of all governmental activities was \$16,217,302.

CITY OF WESTWEGO, LOUISIANA
MANAGEMENT'S DISCUSSION AND ANALYSIS - CONTINUED
FOR THE YEAR ENDED DECEMBER 31, 2025

FINANCIAL ANALYSIS OF THE CITY OF WESTWEGO'S FUNDS

As we noted earlier, the City uses funds to help it control and manage money for particular purposes. Analysis of funds aids in considering whether the City is being accountable for the resources provided to it, but may also give you more insight into the overall financial health of the City.

As the City completed the year, its governmental fund reported a fund balance of \$8,638,436. This reflects an increase of \$1,454,865 from last year as a result of operations.

GENERAL FUND BUDGETARY HIGHLIGHTS

The original budget for the General Fund's December 31, 2025 fund balance was revised by \$2,203,611. Major budget amendments were approved as follows:

Budgeted revenues decreased by \$2,788,909. This decrease was due primarily to a net decrease in fines, and grant revenue of \$4,221,659 and a net increase in intergovernmental revenue, drug task force revenue, EMS fees, and insurance reimbursements of \$1,203,472.

Budgeted expenditures decreased \$4,992,520 largely due to a decrease in capital expenditures of \$5,342,394, and an increase in general government of approximately \$242,112.

CAPITAL ASSETS

Capital assets, net of accumulated depreciation/amortization, for governmental activities as of December 31, 2025 was \$43,797,857.

This year there were \$2,009,164 of additions and \$294,803 deletions to governmental activities' capital assets. More detailed information about the capital assets is presented in Note 3 to the financial statements.

CITY OF WESTWEGO, LOUISIANA
MANAGEMENT'S DISCUSSION AND ANALYSIS - CONTINUED
FOR THE YEAR ENDED DECEMBER 31, 2025

DEBT

At year-end, the City of Westwego had \$101,693 of long-term compensated absences, \$8,468,047 of other post-employment benefits, \$6,848,641 of net pension liability, \$1,876,935 due to the Municipal Facilities Revolving Loan Fund, and \$166,638 of SBITA's payable.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The City officials considered many factors when budgeting the fiscal year rates and fees that would be charged. One of those factors is new laws and regulations.

The December 31, 2026 budget assumes there will be no significant changes in the City's operations and is based on the assumption that operating expenditures will be reduced through increased management efficiency.

Salaries are budgeted for the year ending December 31, 2026 at an increase of 2% over the year ending December 31, 2025 in anticipation of raises. The expense categories affected by payroll increases are increased accordingly. Casualty insurance expense is budgeted to increase 5% over 2025 levels and health insurance expense is budgeted to increase 10% over 2025 levels. General Fund Capital expenditures are budgeted as \$6,930,423 for the year ending December 31, 2026 and grant revenue is budgeted as \$3,747,761 for the year ending December 31, 2026.

The water rates for 2026 are budgeted to increase by 15% and the CPI index. The wastewater rate for 2026 is budgeted to increase by the CPI index.

CONTACTING FINANCIAL MANAGEMENT

This financial report is designed to provide a general overview of the City of Westwego, Louisiana's finances and to show the City's accountability for the money it receives. If you have questions about this report or need additional information, contact the Honorable Robert E. Billiot, Sr., Mayor, City of Westwego, Louisiana, at phone number (504) 347-5745.

Amounts reported in governmental activities
in the government-wide Statement of
Activities are different because:

Governmental funds report capital
outlays as expenditures. However, in
the government-wide Statement of
Activities, the cost of those assets
is allocated over their estimated
useful lives and reported as depreciation
expense.

Capital outlay which is considered expenditures on the Statement of Revenues, Expenditures, and Changes in Fund Balance	\$ 2,009,164

NOTES TO FINANCIAL STATEMENTS

CITY OF WESTWEGO, LOUISIANA
NOTES TO FINANCIAL STATEMENTS
December 31, 2025

INTRODUCTION

The City of Westwego was incorporated January 18, 1919, under the provisions of Louisiana Revised Statutes 33:321 et. seq., which provisions are commonly known as the Lawrason Act. The City operates under a Mayor and City Council form of government and provides the following services as authorized by its charter: public safety (police and fire), streets, drainage, sanitation, health, social services, recreation, public improvements, planning and zoning, and general administrative services.

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Financial Reporting Entity

The accompanying financial statements include all funds of the City of Westwego. There are no component units which are controlled by or fiscally dependent on the City which should be included to form the reporting entity. Control by or fiscal dependence on the City was determined on the basis of budget adoption, taxing authority, authority to issue debt, election or appointment of governing body, and financial accountability.

The following organizations conduct an activity entirely within the City for the benefit of the City's residents but are not considered a part of the reporting entity because the City does not exercise control over them and they are fiscally independent of the city:

Westwego Housing Authority
Westwego Volunteer Fire Company #1

B. Basis of Presentation

The accompanying basic financial statements of the City of Westwego have been prepared in conformity with governmental accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The accompanying basic financial statements have been prepared in conformity with GASB Statement 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*.

CITY OF WESTWEGO, LOUISIANA
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
December 31, 2025

B. Basis of Presentation - continued

Government-Wide Financial Statements (GWFS)

The Statement of Net Position and the Statement of Activities display information about the City as a whole. These statements include all the financial activities of the City. Information contained in these statements reflects the economic resources measurement focus on the accrual basis of accounting. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange or exchange-like transactions are recognized when the exchange occurs (regardless of when cash is received or disbursed). Revenues, expenses, gains, losses, assets, and liabilities resulting from nonexchange transactions are recognized in accordance with the requirements of GASB Statement No. 33, *Accounting and Financial Reporting for Nonexchange Transactions*.

The statement of activities presents a comparison between direct expenses and program revenues for each of the functions of the City's governmental activities. Direct expenses are those that are specifically associated with a service, program, or department and are, therefore, clearly identifiable to a particular function. There are no indirect expenses allocated in the Statement of Activities. Program revenues include (a) fees and charges paid by the recipients of services offered by the City, and (b) grants and contributions that are restricted to meeting the operational or capital requirement of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements (FFS)

The City uses funds to maintain its financial records during the year. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to certain City functions and activities. A fund is defined as a separate fiscal and accounting entity with a self-balancing set of accounts. The various funds of the City are classified into two categories: governmental and proprietary. The emphasis on fund financial statements is on major funds, each displayed in a separate column. A fund might be considered major if it is the primary operating fund of the City or its total assets and deferred outflows of resources, liabilities and deferred inflows of resources, revenues, or expenditures of the individual governmental fund is at least 10 percent of the corresponding total for all governmental funds. At December 31, 2025, the City had only one governmental fund, its General Fund, and two proprietary funds, its Waterworks and Wastewater Enterprise Funds. The City's funds are described as follows:

B. Basis of Presentation - continued

Governmental Fund

General Fund - This fund is the primary operating fund of the City and it accounts for all financial resources, except those required to be accounted for in other funds. The General Fund is available for any purpose provided it is expended or transferred in accordance with state and federal laws and according to City policy.

Proprietary Funds - Proprietary Funds are used to account for activities that are similar to those often found in the private sector. All assets, liabilities, equities, revenues, expenses and transfers relating to the government's business-type activities are accounted for through proprietary funds. The measurement focus is on the determination of net income, financial position, and cash flows. Operating expenses include costs of services as well as materials, contracts, personnel, and depreciation. The business-type activities and the proprietary fund financial statements follow guidance included in GASB Statement No. 62 - Codification of Accounting and Financial Reporting Guidance contained in Pre-November 1989 FASB and AICPA Pronouncements.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses and depreciation of capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Enterprise Funds - These funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

C. Measurement Focus/Basis of Accounting

Measurement focus refers to what is being measured; basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. The economic resources measurement focus means all assets and liabilities (whether current or non-current) are included on the statement of net position and the operating statements present increases (revenues) and decreases (expenses) in net total position. Under the accrual basis of accounting, revenues are recognized when earned. Expenses are recognized at the time the liability is incurred.

Governmental fund financial statements are reported using the current financial resources measurement focus and are accounted for using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when they become measurable and available. "Measurable" means the amount of the transaction can be determined, and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Taxpayer-assessed revenues, such as sales taxes, are considered "measurable" when in the hands of intermediary collecting governments and are recognized as revenue of the period in which collected by merchants. Anticipated refunds of such taxes are recorded as liabilities and reductions of revenue when they are measurable and their validity seems certain. Property taxes are recognized as revenue of the year for which budgeted. The primary revenue sources that have been treated as "susceptible to accrual" under the modified accrual basis are sales taxes, grants, and various fees. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Materials and supplies are recorded as expenditures at the time of purchase. Inventory of such items on hand at year-end are not material to the financial statements.

Proprietary funds are accounted for using the accrual basis of accounting. Their revenues are recognized when they are earned, and their expenses are recognized when they are incurred. Unbilled Water and Sewerage Fund utility service receivables are recorded at year-end.

D. Budgets and Budgetary Accounting

The City follows these procedures in establishing the budgetary data presented in the financial statements:

1. A general summary of the proposed budget is published 10 days prior to a public hearing.
2. A public hearing is conducted at City Hall to obtain taxpayer comments.

D. Budgets and Budgetary Accounting - continued

3. Prior to December 31, the budget is legally enacted through passage of an ordinance. In the event the budget is not adopted by December 31, the temporary budget for the ensuing year is based on 50% of the expenditures of the prior year. The original budget for the year ended December 31, 2025 is as adopted on November 11, 2024 and the amended budget as adopted on November 10, 2025.
4. The budget for the General Fund is adopted on a basis consistent with generally accepted accounting principles (GAAP).
5. The adopted operating budget of expenditures operates as an appropriation and amounts are available for expenditure only to the extent included within the budget. At the end of the fiscal year, the unexpended balance of each appropriation reverts to the respective fund from which it was appropriated and is subject to future appropriation. Outstanding encumbrances which are not canceled are included as part of the next year's budget.
6. The adopted operating budget may be amended in an open meeting of the Mayor and City Council. The budget amendment cannot be adopted proposing expenditures which exceed the total of estimated funds available for the fiscal year.

E. Allowance for Uncollectible Receivables

An allowance for estimated uncollectible receivables was established in prior years based on historical collection experience and other relevant circumstances. At December 31, 2025, all receivables are considered collectible and, therefore, an allowance was not required.

F. Capital Assets

Capital outlays are recorded as expenditures in the General Fund and as capital assets in the government-wide financial statements to the extent of the City's capitalization threshold of \$500. Depreciation is recorded on such assets on a straight-line basis over their estimated useful lives. Capital outlays of the Proprietary Funds are recorded as fixed assets and depreciated over their estimated useful lives on a straight-line basis for both the fund financial statements and government-wide financial statements. All fixed assets are stated at their historical cost or estimated historical cost if actual cost was not available. Donated fixed assets are stated at their estimated fair market value on the date donated.

G. On-Behalf Payments

Supplemental pay which is paid directly to employees of the City of Westwego Fire Department, and paid directly to the City for the Police Department, by the State of Louisiana, Department of Public Safety, are recognized as intergovernmental revenue and salaries expenditure in the year in which paid. For the year ended December 31, 2025, the amount recognized as revenue and expenditure was \$297,120.

H. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenditures, and expenses during the reporting period. Actual results could differ from those estimates.

I. Fund Balance

During the fiscal year ended December 31, 2011, the City of Westwego implemented GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. This Statement provides more clearly defined fund balance categories to make the nature and extent of the constraints placed on a government's fund balances more transparent. The following classifications describe the relative strength of the spending constraints:

- a. Nonspendable - amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.
- b. Restricted - amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.
- c. Committed - amounts that can be used only for specific purposes determined by a formal decision of the City's Mayor and City Council members, which is the highest level of decision-making authority for the City.

CITY OF WESTWEGO, LOUISIANA
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
December 31, 2025

I. Fund Balance - continued

d. Assigned - amounts that are constrained by the City Council Members' intent to be used for specific purposes, but are neither restricted nor committed. The authority for assigning fund balance is expressed by the City Council.

e. Unassigned - all other spendable amounts.

The City applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used. The City does not have a formal minimum fund balance policy.

J. Net Position

Net position comprises the various net earnings from revenues and expenses. Net position is classified in the following components:

- a. Invested in capital assets, net of related debt - consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position - Consists of assets and deferred outflows of resources less liabilities and deferred inflows of resources (net position) with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position - All other net position that does not meet the definition of "restricted" or "invested in capital assets, net of related debt."

CITY OF WESTWEGO, LOUISIANA
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

K. Deferred Inflows and Outflows of Resources

The City reports deferred inflows of resources when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period. Deferred inflows of resources also arise when resources are received by the City before it has a legal claim to them as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the City has a legal claim to the resources, deferred inflows of resources are removed and revenues are recognized.

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position or fund balance that applies to a future period(s) and thus, will not be recognized as an outflow of resources (expense/expenditure) until then.

L. Pension Liability

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Municipal Employees Retirement System (MERS), Municipal Police Employees Retirement System (MPERS), and Firefighters' Retirement System (FRS) and additions to/deductions from MERS, MPERS and FRS fiduciary net position have been determined on the same basis as they are reported by MERS, MPERS and FRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

M. New Accounting Pronouncement

For the year ended December 31, 2025, the City adopted Governmental Accounting Standards Board (GASB) Statement No. 102, *Certain Risk Disclosures*, which is effective for fiscal years beginning after June 15, 2024, and all reporting periods thereafter. GASB Statement No. 102 establishes note disclosure requirements about a government's vulnerabilities due to certain concentrations and constraints when specified criteria are met. The adoption of GASB Statement No. 102 did not require changes to the City's financial statements.

(2) CASH AND CASH EQUIVALENTS

For financial reporting purposes and for the statement of cash flows, cash and cash equivalents includes petty cash and demand deposits.

These deposits are stated at cost, which approximates market. Under state law, these deposits must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

The following is a summary of cash at December 31, 2025.

Petty cash and demand deposits:	
Unrestricted	\$ 9,597,574
Restricted	<u>473,848</u>
	<u>\$10,071,422</u>

The bank balances at December 31, 2025 were \$9,824,358 which were fully covered by federal depository insurance or pledged securities. The pledged securities are held by the custodial bank in the name of the fiscal agent bank.

Custodial credit risk is defined as the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its deposit or collateral securities that are in the possession of an outside party. The City's bank balance of \$9,824,358 at December 31, 2025 were fully insured and collateralized with securities held in joint custody. The City has no formal policy regarding custodial credit risk.

Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the City of Westwego that the fiscal agent has failed to pay deposited funds upon demand.

(4) RETIREMENT PLANS

Substantially all employees of the City of Westwego are members of the following statewide retirement systems: Municipal Employees Retirement System of Louisiana, Municipal Police Employees Retirement System of Louisiana, or Firefighters' Retirement System of Louisiana. These systems are cost sharing, multiple-employer defined benefit pension plans administered by separate boards of trustees. Pertinent information relative to each plan follows:

Municipal Employees Retirement System of Louisiana (MERS)

Plan Description - The Municipal Employees' Retirement System of Louisiana (the System) is the administrator of a cost-sharing, multiple-employer defined benefit pension plan which is administered by a Board of Trustees. The System was originally established by Act 356 of the 1954 regular session of the Legislature of the State of Louisiana, and is provided for by R.S. 11:1731.

The System provides retirement benefits to employees of all incorporated villages, towns and cities within the State which do not have their own retirement system and which elect to become members of the System. For the year ended June 30, 2025 there were 89 contributing municipalities in Plan A.

Eligibility Requirements - Membership is mandatory as a condition of employment beginning on the date employed if the employee is on a permanent basis working at least thirty-five hours per week. Those individuals paid jointly by a participating employer and a parish are not eligible for membership in the System with exceptions as outlined in the statutes.

Benefits Provided - The following is a description of the plan and its benefits and is provided for general information purposes only. Participants should refer to the appropriate statutes for more complete information.

Retirement Benefits

Any member of Plan A who was hired before January 1, 2013 can retire providing the member meets one of the following criteria:

1. Any age with twenty-five (25) or more years of creditable service.
2. Age 60 with a minimum of ten (10) years of creditable service.
3. Any age with 20 years of creditable service, exclusive of military service and unused annual and sick leave, with an actuarially reduced early benefit.

CITY OF WESTWEGO, LOUISIANA
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
December 31, 2025

(4) RETIREMENT PLANS - continued

Eligibility for Retirement for Plan A Tier 2 members hired on or after January 1, 2013 is as follows:

1. Age 67 with seven (7) or more years of creditable service
2. Age 62 with ten (10) or more years of creditable service
3. Age 55 with thirty (30) or more years of creditable service
4. Any age with twenty-five (25) years of creditable service, exclusive of military service and unused annual and sick leave, with an actuarially reduced early benefit.

Generally, the monthly amount of the retirement allowance for any member of Plan A Tier 2 shall consist of an amount equal to 3% of the member's final compensation multiplied by his years of creditable service. Final compensation is the average monthly earnings during the highest 60 consecutive months, or joined months if service was interrupted. However, under certain conditions as outlined in the statutes, the benefits are limited to specified amounts.

Survivor Benefits

Upon death of any member of Plan A with five (5) or more years of creditable service, not eligible for normal retirement, the plan provides for benefits for the surviving spouse and/or minor children as outlined in the statutes.

Any Plan A member who is eligible for normal retirement at time of death and who leaves a surviving spouse will be deemed to have retired and selected Option 2 benefits on behalf of the surviving spouse on the date of death. Such benefits will begin only upon proper application and are paid in lieu of any other survivor benefits.

Deferred Retirement Option Plan (DROP)

In lieu of terminating employment and accepting a service retirement allowance, any member who is eligible to retire may elect to participate in the deferred retirement option plan (DROP) for up to three years and defer the receipt of benefits. During participation in the plan, employer contributions are payable but employee contributions cease. The monthly retirement benefits that would be payable, had the person elected to cease employment and receive a service retirement allowance, are paid into the DROP fund. Interest is earned when the member has completed DROP participation. Interest earnings are based upon the actual rate of return on the investments identified as DROP funds for the period. In addition, no cost-of-living increases are payable to participants until employment which made them eligible to become members of the System has been terminated for at least one full year.

CITY OF WESTWEGO, LOUISIANA
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
December 31, 2025

(4) RETIREMENT PLANS - continued

Upon termination of employment prior to or at the end of the specified period of participation, a participant in the DROP may receive, at his option, a lump sum from the account equal to the payments into the account, a true annuity based upon his account balance in that fund, or any other method of payment if approved by the Board of Trustees. If a participant dies during participation in the DROP, a lump sum equal to the balance in his account shall be paid to his named beneficiary or, if none, to his estate. If employment is not terminated at the end of the three years, payments into the DROP fund cease and the person resumes active contributing membership in the System.

Disability Benefits

For Plan A, a member shall be eligible to retire and receive a disability benefit if he has at least five years of creditable service, is not eligible for normal retirement, and has been officially certified as disabled by the State Medical Disability Board. Upon retirement caused by disability, a member of Plan A shall be paid a disability benefit equal to the lesser of forty-five percent of his final compensation or three percent of his final compensation multiplied by his years of creditable service, whichever is greater, or an amount equal to three percent of the member's final compensation multiplied by his years of creditable service projected to his earliest normal retirement age.

Cost of Living Increases

The System is authorized under state law to grant a cost-of-living increase to members who have been retired for at least one year. The adjustment cannot exceed 2% of the retiree's original benefit for each full calendar year since retirement and may only be granted if sufficient funds are available from investment income in excess of normal requirements. State law allows the System to grant an additional cost of living increase to all retirees and beneficiaries who are age sixty-five and above equal to 2% of the benefit being received on October 1, 1977, or the original benefit, if retirement commenced after that date.

Deferred Benefit

The plan provides for deferred benefits for members who terminate before being eligible for retirement. Once the member reaches the appropriate age for retirement, benefits become payable. Benefits are based on statutes in effect at time of withdrawal.

Contributions - According to state statute, contribution requirements for all employers are actuarially determined each year. For the System's year ending June 30, 2025, the actual employer contribution rate was 28% for Plan A.

CITY OF WESTWEGO, LOUISIANA
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

(4) RETIREMENT PLANS - continued

In accordance with state statute, the System receives ad valorem taxes and state revenue sharing funds. These additional sources of income are used as additional employer contributions and are considered support from non-employer contributing entities.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At December 31, 2025, the City reported a liability of \$2,271,049 for its proportionate share of the Net Pension Liability. The Net Pension Liability was measured as of June 30, 2025 and the total pension liability used to calculate the Net Pension Liability was determined by an actuarial valuation date. The City's proportion of the Net Pension Liability was based on a projection of the City's projected contribution effort to the plan for the next fiscal year as compared to the total of all employers' projected contribution effort to the plan for the next fiscal year actuarially determined. At June 30, 2025, the City's proportion was 0.990762%, which was a decrease of 0.024073% from its proportion measured as of June 30, 2024.

For the year ended December 31, 2025, the City recognized pension expense of \$212,365. At December 31, 2025, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Discount Rate

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimated ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation and an adjustment for the effect of rebalancing/diversification.

The target allocation and best estimates of arithmetic real rates of return for each major asset class included in the System's target allocation as of June 30, 2025 are summarized in the following table:

Asset Class	Target Asset Allocation	Long-Term Expected Portfolio Real Rate of Return
Public equity	53%	2.31%
Public fixed income	29%	1.26%
Alternatives	18%	.78%
Totals	100%	4.35%
Inflation		2.50%
Expected Arithmetic Nominal Return		6.85%

The discount rate used to measure the total pension liability was 6.85% for the year ended June 30, 2025. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers will be made at the actuarially determined rates, which are calculated in accordance with relevant statutes and approved by the Board of Trustees and the Public Retirement Systems' Actuarial Committee. Based on those assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Changes in Net Pension Liability

The effects of certain other changes in the net pension liability are required to be included in pension expense over the current and future periods. The effects on the total pension liability of (1) changes of economic and demographic assumptions or of other inputs and (2) differences between expected and actual experience are required to be included in pension expense in a systematic and rational manner over a closed period equal to the average of the expected remaining service lives of all employees that are provided with benefits through the pension plan (active employees and inactive employees), determined as of the beginning of the measurement period. The effect on net pension liability of differences between the projected earnings on pension plan investments and actual experience with regard to those earnings is required to be included in pension expense (benefit) in a systematic and rational manner over a closed period of five years, beginning with the current period.

Municipal Police Employees Retirement System (MPERS)

Plan Description - The Municipal Police Employees' Retirement System (MPERS) is a cost-sharing multiple-employer defined benefit plan. Membership in the System is mandatory for any full-time police officer employed by a municipality of the State of Louisiana and engaged in law enforcement, empowered to make arrests, provided he or she does not have to pay social security and providing he or she meets the statutory criteria. The System provides retirement benefits for municipal police officers. The projections of benefit payments in the calculation of the total pension liability includes all benefits to be provided to current active and inactive employees through the System in accordance with benefit terms and any additional legal agreements to provide benefits that are in force at the measurement date.

Benefit provisions are authorized within Act 189 of 1973 and amended by LRS 11:2211-11:2233. The following is a brief description of the plan and its benefits and is provided for general information purposes only. Participants should refer to the appropriate statutes for more complete information.

Retirement Benefits

Membership Prior to January 1, 2013 - A member is eligible for regular retirement after he has been a member of the System and has 25 years of creditable service at any age or has 20 years of creditable service and is age 50 or has 12 years creditable service and is age 55. A member is eligible for early retirement after he has been a member of the System for 20 years of creditable service at any age with an actuarially reduced benefit.

Benefit rates are 3 1/3% of average final compensation (average monthly earnings during the highest 36 consecutive months or joined months if service was interrupted) per number of years of creditable service not to exceed 100% of final salary.

Upon the death of an active contributing member, or disability retiree, the plan provides for surviving spouses and minor children. Under certain conditions outlined in the statutes, the benefits range from 40% to 60% of the member's average final compensation for the surviving spouse. In addition, each child under age 18 receives benefits equal to 10% of the member's average final compensation or \$200 per month, whichever is greater.

Membership Commencing January 1, 2013 - Member eligibility for regular retirement, early retirement, disability and survivor benefits are based on Hazardous Duty and Non Hazardous Duty sub plans. Under the Hazardous Duty sub plan, a member is eligible for regular retirement after he has been a member of the System and has 25 years of creditable service at any age or has 12 years of creditable service at age 55. Under the Non Hazardous Duty sub plan, a member is eligible for regular retirement after he has been a member of the System and has 30 years of creditable service at any age, 25 years of creditable service at age 55, or 10 years of creditable service at age 60. Under both sub plans, a member is eligible for early retirement after he has been a member of the System for 20 years of creditable service at any age, with an actuarially reduced benefit from age 55.

Under the Hazardous and Non Hazardous Duty sub plans, the benefit rates are 3% (generally) and 2 1/2%, respectively, of average final compensation (average monthly earnings during the highest 60 consecutive months or joined months if service was interrupted) per number of years of creditable service not to exceed 100% of final salary.

(4) RETIREMENT PLANS - continued

Upon death of an active contributing member, or disability retiree, the plan provides for surviving spouses and minor children. Under certain conditions outlined in the statutes, the benefits range from 25% to 55% of the member's average final compensation for the surviving spouse. In addition, each child under age 18 receives 10% of average final compensation or \$200 per month whichever is greater. If deceased member had less than 10 years of service, beneficiary will receive a refund of employee contributions only.

Cost of Living Adjustments

The (MPERS) Board of Trustees is authorized to provide annual cost-of-living adjustments computed on the amount of the current regular retirement, disability, beneficiary, or survivor's benefit, not to exceed 3% in any given year. The Board is authorized to provide an additional 2% COLA, computed on the member's original benefit, to all regular retirees, disability, survivors, and beneficiaries who are 65 years of age or older on the cut-off date which determines eligibility.

No regular retiree, survivor or beneficiary shall be eligible to receive a cost-of-living adjustment until benefits have been received at least one full fiscal year and the payment of such COLA, when authorized, shall not be effective until the lapse of at least one-half of the fiscal year. Members who elect early retirement are not eligible for a cost-of-living adjustment until they reach regular retirement age.

A COLA may only be granted if funds are available from interest earnings in excess of normal requirements, as determined by the actuary.

Deferred Retirement Option Plan (DROP)

A member is eligible to elect to enter the deferred retirement option plan (DROP) when he is eligible for regular retirement based on the members' plan participation. Upon filing the application for the program, the employee's active membership in the System is terminated. At the entry date into the DROP, the employee and employer contributions cease. The amount to be deposited into the DROP account is equal to the benefit computed under the retirement plan elected by the participant at date of application. The duration of participation in the DROP is 36 months or less. For those employees who enter DROP after June 30, 2024, participation in the DROP is 60 months or less. If employment is terminated after the DROP period, the participant may receive his benefits by lump sum payment or a true annuity. If employment is not terminated, active contributing membership into the System shall resume and upon later termination, he shall receive additional retirement benefit based on the additional service. For those eligible to enter DROP prior to January 1, 2004, DROP accounts shall earn interest subsequent to the termination of DROP participation at a rate of half of one percentage point below the percentage rate of return of the System's investment portfolio as certified by the actuary on an annual basis but will never lose money. For those eligible to enter DROP subsequent to January 1, 2004, but before July 1, 2019, an irrevocable election is made to earn interest based on the System's investment portfolio return or a money market investment return. This could result in a negative earnings rate being applied to the account.

(4) RETIREMENT PLANS - continued

If the member elects a money market investment return, the funds are transferred to a government money market account and earn interest at the money market rate. If the member elects a money market investment account the funds are transferred to a government money market account. Pursuant to Act 78 of the 2019 Regular Session of the Louisiana Legislature, DROP members can self-direct their DROP funds. For those members who elected to self-direct their DROP funds the System transferred lump sum distributions to the stable value fund of Empower Retirement. Empower Retirement acts as an agent of the System to allow participants to self-direct the investment of their lump sum balances. Participants can irrevocably elect to participate in the self-directed portion of the program. If they do so, they can invest in Vanguard Lifestrategy Funds through Empower Retirement.

Initial Benefit Option Plan

In 1999, the State Legislature authorized the System to establish an Initial Benefit Option program. Initial Benefit Option is available to members who are eligible for regular retirement and have not participated in DROP. The Initial Benefit Option program provides both a one-time single sum payment of up to 36 months of regular monthly retirement benefit, plus a reduced monthly retirement benefit for life. Interest is computed on the balance based on same criteria as DROP.

Statutes should be read for more detail on eligibility and benefit provisions.

Contributions - Contributions for all members are actuarially determined as required by state law but cannot be less than 9% of the employees' earnable compensation excluding overtime but including state supplemental pay.

For the year ended June 30, 2025, total contributions due from employers and employees were as follows:

	Contribution Rates		
	<u>Employee</u>	<u>Employer</u>	<u>Total</u>
Member hired prior to 1/1/2013	10.00%	35.600%	45.600%
Hazardous Duty Members hired after 1/1/2013	10.00%	35.600%	45.600%
Non Hazardous Duty Members hired after 1/1/2013	8.00%	35.600%	43.600%
Members whose earnable compensation is less than the poverty guidelines	7.50%	38.100%	45.600%

Non-employer contributions

The System also receives insurance premium tax monies as additional employer contributions. The tax is considered support from a non-contributing entity and appropriated by the legislature each year based on an actuarial study. Non-employer contributions were recognized as revenue during the year ended June 30, 2025 and excluded from pension expense.

The City's contractually required composite contribution rate for the year ended December 31, 2025 was 35.60% of annual payroll, from January 1, 2025 to June 30, 2025 and 33.475% from July 1, 2025 to December 31, 2025.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pension

At December 31, 2025, the City reported a liability of \$3,843,485 for its proportionate share of the Net Pension Liability. The Net Pension Liability was measured as of June 30, 2025 and the total pension liability used to calculate the Net Pension Liability was determined by an actuarial valuation as of that date. The City's proportion of the Net Pension Liability was based on a projection of the City's projected contribution effort to the plan for the next fiscal year as compared to the total of all employers' projected contribution effort to the plan for the next fiscal year, actuarially determined. At June 30, 2025, the City's proportion was 0.556535%, which was a decrease of 0.029967% from its proportion measured as of June 30, 2024.

For the year ended December 31, 2025, the City recognized pension expense of \$179,395. At December 31, 2025, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Cost of Living Adjustments	The present value of future retirement benefits is based on benefits currently being paid by the System and includes previously granted cost of living increases. The present values do not include provisions for potential future increases not yet authorized by the Board of Trustees.
----------------------------	--

The mortality rate assumption used was set based upon an experience study for the period July 1, 2019 through June 30, 2024. A change was made to full generational mortality which combines the use of a base mortality table with appropriate mortality improvement scales. In order to set the base mortality table, actual plan mortality experience was assigned a credibility weighting and combined with a standard table to produce current levels of mortality.

The best estimates of the arithmetic rates of return for each major asset class included in the System's target asset allocation as of June 30, 2025 are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Portfolio Real Rate of Return
Equity	51.00%	3.20%
Fixed income	35.00%	1.21%
Alternative	14.00%	1.04%
Totals	100.00%	5.45%
Inflation		2.67%
Expected Arithmetic Return		8.12%

The discount rate used to measure the total pension liability was 6.750%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers will be made at the actuarially determined rates approved by PRSAC taking into consideration the recommendation of the System's actuary. Based on those assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Any person who becomes an employee as defined in RS 11:2252 on and after January 1, 1980, shall become a member as a condition of employment. Members in the System consist of full-time firefighters, eligible employees of the retirement system, or any person in a position as defined in the municipal fire and police civil service system that earns at least \$375 per month, excluding state supplemental pay, and is employed by a fire department of any municipality, parish, or fire district of the state of Louisiana, except for Orleans Parish and the City of Baton Rouge.

No person who has attained age 50 or over shall become a member of the System unless the person becomes a member by reason of a merger or unless the System received an application for membership before the applicant attained the age of 50. No person who has not attained the age of 18 years shall become a member of the System.

Any person who has retired from service under any retirement system or pension fund maintained basically for public officers and employees of the state, its agencies or political subdivisions, and who is receiving retirement benefits therefrom may become a member of this System, provided the person meets all other requirements for membership. Service credit from the retirement system or pension plan from which the member is retired shall not be used for reciprocal recognition of service with this System, or for any other purpose in order to attain eligibility or increase the amount of service credit in this System.

Retirement Benefits - Employees with 20 or more years of service who have attained age 50, or employees who have 12 years of service who have attained age 55, or 25 years of service at any age are entitled to annual pension benefits equal to 3.333% of their average final compensation based on the 36 consecutive months of highest pay multiplied by their total years of service, not to exceed 100%. Employees may elect to receive their pension benefits in the form of a joint and survivor annuity.

If employees terminate before completing 12 years of service, they forfeit the right to receive the portion of their accumulated plan benefits attributable to their employer's contributions.

Benefits are payable over the retirees' lives in the form of a monthly annuity. A member may elect the maximum benefit (unreduced benefit which ceases upon the member's death) or any of six other options at retirement.

See R.S. 11:2256(A) for additional details on retirement benefits.

Death Benefits

Benefits shall be payable to the surviving eligible spouse or designated beneficiary of a deceased member as specified in R.S. 11:2256(B) & (C).

Disability Benefits

A member who acquires a disability, and who files for disability benefits while in service, and who upon medical examination and certification as provided for in Title 11, is found to have a total disability solely as the result of injuries sustained in the performance of his official duties, or for any cause, provided the member has at least five years of creditable service and provided that the disability was incurred while the member was an active contributing member in active service, shall be entitled to disability benefits under the provisions of R.S. 11:2258(B).

Deferred Retirement Option Plan (DROP) - After completing 20 years of creditable service and attaining the age of 50 years, or 25 years at any age, a member may elect to participate in the deferred retirement option plan (DROP) for up to 36 months.

Upon commencement of participation in DROP, employer and employee contributions to the System cease. The monthly retirement benefit that would have been payable is paid into the member's DROP account. Upon termination of employment, a participant in the program has several options to receive their DROP benefit. A member may (1) elect to roll over all or a portion of their DROP balance into another eligible qualified plan, (2) receive a lump-sum payment from the account, (3) receive single withdrawals at the discretion of the member, (4) receive monthly or annual withdrawals, or (5) receive an annuity based on the DROP account balance. These withdrawals are in addition to the member's regular monthly benefit.

If employment is not terminated at the end of the 36 months, the participant resumes regular contributions to the System. No withdrawals may be made from the DROP account until the participant retires.

Initial Benefit Option Plan - Effective June 16, 1999, members eligible to retire and who do not choose to participate in DROP may elect to receive, at the time of retirement, an initial benefit option (IBO) in an amount up to 36 months of benefits, with an actuarial reduction of their future benefits. Such amounts may be withdrawn or remain in the IBO account earning interest at the same rate as the DROP account.

Cost of Living Adjustments (COLAs)

Under the provisions of R.S. 11:246 and 11:2260(A)(7), the Board of Trustees is authorized to grant retired members and widows of members who have retired an annual cost of living increase of up to 3% of their current benefit, and all retired members and widows who are 65 years of age and older a 2% increase in their original benefit. In order for the board to grant either of these increases, the System must meet certain criteria detailed in the statute related to funding status and interest earnings (R.S. 11:243). In lieu of these COLAs, pursuant to R.S. 11:241, the board may also grant an increase based on a formula equal to up to \$1 times the total number of years of credited service accrued at retirement or at death of the member or retiree plus the number of years since retirement or since death of the member or retiree to the system's fiscal year end preceding the payment of the benefit increase. If there are not sufficient funds to fund the benefit at the rate of one dollar per year for such total number of years, then the rate shall be reduced in proportion to the amount of funds that are available to fund the cost-of-living adjustment.

Contributions - Employer contributions are actuarially determined each year. For the plan year ended June 30, 2025, employer and employee contributions for members above the poverty line were 33.25% and 10.0%, respectively. The employer and employee contribution rates for those members below the poverty line were 35.25% and 8.0%, respectively.

Non-employer contributions - The System also receives insurance premium assessments from the State of Louisiana. The assessment is considered support from a non-employer contributing entity and appropriated by the legislature each year based on an actuarial study. Non-employer contributions were recognized as revenue during the year ended June 30, 2025 and were excluded from pension expense.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pension

At December 31, 2025, the City reported a liability of \$734,107 for its proportionate share of the Net Pension Liability. The Net Pension Liability was measured as of June 30, 2025 and the total pension liability used to calculate the Net Pension Liability was determined by an actuarial valuation as of that date. The City's proportion of the Net Pension Liability was based on a projection of the City's projected contribution effort to the plan for the next fiscal year as compared to the total of all employers' projected contribution effort to the plan for the next fiscal year, actuarially determined. At June 30, 2025, the City's proportion was 0.174286%, which was a decrease of .00588% from its proportion measured as of June 30, 2024.

A summary of the actuarial methods and assumptions used in determining the total pension liability as of June 30, 2025, are as follows:

- For active members, mortality was set equal to the Pub-2016 Public Retirement Plans Mortality Table for Safety Below-Median Employees.
- For annuitants and beneficiaries, mortality was set equal to the Pub-2016 Public Retirement Plans Mortality Table for Safety Below-Median Healthy Retirees.
- For disabled retirees, mortality was set equal to the Pub-2016 Public Retirement Plans Mortality Table for Safety Disabled Retirees.
- In all cases the base table was multiplied by 110% for males and 110% for females, each with full generational projection using the appropriate MP2021 scale.

The estimated long-term expected rate of return on pension plan investments was determined by the System's actuary using the System's target asset allocation and the Curran Actuarial Consulting average study. The consultant's average study included projected nominal rates of return, standard deviations of returns, and correlations of returns for a list of common asset classes collected from several investment consultants and investment management firms. The target asset allocation changed slightly from June 2024 to June 2025. The changes to the target asset allocation are reflected in the table below. The System's long-term assumed rate of inflation of 2.50% was used in this process for the fiscal year ended June 30, 2025.

Best estimates of arithmetic real rates of return for each major class included in the System's target asset allocation as of June 30, 2025, are summarized in the following table:

The discount rate used to measure the total pension liability was 6.90%. The projection of cash flows used to determine the discount rate assumes that contributions from plan members will be made at the current contribution rates and that contributions from participating employers and non-employer contributing entities will be made at the actuarially determined rates approved by the Board of Trustees and by the Public Retirement Systems' Actuarial Committee taking into consideration the recommendation of the System's actuary. Based on these assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity to Changes in Discount Rate - The following presents the net pension liability of the City calculated using the discount rate of 6.90%, as well as what the employers' net pension liability would be if it were calculated using a discount rate that is one percentage point lower, (5.90%) or one percentage point higher, (7.90%) than the current rate calculated at June 30, 2025.

Actuarial Assumptions and other inputs - The total OPEB liability in the December 31, 2025 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.5%			
Salary increases	Service	MERS	MPERS	FRS
	1-2	9.00%	12.30%	14.10%
	3+	4.40%	4.70%	5.20%
Discount rate	3.26% annually (Beginning of Year)			
	4.83% annually (As of End of Year Measurement Date)			
Healthcare cost trend rates	Getzen model, with an initial trend of 5.5%			
Mortality (MERS)	PubG.H-2010(B) *1.15(M) & 1.2(F) with full generational mortality projection using the MP-2021 scale			
Mortality (MPERS)	PubS.H-2010(B) *1.15(M) & 1.2(F) with full generational mortality projection using the MP-2019 scale			
Mortality (FRS)	PubS.H-2010(B) *1.05(M) & 1.15(F) with full generational mortality projection using the MP-2019 scale			

The discount rate was based on the Bond Buyers' 20 Year General Obligation municipal bond index as of December 31, 2025, the end of the applicable measurement period.

The actuarial assumptions used in the December 31, 2025 valuation were based on the results of ongoing evaluations of the assumptions from January 1, 2009 to December 31, 2024.

(16) UNCERTAINTIES

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern", and on March 11, 2020, declared it to be a pandemic. Actions taken around the world to help mitigate the spread of the coronavirus include restrictions on travel, quarantines in certain areas, and forced closures for certain types of public places and businesses. The coronavirus and actions taken to mitigate it have had, and are expected to continue to have, an adverse impact on the economies and financial markets of many countries, including the geographical area in which the City operates. It is unknown how long these conditions will last and what the complete financial effect will be to the City's office.

The City was awarded a Coronavirus State and Local Fiscal Recovery Funds grant through the State of Louisiana Division of Administration and recorded grant revenue totaling \$3,084,408 as of December 31, 2025. Under the terms of the agreement, the City had until December 21, 2024 to obligate these funds and until December 21, 2026 to spend these funds in accordance with the compliance requirements.

(17) SUBSEQUENT EVENTS

Management of the City of Westwego has evaluated subsequent events through June 29, 2026, the date which the financial statements were available to be issued. The City is not aware of any subsequent events which would require recognition or disclosure in the financial statements.

CITY OF WESTWEGO, LOUISIANA
NOTES TO SCHEDULE OF EXPENDITURE OF FEDERAL AWARDS
DECEMBER 31, 2025

NOTE A – BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (SEFA) includes the federal award activity of City under programs of the Federal government for the year ended December 31, 2025. The information in the SEFA is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Grant terms are indicated in the Schedule of Expenditures of Federal Awards.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported in the SEFA has been prepared on the accrual basis of accounting, the same basis of accounting the City uses to prepare the financial statements. Grant revenues are recorded for financial reporting purposes when the City has met the qualifications for the respective grants. Expenditures incurred in programs partially funded by federal grants are applied against federal grant funds to the extent of revenue available when they are properly applied to the grant.

NOTE C – INDIRECT COST RATE

The City has not elected to use the 10 percent de minimis indirect cost rate.

NOTE D – Alternative Compliance Examination Engagement

For the year ended December 31, 2025, the City met the eligibility criteria for the alternative compliance examination engagement for Coronavirus State and Local Fiscal Recovery Funds (CSLFRF), Assistance Listing Number (ALN) 21.027, under Appendix VII / Part 4, Section 2 of the 2025 OMB Compliance Supplement.

The City received its CSLFRF award through the State of Louisiana Division of Administration, and the City's total CSLFRF award received was below the \$10,000,000 eligibility threshold. The City's total federal awards expended for the year ended December 31, 2025 exceeded the Uniform Guidance audit threshold of \$1,000,000; however, the City expended \$188,133 of other federal awards, excluding CSLFRF, which was less than \$1,000,000.

Accordingly, the City's compliance related to expenditures of CSLFRF under ALN 21.027 was subject to an alternative compliance examination engagement performed in accordance with AT-C Section 315, Compliance Attestation, rather than a Single Audit or program-specific audit under the Uniform Guidance.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Mayor and Members of the City Council
City of Westwego, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities and each major fund of the City of Westwego, Louisiana (the City) as of and for the year ended December 31, 2025, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated June 29, 2026.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect, and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Under the Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

**INDEPENDENT ACCOUNTANT'S REPORT ON COMPLIANCE FOR THE U.S.
DEPARTMENT OF THE TREASURY CORONAVIRUS STATE AND LOCAL FISCAL
RECOVERY FUNDS PROGRAM (CSLFRF) REQUIREMENTS FOR AN ALTERNATIVE
CSLFRF COMPLIANCE EXAMINATION ENGAGEMENT**

To the Honorable Mayor and Members of the City Council
City of Westwego
Westwego, Louisiana

We have examined the City of Westwego's (City) compliance with the compliance requirements "activities allowed or unallowed" and "allowable costs/cost principles" (the specified requirements) as described in Part IV "Requirements for an Alternative Compliance Examination Engagement for Recipients That Would Otherwise be Required to Undergo a Single Audit or Program-Specific Audit as a Result of Receiving Coronavirus State and Local Fiscal Recovery Funds" of the CSLFRF section of the 2025 OMB Compliance Supplement (referred to herein as "Requirements for an Alternative CSLFRF Compliance Examination Engagement") during the period January 1, 2025 to December 31, 2025.

Management of the City of Westwego is responsible for the City's compliance with the specified requirements. Our responsibility is to express an opinion on the City's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the AICPA; the standards applicable to attestation engagements contained in Government Auditing Standards, issued by the Comptroller General of the United States; and in the "Requirements for an Alternative CSLFRF Compliance Examination Engagement." Those standards and requirements require that we plan and perform the examination to obtain reasonable assurance about whether the City complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the City complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the engagement.

Our examination does not provide a legal determination on the City of Westwego's compliance with the specified requirements.

Report on Compliance and Other Matters

In our opinion, the City of Westwego complied, in all material respects, with the specified requirements referenced above for the year ended December 31, 2025.

This examination was performed pursuant to the alternative compliance examination engagement framework available to certain eligible recipients of Coronavirus State and Local Fiscal Recovery Funds (ALN 21.027) under Appendix VII of the OMB Compliance Supplement. Accordingly, this engagement was not conducted as a Single Audit or a program-specific audit under 2 CFR 200 Subpart F.

Other Reporting Required by *Government Auditing Standards*

In accordance with Government Auditing Standards, we are required to report all deficiencies that are considered to be significant deficiencies or material weaknesses in internal control; fraud, and noncompliance with provisions of laws, regulations, contracts, or grant agreements that have a material effect on the City's compliance with the specified requirements and any other instances that warrant the attention of those charged with governance. We are also required to obtain and report the views of responsible officials concerning the findings, conclusions, and recommendations, as well as any planned corrective actions. We performed our examination to express an opinion on the City's compliance with the specified requirements and not for the purpose of expressing an opinion on the internal control over the specified requirements or on compliance and other matters; accordingly, we express no such opinions. The results of our tests disclosed no matters that are required to be reported under Government. Auditing Standards.

Purpose of this Report

The purpose of this examination report is solely to express an opinion on whether the City complied, in all material respects with the specified requirements referenced above during the period January 1, 2025 to December 31, 2025. Accordingly, this report is not suitable for any other purpose.

Under the Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

SCHEDULE OF FINDINGS AND RESPONSES
FOR THE YEAR ENDED DECEMBER 31, 2025**

We have audited the general purpose financial statements of the City of Westwego, Louisiana as of and for the year ended December 31, 2025, and have issued our report thereon dated June 29, 2026. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our audit of the financial statements as of December 31, 2025 resulted in an unmodified opinion.

B. Federal Awards

For the year ended December 31, 2025, the City met the eligibility criteria for the Alternative Compliance Examination Engagement (ACEE) available to certain recipients of Coronavirus State and Local Fiscal Recovery Funds, ALN 21.027, under Appendix VII of the OMB Compliance Supplement. Specifically, the City's total federal awards expended were above the applicable Uniform Guidance audit threshold. However, the City's non-entitlement unit (NEU) award received through the State of Louisiana. was below the \$10 million, and its expenditure of other federal awards were below the applicable threshold for the fiscal year. The applicable threshold was less than \$1,000,000.

Accordingly, the City's compliance relating to ALN 21.027 NEU award was subject to an alternative compliance examination engagement rather than a Single Audit or program-specific audit under the Uniform Guidance.

No findings are reported in the Independent Accountant's Report on Compliance for the U.S. Department of Treasury Coronavirus State and Local Fiscal Recovery Funds Program (CSLFRF) Requirments for an Alternative CSLFRF Compliance Examination.

INDEPENDENT ACCOUNTANT'S REPORT
ON APPLYING AGREED-UPON PROCEDURES

To Honorable Robert E Billiot, Sr. and the City Council Members of the City of Westwego, and the Louisiana and the Louisiana Legislative Auditor:

We have performed the procedures enumerated below on the control and compliance (C/C) areas identified in the Louisiana Legislative Auditor's (LLA's) Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period January 1, 2025 through December 31, 2025. The City of Westwego, Louisiana's management is responsible for those C/C areas identified in the SAUPs.

The City of Westwego, Louisiana (the City) has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is to perform specified procedures on the C/C areas identified in LLA's SAUPs for the fiscal period January 1, 2025 through December 31, 2025. Additionally, LLA has agreed to and acknowledged that the procedures performed are appropriate for its purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are as follows:

1) Written Policies and Procedures

- A. Obtain the entity's written policies and procedures and observe whether they address each of the following categories and subcategories (or report that the entity does not have any written policies and procedures), if applicable to public funds and the entity's operations:
- i. ***Budgeting***, including preparing, adopting, monitoring, and amending the budget.
 - ii. ***Purchasing***, including (1) how purchases are initiated; (2) how vendors are added to the vendor list; (3) the preparation and approval process of purchase requisitions and purchase orders; (4) controls to ensure compliance with the public bid law; and (5) documentation required to be maintained for all bids and price quotes.
 - iii. ***Disbursements***, including processing, reviewing, and approving
 - iv. ***Receipts/Collections***, including receiving, recording, and preparing deposits. Also, policies and procedures should include management's actions to determine the completeness of all collections for each type of revenue or agency fund additions (e.g., periodic confirmation with outside parties, reconciliation to utility billing after cutoff procedures, reconciliation of traffic ticket number sequences, agency fund forfeiture monies confirmation).

- v. **Payroll/Personnel**, including (1) payroll processing, (2) reviewing and approving time and attendance records, including leave and overtime worked, and (3) approval process for employee(s) rate of pay or approval and maintenance of pay rate schedules.
- vi. **Contracting**, including (1) types of services requiring written contracts, (2) standard terms and conditions, (3) legal review, (4) approval process, and (5) monitoring process
- vii. **Credit Cards (and debit cards, fuel cards, P-Cards, if applicable)**, including (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers, and (5) monitoring card usage (e.g., determining the reasonableness of fuel card purchases).
- viii. **Travel and expense reimbursement**, including (1) allowable expenses, (2) dollar thresholds by category of expense, (3) documentation requirements, and (4) required approvers
- ix. **Ethics**, including (1) the prohibitions as defined in Louisiana Revised Statute 42:1111-1121, (2) actions to be taken if an ethics violation takes place, (3) system to monitor possible ethics violations, and (4) a requirement that documentation is maintained to demonstrate that all employees and officials were notified of any changes to the entity's ethics policy. Note: Ethics requirements are not applicable to nonprofits.
- x. **Debt Service**, including (1) debt issuance approval, (2) continued disclosure/EMMA reporting requirements, (3) debt reserve requirements, and (4) debt service requirements.
- xi. **Information Technology Disaster Recovery/Business Continuity**, including (1) identification of critical data and frequency of data backups, (2) storage of backups in a separate physical location isolated from the network, (3) periodic testing/verification that backups can be restored, (4) use of antivirus software on all systems, (5) timely application of all available system and software patches/updates, and (6) identification of personnel, processes, and tools needed to recover operations after a critical event.
- xii. **Prevention of Sexual Harassment**, including R.S. 42:342-344 requirements for (1) agency responsibilities and prohibitions, (2) annual employee training, and (3) annual reporting.

No exceptions were found as a result of this procedure.

2) Board or Finance Committee

- A. Obtain and inspect the board/finance committee minutes for the fiscal period, as well as the board's enabling legislation, charter, bylaws, or equivalent document in effect during the fiscal period, and:
 - i. Observe that the board/finance committee met with a quorum at least monthly, or on a frequency in accordance with the board's enabling legislation, charter, bylaws, or other equivalent document.
 - ii. For those entities reporting on the governmental accounting model, review the minutes from all regularly scheduled board/finance committee meetings held during the fiscal year and observe whether the minutes from at least one meeting each month referenced or included monthly budget-to-actual comparisons on the general fund, quarterly budget-to-actual, at a minimum, on proprietary funds, and semi-annual budget-to-actual, at a minimum, on all special revenue funds.

Alternately, for those entities reporting on the nonprofit accounting model, observe that the minutes referenced or included financial activity relating to public funds if those public funds comprised more than 10% of the entity's collections during the fiscal period.

- iii. For governmental entities, obtain the prior year audit report and observe the unassigned fund balance in the general fund. If the general fund had a negative ending unassigned fund balance in the prior year audit report, observe that the minutes for at least one meeting during the fiscal period referenced or included a formal plan to eliminate the negative unassigned fund balance in the general fund.
- iv. Observe whether the board/finance committee received written updates of the progress of resolving audit finding(s), according to management's corrective action plan at each meeting until the findings are considered fully resolved.

No exceptions were found as a result of this procedure.

3) Bank Reconciliations

- A. Obtain a listing of entity bank accounts for the fiscal period from management and management's representation that the listing is complete. Ask management to identify the entity's main operating account. Select the entity's main operating account and randomly select 4 additional accounts (or all accounts if less than 5). Randomly select one month from the fiscal period, obtain and inspect the corresponding bank statement and reconciliation for each selected account, and observe that:
 - i. Bank reconciliations include evidence that they were prepared within 2 months of the related statement closing date (e.g., initialed and dated or electronically logged);
 - ii. Bank reconciliations include evidence that a member of management or board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation within 1 month one of the date the reconciliation was prepared (e.g., initialed and dated, electronically logged); and
 - iii. Management has documentation reflecting it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date, if applicable.

No exceptions were found as a result of this procedure.

4) Collections (excluding electronic funds transfers)

- A. Obtain a listing of deposit sites for the fiscal period where deposits for cash/checks/money orders (cash) are prepared and management's representation that the listing is complete. Randomly select 5 deposit sites (or all deposit sites if less than 5).
- B. For each deposit site selected, obtain a listing of collection locations and management's representation that the listing is complete. Randomly select one collection location for each deposit site (i.e., 5 collection locations for 5 deposit sites), obtain and inspect written policies and procedures relating to employee job duties (if no written policies or procedures, inquire of employees about their job duties) at each collection location, and observe that job duties are properly segregated at each collection location such that
 - i. Employees responsible for cash collections do not share cash drawers/registers;

- ii. Each employee responsible for collecting cash is not responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g., pre-numbered receipts) to the deposit;
 - iii. Each employee responsible for collecting cash is not responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit; and
 - iv. The employee(s) responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or agency fund additions, are not responsible for collecting cash, unless another employee/official verifies the reconciliation.
- C. Obtain from management a copy of the bond or insurance policy for theft covering all employees who have access to cash. Observe the bond or insurance policy for theft was enforced during the fiscal period.
- D. Randomly select two deposit dates for each of the 5 bank accounts selected for procedure #3 under "Bank Reconciliations" above (select the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly select a deposit if multiple deposits are made on the same day). *Alternately, the practitioner may use a source document other than bank statements when selecting the deposit dates for testing, such as a cash collection log, daily revenue report, receipt book, etc.* Obtain supporting documentation for each of the 10 deposits and:
- i. Observe that receipts are sequentially pre-numbered.
 - ii. Trace sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip.
 - iii. Trace the deposit slip total to the actual deposit per the bank statement.
 - iv. Observe the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100 and the cash is stored securely in a locked safe or drawer).
 - v. Trace the actual deposit per the bank statement to the general ledger.

No exceptions were found as a result of this procedure.

5) Non-Payroll Disbursements (excluding card purchases/payments, travel reimbursements, and petty cash purchases)

- A. Obtain a listing of locations that process payments for the fiscal period and management's representation that the listing is complete. Randomly select 5 locations (or all locations if less than 5).
- B. For each location selected under #8 above, obtain a listing of those employees involved with non-payroll purchasing and payment functions. Obtain written policies and procedures relating to employee job duties (if the agency has no written policies and procedures, inquire of employees about their job duties), and observe that job duties are properly segregated such that:
- i. At least two employees are involved in initiating a purchase request, approving a purchase, and placing an order/making the purchase;

- ii. At least two employees are involved in processing and approving payments to vendors;
- iii. The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files;
- iv. Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments; and
- v. Only employees/officials authorized to sign checks approve the electronic disbursement (release) of funds, whether through automated clearinghouse (ACH), electronic funds transfer (EFT), wire transfer, or some other electric means.

[Note: Findings related to controls that constrain the legal authority of certain public officials (e.g., mayor of a Lawrason Act municipality) should not be reported.]

- C. For each location selected under procedure #5A above, obtain the entity's non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtain management's representation that the population is complete. Randomly select 5 disbursements for each location, obtain supporting documentation for each transaction, and:
 - i. Observe whether the disbursement, whether by paper or electronic means, matched the related original itemized invoice and supporting documentation indicates that deliverables included on the invoice were received by the entity, and
 - ii. Observe whether the disbursement documentation included evidence (e.g., initial/date, electronic logging) of segregation of duties tested under procedure #5B, as applicable.
- D. Using the entity's main operating account and the month selected in Bank Reconciliations procedure #3A, randomly select 5 non-payroll-related electronic disbursements (or all electronic disbursements if less than 5) and observe that each electronic disbursement was (a) approved by only those persons authorized to disburse funds (e.g., sign checks) per the entity's policy, and (b) approved by the required number of authorized signers per the entity's policy. Note: If no electronic payments were made from the main operating account during the month selected the practitioner should select an alternative month and/or account for testing that does include electronic disbursements.

No exceptions were found as a result of this procedure.

6) Credit Cards/Debit Cards/Fuel Cards/P-Cards

- A. Obtain from management a listing of all active credit cards, bank debit cards, fuel cards, and P-cards (cards) for the fiscal period, including the card numbers and the names of the persons who maintained possession of the cards. Obtain management's representation that the listing is complete.
- B. Using the listing prepared by management, randomly select 5 cards (or all cards if less than 5) that were used during the fiscal period. Randomly select one monthly statement or combined statement for each card (for a debit card, randomly select one monthly bank statement), obtain supporting documentation, and:

- i. Observe whether there is evidence that the monthly statement or combined statement and supporting documentation (e.g., original receipts for credit/debit card purchases, exception reports for excessive fuel card usage) were reviewed and approved, in writing (or electronically approved), by someone other than the authorized card holder. (those instance requiring such approval that may constrain the legal authority of certain public officials, such as a mayor of a Lawrason Act municipality, should not be reported; and
 - ii. Observe that finance charges and late fees were not assessed on the selected statements.
- C. Using the monthly statements or combined statements selected under #7B above, excluding fuel cards, randomly select 10 transactions (or all transactions if less than 10) from each statement, and obtain supporting documentation for the transactions (i.e., each card should have 10 transactions subject to testing). For each transaction, observe it is supported by (1) an original itemized receipt that identifies precisely what was purchased, (2) written documentation of the business/public purpose, and (3) documentation of the individuals participating in meals (for meal charges only). For missing receipts, the practitioner should describe the nature of the transaction and note whether management had a compensating control to address missing receipts, such as a “missing receipt statement” that is subject to increased scrutiny.

No exceptions were found as a result of this procedure.

7) Travel and Expense Reimbursement (excluding card transactions)

- A. Obtain from management a listing of all travel and travel-related expense reimbursements during the fiscal period and management’s representation that the listing or general ledger is complete. Randomly select 5 reimbursements, obtain the related expense reimbursement forms/prepaid expense documentation of each selected reimbursement, as well as the supporting documentation. For each of the 5 reimbursements selected:
- i. If reimbursed using a per diem, observe the approved reimbursement rate is no more than those rates established either by the State of Louisiana or the U.S. General Services Administration (www.gsa.gov);
 - ii. If reimbursed using actual costs, observe the reimbursement is supported by an original itemized receipt that identifies precisely what was purchased;
 - iii. Observe each reimbursement is supported by documentation of the business/public purpose (for meal charges, observe that the documentation includes the names of those individuals participating) and other documentation required by written policy (procedure #1A(vii); and
 - iv. Observe that each reimbursement was reviewed and approved, in writing, by someone other than the person receiving reimbursement.

No exceptions were found as a result of this procedure.

8) Contracts

- A. Obtain from management a listing of all agreements/contracts for professional services, materials and supplies, leases, and construction activities that were initiated or renewed during the fiscal period. *Alternately, the practitioner may use an equivalent selection source, such as an active vendor list.* Obtain management's representation that the listing is complete. Randomly select 5 contracts (or all contracts if less than 5) from the listing, excluding the practitioner's contract, and:
- i. Observe whether the contract was bid in accordance with the Louisiana Public Bid Law (e.g., solicited quotes or bids, advertised), if required by law;
 - ii. Observe whether the contract was approved by the governing body/board, if required by policy or law (e.g., Lawrason Act, Home Rule Charter);
 - iii. If the contract was amended (e.g., change order), observe the original contract terms provided for such an amendment and that amendments were made in compliance with the contract terms (e.g., if approval is required for any amendment, the documented approval); and
 - iv. Randomly select one payment from the fiscal period for each of the 5 contracts, obtain the supporting invoice, agree the invoice to the contract terms, and observe the invoice and related payment agreed to the terms and conditions of the contract.

No exceptions were found as a result of this procedure.

9) Payroll and Personnel

- A. Obtain a listing of employees and officials employed during the fiscal period and management's representation that the listing is complete. Randomly select 5 employees or officials, obtain related paid salaries and personnel files, and agree paid salaries to authorized salaries/pay rates in the personnel files.
- B. Randomly select one pay period during the fiscal period. For the 5 employees or officials selected under #9A above, obtain attendance records and leave documentation for the pay period, and:
- i. Observe all selected employees or officials documented their daily attendance and leave (e.g., vacation, sick, compensatory). (Note: Generally, officials are not eligible to earn leave and do not document their attendance and leave. However, if the official is earning leave according to a policy and/or contract, the official should document his/her daily attendance and leave.);
 - ii. Observe whether supervisors approved the attendance and leave of the selected employees or officials;
 - iii. Observe any leave accrued or taken during the pay period is reflected in the entity's cumulative leave records; and
 - iv. Observe the rate paid to the employees or officials agree to the authorized salary/pay rate found within the personnel file.
- C. Obtain a listing of those employees or officials that received termination payments during the fiscal period and management's representation that the list is complete. Randomly select two employees or officials obtain related documentation of the hours and pay rates used in

management's termination payment calculations and the entity's policy on termination payments. Agree the hours to the employee or officials' cumulative leave records, agree the pay rates to the employee or officials' authorized pay rates in the employee or officials' personnel files, and agree the termination payment to entity policy.

- D. Obtain management's representation that employer and employee portions of third-party payroll related amounts (e.g., payroll taxes, retirement contributions, health insurance premiums, garnishments, workers' compensation premiums, etc.) have been paid, and any associated forms have been filed, by required deadlines.

No exceptions were found as a result of this procedure.

10) *Ethics (excluding nonprofits)*

- A. Using the 5 randomly selected employees/officials from Payroll and Personnel procedure #9A obtain ethics documentation from management, and
- i. Observe whether the documentation demonstrates each employee/official completed one hour of ethics training during the calendar year as required by R.S. 42:1170; and
 - ii. Observe whether the entity maintains documentation which demonstrates each employee and official were notified of any changes to the entity's ethics policy during the fiscal period, as applicable.
- B. Inquire and/or observe whether the agency has appointed an ethics designee as required by R.S.42:1170

No exceptions were found as a result of this procedure.

11) *Debt Service (excluding nonprofits)*

- A. Obtain a listing of bonds/notes and other debt instruments issued during the fiscal period and management's representation that the listing is complete. Select all debt instruments on the listing, obtain supporting documentation, and observe State Bond Commission approval was obtained for each debt instrument issued as required by Article VII, Section 8 of Louisiana Constitution.
- B. Obtain a listing of bonds/notes outstanding at the end of the fiscal period and management's representation that the listing is complete. Randomly select one bond/note, inspect debt covenants, obtain supporting documentation for the reserve balance and payments, and agree actual reserve balances and payments to those required by debt covenants (including contingency funds, short-lived asset funds, or other funds required by the debt covenants).

No exceptions were found as a result of this procedure.

12) *Fraud*

- A. Obtain a listing of misappropriations of public funds and assets during the fiscal period and management's representation that the listing is complete. Select all misappropriations on the listing, obtain supporting documentation, and observe that the entity reported the misappropriation(s) to the legislative auditor and the district attorney of the parish in which the entity is domiciled as required by R.S. 24:523.

- B. Observe the entity has posted, on its premises and website, the notice required by R.S. 24:523.1 concerning the reporting of misappropriation, fraud, waste, or abuse of public funds.

No exceptions were found as a result of this procedure.

13) Information Technology Disaster Recovery/Business Continuity

- A. Perform the following procedures, **verbally discuss the results with management, and report “We performed the procedure and discussed the results with management.”**
- i. Obtain and inspect the entity’s most recent documentation that it has backed up its critical data (if no written documentation, inquire of personnel responsible for backing up critical data) and observe that such backup (a) occurred within the past week, (b) was not stored on the government’s local server or network, and (c) was encrypted.
 - ii. Obtain and inspect the entity’s most recent documentation that it has tested/verified that its backups can be restored (if no written documentation, inquire of personnel responsible for testing/verifying backup restoration) and observe evidence that the test/verification was successfully performed within the past 3 months.
 - iii. Obtain a listing of the entity’s computers currently in use and their related locations, and management’s representation that the listing is complete. Randomly select 5 computers and observe while management demonstrates that the selected computers have current and active antivirus software and that the operating system and accounting system software in use are currently supported by the vendor.
- B. Randomly select 5 terminated employees (or all terminated employees if less than 5) using the list of terminated employees obtained in procedure #9C. Observe evidence that the selected terminated employees have been removed or disabled from the network.
- C. Using the 5 randomly selected employees/officials from Payroll and Personnel procedure #9A, obtain cybersecurity training documentation from management, and observe that the documentation demonstrates that the following employees/officials with access to the agency’s information technology assets have completed cybersecurity training as required by R.S. 42:1267. The requirements are as follows:
- Hired before June 9, 2020 - completed the training; and
 - Hired on or after June 9, 2020 - completed the training within 30 days of initial service or employment.

We performed the procedure and discussed the results with management.

14) Prevention of Sexual Harassment

- A. Using the 5 randomly selected employees/officials from Payroll and Personnel procedure #9A, obtain sexual harassment training documentation from management, and observe the documentation demonstrates each employee/official completed at least one hour of sexual harassment training during the calendar year as required by R.S. 42:343.

- B. Observe the entity has posted its sexual harassment policy and complaint procedure on its website (or in a conspicuous location on the entity's premises if the entity does not have a website).
- C. Obtain the entity's annual sexual harassment report for the current fiscal period, observe that the report was dated on or before February 1, and observe it includes the applicable requirements of R.S. 42:344:
 - i. Number and percentage of public servants in the agency who have completed the training requirements;
 - ii. Number of sexual harassment complaints received by the agency;
 - iii. Number of complaints which resulted in a finding that sexual harassment occurred;
 - iv. Number of complaints in which the finding of sexual harassment resulted in discipline or corrective action; and
 - v. Amount of time it took to resolve each complaint.

No exceptions were found as a result of this procedure.

We were engaged by the City to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.
